Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On May 29, 2009, the Board of Directors of Roper Industries, Inc. (the "Company") accepted a notice of retirement from Mr. W. Lawrence Banks, effective as of June 3, 2009. Mr. Banks' retirement is in accordance with the Company's mandatory Director Retirement Policy detailed in the Company's Corporate Governance Guidelines.

The Board of Directors has not at this time taken formal action to nominate a candidate to serve as a director after Mr. Banks' retirement, but the Nominating and Governance Committee continually reviews potential candidates. Because there is not a replacement for Mr. Banks currently, the Board took action at its May 15, 2009 meeting to reduce its size from 9 to 8 members effective upon Mr. Banks' retirement, with the expectation that the Board size would be increased when a new candidate is identified.

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Director Compensation

Cash Compensation. Prior to April 1, 2009, non-employee directors received the cash compensation set forth below. On April 1, 2009, the fees below were reduced by 7%. This affected the meeting fees but not the annual retainers, which had already been paid. For 2010, the annual retainers are being paid quarterly in arrears at the 7% reduced rate as well.

For service on the Board of Directors, each non-employee director received an annual retainer of \$40,000, a fee of \$1,500 for each in-person meeting, and a fee of \$1,000 for each telephonic meeting in excess of one hour.

Edgar Filing: ROPER INDUSTRIES INC - Form 8-K

For service on the Audit Committee, the chairman received an additional annual retainer of \$20,000 and each other member received an additional annual retainer of \$2,500. Each Audit

Committee member also received a fee of \$1,250 for each in-person meeting, and a fee of \$1,000 for each telephonic meeting in excess of one hour.

For service on the Compensation Committee, the chairperson received an additional annual retainer of \$10,000, and each Compensation Committee member also received a fee of \$1,250 for each in-person meeting, and a fee of \$1,000 for each telephonic meeting in excess of one hour.

For service on the Nominating and Corporate Governance Committee, the chairman received an additional annual retainer of \$7,500, and each Nominating and Corporate Governance Committee member also received a fee of \$1,250 for each in person meeting, and a fee of \$1,000 for each telephonic meeting in excess of one hour.

The Finance Committee was formed on April 1, 2009. For service on the Finance Committee, the chairman receives an additional annual retainer of \$6,975, and each Finance Committee member also receives a fee of \$1,162 for each in person meeting, and a fee of \$930 for each telephonic meeting in excess of one hour.

The Company also reimbursed its directors for ordinary and necessary travel expenses incurred in attending such meetings. Payment is made for each committee meeting attended even if a non-employee director attends more than one committee meeting on the same day.

Nonemployee Director Stock Option Plan. The non-employee directors hold certain stock options awarded pursuant to the Company's 1993 Nonemployee Director Stock Option Plan (the "Nonemployee Director Plan").

Options granted pursuant to the Nonemployee Director Plan become exercisable (i) with respect to 50% of the total number of shares subject thereto, on the first anniversary of the date of grant and (ii) with respect to the remaining shares subject thereto, in installments of 25% of such shares on the second and third anniversaries of the date of grant. The exercise price of options granted pursuant to the Nonemployee Director Plan is the fair market value of the Common Stock on the date of grant. Such exercise price must be paid in full in cash at the time an option is exercised. Options granted under the Nonemployee Director Plan expire on the earliest of (i) ten years from the date of grant, (ii) one year after the optionee ceases to be a director by reason of death or (iii) three months after the optionee ceases to be a director for any reason other than death.

The Nonemployee Director Plan provides that the Board of Directors may make certain adjustments to the exercise price and number of shares subject to options granted thereunder in the event of a stock split, stock dividend, combination, reclassification or certain other corporate transactions. Subject to certain limitations, the Board of Directors is authorized to amend the Nonemployee Director Plan as it deems necessary, but no amendment may adversely affect the rights of an optionee with respect to an outstanding option without the optionee's consent. The Compensation Committee of the Board of Directors is not responsible for the administration of the Nonemployee Director Plan.

The Board of Directors and the stockholders of the Company approved the Nonemployee Director Plan. On May 21, 2008, upon stockholder approval of the 2008 Incentive Plan, the Non-Employee Director Plan was terminated. The terms of the Non-Employee Director Plan will continue to govern grants made under such plan prior to its termination.

2008 Incentive Plan. Pursuant to the 2008 Incentive Plan as initially adopted, each outside director of the Company who did not elect to decline to participate in the 2008 Incentive Plan was automatically granted non-qualified stock options as follows: (1) each individual who first became an outside director would have automatically been granted a one-time grant of non-qualified stock options to purchase 5,000 shares of Common Stock; and (2) on January 1st of each year (other than the

calendar year in which the individual first becomes an outside director), each outside director was automatically granted non-qualified stock options to purchase 6,000 shares of Common Stock, so long as such outside director had continuously served as a director of the Company at all times prior to such date of grant and after his or her appointment as an outside director. Notwithstanding the foregoing, any automatic outside director grants were permitted to be made only if the number of shares subject to future grants was sufficient to make all automatic grants required to be made on such date of grant.

Non-qualified stock options granted to outside directors vest and become exercisable as follows: (i) 50% of the total number of shares of Common Stock subject to a non-qualified stock option vest and become exercisable on the first anniversary of the date of grant, provided the outside director is providing services to the Company or a subsidiary on that date; (ii) an additional 25% of the total number of shares of Common Stock subject to a non-qualified stock option vest and become exercisable on the second anniversary of the date of grant, provided the outside director is providing services to the Company or a subsidiary on that date; and (iii) the remaining 25% of the total number of shares of Common Stock subject to a non-qualified stock option vest and become exercisable on the third anniversary of the date of grant, provided the outside director is providing services to the Company or a subsidiary on that date. Notwithstanding the foregoing, in the event of an outside director's termination of service due to his or her death, all unvested non-qualified stock options will immediately become 100% vested and exercisable.

Based upon the recommendation of Frederic W. Cooke & Co, Inc. (see "2010 Compensation" under Compensation Discussion and Analysis), effective January 1, 2010, the Board of Directors terminated grants of non-qualified stock options. Effective January 1, 2010, each outside director of the Company who does not elect to decline to participate in the 2008 Incentive Plan is automatically granted restricted stock units as follows: (1) on the date of the annual stockholders meeting, each outside director is automatically granted restricted stock units with a fair market value of \$100,000, which restricted stock units will vest 100% on the earlier of (i) the date of the next annual stockholders meeting or (ii) one year from the date of grant, provided the outside director is providing services to the Company or a subsidiary on that date; and (2) each individual who first becomes an outside director is automatically granted a one-time grant, effective as of the date of appointment, equal to the grant he or she would have received if he or she had been elected at the previous annual stockholders meeting, pro-rated based on the number of days such director will actually serve before the one-year anniversary of such previous annual stockholders meeting, which restricted stock units will vest 100% one year from the date of grant, provided the outside director is providing services to the Company or a subsidiary on that date. Notwithstanding the foregoing, in the event of an outside director's termination of service due to his or her death, all unvested restricted stock units will immediately become 100% vested.

No grants were made under the 2008 Incentive Plan during fiscal 2009 because no new outside directors were elected (so no one-time grants were made) and on January 1, 2010, the date on which awards would have been granted under the terms of the 2008 Incentive Plan as originally adopted, the changes described in the paragraph above became effective (so no annual grant will be made until the date of the Annual Meeting, which falls in fiscal 2010).

COMPENSATION DISCUSSION AND ANALYSIS

This section contains a discussion of the material elements of compensation awarded to, earned by or paid to our Chief Executive Officer, our Chief Financial Officer and our three other most highly compensated executive officers who were serving as executive officers as of January 2, 2010. These individuals are referred to as the "Named Executive Officers" in this proxy statement.

Compensation Program

Compensation Program Objectives and Philosophy

Our compensation objectives are to maintain competitive pay practices that will enable us to attract, retain and reward executives who are capable of leading us in achieving our strategic business objectives. To meet these goals, we use base salary, performance-based short-term incentive compensation and long-term equity-based incentive awards. We believe this mix of short-term and long-term compensation rewards and reinforces the value added contributions and attainment of performance objectives that aid us in our efforts to meet our profitability goals and create stockholder value. A significant portion of senior management's compensation is equity-based compensation to emphasize the link between executive compensation and the creation of stockholder value as measured by the equity markets.

We utilize external benchmarking data and comparable peer groups to establish competitive total compensation pay practices that are appropriate for our industry. We evaluate employees' compensation on an annual basis and make changes accordingly. We also take into consideration current economic conditions and our financial projections. We target overall compensation to be at the 50th percentile of the companies that we believe comprise our industry peer group and with whom we believe we principally compete for executive officer candidates.

Although portions of our compensation program are performance-based, we do not believe that our compensation policies and practices for our employees are reasonably likely to have a material adverse effect on the Company.

Overview of Compensation Program Design

Our compensation program is designed to achieve our objectives of attracting, retaining and motivating employees and rewarding them for achievements that we believe will bring us success and create stockholder value. These programs are designed to be competitive with the companies in the industry in which we must compete for talent. A significant portion of the compensation for our Named Executive Officers includes annual long-term equity awards that have extended vesting periods. The purpose of these awards is to serve as both a retention tool and incentive mechanism that will encourage recipients to remain with us and create value for both the award recipient and our stockholders.

In the first quarter of fiscal 2009, our Compensation Committee considered the following factors in establishing the compensation of our Named Executive Officers for fiscal 2009:

Our overall operating performance during 2008 and the achievements of the Named Executive Officers with respect to:
(a) their contribution to our overall performance; (b) results of each division and whether such division achieved its sales and/or expense goals; and (c) results in relation to the budget for each division.

Individual performance appraisals of the Named Executive Officers and their contributions toward our performance goals and other objectives as established by the Chief Executive Officer ("CEO") and the Compensation Committee, including a subjective evaluation of each Named Executive Officer's: (a) vision and strategic direction with respect to his individual business responsibilities; (b) ability to inspire and influence others; (c) development of subordinates;

(d) execution of assigned tasks; and (e) ability to perform above and beyond the required scope and responsibilities of his enumerated role.

The compensation packages for executives who have similar positions and levels of responsibility at other companies in our industry peer group and relevant market benchmarking data.

Compensation Decision-Making

The Compensation Committee

The Compensation Committee is appointed by the Board to exercise the Board's authority concerning compensation of the executive management team, and non-employee directors and the administration of the stock-based and incentive compensation plans of the Company. The Compensation Committee typically meets in separate sessions at least on a quarterly basis. In addition, the Compensation Committee sometimes schedules special meetings or non-meeting "work sessions," either by telephone or in person, as necessary to fulfill its duties. Meeting agendas are established by the chairperson after consultation with other members of the Compensation Committee and Mr. Kosta N. Kartsotis, our CEO. The current members of the Compensation Committee are Ms. Agather, who serves as chairperson, Ms. Ragusa and Mr. Steinberg. Each of these Compensation Committee members served on the Compensation Committee during all of fiscal 2009.

The Compensation Committee's full responsibilities with respect to our compensation practices are set forth in its charter and described in more detail above under "Board Committees and Meetings Compensation Committee."

Role of Executives in Establishing Compensation

Our CEO, our Chairman, Mr. Tom Kartsotis, other members of management (particularly the Vice President of Human Resources), and Compensation Committee members regularly discuss our compensation issues and the performance and retention of our Named Executive Officers. Messrs. Kosta N. Kartsotis and Tom Kartsotis, in connection with the Vice President of Human Resources, typically recommend to the Compensation Committee the annual base salary, bonus and equity awards (if any) for the other members of the executive management team, for the Compensation Committee's review, modification and approval.

The Compensation Committee would typically establish the base salary, bonus and equity incentive awards for the CEO, Mr. Kosta N. Kartsotis. However, Mr. Kosta N. Kartsotis again refused all forms of compensation for fiscal 2009. Mr. Kosta N. Kartsotis is one of the initial investors in our Company and expressed his belief that his primary compensation is met by continuing to drive stock price growth.

Certain members of the executive management team and other employees regularly attend portions of Compensation Committee meetings in order to provide information and recommendations to the Compensation Committee as requested, although the Compensation Committee meets in executive session with only Compensation Committee members present when it deems appropriate. The CEO attended a portion of all of the Compensation Committee's formal meetings during fiscal 2009. Our Chairman regularly attends Compensation Committee meetings as well.

Use of Performance Rating

Each Named Executive Officer's performance is evaluated annually in a performance review. The performance review leads to a performance rating, determined on the basis of both business metrics, which are quantitative measures of our performance and positioning, and position competencies, which are qualitative measures of individual performance and talent. Some of the business metrics include net sales, operating expense leverage, operating income, and gross margin. Some of the position competencies that are evaluated for each executive include setting direction and vision for the organization, cultivating corporate culture, managing resources, driving execution, decision making,

leading communications, inspiring creativity and change, resolving conflict and collaborating, identifying and maximizing talent, coaching and developing, scorekeeping, and teambuilding. The overall performance review rating is used in determining base salary increases, short-term incentive payouts and the size of any equity grants.

Use of Industry Comparative Data

We operate in a highly competitive sector in which retention of qualified personnel is critical to operating a successful business. As a result, we gather as much information as possible about the total compensation levels and practices at other companies in our industry peer group. Determining the relevant companies to use for such comparative purposes is a complex task. Some of our competitors are not public, and it is difficult to obtain relevant information about the specific executive positions comparable to those of our executives. With the help of the Human Resources Department, the Compensation Committee has developed a peer group of companies that it reviews. The Compensation Committee reviews the group and makes any necessary adjustments annually. The peer group is comprised such that the median revenue size of the peer group is at or close to our annual revenue. The peer group used in fiscal 2009 contained the following 18 companies:

Aeropostale, Inc.	Kenneth Cole	Quicksilver, Inc.
American Eagle	Liz Claiborne, Inc.	Timberland Co.
Chicos FAS Inc.	Macy's	Urban Outfitters Inc.
Coach Inc.	Movado Group	Warnaco
Guess, Inc.	New York & Company Inc.	Wolverine World Wide
J. Crew	Polo Ralph Lauren	Zales Corp.

The Human Resources Department obtains relevant data for each company from that company's most recent proxy statement and other SEC filings, or as otherwise available. In addition, the Human Resources Department participates and utilizes executive compensation surveys to benchmark comparable positions.

The data reviewed by the Compensation Committee in setting fiscal 2009 compensation included compensation information for each of the named executive officers identified by each company as well as each company's financial performance data. From this company-specific information as well as the surveys reviewed, our head of Human Resources presented the data by compensation element. This data provided visibility into how the compensation of each of our Named Executive Officers compared to his peer group counterpart with respect to each compensation component and total compensation. The Compensation Committee evaluated base salaries, target bonuses, actual bonuses, stock option awards, restricted stock awards, and any other equity or incentive programs for which we could obtain data.

Other Compensation Policies

Consistent with our compensation philosophies described above, our goal for fiscal 2009 was to provide each Named Executive Officer with an executive compensation program that was appropriate to our business, as well as competitive with the compensation paid to comparable executives in our industry peer group.

Historically, there has not been a pre-established policy or target for the allocation between either cash and non-cash or short and long-term incentive compensation. The CEO and Chairman review information, surveys and other information considered relevant, which may, but in fiscal 2009 did not, include information from consultants, to determine the appropriate level and mix of incentive compensation for each Named Executive Officer and make recommendations to the Compensation Committee, which also has access to the background material reviewed by the CEO and Chairman. The portion of an executive's total compensation that is contingent upon our performance tends to increase

commensurate with the executive's position within our Company. This approach is designed to provide more upside potential and downside risk for those senior positions.

We attempt to ensure that both cash and equity components of total compensation are tax deductible, to the maximum extent possible and applicable, by the use of stockholder-approved plans that are intended to comply, to the extent practicable, with Section 162(m) of the Code. Historically, our cash-based incentive plan has not been stockholder approved and therefore would not comply with Section 162(m). For 2010, upon recommendation of the Compensation Committee, the Board of Directors has adopted, subject to stockholder approval, the Fossil, Inc. 2010 Cash Incentive Plan. Information regarding the 2010 Cash Incentive Plan is set forth under "Approval of the Fossil, Inc. 2010 Cash Incentive Plan (Proposal 4)."

For fiscal 2009, our compensation program was structured to provide each Named Executive Officer with the opportunity to earn, through a combination of base salary and bonus target awards, total cash compensation close to the 50th percentile of our industry peer group. We also attempted to ensure that a substantial amount of each Named Executive Officer's total compensation was performance-based, was linked to our operating performance, and over the executive's tenure, derived its value from the market price of our Common Stock.

As discussed in more detail below under "Annual Cash Incentive Opportunities," our bonus target was a percentage of the Named Executive Officer's base salary, and each Named Executive Officer was eligible to earn a bonus if he or she satisfied certain bonus criteria. The higher the level of performance of the executive, the greater the percentage of base salary the executive could earn as potential total performance-based cash compensation. For fiscal 2009, each of our Named Executive Officers received an "exceeds expectations" performance rating. As a result, the performance-based cash compensation paid was 50% of base salary for each of the Named Executive Officers.

In 2009, the Compensation Committee again discussed stock ownership guidelines. However, several of our Named Executive Officers have been with us for a number of years and already have a significant portion of their financial net worth tied to the performance of our stock. Therefore, the Compensation Committee decided against instituting any stock ownership guidelines in 2009.

Elements of Compensation

During fiscal 2009, our Named Executive Officer compensation program included four components: (a) a base salary; (b) a performance-based short-term cash bonus program; (c) the grant of long-term equity incentives in the form of stock settled stock appreciation rights and restricted stock units; and (d) other compensation and employee benefits generally available to all of our employees, such as health insurance, group life and disability insurance and participation in our 401(k) plan.

Base Salaries

Annually, the CEO reviews and recommends to the Compensation Committee individual salaries for the Named Executive Officers (other than the CEO). In reviewing the CEO's recommendations and determining individual salaries, the Compensation Committee considers the scope of job responsibilities, individual performance and contributions, as well as our overall performance and annual budget guidelines for merit increases. The Compensation Committee's objective is to deliver base compensation levels for each Named Executive Officer at or near the median for the comparable position within the peer group based upon market data. However, salaries may be set higher when considered necessary to attract or retain key executives. Base salaries are reviewed annually and adjustments are based on both financial and non-financial results. Typically, adjustments to salaries are made in the first quarter of each year during our performance review process. Due to the economic conditions in place in the first quarter of fiscal 2009, we suspended merit increases for all of our domestic employees and all of our executive officers, including our Named Executive Officers, who took a 7% pay cut, and our senior vice presidents who took a 5% pay cut, effective April 1, 2009.

Annual Cash Incentive Opportunities

We have a performance-based annual cash incentive plan to motivate key employees to focus on our operating income. The annual cash incentive plan links cash incentive awards to achievement of pre-established performance goals. For fiscal 2009, the award opportunities were determined based upon two performance-based measures: (i) the Named Executive Officer's overall performance rating, and (ii) achievement of our operating income targets. The same criteria were used for all other employees eligible to participate in the incentive plan.

Operating income targets are pre-approved by the Compensation Committee in our first fiscal quarter and include a threshold for initial payout, midpoint and maximum payment targets. The Compensation Committee reviews the performance rating of each Named Executive Officer. Based on the performance rating, for fiscal 2009 the eligibility of our Named Executive Officers for payout under the plan ranged from 0% of base salary for a "needs improvement" performance rating to 65% of base salary for an "outstanding" performance rating. Once the performance rating is determined, the actual cash incentive amounts are paid based on the extent to which the operating income targets are achieved. For example, if one of our Named Executive Officers received an "outstanding" performance rating, he or she would be eligible for a cash incentive award equal to 65% of base salary, but would only be paid 50% of the award if we achieved operating income levels at the 50% payout level. Cash incentive awards are paid only if our operating income threshold is achieved and the employee's performance rating is at least a "meets expectations." In fiscal 2008, our operating income was below the threshold plan target. Therefore, no bonuses were paid under the cash incentive plan in 2009. In fiscal 2009, we exceeded our maximum operating income target. Therefore, 100% of each Named Executive Officer's eligible bonus amount based on their performance rating was paid in 2010.

For fiscal 2009, the operating income target thresholds for a payout (10% award), midpoint (50% award) and maximum (100% award) were \$158 million, \$168 million and \$182 million, respectively. No award would have been paid unless, at a minimum, the 10% threshold was met. At the time it set the operating income target levels, the Compensation Committee also set a scale of percentage award amounts, so that if we had achieved operating income between the threshold and midpoint or the midpoint and maximum, the award percentage would have been proportionately adjusted.

Although we achieved the maximum payout target in 2009, we believe that the operating income targets set each year are challenging, reflect desired above-market performance and typically would not be achieved at the maximum level without exceptional performance. The Compensation Committee recognizes that the likelihood of achievement in any given year may be different, and believes that the payout should be appropriate for the performance, regardless of how often it may happen. As a result of the economic conditions during the first quarter of 2009, it was challenging for the Compensation Committee to set the operating income targets, and the targets were set based on the Compensation Committee's best prediction of where the economy would be for the year and, in light of the economic conditions, what performance level was likely for us. Ultimately, we exceeded the maximum payout threshold for fiscal 2009 in part due to our record net sales and earnings during our fiscal fourth quarter.

The Compensation Committee approves the specific payments to the Named Executive Officers under the annual cash incentive plan. Additionally, the Compensation Committee retains discretion to recommend additional discretionary bonuses during the year based on factors such as promotions and business segment, department or individual performance. No discretionary bonuses were paid to any of the Named Executive Officers in fiscal 2009.

The bonus structure is consistent with our philosophy that a substantial portion of compensation should be tied to Company and individual performance.

Retention and Incentive Equity Awards

We believe that substantial equity ownership and equity awards encourage management to take actions favorable to the medium and long-term interests of the Company and its stockholders and align their interests with the interests of the Company and its stockholders. We believe that including equity awards in the compensation program serves our longer term goals, including management retention, because the value of equity, whether in the form of stock options, stock appreciation rights, restricted stock, or restricted stock units, is realized over several years. Accordingly, equity-based compensation constitutes a significant portion of the overall compensation of the Named Executive Officers.

The CEO recommends to the Compensation Committee the equity incentive awards for the Named Executive Officers (other than the CEO). The CEO bases his award grant recommendations for Named Executive Officers each year on a number of factors, including each Named Executive Officer's role, responsibilities and contributions to our business. In recommending the size, frequency and type of long-term incentive grants, the CEO may also take into account tax implications to the individual and to the Company as well as the expected accounting impact and dilution effects. The Compensation Committee makes the ultimate determination regarding these grants.

For fiscal 2009, we granted to the Named Executive Officers (other than Mr. Kosta N. Kartsois) a combination of restricted stock units and stock appreciation rights both of which vest 20% each year over five years. Stock appreciation rights are made at a specified strike price set forth in the applicable award agreement, which is generally the mean of the highest and lowest sales price of our Common Stock on the date of grant of the award or on the last preceding trading date if no sales are made on the date of grant.

As described under "Post-Termination Compensation," awards under our 2008 Incentive Plan and 2004 Incentive Plan are subject to either optional vesting in the discretion of the Compensation Committee or immediate vesting following a "change in control." The events used to define "change in control" under these agreements were chosen because each reflects a circumstance in which, through a party's acquisition of a significant voting block, a shift in the control of the majority of the Board of Directors, or a corporate transaction, a person or group would be expected to obtain control or effective control over our policies and direction. In those circumstances, the Compensation Committee believes it may be appropriate to provide management the benefit of the awards that have been conveyed prior to such event and to waive the service and other conditions applicable to management's rights to such awards, because such change could reasonably be expected to materially alter our policies and objectives, and/or result in a material change in the composition of management.

Employee Benefits

Benefit programs are generally egalitarian. Our qualified defined contribution 401(k) plan is available to employees in the United States. Our Named Executive Officers may also participate in a deferred compensation plan. None of our Named Executive Officers contributed to this plan in fiscal 2009. Effective March 9, 2009, due to the economic conditions in place in the first quarter of fiscal 2009, we suspended all 401(k) matching. Effective January 3, 2010, we reinstated all 401(k) matching. Our Named Executive Officers do not receive perquisites. Named Executive Officers receive discounts on Fossil products, as do all employees.

2010 Compensation

In late 2009, the Compensation Committee engaged Frederic W. Cooke & Co, Inc. ("FWC") to assist the Compensation Committee and management in reviewing and determining appropriate, competitive compensation for our executive officers for 2010. FWC also reviewed the design and competitiveness of the Company's non-employee director compensation program. FWC did not provide any other services to the Company in 2009.

Edgar Filing: ROPER INDUSTRIES INC - Form 8-K

As described above, we aim to set compensation in such a manner as to provide each Named Executive Officer with the opportunity to earn, through a combination of base salary and bonus target awards, total cash compensation close to the 50th percentile of our industry peer group. Based on the data reviewed and presented to the Compensation Committee by FWC, the Compensation Committee determined that our Named Executive Officer compensation was below this level. FWC recommended to our Compensation Committee, based on an analysis of our peer group companies and comparative, competitive compensation packages, (i) base pay increases of approximately 5.9% to 10.6% for our Named Executive Officers, (ii) certain changes to our performance-based annual cash incentive plan for fiscal 2010, (iii) reducing the vesting period for grants from five years to three years and (iv) awarding value-based equity grants instead of share-denominated equity grants. The Compensation Committee implemented each of these changes for fiscal 2010. Our performance-based annual cash incentive plan for fiscal 2010 is the same as fiscal 2009, except the operating income targets have been revised upwards based on our financial projections for fiscal 2010. In addition, based upon FWC's recommendations, for fiscal 2010, the percentage of base pay that may be earned by our Named Executive Officers was also increased. For our President and COO, the maximum percentage of base pay that may be earned under our performance-based cash incentive plan in fiscal 2010 increased from 65% to 125%. For our other executive officers, the maximum percentage increased from 65% to 100%. The purpose of this increase was to increase overall potential compensation but to tie such increase to Company and individual performance, and make performance-based compensation a greater percentage of the potential compensation our executive officers may earn.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with the members of management of the Company and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

- (1) These amounts reflect potential payments under the annual cash incentive plan.
- (2) Threshold payments assume that the executive received a "meets expectations" performance rating and the Company achieved operating income levels at the first payout level. Cash incentive awards are paid if the operating income thresholds are at least at the first payout level and the executive's performance rating is a "meets expectations," "exceeds expectations" or "outstanding." We consider "meets expectations" to be the threshold performance rating.
- (3) Target payments assume that the executive received an "exceeds expectations" performance rating and the Company achieved operating income levels at the midpoint target level. We consider "exceeds expectations" to be the target performance rating.
- (4) Maximum payments assume that the executive received an "outstanding" performance rating and the Company achieved operating income levels at the total payout level. We consider "outstanding" to be the maximum performance rating.

Employment Agreements

We are not a party to any currently effective employment agreement with any of our Named Executive Officers. We believe that employment agreements are not currently necessary in order to attract and retain talented personnel. However, due to the ever-changing marketplace in which we compete for talent, this practice is regularly reviewed by the Compensation Committee to help ensure that we remain competitive in our industry and the Compensation Committee may determine that such arrangements are in our best interest in the future.

Deferred Compensation Plan

Named Executive Officers may participate in the DCP. The DCP is available in general to officer level employees and allows participants to make annual irrevocable elections to defer pre-tax amounts up to 50% of base salary and 100% of bonus payments. We may also make contributions to the DCP on behalf of a participant. In fiscal 2009, we did not make any contributions. Participants in the DCP may select investments from among 36 different investment alternatives for existing balances and future contributions, which include various mutual funds that invest in stocks, money market investments and bonds. Participants may change their investments on a quarterly basis by contacting the plan administrator. Applicable daily interest rates are determined by multiplying (i) the sum of the one year London Interbank Offered Rate on the first and last business day of the period, by (ii) fifty percent by (iii) 1 divided by 360. The DCP contains a change in control mechanism that immediately vests employer contributions in the case of a change in control. Upon termination of employment, participants in the DCP may receive a single distribution of the benefits accrued thereunder, in cash, within a reasonable period of time, not to exceed sixty days, after the last business day of the quarter in which such termination occurred. The Company has not made any recent employer contributions and any previous contributions have already met the required vesting criteria. We believe that providing the Named Executive Officers with deferred compensation opportunities is a cost-effective way for officers to receive the tax benefits associated with delaying the income tax event on the compensation deferred, although the related deduction for the Company is also deferred.

Post-Termination Compensation

Change in Control. We have not entered into change in control or other post-termination agreements with any of our Named Executive Officers or other members of the executive management team. However, pursuant to the 2008 Incentive Plan, the Compensation Committee, in its sole discretion, may determine that an award will be immediately vested in whole or in part, subject to the terms of the 2008 Incentive Plan, in the event of the participant's death, total and permanent disability, retirement, or the occurrence of a "change in control." A "change in control" is generally defined as the occurrence of any of the following events: (i) the acquisition by any person of 30% or more of the combined voting power of our outstanding securities (or an additional 10% of such voting power by a 30% or greater holder of such voting power); (ii) individuals who on the effective date of the 2008 Incentive Plan constituted our Board of Directors and their successors or other nominees that are appointed or otherwise approved by a vote of at least a majority of the directors then still in office who either were directors on the effective date or whose appointment, election or nomination for election was previously so approved or recommended, cease for any reason to constitute a majority of the Board of Directors; (iii) there is a merger or consolidation of the Company or any direct or indirect subsidiary, other than (a) a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior to such transaction continuing to represent at least 60% of the combined voting power of the surviving entity or (b) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person is or becomes the beneficial owner of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities; (iv) stockholder approval of a plan of complete liquidation or dissolution of the Company, or consummation of an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 60% of the combined voting power of the voting securities of which are owned by stockholders of the Company in substantially the same proportions as their ownership of the Company immediately prior to such sale; or (v) any tender or exchange offer is made to acquire 30% or more of the securities of the Company, other than an offer made by the Company, and shares are acquired pursuant to that offer.

Edgar Filing: ROPER INDUSTRIES INC - Form 8-K

In addition, in the event of a change in control of the Company, all outstanding restricted stock, restricted stock units and stock appreciation rights under our 2004 Incentive Plan and all restricted stock granted under the Restricted Stock Plan will become fully exercisable or vested. Awards of stock options under the 2004 Incentive Plan do not provide for immediate vesting upon a change in control. However, the Compensation Committee has the full and exclusive power to interpret the 2004 Incentive Plan, including the power to accelerate the vesting of outstanding, unvested awards. A "change in control" under these plans is generally defined as (i) the acquisition by any person of 30% or more of the combined voting power of our outstanding securities, or (ii) the occurrence of a transaction requiring stockholder approval and involving the sale of all or substantially all of our assets or the merger of our Company with or into another corporation.

The DCP contains a change in control mechanism that immediately vests employer contributions in the case of a change in control and participants in the DCP may receive a single distribution of the benefits accrued thereunder upon termination of employment. A "change in control" under the DCP is generally defined as (i) the acquisition by any person of 50% or more of the combined voting power of the total fair market value or total voting power of the stock of the Company, (ii) the acquisition by any person during a 12-month period of ownership of stock of the Company possessing 35% or more of the total voting power of the stock of the Company, (iii) a majority of members of the Board is replaced during any twelve 12-month period by directors whose appointment or election is not endorsed by a majority of the Board before the date of the appointment or election, or (iv) the acquisition by any person of assets from the Company that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of the Company.

Letter Agreement with Mr. Quick. We entered into a letter agreement with Mr. Mark D. Quick on November 10, 2005, at which time he was serving as President, Fashion Accessories and Stores Division, regarding the terms of the stock options granted to Mr. Quick beginning on January 1, 2002 and thereafter pursuant to certain Award Agreements under our 2004 Incentive Plan and its predecessor plan, our 1993 Long-Term Incentive Plan. The letter agreement formalizes certain special rights and benefits in the event of Mr. Quick's retirement after he has attained the age of 57. As defined in the letter agreement, retirement means termination of full time employment with the Company and its subsidiaries and related companies on the date set forth in a written retirement notice addressed to its Chief Executive Officer and the Compensation Committee and delivered to the General Counsel no later than one year prior to his retirement date. Under the letter agreement, upon Mr. Quick's retirement:

For stock options granted under any Award Agreements after January 1, 2002 (including awards not yet granted unless they expressly provide otherwise):

Officers, directors and 10% Stockholders of the Company are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms so filed. Based solely on review of copies of such forms received, the Company believes that, during the last fiscal year, all filing requirements under Section 16(a) applicable to its officers, directors and 10% Stockholders were timely met, except for the following one Form 4 for Mike Kovar pertaining to two transactions, one Form 4 for Jal Shroff pertaining to one transaction and one Form 4 for Alan Gold pertaining to two transactions.

Certain Relationships and Related Transactions

Mr. Rasheed Shroff (the son of Mr. Jal S. Shroff) is an employee of Fossil (Asia) Ltd., a wholly-owned subsidiary of the Company. Mr. Rasheed Shroff earned approximately \$157,000 in cash compensation in 2009. In addition, under the Company's 2008 Incentive Plan, Mr. Rasheed Shroff received a grant of options to purchase 2,700 shares of Common Stock at an exercise price of \$13.65.

In accordance with the Company's Audit Committee charter, any proposed transaction that has been identified as a related party transaction under Item 404 of SEC Regulation S-K may be consummated or materially amended only following the approval by the Audit Committee. A related party transaction means a transaction, arrangement or relationship in which the Company and any related party are participants in which the amount involved exceeds \$120,000. A related party includes (i) a director, director nominee or executive officer of the Company, (ii) a security holder known to be

an owner of more than 5% of the Company's voting securities, (iii) an immediate family member of the foregoing or (iv) a corporation or other entity in which any of the foregoing persons is an executive, principal or similar control person or in which such person has a 5% or greater beneficial ownership interest.

In the event that the Company proposes to enter into a related party transaction, management of the Company shall present the transaction to the Audit Committee for review, consideration and approval. The Audit Committee, in approving or rejecting the proposed transaction, shall consider all the facts and circumstances deemed relevant by and available to the Audit Committee. The Audit Committee shall approve only those transactions that, in light of the circumstances, are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the Audit Committee determines in good faith exercise of its discretion.

**APPROVAL OF THE FOSSIL, INC. 2010 CASH INCENTIVE PLAN
(Proposal 4)**

Upon recommendation of the Compensation Committee, the Board of Directors has adopted, subject to stockholder approval, the Fossil, Inc. 2010 Cash Incentive Plan (the "Incentive Plan"). The Incentive Plan is intended to advance the interests of the Company and its stockholders by identifying and rewarding superior performance and providing competitive compensation to attract, motivate, and maintain employees who have outstanding skills and abilities and who achieve superior performance and by fostering accountability and teamwork throughout the Company. The Incentive Plan provides for the granting of awards of cash incentive compensation that may be paid to a participant upon satisfaction of specified performance goals for a particular performance period (as described below).

It is the judgment of the Board of Directors of the Company that the Incentive Plan is in the best interest of the Company and its stockholders.

Description of the Incentive Plan

The following is a brief description of the Incentive Plan. A copy of the Incentive Plan is attached as Appendix A to this proxy statement, and the following description is qualified in its entirety by reference to the Incentive Plan.

Effective Date and Expiration

The Incentive Plan will become effective on January 3, 2010, subject to and conditioned upon stockholder approval of the Incentive Plan, and will remain in effect until it is terminated by the Board of Directors of the Company or such committee of the Board as is designated by the Board to administer the Incentive Plan (the "Committee").

Administration

The Incentive Plan will be administered by the Committee, which has full authority to (i) designate the employees who are eligible to participate in the Incentive Plan; (ii) establish the performance goals and achievement levels for each participant; and (iii) establish and certify the achievement of the performance goals. In addition, except as provided in the next sentence, the Committee may delegate its authority and responsibilities under the Incentive Plan to the Company's CEO. However, with respect to "Covered Employees" (employees for whom the limitation on deductibility for compensation pursuant to Section 162(m) of the Code is applicable), any decision concerning the awarding of incentive compensation will be made exclusively by the members of the Committee who are at that time "outside directors," as that term is used in Section 162(m) of the Code and the treasury regulations thereunder. Any interpretation, determination, or other action made or taken by the Committee will be final, binding, and conclusive on all interested parties.

Eligibility

For each period selected by the Committee for payment of incentive compensation, referred to as a "Performance Period" (a Performance Period may coincide with the fiscal year of the Company or may be for a period that is longer or shorter than a fiscal year), the Committee will select the particular employees to whom incentive compensation may be awarded. With respect to Covered Employees, the Committee must make its determination within the first 90 days of the Performance Period (and in the case of a Performance Period less than 12 months, such determinations will be made no later than the date on which 25% of the Performance Period has elapsed). Senior management of each business unit of the Company will recommend to the Committee, in accordance with the time periods described above, the employees of such business unit to be eligible to receive awards under the Incentive Plan, and the Committee will consider, but will not be bound by, such recommendations.

Full-time employees of the Company or its subsidiaries can be eligible to participate in the Incentive Plan. On April 1, 2010, the Company (including its subsidiaries) had 8,700 full-time employees.

Determination of Performance Goals

No later than the 90th day of a Performance Period (and in the case of a Performance Period less than a fiscal year, such determinations will be made no later than the date on which 25% of the Performance Period has elapsed), the Committee must approve and deliver to the CEO a written report setting forth:

- (i) the business unit performance goals (as described below) and/or the Company performance goals (as described below), as applicable, for the Performance Period;
- (ii) the threshold, target, and maximum achievement levels for business unit performance goals and/or Company performance goals for the Performance Period;
- (iii) with respect to each participant, incentive compensation as a specified percentage of base pay for achievement of threshold, target and maximum achievement levels and the relative weighting of each performance goal in determining the participant's incentive compensation; and
- (iv) a schedule setting forth payout opportunity as a percentage of base pay for threshold, target and maximum achievement levels.

The Committee may delegate to the CEO the determinations under items (i) through (iv) above for each participant who is a subordinate employee, which the CEO will report to the Committee, and the Committee will consider, but will not be bound by, the recommendations and determinations of the CEO.

Categories of Business Unit and Company Performance Goals

The business unit performance goals established by the Committee for any Performance Period may differ among participants and business units. For each participant or business unit, the business unit performance goals will be based on the performance of the business unit. Performance criteria for a business unit will be related to the achievement of financial and operating objectives of the business unit, including the factors described below. The Company performance goals established by the Committee for any Performance Period will relate to the achievement of predetermined financial objectives for the Company and its subsidiaries on a consolidated basis, including the factors described below as applied to the Company and its subsidiaries. The Company performance goals may be established either on an absolute or on a per share basis. The Company performance goals may also be established on a relative basis as compared to the performance of a published or special index deemed

applicable by the Committee or a group of companies deemed by the Committee to be comparable to the Company.

Performance criteria for a business unit and/or the Company will be related to the achievement of financial and operating objectives, which, where applicable, will be within the meaning of Section 162(m) of the Code, and consist of one or more or any combination of the following criteria: operating income; operating profit; net profit; net earnings; net sales or changes in net sales; EBITDA or other measures of cash flow; total stockholder return, stockholder return based on growth measures or the attainment by the shares of a specified value for a specified period of time, share price or share price appreciation; earnings growth; return on net assets, return on invested capital, or other return measures, including return or net return on working assets, equity, capital or net sales; pre-tax profits; operating margins; growth in operating earnings or growth in earnings per share; value of assets; market share or market penetration with respect to specific designated products or product groups and/or specific geographic areas; aggregate product price and other product measures; expense or cost levels; reduction of losses, loss ratios or expense ratios; reduction in fixed assets; operating cost management; management of capital structure; debt reduction; productivity improvements; inventory and/or receivables control; satisfaction of specified business expansion goals or goals relating to acquisitions or divestitures; customer satisfaction based on specified objective goals or a Company-sponsored customer survey; employee diversity goals; employee turnover; specified objective social goals; safety record; store sales or productivity; or other objectively measurable factors directly tied to the performance of the business unit and/or Company.

Certification and Level of Achievement

Within 75 days after the end of each Performance Period, senior management of the Company and each applicable business unit will report to the Committee the extent to which the Company and/or business unit performance goals were achieved for the Performance Period. As soon as practicable after the Company's financial results for any Performance Period are finalized and receipt of the report of the senior management, the Committee will certify in writing and, where applicable, in compliance with Section 162(m) of the Code:

- (i) the extent to which the Company achieved its Company performance goals for the Performance Period;
- (ii) the extent to which each business unit achieved its business unit performance goals for the Performance Period;
- (iii) the calculation of the participants' incentive compensation; and
- (iv) the determination by the Committee of the amount of incentive compensation, if any, to be paid to each participant for the Performance Period.

In determining whether performance goals have been achieved and incentive compensation is payable for a given Performance Period, generally accepted accounting principles will be applied on a basis consistent with prior periods, and such determinations will be based on the calculations made by the Company and binding on each participant.

If at least the threshold achievement of a performance goal is achieved, then the incentive compensation that may be paid to a participant will be based on a specified percentage of the participant's base pay. The Committee may, in its sole discretion, decrease (but never increase) the incentive compensation to be paid to one or more participants for a Performance Period.

The maximum amount of incentive compensation payable to any participant with respect to any single award to a covered employee for a Performance Period may not exceed \$1,750,000.

Edgar Filing: ROPER INDUSTRIES INC - Form 8-K

Payment, Termination of Employment and Forfeiture; New Hires, Promotions, and Transfers

Subject to the provisions below and except as otherwise provided in the Incentive Plan, a participant's incentive compensation for each Performance Period will be paid as soon as practicable after the fiscal year-end results for such Performance Period have been finalized, but in no event later than the date that is 2½ months immediately following the close of the fiscal year in which such Performance Period ended. The payment will be in the form of a cash lump sum.

If a participant's employment with the Company and its subsidiaries is terminated voluntarily by the participant, or is terminated by his or her employer for any reason during a Performance Period, or after a Performance Period but prior to the date of actual payment of the incentive compensation, then such participant will immediately forfeit any right to receive any incentive compensation for such Performance Period.

Any individual who is newly-hired or becomes eligible to participate in the Incentive Plan during a Performance Period and who is selected by the Committee to participate in the Incentive Plan will be eligible to receive a pro rata portion of the incentive compensation to which he or she could have been entitled if he or she had been employed for the full Performance Period, based on the number of full months during the Performance Period during which he or she is a participant in the Incentive Plan and calculated on the basis of his or her base pay received for the Performance Period. The incentive compensation will be paid at the time and in the manner set forth above.

In the case of a promotion or transfer from a position where an individual was already a participant for a Performance Period to a position where the participant is eligible for a higher or lower maximum amount of incentive compensation, the participant will complete his or her participation in the prior position until the end of the complete month in which his or her date of promotion or transfer occurred, and then may participate in for the rest of the Performance Period at the level of the transferred or promoted position. The overall incentive compensation will be pro rated for both Performance Periods. If a participant is transferred to a lateral position (i.e., the same job grade or level), then the incentive compensation will not be pro rated based on the lateral change in position. Participants who are eligible for participation at the beginning of a Performance Period, but who subsequently become ineligible to participate during the Performance Period will receive a pro rated portion of the incentive compensation based on the number of eligible full months completed during such Performance Period.

Assignment

A participant may not alienate, assign, pledge, encumber, transfer, sell or otherwise dispose of any rights or benefits awarded under the Incentive Plan prior to the actual receipt of such rights or benefits, and any attempt to alienate, assign, pledge sell, transfer or assign prior to such receipt, or any levy, attachment, execution or similar process upon any such rights or benefits will be null and void.

Adjustments upon Changes in Capitalization

In the event of a merger, consolidation, sale of assets, reorganization or other business combination in which the Company is not the surviving or continuing corporation, or pursuant to which shares of the Company's Common Stock would be converted into cash, securities or other property (other than a merger of the Company in which the holders of the Company's Common Stock immediately prior to the merger have the same proportionate ownership of common stock of the surviving corporation immediately after the merger), the Committee will adjust the Performance Goals and achievement levels so that the incentive compensation amounts to which a participant is entitled are not adversely affected by such events.

Amendment or Discontinuance of the Incentive Plan

The Committee may, at any time and from time to time, without the consent of the participants, alter, amend, revise, suspend or discontinue the Incentive Plan, except that any amendment that modifies any preestablished performance goal for a participant who is a Covered Employee (or his or her successor(s), as may be applicable) with respect to any particular Performance Period may only be effected on or prior to the date which is 90 days following the commencement of such Performance Period (and in the case of a Performance Period less than a fiscal year, such determinations will be made no later than the date on which 25% of the Performance Period has elapsed). The Board of Directors of the Company may discontinue the Incentive Plan in whole or in part, and may amend the Incentive Plan in any manner advisable in order for incentive compensation granted under the Incentive Plan to qualify as "performance-based" compensation under Section 162(m) of the Code (including amendments as a result of changes to Section 162(m) of the Code or the regulations thereunder to permit greater flexibility with respect to incentive compensation under the Incentive Plan).

Federal Income Tax Consequences

The following is a brief summary of certain federal income tax consequences relating to the transactions described under the Incentive Plan as set forth below. This summary does not purport to address all aspects of federal income taxation and does not describe state, local or foreign tax consequences. This discussion is based upon provisions of the Code and the treasury regulations issued thereunder, and judicial and administrative interpretations under the Code and treasury regulations, all as in effect as of the date hereof, and all of which are subject to change (possibly on a retroactive basis) or different interpretation.

Law Affecting Deferred Compensation

In 2004, Section 409A was added to the Code to regulate all types of deferred compensation. If the requirements of Section 409A of the Code are not satisfied, deferred compensation and earnings thereon will be subject to tax as it vests, plus an interest charge at the underpayment rate plus 1% and a 20% penalty tax. The Incentive Plan and awards of incentive compensation are intended to be exempt from Section 409A of the Code.

Tax Consequences to Participants

The recipient of cash will be subject to tax at ordinary income rates on the amount of the award on the date of payment or delivery, unless the award otherwise becomes subject to taxation under the Code, including Section 409A of the Code.

Federal Tax Withholding

Any ordinary income realized by a participant upon receipt of cash is subject to withholding of federal, state and local income tax and to withholding of the participant's share of tax under the Federal Insurance Contribution Act. Withholding does not represent an increase in the participant's total income tax obligation since it is fully credited toward his or her tax liability for the year. Compensation income realized, and tax withheld, will be reflected on Forms W-2 supplied by the Company to employees by January 31 of the succeeding year. Deferred compensation that is subject to Section 409A of the Code will be subject to certain federal income tax withholding and reporting requirements.

Tax Consequences to the Company or Subsidiary

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an "excess parachute payment" within the meaning of Section 280G of the Code.

Under Section 162(m) of the Code, the Company may not deduct compensation of more than \$1,000,000 that is paid to an individual employed by the Company who, on the last day of the taxable year is a Covered Employee. However, the limitation on deductions does not apply to certain types of compensation, including qualified "performance-based" compensation, and only applies to compensation paid by a publicly-traded corporation (and not compensation paid by non-corporate entities). The Company intends for awards of incentive compensation granted pursuant to the Incentive Plan to constitute qualified "performance-based" compensation and, as such, to be exempt from the \$1,000,000 limitation on deductible compensation.

Plan Benefits

To date, the Company has not granted any awards of incentive compensation under the Incentive Plan. Future benefits under the Incentive Plan are not currently determinable.

Interests of Certain Persons

Certain members of the Board of Directors are eligible for awards under the Incentive Plan and thus, have a personal interest in the approval of the Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE FOSSIL, INC. 2010 CASH INCENTIVE PLAN.

**APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal 5)**

The Company's independent registered public accounting firm for the fiscal year ended January 2, 2010 was Deloitte & Touche LLP. It is expected that one or more representatives of such firm will attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. The Audit Committee of the Company has selected the firm of Deloitte & Touche LLP as the Company's principal independent registered public accounting firm for the fiscal year ending January 1, 2011. Stockholder ratification of the appointment is not required under the laws of the State of Delaware, but the Board has decided to ascertain the position of the stockholders on the appointment. The Audit Committee will reconsider the appointment if it is not ratified. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee feels that such a change would be in the Company's and its stockholders' best interests. The affirmative vote of a majority of the shares present in person or by proxy, and entitled to vote on the subject matter at the Annual Meeting is required for ratification.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JANUARY 1, 2011.

In considering the nature of the services provided by Deloitte, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval of Independent Registered Public Accounting Firm Fees and Services Policy

The Audit Committee's Policies and Procedures for the Engagement of the Principal Outside Auditing Firm provides for pre-approval of all audit, audit-related, tax and other permissible non-audit services provided by our principal independent registered public accounting firm on an annual basis and individual engagements as needed. The policy also requires additional approval of any engagements that were previously approved but are anticipated to exceed pre-approved fee levels. The policy permits the Audit Committee chairperson to pre-approve principal independent registered public accounting firm services where the Company deems it necessary or advisable that such services commence prior to the next regularly scheduled Audit Committee meeting (provided that the Audit Committee chairperson must report to the full Audit Committee on any pre-approval determinations).

The Audit Committee pre-approved all of the audit fees, audit-related fees and tax fees set forth in the table.

OTHER BUSINESS

The Board knows of no other business to be brought before the Annual Meeting. If, however, any other business should properly come before the Annual Meeting, the persons named in the accompanying proxy will vote the proxy in accordance with applicable law and as they may deem appropriate in their discretion, unless directed by the proxy to do otherwise.

DATE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Stockholder proposals to be included in the proxy statement for the 2011 Annual Meeting of Stockholders must be received by the Company at its principal executive offices on or before December 15, 2010 for inclusion in the Company's Proxy Statement relating to that meeting. Stockholders wishing to submit proposals to be presented directly at the Annual Meeting instead of for inclusion in next year's proxy statement must follow the submission criteria and deadlines set forth in

our Bylaws. To be timely in connection with an annual meeting, a stockholder proposal with respect to a nomination for director, a proposal to amend or supplement the certificate of incorporation, a proposal to amend the bylaws or a proposal to remove a director must be received by the Company at its principal executive offices not before January 19, 2011 or after February 18, 2011. With respect to other stockholder proposals, management will be able to vote proxies in its discretion without advising stockholders in the 2011 proxy statement about the nature of the matter and how management intends to vote if notice of the proposal is not received by the Company at its principal executive offices before February 28, 2011.

"**Subsidiary**" means (i) any corporation in an unbroken chain of corporations beginning with the Company, if each of the corporations other than the last corporation in the unbroken chain owns stock possessing a majority of the total combined voting power of all classes of stock in one of the other corporations in the chain, (ii) any limited partnership, if the Company or any corporation described in item (i) above owns a majority of the general partnership interest and a majority of the limited partnership interests entitled to vote on the removal and replacement of the general partner, and (iii) any partnership or limited liability company, if the partners or members thereof are composed only of the Company, any corporation listed in item (i) above or any limited partnership listed in item (ii) above. "**Subsidiaries**" means more than one of any such corporations, limited partnerships, partnerships, or limited liability company.

"**Target Achievement**" means, for a Participant for any Performance Period, the level or range of achievement of a set of Performance Goals required for Incentive Compensation to be paid which shall

be a specified percentage of the Participant's Base Pay with respect to such set of Performance Goals, determined by the Committee in accordance with *Section 4.1* below.

"Threshold Achievement" means, for a Participant for any Performance Period, the minimum level of achievement of a set of Performance Goals required for any Incentive Compensation to be paid which shall be a specified percentage of the Participant's Base Pay with respect to such set of Performance Goals, as determined by the Committee in accordance with *Section 4.1* below.

Article II **Administration**

2.1 Committee's Authority. Subject to the terms of this *Article II*, the Plan shall be administered by the Committee. For each Performance Period, the Committee shall have full authority to (i) designate the Eligible Employees who shall participate in the Plan; (ii) establish the Performance Goals and achievement levels for each Participant pursuant to *Article IV* hereof; and (iii) establish and certify the achievement of the Performance Goals. The Committee may delegate its authority and responsibilities to the CEO; however, with respect to participation in the Plan by a Covered Employee, notwithstanding any provision of the Plan to the contrary, any decision concerning the awarding of Incentive Compensation hereunder (including, without limitation, establishment of Performance Goals, Threshold Achievement, Target Achievement, Maximum Achievement, and any other information necessary to calculate Incentive Compensation for such Covered Employee for such Performance Period) shall not be made by the CEO and shall be made exclusively by the members of the Committee who are at that time "outside" directors, as that term is used in Section 162(m) of the Code and the treasury regulations promulgated thereunder.

2.2 Committee Action. A majority of the Committee shall constitute a quorum, and the act of a majority of the members of the Committee present at a meeting at which a quorum is present shall be the act of the Committee.

2.3 Committee's Powers. The Committee shall have the power, in its discretion, to take such actions as may be necessary to carry out the provisions and purposes of the Plan and shall have the authority to control and manage the operation and administration of the Plan. In order to effectuate the purposes of the Plan, the Committee shall have the discretionary power and authority to construe and interpret the Plan, to supply any omissions therein, to reconcile and correct any errors or inconsistencies, to decide any questions in the administration and application of the Plan, and to make equitable adjustments for any mistakes or errors made in the administration of the Plan. All such actions or determinations made by the Committee, and the application of rules and regulations to a particular case or issue by the Committee, in good faith, shall not be subject to review by anyone, but shall be final, binding and conclusive on all persons ever interested hereunder.

In construing the Plan and in exercising its power under provisions requiring the Committee's approval, the Committee shall attempt to ascertain the purpose of the provisions in question, and when the purpose is known or reasonably ascertainable, the purpose shall be given effect to the extent feasible. Likewise, the Committee is authorized to determine all questions with respect to the individual rights of all Participants under this Plan, including, but not limited to, all issues with respect to eligibility. The Committee shall have all powers necessary or appropriate to accomplish its duties under this Plan including, but not limited to, the power to:

- (a) designate the Eligible Employees who shall participate in the Plan;
- (b) maintain complete and accurate records of all plan transactions and other data in the manner necessary for proper administration of the Plan;
- (c) adopt rules of procedure and regulations necessary for the proper and efficient administration of the Plan, provided the rules and regulations are not inconsistent with the terms

of the Plan as set out herein. All rules and decisions of the Committee shall be uniformly and consistently applied to all Participants in similar circumstances;

- (d) enforce the terms of the Plan and the rules and regulations it adopts;
- (e) review claims and render decisions on claims for benefits under the Plan;
- (f) furnish the Company or the Participants, upon request, with information that the Company or the Participants may require for tax or other purposes;
- (g) employ agents, attorneys, accountants or other persons (who also may be employed by or represent the Company) for such purposes as the Committee considers necessary or desirable in connection with its duties hereunder; and
- (h) perform any and all other acts necessary or appropriate for the proper management and administration of the Plan.

Article III

Eligibility

For each Performance Period, the Committee shall select the particular Eligible Employees to whom Incentive Compensation may be awarded for such Performance Period; with respect to Covered Employees, such determination shall be made within the first ninety (90) days of such Performance Period (and in the case of a Performance Period that is less than twelve (12) months, such determination shall be made no later than the date 25% of the Performance Period has elapsed). To the extent permitted by the Committee, Employees who participate in the Plan may also participate in other incentive or benefit plans of the Company or any Subsidiary. Senior management of each Business Unit shall recommend to the Committee within not more than ninety (90) days after the beginning of a Performance Period (and in the case of a Performance Period less than a Fiscal Year, such determination shall be made no later than the date 25% of the Performance Period has elapsed) those Employees of such Business Unit to be eligible to participate in the Plan for such Performance Period; the Committee shall consider, but shall not be bound by, such recommendations. Notwithstanding any provision in this Plan to the contrary, the Committee may grant one or more Awards to an Eligible Employee at any time, and from time to time, and the Committee shall have the discretion to determine whether any such Award shall be a Short-Term Award, an Annual Award or a Long-Term Award.

Article IV

Determination of Goals and Incentive Compensation

4.1 *Establishment of Business Unit and Company Performance Goals.* No later than the ninetieth (90th) day of the Performance Period (and in the case of a Performance Period less than a Fiscal Year, such determination shall be made no later than the date 25% of the Performance Period has elapsed), the Committee shall approve and deliver to the Chief Executive Officer of the Company a written report setting forth: (i) the Business Unit Performance Goals for the Performance Period, (ii) Company Performance Goals for the Performance Period, (iii) the Threshold Achievement, Target Achievement, and Maximum Achievement levels for Business Unit Performance Goals and Company Performance Goals for the Performance Period, (iv) with respect to each Participant, Incentive Compensation as a percentage of Base Pay for achievement of Threshold Achievement, Target Achievement, and Maximum Achievement levels and the relative weighting of each Performance Goal in determining the Participant's Incentive Compensation, and (v) a schedule setting forth payout opportunity as a percentage of Base Pay for Threshold Achievement, Target Achievement, and Maximum Achievement levels. The Committee may delegate to the CEO to establish and report to the Committee for each Participant the determinations under items (i) through (v) above. The Committee shall consider, but shall not be bound by, the recommendations and determinations of the CEO with respect to such items.

4.2 Categories of Business Unit Performance Goals. The Business Unit Performance Goals established by the Committee for any Performance Period may differ among Participants and Business Units. For each Business Unit, the Business Unit Performance Goals shall be based on the performance of the Business Unit. Performance criteria for a Business Unit shall be related to the achievement of financial and operating objectives of the Business Unit, which, where applicable, shall be within the meaning of Section 162(m) of the Code, and consist of one or more or any combination of the following criteria: (a) Operating Income; (b) operating profit; (c) net profit; (d) net earnings (e) net sales or changes in net sales; (f) EBITDA or other measures of cash flow; (g) total stockholder return, stockholder return based on growth measures or the attainment by the shares of a specified value for a specified period of time, share price or share price appreciation; (h) earnings growth; (i) return on net assets, return on invested capital, or other return measures, including return or net return on working assets, equity, capital or net sales; (j) pre-tax profits; (k) operating margins; (l) growth in operating earnings or growth in earnings per share; (m) value of assets; (n) market share or market penetration with respect to specific designated products or product groups and/or specific geographic areas; (o) aggregate product price and other product measures; (p) expense or cost levels; (q) reduction of losses, loss ratios or expense ratios; (r) reduction in fixed assets; (s) operating cost management; (t) management of capital structure; (u) debt reduction; (v) productivity improvements; (w) inventory and/or receivables control; (x) satisfaction of specified business expansion goals or goals relating to acquisitions or divestitures; (y) customer satisfaction based on specified objective goals or a Company-sponsored customer survey; (z) employee diversity goals; (aa) employee turnover; (bb) specified objective social goals; (cc) safety record; (dd) store sales or productivity; or (ee) other objectively measurable factors directly tied to the performance of the Business Unit.

4.3 Company Performance Goals. The Company Performance Goals established by the Committee for any Performance Period shall relate to the achievement of predetermined financial and operating objectives for the Company and its Subsidiaries on a consolidated basis, which, where applicable, shall be within the meaning of Section 162(m) of the Code and consist of one or more or any combination of the factors set forth in *Section 4.2* above, as applied to the Company and its Subsidiaries on a consolidated basis. The Company Performance Goals may be established either on an absolute or on a per share basis reflecting dilution of shares as the Committee deems appropriate and, if the Committee so determines, net of or including cash dividends. The Company Performance Goals may also be established on a relative basis as compared to the performance of a published or special index deemed applicable by the Committee or a group of companies deemed by the Committee to be comparable to the Company.

4.4 Certification. Within seventy-five (75) days after the end of each Performance Period, the senior management of the Company and each Business Unit shall report to the Committee the extent to which Company and Business Unit Performance Goals were achieved for the Performance Period. As soon as practicable following the finalization of the Company's financial statements or receipt of the Independent Auditor's Report on the Company's financial statements for a Performance Period consisting of one or more Fiscal Year's covered by the financial statements or other accounting finalizing of the Company's financial results for any Performance Period and receipt of the report of the Company and Business Unit senior management, the Committee shall certify in writing and, where applicable, in compliance with the requirements of Treasury Regulation 1.162-27 (and successor regulations thereto) in the case of any Award intended to qualify under Section 162(m) of the Code: (i) the extent to which the Company achieved its Company Performance Goals for the Performance Period, (ii) the extent to which each Business Unit achieved its Business Unit Performance Goals for the Performance Period, (iii) the calculation of the Participants' Incentive Compensation, and (iv) the determination by the Committee of the amount of Incentive Compensation, if any, to be paid to each Participant for the Performance Period. In determining whether Performance Goals have been achieved and Incentive Compensation is payable for a given Performance Period, generally accepted accounting principles to the extent applicable to the Performance Goal shall be applied on a basis consistent with

prior periods, and such determinations shall be based on the calculations made by the Company and binding on each Participant. After the certification described in this *Section* the Committee may, in its sole and absolute discretion, decrease the Incentive Compensation to be paid to one or more Participants for such Performance Period.

4.5 *Earned Award Based on Level of Achievement.* If Threshold Achievement is attained with respect to a Performance Goal, then the Incentive Compensation that may be paid to such Participant with respect to such Performance Goal shall be based on a specified percentage of Base Pay and the Committee's predetermined schedule (which may allow for interpolation between achievement levels) setting forth the earned award as a percentage of Base Pay; provided that, as described in *Section 4.4*, the Committee may decrease (but never increase) the Incentive Compensation to be paid to one or more Participants for such Performance Period.

4.6 *Limitation on Total Incentive Compensation.* Notwithstanding any provision to the contrary contained herein, the maximum Incentive Compensation payable to any Covered Employee with respect to any single Award shall not exceed \$1,750,000.

Article V

Payment of Incentive Compensation

5.1 *Form and Time of Payment.* Subject to the provisions of *Sections 5.2* and *5.3* below and except as otherwise provided herein, a Participant's Incentive Compensation for each Performance Period shall be paid as soon as practicable after the results for such Performance Period have been finalized, but in no event later than the date that is 2¹/₂ months immediately following the close of Fiscal Year in which such Performance Period ended. The payment shall be in the form of a cash lump sum.

5.2 *Forfeiture Upon Termination Prior to Date of Payment.* If a Participant's employment with the Company and all of its Subsidiaries is terminated voluntarily by the Participant or is terminated by his or her employer for any reason during a Performance Period or after a Performance Period but prior to the date of actual payment in accordance with *Section 5.1* above, then such Participant will immediately forfeit any right to receive any Incentive Compensation hereunder for such Performance Period.

5.3 *Pro Rata Payment for New Hires; Promotions.* Any individual who is newly-hired or becomes an Eligible Employee during a Performance Period and who is selected by the Committee to participate in the Plan shall be eligible to receive a pro rata portion of the Incentive Compensation to which he or she could have been entitled if he or she had been employed for the full Performance Period, based on the number of full months during the Performance Period during which he or she is a Participant in the Plan and calculated on the basis of his or her Base Pay received for the Performance Period. Such Incentive Compensation shall be paid at the time and in the manner set forth in *Section 5.1* hereof.

In the case of a promotion or transfer from a position where an individual was already a Participant for Incentive Compensation for a Performance Period to a position where the Participant is eligible for a higher or lower maximum amount of Incentive Compensation, the Participant shall complete his or her participation in the prior position until the end of the complete month containing his or her date of promotion or transfer, prior to participating in the Performance Period for the transferred or promoted position. The overall Incentive Compensation will be pro rated for both Performance Periods. In calculating the pro rated amount, (i) the prior Performance Period will be prorated using the Participant's Base Pay immediately prior to the date of promotion or transfer, and (ii) the subsequent Performance Period will be pro rated using the Participant's Base Pay at the end of the Performance Period. If a Participant is transferred to a lateral position (*i.e.*, the same job grade or level), then the Incentive Compensation will not be pro rated based on the lateral change in position.

Edgar Filing: ROPER INDUSTRIES INC - Form 8-K

Participants who are eligible for participation at the beginning of a Performance Period, but who subsequently become ineligible to participate during the Performance Period will receive a pro rated portion of the Incentive Compensation based on the number of full months completed during such Performance Period.

Article VI

Miscellaneous Provisions

6.1 *Non-Assignability.* A Participant may not alienate, assign, pledge, encumber, transfer, sell or otherwise dispose of any rights or benefits awarded hereunder prior to the actual receipt thereof; and any attempt to alienate, assign, pledge, sell, transfer or assign prior to such receipt, or any levy, attachment, execution or similar process upon any such rights or benefits shall be null and void.

6.2 *No Right To Continue In Employment.* Nothing in the Plan confers upon any Employee the right to continue in the employ of the Company or any Subsidiary, or interferes with or restricts in any way the right of the Company and its Subsidiaries to discharge any Employee at any time (subject to any contract rights of such Employee).

6.3 *Indemnification Of Committee.* No member of the Committee nor any officer or employee of the Company acting with or on behalf of the Committee, shall be personally liable for any action, determination, or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee, and each officer or Employee of the Company acting with it or on its behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination or interpretation.

6.4 *No Plan Funding.* The Plan shall at all times be entirely unfunded, and no provision shall at any time be made with respect to segregating assets of the Company for payment of any amounts hereunder. No Participant, beneficiary, or other person shall have any interest in any particular assets of the Company by reason of the right to receive Incentive Compensation under the Plan. Participants and beneficiaries shall have only the rights of a general unsecured creditor of the Company.

6.5 *Governing Law.* This Plan shall be construed in accordance with the laws of the State of Delaware and the rights and obligations created hereby shall be governed by the laws of the State of Delaware.

6.6 *Binding Effect.* This Plan shall be binding upon and inure to the benefit of the Company, its successors and assigns, and the Participants, and their heirs, assigns, and personal representatives.

6.7 *Construction of Plan.* The captions used in this Plan are for convenience only and shall not be construed in interpreting the Plan. Whenever the context so requires, the masculine shall include the feminine and neuter, and the singular shall also include the plural, and conversely.

6.8 *Integrated Plan.* This Plan constitutes the final and complete expression of agreement with respect to the subject matter hereof.

6.9 *Tax Requirements.* The Company (and, where applicable, its Subsidiaries) shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy applicable taxes required by law to be withheld with respect to any payment of any Incentive Compensation to a Participant.

6.10 *Reorganization, Merger or Consolidation.* In the event of a merger, consolidation, sale of assets, reorganization or other business combination in which the Company is not the surviving or continuing corporation, or pursuant to which shares of the Company's common stock would be converted into cash, securities or other property (other than a merger of the Company in which the holders of the Company's Common Stock immediately prior to the merger have the same proportionate ownership of Common Stock of the surviving corporation immediately after the merger),

the Committee shall adjust the Performance Goals and achievement levels so that the Incentive Compensation amounts to which a Participant is entitled are not adversely affected by such events.

Article VII
Amendment or Discontinuance

The Committee may at any time and from time to time, without the consent of the Participants, alter, amend, revise, suspend, or discontinue the Plan in whole or in part; provided that any amendment that modifies any preestablished Performance Goal for a Participant who is a Covered Employee (or his successor(s), as may be applicable) under this Plan with respect to any particular Performance Period may only be effected on or prior to that date which is ninety (90) days following the commencement of such Performance Period (and in the case of a Performance Period less than a Fiscal Year, such determination shall be made no later than the date 25% of the Performance Period has elapsed). In addition, the Board shall have the power to discontinue the Plan in whole or in part and amend the Plan in any manner advisable in order for Incentive Compensation granted under the Plan to qualify as "performance-based" compensation under Section 162(m) of the Code (including amendments as a result of changes to Section 162(m) or the regulations thereunder to permit greater flexibility with respect to Incentive Compensation granted under the Plan).

Article VIII
Effect of the Plan

Neither the adoption of this Plan nor any action of the Board or the Committee shall be deemed to give any Participant any right to be granted Incentive Compensation or any other rights. In addition, nothing contained in this Plan and no action taken pursuant to its provisions shall be construed to (a) give any Participant any right to any compensation, except as expressly provided herein; (b) be evidence of any agreement, contract or understanding, express or implied, that the Company or any Subsidiary will employ a Participant in any particular position; (c) give any Participant any right, title, or interest whatsoever in or to any investments which the Company may make to aid it in meeting its obligations hereunder; or (d) create a trust of any kind or a fiduciary relationship between the Company and a Participant or any other person.

Article IX
Term

The effective date of this Plan shall be as of January 3, 2010, subject to stockholder approval. The material terms of this Plan shall be disclosed to the stockholders of the Company for approval in accordance with Section 162(m) of the Code. This Plan and any benefits granted hereunder shall be null and void if stockholder approval is not obtained at the next annual meeting of stockholders of the Company, and no award or payment of Incentive Compensation under this Plan to any Covered Employee shall be made unless such stockholder approval is obtained. This Plan shall remain in effect until it is terminated by the Committee or the Board.
