## **Formula Systems Announces First Quarter Results**

### **Revenues increased to \$87.7 million**

Herzliya, Israel, May 21, 2003 - Formula Systems Ltd., (Nasdaq:FORTY), a leading provider of information technology products, solutions and services, today is pleased to announce its financial results for the first quarter ended March 31, 2003.

Revenues in the first quarter of 2003 increased to \$87.7 million from \$73.2 million in the first quarter of 2002. Net loss for the first quarter was \$1.0 million compared with a net profit of \$1.7 million in the first quarter of 2002.

#### First Quarter Highlights

##### Consolidation of Sapiens

In the first quarter of 2003 the company has consolidated the results of its subsidiary Sapiens International Corporation N.V. (Nasdaq and TASE: SPNS) in its reports. Sapiens is a provider of proven IT solutions that modernize business processes and enable insurance organizations and other leading companies to adapt quickly to change.

##### Crystal-Liraz Merger Proceeding as Planned

During the first quarter our subsidiary Crystal Systems Solutions (Nasdaq:CRYS) successfully completed its tender offer to acquire all outstanding shares in Liraz Systems. As a result, the entire merger plan with Liraz, and its wholly owned subsidiary BluePhoenix, was immediately implemented. The combination of Crystal and BluePhoenix creates a company with a global presence, highly regarded technology and extensive business expertise.

##### Merger in Matrix Group Continues

In the first quarter our subsidiary Matrix continued its efforts to merger its subsidiaries New Applicom, Sintec and Sivan, creating the largest IT company in Israel, providing Matrix with critical mass, operating efficiency and a more unified corporate structure and identity.

##### Magic launches iBOLT

During the quarter, our subsidiary Magic Software Enterprises (Nasdaq:MGIC) announced the launch of its iBOLT Integration Suite. iBOLT is a new product family that will provide affordable enterprise application to mid-sized businesses and systems integrators.

##### NextSource releases People Blue Book version II

During the first quarter of 2003 nextSource Inc released version two of its People Blue Book, the one source for solutions to all of a company's human capital management needs. The People Blue Book contains the People Ticker, the only real-time view of salaries and rates based on industry, position level and location. Another chapter in the People Blue Book is TAMS (Talent Acquisition Management Solution). This web-based, staffing lifecycle system enables corporations to control and monitor both the processes and spend associated with contingent, full-time and project-based workers. NextSource continues to gain market share in this rapidly growing industry.

Gad Goldstein, President of Formula, commented: "In the first quarter most of our subsidiaries regained operational profitability and more important positive cash flow. Throughout this year we will work closely with the managements of our portfolio companies to assure the return to growth patterns and net profits. We believe that achieving positive EBITDA is a goal that all of our subsidiaries can accomplish. Furthermore based on the backlog of our subsidiaries we are amending our previous revenues expectations for 2003 and raising it by 5% to \$336 million - \$367 million."

The Company announces that Dr. Shlomo Nass has joined the Company's Board of Directors. Dr. Nass is a certified CPA and holds a PH.D in Law. Dr. Nass serves as the board's financial expert.

Formula Systems Ltd., is a global information technology company principally engaged, through its subsidiaries and affiliates, in providing software consulting services, developing proprietary software products and providing computer-based business solutions.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995:

Statements made in this press release that are not historical facts are forward-looking statements. Such statements involve various risks that may cause actual results to differ materially. These risks and uncertainties include, but are not limited to: market demand for the company's products, dependence on strategic partners, integration of new business, successful implementation of Formula's products, economic and competitive factors, international market conditions, management of growth, technological developments, the ability to finance operations and other factors which are detailed in Formula's Securities and Exchange Commission filings, including its most recent report on Form 20-F. Formula undertakes no obligation to publicly release any revision to any forward-looking statement.
