NHC Reports 20.1% Increase in Net Income

MURFREESBORO, Tenn. -- National HealthCare Corporation (AMEX: NHC), a 33 year-old publicly traded long-term health care company, today announced after tax earnings for the year ended Dec. 31, 2004 of \$23,972,000 or \$2.05 per share basic compared to \$19,952,000 or \$1.72 per share basic for the year ended Dec. 31, 2003, an increase of 20.1% and 21.4%, respectively.

For the three months ended Dec. 31, 2004 net income was \$8,777,000 compared to \$6,563,000 in 2003, a 33.7% increase. Earnings per basic share were 75 cents compared to 56 cents last year. Revenues for the three months ended Dec. 31, 2004 totaled \$151,032,000 compared to \$124,557,000 for the last three months of 2003. Revenues in 2004 were \$521,829,000 compared to \$472,864,000 in 2003.

Our results for 2004 reflect continued strong occupancy, improved management fee collections, the recognition of approximately \$22.3 million of prior year Medicare and Medicaid reserves and the accrual of approximately \$18.4 million in accrued risks reserves related to health insurance, workers compensation and professional liability claims.

NHC operates for itself and third parties 74 long-term health care centers with 9,177 beds. NHC also operates 31 homecare programs, six independent living centers and 22 assisted living centers. NHC's other services include managed care specialty medical units, Alzheimer's units, rehabilitative services and accounting and financial services. Additional information including the company's most recent press releases may be obtained on NHC's Web site at www.NHCcare.com.

Statements in this press release that are not historical facts are forward-looking statements. NHC cautions investors that any forward-looking statements made involve risks and uncertainties and are not guarantees of future performance. The risks and uncertainties are detailed from time to time in reports filed by NHC with the S.E.C., including Forms 8-K, 10-Q and 10-K, and include, among others, the following: liabilities and other claims asserted against us, including claims related to the 2003 fire and patient care liabilities, as well as the resolution of current litigation; availability of insurance and assets for indemnification; national and local economic conditions; including their effect on the availability and cost of labor, utilities and materials; the effect of government regulations and changes in regulations governing the healthcare industry, including our compliance with such regulations; changes in Medicare and Medicaid payment levels and methodologies and the application of such methodologies by the government and its fiscal intermediaries, the ability of third parties for whom we have guaranteed debt to refinance certain short term debt obligations; and other factors referenced or incorporated by reference in the S.E.C. filings. The risks included here are not exhaustive. All forward-looking statements represent NHC's best judgment as of the date of this release.
