RAYOVAC CORPORATION NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)

1 SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION: These financial statements have been prepared by Rayovac Corporation (the "Company"), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and, in the opinion of the Company, include all adjustments (which are normal and recurring in nature) necessary to present fairly the financial position of the Company at December 29, 2002, results of operations and cash flows for the three month periods ended December 29, 2002, and December 30, 2001. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such SEC rules and regulations. These condensed consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto as of September 30, 2002. Certain prior year amounts have been reclassified to conform with the current year presentation.

SHIPPING AND HANDLING COSTS: The Company incurred shipping and handling costs of \$12,996 and \$6,996 for the three months ended December 29, 2002 and December 30, 2001, respectively, which are included in selling expense. Shipping and handling costs include costs incurred with third-party carriers to transport products to customers and salaries and overhead costs related to activities to prepare the Company's products for shipment at the Company's distribution facilities.

CONCENTRATION OF CREDIT RISK: Trade receivables potentially subject the Company to credit risk. The Company extends credit to its customers based upon an evaluation of the customer's financial condition and credit history and generally does not require collateral. The Company monitors its customer's credit and financial conditions based on changing economic conditions and will make adjustments to credit policies as required.

The Company has a broad range of customers including many large retail outlet chains, one of which previously accounted for in excess of 20%

of our sales volume. Due to the impacts of the VARTA acquisition, see Footnote 9, Acquisitions, this customer represented approximately 3% and 23%, respectively, of receivables as of December 29, 2002 and September 30, 2002.

After the acquisition of Varta, approximately 59% of the Company's sales occur outside of North America. These sales and related receivables are subject to varying degrees of credit, currency, political and economic risk. The Company monitors these risks and makes appropriate provisions for collectability based on an assessment of the risks present.

ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS: In August 2001, the FASB issued Statement No. 143, ACCOUNTING FOR ASSET RETIREMENT OBLIGATIONS. Statement No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The Company adopted the Statement on October 1, 2002. Adoption did not have a material effect on the financial statements of the Company.

In October 2001, the FASB issued Statement No. 144, ACCOUNTING FOR THE IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS. This statement supersedes FASB Statement No. 121, ACCOUNTING FOR THE IMPAIRMENT OF LONG-LIVED ASSETS AND FOR LONG-LIVED ASSETS TO BE DISPOSED OF, and the accounting and reporting provisions of APB Opinion No. 30, REPORTING THE RESULTS OF OPERATIONS - REPORTING THE EFFECTS OF DISPOSAL OF A SEGMENT OF A BUSINESS, AND EXTRAORDINARY, UNUSUAL AND INFREQUENTLY OCCURRING EVENTS AND TRANSACTIONS, for the disposal of a segment of a business. The Company adopted the Statement on October 1, 2002. Adoption did not have a material effect on the financial statements of the Company.

In April 2002, the FASB issued Statement No. 145, RESCISSION OF FASB STATEMENTS NO. 4, 44, AND 64, AMENDMENT OF FASB STATEMENT NO. 13, AND TECHNICAL CORRECTIONS. The Statement addresses, among other things, the income

5

statement treatment of gains and losses related to debt extinguishments, requiring such expenses to no longer be treated as extraordinary items, unless the items meet the definition of extraordinary per APB Opinion No. 30, REPORTING THE RESULTS OF OPERATIONS—REPORTING THE EFFECTS OF DISPOSAL OF A SEGMENT OF A BUSINESS, AND EXTRAORDINARY, UNUSUAL AND INFREQUENTLY OCCURRING EVENTS AND TRANSACTIONS. The Company adopted this Statement on October 1, 2002. As a result, the write-off of unamortized debt issuance costs of \$3,072 associated with the replacement of our previous credit facility is classified as non-operating expense in the three-month period ending December 29, 2002.

In November 2002, the FASB issued Interpretation No. 45, GUARANTOR'S ACCOUNTING AND DISCLOSURE REQUIREMENTS FOR GUARANTEES, INCLUDING INDIRECT GUARANTEES OF INDEBTEDNESS OF OTHERS. This Interpretation addresses, among other things, the disclosure to be made by a guarantor in its interim and annual financial statements about its obligations under guarantees. The Interpretation also requires the recognition of a liability by a guarantor at the inception of certain guarantees. The Company has adopted the disclosure requirements of the interpretation, and will apply the recognition and measurement provisions for all guarantees entered into or modified after December 31, 2002.

DERIVATIVE FINANCIAL INSTRUMENTS:

Derivative financial instruments are used by the Company principally in the management of its interest rate, foreign currency and raw material price exposures. The Company does not hold or issue derivative financial instruments for trading purposes.

The Company uses interest rate swaps to manage its interest rate risk. The swaps are designated as cash flow hedges with the fair value recorded in Other Comprehensive Income ("OCI") and as a hedge asset or liability, as applicable. The swaps settle periodically in arrears with the related amounts for the current settlement period payable to, or receivable from, the counter-parties included in accrued liabilities or accounts receivable and recognized in earnings as an adjustment to interest expense from the underlying debt to which the swap is designated. During the three month period ended December 29, 2002, \$1,078 of pretax derivative losses from such hedges were recorded as an adjustment to interest expense. At December 29, 2002, the Company had a portfolio of interest rate swaps outstanding which effectively fixes the interest rates on floating rate debt at rates as follows: 4.458% for a notional principal amount of \$70,000 through July 2004, 3.974% for a notional principal amount of \$70,000 from July 2004 through October 2005, 3.769% for a notional principal amount of \$100,000 through August 2004 and 3.799% for a notional principal amount of \$100,000 from August 2004 through November 2005. The derivative net losses on these contracts recorded in OCI at December 29, 2002 was an after-tax loss of \$4,814.

The Company enters into forward and swap foreign exchange contracts, to hedge the risk from forecasted settlement in local currencies of inter-company purchases and sales, trade sales, and trade purchases. These contracts generally require the Company to exchange foreign currencies for U.S. dollars, Euros or Pounds Sterling. These contracts are designated as cash flow hedges with the fair value recorded in OCI and as a hedge asset or liability, as applicable. Once the forecasted transaction has been recognized as a purchase or sale and a related liability or asset recorded in the balance sheet, the gain or loss on the related derivative hedge contract is reclassified from OCI into earnings as an offset to the change in value of the liability or asset. During the three month period ended December 29, 2002, \$11 of pretax derivative losses were recorded as an adjustment to earnings for forward and swap contracts settled at maturity. At December 29, 2002, the Company had no foreign exchange derivative contracts outstanding.

The Company periodically enters into forward foreign exchange contracts, to hedge the risk from changes in fair value from unrecognized firm purchase commitments. These firm purchase commitments generally require the Company to exchange U.S. dollars for foreign currencies. These hedge contracts are designated as fair value hedges with the fair value recorded in earnings on a pretax basis and as a hedge asset or liability, as applicable. To the extent effective, changes in the value of the forward contracts recorded in earnings will be offset by changes in the value of the hedged item, also recorded in earnings on a pretax basis and as an asset or liability, as applicable. Once the firm purchase commitment has been consummated, the firm commitment asset or liability balance will be

6

reclassified as an addition to or subtraction from, the carrying value of the purchased asset. During the three month period ended December

29, 2002, no such foreign exchange derivative activity occurred. At December 29, 2002, the Company had no such foreign exchange derivative contracts outstanding.

The Company is exposed to risk from fluctuating prices for zinc used in the manufacturing process. The Company hedges a portion of this risk through the use of commodity swaps. The swaps are designated as cash flow hedges with the fair value recorded in OCI and as a hedge asset or liability, as applicable. The fair value of the swaps is reclassified from OCI into earnings when the hedged purchase of zinc metal-based items also affects earnings. The swaps effectively fix the floating price on a specified quantity of zinc through a specified date. During the three month period ended December 29, 2002, \$218 of pretax derivative losses were recorded as an adjustment to cost of sales for swap contracts settled at maturity. At December 29, 2002, the Company had a series of swap contracts outstanding through December 2003 with a contract value of \$5,913. The derivative net losses on these contracts recorded in OCI at December 29, 2002 was an after-tax loss of \$217.

Goodwill and intangible assets deemed to have indefinite lives are tested for impairment annually.

4 OTHER COMPREHENSIVE INCOME

Comprehensive income and the components of other comprehensive income for the three months ended December 29, 2002 and December 30, 2001 are as follows:

	THREE MONTHS	
	2003	2002
Net (loss) income	\$ (585)	\$402
Other comprehensive income: Foreign currency translation	3 , 373	380
Net unrealized loss on available for-sale securities	(110)	(99)

Net exchange gains or losses resulting from the translation of assets and liabilities of foreign subsidiaries are accumulated in a separate section of shareholders' equity. Also included are the effects of exchange rate changes on intercompany balances of a long-term nature and transactions designated as hedges of net foreign investments. The changes in accumulated foreign currency translation for the three months ended December 29, 2002 was primarily attributable to the impact of translation of assets and liabilities of our recently acquired European operations.

5 NET INCOME PER COMMON SHARE

Net income per common share for the three months ended December 29, 2002 and December 30, 2001 is calculated based upon the following shares:

	THREE MONTHS

Diluted	31,801	32,412
	======	=====

The effect of restricted stock and unexercised stock options outstanding for the three-month period ending December 29, 2002 were excluded from the diluted EPS calculation, as their effect was anti-dilutive.

6 COMMITMENTS AND CONTINGENCIES

In March 1998, the Company entered into an agreement to purchase certain equipment and to pay annual royalties. In connection with this 1998 agreement, which supersedes previous agreements dated December 1991, and March 1994, the Company committed to pay royalties of \$2,000 in 1998 and 1999, \$3,000 in 2000 through 2002, and \$500 in each year thereafter, as long as the related equipment patents are enforceable (until 2022). In December 2002, this agreement was modified such that royalty payments in 2003 through 2022 will be \$250.

8

The Company has provided for the estimated costs associated with environmental remediation activities at some of its current and former manufacturing sites. The Company believes that any additional liability in excess of the amounts provided of \$1,764, which may result from resolution of these matters, will not have a material adverse effect on the financial condition, liquidity, or cash flow of the Company.

During 2002, the Company entered into a long-term lease for a

facility being built in Dixon, Illinois (see Footnote 7, Other). The Company anticipates that construction will be completed and the lease payments will be fixed for this facility during the second fiscal quarter of 2003.

The Company has certain other contingent liabilities with respect to litigation, claims and contractual agreements arising in the ordinary course of business. Such litigation includes shareholder lawsuits. In the opinion of management, it is either not likely or premature to determine whether such contingent liabilities will have a material adverse effect on the financial condition, liquidity or cash flow of the Company. The suit filed against the Company by Eveready Battery Company has been settled, and the impact of such settlement is included in results of operations for the three months ended December 29, 2002.

7 OTHER

During Fiscal 2001, the Company recorded special charges related to: (i) an organizational restructuring in the U.S, (ii) manufacturing and distribution cost rationalization initiatives in the Company's Tegucigalpa, Honduras and Mexico City, Mexico manufacturing facilities and in the Company's European operations, (iii) the closure of the Company's Wonewoc, Wisconsin, manufacturing facility, (iv) the rationalization of uneconomic manufacturing processes at the Company's Fennimore, Wisconsin, manufacturing facility, and rationalization of packaging operations and product lines, and (v) costs associated with the Company's June 2001 secondary offering. The amount recorded includes \$9,100 of employee termination benefits for approximately 570 notified employees, \$9,900 of equipment, inventory, and other asset write-offs, and \$2,000 of other expenses. 9 ACQUISITIONS

On October 1, 2002, the Company acquired the consumer battery business of VARTA AG (VARTA) for approximately \$262 million Euro. As a result of the acquisition, the Company plans to optimize the global resources of the combined Rayovac and VARTA companies through the utilization of economies of scale and other initiatives (See 2003 Restructuring Summary within Footnote 7).

The results of VARTA's operations, since the acquisition on October 1, 2002, are included in the condensed consolidated financial statements for Fiscal 2003. The Company has not yet finalized the purchase price allocation for the acquisition.

In connection with the acquisition, the Company entered into an Amended and Restated Credit Agreement ("Third Restated Agreement") which replaced the previous credit agreement. The Third Restated Agreement provided for senior bank facilities, including term and revolving credit facilities in an initial aggregate amount (assuming an exchange rate of Euro to Dollar of 1 to 1) of approximately \$625 million. The Third Restated Agreement includes a \$100 million seven-year revolving credit facility, a EUR 50 million seven-year revolving facility, a \$300 million seven-year amortizing term loan, a EUR 125 million seven-year amortizing term loan. The U.S. Dollar revolving credit facility may be increased, at the Company's option, by up to \$50 million. A non-operating charge of \$3,072 was recorded in the three month period ended December 29, 2002 for the write-off of unamortized debt fees related to the previous debt agreement.
