This filing contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include but are not limited to (1) statements about the benefits of the combination of First Community Corporation and DutchFork Bancshares, Inc., including future financial and operating results, cost savings, and enhanced revenues, (2) statements with respect to First Community's and DutchFork's plans, objectives, expectations and intentions and other statements that are not historical facts, and (3) other statements identified by words such as believes, expects, anticipates, estimates, intends, plans, targets, and projects, as well as similar expressions. These statements are based upon the current beliefs and expectations of First Community's and DutchFork's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: (1) expected revenue synergies and cost savings from the combination may not be fully realized or realized within the expected time frame; (2) revenues following the combination may be lower than expected; (3) the ability to obtain governmental approvals of the combination on the proposed terms and schedule; (4) the failure of First Community's and DutchFork's shareholders to approve the combination; (5) competitive pressures among depository and other financial institutions may increase significantly and have an effect on pricing, spending, third-party relationships and revenues; (6) the strength of the United States economy in general and the strength of the local economies in which the combined company will conduct operations may be different than expected resulting in, among other things, a deterioration in the credit quality or a reduced demand for credit, including the resultant effect on the combined company's loan portfolio and allowance for loan losses; (7) the rate of delinquencies and amounts of charge-offs, the level of allowance for loan loss, the rates of loan growth, or adverse changes in asset quality in either First Community's or DutchFork's loan portfolio, which may result in increased credit risk-related losses and expenses; (8) changes in the U.S. legal and regulatory framework; and (9) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on the combined company. Additional factors that could cause First Community's and DutchFork's results to differ materially from those described in the forward-looking statements can be found in First Community's and DutchFork's reports (such as Annual Reports on Form 10-KSB, Quarterly Reports on Form 10-QSB and Current Reports on Form 8-K) filed with the Securities and Exchange Commission and available at the SEC's Internet site (<http://www.sec.gov>). All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters attributable to First Community and DutchFork or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements above. First Community and DutchFork do not undertake any obligation to update any forward-looking statement to reflect circumstances or events that occur after the date the forward-looking statements are made.

The proposed transaction will be submitted to First Community's and DutchFork's shareholders for their consideration, and First Community and DutchFork will file a registration statement, a joint proxy statement/prospectus and other relevant documents concerning the proposed transaction with the SEC. Shareholders are urged to read the registration statement and the joint proxy statement/prospectus, as well as other filings containing information about First Community and DutchFork, at the SEC's Internet site (<http://www.sec.gov>).
