Proxy Statement for 2004 Annual Meeting of Shareholders
Tuesday, May 18, 2004**

SUMMARY OF PROPOSALS YOU ARE ASKED TO VOTE ON

This proxy statement summarizes the information you need to know to vote at the 2004 Annual Meeting of Shareholders ("Annual Meeting"). You do not need to attend the Annual Meeting to vote your shares. We first mailed the proxy statement and proxy card to shareholders on or about April 7, 2004.

Proposal 1 Election of Directors

Four (4) current directors are recommended for election to the Board of Directors at the Annual Meeting. Detailed information on all of these nominees is provided on pages 4 through 5. Directors are elected for a three-year term. If a nominee becomes unavailable for election, proxy holders will vote for another nominee proposed by the Board.

The Board of Directors unanimously recommends a vote FOR each director nominee.

Proposal 2 Approval of Independent Public Accountants

The Audit and Ethics Committee of the Board of Directors, which is composed entirely of independent non-employee directors, selects and hires the independent public accountant to audit the Company's books, subject to ratification by the Company's shareholders. The Audit and Ethics Committee has selected Deloitte & Touche LLP to audit the Company's consolidated financial statements for the fiscal year beginning

January 1, 2004.

A representative of Deloitte & Touche LLP will be available at the Annual Meeting to respond to questions and to make any statement the representative may desire. If shareholders fail to ratify the appointment of Deloitte & Touche LLP, the Audit and Ethics Committee will reconsider its recommendation.

The Board of Directors unanimously recommends a vote FOR the appointment of Deloitte & Touche LLP, as independent public accountants for fiscal year 2004.

INTRODUCTION

PNM Resources, Inc. ("PNM Resources" or the "Company") trades on the New York Stock Exchange ("NYSE") under the "PNM" ticker symbol. Public Service Company of New Mexico ("PNM") is the principal subsidiary of PNM Resources, serving approximately 450,000 natural gas customers and 390,000 electric customers in New Mexico. GOVERNANCE

The Board of Directors of PNM Resources (the "Board") recognizes the importance of corporate governance to the proper management of the Company and has organized the various governance policies adopted and practiced over the years into a consolidated Corporate Governance Principles document so that investors, employees, customers, regulators and the community may be aware of the policies followed by the Company. These principles have been approved by the full Board after analysis of policy considerations, and the Board has chosen those practices they believe to be in the best interests of its investors. Because the Board recognizes the on-going debate with regard to corporate governance practices, it has charged its Governance and Public Policy Committee with reviewing the principles at least annually (or more often if necessary) and to recommend any necessary changes to the Board.

The Corporate Governance Principles document is attached as Appendix A and can also be found on PNM Resources' website at www.pnm.com/governance. The principles set forth key practices and address the following:

- Responsibilities of the Board
- Process for Director Nominations
- Director Qualifications
- Director Independence
- Planning/Oversight Functions
- Director Service

CODE OF ETHICS

The Company has adopted a code of ethics, *Do the Right Thing-Principles of Business Conduct*, that applies to all directors, officers (including the principal executive officer, principal financial officer and principal accounting officer) and employees. *Do the Right Thing* is available in print to any shareholder who requests it by writing to the Ethics and Compliance Department, PNM Resources, Inc., Alvarado Square, MS-2804, Albuquerque, New Mexico 87158. *Do the Right Thing* is also available on our website at www.pnm.com/governance. The Company intends to post amendments to or waivers for executive officers and directors from its code of ethics at this location on its website. The Board has not permitted any waiver of any ethics policy for any director or executive officer and there is a strong presumption against waivers. If any waiver were ever to be granted, it must be accompanied by terms and conditions sufficient to protect the Company.

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

Concerns relating to financial statement disclosures, accounting, internal accounting controls or auditing matters and other matters involving violations of law are handled in accordance with the complaint procedures adopted by the Audit and Ethics Committee that are posted on our website at www.pnm.com/governance. We have also established a confidential hotline through which employees may report concerns about the Company's business practices.

ATTENDANCE AND VOTING MATTERS

Admission tickets will be distributed at the registration tables in the lobby of the South Broadway Cultural Center prior to the Annual Meeting. Attendance is limited to shareholders of record on March 30, 2004. If your shares are held in the name of your broker, bank, or other nominee, please bring an

2

account statement or letter from the nominee indicating that you are the beneficial owner of the shares as of the record date.

For your convenience, we have established four easy methods for voting:

- In Person:** You can attend and cast your vote at the Annual Meeting.
- By Telephone:** For automated telephone voting, call **1-800-435-6710** (toll free) (Please refer to the instructions on the enclosed proxy card.)
- By Internet:** Access <http://www.eproxy.com/pnm> (Please refer to the instructions on the enclosed proxy card.) Shareholders voting through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be paid by the shareholder.
- By Mail:** Simply return your executed proxy card in the enclosed postage-paid envelope.

Your shares will be voted in the manner you indicate. In the absence of specific instructions, proxies will be voted by those named in the proxy FOR the election of directors nominated, and FOR the approval of the selection of Deloitte & Touche LLP, as independent public accountants, and on all other matters in accordance with their best judgment. You can revoke your proxy at any time before it is exercised and vote your shares in person if you attend the meeting.

Each share of PNM Resources' common stock you own entitles you to one vote. As of March 30, 2004, there were 40,258,997 shares of PNM Resources' common stock outstanding.

The Quorum Requirement A quorum of shareholders is necessary to hold a valid meeting. If at least a majority of the outstanding common stock of PNM Resources is represented at the Annual Meeting, in person or by proxy, a quorum will exist.

Vote Necessary for Action A quorum and the affirmative vote of the holders of a majority of the shares of PNM Resources' common stock present, in person or by proxy, at the Annual Meeting are required to elect directors and approve the selection of independent public accountants. Abstentions will have the effect of a vote against these matters while "broker non-votes" will not be counted in calculating voting results on these matters.

Shares Held in Street Name If you do not return your proxy and your shares are held in street name, your brokerage firm, under certain circumstances may vote your shares. Brokerage firms have authority under NYSE rules to vote customers' unvoted shares on some "routine" matters. Current NYSE rules provide that the two proposals described in this proxy statement are considered routine matters.

If you do not give a proxy to vote your shares, your brokerage firm may either vote your shares on routine matters, or leave your shares unvoted. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. We encourage you to provide instructions to your brokerage firm by giving your proxy. This ensures that your shares will be voted at the meeting.

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your stockbroker.

Shares Held in the Retirement Savings Plan If you are a participant in the PNM Resources, Inc. Retirement Savings Plan ("401(k) Plan"), formerly known as the Master Employee Savings Plan and Trust, and shares of PNM Resources have been allocated to your account under the PNM Resources

3

Stock Fund investment option of the 401(k) Plan, then you will receive a separate vote authorization form and supplemental materials on voting instructions for these shares from the Corporate Investment Committee.

Voting Registered Shares and Shares Held in 401(k) Plan Please use the enclosed proxy card to vote your registered shares, which includes shares purchased by employees through the Employee Stock Purchase Plan prior to the record date. Thus, if you are a registered shareholder and have shares allocated to your 401(k) Plan account, you will need to vote your registered shares with the proxy card and vote your 401(k) Plan shares with the 401(k) Plan vote authorization form.

Matters Raised at the Meeting not Included in this Proxy Statement The Board knows of no other business to be conducted at the Annual Meeting other than those matters discussed in this proxy statement. If any other matter is properly presented, the proxy committee will vote on the matter in accordance with its judgment. Shareholders attending the meeting will directly vote on those matters.

In addition to determining that all of the non-employee directors of PNM Resources satisfy all of the specific independence criteria set forth in the NYSE listing standards, the Board determined that there were no direct or indirect relationships between PNM Resources and each non-employee director (other than service on the Board or a Board committee).

Shareholders wishing to communicate with the Board of Directors, or with a specific director, may do so by writing to the Board, or to the particular director, and delivering the communication in person or mailing it to: Board of Directors, c/o Corporate Secretary, PNM Resources, Inc., Alvarado Square, MS-2822, Albuquerque, New Mexico 87158. If the shareholder desires to communicate a concern directly with the Board without initial review by the Corporate Secretary, the concern should be submitted in writing, in a sealed envelope addressed to the Board, c/o Corporate Secretary, and with a notation indicating that it is to be opened only by the Board. Please refer to the Company's website at www.pnm.com/governance for any changes in this process.

The Chairman of the Board presides at all meetings of the shareholders and of the Board. In circumstances where the independent directors meet without the Chairman, the Board selects a presiding director. A presiding director is selected each year. The director selected is responsible for facilitating and chairing the independent directors' meetings scheduled for that year. The independent directors meet at least twice a year without management present and will meet more often as the need arises.

Shareholders and other interested parties wishing to communicate directly with the presiding director or with the non-management directors as a group may do so by writing to Presiding Director, c/o Corporate Secretary, PNM Resources, Inc., Alvarado Square, MS-2822, Albuquerque, New Mexico 87158.

AUDIT AND ETHICS COMMITTEE REPORT

The following Audit and Ethics Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

The Committee. The Audit and Ethics Committee (the "Audit Committee") of the Board of Directors consists of four non-employee directors: Adelmo E. Archuleta, Robert G. Armstrong, Julie A. Dobson, and R. Martin Chavez. Mr. Armstrong chaired the Audit Committee through most of 2003 and in December 2003, Ms. Dobson was elected Chair of the Audit Committee. Each member of the Audit Committee is an independent director as defined by the current NYSE listing standards. In addition, the Board has unanimously determined that all Audit Committee members are financially literate under current NYSE listing standards and that Ms. Dobson and Dr. Chavez, members of the Audit Committee, qualify as "audit committee financial experts" within the meaning of the SEC regulations. The Committee is responsible for monitoring the integrity of PNM Resources' financial statements, PNM Resources' compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of PNM Resources' internal audit function and independent auditors. The Audit Committee also monitors PNM Resources' system of disclosure controls and system of internal controls regarding finance, accounting, legal, compliance and ethics that management and the Board have established. The Committee is also responsible for approving independent auditor services and fees. No members of the Audit Committee received any compensation from the Company during the last fiscal year other than directors' fees.

Revision of Audit Committee Charter. In December 2003, the Audit Committee revised its charter and recommended its approval by the full Board of Directors. The revised Charter, in Appendix B to this proxy statement, sets forth the Audit Committee's principal accountabilities, including selecting and engaging the independent auditor and approving the audit and non-audit services to be provided by the independent auditor. The updated Charter also may be found on the Company's website located at www.pnm.com/governance.

Committee Report. The Audit Committee Report is included in this proxy statement to comply with Item 306 of the SEC Regulation S-K governing disclosures related to Audit Committee members and auditor services. The Audit Committee has prepared the following report for inclusion in this proxy statement. The Audit Committee met seven times during 2003.

The Board, upon recommendation of the Audit Committee, engaged Deloitte & Touche LLP to serve as independent public accountants for fiscal year 2003 and fiscal year 2004, subject to shareholder approval. No relationship exists between PNM Resources and Deloitte & Touche LLP other than the usual relationship between independent public accountant and client. In 2002, Deloitte & Touche LLP replaced Arthur Andersen LLP ("Andersen") following the request for proposal process discussed below. Subsequently, Deloitte & Touche LLP was engaged to reaudit the years ended December 31, 2000, and December 31, 2001, to provide PNM Resources with results of attestation services performed during these periods in documents filed with the SEC. Andersen is unable to provide PNM Resources with any reports filed with the SEC. The dismissal of Andersen was effective on June 7, 2002, and was reported in a Current Report on Form 8-K dated June 10, 2002, and Form 8-K/A dated June 18, 2002.

In 1992, the Board adopted an Independent Accountant Evaluation and Selection Policy ("Policy"). The Policy was adopted because the Board considers it desirable to periodically change independent accountants in a manner that maintains the appearance and reality of independence and to obtain new perspectives but not so frequently as to be disruptive or hinder the development of Company and operational in-depth knowledge. According to that Policy, each year the Audit Committee evaluates the quality and cost of services provided by the independent accountants. A major review is conducted every five years that includes a request for proposal unless extraordinary circumstances

exist. After fifteen years of continued service, PNM Resources will consider changing independent accountants.

The Audit Committee has adopted a policy governing audit, audit-related and non-audit fees and services in compliance with the Sarbanes-Oxley Act. The policy requires pre-approval by the Audit Committee of all services to be provided by the independent accountants and allows use of a budget pre-approved by the Audit Committee for identified services. The policy delegates to the Audit Committee chair authority to pre-approve services not covered by the budget between Audit Committee meetings with reports to be made at the following Audit Committee meeting. The policy identifies services that the independent accountants are prohibited from performing, consistent with legal requirements. A copy of this policy is available at www.pnm.com/governance.

On February 17, 2003, the Audit Committee adopted a process to handle complaints in compliance with the Sarbanes-Oxley Act. On December 16, 2003, the Audit Committee revised procedures for the submission of complaints or concerns regarding financial statement disclosures, accounting, internal accounting controls or auditing matters and other matters involving violations of law. A copy of these procedures is available at www.pnm.com/governance.

Management is responsible for PNM Resources' internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of PNM Resources' consolidated financial statements in accordance with generally accepted auditing standards and to issue a report. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that PNM Resources' consolidated financial statements were prepared in accordance with generally accepted accounting principles and fairly represent the Company's financial position. The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The independent accountants also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee also discussed with the independent accountants the firm's independence.

Based on the Audit Committee's discussions with management and the independent accountants, the Audit Committee's review of the representations of management, and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements (including reaudited financial statements for year ending 2001) be included in PNM Resources' Annual Report on Form 10-K for the year ended December 31, 2003, filed with the SEC.

Respectfully Submitted,

Audit and Ethics Committee

INDEPENDENT AUDITOR FEES

Audit Fees for 2003

The following table represents aggregate fees billed to the Company for the fiscal years ended December 31, 2003 and 2002, by Deloitte & Touche LLP, the Company's principal accounting firm.

Fiscal Year Ended (in thousands)	
2003	2002

	Fiscal Year Ended (in thousands)	
	2004	2003
Audit Fees	582	1,090
Audit-related Fees (a)	551	320
Tax Fees (b)	660	728
All Other Fees (c)	0	0
Total Fees (d)	1,793	2,138

- (a) Primarily financial accounting and reporting consultations.
- (b) Primarily tax returns, advice and planning.
- (c) Primarily all other permitted non-audit services.
- (d) The Audit and Ethics Committee has approved all fees.

The Audit and Ethics Committee reviewed and approved in advance, all audit related and tax services and concluded that the provision of these services by Deloitte & Touche LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit and Ethics Committee preapproves all auditing services and all permitted non-audit services. The Audit and Ethics Committee also determined that, beginning March 31, 2002, the auditor of PNM Resources' books and records would not be eligible to provide consulting services for PNM Resources without prior approval of the Audit and Ethics Committee and certain services prohibited by law.

PROPOSAL 2: APPROVAL OF INDEPENDENT PUBLIC ACCOUNTANTS (PROPOSAL 2 ON YOUR PROXY CARD)

The Board of Directors is recommending that the shareholders approve the selection of Deloitte & Touche LLP as independent public accountants for 2004.

The Audit and Ethics Committee has performed its annual evaluation of the quality and cost of services provided by Deloitte & Touche LLP and an assessment of auditor independence. The Audit and Ethics Committee reported to the Board complete satisfaction with the services provided by Deloitte & Touche LLP and recommended that Deloitte & Touche LLP be selected as independent public accountants for 2004. The Board agrees with the Audit and Ethics Committee's recommendations, as described in the Audit and Ethics Committee report contained in this proxy statement.

A representative of Deloitte & Touche LLP will be available at the Annual Meeting to respond to questions and to make any statement the representative may desire. If shareholders fail to ratify the appointment of Deloitte & Touche LLP, the Audit and Ethics Committee will reconsider its recommendation.

The Board of Directors unanimously recommends a vote FOR the appointment of Deloitte & Touche LLP as independent public accountants for fiscal year 2004.

HUMAN RESOURCES AND COMPENSATION COMMITTEE REPORT

The following Human Resources and Compensation Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

The Human Resources and Compensation Committee (the "Committee") establishes compensation guidelines and targets based upon the performance of PNM Resources, its subsidiaries and business units, and individual executive officers. The Committee consists of five independent directors. The Committee's goal is to establish a compensation program that:

- links the interests of management and shareholders;
- aligns executive compensation with long-term PNM Resources performance; and
- attracts and retains executives of high caliber and ability.

For 2003, an assessment of our compensation programs was conducted for PNM Resources using competitive market data specific to the utilities and energy industry. The study consisted of a review of base salary, short-term incentives, long-term incentives, and total direct compensation. This study contributed to the determination of compensation as described below.

Base Salaries

Executive Officers. Each year, the Committee reviews base salaries of individual executive officers and their salary ranges. In 2003, base salaries were conservatively tied to the median base salaries of executives in comparable positions within the utilities and energy industry.

Chief Executive Officer. On April 12, 2003, Mr. Sterba's salary was increased by \$50,000 to \$575,000 based on the Committee's evaluation of his performance in the prior year. On October 11, 2003, the Committee increased Mr. Sterba's salary by \$65,000 to \$640,000 to position his salary closer to market using competitive utility industry data.

Short-Term Incentive Compensation

Executive Officers and Chief Executive Officer. In 2003, executive officers, including Mr. Sterba, participated in a short-term incentive plan that included "at risk" cash compensation elements. The plan is designed to pay up to 20 percent of the maximum award opportunity on the achievement of individual, business unit, and company-wide goals. The balance of the award is based on corporate earnings per share ("EPS"). The EPS targets for the plan are approved by the Board on an annual basis. Awards for 2003 performance were paid in March 2004.

Long-Term Incentive Compensation

Executive Officers and Chief Executive Officer. Under the Omnibus Performance Equity Plan ("PEP"), the Company has considerable flexibility to structure compensation incentives for officers and employees by rewarding long-term growth and profitability incentives in the evolving competitive environment. The PEP allows for non-qualified stock options, incentive stock options, restricted stock rights, performance shares, performance units, and stock appreciation rights. The Committee believes that stock ownership provides additional incentives for eligible employees to devote their best efforts to the Company's financial success as well as to perform in the best interests of shareholders, customers, and employees.

Under the PEP, non-qualified stock options are granted to all executive officers on an annual basis. The PEP provides that the Committee, in its sole and absolute discretion, will declare the level of options to be granted.

Performance shares also may be awarded to all executive officers, including Mr. Sterba, through the Long-Term Performance Share Program, which is designed to provide added structure to grants made pursuant to the PEP. The Long-Term Performance Share Program includes "at risk" awards based on relative performance of Company Total Shareholder Return ("TSR") compared to the Philadelphia Utility Index. The awards for 2003 Company performance were approved and awarded in February 2004. In 2003, the PNM Resources' TSR outperformed the Philadelphia Utility Index by 6.06 percentage points.

Ongoing Committee Activities in 2003

In 2003, the Committee adopted a new approach to long-term incentive compensation. The new approach was implemented January 1, 2004, and applies to Company officers. Under the new approach, grants made to officers will fall under four award components: stock options,

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

restricted stock rights, Long-Term Performance Shares (each awarded under the PEP), and Long-Term Performance Cash (awarded outside of the PEP).

The new approach will modify and continue the Long-Term Performance Share Program. The Long-Term Performance Share and Long-Term Performance Cash components link a portion of the officer's potential total compensation to the TSR of the Company. Officers may receive cash or performance share awards for three-year performance periods (or partial awards in the first two years of the program). These awards are based on attaining a TSR that outperforms the S&P Midcap 400 Utility Index over the performance period. A target is established for each officer, and the officer can realize zero percent to 200 percent of the target depending on the TSR performance.

The new long-term incentive approach continues to deliver competitive levels of incentive compensation, but with less dilutive impact and more retention power than the previous long-term incentive award structure.

The Committee will continue to review, monitor and evaluate PNM Resources' executive compensation programs to assure that they effectively support Company strategy and achieve the Committee's goals.

Certain Tax Matters

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code"), generally prohibits publicly held companies, such as PNM Resources, from deducting, for federal income tax purposes, annual compensation in excess of \$1 million paid to any of certain key executives, except to the extent compensation is based upon the attainment of performance goals set by the Committee pursuant to plans approved by the shareholders. To the extent possible, the Committee intends to structure the compensation of executive officers in a manner to permit the compensation paid to these individuals to be allowed as a deduction for federal income tax purposes. The Committee, however, may choose to provide compensation that is not deductible in order to incentivize, retain or to secure the services of key executives when it determines that it is in the best interests of the Company to do so.

Respectfully Submitted,

Human Resources and
Compensation Committee

Performance share awards may be issued under the Long-Term Performance Share Program when the Company's Total Shareholder Return ("TSR") meets or exceeds the Philadelphia Utility Index over a three-year performance period. Participants may earn a minimum of zero percent to a maximum of 200 percent of the target award depending on TSR performance. In order to avoid having a full three year performance period pass before the first award opportunity, a portion of the target award for the first performance period (2002-2004) may be paid out after the end of 2002 and 2003. Thus, 25 percent of the target award payable for the 2002-2004 performance period was awarded to the above named executive officers in 2003 based on the Company's TSR for 2002. For example, 750 performance shares were awarded to J. E. Sterba because the Company's TSR outperformed the Philadelphia Utility Index by 6.06 percent. The dollar value of these 2003 performance share awards is reflected in the "LTIP Payouts" column of the Summary Compensation Table on page 19. Target awards for future three-year performance periods will be determined under the long-term performance share component of the new long-term incentive program.

RETIREMENT PLAN AND RELATED MATTERS**Employees' Retirement Plan**

PNM Resources sponsors the Employees' Retirement Plan (the "ERP"), a noncontributory defined benefit pension plan. Effective January 1, 1998, the ERP was closed to new participants. Prior to January 1, 1998, employees who had at least one year of service and who had attained the age of 21 years were eligible to become participants.

Benefits under the ERP are based on the participant's service and compensation. Under the ERP, a participant's "Credited Service" is used for purposes of determining the amount of the participant's benefit. The ERP was amended as of January 1, 1998, to limit a participant's Credited Service to the Credited Service earned as of December 31, 1997, plus a limited amount of future service. The amount of Credited Service earned after December 31, 1997, is based on the participant's age and years of Credited Service as of December 31, 1997. Participants in the ERP continue to accrue "Total Service," which is the service measure used for purposes of determining a participant's vesting and eligibility for early and other retirement benefits. A participant's compensation used for ERP benefit calculations was frozen as of December 31, 1997.

The Company made a contribution of \$20,000,000 in the first quarter of 2003. In addition, a contribution of PNM Resources' stock in the amount of \$28,949,992 was made on June 6, 2003. The contribution amount is actuarially determined based upon the number of ERP

participants, the participants' ages, compensation, and service. The amount of any contribution with respect to any one person cannot be determined.

Supplemental Employee Retirement Agreements

Messrs. Maerki and Sterba have entered into supplemental employee retirement agreements ("SERPs") with PNM Resources.

Agreement with Mr. Maerki

Mr. Maerki's SERP provides him with a supplemental retirement benefit calculated, generally, using the ERP benefit formula but disregarding certain limitations imposed by the Tax Code on the amount of compensation that may be considered in calculating an ERP benefit and the maximum benefit that may be provided by the ERP. The benefit under the SERP is reduced by the benefit actually due under the ERP. For purposes of determining the benefit, the SERP provides that Mr. Maerki's assumed date of hire is February 15, 1974. Mr. Maerki retired on February 27, 2004.

Agreement with Mr. Sterba

Mr. Sterba's SERP provides him with a supplemental retirement benefit calculated, generally, using the ERP benefit formula, but disregarding certain limitations imposed by the Tax Code on the amount of compensation that may be considered in calculating an ERP benefit and the maximum benefit that may be provided by the ERP. The benefit under the SERP is reduced by the benefit actually due under the ERP. For purposes of determining his benefit under the SERP, the SERP provides that if Mr. Sterba remains employed by PNM Resources until February 28, 2005, he will be treated as having 30 years of Credited Service. If Mr. Sterba voluntarily terminates employment with PNM Resources or is terminated for cause prior to February 28, 2005, he will receive no additional Credited Service for purposes of the SERP. However, if Mr. Sterba is terminated by PNM Resources for any other reason, is constructively terminated or his termination is the result of a change in control, he will be treated as having 30 years of Credited Service upon termination. Mr. Sterba's SERP also provides for payment of enhanced severance benefits in lieu of the severance benefits otherwise payable under the Non-union Severance Program. The Non-union Severance Pay Program is discussed on page 24.

Accelerated Management Performance Plan

PNM Resources also sponsors the Accelerated Management Performance Plan (the "AMPP"), a non-qualified executive benefit program for a select group of management employees. The AMPP has been amended so that the accumulation of additional service credits was phased out as of January 1, 1990. Mr. Maerki and certain other key management employees participate in the AMPP.

Retirement Tables

The following table shows the annual benefits that would be provided under the ERP and (in the cases of Messrs. Sterba and Maerki) the SERPs to participants who retire at the indicated compensation and Credited Service levels and who elect to receive benefits, calculated on a straight-life annuity basis (i.e., payable over the participant's life). Benefits shown are maximum annual benefits payable at age 65 to participants who retire at age 65. The amounts shown in the table are not subject to any deduction for Social Security benefits or other offset amounts.

- (b) Except as noted above in the explanation of the supplemental employee retirement agreements, service begins accumulating from the date of hire and vesting occurs after five years of Total Service.
- (c) The maximum number of years generally taken into account for purposes of calculating benefits is 32¹/₂. Under limited circumstances, an employee working beyond age 62 could earn an additional 3% retirement benefit.

The following table shows the average salary and the years of Credited Service and years of Total Service under the ERP and under the SERPs for the named executive officers as of December 31, 2003.

- (b) J. R. Loyack, the Company's Senior Vice President and Chief Financial Officer, is not eligible under the ERP and does not participate in a SERP and is therefore omitted from this table.

401(k) Plan and Executive Savings Plan

The Company also sponsors the Retirement Savings Plan (formerly known as the Master Employee Savings Plan and Trust) (the "401(k) Plan"), a defined contribution retirement plan. Contributions to the 401(k) Plan are made by both participants and PNM Resources. PNM Resources' contributions to the 401(k) Plan consist of an across-the-board contribution for all eligible employees and a matching contribution. The across-the-board contribution for 2003 was equal to three percent of eligible compensation and the matching contribution for 2003 was equal to 75 percent of the first six percent of eligible compensation contributed by the employee to the 401(k) Plan on a pre-tax basis. Effective January 1, 2004, the amount of the across-the-board contribution will range from three percent to 10 percent of eligible compensation, depending upon the participant's age.

The Tax Code imposes a limitation on the amount of compensation that can be considered when determining the amount of the across-the-board and matching contributions to the 401(k) Plan. The Tax Code also limits the maximum amount that can be contributed by any participant and the maximum

amount of participant contributions, Company contributions and other amounts that can be allocated to any participant's account. In June 1998, the PNM Board of Directors adopted the Executive Savings Plan (the "ESP"). The ESP is a non-qualified plan that provides the current

executive officers and certain other executives with an opportunity to supplement their retirement savings and to receive additional Company contributions. The Company assumed sponsorship of the ESP in 2002. Eighteen officers were eligible to participate in the ESP in 2003.

In 2003, the ESP was amended and restated effective January 1, 2004, to make a number of administrative changes and to permit the Company to make additional contributions in its discretion.

Grantor Trust

PNM and the Company each have established irrevocable grantor trusts to assist them in meeting their obligations under the AMPP, the SERPs and certain other benefit programs. PNM Resources may, but is not obligated to, make contributions to the trusts, which were established with an independent trustee. Since 1989, \$12.7 million has been contributed to the trusts. The ESP and the SERP benefits are required to be funded through the trusts as a condition to the closing of a transaction that constitutes a change in control.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

Officer Retention Plan

Effective July 14, 2003, the PNM Resources, Inc. Executive Retention Plan was amended, restated and renamed the PNM Resources, Inc. Officer Retention Plan (the "Retention Plan"). The Retention Plan covers the current officers of the Company. The Retention Plan provides special severance benefits should an officer be terminated as a result of a change in control (as defined in the Retention Plan). Benefits are only payable if the officer is not immediately re-employed by the successor company and if the termination is (a) for reasons other than cause, death or disability or (b) by the officer due to constructive termination. In addition, the officer must sign a release agreement to receive benefits. The benefits include: (i) lump sum severance benefits (equal to 3.0 times current base compensation for the Chief Executive Officer, Executive Vice Presidents and Senior Vice Presidents); (ii) reimbursement of reasonable legal fees and expenses incurred as a result of termination of employment; (iii) certain insurance benefits that are substantially similar to those received by the officer immediately prior to termination of employment; (iv) supplemental retirement benefits; and (v) certain other amounts. If an officer receives any payment due to a change in control that is subject to the excise tax provided in Section 4999 of the Tax Code, then the officer will be reimbursed in an amount equal to that which places the officer in the same after-tax position as if no excise tax had been imposed.

Retention Agreement with Mr. Sterba

In 2003, the Company entered into a Retention Agreement with Mr. Sterba. This Retention Agreement provides Mr. Sterba with a bonus if he continuously works for the Company as Chief Executive Officer through the end of the calendar year 2010, or upon his death or disability, if earlier. The amount of the bonus is equal to \$1.6 million plus amounts forfeited pursuant to the ESP (if any). Generally, if Mr. Sterba terminates his employment or if he is terminated for cause prior to any of these events, he will not receive the bonus. However, if Mr. Sterba's employment is terminated without cause or if he is constructively terminated, he is eligible to receive the bonus. The bonus will be paid in two equal installments. The first installment will be paid at the end of the calendar year 2010, and the second installment will be paid one year thereafter.

Non-union Severance Pay Program

PNM Resources has a Non-union Severance Pay Program that covers non-union employees, including the current executive officers, who are terminated. Members of the Senior Management Group (the current executive officers are members of the Senior Management Group) are eligible, upon signing a release agreement, for a lump sum payment equal to one year of base salary and reimbursement for

placement assistance expenses (up to five percent of base salary). Members of the Senior Management Group also are eligible for regular severance pay in the amount of two months of base salary, plus one additional week of base salary for each year of service, continuation of certain insurance coverages, and health care benefits for up to 12 months. Severance benefits may not exceed the equivalent of twice the participant's annual compensation. If an individual is to receive benefits under the Retention Plan, severance benefits are not available under the Non-union Severance Pay Program.

Other Plans

Certain other plans sponsored by PNM Resources in which the named executive officers participate contain provisions that are triggered by a change in control. These include, for example, the PSP, under which immediate vesting of stock options occurs upon a change in control, and

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

the PEP, which provides for immediate vesting upon eligible termination due to a change in control. The terms of the change in control provisions are similar among the plans but do have some variations.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information with respect to benefits received by or allocated under the Equity Compensation Plans:

EQUITY COMPENSATION PLAN INFORMATION As of December 31, 2003

Equity compensation plans not approved by security holders (Executive Savings Plan)	6,083	26.32	18,917
Total	3,301,764	21.69	1,547,666

The PNM Resources, Inc. Executive Savings Plan (the "ESP") formerly known as the Public Service Company of New Mexico Executive Savings Plan was established in 1998 to permit executive officers and certain management or highly compensated employees who participate in the PNM Resources, Inc. Retirement Savings Plan (the "RSP") formerly known as the Master Employee Savings Plan and Trust to defer compensation and receive credits without reference to the limits in the RSP or those imposed by the Tax Code. In 2003, the ESP was amended and restated effective January 1, 2004, to make a number of administrative changes and to permit PNM Resources and each adopting affiliate to make additional contributions in their discretion.

Under the ESP, participants may defer all or a portion of their current compensation. In addition, PNM Resources and each adopting affiliate will provide a supplemental matching credit and a supplemental employer credit on behalf of each of its participating employees. The amount of the supplemental matching credit will equal 75 percent of the first six percent of eligible compensation deferred by the participant pursuant to the ESP. The amount of the supplemental employer credit will

25

equal the amount of the additional employer contribution that would have been contributed to the RSP on behalf of the participant in the absence of any limitations imposed by the Tax Code.

Under the ESP, a participant may choose to invest his or her accounts in one or more of several hypothetical investment funds, including the PNM Resources Stock Fund, which provides for returns based on a hypothetical investment in shares of common stock of PNM Resources. A participant who chooses to invest in the PNM Resources Stock Fund may elect to settle that portion of his or her account in either common stock or cash. Twenty-five thousand (25,000) shares of common stock have been reserved by PNM Resources for issuance under the ESP. During the year ended December 31, 2003, 1,370 shares of common stock were allocated to participants in the ESP. Accordingly, at December 31, 2003, there were a total of 6,083 shares of PNM Resources' common stock allocated but not issued to active plan participants under the ESP.

PNM RESOURCES, INC.
CORPORATE GOVERNANCE PRINCIPLES

Adopted: October 7, 2003

INTRODUCTION

The Board of Directors of PNM Resources, Inc. ("PNM Resources" or the "Company") recognizes the importance of corporate governance to the proper management of the Company and has organized the various governance policies adopted and practiced over the years into this consolidated Corporate Governance Principles document so that investors, employees, customers, regulators and the community may be aware of the policies followed by the Company. The Board has taken advantage of the opportunity to create this document to revisit its policies and modify or adapt them to the dynamic corporate governance environment globally. These principles have been approved by the full Board after analysis of the policy considerations for the principles and have chosen those practices which the Board believes to be in the best interests of its investors, even if those practices may not be identical to current notions of "best practices" or to certain commonly accepted practices. Because the Board recognizes the on-going debate with regard to corporate governance practices, it has charged its Governance and Public Policy Committee ("GPPC") with reviewing the principles at least annually (or more often if necessary) and to recommend any necessary changes to the Board.

I. BOARD OF DIRECTORS: GENERAL

A.

Responsibilities

The primary responsibility of the Board is to oversee the management of the Company to optimize its long-term value for its shareholders. The management of the Company is conducted on a daily basis under the direction of the Chief Executive Officer ("CEO") selected by the Board. The Board and management agree that shareholder value is optimized by operating the Company in an ethical and forthright manner and responsibly addressing the concerns of its various constituencies, including employees, customers, government officials, suppliers, the communities it serves and the public at large. Board members oversee the management of the Company and advise and counsel the CEO and the executive management team relative to matters of policy, business affairs, and overall strategy. The Board seeks to assure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations. Except for matters requiring shareholder action, the Board is the ultimate decision-making body of the Company. Among the Board's most important responsibilities are the election, evaluation and compensation of the Company's CEO and the other members of the executive management team. In addition the Board oversees the process of succession planning for the CEO and other members of senior management; reviews, approves and monitors fundamental financial and business strategies and major corporate actions; assesses major risks facing the Company and reviews options for their mitigation; assures processes are in place for sustaining the integrity of the Company including the integrity of its financial statements, its compliance with law and its Code of Conduct and its relationships with customers, regulators, other government officials, employees and its other constituencies.

The Board reviews and discusses reports by management on the Company's performance, its plans and prospects and immediate issues facing the Company. In accordance with the Company's Bylaws, the Board determines the requirements for service as a director and the fees for the Board. Directors will act with integrity and demonstrate a commitment to the Company and its strategies, and to building shareholder value. Although the Board exercises vigorous and diligent oversight over the Company's affairs, it does not perform or duplicate the role of management, which is to operate the Company on a daily basis.

B.

Board Meetings

The number of scheduled Board meetings will vary with circumstances; however, a minimum of five meetings are held annually. Special meetings are called as necessary in accordance with the Company's Bylaws. Directors are responsible for attending all meetings and for reviewing materials provided in advance of each meeting. Directors are expected to actively participate in Board and committee meetings. In addition, the Board has access to the Company Intranet for timely news and information, in addition to receiving monthly performance reports and other information from the Company that is helpful in the performance of directors' responsibilities. The CEO also uses a dedicated message line to communicate urgent or critical information to the Board. The Chairman of the Board determines Board agendas, with input from directors and other members of executive management. At the December Board meeting, Committees and the Board review and approve a schedule of key issues to be addressed during the course of the next calendar year to be aligned with the respective Committee Charters.

C.

Board Size

The Company's Articles of Incorporation require the Board to have between 5 and 12 members, with the exact number fixed by the Board. Generally the Board feels that nine members is the appropriate size for the Company. However, the Board has deviated from that number (within the limits established by the Articles) to facilitate the orderly addition and development of new Board members to replace departing directors.

D.

Director Elections

For purposes of election, the Board is divided into three classes, as equal in number as possible, known as classes "A," "B," and "C." One class is elected at each Annual Meeting of Shareholders to serve for a three-year term. If the number of directors is changed, any increase or decrease in directors is apportioned among the classes so as to maintain all classes as equal in number as possible. Directors added to the Board as a result of an increase in Board size stand for election at the next Annual Shareholders Meeting.

E.

Process for Director Nominations

The Board is responsible for recommending director nominees for election by the shareholders and for selecting directors to fill vacancies until voted upon by the shareholders. The Board has delegated the director screening process to the GPPC, which has the responsibility to recommend candidates to the Board. The GPPC will consider suggestions from current directors, officers and employees of the Company, shareholders, industry associations, special interest groups, recruiting firms, and others. Shareholders wishing to provide suggestions for nominees should submit their suggestions together with a description of the potential nominee's qualifications, appropriate biographical information and signed consent to serve to Secretary, PNM Resources, Inc., Alvarado Square MS-2822, Albuquerque, New Mexico 87158.

F.

Nominations Policy

Corporate boards are confronted with a highly complex, ever-changing body of law governing their role to direct the management of corporations, which are affected by and responsible to an increasingly diverse and active set of constituencies. In order to represent the interests of shareholders, directors must be aware of and understand the interests of institutional investors, pension fund managers, the communities in which the corporation operates, individual shareholders, customers, government officials and employees. In this context, an effective director search process begins with a careful evaluation of the Board's needs and culture. By auditing itself for missing talents, future trends and strategic issues, the Board can make the new director search much more productive.

The Board of Directors recognizes that the contribution of the Board depends not only on the character and capabilities of the directors individually, but also on their collective strengths. It further recognizes the importance of a well-balanced board, which reflects the interests of the Company's shareholders, customers, employees, regulators and the communities it serves. It is the intent of this Board to fill vacancies by thoroughly reviewing the

current strengths and weaknesses of the Board, the size of the Board, the potential future service of current members, and the diversity of the Board, including age, ethnicity, geographic representation, experience, and education. The Board recognizes the need to be flexible and responsive to the needs of all the Company's constituencies in order to optimize the long-term value of the Company for its shareholders.

The GPPC of the Board is responsible for seeking out possible candidates and otherwise aiding in attracting highly qualified candidates as directors. In considering potential nominees for election, the Board will consider the attributes listed above, as well as any potential obligations (employment or otherwise), which could be considered a hindrance to the performance of the duties of a Director or a threat or opportunity to the Company. The GPPC has also developed detailed guidelines to facilitate the candidate search and nomination process. In identifying possible candidates for the Board, the GPPC will not consider persons who provide professional services for the Company such as legal counsel, investment bankers and accountants.

G.

General Board Attributes

Recognizing that the contribution of the Board will depend not only on the character and capabilities of the directors taken individually but also on their collective strengths, the Board should be composed of:

- (1) directors chosen with a view toward bringing to the Board a variety of experience and background relevant to the Company's business;
- (2) directors who will form a balanced core of business executives with varied expertise;
- (3) directors who have substantial experience outside the business community in the public, academic or scientific communities, for example;
- (4) directors who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies; and
- (5) A majority of directors who are not employees or former employees of the Company.

H.

Director Qualifications

In considering possible candidates for election as a Director, the Board is guided by the general board attributes described above and by the following:

- (1) Each Director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others and exercise good judgment;
- (2) Each Director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- (3) Each Director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- (4) Each Director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director; and

A-3

- (5) Each Director should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency;
- (6)

Edgar Filing: PNM RESOURCES INC - Form DEF 14A

Each Director should have an equity ownership interest in the Company prior to commencing service on the Board. Each Director's ownership interest should increase over time, consistent with applicable trading guidelines, so that an appropriate amount of stock is accumulated.

I.

Orientation for New Directors; Continuing Education

New directors participate in an orientation program including visits to Company facilities and discussions with key executives. New directors are provided a Director Reference Manual during orientation. Continuing education programs are recommended to the directors, and directors are encouraged to periodically attend director education programs.

J.

Board Evaluation

In assessing the strengths and weaknesses of the Board, an annual evaluation is performed to determine: (1) how well its members' talents and expertise are suited to guiding the Company into the future; (2) areas of focus for development of current directors, potential future candidates, and the Board in general; (3) the effectiveness of Board processes in assisting the directors in fulfilling their duties; and (4) in general to determine whether the Board and its committees are functioning effectively. It may include individual Director evaluations. The GPPC administers the evaluation process.

K.

Limits on Number of Board Memberships

Service on other corporate boards often broadens and deepens the knowledge and experience of our directors. In addition, officers of the Company who serve on other boards frequently gain valuable insight and experience, which proves beneficial to the Company. However, service on too many boards can interfere with an individual's ability to perform his or her responsibilities. Before accepting an additional board position, a Director is expected to consult with the chair of the GPPC and the Chairman of the Board to determine whether or not a conflict of interest exists. In addition, a Director will consider whether the acceptance of a new directorship would compromise his or her ability to perform present responsibilities. Because time demands from board to board and capacities of individual directors will vary, PNM Resources does not impose a specific limitation on the number of directorships an individual may hold.

II. INDEPENDENCE AND COMMITTEES

A.

Majority of Independent Directors/Definition of Director Independence

The Board has and will have a majority of independent directors. At most, two members of management, including the CEO, may serve as directors. The definition of independence follows applicable law and stock exchange listing standards. The Board reviews annually the relationship each Director has with the Company. No Director is considered independent unless the Board affirmatively determines that the Director has no material relationship with the Company. PNM Resources will disclose in the Company's annual proxy statement those determinations and the basis for a Board determination that a relationship is not material. Currently only one member of the Board, the CEO, is not independent.

B.

Committee Composition

All principal committees of the Board are composed entirely of independent directors. The principal committees of the Board are: Audit and Ethics, Finance, Governance and Public Policy,

and Human Resources and Compensation. Each committee has a written charter that complies with the requirements of applicable law and stock exchange listing standards. In general, committees of the Board are used

to focus on issues that may require more in-depth scrutiny. The specific duties of each committee are detailed in the committee charters, and are approved by the Board of Directors. Charters are available on the Company website and will be mailed to shareholders upon request. Each committee reviews its charter on an annual basis, or more frequently if necessary, and recommends any amendments to the full Board.

The membership of each committee is recommended to the Board by the GPPC and is rotated based on the following principles: (1) rotation of committee chair every three-to-seven years, and (2) rotation of other committee members every three-to-five years. The committees themselves select committee chairs from their membership. The committees meet in conjunction with regularly scheduled Board meetings, except for the Board meetings held in connection with the Annual Meeting and the Board retreat. In addition, the Audit and Ethics Committee meets every quarter to review the Company's 10K and 10Q filings with the Securities and Exchange Commission. The committees will also meet at additional times as the need arises.

C.

Separation of Chairman and CEO Positions

The Board retains the right to exercise its discretion in combining or separating the offices of Chairman of the Board and Chief Executive Officer. This determination is made depending on what is best for the Company in light of all circumstances prevailing at the time. Currently, the Board believes it to be in the best interests of the Company to combine the two positions. The Board has separated the two offices on three different occasions since the late 1980s.

D.

Lead Director Position

The Chairman of the Board presides at all meetings of the stockholders and of the Board. In circumstances where the independent directors meet without the Chairman, the Board selects a presiding director. A presiding Director is selected each year. The Director selected is responsible for facilitating and chairing the independent directors meetings scheduled for that year. The independent directors meet at least twice a year without management present and will meet more often as the need arises.

III. PLANNING / OVERSIGHT FUNCTIONS

A.

Directors Have Direct Access to Management

Directors are encouraged to have contact with members of executive management and to familiarize themselves with the Company's operations. Members of management are assigned as committee coordinators to assist the committee chairs and members with various committee duties. Members of executive management attend Board meetings and members of the workforce are routinely called upon to make Board presentations. Sound judgment is used in striking the balance of engagement with management and avoiding inappropriate involvement in the daily operations of the Company.

B.

Independent Directors Formally Review CEO Performance

The independent directors make this evaluation annually, and communicate the results to the CEO. The evaluation is based upon objective criteria including performance of the business, accomplishment of long-term strategic objectives, development of management, and other criteria established by the Board. This evaluation is used by the GPPC in establishing the CEO's compensation program and in determining the appropriate compensation level for the CEO to recommend to the Board.

A-5

C.

Succession Planning

At least annually the CEO must review management development and succession planning with the Board to assure the effectiveness of the process and identify areas of need. The Board focuses specifically upon succession planning for the CEO and reviews the CEO's plans for other members of executive management.

D.

Ethics and Conflicts of Interest

The Company is committed to the highest standards of ethical behavior. Directors, officers, employees and all other agents and representatives of the Company are expected to observe both the letter and spirit of the law in every transaction and make their own personal commitment to ethical behavior. Every person working for PNM Resources and its affiliates must act in conformity with its Principles of Business Conduct expressed in its *Do the Right Thing* guidebook. The Principles of Business Conduct are grounded in our shared values of **Integrity, Fairness, Stewardship, and Engagement**. The Board has not permitted any waiver of any ethics policy for any Director or Executive Officer. The Board has authorized the GPPC to consider requests for waivers of the Company's Principles of Business Conduct for a Director or Executive Officer. There is a strong presumption against providing any waivers. Any waivers granted must be accompanied by terms and conditions sufficient to protect the Company under the circumstances. Any waiver of the principles for any Director or Executive Officer will be referred to the full Board for ratification and, if upheld, will promptly be disclosed to shareholders.

The directors and officers complete a Conflict of Interest Questionnaire annually. The GPPC has oversight responsibility regarding conflicts of interest. If an actual or potential conflict of interest arises for a Director, the GPPC addresses the matter with the Director and promptly informs the CEO and the Board. If a significant conflict exists and cannot be resolved, the Director is expected to resign. A Director is required to disclose to the full Board when any matter under consideration involves a conflict of interest, whether direct or indirect. Directors are recused from any discussion or decision affecting their personal, business or professional interests. The Board resolves any conflict of interest issue involving the CEO. The CEO resolves any conflict of interest issue involving any other officer of the Company.

E.

Board Has its Own Advisors

The Board and its committees have the right to communicate directly with the Company's principal external and internal advisors and to retain at the Company's expense outside legal counsel, investment bankers, accountants and other consultants.

IV. COMPENSATION OF DIRECTORS

A.

Directors Paid Partially in Stock

Only non-employee directors are compensated for their service as directors. Their compensation is intended to be sufficient to attract qualified candidates. Director compensation is a mix of cash and stock-based compensation. The latter is intended to align the interests of the directors with those of the shareholders. Directors are paid an annual retainer fee, and a meeting fee for each Board and committee meeting they attend. The Company has no retirement program for directors. Director compensation is established and reviewed by the Board from time to time. The GPPC is responsible for making recommendations to the Board concerning director compensation.

B.

Stock Ownership Requirements for Directors

The Board requires that newly elected directors, before commencing Board service, become shareholders in the Company. While the Board does not believe it appropriate to specify the

A-6

level of share ownership an individual director should hold, it is anticipated that each Director will develop a meaningful ownership position in the Company over time, depending upon individual circumstances.

V. DIRECTOR SERVICE

A.

Age

Under normal circumstances, a Director will not be nominated to serve another term after the term during which the Director reaches the age of 72 years.

B.

Term Limits for Directors

A Director is not eligible for nomination for another term if election for that term would result in the Director serving for more than twelve (12) years, except: (1) under extraordinary circumstances involving the Company where the Board in its discretion deems it to be in the best interest of the Company for the Director to continue serving on the Board for more than twelve (12) years; or (2) the service beyond twelve (12) years is due to the Director having been selected to fill a vacancy resulting in serving for a portion of an unexpired term. A nominee for Director for a term which would result in service in excess of twelve (12) years is required to submit a written resignation to the Board for acceptance at such time as the Board, in its discretion, deems advisable. Service on the Board of Public Service Company of New Mexico ("PNM") prior to the establishment of the Company as the holding company of PNM is counted for purposes of determining term limits under this policy.

C.

Inside Directors

A Director who is also an employee of the Company is required to submit a written resignation to the Board on the date of his or her leaving the Company, for acceptance at such time as the Board, in its discretion, deems advisable.

D.

Periodic Review

The establishment of term limits does not mean that a Director will be nominated to serve additional terms up to the maximum number of terms allowable. Nominations for successive terms are not routine, it being understood that an evaluation process is used to determine that each nomination is in the best interest of the Company.

E.

Directors Required to Submit Resignation Upon Change In Employment and Health Condition

Directors are chosen based on their overall qualifications and the particular skill sets needed by the Board at the particular point in time. Key to the selection is the Director's professional and community achievements and the Director having the ability to devote to the substantial duties of a Board member. Directors who undergo a significant change in their business or professional career are required to notify the Chairman of the Board and the Chair of the GPPC to determine if the change warrants the Director's resignation. A Director who experiences a change, such as a disabling health condition, that prevents the proper performance of the duties of a director is required to submit his or her resignation.

F.

Chief Executive Officer

By virtue of the position, the CEO of the Company is a Director and the Board's policy regarding age and term limits does not apply to the CEO as a Director. When the Director no longer holds the position of CEO of the Company: (1) he or she is required to submit a written

A-7

resignation as a Director to the Board for acceptance at such time as the Board, in its discretion, deems advisable; (2) the provisions of the Board's policy regarding service as an Inside Director, age and term limits applies to the Director; and, (3) any service on the Board by the Director, including the time served on the Board as CEO, is counted for purposes of determinations under this policy.

G.

Policy Changes

The adoption of this policy does not mean a contract exists with any individual Director. The Board fully reserves the absolute right to change any policy with respect to service on the Board or nomination of a person for service on the Board at any time.
