NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders of Specialty Laboratories, Inc., a California corporation (the "Company"), will be held on Thursday, May 8, 2003, at 8:00 a.m. Pacific Time at Doubletree Hotel-Westwood, 10740 Wilshire Blvd., Los Angeles, California 90024, for the following purposes, as more fully described in the Proxy Statement accompanying this Notice:

1. To elect eight directors to serve on the Company's Board of Directors until the 2004 Annual Meeting of Shareholders or until their successors are duly elected and qualified;
2. To ratify the appointment of Ernst & Young LLP as independent accountants of the Company for the fiscal year ending December 31, 2003;
3. To approve and ratify an amendment to the Company's 2000 Stock Incentive Plan to increase the number of options annually granted to non-employee directors under the Automatic Grant Program; and
4. To transact such other business as may properly come before the meeting or any adjournment or adjournments thereof.

The foregoing matters are described in more detail in the enclosed Proxy Statement. The Board of Directors has fixed the close of business on March 17, 2003 as the record date for the determination of the shareholders entitled to notice of, and to vote at, the Annual Meeting and any postponement or adjournment thereof. Only those shareholders of record of the Company as of the close of business on that date will be entitled to vote at the Annual Meeting or any postponement or adjournment thereof. A list of shareholders entitled to vote at the Annual Meeting will be available for inspection at the executive offices of the Company.

All shareholders are cordially invited to attend the meeting in person. Whether or not you plan to attend, please sign and return the enclosed proxy as promptly as possible in the envelope enclosed for your convenience. Should you receive more than one proxy because your shares are registered in different names and addresses, each proxy should be signed and returned to assure that all of your shares will be voted. You may revoke your proxy at any time prior to the Annual Meeting. If you attend the Annual Meeting and vote by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted.

YOUR VOTE IS VERY IMPORTANT, REGARDLESS OF THE NUMBER OF SHARES YOU OWN. PLEASE READ THE ATTACHED PROXY STATEMENT CAREFULLY AND THEN COMPLETE, SIGN AND DATE THE ENCLOSED PROXY CARD AS PROMPTLY AS POSSIBLE AND RETURN IT IN THE ENCLOSED ENVELOPE.

PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 8, 2003

The enclosed proxy card is solicited on behalf of the Board of Directors of Specialty Laboratories, Inc., a California corporation (the "Company"), for use at the Annual Meeting of Shareholders to be held on May 8, 2003, at 8 a.m. Pacific Time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at Doubletree Hotel-Westwood, 10740 Wilshire Blvd., Los Angeles, California 90024.

Your vote at the Annual Meeting is important to us. Please vote your shares of common stock by completing the enclosed proxy card and returning it to us in the enclosed envelope. This Proxy Statement has information about the Annual Meeting and was prepared by our management for the Board of Directors. This Proxy Statement and the accompanying proxy card are first being mailed to you on or about April 3, 2003.

GENERAL INFORMATION ABOUT VOTING

Who can attend the meeting?

Attendance at the Annual Meeting is limited to shareholders. Admission to the meeting will be on a first-come, first-served basis. Registration will begin at 8 a.m. and each shareholder may be asked to present valid picture identification such as a driver's license or passport. If your shares are held in "street name," you need to present a letter or current statement from your broker, bank or other nominee to prove you are a shareholder. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Who can vote?

Edgar Filing: SPECIALTY LABORATORIES - Form DEF 14A

You can vote your shares of common stock if our records show that you owned the shares at the close of business on March 17, 2003. A total of 22,094,832 shares of common stock can vote at the Annual Meeting. You get one vote for each share of common stock. You may not cumulate votes in the election of directors. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope by following the instructions on your proxy card. If the proxy card is properly signed and returned, the proxy holders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxy holders will vote for you on that proposal. Unless you instruct otherwise, the proxy holders will vote "FOR" each of the director nominees and "FOR" each of the other proposals to be considered at the meeting. Signing and returning the proxy card does not affect your right to vote in person at the Annual Meeting.

What if other matters come up at the Annual Meeting?

The matters described in this Proxy Statement are the only matters we know will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxy holders will vote your shares as they see fit.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by filing with Deborah A. Estes, our Secretary, at our principal offices at 2211 Michigan Avenue, Santa Monica, California 90404, a written notice revoking your proxy card or by signing, dating and returning to us a new proxy card. We will honor the proxy card with the latest date. You may also revoke your proxy card by attending the Annual Meeting and voting in person.

Can I vote in person at the Annual Meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

What do I do if my shares are held in "street name"?

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

How are votes counted?

So long as the required quorum is present, for Proposal No. 1, the election of directors, the eight candidates receiving the highest number of affirmative votes will be elected as directors. Proposal No. 2, the ratification of our independent accountants, requires the affirmative vote of a majority of the required quorum. Proposal No. 3, the amendment to our 2000 Stock Incentive Plan, requires the affirmative vote of a majority of the required quorum.

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of common stock entitled to vote. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" in a matter are treated as being present at the meeting for purposes of establishing the quorum, but only shares voted "FOR" or "AGAINST" are treated as votes cast at the Annual Meeting with respect to such matter.

Abstentions and shares held by brokers that are present in person or represented by proxy but that are not voted because the brokers were prohibited from exercising discretionary authority ("broker non-votes"), will be counted for the purpose of determining whether a quorum is present for the transaction of business. Abstentions and broker non-votes can have the effect of preventing approval of a proposal where the number of affirmative votes, though a majority of the votes cast, does not constitute a majority of the required quorum. All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Who pays for this proxy solicitation?

The Company will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the proxy card and any additional solicitation materials furnished to the shareholders. Copies of solicitation materials will be furnished to brokerage

houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The

original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

SHAREHOLDER PROPOSALS

To be included in the Proxy Statement and form of proxy card relating to the Annual Meeting to be held in 2004, a shareholder proposal must be received by Deborah A. Estes, Secretary, Specialty Laboratories, Inc., 2211 Michigan Avenue, Santa Monica, California 90404 no later than December 4, 2003. If the Company is not notified of a shareholder proposal by February 16, 2004, then the proxies solicited by the Board of Directors for the 2004 Annual Meeting will confer discretionary authority to vote against such shareholder proposal.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

OVERVIEW OF PROPOSALS

This Proxy Statement contains three proposals requiring shareholder action. Proposal No. 1 requests the election of eight nominees to our Board of Directors. Proposal No. 2 requests ratification of our independent accountants. Proposal No. 3 requests approval and ratification of the amendment to our 2000 Stock Incentive Plan to increase the number of options annually granted to non-employee directors under the Automatic Option Grant Program. Each of the proposals is discussed in more detail in the pages that follow.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

Our Board of Directors currently consists of eight persons. All eight positions on our Board of Directors are to be elected at this meeting. Our Board of Directors has nominated the current directors to be re-elected to serve for a one-year term and until their successors are duly elected and qualified.

Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the proxy card or, if no direction is made, for the election of the Board of Director's eight nominees below. Proxies cannot be voted for more than the eight named nominees.

Each nominee for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote for a nominee designated by the present Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them "FOR" the nominees named below.

The names of the nominees, and certain information about them, are set forth below.

Our Board of Directors is currently composed of eight members. Each director currently serves until the next annual meeting of shareholders or until his successor is duly elected and qualified. At each annual meeting of shareholders, the directors' successors will be elected to serve until the next annual meeting of shareholders. In addition, our Bylaws provide that the authorized number of directors will be between five and nine, with the exact number to be determined by a majority of our Board of Director or shareholders. Our Board of Directors held fourteen meetings and acted by unanimous written consent one time during 2002. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of our Board of Directors and (ii) the total number of meetings held by all committees of our Board of Directors on which such director served during 2002.

Board Committees and Meetings

Our Board of Directors has four standing committees: the Audit Committee, Compensation Committee, Nominating Committee and Regulatory Committee.

Audit Committee We established our Audit Committee in January 1997. In connection with our initial public offering, our Board of Directors revised our charter for the Audit Committee in October 2000, and changed the composition of our Audit Committee. The charter for the Audit Committee was filed as Annex A to the Definitive Proxy Statement filed with the Securities and Exchange Commission on April 10, 2001. Our Audit Committee is currently composed of Messrs. Nydam, Testman, and Belluzzo. Ms. DeParle was a member from November 2001 until February 2003. The Audit Committee reviews our financial statements and accounting practices, makes recommendations to our Board of Directors regarding the selection of independent accountants, reviews the results and scope of our annual audit and other services provided by our independent accountants, and monitors the Company's legal and regulatory compliance. Our Audit Committee met in February 2003, in connection with the audit of our 2002 financial statements, and held eleven meetings in 2002. The Board of Directors has determined that all members of the Audit Committee are "independent" as that term is defined in Paragraph 303.01(B)(2)(a) and (3) of the New York Stock Exchange Manual.

Compensation Committee Our Compensation Committee was formed in January 1997. Currently our Compensation Committee is composed of Messrs. Gregg, Belluzzo, and Testman. The Compensation Committee is responsible for the design, review, recommendation, and approval of compensation arrangements for our directors, executive officers and key employees, and for the administration of our 2000 Stock Incentive Plan, including the approval of grants under such plan to our employees, consultants and directors. The Compensation Committee operates under a written compensation charter adopted by our Board of Directors. Our Compensation Committee met eight times in 2002 and acted by unanimous

written consent two times during 2002.

Nominating Committee Our Nominating Committee was formed in May 2001. Currently our Nominating Committee is composed of Messrs. Peter, Testman, and Ms. DeParle. The Nominating Committee is responsible for the review, recommendation and approval of qualified candidates to serve as directors on the Company's Board of Directors. Our Nominating Committee operates under a written nominating committee charter adopted by our Board of Directors. Our Nominating Committee did not meet in 2002 and did not act by unanimous written consent during 2002.

Regulatory Committee Our Regulatory Committee was established in February 2003. The Regulatory Committee was established to provide review and oversight of regulatory affairs of the Company. The Regulatory Committee is composed of Ms. DeParle and Mr. Gregg.

Compensation Committee Interlocks and Insider Participation

Our Board of Directors established our Compensation Committee in January 1997. From May 2001 to April 2002, our Compensation Committee was composed of Dr. Harrington and Messrs. Kane, Belluzzo and Testman. Dr. Harrington resigned from the Compensation Committee in April 2002 when he became our chief executive officer. In October 2002, Mr. Kane resigned as a member of our Board of Directors, including his position on the Compensation Committee. In June 2002, Mr. Gregg was appointed a member of our Board, and Mr. Gregg became a member and Chairperson of our Compensation Committee in November 2002. Our Compensation Committee currently consists of Messrs. Gregg, Belluzzo and Testman.

None of the members of our Compensation Committee was at any time since the formation of the Company an officer or employee of the Specialty. None of our executive officers serve as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving on our Board of Directors or our Compensation Committee.

6

Director Compensation

We generally do not provide cash or equity compensation to employee directors for serving on our Board of Directors or for attendance of committee meetings of the Board of Directors. Each director is reimbursed for out-of-pocket expenses to attend each Board of Directors meeting and each committee meeting. Non-employee directors receive a retainer of \$2,500 per quarter, \$1,500 for each Board of Directors meeting attended, \$500 for each Board of Directors teleconference meeting attended, and \$500 for each teleconference meeting of a committee of the Board of Directors attended. In addition, the secretary of our Board of Directors meetings, Deborah Estes, receives an additional \$14,000 per year for her services. Non-employee directors will, upon their initial election or appointment to the Board of Directors, receive an automatic option grant to purchase 22,000 shares of common stock that will vest over a four-year period from the grant date. Elected by the Board of Directors in 2002, Mr. Gregg received such option grants for 22,000 shares of common stock in June 2002. Members of the Board of Directors also receive annual option grants of 11,000 shares of common stock vesting in a one-year period, which are granted on the first trading day of April of every year and have an exercise price equal to the fair market value of our common stock on the date of grant.

Vote Required

The eight nominees for director receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Votes withheld from any director are counted for purposes of determining the presence or absence of the quorum, but have no other legal effect under California law.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that the shareholders vote "FOR" the re-election of the nominees named above.

7

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

During the fiscal year ended December 31, 2002, Ernst & Young LLP provided various audit, audit related and non-audit services to us as follows:

- a. Audit Fees: Aggregate fees billed for professional services rendered for the audit and review of our fiscal year 2002 annual and quarterly financial statements totaled approximately \$195,345.
- b. Financial Information Systems Design and Implementation Fees: None.
- c. All Other Fees:
 - Tax compliance and consulting services: approximately \$83,549.
 - Real estate advisory: approximately \$37,207.

Our Audit Committee has considered whether provision of the services described in sections (b) and (c) above are compatible with maintaining the independent accountants' independence and has determined that such services have not adversely affected Ernst & Young LLP's independence. Ernst & Young LLP has been selected by our Board of Directors as our independent accountants for the fiscal year ending December 31, 2003. If ratification of this selection of accountants is not approved by a majority of the shares of common stock voting thereon, management will review its future selection of accountants. Even if the selection is ratified, our Board of Directors in its discretion may direct the appointment of a different independent auditing firm at any time during the year if our Board of Directors believes that such a change would be in the best interests of us and our shareholders.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment of Ernst & Young LLP as the independent accountants for the current year.

Vote Required

The ratification of the appointment of Ernst & Young LLP as our independent accountants for the fiscal year ending December 31, 2003 requires the affirmative vote of the holders of a majority of the shares of our common stock present at the Annual Meeting in person or by proxy and entitled to vote.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that the shareholders vote "FOR" ratification of the appointment of Ernst & Young LLP as our independent accountants for the fiscal year ending December 31, 2003.

PROPOSAL NO. 3

**APPROVAL AND RATIFICATION OF AN AMENDMENT
TO THE COMPANY'S 2000 STOCK INCENTIVE PLAN**

Background

In September 2000, the Company adopted the 2000 Stock Incentive Plan (the "Plan") that authorized automatic, non-discretionary awards of options to non-employee Board members (the "Automatic Option Grant Program"). Under the Automatic Option Grant Program, on the first trading day of April each non-employee Board member continuing to serve on the Board of Directors automatically receives a non-statutory option to purchase 5,500 shares of the Company's common stock. After considering the Company's interest in motivation and retention of

Edgar Filing: SPECIALTY LABORATORIES - Form DEF 14A

qualified non-employee directors, examining its compensation policies and arrangements, and reviewing general factors, including, but not limited to, the capital markets and the Company's stock price, the Board of Directors decided to increase the number of option shares granted under the Automatic Option Grant Program. In February 2001, the Board of Directors adopted an amendment to the Plan providing for an increase in the number of option shares granted to non-employee Board members under the Automatic Option Grant Program (the "Amendment"). The Amendment provides that on the first trading day of April, each non-employee Board member continuing to serve on the Board shall be granted a non-statutory option to purchase 11,000 shares of the Company's common stock.

The Company's Board of Directors is seeking shareholder approval and ratification of the Amendment.

Summary Description of the Plan

The Automatic Option Grant Program as amended authorizes the grant of stock options for 22,000 shares of common stock to each non-employee Board member upon their initial election or appointment and the grant of stock options for 11,000 shares of common stock to each non-employee Board member on the first trading day of April of every year; provided that such non-employee Board member has served at least 6 months. Such options are non-statutory options and, therefore, do not qualify as incentive stock options within the meaning of Section 422 of the Internal Revenue Code, as amended (the "Code").

Each automatic grant will have an exercise price per share equal to the fair market value per share of our common stock on the grant date and will have a term of 10 years, subject to earlier termination following the optionee's cessation of service on the Board of Directors. The option will be immediately exercisable for all of the option shares; however, the Company will have a repurchase right, at the exercise price paid per share, to purchase any shares purchased under the option which are not vested at the time of the optionee's cessation of service on the Board of Directors. The shares subject to each initial 22,000-share automatic option grant will vest in a series of four equal successive annual installments upon the optionee's completion of each year of service on the Board of Directors over the four-year period measured from the grant date. The shares subject to each annual 11,000-share automatic option grant will vest upon the optionee's completion of one year of service on the Board of Directors measured from the grant date. However, the shares will immediately vest in full upon certain changes of control or ownership or upon the optionee's death or disability while a director.

Federal Income Tax Consequences

The following is a brief summary of certain federal income tax consequences of stock options to be granted under the Company's 2000 Stock Incentive Plan Automatic Option Grant Program, as proposed to be amended. This summary is not intended to be comprehensive or all-inclusive, and does not describe any state, local, estate or other tax consequences. AS A CONSEQUENCE, IF YOU ARE

9

AN OPTION HOLDER, YOU STRONGLY ARE URGED TO CONSULT YOUR OWN TAX ADVISOR AND SEEK YOUR TAX ADVISOR'S OPINION AS TO THE SPECIFIC TAX CONSEQUENCES TO YOU, INCLUDING THE APPLICATION OF FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX LAWS.

Stock options granted under the Automatic Option Grant Program shall be non-statutory options. Neither the option holder nor the Company will incur any federal income tax consequences upon the grant of such non-statutory options. The option holder will not recognize taxable income and the Company will not receive a tax deduction.

Upon exercise of the option, the option holder will recognize ordinary income and the Company will receive a tax deduction, in an amount equal to the difference between the exercise price and the fair market value of the shares that have vested (i.e., are not subject to the above described repurchase right) on the date of exercise. When the option holder sells shares of common stock received from exercising an option, any future gain or loss will be treated as short-term or long-term capital gain or loss, depending upon the length of time that the shares are held prior to sale.

Upon exercise of the option, the option holder will not recognize taxable income and the Company will not receive a tax deduction with respect to the shares that are unvested (i.e., subject to the above described repurchase right) unless the director makes an Code Section 83(b) election as of the date of exercise. If no Code Section 83(b) election is made, the option holder will recognize ordinary income and the Company will receive a tax deduction, in an amount equal to the difference between the exercise price and the fair market value of the unvested shares as of the date those shares become vested. When the option holder subsequently sells the vested shares of common stock, any future gain or loss will be treated as short-term or long-term capital gain or loss, depending upon the length of time from when the shares have become vested to when they are sold.

Edgar Filing: SPECIALTY LABORATORIES - Form DEF 14A

If the director makes a timely Code Section 83(b) election upon exercise of the option, the option holder will recognize ordinary income and the Company will receive a tax deduction, in an amount equal to the difference between the exercise price and the fair market value of the shares that have not vested as of the date of exercise (using a value that assumes such shares were vested). When the option holder sells these shares of common stock, any future gain or loss will be treated as short-term or long-term capital gain or loss, depending upon the length of time that the shares are held prior to sale.

Vote Required

The Amendment to the Plan requires the affirmative vote of the holders of a majority of the shares of common stock present at the Annual Meeting in person or by proxy and entitled to vote.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote "FOR" the approval and ratification of the amendment of the Company's stock option plan.

OTHER MATTERS

Our Board of Directors knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies received will be voted in respect thereof in accordance with the recommendation of the Board of Directors. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy card.

Each option grant vests 25% on the first anniversary of the grant date with the remainder vesting in equal installments over next 36 months except for the grants to Dr. Harrington of 11,000 options, which vest 100% on the first anniversary of the grant date, and 100,000 options, which vest 25% upon grant and in twelve equal monthly installments thereafter. Each option has a maximum term of ten years, subject to earlier termination upon the optionee's cessation of service with us.

Potential realizable values are net of exercise price of the option, but before the payment of taxes associated with the exercise. Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of our future common stock prices. These amounts represent assumed rates of appreciation in the value of the common stock from the fair market value on the date of grant. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock and overall stock market conditions. The amounts reflected in the table may not necessarily be achieved.

The following table sets forth information with respect to each of our executive officers named in the Summary Compensation Table concerning their exercise of stock options during the fiscal year ended December 31, 2002 and the number of shares subject to unexercised stock options held by them as of the close of such fiscal year. Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate this Proxy Statement or future filings made by the Company under those statutes, the Compensation Committee Report, the Audit Committee Report, reference to the independence of the Audit Committee members and Stock Performance Graph are not deemed filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by the Company under those prior filings or into any future filings made by the Company under those statutes.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for developing and making recommendations to the Board of Directors with respect to the Company's executive compensation policies. The role of the Compensation Committee, which is comprised of three outside non-employee directors, is to review and recommend or approve the base salaries, bonuses, stock options and other compensation of the executive officers and management-level employees of the Company. In addition, the Compensation Committee reviews bonus and stock compensation arrangements for all of our other employees.

The Company's executive compensation program utilizes a combination of Company performance, individual performance and an increase in shareholder value over time as determinants of executive pay levels. These principles are intended to provide a competitive compensation package to enable the Company to attract and retain key executives, motivate executive officers to improve the financial position of the Company, to hold executives accountable for the performance of the organizations for which they are responsible, and to create value for the Company's shareholders.

Executive Officer Compensation Program Components

The Compensation Committee reviews the Company's compensation program to ensure that salary levels and incentive opportunities are competitive and reflect the performance of the Company. The Company's compensation program for executive officers consists of base salary, annual cash bonuses and long-term compensation in the form of stock options. In addition, certain executive officers have been provided supplemental life and/or long-term disability insurance.

Base Salary

Base salary levels for the Company's executive officers are determined, in part, through comparisons with other clinical reference laboratories and other companies with which the Company competes for personnel. In addition, the Compensation Committee also evaluates individual experience and performance and specific issues particular to the Company, such as the creation of shareholder value and achievement of specific Company milestones. The Compensation Committee reviews each executive's salary once a year and may increase each executive's salary at that time based on: (i) the individual's increased contribution to the Company over the prior twelve months; (ii) the individual's increased responsibilities over the prior twelve months; and (iii) any increase in median competitive pay levels. Individual contributions are measured with respect to specific individual accomplishments established for each executive.

Annual Cash Bonuses

The Company's executive officers are eligible to receive annual cash bonuses after the completion of each calendar year based on achieving defined specific goals and objectives during the prior 12 months. This compensation is intended to provide a direct financial incentive to executives who achieve the Company's defined specific goals and individual accomplishments established for each

executive. Bonus awards are set at a level competitive with other clinical reference laboratories of comparable size and complexity as well as other companies which compete with us. Such companies are not necessarily included in the indices used to compare shareholder returns in the Stock Performance Graph. Bonuses for fiscal year 2001 were awarded and paid to all of our executive officers in the fiscal year ended December 31, 2002.

Long Term Compensation

Stock option grants are designed to align the interests of an executive officer with those of the Company's shareholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's common stock at a fixed price per share over a specified period of time up to ten years, unless sooner terminated in accordance with the provisions of the 2000 Stock Incentive Plan. Each option generally becomes exercisable in a series of equal annual installments over a four-year period, contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the Company during the vesting period, and then only if the market price of the shares appreciates over the option term. The size of the option grant to each executive officer is set at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. Other factors include the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

Compensation of the Chief Executive Officer

The base salary of Douglas S. Harrington, M.D., our Chief Executive Officer, has been set at a level that the Compensation Committee believes is competitive with the compensation paid to the chief executive officers of companies of comparable size and similar industries. It is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by Company performance factors. Dr. Harrington's base salary for 2002 was \$420,000 and his annual base salary for 2003 is set at \$420,000. In addition, during the fiscal year 2002, Dr. Harrington received grants of stock options to purchase 500,000 shares of common stock at an exercise price of \$7.74 per share, 100,000 shares of common stock at an exercise price of \$8.13 per share and 11,000 shares of common stock at an exercise price of \$23.37 per share. The Compensation Committee believes that option grants incentivize the chief executive officer because he will only receive a return on the options if he remains employed by the Company during the vesting period, and then only if the fair market value of the underlying shares appreciates over the option term.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a Federal income tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. This limitation applies only to compensation that is not considered to be performance-based. None of the Company's executive officers received non-performance-based compensation in 2002 in an amount exceeding the limit, and the Compensation Committee does not anticipate that non-performance-based compensation to be paid to the Company's executive officers in 2003 will exceed that limit. The Company's 2000 Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the

grant date will qualify as performance-based compensation that will not be subject to the limitation. The Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the Company's executive officers.
