As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote, and you are also invited to attend the Annual Meeting. However, since you are not the record holder, you may not vote these shares in person at the Annual Meeting unless you follow your broker, bank or other nominee's procedures for obtaining a legal proxy. Q:

How can I vote my shares in person at the Annual Meeting?

A:

Shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank or other nominee that holds your shares giving you the right to vote the shares. **Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.**

Q:

How can I vote my shares without attending the Annual Meeting?

A:

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street

name, you may vote by submitting voting instructions to your broker, bank or other nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, bank or other nominee.

By Internet: Stockholders of record with Internet access may submit proxies by following the "Vote by Internet" instructions on their proxy cards until 1:00 a.m., Central Time, on December 12, 2010. Most stockholders who hold shares beneficially in street name may vote by accessing the web site specified on the voting instruction cards provided by their brokers, banks or other nominees. Please check the voting instruction card for Internet voting availability.

By Telephone: Stockholders of record who live in the United States, Canada or Puerto Rico may submit proxies by following the "Vote by telephone" instructions on their proxy cards until 1:00 a.m., Central Time, on December 12, 2010. Most stockholders who hold shares beneficially in street name may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, banks or other nominees. Please check the voting instruction card for telephone voting availability.

By Mail: Stockholders of record may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. Stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, banks or other nominees and mailing them in the accompanying pre-addressed envelopes.

Q:

Can I change my vote?

A:

For shares that you hold of record, you may change your proxy at any time prior to the proxy being used at the Annual Meeting by (i) delivering to the Corporate Secretary of the Company at UTStarcom, Inc., P.O. Box 14838, Oakland, California 94614, Attention: Corporate Secretary; Assistant General Counsel, a written notice of revocation or a duly executed proxy bearing a later date, or (ii) attending the Annual Meeting and voting in person. The mere presence at the Annual Meeting of a stockholder who has appointed a proxy will not revoke the prior appointment. If not revoked, the proxy will be voted at the Annual Meeting in accordance with the instructions indicated on the proxy card, or if no instructions are indicated, will be voted "FOR" the election of Thomas J. Toy as a Class I Director, "FOR" Proposal No. 2 to ratify the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company, and, as to any other matter that may properly be brought before the Annual Meeting, in accordance with the judgment of the proxy holders. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee following the instruction they provided or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Q:

How many shares must be present or represented to conduct business at the Annual Meeting?

A:

The quorum requirement for holding the Annual Meeting and transacting business is that holders of a majority in voting power of the Common Stock of the Company issued and outstanding and entitled to vote at the Annual Meeting, as of the Record Date, must be present in person or represented by proxy. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q:

What is the voting requirement to approve each of the proposals?

A:

In the election of directors, a director must be elected by a majority of the votes cast, meaning that the number of shares entitled to vote on the election of directors and represented in person

Edgar Filing: UTSTARCOM INC - Form DEF 14A

or by proxy at the Annual Meeting casting their vote "FOR" a director must exceed the number of votes "AGAINST" a director. If a nominee for director fails to receive the required number of votes for election, he or she is required to tender his or her resignation to the Board. In such a case, the Nominating and Corporate Governance Committee of the Board has the option of accepting or declining such resignation, considering any factors that the Committee deems relevant.

The proposal to ratify the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company as the Company's independent registered public accounting firm requires the affirmative "FOR" vote of a majority of the total number of shares present in person or represented by proxy and entitled to vote on the proposal at the Annual Meeting.

Q:

How are votes counted?

A:

In the election of directors, you may vote "FOR," "AGAINST" or "ABSTAIN." Abstentions with respect to the election of directors will be counted for purposes of determining the presence or absence of a quorum at the Annual Meeting but will have no other legal effect upon election of directors. You may not cumulate your votes for the election of directors.

For the proposal to ratify the appointment of PricewaterhouseCoopers Zhong Tian CPAs Limited Company as the Company's independent registered public accounting firm, you may vote "FOR," "AGAINST" or "ABSTAIN." If you elect to "ABSTAIN," the abstention has the same effect as a vote "AGAINST" such proposal.

If you provide specific instructions with regard to certain proposals, your shares will be voted as you instruct on such proposals.

Q:

What is the effect of broker non-votes?

A:

If you hold shares beneficially in street name and do not provide your broker, bank or other nominee with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. At this Annual Meeting, none of the proposals is subject to broker non-votes. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote or votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any proposal being voted on at the Annual Meeting.

Q:

Who will bear the cost of soliciting votes for the Annual Meeting?

A:

This solicitation is made by the Company, and all costs associated with soliciting proxies will be borne by the Company. We have retained Alliance Advisors LLC to assist with the solicitation for an estimated fee of \$6,000 plus reasonable out-of-pocket expenses. In addition, the Company will reimburse brokerage firms, banks and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees personally or by telephone, facsimile or electronic mail. No additional compensation will be paid to these persons for such services.

Q:

What is the deadline for submission of stockholder proposals for consideration at the 2011 annual meeting of stockholders?

A:

Stockholder Proposals Other Than Nomination of Directors

The Company currently expects the 2011 annual stockholders meeting (the "**2011 Annual Meeting**") to be held on or around June 24, 2011. Because the date of the 2011 Annual Meeting will be more than 30 days before the anniversary of the 2010 Annual Meeting, shareholder

The Company will publicize the Notice Deadline at least ten (10) days prior to the Notice Deadline via either a filing pursuant to the Exchange Act or a press release. For a stockholder proposal that is not intended to be included in the Company's proxy statement under Rule 14a-8, the stockholder must give timely notice to the Corporate Secretary in accordance with the Company's Bylaws, which such notice must include the information required by the Bylaws.

Nomination of Director Candidates

The Company's Bylaws permit stockholders to nominate directors for election at an annual stockholder meeting. To nominate a director, a stockholder must provide the information required by the Bylaws. To nominate directors for election at the 2011 Annual Meeting, the stockholder making such nomination must give timely notice to the Corporate Secretary in accordance with the Bylaws, which must be received by the Corporate Secretary not less than one hundred twenty (120) days prior to the date of the 2011 Annual Meeting.

However, in the event the Company fails to publicize the 2011 Annual Meeting Date at least one hundred thirty (130) days prior to the 2011 Annual Meeting, notice by a stockholder must be received by the Corporate Secretary within ten (10) days of:

the first public disclosure of the 2011 Annual Meeting Date by the Company, or

the date the notice of the 2011 Annual Meeting Date is mailed to the Company's stockholders.

We currently expect our 2011 Annual Meeting will be held on or around June 24, 2011. As such, a stockholder must provide notice to the Corporate Secretary of a director nomination by February 24, 2011.

Copy of Company Bylaws: Copies of the provisions of the Bylaws governing the form and delivery requirements of stockholder nominations or proposals may be obtained by sending an email request to the Company's investor relations department at investorrelations@utstar.com. A copy of the entire Bylaws is available via the link titled "Corporate Governance" on the Company's website at <http://investorrelations.utstar.com/governance.cfm>.

Q:

What if I have questions about lost stock certificates or need to change my mailing address?

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

The authorized number of directors of the Company is currently set at seven. The Company's Certificate of Incorporation provides that directors shall be divided into three classes, with the classes serving for staggered, three-year terms (or less if they are filling a vacancy). Currently the Board is comprised of two Class I Directors, three Class II Directors and two Class III Directors. The Company's Class II Directors, Jack Lu, Baichuan Du, and Xiaoping Li, will hold office until the 2011 annual meeting or until the Class II Director's successor has been duly elected and qualified. The Company's Class III Directors, William Wong and Hong Liang Lu, will hold office until the 2012 annual meeting or until the Class III Director's successor has been duly elected and qualified.

The Company's Bylaws provide that the Board of Directors may set the number of directors at a minimum of six and a maximum of eight members. The Board of Directors has determined that, effective upon the holding of the Annual Meeting, the authorized number of directors of the Company shall be decreased from seven to six directors, comprised of one Class I Director, three Class II Directors and two Class III Directors.

Nominee

The Company's nominee for election as the Class I Director at this Annual Meeting is Thomas J. Toy, a current Class I Director. The Nominating and Corporate Governance Committee has recommended, and the Board of Directors has approved, the nomination of Thomas J. Toy.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's nominee for the Class I Director, Thomas J. Toy, who will hold office until the 2013 annual meeting or until his successor has been duly elected and qualified. The Company expects that Mr. Toy will be able to serve if elected.

In the event that Mr. Toy becomes unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote the proxies for any substitute nominee who is designated by the current Board to fill the vacancy.

Required Vote

A director must be elected by a majority of the votes cast, meaning that the number of shares entitled to vote on the election of directors and represented in person or by proxy at the Annual Meeting casting their vote "FOR" a director must exceed the number of votes "AGAINST" a director. Abstention votes with respect to the election of directors will be counted for purposes of determining the presence or absence of a quorum at the Annual Meeting but will have no other legal effect upon election of directors. You may not cumulate your votes for the election of directors. If a nominee for director fails to receive the required number of votes for election, he or she is required to tender his or her resignation to the Board. In such a case, the Nominating and Corporate Governance Committee of the Board has the option of accepting or declining such resignation, considering any factors that the Committee deems relevant.

The Company's Director Nomination Process

The Board's process for identifying and evaluating nominees for director consists mainly of evaluating candidates who are recommended by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee identifies and recommends nominees for election or reelection to the Board, or for appointment to fill any vacancy that is anticipated or has arisen on the Board, in accordance with the criteria, policies and principles set forth in the Nominating and Corporate Governance Committee Charter and the Company's Corporate Governance Principles, as set forth below, or otherwise approved by the Board. In evaluating candidates to determine if they are qualified to become members of our board of directors, the Nominating and Corporate Governance Committee looks for the following attributes, among others: the candidate's judgment, skill, diversity and experience with other organizations of comparable purpose, complexity and size; the interplay of the candidate's experience with the experience of other Board members; the extent to which the candidate would be a desirable addition to the Board; whether

or not the candidate has any relationships that might impair his or her independence; and the candidate's experience, perspective, skills and knowledge of our industry. In addition, qualities sought in directors include high ethical standards, sound integrity, an inquisitive nature, a strong commitment to make decisions and take actions guarding the long term interests of shareholders, seasoned judgment, a record of outstanding skills and accomplishments in their personal careers, and the ability and desire to communicate and participate actively in board and committee sessions. Although the Nominating and Corporate Governance Committee uses these and other criteria to evaluate potential nominees, there are no stated minimum criteria for nominees.

The Board may also, on a periodic basis, solicit ideas for possible candidates from a number of sources, including current members of the Board, senior Company executives, individuals personally known to members of the Board, stockholders and one or more third-party search firms.

The Nominating and Corporate Governance Committee's policy is that stockholder nominations of director candidates will be given the same consideration and evaluated with the same criteria as any other candidate. For more information on stockholder nominations of director candidates, please see the section titled "Nomination of Director Candidates" under the question "*What is the deadline for submission of stockholder proposals for consideration at the 2011 annual meeting of stockholders?*" above. The form and delivery requirements of such stockholder nominations must comply with the relevant provisions of the Company's Bylaws, a copy of which may be obtained by sending an email to the Company's investor relations department at investorrelations@utstar.com. A complete copy of the Bylaws is also available on the Company's website in the "Corporate Governance" section.

Stockholder Communications with the Board of Directors

The Board of Directors has established a process for stockholders to communicate with members of the Board. All concerns, questions or complaints regarding the Company's compliance with any policy or law, or any other Board-related communication, should be directed to the Board via the link titled "Email Board of Directors" at <http://investorrelations.utstar.com/governance.cfm>. All substantive and appropriate communications received from stockholders will be received and reviewed by one or more independent directors, or officers acting under their direction, who will forward such communications to the Board or particular Board committees, as appropriate.

Board Attendance, Director Independence and Financial Sophistication

The Board held a total of 24 meetings during the year ended December 31, 2009. During 2009, each of the directors attended 75% or more of the aggregate number of meetings of the Board and the committees of the Board on which the director served subsequent to becoming a director or a member of such committee. The Board's policy is to encourage directors to attend the Company's annual meeting of stockholders. Three directors attended the 2009 annual meeting of stockholders.

Of the Company's incumbent directors, including the director standing for reelection, Messrs. Ryan, Toy, Du and Li have been determined by the Board to be independent as set forth in Rule 5605(a)(2) of the NASDAQ Listing Rules, as currently in effect. In addition, the Board has also determined that Messrs. Ryan, Toy and Li possess the attributes to be considered financially sophisticated for purposes of applicable NASDAQ Listing Rules and that Messrs. Ryan and Toy each has the background to be considered an "audit committee financial expert" as defined by the rules and regulations of the SEC and required by the NASDAQ Listing Rules.

The Board has not established categorical standards or guidelines to make director independence determinations, but considers all relevant facts and circumstances. The Board based its determinations primarily on a review of the responses of the directors to questions regarding employment and compensation history, affiliations, family and other relationships, and on discussions with our directors.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

In making its independence determinations, the Board considered transactions between the Company and entities associated with the directors or members of their immediate family. All identified transactions that appear to relate to the Company and a person or entity with a known connection to a director are presented to the Board for consideration. In making its determination that a non-employee director is independent, the Board considered the transactions in the context of the NASDAQ standards, the standards established by the SEC for members of audit committees, and the SEC and Internal Revenue Service standards for compensation committee members.

The Board's independence determinations included a review of the transactions between the Company and BEIID, of which Mr. Li is the executive deputy general manager, and also between the Company and the Management Committee of Beijing Economic and Technology Development Zone, an affiliate of BEIID (for the relocation of the Company's headquarters to China). The Board determined that the transactions did not impair Mr. Li's independence.

Board Leadership Structure

Currently, the roles of Chief Executive Officer and Chairman are held by Jack Lu and Thomas J. Toy, respectively. The Board believes that the separation of these roles best utilizes the respective skills and qualifications of Messrs. Lu and Toy and permits each of them to focus his time and efforts on the demands of his particular role. As Chief Executive Officer, Mr. Lu's responsibilities include setting the strategic direction of the Company, overseeing the management and operation of the business, and providing guidance and oversight to senior management. As the Chairman of the Board, Mr. Toy presides at all meetings of the Board, sets the agenda for such meetings and exercises and performs such other powers and duties as may from time to time be assigned by the Board. Notwithstanding the current separation of the roles of Chief Executive Officer and Chairman, the Board may, in the future, deem it appropriate to have one individual fill both such roles in light of the Company's leadership needs.

In the past, the Board has appointed a Lead Director whose responsibilities include, among other things, facilitating communications among directors, chairing an executive session of the independent directors at regularly scheduled meetings as required by Nasdaq Listing Rule 4350(c)(2), and overseeing processes established for stockholder communication with members of the Board. Thomas J. Toy served as the Lead Director from July 2008 to August 2009.

We believe that our independent Board committees and their respective chairs are an important aspect of our Board leadership structure. As described in more detail below, the Board has four standing committees. Each chairman and each member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is an independent director. The Board delegates substantial responsibility to each Board committee, which reports its activities and actions back to the full Board.

Risk Oversight

The Board, as a whole and through its committees, is responsible for overseeing the Company's risk management. With the oversight of the Board, our executive officers are responsible for the day-to-day management of the material risks the Company faces. In its oversight role, the Board is responsible for monitoring and assessing the effectiveness of the risk management processes designed and implemented by the executive officers. The involvement of the full Board in setting our business strategy is a key part of its oversight of risk management and allows the Board to identify particular areas of risk for the Company, assess and determine what constitutes an appropriate level of risk for the Company and review and consider management's role in risk management. The full Board regularly receives updates from management and outside advisors regarding certain risks the Company faces, including risks related to litigation and corporate governance.

In addition, each committee of the Board of Directors oversees certain aspects of risk management. For example, our Audit Committee is responsible for overseeing the management of risks associated with the Company's financial reporting, accounting and auditing matters; our Compensation Committee oversees our management succession planning and the relationship between our compensation policies and programs and our risk management; and our Nominating and Corporate Governance Committee oversees the management of risks associated with director independence, conflicts of interest, board composition and organization, and director succession planning. Our committees of the Board regularly report their findings to the full Board.

Board Committees and Related Functions

The principal standing committees of the Board are the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. Each of committees consists solely of non-employee, independent directors. From time to time, the Board may form a special committee or subcommittee of a standing committee to focus on specific matters.

Audit Committee

The Audit Committee of the Board is a separately-designated, standing committee of the Board of Directors and currently consists of three members of the Board of Directors, all of whom: (1) meet the criteria for "independence" set forth in rule 10A-3(b)(1) under the Exchange Act, as amended, and the listing standards of the NASDAQ Stock Market; (2) have not participated in the preparation of the financial statements of the Company or any of its current subsidiaries at any time during the past three years; and (3) are able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement. The members of the Audit Committee are Mr. Ryan, who chairs the committee, and Messrs. Li and Toy. The Audit Committee held 13 meetings during 2009. Messrs. Ryan and Toy have been determined by the Board to qualify as "audit committee financial experts" under applicable SEC and NASDAQ rules.

The Audit Committee, among other duties and responsibilities, (i) reviews and approves the annual appointment of the Company's independent registered public accounting firm, (ii) discusses and reviews in advance the scope and fees of the annual audit, (iii) reviews the results of the audit with the independent registered public accounting firm and discusses the foregoing with the Company's management, (iv) reviews and approves non-audit services of the independent registered public accounting firm, (v) reviews compliance with the Company's existing major accounting and financial reporting policies, (vi) reviews and approves all related party transactions that would require disclosure pursuant to the rules of the SEC and the policies and procedures related to such transactions, and (vii) provides oversight and monitoring of the Company's management and their activities with respect to the Company's financial reporting process. In connection with the execution of the responsibilities of the Audit Committee, including the review of the Company's quarterly earnings reports prior to public release, Audit Committee members communicated throughout 2009 with the Company's management and the independent registered public accounting firm.

The Board has approved an Audit Committee Charter which is reviewed at least annually, periodically revised (most recently on July 26, 2007), and is available on the Company's website at <http://investorrelations.utstar.com/governance.cfm>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee currently consists of three members of the Board of Directors, all of whom are "independent" in accordance with the rules of the NASDAQ Stock Market. The current members of the Committee are Mr. Li, who chairs the committee, and

Edgar Filing: UTSTARCOM INC - Form DEF 14A

Messrs. Ryan and Toy. The Nominating and Corporate Governance Committee held 10 meetings during the 2009.

The Nominating and Corporate Governance Committee's responsibilities include the selection of director nominees for the Board and the development and annual review of the Company's governance principles. The Nominating and Corporate Governance Committee also (i) assists the Board by actively identifying individuals qualified to become Board members, (ii) recommends director nominees to the Board for election at the next annual meeting of stockholders, (iii) recommends chairs and members of each committee to the Board, (iv) monitors significant developments in the law and practice of corporate governance and of the duties and responsibilities of directors of public companies, (v) leads the Board in its annual performance self-evaluation, including establishing criteria to be used in connection with such evaluation, (vi) reviews Board compensation and recommends to the Board any changes in Board compensation, (vii) oversees compliance with the Company's Code of Business Conduct and Ethics, and (viii) develops and recommends to the Board and administers the corporate governance guidelines of the Company.

The Nominating and Corporate Governance Committee is also responsible for reviewing with the Board, from time to time, the appropriate skills and characteristics required of Board members in the context of the current composition of the Board. This assessment includes issues of diversity in numerous factors, including independence, operational experience as a senior executive, business judgment, age, understanding of the industry, willingness to mentor, personal network, and international perspective. Additional criteria include a candidate's personal and professional credibility, integrity and prestige, and his or her ability to blend with the Company's Board dynamics, as well as his or her willingness to devote sufficient time to attend meetings of the Board. The Nominating and Corporate Governance Committee reviews these factors and others deemed useful in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in business and other trends, in addition to the portfolio of skills and experience of current and prospective directors.

The Board has adopted a charter of the Nominating and Corporate Governance Committee, addressing the nominations process and such related matters as may be required under federal securities laws and applicable NASDAQ rules. A copy of the Nominating and Corporate Governance Committee Charter, which is reviewed at least annually and is periodically revised (most recently on February 18, 2009), is available on the Company's website at <http://investorrelations.utstar.com/governance.cfm>.

Compensation Committee

The Compensation Committee currently consists of four members of the Board of Directors, Mr. Toy, who chairs the committee, and Messrs. Ryan, Li and Du, all of whom are non-employee, outside directors in addition to being "independent directors" pursuant to the applicable NASDAQ rules. The Compensation Committee met 11 times during 2009.

The purpose of the Compensation Committee is to (i) approve and oversee the total compensation package for the Company's executives, including their base salaries, incentives, deferred compensation, equity-based compensation, benefits and perquisites, (ii) review and approve corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer (the "CEO"), evaluate CEO performance, and determine CEO compensation based on this evaluation, (iii) review the CEO's performance evaluation of all executive officers and approve pay decisions, (iv) review periodically and make recommendations to the Board regarding any equity or long-term compensation plans, and (v) administer these plans.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

The Compensation Committee operates according to a charter that details its specific duties and responsibilities. The charter is reviewed at least annually, periodically revised (most recently on October 28, 2009) by the Compensation Committee, and is available on the Company's website at <http://investorrelations.utstar.com/governance.cfm>. The charter generally provides the membership requirements, authority and duties of the Compensation Committee. The Compensation Committee is to consist of no fewer than three members, all of whom (i) meet the independence requirements of the NASDAQ Listing Rules, (ii) are "non-employee directors" under the definition of Rule 16b-3 promulgated under Section 16 of the Exchange Act, and (iii) are "outside directors" for purposes of the regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "**Internal Revenue Code**"). During 2009, all members of the Compensation Committee met these criteria.

UTStarcom's Human Resources department supports the Compensation Committee in its work. The Compensation Committee also has the authority to engage the services of outside advisors, experts and others for assistance. From time to time, the Compensation Committee may direct an external advisor to work with the Human Resources department to support management and the Compensation Committee in matters such as (i) peer group development, (ii) executive officer benchmarking, including pay-for-performance analyses and tally sheet preparation, and (iii) advising on pay levels and/or pay program design. Since May 2007, the Compensation Committee has used Compensia, Inc. from time to time as its independent outside compensation consultant. For a further description of the role of the compensation consultant in our compensation process, please see the section titled "Role of Compensation Consultant" in the Compensation Discussion and Analysis contained in this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee during 2009 were independent directors in accordance with the applicable independence requirements of the NASDAQ Listing Rules, and none were employees or officers or former employees of the Company. During 2009, no executive officer of the Company served on the compensation committee (or equivalent) or board of directors of another entity whose executive officer(s) served on the Company's Compensation Committee or Board.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Governance of Executive Officer Compensation Program

Role of Compensation Committee

The Compensation Committee determines the form and amount of compensation for our executive officers, including the Named Executive Officers, as defined below.

The Compensation Committee is responsible for:

Approving and overseeing the total compensation package for our executive officers, including their base salaries, annual cash incentive awards, equity awards, perquisites, and other benefits;

Reviewing and approving the corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluating his performance, and determining his compensation based on this evaluation;

Reviewing our CEO's performance evaluation of our executive officers and approving compensation decisions for them; and

Reviewing periodically and making recommendations to the Board of Directors regarding any equity or long-term compensation plans, and administering these plans.

In addition, before he stepped down in August 2009, the Compensation Committee also reviewed and approved the corporate goals and objectives relevant to the compensation of our Executive Chairman, Hong Liang Lu, evaluated his performance, and determined his compensation based on that evaluation.

The Compensation Committee operates pursuant to a charter <http://investorrelations.utstar.com/governance> that describes its specific duties and responsibilities.

Typically, the Compensation Committee holds at least four scheduled meetings during the year and holds additional meetings periodically to review and discuss executive compensation matters. In the first quarter of each year, typically in February, the Compensation Committee:

considers adjustments to the base salaries of our executive officers;

decides whether to pay bonuses to our executive officers for the prior year's performance and, if so, the amount of any such bonuses;

reviews and approves annual equity awards for our executive officers in accordance with our Equity Award Grant Policy (as defined below); and

reviews the level of perquisites and other benefits provided to each executive officer.

As part of its annual compensation review, the Compensation Committee also evaluates (i) our corporate financial performance, (ii) the individual performance of each executive officer, and (iii) data about the market practices for executive compensation for positions comparable to those of each of our executive officers. In addition, our CEO reviews and discusses with the Compensation Committee the performance and contributions of each executive officer (other than for himself). Before he stepped down as Executive Chairman, Hong Liang Lu reviewed and

Edgar Filing: UTSTARCOM INC - Form DEF 14A

discussed with the Compensation Committee the performance and contributions of our CEO. Although the Compensation Committee may discuss the performance and compensation package of our CEO with him, it meets in executive session to determine his compensation.

Process for Evaluating Named Executive Officer Performance and Compensation

The Compensation Committee generally holds at least four scheduled meetings during the year and holds additional meetings periodically to review and discuss executive compensation issues.

In the first quarter of each fiscal year, generally in February, the Compensation Committee (i) considers any changes to executive officer base salaries, (ii) makes a determination whether any bonuses will be paid to our executive officers for the prior year's performance and to what extent, if any, (iii) reviews and approves annual equity grants for our executive officers in accordance with the Company's Equity Award Grant Policy (as defined below), and (iv) reviews the level of perquisites and benefits provided to each executive officer. As part of its annual process, the Compensation Committee meets to review and evaluate (i) Company performance, (ii) individual performance of each executive officer, and (iii) data related to market practices for executive compensation for each of our executive officers. During these meetings, our CEO reviews and discusses with the Committee the performance and contribution of each executive officer other than himself and the Chairman. He discusses each executive officer's achievement of strategic operational and financial goals. Our Chairman reviews and discusses with the Committee the performance and contribution of our CEO. While the Compensation Committee may discuss the performance and compensation package of our CEO and Chairman with each of them, it meets in executive sessions without them to determine their compensation. The Committee also has the opportunity to meet with each executive officer to discuss his or her performance during the prior fiscal year as well as goals for the current year.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

The Company's Human Resources department supports the Compensation Committee in its work. Additionally, the Compensation Committee engages a compensation consulting firm, whose services are described in further detail in the following section.

Role of Compensation Consultant

For fiscal 2009, the Compensation Committee engaged Compensia, Inc. ("**Compensia**"), a national compensation consulting firm, to advise it on executive and equity compensation matters. Compensia reports directly to the Compensation Committee, and it has sole authority to hire, fire, and direct the firm's work. Compensia performed no other work for the Company in 2009 other than its work for the Compensation Committee.

In 2009, Compensia assisted the Compensation Committee in updating the compensation peer group, developed compensation "tally sheets" for each Named Executive Officer, conducted a market pay assessment for each executive officer, and provided input on equity compensation and market trends. A representative from Compensia attends meetings of the Compensation Committee upon request.

The "tally sheets" prepared by Compensia provided a comprehensive summary of each Named Executive Officer's compensation, including:

an estimate of projected compensation for 2009, including total target cash compensation and the total estimated value of equity awards, to be received by each Named Executive Officer;

a summary of the intrinsic value of all outstanding vested and unvested equity awards held by each Named Executive Officer at current stock prices; and

the potential payments and benefits in the event of an involuntary termination of employment or upon a change of control of the Company.

These "tally sheets" provided the Compensation Committee with context for the decisions they made concerning total direct compensation and individual compensation elements. Although they did not necessarily drive decision making with regard to the specific elements of our executive compensation program, the "tally sheets" enabled the Compensation Committee to assess total direct compensation and the relationship of various compensation elements to each other. These "tally sheets" also provided context to the Compensation Committee's views on a variety of issues, such as changes to severance plans and employment agreements, special equity awards to promote retention, or changes in long-term variable equity incentives.

Role of Executive Management in Compensation Evaluation Process

Our CEO plays a significant role in the compensation setting process. Generally, he attends and participates in all Compensation Committee meetings (except executive sessions of the Compensation Committee or discussions involving his own compensation). The key aspects of our CEO's role include:

evaluating executive officer and other employee performance;

assisting in the establishment of corporate performance goals and objectives and the related target levels; and

recommending base salary levels and equity awards for our executive officers (other than for himself).

The Compensation Committee considers, but is not bound to and does not always accept, our CEO's recommendations with respect to the compensation of our executive officers. While the Compensation Committee seeks input primarily from our CEO, it also consults with other executive officers, including our Chairman and our senior human resources personnel, to obtain

recommendations with respect to our compensation programs, practices, and packages for executive officers and other employees. The Compensation Committee also has the opportunity, upon request, to meet with each executive officer to discuss his or her individual performance for the prior year. Other than participating in an annual evaluation process with our CEO and these discussions with the Compensation Committee the other Named Executive Officers do not play a role in their own compensation determinations.

Our Human Resources Department supports the Compensation Committee in its work by providing compensation data as requested.

Executive Compensation Philosophy and Framework

Compensation Objectives

Our executive compensation program is designed to achieve three primary objectives:

1. Be competitive with the market to attract, retain, and motivate the caliber of talent required to drive shareholder value;
2. Create a high-performance culture by linking rewards to performance; and
3. Apply reward practices in a fair and consistent manner.

Competitive Positioning of Executive Compensation

We used a group of peer companies to assess the competitiveness of the compensation practices for our executive officers in 2009. This peer group, the data for which was obtained from publicly available sources, was used to establish the competitive market for our Chief Executive Officer and Chief Financial Officer positions (the "**Peer Group**"). Because of the difficulty in identifying comparable positions at these peer companies for our other executive officer positions, we also reviewed the data with respect to technology companies reflected in the annual Radford High Technology Executive Survey (the "**Radford Survey**") to develop a sense of the competitive market for these positions. The Compensation Committee compared its compensation decisions against its perspective of market practice as reflected by the Peer Group and the Radford Survey data when determining the compensation of our Chief Executive Officer and Chief Financial Officer and against the Radford Survey data when determining the compensation of our other executive officers.

For 2009, the Compensation Committee selected the following 15 companies for inclusion in the Peer Group due to their being in related businesses and having comparable revenues (between \$320 million and \$1.7 billion) and a comparable market capitalization (between \$60 million and \$660 million) to us:

ADAC Telecommunications	Harmonic, Inc.
Agilysis	Harris Stratex Networks
Avocent	Powerwave Technologies
Black Box Network Services	RF Micro Devices
Ciena	Silicon Storage Technology
CTS	Sonus Networks
Emulex, Inc.	ViaSat, Inc.

Compensation of Named Executive Officers

We use three primary pay elements to support our compensation objectives:

base salary;

an annual cash incentive award; and

equity awards.

Collectively, these pay elements constitute the total direct compensation opportunity of our executive officers. In conducting its annual compensation review for 2009, the Compensation Committee was provided with an analysis of the compensation practices of the Peer Group and the technology companies reflected in the Radford Survey data. The Compensation Committee used this analysis to compare the total direct compensation opportunities of our executive officers against the competitive market for executive talent (which the Compensation Committee believed was between approximately the median and the 75th percentile of the Peer Group). The Compensation Committee determined that, to attract and retain qualified executive officers to manage our business in the current environment, it would be necessary to offer total direct compensation opportunities at levels that were consistent with the competitive market.

The Compensation Committee set the target total direct compensation opportunities for our executive officers relative to the competitive market as reflected in the Peer Group for comparable positions. Ultimately, and consistent with our "pay-for-performance" philosophy, the actual compensation earned by our executive officers is based on actual corporate and individual performance. This result is enhanced by the Compensation Committee's decision to weight the majority of our executive officers' total direct compensation towards variable, or "at-risk," pay elements, which are designed to provide our executive officers with above market total compensation only to the extent that our corporate and individual performance objectives have been achieved or exceeded.

Notwithstanding our "pay-for-performance" philosophy, our continuing lack of profitability has increased the Compensation Committee's concern about our ability to attract and retain qualified executive officers to lead our return to profitability. As a result, the Compensation Committee also took into consideration recruiting and retention concerns in setting executive compensation levels in 2009.

Base Salary

Base salary is the primary fixed component in our executive compensation program and is used to attract, motivate, and retain highly qualified executive officers. An individual's initial base salary is determined by his or her levels of expertise, experience and responsibility, as well as the competitive market as reflected in the Peer Group. Annual base salary increases, if any, are a reflection of the executive officer's performance for the preceding year, anticipated future contributions, and pay level relative to similar positions in the Peer Group (as it may be revised from time to time). We also take into consideration internal equity with respect to the entire executive team.

In February 2009, after consideration of corporate and individual performance, as well as a review of competitive market practices for executive compensation within the Peer Group, the Compensation Committee determined that it would make no adjustments to the base salaries for any of our executive officers, including the Named Executive Officers, for 2009.

In March 2009, our CEO and our Executive Chairman agreed to voluntary and temporary base salary reductions of 20% for a one-year period. Notwithstanding this base salary reduction, each Named Executive Officer's base salary, as in effect immediately prior to this reduction, was deemed and continued to be his base salary for all other purposes under our benefit and personnel plans, programs, and policies, including, without limitation, bonuses, equity awards, severance payments, change in control payments, and any other benefits.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

Annual Cash Incentive Awards ("Bonus")

Consistent with our "pay-for-performance" philosophy, we offer annual cash incentive awards to our executive officers, including the Named Executive Officers, based on their performance against one or more pre-established corporate and individual performance objectives.

Target Award Opportunities

During 2009, each of our executive officers, including the Named Executive Officers (with the exception of Mr. Luk), was eligible to earn an annual cash incentive award equal to a specific percentage of his or her base salary. These amounts, which were unchanged from 2008 levels, were as follows:

Named Executive Officer	Target Annual Cash Incentive Award Opportunity (as a percentage of base salary)
Peter Blackmore	100%
Kenneth Luk	*
Viraj Patel	50%
Susan Marsch	50%
Hong Liang Lu	100%
Mark Green	65%

*

Mr. Luk's target annual cash incentive award opportunity was established when he joined us in December 2009. Accordingly, he was not eligible to earn an annual cash incentive award in 2009.

Corporate Performance Objectives

In April 2009, the Compensation Committee, based on the recommendations of our CEO, established and approved the corporate performance objectives for the first half of 2009 for the annual cash incentive awards. These corporate performance objectives involved achieving a specified improvement in operating income (adjusted for certain one-time costs) as well as bookings and collections targets for the first two fiscal quarters of 2009. The Compensation Committee believed that encouraging our executive officers to focus their efforts on these objectives would enable us to attain the financial performance reflected in our operating plan for the first half of 2009. The Compensation Committee further believed that the attainment of the target levels established for each of these corporate performance metrics were realistic but not easily achieved and, therefore, would drive the achievement of our short-term financial goals.

The corporate performance objectives for first half of 2009 as approved by the Compensation Committee were as follows:

Corporate Performance Metric	Threshold (75%) Performance (in millions)	Target (100%) Performance (in millions)	Maximum (125%) Performance (in millions)	Weighting
Operating Income	*	(\$ 82.8)	(\$ 62.1)	1/3
Bookings	\$ 260.55	\$ 347.4	\$ 434.5	1/3
Collections	\$ 244.875	\$ 326.5	\$ 408.125	1/3

*

The Compensation Committee determined that there would be no payout with respect to any of the corporate performance objectives if the target performance level for the operating income performance objective was not achieved.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

In the case of the corporate performance objectives, if target performance for a metric was achieved, 100% of the target award payout opportunity applicable to that metric was payable. If threshold performance was not achieved, none of the target award payout opportunity applicable to that metric was payable. If threshold performance for that metric was achieved, 75% of the target award payout opportunity applicable to that metric was payable. If maximum performance for that metric was achieved or exceeded, 125% of the target award payout opportunity applicable to that metric was payable. For performance between the specified threshold, target, and maximum levels, an interpolated multiplier was used to calculate the amount payable with respect to each metric.

In October 2009, the Compensation Committee, based on the recommendations of our CEO, established and approved the corporate performance objectives for the second half of 2009 for the annual cash incentive awards. These corporate performance objectives were similar to the objectives established for the first half of 2009, as we worked to improve our overall financial performance for the year. The Compensation Committee believed that the attainment of the target levels established for each of these corporate performance metrics were realistic but not easily achieved, and, therefore, would drive the achievement of our short-term financial goals.

The corporate performance objectives for second half of 2009 as approved by the Compensation Committee were as follows:

Corporate Performance Metric	Threshold (75%) Performance (in millions)	Target (100%) Performance (in millions)	Maximum (125%) Performance (in millions)	Weighting
Operating Income	(\$ 48.75)	(\$ 39)	(\$ 29.25)	1/3
Bookings	\$ 167.25	\$ 223	\$ 278.75	1/3
Collections	\$ 156	\$ 208	\$ 260	1/3

In the case of the corporate performance objectives, if target performance for a metric was achieved, 100% of the target award payout opportunity applicable to that metric was payable. If threshold performance was not achieved, none of the target award payout opportunity applicable to that metric was payable. If threshold performance for that metric was achieved, 75% of the target award payout opportunity applicable to that metric was payable. If maximum performance for that metric was achieved or exceeded, 125% of the target award payout opportunity applicable to that metric was payable. For performance between the specified threshold, target, and maximum levels, an interpolated multiplier was used to calculate the amount payable with respect to each metric.

Even if the target corporate performance objectives were achieved in full, the Compensation Committee reserved the right, in its sole discretion, to decrease the award payout applicable to that metric. Similarly, the Compensation Committee retained the right, in its sole discretion, to make award payouts for any corporate performance metric or metrics in the event that significant and unanticipated external events prevented us from meeting one or more pre-established corporate performance objectives.

Individual Performance Objectives

The individual performance objectives for our executive officers, with the exception of our Executive Chairman, were jointly developed by each executive officer and our CEO. These individual performance objectives varied from individual to individual, depending on his or her role and responsibilities. Typically, these individual performance objectives included, for example, quantitative and qualitative goals for corporate acquisitions and divestitures, compliance, technology innovations, customer relations, improving market position, and cost management. These individual performance objectives were then reviewed and approved by the Compensation Committee.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

As with the corporate performance objectives, award payouts could range from 0% to 125% of target performance levels, depending on the degree to which each individual performance objective was met.

Award Weightings

For our CEO, 50% of his target annual cash incentive award opportunity was to be based on the corporate performance objectives described above and 50% was to be based on the completion of several strategic/operational initiatives (including a successful strategy review with the Board of Directors, successful execution of identified divestitures, compliance, benchmarking costs for business functions, and setting the ethics tone for the organization).

For our Executive Chairman, 50% of his target annual cash incentive award opportunity was to be based on the corporate performance objectives described above; and 50% was to be based on the completion of several strategic/operational initiatives (including a successful strategy review with the Board of Directors, successful execution of identified divestitures, identifying new business opportunities and setting the ethics tone for the organization).

For Ms. Marsch, 50% of her target annual cash incentive award opportunity was to be based on the corporate performance objectives described above and departmental expense results and 50% was to be based on the completion of several strategic/operational initiatives (including expanding awareness and compliance with code of conduct and ethics, reducing costs, aligning our intellectual property portfolio, and setting the ethics tone for the organization).

For Mr. Patel, 55% of his target annual cash incentive award opportunity was to be based on the corporate performance objectives described above and departmental expense results and 45% was to be based on the completion of several strategic/operational initiatives (including timely filings, compliance, and benchmarking departmental costs).

For Mr. Green, 50% of his target annual cash incentive award opportunity was to be based on the corporate performance objectives described above and department expense results and 50% was to be based on the completion of several strategic/operational initiatives (including leadership development, strategic staffing, supporting organizational evolution and restructuring, and setting the ethics tone for the organization).

Award Decisions

After the end of the year, each executive officer's performance against his or her individual performance objectives was assessed by our CEO. Our CEO then made recommendations to the Compensation Committee as to the payout for this individual performance component for each executive officer (other than for himself). While the Compensation Committee considered these recommendations in making award payouts, it determined the payouts for each executive officer based on its own evaluation of his or her performance, and its consideration of various subjective factors, such as its consideration of our "pay-for-performance" philosophy as well as recruiting and retention concerns.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

Based on these considerations, the Compensation Committee determined the following annual cash incentive awards for the Named Executive Officers:

Named Executive Officer	Annual Cash Incentive Award
Peter Blackmore	\$529,600
Kenneth Luk	*
Viraj Patel	\$90,668
Susan Marsch	**
Hong Liang Lu	**
Mark Green	**

*

Mr. Luk's target annual cash incentive award opportunity was established when he joined us in December 2009. Accordingly, he was not eligible to earn an annual cash incentive award in 2009.

**

Messrs. Lu and Green and Ms. Marsch left the company prior to the end of 2009. Accordingly, the Compensation Committee did not award them an annual cash incentive award for 2009.

Equity Awards

Equity compensation is a significant component of our executive compensation program. We believe this is an effective way to align the interests of our executive officers with those of our stockholders to increase long-term stockholder value. In designing our equity program, we take into account stockholder concerns about share usage and dilution. The Compensation Committee limits annual net issuances of stock based awards, subject to extraordinary events (for example, acquisitions). The Compensation Committee adjusts this target rate each year based on performance and retention objectives, taking into account market practices.

In February 2009, the Compensation Committee granted our executive officers, including the Named Executive Officers, restricted stock unit awards, in the amounts set forth below. While some of these awards are subject to service-based vesting (as noted below), the majority of the awards are subject to performance based vesting requirements. Generally, the performance criteria for these equity awards are the same as the criteria discussed above for the 2009 annual cash incentive awards. The actual number of shares to be earned by each executive officer with respect to his or her performance based RSU award was to be determined by the Compensation Committee at the end of 2009, based on each executive officer's actual performance as measured against these performance criteria.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

Named Executive Officer	Award Type	Number of Shares (Service-Based)*	Target Number of Shares (Performance-Based)**
Peter Blackmore	RSU	112,364	
	RSU		224,727
Hong Liang Lu	RSU	88,061	
	RSU		176,121
Viraj Patel	RSU	18,646	
	RSU		37,293
Susan Marsch	RSU	33,333	
	RSU		66,667
Mark Green	RSU	60,889	
	RSU		121,778

*

The service-based RSU awards vest over four years as follows: 25% on each of February 26, 2010, February 28, 2011, February 29, 2012, and February 28, 2013, subject to the Named Executive Officer remaining a service provider through each such date.

**

The performance based RSU awards, if earned, vest as follows: 50% of the earned amount will vest on each of February 26, 2010 and February 28, 2011, provided that the Named Executive Officer remains a service provider through each such date.

In granting these equity awards, the Compensation Committee reviewed and approved Compensia's proposed adjustments to its analysis of the competitive market as reflected by the Peer Group to reflect both the lag in current market data on equity awards as a result of the global economic recession and the significant reduction in our revenues resulting from the divestiture of our Personal Communications Division and other non-core businesses over the preceding 12 months. To account for these factors, the market value of the equity awards reported by the Peer Group was reduced by an amount equal to the median stock price decline (57%) of the Peer Group.

In February 2010, the Compensation Committee determined the actual number of shares earned by the Named Executive Officers identified below from their restricted stock unit awards granted in February 2009 based on an evaluation of their performance against the pre-established objectives for the year, as follows:

Named Executive Officer	Target Number of Shares Covered by RSU Granted in February 2009	Actual Number of Shares Earned From RSU as determined in February 2010	Shares Earned as a Percentage of Target Shares Granted
Peter Blackmore	224,727	148,769	66.2%
Viraj Patel	37,293	37,293	100%

In determining the number of shares earned by Mr. Patel, the Compensation Committee recognized his performance in various transition activities, including his work following his originally targeted employment termination date at the end of 2009. Pursuant to our severance arrangements with Mr. Patel, all of his outstanding equity awards fully vested and became exercisable upon his termination of employment effective February 26, 2010.

Employment of Mr. Luk

On December 16, 2009, Mr. Luk was named our Senior Vice President and Chief Financial Officer. The terms and conditions of his employment were set forth in a written offer letter. The negotiation of the terms of his employment was undertaken by our CEO, reviewed and recommended

Edgar Filing: UTSTARCOM INC - Form DEF 14A

for approval by the Compensation Committee, and approved by the Board of Directors. For a summary of the material terms and conditions of his employment arrangements, see "Employment Contracts and Severance Agreements with Named Executive Officers" in this Proxy Statement.

In filling this position, the Compensation Committee was aware that it would be necessary to recruit a candidate from outside our company with the requisite experience and skills. In addition, the Compensation Committee recognized that a competitive compensation package would have to contain a financial inducement sufficient to motivate the candidate to accept an employment offer over any competing offers and to relocate to our offices to Hangzhou, China, and, at the same time, reflect the customary elements of compensation packages for executives in China. These factors influenced the development of a compensation package that, in the aggregate, was at the 50% percentile of the market range, even though individual compensation elements were either above or below the median. At the same time, the Compensation Committee was sensitive to the need to integrate a new senior executive into the executive compensation structure that it was seeking to develop, balancing both competitive and internal equity considerations.

In retaining Mr. Luk, the Compensation Committee recommended, and the Board of Directors approved, that he receive (the US dollar amount provided in the parenthesis are for references only and the conversion rate used is the middle rate of 6.8282 RMB *yuan* per US dollar as of the end of day on December 31, 2009 as published by the Bank of China):

an initial annual base salary of RMB 2,500,000 (approximately \$366,129);

a signing bonus of RMB 340,800 (approximately \$49,911);

an annual cash incentive award opportunity equal to 50% of his annual base salary, based upon the achievement of corporate and individual performance goals (for 2010, a minimum of 80% of his annual cash incentive award opportunity is guaranteed);

a restricted stock award of 300,000 shares, with a three-year vesting schedule, subject to his continuing to provide services to us through each applicable vesting date;

financial planning services reimbursement of up to RMB 34,100 (approximately \$4,994) per year; and

certain expatriation benefits, including an apartment in Hangzhou, China with monthly rental not exceeding RMB 20,450 (approximately \$2,995) per month, relocation assistance of up to RMB 102,250 (approximately \$14,975), one round-trip airfare per quarter to Hong Kong, tax equalization payments of RMB 22,720 (approximately \$3,327), and automobile and driver assistance.

In addition, Mr. Luk was eligible for coverage under our medical, dental, and vision plans for expatriate employees and to participate in the Company's Executive Involuntary Termination Severance Pay Plan.

Mr. Luk resigned from the Company effective May 11, 2010. In connection with Mr. Luk's departure, the Compensation Committee of the Board approved a package to Mr. Luk which included: (i) a lump sum cash payment in the amount of \$91,500 plus the pro-rated amount of his salary for the period between the May 11, 2010 and June 17, 2010, less applicable withholding; (ii) acceleration of vesting of a total of 50,000 shares of restricted stock granted to Mr. Luk pursuant to the terms of his offer letter with the Company; and (iii) waiver of his obligation to repay a sign-on bonus of RMB 340,800 that was paid to Mr. Luk pursuant to his offer letter.

Perquisites and Other Benefits

We provide medical and other benefits to our executive officers that are generally available to other full-time employees, including disability and group term life insurance, expatriate remuneration for employees who are assigned overseas and who qualify under the terms of our expatriate remuneration plan, tuition reimbursement, and a Section 401(k) plan.

We also provide the Named Executive Officers and certain other executive officers with certain perquisites and other personal benefits, including financial planning services, tax assistance payments in connection with our tax equalization policy whereby we provide qualified employees with tax assistance to mitigate the tax differential arising from an employee's international work assignment, business travel accident insurance, a housing allowance, car/transportation allowances, a relocation allowance for certain executive officers who have been asked to relocate to conduct business on our behalf, and disability insurance. The Compensation Committee believes that such perquisites and personal benefits are necessary to successfully compete for executive talent, particularly in China where they are often a customary part of executive compensation packages.

The Compensation Committee reviews the perquisites and other benefits provided to our executive officers as part of its overall review of executive compensation. The Compensation Committee has determined the type and amount paid in perquisites to be within the appropriate range of competitive compensation practices. For information about the perquisites and other personal benefits provided to the Named Executive Officers in 2009, see the "Summary Compensation Table" of this Proxy Statement.

Section 401(k) Plan

We have established a tax-qualified Section 401(k) retirement savings plan for our employees, including the Named Executive Officers, who satisfy certain eligibility requirements. Under this plan, participants may elect to make pre-tax contributions of up to 100% of their current compensation, not to exceed the applicable statutory income tax limitation, which was \$16,500 in 2009. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

In February 2009, the Compensation Committee determined that, in view of the global economic recession and our projected operating performance, it was in the best interests of our stockholders to suspend employer matching contributions on behalf of eligible participants in our Section 401(k) plan. This decision took effect March 1, 2009.

Employee Stock Purchase Plan

In February 2009, the Compensation Committee determined that, in view of the global economic recession and our projected operating performance, it was in the best interests of our stockholders to suspend the operation of our Employee Stock Purchase Plan (the "ESPP"). Consequently, the ESPP offering periods then in effect terminated on May 14, 2009. The ESPP remained suspended during the remainder of 2009.

Post-Employment Compensation

We have change in control and involuntary termination severance agreements in place with certain of the Named Executive Officers and an Executive Involuntary Termination Severance Pay Plan for the other Named Executive Officers. For a summary of the material terms of these arrangements, see "Potential Payments Upon Termination and Change on Control" of this Proxy Statement.

Edgar Filing: UTSTARCOM INC - Form DEF 14A

The Compensation Committee believes that these arrangements are in the best interests of our stockholders. As with any public company, the possibility of a corporate transaction involving a change in control exists for us. Such a change in control typically means a degree of ambiguity for executives about the continuity of their employment. The Compensation Committee believes these arrangements help to ensure that our executive officers will remain focused on, and committed to, the interests of the business throughout the process of exploring and/or executing a transaction that may result in a change in control.

Other Compensation Policies

Equity Grant Policy

The Compensation Committee has adopted the UTStarcom, Inc. Equity Award Grant Policy and Procedures (the "**Equity Award Grant Policy**"). Under the Equity Award Grant Policy, equity awards for our executive officers are considered and approved as follows:

All equity awards for our executive officers are to be approved by the Compensation Committee;

The Compensation Committee will use its best efforts to approve equity awards at a duly-called meeting, and awards will be made by unanimous written consent only if meetings are unable to be held;

The date of grant of any equity award will be the last trading day in the month in which the Compensation Committee approves the award; and

For purposes of equity awards that are to be granted at the fair market value of our common stock, "fair market value" will be the closing sales price per share of our common stock on the date of grant.

Typically, meetings of the Compensation Committee to consider the approval of annual focal equity awards to our executive officers are held during the last two weeks of February of each year. In addition, meetings of the Compensation Committee may be held at any time to consider the approval of equity awards for new executive officers (including new executive officers resulting from either new hires or promotions), but these equity awards will be effective as of the last trading day in the month in which the Compensation Committee approved the award.

Burn Rate Policy

The Board of Directors has adopted a burn rate policy committing us to limit the number of shares of our common stock that we may use for equity compensation during fiscal years 2008, 2009 and 2010. For this three-year period, the policy limits the number of shares that we grant subject to equity awards to an average of 4.80% of our outstanding common stock. Thus, while we may exceed the 4.80% burn rate in a given year, the policy requires that our three-year average not exceed 4.80%. Awards that are settled in cash, awards issued under the ESPP, awards assumed in acquisitions, and any awards granted in connection with our stock option exchange program are excluded from this burn rate calculation. For purposes of this calculation, each share subject to a full value award (such as a restricted stock unit, performance share, performance unit, and any other award that does not have an exercise price per share equal to the per share fair market value of our common stock on the grant date) will be counted as 1.5 shares.

Stock Ownership Guidelines

We maintain stock ownership guidelines (the "**Guidelines**") for certain of our executive officers and our non-employee directors. Each executive officer and non-employee director is expected to

Edgar Filing: UTSTARCOM INC - Form DEF 14A

acquire and hold the number of shares of our common stock specified below before the later of (i) January 1, 2010 or (ii) four years after the date of an executive officer's appointment to such position or a non-employee director's appointment to the Board of Directors.

Position	Minimum Share Ownership Requirement
President and Chief Executive Officer	50,000
Executive Vice Presidents	25,000
Senior Vice Presidents/Division Presidents	10,000
Non-Employee Directors	10,000

We review compliance with the Guidelines annually. Failure to comply with the Guidelines may result in a reduction in future long-term incentive awards and/or payment of future annual and/or long-term incentive payouts made in the form of shares of our common stock. The Nominating and Corporate Governance Committee has the discretion to waive the Guidelines if compliance would create severe personal hardship for an executive officer or non-employee director or prevent an executive officer or non-employee director from complying with a court order. The Nominating and Governance Committee expects that such instances will be rare. All executive officers subject to the Guidelines currently satisfy the Guidelines.

Tax and Accounting Considerations

Section 162(m)

Section 162(m) of the Internal Revenue Code limits the ability of public companies to deduct compensation paid to certain senior executive officers in excess of \$1 million per year, but excludes from this limitation certain types of compensation, including "performance based compensation," provided that certain requirements are met. The Compensation Committee takes compliance with Section 162(m) into account when making compensation decisions and retains the discretion to pay compensation that is not fully deductible. While stock options granted under our 1997 Stock Plan did not meet the requirements of Section 162(m), equity awards granted under our 2006 Plan, which was approved by our stockholders, are able to meet the requirements of the "performance based compensation" exception of Section 162(m).

Section 409A

Section 409A of the Internal Revenue Code imposes significant additional taxes in the event that an executive officer, director, or other service provider receives "deferred compensation" that does not satisfy the restrictive conditions of the provision. Although we did not have a traditional nonqualified deferred compensation plan in place during 2009, Section 409A applies to certain equity awards and severance arrangements. Consequently, to assist our executive officers and other service providers in avoiding additional tax under Section 409A, we believe that we have structured our equity awards and severance arrangements in a manner intended to either avoid the application of Section 409A or, to the extent doing so is not possible, comply with the applicable Section 409A conditions.

Accounting for Stock-Based Compensation

We follow Financial Accounting Standards Board Accounting Standards Codification Topic No. 718 ("**ASC Topic 718**") for our stock-based compensation awards. ASC Topic 718 requires companies to calculate the grant date "fair value" of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the compensation tables below, even though recipients may never realize this amount from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

REPORT OF THE COMPENSATION COMMITTEE

The following is the report of the Compensation Committee. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the SEC, or subject to Regulation 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act, except to the extent that the Company specifically requests that such information be treated as soliciting material or specifically incorporates the information by reference in any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Compensation Committee of the Board of UTStarcom, Inc. was established on January 31, 1997 and is currently comprised of four members: Bruce J. Ryan, Xiaoping Li, Baichuan Du and Thomas J. Toy. Mr. Toy, the Chairman of the Compensation Committee served on the Committee throughout 2009.

During 2009, the Compensation Committee was comprised solely of non-employee directors who were each: (i) independent as defined under the applicable NASDAQ rules, (ii) a non-employee director for purposes of Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and (iii) an "outside director" for purposes of Section 162(m) of the Internal Revenue Code. During 2010, the Committee will continue to be comprised of directors who meet these same standards.

The Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this Proxy Statement with management, including UTStarcom's Chairman of the Board, Chief Executive Officer and Interim Chief Financial Officer. Based on this review and discussion, the Compensation Committee recommended to the Board that the "Compensation Discussion and Analysis" section be included in this Proxy Statement.

Change of Control Provisions in the Company's Equity Compensation Plans

The 1997 Stock Plan. Our 1997 Stock Plan (the "**1997 Plan**") provides that, in the event of our proposed dissolution or liquidation, the Board must notify each participant under the 1997 Plan as soon as practicable prior to the effective date of such proposed dissolution or liquidation. The Board has the discretion to allow the participant to exercise his or her option or stock purchase right until 15 days prior to the effective date of such dissolution or liquidation. In the event of our merger with or into another corporation, or the sale of substantially all of our assets, each outstanding option or stock purchase right under the 1997 Plan will be assumed or substituted by the successor corporation. In case the successor corporation refuses to assume or substitute the outstanding option or stock purchase right, such outstanding option or stock purchase right will become fully exercisable for a period of 15 days from the date the participant is notified of such refusal by the Board.

In addition, the 1997 Plan provides, in general, that a participant whose status as a Service Provider (as defined in the 1997 Plan) is terminated is entitled to exercise his or her option, to the extent such option has vested as of the date of termination, until the earlier of (i) expiration of the option according to its terms, (ii) expiration of a period of 3 months following termination, or (iii) expiration of a period of 12 months following termination as a result of death or disability. The 1997 Plan allows the post-termination exercise period to extend beyond the default term, if the stock option agreement entered into by the Company and the participant pursuant to the 1997 Plan provides for a longer term.

Under the Officer and Director Option Agreement approved for use under the 1997 Plan in connection with awards to our directors and officers beginning in December of 2005, if the participant's status as a Service Provider or director is terminated following a change of control, the participant shall be entitled to exercise his or her option, to the extent such option has vested as of the date of such termination, until the earlier of (i) expiration of the option according to its terms, or (ii) expiration of a period of 12 months following the termination of the participant's status as a Service Provider or director.

The 1997 Plan was terminated in July 2006 effective upon stockholder approval of our 2006 Plan.

The 2006 Equity Incentive Plan. Our 2006 Equity Incentive Plan (the "**2006 Plan**") provides that in the event a participant in the 2006 Plan terminates service with us and our affiliates, any options which have become exercisable prior to the time of termination will remain exercisable for three

months from the date of termination, unless a shorter or longer period of time is determined by the 2006 Plan administrator. If termination was caused by death or disability, any options which have become exercisable prior to the time of termination will remain exercisable for 12 months from the date of termination, unless a shorter or longer period of time is determined by the 2006 Plan administrator. In no event may a participant exercise the option after the expiration date of the option.

In the event of our change of control, each outstanding award will be assumed or substituted by the successor corporation. In the event the successor corporation refuses to assume or substitute awards granted under the 2006 Plan, all options and stock appreciation rights will fully vest and become exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares, and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change of control, the 2006 Plan administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the 2006 Plan administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

Policies with Respect to Review, Approval or Ratification of Transactions with Related Persons

Our Audit Committee is responsible for the review and approval or ratification of "related-person transactions" between us or our subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director, or 5% stockholder of UTStarcom since the beginning of the last fiscal year, and his or her immediate family members. We have adopted written policies and procedures that apply to any transaction or series of related transactions in which our company or a subsidiary is a participant, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. Pursuant to our policy, the following transactions will not be deemed to be related person transactions that require Audit Committee approval:

Employment of executive officers. Any employment by us of an executive officer of our Company if: (a) the related compensation is required to be reported in our proxy statement under SEC compensation disclosure rules; or (b) the executive officer is not an immediate family member of another executive officer or director of our company, and the related compensation would have been reported in our proxy statement under SEC compensation disclosure rules if the executive officer was a "Named Executive Officer," and the Compensation Committee approved (or recommended that the Board of Directors approve) such compensation.

Director compensation. Any compensation paid to a director if the compensation is required to be reported in our proxy statement under SEC compensation disclosure rules.

Certain transactions with other companies. Any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000 or two percent of that company's total annual revenues.

Transactions where all shareholders receive proportional benefits. Any transaction where the related person's interest arises solely from the ownership of a class of our equity securities and all holders of that class of our equity securities received the same benefit on a pro rata basis (e.g., dividends).

Transactions involving competitive bids. Any transaction involving a related person where the rates or charges involved are determined by competitive bids.

Regulated transactions. Any transaction with a related person involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority.

Certain banking-related services. Any transaction with a related person involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

Other transactions. Any other transaction where disclosure of such transaction would not be required pursuant to Item 404 of Regulation S-K, as may be amended from time to time.

Related Person Transactions

Since January 1, 2009, we were party to the following related party transactions under the relevant standards:

Yellowstone

On September 7, 2009, we entered into a consulting agreement with Yellowstone Investment Advisory Limited ("**Yellowstone**"). Mr. William Wong, one of our directors, is a managing director of Yellowstone. Pursuant to the consulting agreement, Yellowstone acted as a strategic consultant assisting with the relocation of our headquarters to China and introducing executive officer and directors candidates to us. We also agreed to reimburse Yellowstone's reasonable expenses incurred in connection with the services. During 2009, we paid approximately \$60,000 for consulting services provided by Yellowstone. During the first quarter of 2010, we paid approximately \$315,000 for consulting services provided by Yellowstone. Our Audit Committee did not review and approve the consulting arrangement with Yellowstone because at the time the consulting agreement was entered into, Mr. Wong was not expected to become a director and therefore the transaction was not subject to review by the Audit Committee. The consulting agreement and the relationship between the Company and Yellowstone was reviewed and approved by the Board.

In addition, as of the date of printing of this Proxy Statement, we are considering an engagement letter with Yellowstone pursuant to which Yellowstone will act as a strategic consultant to the Company and any of its subsidiaries, divisions or legal/organizational units to assist the Company in establishing or expanding strategic partnerships, joint ventures, acquisitions and the Company's business in Asia consistent with the Company's goals. The terms of the engagement letter and the fees payable thereunder are currently being negotiated; however, it is contemplated that we will pay Yellowstone a monthly fee of US\$20,000 and certain success fees upon the successful completion of a specific transaction as proposed by Yellowstone and approved by the Company generally based upon a varying percentage of the transaction deal size, with certain exceptions. We will also reimburse Yellowstone's reasonable expenses incurred in connection with the services. Our Audit Committee has reviewed and approved the transaction.

Softbank Corp.

Softbank Corp. is an affiliate of Softbank America, Inc., which holds approximately 9.7% of our common stock. During 2009, we recognized aggregate revenue of \$28 million (includes \$5 million in sales to NEC Networks & System Integration Corp., Japan Electronic Computer Co. Ltd., Nippon Telecom Sales KK and Oki Electric Industry Co., Ltd. for which Softbank Corp. was the ultimate customer) with respect to sales to affiliates of Softbank Corp., including (i) sales of telecommunications equipment to Softbank BB, (ii) sales of equipment and services to Softbank Telecom Co., Ltd, a wholly owned subsidiary of Softbank Corp. and (iii) sales of equipment to BB Cable, an affiliate of Softbank Corp. Our Audit Committee has reviewed and approved the transaction with Softbank Corp.

In addition, as of the date of printing of this Proxy Statement, we, through a wholly owned subsidiary, are finalizing an agreement with ZTE (H.K) Limited ("**ZTE**"), a company incorporated in Hong Kong (the "**ZTE Agreement**"). Pursuant to the ZTE Agreement, we will agree to form a special purpose company incorporated in Hong Kong with ZTE (the "**HK SPV**") for the purpose of making and holding an investment in a high speed mobile data communication service business affiliated with Softbank Corp. (the "**Softbank Affiliate**"). REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended December 31, 2009. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the SEC, or subject to Regulation 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically requests that such information be treated as soliciting material or specifically incorporates the information by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Established on January 31, 1997, the Audit Committee is currently comprised of three non-employee directors. The purpose of the Audit Committee is to assist the Board in its general oversight of the Company's financial reporting, internal controls and audit functions. The Audit Committee is directly responsible for the appointment, retention, evaluation, compensation, oversight and termination of the Company's independent registered public accounting firm.

The Audit Committee reviews the results and scope of audit and other services provided by the Company's independent registered public accounting firm and reviews the accounting principles and auditing practices and procedures to be used in the Company's financial reporting process, including its systems of internal control, and in the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accounting firm for the last fiscal year, PricewaterhouseCoopers Zhong Tian CPAs Limited Company ("**PricewaterhouseCoopers**"), is responsible for performing an independent audit of those financial statements. As more fully explained in the Audit Committee's charter, the Audit Committee's responsibility is to provide oversight of and to review those processes.

The Audit Committee has reviewed and discussed the audited financial statements with management of the Company. Management is responsible for maintaining adequate internal control over financial reporting and for assessing the effectiveness of internal control over financial reporting. The Audit Committee was kept apprised of the progress of management's assessment of the Company's internal control over financial reporting and provided oversight to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and PricewaterhouseCoopers at meetings throughout the year. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee reviewed this report of management and Item 9A, "Control and Procedures," contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 filed with the SEC, as well as PricewaterhouseCoopers' report of independent registered public accounting firm (included in the Company's Annual Report on Form 10-K) relating to its audit of the consolidated financial statements and the effectiveness of internal control over financial reporting. The Audit Committee also reviewed with management and PricewaterhouseCoopers (a) the Company's completed, current and planned initiatives to remediate material weaknesses in the Company's internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002 and (b) the procedures performed by the Company to support certifications by the Company's Chief Executive Officer and Chief Financial Officer that are required by the SEC and the Sarbanes-Oxley Act to accompany the Company's periodic filings with the SEC.

In addition, the Audit Committee has reviewed and discussed the audited financial statements with PricewaterhouseCoopers, including such items as required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers required by PCAOB

Ethics and Independence Rule 3526 (Rule 3526, Communications with Audit Committees "**Concerning Independence**"), and has discussed with PricewaterhouseCoopers their independence.

After review of all discussions and all written correspondence described above, as well as such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended December 31, 2009 be included in the Company's Annual Report on Form 10-K.

PROPOSAL NO. 2

**RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board has selected PricewaterhouseCoopers Zhong Tian CPAs Limited Company ("PricewaterhouseCoopers"), independent registered public accounting firm, to audit the financial statements of the Company for the fiscal year ending December 31, 2010 and recommends that the stockholders ratify this selection. PricewaterhouseCoopers also audited the Company's financial statements for its fiscal year ended December 31, 2009. The Board expects that representatives of PricewaterhouseCoopers will be present at the Annual Meeting, will be given an opportunity to make a statement at the meeting and will be available to respond to appropriate questions.

Stockholder ratification of this selection of PricewaterhouseCoopers as the Company's Independent Public Accounting Firm is not required by the Company's Bylaws or otherwise. However, the Board has elected to seek such ratification as a matter of good corporate practice. Should the stockholders fail to ratify the selection of PricewaterhouseCoopers as the Company's independent registered public firm; the Audit Committee will consider whether to retain that firm for the year ending December 31, 2010. Even if the selection is ratified, the Audit Committee, at its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

PricewaterhouseCoopers Fees for the Fiscal Years Ended December 31, 2009 and 2008

The aggregate fees billed for professional accounting services by PricewaterhouseCoopers for the fiscal years ended December 31, 2009 and 2008 are as follows:

	Fiscal Year Ended December 31,	
	2009	2008
Audit Fees(1)	\$ 4,665,000	\$ 9,716,000
Audit-Related Fees(2)	153,000	1,282,000
Tax Fees(3)	42,000	25,000
All Other Fees(4)	3,000	3,000
Total Fees	\$ 4,863,000	\$ 11,026,000

-
- (1) Audit fees are fees for professional services rendered for the integrated audit of UTStarcom's consolidated financial statements and of its internal control over financial reporting, for review of the interim consolidated financial statements included in quarterly reports, and for services that are normally provided by PricewaterhouseCoopers in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees represent aggregate fees paid or accrued for professional services rendered for accounting consultations and other procedures performed with respect to certain Company acquisition and divestiture efforts.
- (3) Tax fees are fees for tax services related to tax compliance, tax planning and tax advice.
- (4) All other fees are fees for an online accounting research tool.

The Audit Committee has determined that the provision to us by PricewaterhouseCoopers of non-audit services as listed above is compatible with PricewaterhouseCoopers maintaining its independence.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has direct responsibility for the appointment, retention, evaluation, compensation, oversight and termination of the independent registered public accounting firm employed by us. The Audit Committee has authorized Mr. Ryan to pre-approve audit and non-audit services to be performed by our independent registered public accounting firm. Such preapproval by Mr. Ryan is to be followed up for approval by the Audit Committee at its quarterly meetings. For the fiscal year 2009, there were no audit-related fees, tax fees, or any other non-audit fees that were approved by the Audit Committee pursuant to the "de minimis" exception under Regulation S-X Rule 2-01(c)(7)(i)(C).

Required Vote

The ratification of the appointment of PricewaterhouseCoopers as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010 requires the affirmative vote of the holders of a majority of the shares of the Common Stock that are present in person or by proxy and entitled to vote on the proposal at the Annual Meeting.

THE COMPANY'S BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS ZHONG TIAN CPAS LIMITED COMPANY AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

OTHER MATTERS

To the knowledge of the Company, no action is to be taken on any matter not specifically referred to in this Proxy Statement at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed proxy to vote the shares they represent as the Board may recommend.
