PROSPECTUS SUMMARY

The following summary contains basic information about this offering. It likely does not contain all the information that is important to you. For a more complete understanding of this offering, we encourage you to read this entire document and the documents incorporated by reference into this prospectus. As used in this prospectus, unless the context indicates otherwise, "Bowater," "we," "our" and "us" refer collectively to Bowater Incorporated, the issuer of the notes, together with its consolidated subsidiaries (and "Bowater Incorporated" refers to the parent company only), except that in the "Description of Exchange Notes" section, references to "we," "our" and "us" refer solely to Bowater Incorporated and not its subsidiaries.

THE COMPANY

We are a leading producer of newsprint and coated groundwood papers. In addition, we make uncoated groundwood papers, bleached kraft pulp and lumber products. We operate facilities in the United States, Canada and South Korea and our operations are supported by approximately 1.4 million acres of timberlands owned or leased in the United States and Canada and approximately 32 million acres of timber cutting rights in Canada. We market and distribute our products throughout the world. No single customer, related or otherwise, accounted for 10% or more of our 2002 consolidated sales.

We completed our acquisition of Alliance Forest Products Inc. ("Alliance") on September 24, 2001. The results of Alliance's operations have been included in our consolidated financial statements since then. Before the acquisition, Alliance was an integrated company specializing in timber harvesting and forest management, as well as the production and sale of newsprint, uncoated specialty paper, pulp, lumber and related products. Alliance had operations in Canada and the United States. The acquisition added modern, low-cost supercalendered and specialty paper production at Donnacona and Dolbeau, Quebec, enabling Bowater to offer a full spectrum of groundwood paper grades. Alliance's extensive sawmill system and approximately 18 million acres of cutting rights support Bowater's expanded operations. Also, a strategically located mill in Coosa Pines, Alabama, which produces market fluff pulp and newsprint and was modernized in the first quarter of 2002 to produce 100% recycled fiber newsprint, enhances Bowater's customer service capabilities. Bowater was incorporated in Delaware in 1964. Our principal executive offices are located at 55 East Camperdown Way, Greenville, South Carolina 29601. Our mailing address is Post Office Box 1028, Greenville, South Carolina 29602-1028, and our telephone number at that address is (864) 271-7733.

THE EXCHANGE OFFER

On June 19, 2003, we completed a private offering of the original notes. In connection with the offering of the original notes, we entered into a registration rights agreement dated June 19, 2003 with the initial purchasers of the original notes, which we call the Registration Rights Agreement. Under the Registration Rights Agreement, we agreed to:

- >> conduct the exchange offer described in this prospectus;
- >> use our reasonable best efforts to cause the registration statement containing this prospectus to be declared effective by the SEC by December 16, 2003; and
- >> complete the exchange offer within 45 days of the effective date of the registration statement.

In the exchange offer, you are entitled to exchange your original notes for exchange notes. The terms of the exchange notes are substantially identical to the terms of the original notes except that the exchange notes are registered under the Securities Act of 1933, as amended (which we refer to as the Securities Act), will be freely tradeable and, with limited exceptions, will not have registration rights. You should read the description under the heading "The Exchange Offer" beginning on page 19 and the heading "Description of the Exchange Notes" beginning on page 31 for further information about the exchange notes. After the exchange offer is completed, you will no longer be entitled to any exchange rights or, with limited exceptions, registration rights for your original notes or the exchange notes.

---	---

Edgar Filing: BOWATER INC - Form S-4

interest was paid on the original notes or, if no interest was paid on the original notes, from the date of issuance of the original notes, which was June 19, 2003. Holders whose original notes are accepted for exchange will be deemed to have waived the right to receive any interest accrued on the original notes.

No minimum condition..... We are not conditioning the exchange offer on the tender of any minimum principal amount of original notes.

Expiration date..... The exchange offer will expire at 5:00 p.m., New York City time, on September , 2003, unless we extend it.

Withdrawal rights..... You may withdraw your tender at any time prior to 5:00 p.m., New York City time, on the expiration date.

Conditions to the exchange offer..... The exchange offer is subject to customary conditions, which we may waive. We currently anticipate that each of the conditions will be satisfied and that we will not need to waive any conditions. We reserve the right to terminate or amend the exchange offer at any time before the expiration date if any such condition occurs. For additional information, see the subsection entitled "The Exchange Offer--Conditions to the Exchange Offer."

2

Procedures for tendering.....
original notes

If you are a holder of original notes, and you wish to accept the exchange offer, you must:

>> complete, sign and date the accompanying letter of transmittal, or a facsimile of the letter of transmittal, and mail or otherwise deliver the letter of transmittal, together with your original notes, to the exchange agent at the address set forth under the subsection entitled "The Exchange Offer--Exchange Agent"; or

Edgar Filing: BOWATER INC - Form S-4

>> arrange for The Depository Trust Company to transmit certain required information, including an agent's message forming part of a book-entry transfer in which you agree to be bound by the terms of the letter of transmittal, to the exchange agent in connection with a book-entry transfer.

By tendering your original notes in either manner, you will be required to represent, among other things, that:

>> you are not our "affiliate" (as defined in Rule 405 under the Securities Act) or, if you are our affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;

>> any exchange notes to be received by you in the exchange offer will be acquired in the ordinary course of your business;

>> you have no arrangement or understanding with any person to participate in the distribution of the exchange notes in violation of the provisions of the Securities Act; and

>> if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, a distribution of exchange notes.

Special procedures for.....
beneficial owners

If you beneficially own original notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your original notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf. If you wish to tender on your own behalf, you must, prior to completing and executing the

Edgar Filing: BOWATER INC - Form S-4

letter of transmittal and delivering your original notes, either arrange to have your original notes registered in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

Guaranteed delivery procedures.....

If you wish to tender your original notes and time will not permit your required documents to reach the exchange agent by the expiration date, or the procedures for book-entry transfer cannot be completed on time, you may tender your original notes according to the guaranteed delivery procedures described in the subsection entitled "The Exchange Offer--Procedures for Tendering Original Notes."

Acceptance of original notes and.....
delivery of exchange notes

see the subsection entitled "The Exchange Offer--Acceptance of Original Notes for Exchange; Delivery of Exchange Notes."

Use of proceeds.....

We will not receive any proceeds from the issuance of exchange notes in the exchange offer. We will pay for our expenses relating to the exchange offer.

The exchange of exchange notes for original notes in the exchange offer will not be a taxable event for federal income tax purposes. For additional information, see the section entitled "United States Federal Income Tax Considerations."

Effect on holders of original notes.....

Upon completion of the exchange offer, we will have fulfilled a covenant contained in the Registration Rights Agreement. If

Edgar Filing: BOWATER INC - Form S-4

you do not tender your original notes in the exchange offer:

>> you will continue to hold the original notes and will be entitled to all the rights and limitations applicable to the original notes under the indenture governing the notes, except for any rights under the Registration Rights Agreement that terminate as a result of the completion of the exchange offer; and

>> you will not have any further registration or exchange rights and your original notes will continue to be subject to restrictions on transfer. Accordingly, the trading market for untendered original notes could be adversely affected.

No appraisal or dissenters' rights..... You do not have any appraisal or dissenters' rights in connection with the exchange offer.

Exchange agent..... The Bank of New York is serving as exchange agent in connection with the exchange offer.

At June 30, 2003, Bowater Incorporated had no secured indebtedness on an unconsolidated basis, and our consolidated subsidiaries had indebtedness to third parties of approximately \$1,172 million, of which approximately \$112 million was secured and approximately \$598 million was guaranteed by Bowater Incorporated. Use of net proceeds..... We will not receive any cash proceeds from the exchange offer.

Risk factors..... See the section entitled "Risk Factors" beginning on page 9 for a discussion of factors you should carefully consider before deciding to invest in the notes or participate in the exchange offer.

- (5) EBITDA represents earnings (loss) before interest, taxes and depreciation, amortization and the cost of timber harvested. EBITDA is not a presentation made in accordance with GAAP and should not be considered an alternative measure of operating income or to cash flows from operating activities as determined in accordance with GAAP. EBITDA is included because we believe it is a widely accepted indicator of our ability to service our debt and make capital expenditures. EBITDA as presented herein may not be comparable to similarly titled measures reported by other companies.

- (6) The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. Earnings consist of income before income taxes and minority interests plus interest expense (excluding interest capitalized during the period and amortization of previously capitalized interest) plus the portion of rental expenses representative of the interest factor. Fixed charges consist of total interest expense (including interest capitalized during the period) plus the portion of rental expense representative of the interest factor plus amortized premium and discount related to

indebtedness. In fiscal year 2002 and the six month periods ended June 30, 2003 and 2002, fixed charges exceeded earnings by \$259.5 million, \$120.9 million and \$78.0 million, respectively.

RISK FACTORS

Before making an investment in the notes or participating in the exchange offer, you should carefully consider the following risk factors as well as the other information contained in or incorporated by reference into this prospectus. The risks described below are not the only risks facing our company. Additional risks not presently known to us or which we currently consider immaterial also may adversely affect our company and your investment. If any of these risks or uncertainties actually occurs, our business, financial condition and operating results could be materially adversely affected.

RISKS RELATED TO OUR BUSINESS

INDUSTRY CONDITIONS MAY ADVERSELY AFFECT OUR RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Our operating results reflect the cyclical pattern of the forest products industry. Most of our products are world-traded commodity products. Prices for our products have been historically volatile, and we, like other participants in the forest products industry, have limited direct influence over the timing and extent of price changes for our products. Instead, these price changes depend primarily on industry supply and customer demand. Industry supply depends primarily on available manufacturing capacity, and customer demand depends on a variety of factors, including the health of the economy in general and the strength of both print media advertising and new home construction. The United States and global economy and the market for our products have weakened significantly over the past several years, and market conditions continue to be challenging. In addition, the long-term demand for newsprint in the United States is not expected to grow appreciably.

INTENSE COMPETITION IN THE FOREST PRODUCTS INDUSTRY COULD ADVERSELY AFFECT OUR OPERATING RESULTS AND FINANCIAL CONDITION

The markets for our products are all highly competitive. Actions by competitors can affect our ability to sell our products and can affect the prices at which our products are sold. Our industry is capital intensive, which leads to high fixed costs. Some of our competitors may be lower-cost producers in some of the

Edgar Filing: BOWATER INC - Form S-4

businesses in which we operate, and accordingly these competitors may be less adversely affected than us by price declines.

DEVELOPMENTS IN ELECTRONIC DATA TRANSMISSION AND STORAGE COULD ADVERSELY AFFECT THE DEMAND FOR OUR PRODUCTS

Our newspaper, magazine and catalog publishing customers increasingly may use, and compete with businesses that use, electronic data transmission and storage instead of newsprint, coated paper, uncoated specialty papers or other products made by us. We cannot predict the timing or extent of this trend.

CHANGES IN LAWS AND REGULATIONS COULD REQUIRE SUBSTANTIAL ADDITIONAL EXPENDITURES BY US TO COMPLY WITH THESE LAWS AND REGULATIONS

We are subject to a variety of foreign, federal, state and local laws and regulations dealing with trade, transportation, currency controls and the environment. Changes in, or more stringent enforcement of, these laws or regulations have required in the past, and could require in the future, substantial expenditures by us. For example, changes in environmental laws and regulations could require us to spend substantial amounts to comply with restrictions on air emissions, wastewater discharge, waste management and landfill sites, including remediation costs. Environmental laws are becoming increasingly more stringent. Consequently, our compliance and remediation costs could increase materially. For example, in April 1998, the Environmental Protection Agency promulgated new air and water quality standards for the paper industry, known as the Cluster Rule, aimed at further reductions of pollutants. We anticipate spending approximately \$175 million by the end of 2003, of which approximately \$152 million had been spent as of June 30, 2003, to enable our Catawba, South Carolina facility to comply with the Cluster Rule. Another example is duties imposed on lumber shipments from Canada into the United States as discussed in the section entitled "Results of Operations - Three Months Ended June 30, 2003, versus June 30, 2002 - Product Line Information - Lumber" in our June 30, 2003 Form 10-Q.

9

WE MAY BE SUBJECT TO UNFORESEEN ENVIRONMENTAL LIABILITIES

As an owner and operator of real estate and manufacturing and processing facilities, we may be liable under environmental laws for cleanup and other costs and damages, including tort liability and damages to natural resources, resulting from past or present spills or releases of hazardous or toxic substances on or from our current or former properties. We may incur liability under these laws without regard to whether we knew of, were responsible for or owned the property at the time of any spill or release of hazardous or toxic substances on or from our property, or at properties where we arranged for the disposal of regulated materials. Claims may arise out of currently unknown environmental conditions or aggressive enforcement efforts by governmental or private parties.

WE ARE EXPOSED TO CURRENCY FLUCTUATIONS

Changes in foreign currency exchange rates can affect our selling prices and manufacturing costs.

We compete with North American, European and Asian producers in most of our product lines. Our products are sold and denominated in both U.S. dollars and selected foreign currencies. In addition to the impact of product supply and demand, changes in the relative strength or weakness of the U.S. dollar may also affect international trade flows of these products. A stronger U.S. dollar may attract imports from producers outside North America, while a weaker U.S. dollar

Edgar Filing: BOWATER INC - Form S-4

will encourage North American exports. A stronger dollar, increasing supply, can have a downward effect on pricing in North America, while a weaker dollar can have a positive impact on our prices in export markets. Variations in the exchange rates between the U.S. dollar and other currencies, particularly the Euro and the currencies of Canada, Sweden, Finland and certain Asian countries, significantly affect our competitive position compared to many of our competitors.

Nearly half of our manufacturing costs and certain financial liabilities are denominated in Canadian dollars. Increases in the value of the Canadian dollar versus the U.S. dollar can significantly increase our costs and thus reduce our earnings, which are reported in U.S. dollar terms. The rate of fluctuation in exchange rates in any given quarter may vary significantly. For example in some quarters exchange rates may change less than one cent, while in others the change may be several cents or more.

The impact of the changes in the Canadian-U.S. dollar exchange rate on us primarily depends on our production and sales volume, the proportion of our production and sales that occur in Canada, the proportion of our tax and other financial liabilities denominated in Canadian dollars, our hedging levels, and the magnitude, direction and duration of changes in the exchange rate. Under the exchange rates, hedging levels and operating conditions that existed for us during the quarter ended June 30, 2003, for every one-cent change in the Canadian-U.S. dollar exchange rate, our operating income, net of hedging, for the second quarter of 2003 would have been reduced by approximately \$2.25 million, or approximately \$9 million on an annualized basis.

We expect exchange rate fluctuations to continue to impact our costs and revenues; however, we cannot predict the magnitude or direction of this effect for any quarter, and there can be no assurance that the future effect will be similar to that set forth above.

WE ARE EXPOSED TO CHANGES IN BANKING AND CAPITAL MARKETS AND CHANGES IN INTEREST RATES

We require both short-term and long-term financing to fund our operations, including capital expenditures. Changes in banking, capital markets and/or our credit rating could affect the cost or availability of financing. In addition, we are exposed to changes in interest rates with respect to floating rate debt and in determining the interest rate of any new debt issues. Changes in the capital markets or prevailing interest rates can increase or decrease the cost or availability of financing.

CHANGES IN THE POLITICAL OR ECONOMIC CONDITIONS IN THE UNITED STATES OR OTHER COUNTRIES IN WHICH OUR PRODUCTS ARE MANUFACTURED OR SOLD CAN ADVERSELY AFFECT OUR RESULTS OF OPERATIONS

We manufacture our products in the United States, Canada and South Korea, and sell our products throughout the world. The economic and political climate of each region has a significant impact on costs, prices of and demand for our products. Changes in regional economies or political stability, including acts of war or terrorist activities, can affect the cost of manufacturing and

10

distributing our products, pricing and sales volume, directly affecting our results of operations. Such changes could also affect the availability or cost of insurance.

RAW MATERIAL AND ENERGY PRICES ARE VOLATILE, AND SHORTAGES OR PRICE INCREASES COULD ADVERSELY AFFECT OUR OPERATING RESULTS

Edgar Filing: BOWATER INC - Form S-4

We buy energy, chemicals, wood fiber, recovered paper and other raw materials on the open market. The prices for raw materials and energy are volatile and may change rapidly, directly affecting our results of operations. The availability of raw materials and energy may also be disrupted by many factors outside our control, adversely affecting our operations. We are a major user of renewable natural resources, specifically water and wood fiber. Accordingly, significant changes in climate and agricultural diseases or infestation could affect our financial condition and results of operations. The volume and value of timber that can be harvested may be limited by natural disasters such as fire, insect infestation, disease, ice storms, wind storms, flooding and other weather conditions and other causes. As is typical in the industry, we do not maintain insurance for any loss to our standing timber from natural disasters or other causes. Our supply of wood fiber is also affected by factors that impact production levels within the lumber industry such as currency fluctuations, duties, harvesting restrictions and finished lumber prices. See the section entitled "Results of Operations" in our June 30, 2003 Form 10-Q.

THERE CAN BE NO ASSURANCE THAT WE WILL RETURN TO PROFITABILITY

We reported a net loss of \$142.4 million for the 2002 fiscal year and a net loss of \$97.4 million for the first six months of 2003. In response to these results, we have adopted an ongoing program that involves: (i) seeking ways to increase operating efficiencies and productivity to reduce costs; (ii) a workforce reduction; (iii) reducing non-essential capital spending; (iv) selling non-strategic assets; and (v) machine closures and conversions. There can be no assurance that these steps will enable us to return to profitability.

RISKS RELATED TO THE NOTES AND OUR STRUCTURE

THE MAJORITY OF OUR ASSETS ARE HELD, AND THE MAJORITY OF OUR OPERATIONS ARE CONDUCTED, BY SUBSIDIARIES. BOWATER INCORPORATED DEPENDS HEAVILY UPON DISTRIBUTIONS AND PAYMENTS FROM ITS SUBSIDIARIES.

Bowater Incorporated will depend heavily on payments on intercompany loans by its subsidiaries or other distributions or payments to it to make payments on the notes. These subsidiaries are separate legal entities that have no obligation to pay any amounts due pursuant to the notes. Consequently, Bowater Incorporated cannot assure you that the amounts it receives from its subsidiaries will be sufficient to enable it to meet its obligations under the notes.

THE NOTES ARE EFFECTIVELY SUBORDINATED TO ALL LIABILITIES OF OUR SUBSIDIARIES AND TO OUR SECURED DEBT.

The majority of our assets are held, and the majority of our operations are conducted, by subsidiaries. None of our subsidiaries will guarantee our obligations under, or have any obligation to pay any amounts due on, the notes. As a result, the notes will be effectively subordinated to all liabilities of our subsidiaries and all mandatorily redeemable preferred stock of our subsidiaries to the extent of their assets. Our rights and the rights of our creditors, including the holders of the notes, to participate in the assets of any of our subsidiaries upon their liquidation or recapitalization will generally be subject to the prior claims of those subsidiaries' creditors. There are no limitations in the indenture pertaining to the notes on the amount of indebtedness, secured or otherwise, that may be incurred or preferred stock that may be issued by any of our subsidiaries other than the limitations described in the subsection entitled "Description of the Exchange Notes - Certain Covenants - Limitation on Liens."

As of June 30, 2003, our consolidated subsidiaries had indebtedness to third parties of approximately \$1,172 million, of which approximately \$112 million was

Edgar Filing: BOWATER INC - Form S-4

secured and approximately \$598 million was guaranteed by Bowater Incorporated. Our operating subsidiaries also have significant current and long-term liabilities. In addition, the notes are not secured by any of our assets or those of our subsidiaries. As a result, the notes will be effectively subordinated to any secured debt we may incur as well as our outstanding secured

11

debt. In any liquidation, dissolution, bankruptcy or other similar proceeding, holders of our secured debt may assert rights against any assets securing such debt in order to receive full payment of their debt before those assets may be used to pay the holders of the notes. At June 30, 2003, we had secured indebtedness on a consolidated basis of approximately \$112 million.

THE NOTES DO NOT RESTRICT OUR ABILITY TO INCUR ADDITIONAL DEBT OR TO TAKE OTHER ACTIONS THAT COULD NEGATIVELY IMPACT HOLDERS OF THE NOTES.

The terms of the notes permit us to incur additional indebtedness, including, subject to some limitations, secured debt. See the subsection entitled "Description of the Exchange Notes - Certain Covenants - Limitation on Liens." In addition, the limited covenants applicable to the notes do not require us to achieve or maintain any minimum financial results relating to our financial position or results of operations. Our ability to recapitalize, pay dividends, incur additional debt, and take a number of other actions that are not limited by the terms of the notes could have the effect of diminishing our ability to make payments on the notes when due. In addition, we are not restricted from repurchasing subordinated indebtedness or common stock by the terms of the notes.

THE RATING OF THE NOTES OR ANY BOWATER RATING MAY BE REDUCED OR TERMINATED.

If one or more rating agencies reduces the rating of the notes or any Bowater rating in the future or terminates any Bowater rating, the market price of the notes would be harmed.

OUR SUBSTANTIAL INDEBTEDNESS COULD ADVERSELY AFFECT OUR FINANCIAL HEALTH AND PREVENT US FROM FULFILLING OUR OBLIGATIONS UNDER THE NOTES.

We have a significant amount of indebtedness. As of June 30, 2003, we had outstanding total debt of \$2,422.5 million, a deficit of earnings to fixed charges of \$120.9 million and shareholders' equity of \$1,738.8 million. Our substantial amount of debt could have important consequences. For example, it could:

- >> limit our ability to satisfy our obligations with respect to the notes;
- >> limit our ability to obtain additional financing, if needed, for working capital, capital expenditures, acquisitions, debt service requirements or other purposes;
- >> increase our vulnerability to adverse economic and industry conditions;
- >> require us to dedicate a substantial portion of our cash flow from operations to make payments on our debt, thereby reducing funds available for operations, future business opportunities or other purposes;
- >> limit our flexibility in planning for, or reacting to, changes in our business and our industry; and
- >> place us at a competitive disadvantage compared to our competitors that have less debt.

Edgar Filing: BOWATER INC - Form S-4

Our credit facilities contain various covenants including requirements to maintain adequate net worth and compliance with a specified ratio of total debt to total capital as defined in the credit facilities. Currently, these covenants require us to maintain a minimum consolidated net worth (generally defined in the credit facilities as common shareholders' equity plus any outstanding preferred stock) of \$1.625 billion. In addition, these agreements impose a maximum 60% ratio of total debt (generally defined in the agreements as total debt less revaluation of debt assumed through acquisitions) to total capital (generally defined in the agreements as total debt less revaluation of debt assumed through acquisitions plus net worth including minority interest). Our continued compliance is dependent on a number of factors, many of which are outside of our control. Should events occur that would result in noncompliance, we believe that a number of acceptable options would be available to us including, but not limited to, amending the credit facilities, obtaining a waiver or pursuing additional or alternative financing arrangements, but we cannot assure that these options would be available on attractive terms or at all.

12

THERE IS NO ESTABLISHED TRADING MARKET FOR THE NOTES, AND YOU MAY NOT BE ABLE TO SELL THEM QUICKLY OR AT THE PRICE YOU PAID.

The notes are a new issue of securities and there is no established trading market for the notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for quotation on any automated dealer quotation systems. The initial purchasers may make a market in the exchange notes, but they are not obligated to do so, and if any of them choose to make a market in the exchange notes, they may discontinue any such market making at any time, in their sole discretion, without notice. As a result, we cannot assure you as to the liquidity of any trading market for the notes.

We also cannot assure you that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable. We cannot assure you as to the level of liquidity of the trading market for the notes. Future trading prices of the notes will depend on many factors, including without limitation:

- >> our operating performance, financial condition and prospects;
- >> the interest of securities dealers in making a market;
- >> the market for similar securities;
- >> the number of holders of the notes;
- >> the prospects for companies in our industry generally;
- >> the number of potential buyers;
- >> any ratings published by major credit rating agencies;
- >> the amount of debt we have outstanding;
- >> the level, direction and volatility of market interest rates generally;
and
- >> the time remaining to maturity of the notes.

Historically, the market for non-investment grade debt has been subject to

Edgar Filing: BOWATER INC - Form S-4

disruptions that have caused volatility in prices. The market for the notes may be disrupted. Any disruptions may have a negative effect on noteholders, regardless of our prospects and financial performance.

IF YOU DO NOT EXCHANGE YOUR ORIGINAL NOTES FOR EXCHANGE NOTES, YOUR ORIGINAL NOTES WILL CONTINUE TO HAVE RESTRICTIONS ON TRANSFER AND MAY HAVE NO MARKET.

If you do not exchange your original notes for exchange notes in the exchange offer, or if your original notes are tendered but not accepted, your original notes will continue to have restrictions on transfer, but will no longer have registration rights or accrue additional interest as liquidated damages. In general, you may offer or sell any original notes only if the original notes are registered under the Securities Act and applicable state laws, or resold under an exemption from, or in a transaction not subject to, these laws. We do not intend to register any transfers of the original notes under the Securities Act, other than in the limited circumstances described in the Registration Rights Agreement. If any original notes are exchanged, any trading market for the original notes that remain outstanding could be adversely affected.

13

USE OF PROCEEDS

We will not receive any proceeds from the exchange of the exchange notes for the original notes pursuant to the exchange offer. We received aggregate net proceeds from the offering of the original notes of approximately \$393 million, after deducting fees and expenses associated with the offering, which were used for the following purposes:

- >> We repaid all of the approximately \$70 million outstanding indebtedness under a \$100 million 364-day revolving credit facility of our wholly-owned subsidiary, Bowater Canadian Forest Products Inc. ("BCFP");
- >> We repaid all of the approximately \$135 million outstanding indebtedness under a \$500 million revolving credit facility of Bowater Incorporated;
- >> We reduced outstanding amounts under our \$200 million accounts receivable securitization arrangement by approximately \$36 million;
- >> We repaid approximately \$140 million of the outstanding \$240 million of indebtedness under a term credit facility of Bowater Incorporated; and
- >> We used the approximately \$12 million balance of the net proceeds plus new borrowings of approximately \$40 million under our accounts receivable securitization arrangement to terminate the lease for our Covington, Tennessee paper coating facility and purchase the facility from the special purpose entity that owned the facility at a total cost of approximately \$52 million.

At the time of repayment, the weighted average interest rate for obligations was as follows: for the BCFP revolving credit facility, 2.8%; for the Bowater Incorporated revolving credit facility, 3.3%; for the accounts receivable securitization arrangement, 1.9%; for the Bowater Incorporated term credit facility, 3.4%; and for the Bowater Nuway, Inc. lease, 3.2%.

The BCFP revolving credit facility matures in October 2003. We have the ability, at our option, to extend the maturity for one additional year through October 2004. The Bowater Incorporated revolving credit facility and the term credit

Edgar Filing: BOWATER INC - Form S-4

facility mature in April 2005. The accounts receivable securitization facility expires in December 2003. The base lease commitment of Bowater Nuway Inc. would have expired on April 30, 2006.

We may borrow additional amounts under the revolving credit facilities and the accounts receivable securitization facility and apply those proceeds to general corporate purposes. Borrowings under each of the revolving credit facilities incur interest based, at our election, on specified market interest rates plus a margin tied to the credit ratings of our long-term debt.

EBITDA is not a presentation made in accordance with GAAP and should not be considered an alternative measure of operating income or to cash flows from operating activities as determined in accordance with GAAP. - (6) The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. Earnings consist of income before income taxes and minority interests plus interest expense (excluding interest capitalized during the period and amortization of previously capitalized interest) plus the portion of rental expenses representative of the interest factor. Fixed charges consist of total interest expense (including interest capitalized

during the period) plus the portion of rental expense representative of the interest factor plus amortized premium and discount related to indebtedness. THE EXCHANGE OFFER

GENERAL

As of the date of this prospectus, \$400 million in aggregate principal amount of the original notes is outstanding. This prospectus, together with the letter of transmittal, is first being sent to holders on or about August , 2003.

PURPOSE OF THE EXCHANGE OFFER

We issued the original notes on June 19, 2003 in a transaction exempt from the registration requirements of the Securities Act. Accordingly, the original notes may not be reoffered, resold, or otherwise transferred unless registered under the Securities Act or unless an applicable exemption from its registration and prospectus delivery requirements is available.

In connection with the sale of the original notes, we entered into the Registration Rights Agreement with the initial purchasers of the original notes, which requires us to:

- >> file an exchange offer registration statement for the original notes with the SEC on or prior to September 17, 2003;
- >> use our reasonable best efforts to cause the SEC to declare the exchange offer registration statement effective under the Securities Act no later than December 16, 2003; and
- >> use our reasonable best efforts to complete the exchange offer within 45 days after the effective date of the registration statement.

We have filed a copy of the Registration Rights Agreement as an exhibit to our June 30, 2003 Form 10-Q, which is incorporated by reference into the registration statement of which this prospectus is a part.

We are making the exchange offer to satisfy our obligations under the Registration Rights Agreement. Other than pursuant to the Registration Rights Agreement, we are not required to file any registration statement to register any outstanding original notes. Holders of original notes who do not tender their original notes or whose original notes are tendered but not accepted in the exchange offer must rely on an exemption from the registration requirements under the securities laws, including the Securities Act, if they wish to sell their original notes.

Neither we nor our board of directors recommends that you tender or not tender original notes in the exchange offer. In addition, we have not authorized anyone

Edgar Filing: BOWATER INC - Form S-4

to make any recommendation. You must decide whether to tender in the exchange offer and, if so, the aggregate amount of original notes to tender.

TERMS OF THE EXCHANGE

We are offering to exchange, subject to the conditions described in this prospectus and in the letter of transmittal accompanying this prospectus, \$1,000 in principal amount of exchange notes for each \$1,000 in principal amount of the original notes. The terms of the exchange notes are identical in all material respects to the terms of the original notes, except that the exchange notes generally will be freely transferable by holders of the exchange notes and, with limited exceptions, will not have registration rights. The exchange notes will evidence the same indebtedness as the original notes and will be entitled to the benefits of the indenture. For additional information, see the section entitled "Description of the Exchange Notes."

The exchange offer is not conditioned upon the tender of any minimum principal amount of original notes.

We are making the exchange offer in reliance on the position of the staff of the SEC as set forth in a series of interpretive letters addressed to third parties in other transactions. We have not requested, and do not intend to request, an interpretation by the staff of the SEC as to whether the exchange notes issued in exchange for the original notes may be offered for sale, resold or otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act, so we can provide no assurance that the staff of the SEC would make a similar determination with respect to the exchange offer. Based on staff interpretations issued to third parties, we believe that the exchange notes will generally be freely

19

transferable by holders after the exchange offer without further registration under the Securities Act (assuming the truth of certain representations required to be made by each tendering holder of notes, as set forth below). For additional information on the SEC's position, we refer you to the following no-action letters: Exxon Capital Holdings Corporation, available May 13, 1988; Mary Kay Cosmetics, Inc., available June 5, 1991; Morgan Stanley & Co. Incorporated, available June 5, 1991; and Shearman & Sterling, available July 2, 1993. However, any purchaser of original notes who is one of our "affiliates," who intends to participate in the exchange offer for the purpose of distributing the exchange notes, or who is a broker-dealer who purchased original notes from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act:

>> will not be able to rely on the interpretations of the staff of the SEC; and

>> must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from these requirements.

If you wish to exchange your original notes for exchange notes in the exchange offer, you will be required to make representations, including that:

>> you are not our "affiliate" (as defined in Rule 405 under the Securities Act) or, if you are our affiliate, you will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;

Edgar Filing: BOWATER INC - Form S-4

- >> any exchange notes to be received by you in the exchange offer will be acquired in the ordinary course of your business;
- >> you have no arrangement or understanding with any person to participate in the distribution of the exchange notes in violation of the provisions of the Securities Act;
- >> if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, a distribution of exchange notes; and
- >> you have full power and authority to transfer your original notes in exchange for any exchange notes to be received by you, and we will acquire good and unencumbered title to the original notes you exchange, free and clear of any liens, restrictions, charges, encumbrances and adverse claims.

In addition, in connection with any resales of exchange notes, any broker-dealer who acquired original notes for its own account as a result of market-making or other trading activities, who we refer to as "participating broker-dealers," must acknowledge to us that it will deliver a prospectus meeting the requirements of the Securities Act. The SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to the exchange notes, other than a resale of an unsold allotment from the original sale of the notes, with the prospectus contained in the exchange offer registration statement. Under the Registration Rights Agreement, we are required to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements to use the prospectus contained in the exchange offer registration statement in connection with the resale of the exchange notes. For additional information, see the section entitled "Plan of Distribution."

The exchange notes will accrue interest from the last interest payment date on which interest was paid on the original notes or, if no interest was paid on the original notes, from the date of issuance of the original notes, which was June 19, 2003. Holders whose original notes are accepted for exchange will be deemed to have waived the right to receive any interest accrued on the original notes.

Tendering holders of the original notes will not be required to pay brokerage commissions or fees or, transfer taxes, except as specified in the instructions in the letter of transmittal, with respect to the exchange of the original notes in the exchange offer.

20

EXPIRATION DATE; EXTENSION; TERMINATION; AMENDMENT

The exchange offer will expire at 5:00 p.m., New York City time, on September , 2003, unless we, in our sole discretion, extend the period of time for which the exchange offer is open. The time and date, as it may be extended, is referred to in this prospectus as the "expiration date." The expiration date will be at least 20 business days after the commencement of the exchange offer in accordance with Rule 14e-1(a) under the Exchange Act. Although we have no present intention of doing so, we have the right, at any time or from time to time, to extend the period of time during which the exchange offer is open, and thereby delay acceptance for exchange of any original notes. We may extend the expiration date by giving oral or written notice of the extension to the exchange agent and by timely public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. During the extension, all original notes previously tendered will remain subject to the exchange offer unless properly withdrawn.

Edgar Filing: BOWATER INC - Form S-4

We expressly reserve the right to:

- >> terminate or amend the exchange offer and not to accept for exchange any original notes not previously accepted for exchange upon the occurrence of any of the events specified below under the subsection entitled "Conditions to the Exchange Offer" which have not been waived by us; and
- >> amend the terms of the exchange offer in any manner which, in our good faith judgment, is advantageous to the holders of the original notes, whether before or after any tender of the original notes.

If any termination or amendment occurs, we will notify the exchange agent and will either issue a press release or give oral or written notice to the holders of the original notes as promptly as practicable.

For purposes of the exchange offer, a "business day" means any day other than Saturday, Sunday or a date on which banking institutions in New York, New York are required by law, regulation or executive order to remain closed, and consists of the time period from 12:01 a.m. through 12:00 midnight, New York City time. Unless we terminate the exchange offer prior to 5:00 p.m., New York City time, on the expiration date, we will exchange the exchange notes for the original notes promptly following the expiration date.

PROCEDURES FOR TENDERING ORIGINAL NOTES

Our acceptance of original notes tendered by a holder will constitute a binding agreement between the tendering holder and us upon the terms and subject to the conditions described in this prospectus and in the accompanying letter of transmittal. All references in this prospectus to the letter of transmittal are deemed to include a facsimile of the letter of transmittal.

A holder of original notes may tender the original notes by:

- >> properly completing and signing the letter of transmittal;
- >> properly completing any required signature guarantees;
- >> properly completing any other documents required by the letter of transmittal; and
- >> delivering all of the above, together with the certificate or certificates representing the original notes being tendered, to the exchange agent at its address set forth below on or prior to the expiration date; or
- >> complying with the procedure for book-entry transfer described below; or
- >> complying with the guaranteed delivery procedures described below.

The method of delivery of original notes, letters of transmittal and all other required documents is at the election and risk of the holders. If the delivery is by mail, it is recommended that registered mail properly insured, with return receipt requested, be used. In all cases, sufficient time should be allowed to ensure timely delivery. Holders should not send original notes or letters of transmittal to us.

The signature on the letter of transmittal need not be guaranteed if:

- >> tendered original notes are registered in the name of the signer of the letter of transmittal;

Edgar Filing: BOWATER INC - Form S-4

- >> the exchange notes to be issued in exchange for the original notes are to be issued in the name of and delivered to the holder; and
- >> any untendered original notes are to be reissued in the name of the holder.

See Instruction 1 to the Letter of Transmittal. In any other case, the tendered original notes must be:

- >> endorsed or accompanied by written instruments of transfer in form satisfactory to us;
- >> duly executed by the holder; and
- >> the signature on the endorsement or instrument of transfer must be guaranteed by a bank, broker, dealer, credit union, savings association, clearing agency or other institution, each an "eligible guarantor institution" that is a member of a recognized signature guarantee medallion program within the meaning of Rule 17Ad-15 under the Exchange Act.

If the exchange notes and/or original notes not exchanged are to be delivered to an address other than that of the registered holder appearing on the note register for the original notes, the signature in the letter of transmittal must be guaranteed by an eligible institution.

The exchange agent will make a request within two business days after the date of this prospectus to establish accounts with respect to the original notes at The Depository Trust Company, the "book-entry transfer facility," for the purpose of facilitating the exchange offer. We refer to the Depository Trust Company in this prospectus as "DTC." Subject to establishing the accounts, any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of original notes by causing the book-entry transfer facility to transfer the original notes into the exchange agent's account with respect to the original notes in accordance with the book-entry transfer facility's procedures for the transfer. Although delivery of original notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, an appropriate letter of transmittal with any required signature guarantee and all other required documents, or an agent's message (as defined below), must in each case be properly transmitted to and received or confirmed by the exchange agent at its address set forth below prior to the expiration date, or, if the guaranteed delivery procedures described below are complied with, within the time period provided under such procedures.

The exchange agent has confirmed with DTC that the exchange offer is eligible for the DTC Automated Tender Offer Program. We refer to the Automated Tender Offer Program in this prospectus as "ATOP." Accordingly, DTC participants may, in lieu of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange offer by causing DTC to transfer original notes to the exchange agent in accordance with DTC's ATOP procedures for transfer. DTC will then send an agent's message to the exchange agent.

The term "agent's message" means a message which:

- >> is transmitted by DTC;
- >> received by the exchange agent and forms part of the book-entry transfer;

Edgar Filing: BOWATER INC - Form S-4

- >> states that DTC has received an express acknowledgment from a participant in DTC that is tendering original notes which are the subject of the book-entry transfer;
- >> states that the participant has received and agrees to be bound by all of the terms of the letter of transmittal; and
- >> states that we may enforce the agreement against the participant.

If a holder desires to accept the exchange offer and time will not permit a letter of transmittal or original notes to reach the exchange agent before the expiration date or the procedure for book-entry transfer cannot be completed on a timely basis, the holder may effect a tender if the exchange agent has received at its address set forth below on or prior to the expiration date, a letter, telegram or facsimile transmission, and an original delivered by guaranteed overnight courier, from an eligible institution setting forth:

22

- >> the name and address of the tendering holder;
- >> the names in which the original notes are registered and, if possible, the certificate numbers of the original notes to be tendered; and
- >> a statement that the tender is being made thereby and guaranteeing that within three business days after the expiration date, the original notes in proper form for transfer, or a confirmation of book-entry transfer of such original notes into the exchange agent's account at the book-entry transfer facility and an agent's message, will be delivered by the eligible institution together with a properly completed and duly executed letter of transmittal and any other required documents.

Unless original notes being tendered by the above-described method are deposited with the exchange agent, a tender will be deemed to have been received as of the date when:

- >> the tendering holder's properly completed and duly signed letter of transmittal, or a properly transmitted agent's message, accompanied by the original notes or a confirmation of book-entry transfer of the original notes into the exchange agent's account at the book-entry transfer facility is received by the exchange agent; or
- >> a notice of guaranteed delivery or letter, telegram or facsimile transmission to similar effect from an eligible institution is received by the exchange agent.

Issuances of exchange notes in exchange for original notes tendered pursuant to a notice of guaranteed delivery or letter, telegram or facsimile transmission to similar effect by an eligible institution will be made only against deposit of the letter of transmittal and any other required documents and the tendered original notes or a confirmation of book-entry and an agent's message.

All questions as to the validity, form, eligibility, including time of receipt, and acceptance of original notes tendered for exchange will be determined by us in our sole discretion, which determination will be final and binding. We have the absolute right to reject any and all tenders of any original notes not properly tendered and not to accept any original notes which acceptance might, in our judgment or the judgment of our counsel, be unlawful. We also have the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any original notes either before or after the expiration date, including the right to waive the ineligibility of any holder who seeks to

Edgar Filing: BOWATER INC - Form S-4

tender original notes in the exchange offer. The interpretation of the terms and conditions of the exchange offer, including the letter of transmittal and the instructions contained in the letter of transmittal, by us will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent nor any other person has any duty to give notification of any defect or irregularity with respect to any tender of original notes for exchange, nor will any of us incur any liability for failure to give such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of original notes, the original notes must be endorsed or accompanied by appropriate powers of attorney, in either case signed exactly as the name or names of the registered holder or holders appear on the original notes.

If the letter of transmittal or any original notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by us, such persons must submit proper evidence satisfactory to us of their authority to so act.

TERMS AND CONDITIONS OF THE LETTER OF TRANSMITTAL

The letter of transmittal contains, among other things, the following terms and conditions, which are part of the exchange offer.

The party tendering original notes for exchange notes exchanges, assigns and transfers the original notes to us and irrevocably constitutes and appoints the

23

exchange agent as his agent and attorney-in-fact to cause the original notes to be assigned, transferred and exchanged. We call the party tendering notes the "transferor." The transferor also warrants that it will, upon request, execute and deliver any additional documents deemed by the exchange agent or us to be necessary or desirable to complete the exchange, assignment and transfer of tendered original notes or transfer ownership of such original notes on the account books maintained by a book-entry transfer facility. All authority conferred by the transferor will survive the death or incapacity of the transferor and every obligation of the transferor will be binding upon the heirs, legal representatives, successors, assigns, executors and administrators of the transferor.

The transferor certifies that:

- >> it is not our "affiliate" (as defined in Rule 405 under the Securities Act) or, if it is our affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;
- >> any exchange notes to be received by it in the exchange offer will be acquired in the ordinary course of its business;
- >> it has no arrangement or understanding with any person to participate in the distribution of the exchange notes in violation of the provisions of the Securities Act;
- >> if it is not a broker-dealer, it is not engaged in, and does not intend to engage in, a distribution of exchange notes; and

Edgar Filing: BOWATER INC - Form S-4

>> it has full power and authority to transfer its original notes in exchange for any exchange notes to be received by it, and we will acquire good and unencumbered title to the original notes it exchanges, free and clear of any liens, restrictions, charges, encumbrances and adverse claims.

In addition, in connection with any resales of exchange notes, any broker-dealer who acquired the original notes for its own account as a result of market-making or other trading activities must acknowledge to us that it will deliver a prospectus meeting the requirements of the Securities Act. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. The SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to exchange notes, other than a resale of an unsold allotment from the original offering of the original notes, with the prospectus contained in an exchange offer registration statement. Under the Registration Rights Agreement, we are required to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements to use the prospectus contained in the exchange offer registration statement in connection with the resale of the exchange notes. For additional information, see the section entitled "Plan of Distribution."

WITHDRAWAL RIGHTS

Tenders of original notes may be withdrawn at any time prior to the expiration date.

For a withdrawal to be effective, a written notice of withdrawal sent by telegram, facsimile transmission, with receipt confirmed by telephone, or letter must be received by the exchange agent at the address set forth in this prospectus prior to the expiration date. Any notice of withdrawal must:

- >> specify the name of the person having tendered the original notes to be withdrawn;
- >> identify the original notes to be withdrawn, including the certificate number or numbers and principal amount of such original notes;
- >> specify the principal amount of original notes to be withdrawn;
- >> include a statement that the holder is withdrawing his election to have the original notes exchanged;
- >> be signed by the holder in the same manner as the original signature on the letter of transmittal by which the original notes were tendered or as

24

otherwise described above, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee under the indenture register the transfer of the original notes into the name of the person withdrawing the tender; and

- >> specify the name in which any such original notes are to be registered, if different from that of the person who tendered the original notes.

The exchange agent will return the properly withdrawn original notes promptly following receipt of the notice of withdrawal. If original notes have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the account at the book-entry

Edgar Filing: BOWATER INC - Form S-4

transfer facility to be credited with the withdrawn original notes or otherwise comply with the book-entry transfer facility procedure. All questions as to the validity of notices of withdrawals, including time of receipt, will be determined by us, in our sole discretion, and our determination will be final and binding on all parties.

Any original notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any original notes which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder without cost to the holder. In the case of original notes tendered by book-entry transfer into the exchange agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, the original notes will be credited to an account with the book-entry transfer facility specified by the holder. In either case, the original notes will be returned as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn original notes may be retendered by following one of the procedures described under the subsection entitled "Procedures for Tendering Original Notes" above at any time prior to the expiration date.

ACCEPTANCE OF ORIGINAL NOTES FOR EXCHANGE; DELIVERY OF EXCHANGE NOTES

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, on the expiration date, all original notes properly tendered and not properly withdrawn and will issue the exchange notes promptly after such acceptance. See the subsection entitled "Conditions to the Exchange Offer" below for more detailed information. For purposes of the exchange offer, we will be deemed to have accepted properly tendered original notes for exchange when, and if, we have given oral or written notice of our acceptance to the exchange agent.

For each original note accepted for exchange, the holder of the original note will receive an exchange note having a principal amount equal to that of the surrendered original note.

In all cases, issuance of exchange notes for original notes that are accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of:

- >> certificates for the original notes or confirmation of book-entry transfer of the original notes into the exchange agent's account at the book-entry transfer facility;
- >> a properly completed and duly executed letter of transmittal, or a properly transmitted agent's message; and
- >> all other required documents.

If any tendered original notes are not accepted for any reason described in the terms and conditions of the exchange offer or if original notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged original notes will be returned without expense to the tendering holder of the original notes. In the case of original notes tendered by book-entry transfer into the exchange agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, the non-exchanged original notes will be credited to an account maintained with the book-entry transfer facility. In either case, the original notes will be returned as promptly as practicable after the expiration of the exchange offer.

Edgar Filing: BOWATER INC - Form S-4

CONDITIONS TO THE EXCHANGE OFFER

Notwithstanding any other provision of the exchange offer, or any extension of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes and may terminate or amend the exchange offer, by oral or written notice to the exchange agent or by a timely press release, if at any time before the acceptance of the original notes for exchange or the exchange of the exchange notes for such original notes, any of the following conditions exist:

- >> the exchange offer violates applicable law or any applicable interpretation of the staff of the SEC;
- >> any action or proceeding is instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer or any material adverse development shall have occurred in any existing action or proceeding with respect to us; or
- >> any governmental approval shall not have been obtained, which we deem necessary for the consummation of the exchange offer.

Regardless of whether any of the conditions has occurred, we may amend the exchange offer in any manner which, in our good faith judgment, is advantageous to holders of the original notes.

The conditions described above are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to the condition or we may waive any condition in whole or in part at any time and from time to time in our sole discretion. Our failure at any time to exercise any of the rights described above will not be deemed a waiver of the right and each right will be deemed an ongoing right which we may assert at any time and from time to time.

If we waive or amend the conditions above, we will, if required by law, extend the exchange offer for a minimum of five business days from the date that we first give notice, by public announcement or otherwise, of the waiver or amendment, if the exchange offer would otherwise expire within the five business-day period. Any determination by us concerning the events described above will be final and binding upon all parties.

The exchange offer is not conditioned upon any minimum principal amount of original notes being tendered.

SOLICITATION OF TENDERS; FEES AND EXPENSES

We will pay the estimated cash expenses to be incurred in connection with the exchange offer, which includes fees and expenses of the exchange agent, trustee, registration fees, accounting, legal, printing and related fees and expenses. We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We, however, will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection therewith. We will also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this and other related documents to the beneficial owners of the original notes and in handling or forwarding tenders for their customers.

No person has been authorized to give any information or to make any representations in connection with the exchange offer other than those contained in this prospectus. If given or made, such information or representations should not be relied upon as having been authorized by us. Neither the delivery of this prospectus nor any exchange made pursuant to this prospectus, under any circumstances, create any implication that there has been no change in our affairs since the respective dates as of which information is given in this prospectus. The exchange offer is not being made to, nor will tenders be accepted from or on behalf of, holders of original notes in any jurisdiction in which the making of the exchange offer or the acceptance of the exchange offer would not be in compliance with the laws of the jurisdiction. However, we may, at our discretion, take such action as we may deem necessary to make the exchange offer in the jurisdiction and extend the exchange offer to holders of original notes in the jurisdiction.

TRANSFER TAXES

We will pay all transfer taxes, if any, applicable to the exchange of original notes pursuant to the exchange offer. However, the transfer taxes will be payable by the tendering holder if:

- >> certificates representing exchange notes or original notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of the original notes tendered; or
- >> tendered original notes are registered in the name of any person other than the person signing the letter of transmittal; or
- >> a transfer tax is imposed for any reason other than the exchange of original notes pursuant to the exchange offer.

We will bill the amount of the transfer taxes directly to the tendering holder if satisfactory evidence of payment of the taxes or exemption therefrom is not

Edgar Filing: BOWATER INC - Form S-4

submitted with the letter of transmittal, and the exchange notes need not be delivered until the transfer taxes are paid.

ACCOUNTING TREATMENT

For accounting purposes, we will not recognize gain or loss upon the exchange of the exchange notes for original notes. We will amortize expenses incurred in connection with the issuance of the exchange notes over the term of the exchange notes.

CONSEQUENCES OF FAILURE TO EXCHANGE

Holders of original notes who do not exchange their original notes for exchange notes pursuant to the exchange offer will continue to be subject to the restrictions on transfer of the original notes as described in the legend on the original notes. Original notes not exchanged pursuant to the exchange offer will continue to remain outstanding in accordance with their terms. In general, the original notes may not be offered or sold unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will register the original notes under the Securities Act.

27

Participation in the exchange offer is voluntary, and holders of original notes should carefully consider whether to participate. Holders of original notes are urged to consult their financial and tax advisors in making their own decision on what action to take.

As a result of the making of, and upon acceptance for exchange of all validly tendered original notes pursuant to the terms of, this exchange offer, we will have fulfilled a covenant contained in the Registration Rights Agreement. Holders of original notes who do not tender their original notes in the exchange offer will continue to hold the original notes and will be entitled to all the rights and limitations applicable to the original notes under the indenture, except for any rights under the Registration Rights Agreement that by their terms terminate or cease to have further effectiveness as a result of the making of this exchange offer. All untendered original notes will continue to be subject to the restrictions on transfer described in the indenture. To the extent that original notes are tendered and accepted in the exchange offer, the trading market for untendered original notes could be adversely affected.

We may in the future seek to acquire, subject to the terms of the indenture, untendered original notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plan to acquire any original notes which are not tendered in the exchange offer.

RESALE OF EXCHANGE NOTES

We are making the exchange offer in reliance on the position of the staff of the SEC as set forth in interpretive letters addressed to third parties in other transactions. We have not sought our own interpretive letter, and we can provide no assurance that the staff would make a similar determination with respect to the exchange offer as it has in such interpretive letters to third parties. Based on these interpretations by the staff, we believe that the exchange notes issued pursuant to the exchange offer in exchange for original notes may be offered for resale, resold and otherwise transferred by a holder, other than any holder who is a broker-dealer or an "affiliate" of ours within the meaning of Rule 405 of the Securities Act, without further compliance with the registration and prospectus delivery requirements of the Securities Act, provided that:

Edgar Filing: BOWATER INC - Form S-4

- >> the exchange notes are acquired in the ordinary course of the holder's business;
- >> the holder is not participating, and has no arrangement or understanding with any person to participate, in a distribution of the exchange notes; and
- >> the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes.

However, any holder who:

- >> is an "affiliate" of ours;
- >> has an arrangement or understanding with respect to the distribution of the exchange notes to be acquired pursuant to the exchange offer; or
- >> is a broker-dealer who purchased original notes from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act,

could not rely on the applicable interpretations of the staff and must comply with the registration and prospectus delivery requirements of the Securities Act. A broker-dealer who holds original notes that were acquired for its own account as a result of market-making or other trading activities may be deemed to be an "underwriter" within the meaning of the Securities Act and must, therefore, deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of exchange notes. Each such broker-dealer that receives exchange notes for its own account in exchange for original notes, where the broker-dealer acquired the original notes as a result of market-making activities or other trading activities, must acknowledge, as provided in the letter of transmittal, that it will deliver a prospectus in connection with any resale of such exchange notes. For more detailed information, see the section entitled "Plan of Distribution."

In addition, to comply with the securities laws of various jurisdictions, if applicable, the exchange notes may not be offered or sold unless they have been registered or qualified for sale in the jurisdiction or an exemption from

28

registration or qualification is available and is complied with. We have agreed, pursuant to the Registration Rights Agreement and subject to specified limitations therein, to use our reasonable best efforts to register or qualify the exchange notes for offer and sale under the securities or blue sky laws of such jurisdictions within the United States as any of certain limited classes of holders of the exchange notes may reasonably request. Such registration or qualification may require the imposition of restrictions or conditions, including suitability requirements for offerees or purchasers, in connection with the offer or sale of any exchange notes. We have also agreed to use our reasonable best efforts to cause the exchange notes to be registered with or approved by such other governmental agencies or authorities as may be reasonably necessary to enable sellers of the exchange notes to dispose of such notes, subject to certain limitations.

SHELF REGISTRATION STATEMENT

If:

- >> any changes in law or the applicable interpretations of the staff of the SEC do not permit us to effect the exchange offer;

Edgar Filing: BOWATER INC - Form S-4

- >> for any reason the exchange offer is not completed by January 30, 2004;
- >> any holder of the original notes, other than the initial purchasers, is not eligible to participate in the exchange offer;
- >> an eligible holder who complies with the material terms of the exchange offer does not receive exchange notes that may be sold without restrictions under state and federal securities laws; or
- >> the original notes held by an initial purchaser have the status of unsold allotments in an initial distribution, and the initial purchaser so requests,

we will, at our cost:

- >> use our reasonable best efforts to file, as promptly as practicable and in any event on or prior to 30 days after such filing obligation arises, a shelf registration statement covering resales of the original notes or exchange notes, as applicable;
- >> use our reasonable best efforts to cause the shelf registration statement to be declared effective under the Securities Act within 120 days after such filing obligation arises; and
- >> use our reasonable best efforts to keep the shelf registration effective until June 19, 2005, subject to extension in certain circumstances (or until all notes covered by the shelf registration are sold, if earlier).

If we file a shelf registration statement, we will provide to each holder of the notes copies of the prospectus which is a part of the shelf registration statement, notify each holder when the shelf registration statement for the notes has become effective, and take other actions as are required to permit unrestricted resales of the notes.

A holder of notes that sells the notes pursuant to the shelf registration statement generally will be:

- >> required to be named as a selling security holder in the related prospectus and deliver a prospectus to purchasers;
- >> subject to certain of the civil liability provisions under the Securities Act in connection with the sales; and
- >> bound by the provisions of the Registration Rights Agreement which are applicable to such a holder, including indemnification obligations.

In addition, each holder of the notes will be required to deliver information to be used in connection with the shelf registration statement within the time periods described in the Registration Rights Agreement in order to have their notes included in the shelf registration statement and to benefit from the provisions regarding liquidated damages described in the following paragraph. Each holder of registrable notes covered by the shelf registration statement will be afforded an opportunity to review the shelf registration statement and

29

any amendments or supplements to the shelf registration statement or the related prospectus prior to such document being filed with the SEC, and in certain circumstances, we will incorporate changes in such documents at the request of holders of a majority in aggregate principal amount of registrable notes covered by the shelf registration statement.

Edgar Filing: BOWATER INC - Form S-4

LIQUIDATED DAMAGES

If any one or more of the following (a "registration default") occurs:

- >> the exchange offer registration statement is not filed with the SEC on or before September 17, 2003;
- >> the exchange offer registration statement is not declared effective on or before December 16, 2003;
- >> the exchange offer is not completed on or before the 45th day following the date of the effectiveness of the registration statement or, if that day is not a business day, then the next day that is a business day; or
- >> the shelf registration statement is required to be filed but it is not filed or declared effective within the time periods required by the Registration Rights Agreement or is declared effective but thereafter ceases to be effective or usable (subject to certain exceptions),

the interest rate borne by the original notes will be increased by 0.25%. We refer to this increase in the interest rate on the notes as "liquidated damages." Such interest is payable in addition to any other interest payable from time to time with respect to the notes in cash on each interest payment date to the holders of record for such interest payment date. After the cure of registration defaults, the accrual of liquidated damages will stop and the interest rate will revert to the original rate.

Under certain circumstances, we may delay the filing or the effectiveness of the exchange offer or the shelf registration and shall not be required to maintain its effectiveness or amend or supplement it for a period of up to 60 days during any 12-month period. Any delay period will not alter our obligation to pay liquidated damages with respect to a registration default.

30

DESCRIPTION OF THE EXCHANGE NOTES

The terms of the exchange notes are substantially identical to the terms of the original notes except that the exchange notes are registered under the Securities Act, will be freely tradeable and, with limited exceptions, will not have registration rights. We refer to the exchange notes in this section simply as the "notes."

GENERAL

We will issue the notes under an indenture, which is a contract between us and The Bank of New York, as trustee. The trustee's main role is to enforce your rights against us if we default. We describe some limitations on the extent to which the trustee acts on your behalf under the subsection entitled "Remedies if an Event of Default Occurs." The trustee will also act as registrar, paying

Edgar Filing: BOWATER INC - Form S-4

agent and authenticating agent, and perform administrative duties for us, such as sending out interest payments and notices under the indenture.

The following description of the provisions of the indenture is only a summary. This summary is not complete. We recommend that you read the entire indenture carefully before investing in the notes. You can obtain a copy of the indenture by following the directions under the caption "Where You Can Find More Information About Bowater Incorporated" on page (ii) of this prospectus.

The amount of debt securities we can issue under the indenture is unlimited. We may issue additional notes of the same series as the notes without your consent and without notifying you. Any such additional notes will have the same ranking, interest rate, maturity date and other terms as the notes. Any such additional notes, together with the notes offered by this memorandum, will constitute a single series of debt securities under the indenture. The notes will be issued in principal amounts of \$1,000 and any integral multiple thereof.

After the completion of the exchange offer, the Trust Indenture Act of 1939 will be deemed to apply to the indenture, and we refer you to the Trust Indenture Act for additional terms and definitions that will apply to the indenture at that time.

Some of the terms used in this section are defined in the subsection entitled "Definitions for Certain Covenants" below. WHEN WE REFER TO "BOWATER," "WE," "OUR" OR "US," IN THIS SECTION, WE REFER ONLY TO BOWATER INCORPORATED, A DELAWARE CORPORATION, AND NOT TO ITS SUBSIDIARIES.

PRINCIPAL, MATURITY AND INTEREST

The notes will be a series of debt securities under the indenture. We will issue the notes in an initial aggregate principal amount of \$400,000,000.

The notes will mature on June 15, 2013. Interest will accrue from the issue date of the notes at a rate equal to 6 1/2% per year. We will pay interest on the notes on June 15 and December 15 of each year, beginning on December 15, 2003. The notes will not be entitled to any sinking fund.

RANKING

The notes will be our unsecured obligations and will rank equally with all of our existing and future senior unsecured debt. The notes will rank senior to any of our debt that may be expressly subordinated to the notes, but will be effectively subordinated to any secured indebtedness to the extent of the assets securing that indebtedness.

The majority of our assets are held, and the majority of our operations are conducted, by subsidiaries. As a result, we depend heavily upon payments on intercompany loans by our subsidiaries or other distributions or payments to us to make payments on the debt. Our subsidiaries are separate legal entities that have no obligation to pay any amounts due under the notes. We cannot assure you that the amounts we receive from our subsidiaries will be sufficient to enable us to meet our obligations under the notes. In addition, none of our subsidiaries will guarantee our obligations under, or have any obligation to pay any amounts due on, the notes. As a result, the notes will be effectively subordinated to all liabilities of our subsidiaries. Our rights and the rights of our creditors, including the holders of the notes, to participate in the assets of any of our subsidiaries upon their liquidation or recapitalization will generally be subject to the prior claims of those subsidiaries' creditors. There are no limitations in the indenture pertaining to the notes on the amount of indebtedness, secured or otherwise, that may be incurred or preferred stock that may be issued by any of our subsidiaries other than the limitations

described in the subsection entitled "Description of the Exchange Notes - Certain Covenants - Limitation on Liens."

As of June 30, 2003, Bowater Incorporated had no secured indebtedness on an unconsolidated basis, and our consolidated subsidiaries had indebtedness to third parties of approximately \$1,172 million, of which approximately \$112 million was secured and approximately \$598 million was guaranteed by Bowater Incorporated. In addition our operating subsidiaries have significant current and long-term liabilities. As of June 30, 2003, Bowater Incorporated on an unconsolidated basis had approximately \$1,251 million of unsecured indebtedness and approximately \$455 million of additional unsecured indebtedness available to be borrowed under its credit facilities.

OPTIONAL REDEMPTION

We may redeem some or all of the notes at any time. If we choose to redeem any notes prior to maturity, we will pay a redemption price equal to the greater of the following amounts, plus, in each case, accrued and unpaid interest to the redemption date:

- >> 100% of the principal amount of the notes being redeemed; or
- >> the sum of the present values of the remaining scheduled payments of the principal of and interest on the notes being redeemed, discounted to the redemption date in accordance with standard market practice (on a semiannual compounding basis and assuming a 360-day year consisting of twelve 30-day months) at the treasury rate referred to below plus 45 basis points.

If we choose to redeem any notes, we will mail a notice of redemption not less than 30 days and not more than 60 days before the redemption date. If we are redeeming less than all the notes, the trustee will select the particular notes to be redeemed by lot or pro rata or by another method the trustee deems fair and appropriate. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption.

For purposes of calculating the redemption price in connection with the redemption of the notes on any redemption date, the following terms have the meanings set forth below:

"Treasury rate" means the semiannual equivalent yield to maturity of the treasury security, referred to below, that corresponds to the treasury price referred to below, calculated in accordance with standard market practice and computed as of the second trading day preceding the redemption date.

"Treasury security" means the United States Treasury security that the treasury dealer, referred to below, determines would be appropriate to use, at the time of determination and in accordance with standard market practice, in pricing the notes being redeemed in a tender offer based on a spread to United States Treasury yields.

"Treasury price" means the bid-side price for the treasury security as of the third trading day preceding the redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York on that trading day and designated "Composite 3:30 p.m. Quotations for U.S. Government Securities," except that:

- >> if that release (or any successor release) is not published or does not

Edgar Filing: BOWATER INC - Form S-4

contain that price information on that trading day; or

>> if the treasury dealer determines that price information is not reasonably reflective of the actual bid-side price for the treasury security prevailing at 3:30 p.m., New York City time, on that trading day, then treasury price will instead mean the bid-side price for the treasury security at or around 3:30 p.m., New York City time, on that

32

trading day (expressed on a next trading day settlement basis) as determined by the treasury dealer through such alternative means as the treasury dealer considers to be appropriate under the circumstances.

"Treasury dealer" means each of UBS Securities LLC and J.P. Morgan Securities Inc. (or their respective successors) or, if either of them (or their respective successors) refuses to act as treasury dealer for these purposes or ceases to be a primary government securities dealer, another nationally recognized investment banking firm that is a primary U.S. government securities dealer specified by us for these purposes.

All determinations made by the treasury dealer with respect to determining the redemption price will be final and binding on all parties, absent manifest error.

CERTAIN COVENANTS

We define some of the terms we use in the next two subsections below under the section entitled "Definitions for Certain Covenants."

LIMITATION ON LIENS

Neither Bowater nor any Restricted Subsidiary may create, incur, assume or suffer to exist any Lien upon any Principal Property, whether owned at the date of the indenture or acquired later, to secure any Indebtedness, without securing the notes (together with, if Bowater so determines, any Indebtedness of Bowater or any Restricted Subsidiary that is not subordinate to the notes and any debt securities of any other series then outstanding under the indenture) by that Lien equally and ratably with, or prior to, any and all other Indebtedness secured by it, so long as that Indebtedness is so secured.

The foregoing restriction will not apply to Indebtedness secured solely by:

- >> Liens existing on the date of the indenture (including those securing any refinancing of debt underlying such liens);
- >> Liens on any property existing at the time Bowater or a Restricted Subsidiary acquires it, subject to certain limitations;
- >> Liens in favor of Bowater or any wholly-owned Restricted Subsidiary;
- >> Liens in favor of any governmental body to secure progress, advance or other payments pursuant to any contract or provision of any statute;
- >> Liens on property to secure all or part of the cost of acquiring, substantially repairing or altering, constructing, developing or substantially improving the property, or to secure all or part of such property, subject to certain limitations;
- >> Liens securing obligations issued by a State, territory or possession of the United States or the District of Columbia to finance the acquisition

Edgar Filing: BOWATER INC - Form S-4

or construction of property, and on which the interest is not, in the opinion of tax counsel or in accordance with an Internal Revenue Service ruling, includible in gross income by reason of Section 103(a) of the Internal Revenue Code of 1986, as amended; and

>> any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Lien referred to in the foregoing clauses, subject to certain limitations.

Bowater and its Restricted Subsidiaries may create, incur, assume or suffer to exist Liens securing any Indebtedness without equally and ratably securing the notes and other debt securities issued under the indenture, provided that the aggregate amount of such Indebtedness and Attributable Debt with respect to Sale and Lease-Back Transactions does not exceed 10% of Bowater's Consolidated Net Tangible Assets.

LIMITATION ON SALE AND LEASE-BACK TRANSACTIONS

Neither Bowater nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transactions with respect to any Principal Property unless the aggregate amount of all Attributable Debt with respect to Sale and Lease-Back Transactions plus the aggregate amount of Indebtedness secured by Liens incurred

33

without equally and ratably securing the notes pursuant to the subsection entitled "Limitation on Liens" above, would not exceed 10% of Bowater's Consolidated Net Tangible Assets. The foregoing restriction will not apply to, and there shall be excluded from Attributable Debt in any computation described herein or in the subsection entitled "Limitation on Liens" with respect to Sale and Lease-Back Transactions if:

>> the lease in such Sale and Lease-Back Transaction is for a period, including renewal rights, of three years or less;

>> Bowater or any Restricted Subsidiary, within 180 days after the Sale and Lease-Back Transaction, applies an amount not less than the greater of the net proceeds of the Sale and Lease-Back Transaction or the fair value of the Principal Property at the time of the Sale and Lease-Back Transaction to (a) the prepayment or retirement of Funded Debt of Bowater or any of its Restricted Subsidiaries, subject to certain limitations, or (b) the purchase of other property which will constitute Principal Property, subject to certain limitations;

>> the lease in such Sale and Lease-Back Transaction secures or relates to obligations issued by a State, territory or possession of the United States or the District of Columbia to finance the acquisition or construction of property, and on which the interest is not, in the opinion of tax counsel or in accordance with an Internal Revenue Service ruling, includible in gross income of the holder by reason of Section 103(a) of the Internal Revenue Code of 1986, as amended; or

>> such Sale and Lease-Back Transaction is entered into between Bowater and a wholly-owned subsidiary or between wholly-owned subsidiaries.

DEFINITIONS FOR CERTAIN COVENANTS

"ATTRIBUTABLE DEBT" means, at the time any determination thereof is to be made, with respect to any lease under which Bowater or any of its Restricted Subsidiaries is liable, the total net amount of rent Bowater or its Restricted Subsidiary must pay under such lease during its remaining term, using a discount

Edgar Filing: BOWATER INC - Form S-4

rate equal to the weighted average yield to maturity of the notes. By "net" amount of rent we mean the rent payable by the lessee after excluding amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments, water rates and similar charges. In the case of any lease which is terminable upon the payment of a penalty, such net amount shall also include the amount of such penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be terminated.

"CONSOLIDATED NET TANGIBLE ASSETS" means, on the date of any determination, the aggregate amount of assets, less applicable reserves and other properly deductible items, after deducting:

>> all current liabilities, and

>> all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles,

all as set forth on the most recent quarterly balance sheet of Bowater and its consolidated subsidiaries and computed in accordance with accounting principles generally accepted in the United States.

"FUNDED DEBT" means

(1) all Indebtedness having a maturity of more than 12 months from the date as of which the determination is made or having a maturity of 12 months or less but by its terms being renewable or extendible beyond 12 months from such date at the option of the borrower (excluding any amount thereof included in current liabilities); and

(2) rental obligations payable more than 12 months from such date under leases which are capitalized in accordance with accounting principles generally accepted in the United States (such rental obligations to be included as Funded Debt at the amount so capitalized and to be included for the purposes of the definition of Consolidated Net Tangible Assets both as an asset and as Funded Debt at the amount so capitalized).

34

"INDEBTEDNESS" means, at any time, without duplication:

>> all obligations for borrowed money,

>> all obligations evidenced by bonds, debentures, notes or other similar instruments, and

>> all obligations in respect of any letters of credit supporting any Indebtedness of others and guarantees of Indebtedness of others.

"LIEN" means any mortgage, pledge, hypothecation, encumbrance, security interest, statutory or other lien, or preference, priority or other security or similar agreement or preferential arrangement of any kind or nature whatsoever, including any conditional sale or other title retention agreement having substantially the same economic effect as any of these.

"PRINCIPAL PROPERTY" means

(1) any mill, converting plant, manufacturing plant or other facility owned on the date of the indenture or thereafter acquired by Bowater or any Restricted Subsidiary that is located within the continental United States and the gross book value (including related land and improvements thereon and all machinery and equipment included therein without deduction of any depreciation reserves)

Edgar Filing: BOWATER INC - Form S-4

of which, on the date as of which the determination is being made, exceeds 1% of Bowater's Consolidated Net Tangible Assets, and

(2) Timberlands, in each case other than:

- >> any property which, in the opinion of Bowater's board of directors as evidenced by a board resolution, is not of material importance to the business conducted by Bowater and its Restricted Subsidiaries as an entirety,
- >> a portion of any property which, in the opinion of Bowater's board of directors as evidenced by a board resolution, is not of material importance to the use or operation of such property, or
- >> any oil, gas or other minerals or mineral rights.

"REALTY SUBSIDIARY" means a subsidiary engaged primarily in the development and sale or financing of real property.

"RESTRICTED SUBSIDIARY" means a subsidiary of Bowater (1) substantially all the property of which is located, or substantially all the business of which is carried on, within the continental United States and (2) which owns a Principal Property, but does not include a Realty Subsidiary.

"SALE AND LEASE-BACK TRANSACTION" means any arrangement whereby Bowater or one of its Restricted Subsidiaries has sold or transferred, or will sell or transfer, property to a third party and has or will take back a lease pursuant to which the rental payments are calculated to amortize the purchase price of the property substantially over the useful life of such property.

"TIMBERLANDS" means any real property of Bowater or any Restricted Subsidiary located within the continental United States which contains (or upon completion of a growth cycle then in process is expected to contain) standing timber of a commercial quantity and of merchantable quality, excluding, however, any such real property which at the time of determination is held primarily for development or sale and not primarily for the production of any lumber or other timber products.

MERGERS AND SIMILAR EVENTS

Bowater may not consolidate with or merge into any other person or convey, transfer or lease its properties and assets substantially as an entirety to any person, nor may Bowater permit another entity to consolidate with or merge into Bowater or convey, transfer or lease its properties and assets substantially as an entirety to Bowater, unless:

- >> If Bowater is not the principal survivor, the successor person is a corporation, partnership or trust organized and validly existing under the laws of the United States, any State or the District of Columbia;

35

- >> the successor person expressly assumes our obligations on the notes and under the indenture;
- >> after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, would occur and be continuing; and
- >> either Bowater or the successor person takes all necessary steps to bring any secured Indebtedness into compliance with the limitation on liens

Edgar Filing: BOWATER INC - Form S-4

covenant.

MODIFICATION AND WAIVER

Acting with the trustee, we may modify and amend the indenture upon receiving the consent of the holders of 50% of the principal amount of the outstanding original notes and exchange notes, taken together. However, we may not, without the consent of each holder of the original notes and the exchange notes:

- >> change the stated maturity of the principal or interest on a note;
- >> reduce any amounts due on a note;
- >> reduce the amount of principal payable upon acceleration of the maturity of a note following a default;
- >> change the place or currency of payment of a note;
- >> impair your right to sue for payment;
- >> reduce the percentage of holders of the notes whose consent is needed to modify or amend the indenture;
- >> reduce the percentage of holders of the notes whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults; or
- >> modify any other aspect of the provisions dealing with modification and waiver of the indenture.

Acting with the trustee, we may also modify and amend the indenture without your consent in limited circumstances such as clarifications and changes that would not adversely affect you.

The holders of 50% of the principal amount of the outstanding notes may waive, before the time for compliance, our compliance with the restrictive covenants in the indenture. The holders of at least a majority of the principal amount of the outstanding notes may, on behalf of all holders of the notes, waive any past default under the indenture, except:

- >> a default in the payment of principal of, premium, if any, or interest on the notes; and
- >> a default in respect of a covenant or provision of the indenture that cannot be modified or amended without the consent of the holder of each outstanding note.

We generally will be entitled to set any day as a record date for the purpose of determining the holders of outstanding notes that are entitled to vote or take other action under the indenture in accordance with applicable laws. In limited circumstances, the trustee will be entitled to set a record date for action by you. If we or the trustee sets a record date for a vote or other action to be taken by you, that vote or action may be taken only by persons who are holders of outstanding notes on the record date and must be taken within 180 days following the record date or a shorter period that we may specify (or as the trustee may specify, if it sets the record date). We may shorten or lengthen (but not beyond 180 days) this period from time to time.

You should consult your bank or broker for information on how approval may be granted or denied if we seek to change the indenture or the notes or request a waiver.

REPORTS

Bowater will deliver to the trustee (or make available through the SEC's EDGAR system), within 5 days after it is required to file them with the SEC, the annual and quarterly financial statements that it files with the SEC, including, with respect to annual information only, a report thereon by its certified independent public accountants. Even if Bowater is not required to remain subject to the reporting requirements of Section 13 or 15(d) of the Securities

36

Exchange Act of 1934, the indenture for the notes requires Bowater to continue to file with, or furnish to the SEC and to provide to the trustee (or make available through the SEC's EDGAR system):

(1) within 120 days after the end of each fiscal year, annual reports on Form 10-K (or any successor form) containing the information required to be contained therein;

(2) within 60 days after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q (or any successor form); and

(3) promptly from time to time after the occurrence of an event required to be reported by Form 8-K (or any successor form), a Form 8-K with respect to that event;

provided, however, that Bowater will not be obligated to file such reports with the SEC if the SEC does not permit such filings.

DEFEASANCE

FULL DEFEASANCE

If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the notes, which we call full defeasance, if we put in place the following other arrangements, subject to certain conditions, for repayment of the notes:

>> We must deposit in trust for your benefit a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes on their various due dates.

>> There must be a change in current federal tax law or an Internal Revenue Service ruling that lets us make the above deposit without causing you to be taxed on the notes any differently than if we did not make the deposit and instead repaid the notes ourselves. Under current federal tax law, the deposit and our legal release from the notes would be treated as though we took back the notes and gave you your share of the cash and notes or bonds deposited in trust. In that event, you could recognize gain or loss on the notes given back to us.

>> We must deliver to the trustee a legal opinion of our counsel confirming the tax law change described above.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the notes. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever became bankrupt or insolvent.

Edgar Filing: BOWATER INC - Form S-4

COVENANT DEFEASANCE

Under current federal tax law, we can make the same type of deposit described above and be released from some of the restrictive covenants in the notes. This is called covenant defeasance. In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the notes. In order to achieve covenant defeasance, we must do the following, subject to certain conditions:

- >> We must deposit in trust for your benefit a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes on their various due dates.
- >> We must deliver to the trustee a legal opinion of our counsel confirming that we may make the above deposit without causing you to be taxed on the notes any differently than if we did not make the deposit and instead repaid the notes ourselves.

37

If we accomplish covenant defeasance, the following provisions of the indenture and the notes would no longer apply:

- >> Bowater's promises regarding conduct of its business previously described above under the subsection entitled "Certain Covenants";
- >> Bowater's obligations previously described above under the subsection entitled "Reports";
- >> the conditions that apply when Bowater merges or engages in similar transactions, as previously described above under the subsection entitled "Mergers and Similar Events"; and
- >> the events of default relating to breach of certain covenants, certain events in bankruptcy, insolvency or reorganization, and acceleration of the maturity of other debt, described below under the subsection entitled "Events of Default."

If we accomplish covenant defeasance, you can still look to us for repayment of the notes if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurred (such as our bankruptcy) and the notes became immediately due and payable, there may be such a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

EVENTS OF DEFAULT

The term "event of default" means any of the following:

- >> Bowater does not pay interest on a note within 30 days of its due date;
- >> Bowater does not pay the principal or any premium on a note on its due date;
- >> Bowater fails to perform any restrictive covenant or other term of the indenture for 60 days after receipt of notice of such breach and a request to cure from the trustee or holders of at least 25% of the principal amount of the notes outstanding; or
- >> Bowater files for bankruptcy or certain other events of bankruptcy,

Edgar Filing: BOWATER INC - Form S-4

insolvency or reorganization occur.

REMEDIES IF AN EVENT OF DEFAULT OCCURS

If an event of default has occurred and has not been cured, the trustee or the holders of 25% of the principal amount of the outstanding notes may declare the entire principal amount of all the notes to be due and immediately payable. This is called a declaration of acceleration of maturity. If an event of default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all notes will be automatically accelerated, without any action by the trustee or any holder. A declaration of acceleration of maturity may be canceled by the holders of at least a majority in principal amount of the notes if we get current in our payments (other than accelerated payments) and all other events of default have been cured or waived.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee protection from expenses and liability satisfactory to the trustee, which is called an indemnity. If reasonable indemnity is provided, the holders of a majority of the principal amount of the outstanding notes may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority holders may also direct the trustee in performing any other action under the indenture.

Before you may bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the notes, the following must occur:

- >> you must give the trustee written notice that an event of default has occurred and remains uncured;
- >> the holders of 25% in principal amount of all outstanding notes must make a written request that the trustee take action because of the default, and must offer indemnity reasonably satisfactory to the trustee against the cost and other liabilities of taking that action;

38

- >> the trustee must have not taken action for 60 days after the receipt of the above notice and offer of indemnity; and
- >> the holders of a majority in principal amount of all outstanding notes must not have given the trustee any direction inconsistent with that request during such 60 day period.

You are, however, entitled at any time to bring a lawsuit for the payment of money due on your notes on or after their due date.

We will furnish to the trustee every year a written statement regarding our performance of our obligations under the indenture and any default in such performance.

THE TRUSTEE

The trustee's current address is 101 Barclay Street, Floor 8W, New York, New York 10286. The trustee also serves as the registrar and transfer agent for our common stock, is a lender under certain of our credit facilities and serves as a trustee under other debt securities issued by our subsidiaries having an aggregate principal amount of \$919 million and in connection with certain of our pension plans. BNY Capital Markets, Inc., an affiliate of the trustee, was an

Edgar Filing: BOWATER INC - Form S-4

initial purchaser of the original notes and purchased \$17.4 million in principal amount of the original notes.

The indenture provides that, except during the continuance of an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an event of default, the trustee may in its discretion proceed to protect and enforce its rights and the rights of the note holders by such appropriate judicial proceedings as the trustee shall deem necessary to protect and enforce such rights.

The indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the trustee, should it become our creditor, to obtain payment of claims in certain cases or to liquidate certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates. If the trustee acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate such conflict or resign.

GOVERNING LAW

The indenture and the notes will be governed by and construed in accordance with the laws of the State of New York.

BOOK-ENTRY, DELIVERY AND FORM OF SECURITIES

The notes will be represented by one or more global notes (the "Global Notes") in definitive form. The Global Notes will be deposited on the issue date with, or on behalf of, The Depository Trust Company ("DTC") and registered in the name of Cede & Co., as nominee of DTC (referred to in this prospectus as the "Global Note Holder"). The Global Notes will be subject to certain restrictions on transfer and will bear the legend regarding these restrictions set forth under the heading "Notice to Investors." DTC will maintain the notes in denominations of \$1,000 and integral multiples thereof through its book-entry facilities.

DTC has advised us as follows:

DTC is a limited-purpose trust company that was created to hold securities for its participating organizations, including the Euroclear System and Clearstream Banking, Societe Anonyme, Luxembourg (collectively, the "Participants" or the "Depository's Participants"), and to facilitate the clearance and settlement of transactions in these securities between Participants through electronic book-entry changes in accounts of its Participants. The Depository's Participants include securities brokers and dealers (including the initial purchasers of the original notes), banks and trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies (collectively, the "Indirect Participants" or the "Depository's Indirect Participants") that clear through or maintain a custodial relationship with a Participant, either directly or indirectly. Persons who are not Participants may

39

beneficially own securities held by or on behalf of DTC only through the Depository's Participants or the Depository's Indirect Participants. Pursuant to procedures established by DTC, ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the interests of the Depository's Participants) and the records of the Depository's Participants (with respect to the interests of the Depository's Indirect Participants).

Edgar Filing: BOWATER INC - Form S-4

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer the notes will be limited to that extent.

So long as the Global Note Holder is the registered owner of any notes, the Global Note Holder will be considered the sole holder of outstanding notes represented by such Global Notes under the indenture. Except as provided below, owners of notes will not be entitled to have notes registered in their names and will not be considered the owners or holders thereof under the indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to the trustee thereunder. Neither the issuer of the notes nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, or for maintaining, supervising or reviewing any records of DTC relating to such notes.

Payments in respect of the principal of, premium, if any, and interest on any notes registered in the name of the Global Note Holder on the applicable record date will be payable by the trustee to or at the direction of the Global Note Holder in its capacity as the registered holder under the indenture. Under the terms of the indenture, the issuer of the notes and the trustee may treat the persons in whose names any notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, neither the issuer of the notes nor the trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of notes (including principal, premium, if any, and interest). We believe, however, that it is currently the policy of DTC to immediately credit the accounts of the relevant Participants with such payments, in amounts proportionate to their respective beneficial interests in the relevant security as shown on the records of DTC. Payments by the Depository's Participants and the Depository's Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practice and will be the responsibility of the Depository's Participants or the Depository's Indirect Participants.

Subject to certain conditions, any person having a beneficial interest in the Global Notes may, upon request to the trustee and confirmation of such beneficial interest by the Depository or its Participants or Indirect Participants, exchange such beneficial interest for notes in definitive form. Upon any such issuance, the trustee is required to register such notes in the name of, and cause the same to be delivered to, such person or persons (or the nominee of any thereof). Such notes would be issued in fully registered form. In addition, if (1) we notify the trustee in writing that DTC is no longer willing or able to act as a depository and we are unable to locate a qualified successor within 90 days or (2) we, at our option, notify the trustee in writing that we elect to cause the issuance of notes in definitive form under the indenture, then, upon surrender by the Global Note Holder of its Global Note, notes in such form will be issued to each person that such Global Note Holder and DTC identify as being the beneficial owner of the related notes.

Neither Bowater nor the trustee will be liable for any delay by the Global Note Holder or DTC in identifying the beneficial owners of notes and the issuer of the notes and the trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note Holder or DTC for all purposes.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion addresses the material U.S. federal income tax considerations relating to the Exchange Offer and the purchase, ownership and disposition of the notes. This discussion is based on the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), the applicable treasury regulations promulgated or proposed under the Code, judicial authority and current administrative rulings and practice. All of these authorities may change without notice, possibly on a retroactive basis. This summary deals only with holders that will hold notes as capital assets within the meaning of Section 1221 of the Code. It does not address tax considerations applicable to investors that may be subject to special tax rules, such as banks and other financial institutions; tax-exempt organizations; insurance companies; traders or dealers in securities or currencies; custodians, nominees or similar financial intermediaries holding notes for others; or persons that will hold notes as a position in a hedging transaction, straddle or conversion transaction for tax purposes. This summary does not discuss the tax consequences of any conversion of currency into or out of the U.S. dollar as such a conversion relates to the purchase, ownership or disposition of the notes. We have not sought any ruling from the Internal Revenue Service (IRS) with respect to the statements made and the conclusions reached in the following summary. There can be no assurance that the IRS will agree with such statements and conclusions.

PROSPECTIVE INVESTORS IN THE NOTES SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES ARISING UNDER THE LAWS OF ANY STATE, LOCAL OR FOREIGN TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

Because the exchange notes will not differ materially in kind or extent from the original notes, your exchange of original notes for exchange notes will not constitute a taxable disposition of the original notes for United States federal income tax purposes. As a result, you will not recognize income, gain or loss on your exchange of original notes for exchange notes, your holding period for the exchange notes will generally include your holding period for original notes, your adjusted tax basis on the exchange notes will generally be the same as your adjusted tax basis in your original notes and all of the United States federal income tax consequences associated with owning the original notes should continue to apply to the exchange notes.

41

PLAN OF DISTRIBUTION

Generally, exchange notes will be distributed in exchange for the original notes pursuant to the exchange offer as described above under the heading "The Exchange Offer."

We have not entered into any arrangement or understanding with any person to

Edgar Filing: BOWATER INC - Form S-4

distribute the exchange notes to be received in the exchange offer, and to the best of our knowledge and belief, each person participating in the exchange offer is acquiring the exchange notes in its ordinary course of business and has no arrangement or understanding with any person to participate in the distribution of the exchange notes to be received in the exchange offer.

The staff of the SEC has taken the position that any broker-dealer that elects to exchange original notes that were acquired by such broker-dealer for its own account as a result of market-making or other trading activities for exchange notes in the exchange offer may be deemed to be an "underwriter" within the meaning of the Securities Act and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of exchange notes (other than a resale of an unsold allotment resulting from the initial offering of the original notes).

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Under current positions taken by the staff of the SEC, broker-dealers may use this prospectus, as it may be amended or supplemented from time to time, in connection with the resale of exchange notes received in exchange for original notes where the broker-dealer acquired the original notes as a result of market-making activities or other trading activities. To the extent a broker-dealer participates in the exchange offer and so notifies us, we have agreed to keep the registration statement containing this prospectus continually effective and to make this prospectus, as amended or supplemented, available to the broker-dealer for use in connection with any such resale for a period of up to 180 days after the registration statement containing this prospectus is declared effective (subject to extension in certain circumstances). We will promptly send additional copies of this prospectus and any amendment or supplement to any broker-dealer that requests the documents in the letter of transmittal.

We will not receive any proceeds from any sale of exchange notes by broker-dealers or any other persons. Broker-dealers may sell exchange notes received by them for their own account pursuant to the exchange offer from time to time in one or more transactions:

- >> in the over-the-counter market;
- >> in negotiated transactions;
- >> through the writing of options on the exchange notes; or
- >> through a combination of the above methods of resale.

Any such sale may be at market prices prevailing at the time of resale, at prices related to the prevailing market prices or at negotiated prices. Broker-dealers may resell exchange notes directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer and/or the purchasers of the exchange notes.

Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be "underwriters" within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Edgar Filing: BOWATER INC - Form S-4

We have agreed to pay all expenses incident to the exchange offer, other than commissions and concessions of any broker-dealer. We also will provide indemnification against specified liabilities, including liabilities that may arise under the Securities Act, to broker-dealers that exchange original notes acquired for their own accounts as a result of market-making activities or other trading activities in the exchange offer for exchange notes.

By its acceptance of the exchange offer, any broker-dealer that receives exchange notes pursuant to the exchange offer agrees to notify us before using the prospectus in connection with the sale or transfer of exchange notes. The broker-dealer further acknowledges and agrees that, upon receipt of notice from us of the happening of any event which:

- >> makes any statement in this prospectus, the registration statement containing this prospectus or any document incorporated by reference in the registration statement untrue in any material respect;
- >> requires the making of any changes in the prospectus to make the statements in the prospectus, the registration statement containing this prospectus or any document incorporated by reference in the registration statement not misleading; or
- >> may impose upon us disclosure obligations that may have a material adverse effect on us,

which notice we agree to deliver promptly to the broker-dealer, the broker-dealer will suspend use of the prospectus until we have notified the broker-dealer that delivery of the prospectus may resume and have furnished copies of any amendment or supplement to the prospectus to the broker-dealer.

Certain legal matters with respect to the validity of the notes offered hereby will be passed upon for us by Harry F. Geair, our Vice President - General Counsel and Secretary. INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 20. INDEMNIFICATION OF OFFICERS & DIRECTORS.

Section 145 of the Delaware General Corporation Law provides for indemnification of directors and officers against any legal liability (other than liability arising from derivative suits) if the officer or director acted in good faith and in a manner that he reasonably believed to be in or not opposed to the best interests of the corporation. In criminal actions, the officer or director must also have had no reasonable cause to believe that his conduct was unlawful. A corporation may indemnify an officer or director in a derivative suit if the officer or director acted in good faith and in a manner that he reasonably believed to be in or not opposed to the best interest of the corporation unless the officer or director is found liable to the corporation. However, if the Court of Chancery or the court in which such action or suit was brought determines that the officer or director is fairly and reasonably entitled to indemnity, then the Court of Chancery or such other court may permit indemnity for such officer or director to the extent it deems proper. Delaware law requires the corporation to indemnify directors and officers against expenses they reasonably incur in defending an action, suit or proceeding described above to the extent that their defense is successful.

The Registrant's Restated Certificate of Incorporation provides generally that the Registrant shall indemnify its present and past directors and officers to the fullest extent permitted by the laws of Delaware as they may exist from time to time. Directors and officers of the Registrant and its subsidiaries are indemnified generally against expenses reasonably incurred in connection with proceedings, whether civil or criminal. The Registrant's Restated Certificate of Incorporation also provides that indemnification thereunder is not exclusive.

The Registrant's Restated Certificate of Incorporation provides that, to the full extent permitted by Delaware law, directors of the Registrant shall not be held personally liable to the Registrant or its stockholders for monetary damages arising from certain breaches of their fiduciary duties. The provision does not insulate directors from personal liability for (i) breaches of their duty of loyalty to the Registrant or its stockholders, (ii) acts or omissions not taken in good faith or that involve intentional misconduct or knowing violation of law, (iii) transactions in which the director derives any improper personal benefit or (iv) unlawfully voting to pay dividends or to repurchase to redeem stock.

The Registrant maintains insurance policies providing for indemnification of directors and officers and for reimbursement to the Registrant for monies which

Edgar Filing: BOWATER INC - Form S-4

it may pay as indemnity to any director or officer, subject to the conditions and exclusions of the policies and specified deductible provisions.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into this prospectus pursuant to Item 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other
