SCIENTIFIC GAMES SIGNS LETTER OF INTENT TO
ACQUIRE MDI FOR \$2.10 PER MDI SHARE

ADDS BRANDED ENTERTAINMENT PROPERTIES AND MERCHANDISE PRIZE FULFILLMENT

NEW YORK, FEBRUARY 26, 2002, SCIENTIFIC GAMES CORPORATION (NASDAQ: SGMS) AND MDI ENTERTAINMENT, INC. (OTC: LTRY.OB) today announced they have executed a Letter of Intent for Scientific Games to acquire all of the outstanding shares of MDI (except for the 708,333 shares which are currently owned by Scientific Games) by exchanging its shares for MDI shares at \$2.10 per MDI share. Steve Saferin, CEO, President and principal stockholder, will escrow approximately \$1.8 worth million of Scientific Games common stock subject to release upon the achievement of certain EBITDA (earnings before interest, taxes, depreciation and amortization) targets by the acquired business over four years. The closing of the transaction is subject to certain conditions including execution of definitive agreements, the completion of due diligence and shareholder approval by MDI shareholders.

Steven Saferin, CEO and President of MDI Entertainment, will continue as CEO and President of MDI, which will become a wholly owned subsidiary of Scientific Games. MDI will operate as an autonomous business unit and will continue to offer its products and services to all lotteries.

MDI currently has under license the largest library of proprietary contents in the lottery industry. Among the almost 35 entertainment properties, cultural icons, and personalities that MDI exclusively represents are Harley Davidson(R), Wheel of Fortune(R) and Elvis(R). An integral part of MDI's lottery offerings is the sale of licensed and branded merchandise that lotteries offer as second chance prizes. The company designs complete promotional programs for lotteries, including game design, prize structure, point of sale promotions, advertising and prize fulfillment.

Lorne Weil, Chairman and CEO of Scientific Games Corporation, said, "This merger will be a significant step forward in our objective to offer lottery customers a wide variety of successful products and services. MDI is well known for providing branded instant ticket games along with lottery prizes and marketing services. We believe we can significantly expand branded sales by combining MDI's proven creativity and merchandising success with our game design, printing, logistics and market presence throughout the world. In addition, MDI's branding and merchandising capabilities will enhance the proprietary probability tickets we are developing."

Steve Saferin said, "We are very pleased to expand our existing relationship and join forces with Scientific Games, the largest instant ticket supplier in the world and leading integrated lottery services supplier. We have already proven that lotteries using our branded instant tickets and merchandising can attract new, younger players and increase lottery sales. By working with Scientific
