QUESTIONS AND ANSWERS

Table of Contents

On what am I being asked to vote?

At the Annual Meeting, the Company's stockholders will be asked to vote on the following proposals:

- (1) To elect three Class I persons to the Board of Directors to hold office until 2014;
- (2) To ratify the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2012 fiscal year;
- (3) To approve, on a non-binding, advisory basis, our executive compensation; and
- (4) To determine, on a non-binding, advisory basis, whether executive compensation should be submitted to stockholders for a non-binding advisory vote every one, two or three years.

The stockholders may also transact any other business that may properly come before the meeting.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is August 17, 2011, and only stockholders of record at the close of business on that date may vote at and attend the Annual Meeting.

What constitutes a quorum for the purposes of voting?

A majority of the shares of the Company's common stock outstanding, represented in person or by proxy at the Annual Meeting, will constitute a quorum for the purpose of transacting business at the Annual Meeting. Abstentions and "broker non-votes" (explained below) are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business. As of the record date, August 17, 2011, there were 38,698,168 shares of the Company's common stock outstanding and entitled to vote, which excludes 3,336,958 shares held by us in treasury.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present during the meeting, we may adjourn the meeting. In addition, in the event that there are not sufficient votes for approval of any of the matters to be voted upon at the meeting, the meeting may be adjourned in order to permit further solicitation of proxies.

How many votes do I have?

Each outstanding share of the Company's common stock entitles its owner to one vote on each matter that comes before the meeting. Your proxy card indicates the number of shares of the Company's common stock that you owned as of the record date, August 17, 2011.

How many votes are needed to approve each item?

Provided a quorum is present, directors will be elected by the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, and broker non-votes, if any, will have no effect on the vote for the proposal. Stockholders are not allowed to cumulate their votes for the election of directors.

The votes on executive compensation and the frequency of submission of executive compensation to stockholders are advisory in nature, and therefore the results will not be binding on us. It will be up to the Stock Option and Compensation Committee and the Board of Directors to determine how such votes will impact compensation decisions and the frequency of submitting executive compensation to stockholders. The vote on executive compensation requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal on executive

Table of Contents

compensation. For the vote on the frequency of submission of executive compensation to stockholders, the choice of every "one year," "two years" or "three years" that receives the greatest number of votes will be considered the frequency recommended by our stockholders. Abstentions will have no effect on the vote for the frequency of submission of executive compensation to stockholders. Broker non-votes, if any, will have no effect on the vote for either of these proposals.

Ratification of the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2012 fiscal year requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Broker non-votes, if any, will have no effect on the vote for this proposal. Abstentions will have the same effect as a vote against this proposal. If this selection is not ratified by our stockholders, the Audit Committee may reconsider its selection.

What if my stock is held by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. Certain matters submitted to a vote of stockholders are considered to be "routine" items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period prior to the meeting, so called "broker non-votes." For those matters that are considered to be "non-routine," brokerage firms that have not received instructions from their customers will not be permitted to exercise their discretionary authority. Each of the items listed above is a "non-routine" item.

How do I vote?

Stockholders of record can choose one of the following ways to vote:

- (1) By mail: Please download and print the proxy card from the Internet at www.proxyvote.com, complete, sign, date and return the proxy card to:
Isle of Capri Casinos, Inc.
c/o Broadridge
51 Mercedes Way
Edgewood, NY 11717
- (2) By Internet: www.proxyvote.com
- (3) By telephone: 1-800-690-6903
- (4) In person at the Annual Meeting.

By casting your vote in any of the four ways listed above, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions.

If you hold our voting securities in "street name," only your broker or bank can vote your shares. If you want to vote in person at our Annual Meeting and you hold our voting securities in street name, you must obtain a proxy from your broker and bring that proxy to our Annual Meeting.

How do I vote using the proxy card?

If the proxy is properly signed and returned, the shares represented by the proxy will be voted at the Annual Meeting according to the instructions indicated on your proxy. If the proxy does not specify how your shares are to be voted, your shares represented by the proxy will be voted:

- 1.

2. To ratify the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2012 fiscal year;
3. To approve, on a non-binding, advisory basis, our executive compensation;
4. To submit executive compensation to stockholders for a non-binding advisory vote every three years; and
5. In their discretion, upon such other business as may properly come before the meeting.

Can I change my vote after I have submitted my proxy?

Yes, a stockholder who has submitted a proxy may revoke it at any time prior to its use by:

1. Delivering a written notice to the Secretary;
2. Executing a later-dated proxy; or
3. Attending the Annual Meeting and voting in person.

A written notice revoking the proxy should be sent to the Company's Secretary at the following address:

Edmund L. Quatmann, Jr.
Chief Legal Officer and Secretary
Isle of Capri Casinos, Inc.
600 Emerson Road
St. Louis, Missouri 63141

How will the votes be tabulated at the meeting?

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the Annual Meeting, and such election inspectors also will determine whether or not a quorum is present.

Will the Company solicit proxies in connection with the Annual Meeting?

Yes, the Company will solicit proxies in connection with the Annual Meeting. We will bear all costs of soliciting proxies including charges made by brokers and other persons holding stock in their names or in the names of nominees for reasonable expenses incurred in sending proxy material to beneficial owners and obtaining their proxies. In addition to solicitation by mail, our directors, officers, and employees may solicit proxies personally and by telephone, facsimile and email, all without extra compensation. We may retain a proxy solicitation firm to assist in the solicitation of proxies. If we retain such a firm, the fee to be paid for such services will be borne by us and is not expected to exceed \$7,500 plus reasonable expenses.

ELECTION OF CLASS I DIRECTORS

General

Our Certificate of Incorporation, as amended, divides the Board of Directors into three classes, designated Class I, Class II and Class III, with the terms of office of each class ending in successive years. The authorized number of directors is set at 9.

At the Annual Meeting, stockholders will vote on the election of nominees listed below to serve as our Class I directors for three-year terms to expire at the annual meeting of stockholders in 2014 or until their respective successors, if any, have been elected and qualified. The three nominees, Richard A. Goldstein, Alan J. Glazer and Scott E. Schubert, are currently serving on the Company's Board of Directors.

On May 4, 2011, Shaun R. Hayes, a Class I director, resigned from his position as a member of the Company's Board of Directors and committees and is not seeking reelection. The resignation of Mr. Hayes was not the result of any disagreement with the Company. Mr. Schubert was nominated by the Nominating Committee to fill the vacancy created by the resignation of Mr. Hayes. The Board of Directors elected Mr. Schubert on July 29, 2011, and Mr. Schubert joined our Board of Directors on August 1, 2011, subject to all necessary regulatory approvals and licensure.

The Company does not know of any reason why any nominee would be unable or unwilling to serve as a director. If any nominee is unable or unwilling to serve, the shares represented by all valid proxies will be voted for the election of such other person as the Company's Board may nominate.

Additionally, pursuant to an agreement (the "Goldstein Governance Agreement"), dated as of January 19, 2011, among the Company, Robert S. Goldstein, our Vice Chairman, Jeffrey D. Goldstein and Richard A. Goldstein, two of our directors, and GFIL (as defined below), the Company agreed that until the Nomination Expiration Date (as defined below), it will take all action reasonably necessary for the Board of Directors to nominate and recommend for election by the Company's stockholders each of Jeffrey D. Goldstein, Robert S. Goldstein and Richard A. Goldstein (the "Goldstein Directors") (or, in the event that any of them dies or becomes legally incapacitated, another descendant of Bernard Goldstein (including a person legally adopted before the age of five) who is suitable to serve as our director pursuant to applicable Nasdaq requirements and other applicable law and designated by the remaining Goldstein Directors, who then are competent; provided, however, if our Board of Directors reasonably objects to such designee, another descendant reasonably acceptable to our Board of Directors may so be designated by the remaining qualified Goldstein Directors) at any annual meeting at which their respective directorship terms are scheduled to expire.

The "Nomination Expiration Date" means the earlier to occur of (1) the tenth anniversary of the date of the Goldstein Governance Agreement and (2) such time as the sum of (i) and (ii) below do not equal in the aggregate at least 22.5% of the then outstanding shares of the Company's common stock, not including any shares of Class B common stock or shares of common stock issued upon conversion of any preferred stock: (i) the total number of Physical Shares of the Company's common stock directly owned by members of the Goldstein family (the "Goldstein Group"), including the Goldstein Directors, GFIL, spouses, children and grandchildren of certain members of the Goldstein family and entities associated with certain members of the Goldstein family, (other than GFIL) in the aggregate; and (ii) the total number of Physical Shares of the Company's common stock owned by GFIL multiplied by a fraction, the numerator of which is equal to the total number of Physical Shares of the membership interests of GFIL directly owned by members of the Goldstein Group and the denominator of which is equal to the then total outstanding membership interests of GFIL. "Physical Shares" means shares, units or interests of a corporation or other entity (such as a limited liability company, limited partnership or trust) beneficially owned by any person as to which such person directly or indirectly has

voting and investment power and which are held either of record by such person or through a broker, dealer, agent, custodian or other nominee who is the holder of record of such shares.

CORPORATE GOVERNANCE

Board Leadership Structure

Since the management reorganization in April 2011, the Board of Directors has separated the roles of Chairman and Chief Executive Officer. Prior to April 2011, Mr. Perry was our Chairman, President and Chief Executive Officer. Mr. Perry is our Executive Chairman and leads the Board of Directors. Ms. Virginia McDowell, our President and Chief Executive Officer, has general charge and management of the affairs, property and business of the Company, while Mr. Perry, as Executive Chairman of the Board of Directors, provides independent oversight of senior management and Board matters and serves as a valuable bridge between the Board of Directors and our management. In addition, the Chairman provides guidance to the Chief Executive Officer, sets the Board of Directors' agenda in consultation with the Chief Executive Officer and presides over meetings of stockholders and the Board. Mr. Glazer is our Lead Director. He has, in addition to the powers and authorities of any member of the Board of Directors, the power and authority to chair executive sessions and to work closely with the Executive Chairman in determining the appropriate schedule for the Board of Directors meetings and assessing the quality, quantity and timeliness of information provided from our management to the Board of Directors. The Lead Director position is at all times held by a director who is "independent" as defined in Nasdaq Rule 5605(a)(2). The Board of Directors believes that the leadership structure is appropriate at this time based on the Board's understanding of corporate governance best practice. The Board of Directors does not have a policy specifying a particular leadership structure as it believes that it should have the flexibility to choose the appropriate structure as circumstances change. Our independent directors meet in regular executive sessions without management being present. Additionally, each of the Stock Option and Compensation Committee, Audit Committee and Nominating Committee is composed entirely of independent directors.

Board of Directors' Role in Risk Oversight

The Board of Directors recognizes that, although risk management is primarily the responsibility of the Company's management team, the Board of Directors plays a critical role in the oversight of risk, including the identification and management of risk. The Board of Directors believes that an important part of its responsibilities is to assess the major risks we face and review our strategies for monitoring and controlling these risks. The Board of Directors' involvement in risk oversight involves the full Board of Directors, the Stock Option and Compensation Committee, the Audit Committee, the Nominating Committee and the Compliance Committee. The Stock Option and Compensation Committee considers the level of risk implied by our compensation programs, including incentive compensation programs in which the Chief Executive Officer and other employees participate. The Audit Committee regularly considers major financial risk exposures and the steps taken to monitor and control such exposures, including our risk assessment and risk management policies. The Audit Committee also reviews risks associated with our financial accounting and reporting processes, litigation matters, and our compliance with legal and regulatory requirements. The Nominating Committee monitors potential risks to the effectiveness of the Board of Directors, notably Director succession and Board of Directors composition. The Compliance Committee reviews potential regulatory compliance risks with various jurisdictions and evaluates the Company's risks with potential business transactions.

Independence

The Board of Directors has determined that all of the directors, other than Mr. Perry, and nominees are independent as defined in Nasdaq Rule 5605(a)(2).

Additionally, the Board of Directors determined that Shaun R. Hayes, who resigned from the Board of Directors and committees on May 4, 2011, and John G. Brackenbury, who decided to retire and not stand for re-election following the completion of his term on the Board of Directors and

committees on October 5, 2010, were each independent as defined in Nasdaq Rule 5605(a)(2) during the time that they served on the Board of Directors.

Meetings

During the fiscal year ended April 24, 2011, which we refer to as "fiscal 2011," the Board of Directors met in person or telephonically eleven times. During fiscal 2011, each of our incumbent directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors (held during the period for which he severed as a director) and (ii) the total number of meetings held by all committees of the Board of Directors during which period he served. Directors are expected to attend each Annual Meeting of Stockholders. Each member of the current Board of Directors that was a member of the Board of Directors in October 2010 attended last year's Annual Meeting of Stockholders.

Committees

The Board of Directors has three standing committees: the Stock Option and Compensation Committee, the Audit Committee, and the Nominating Committee. During fiscal 2011, the Stock Option and Compensation Committee met seven times, the Audit Committee met eight times and the Nominating Committee met on an informal basis from time to time.

Stock Option and Compensation Committee. Messrs. Glazer, Baker, Wielansky and Kozicz are members of the Stock Option and Compensation Committee. Mr. Kozicz acts as chairman of the Stock Option and Compensation Committee. The Stock Option and Compensation Committee acts as an advisory committee to the full Board with respect to compensation of our executive officers and other key employees, including administration of the long-term incentive plan, option and restricted stock grants, and bonuses. Additional information regarding the policies of the Committee is set forth in the "Stock Option and Compensation Committee Report on Executive Compensation" included in this proxy statement. In accordance with Nasdaq Rule 5605(d)(1)(B), each member of the Stock Option and Compensation Committee is "independent" as defined in Nasdaq Rule 5605(a)(2). The Stock Option and Compensation Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

Audit Committee. Messrs. Glazer, Baker, Schubert and Wielansky are members of the Audit Committee. Mr. Glazer acts as chairman of the Audit Committee. The Audit Committee's responsibilities include selecting our independent registered public accounting firm, reviewing the plan, scope and results of the independent audit, reviewing the fees for the audit services performed, reviewing and pre-approving the fees for the non-audit services to be performed and reviewing all financial statements. Information regarding the functions performed by the Audit Committee during the fiscal year is set forth in the "Audit Committee Report," included in this proxy statement. Each member of the Audit Committee is "independent" as defined in Nasdaq Rule 5605(a)(2). The Board of Directors has determined that each member of the Audit Committee is free from any relationship that would interfere with the exercise of independent judgment as a committee member. Mr. Glazer has been designated as our "audit committee financial expert" under the SEC Rules. The Audit Committee is governed by a written charter approved by the Board of Directors. The Audit Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

Nominating Committee. Messrs. Glazer, Robert S. Goldstein and Wielansky are members of the Nominating Committee. Mr. Glazer acts as chairman of the Nominating Committee. The Nominating Committee considers and makes recommendations concerning the size and composition of the Board of Directors, the number of non-executive members of the Board of Directors, and membership of committees of the Board of Directors. As a policy, the Nominating Committee generally does not

Table of Contents

consider nominees recommended by the Company's stockholders. The Nominating Committee is responsible for developing and periodically reviewing Board of Directors membership criteria. The Nominating Committee believes that each director must:

have strength of character, high professional and personal ethics and values consistent with the longstanding values of the Company;

have the capacity to respectfully challenge one another's beliefs and assumptions with respect to Company decisions;

have business or other experience that will increase the overall effectiveness of the Board of Directors and allow insight based on experience;

be committed to enhancing total stockholder value; and

have sufficient time to carry out the director's duties.

The Nominating Committee also believes that diverse and inclusive leadership is essential to capitalizing on the growing talent pool and propelling the Company to success. Accordingly, the Nominating Committee believes that it is important to incorporate diversity of experience, skills, cultures and education on the Board of Directors. In addition, the Nominating Committee takes into account issues of judgment, independence, potential conflicts of interest, financial literacy, succession planning, related industry experience and the extent to which a particular candidate would fill a present need on the Board of Directors. The Nominating Committee shall establish and adhere to its charter in performing its duties. In accordance with Nasdaq Rule 5605(e)(1)(B), each member of the Nominating Committee is "independent" as defined in Nasdaq Rule 5605(a)(2). The Nominating Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

In addition to the foregoing committees of the Board of Directors, we also maintain a Compliance Committee that is made up of both directors and non-directors. Messrs. Baker and Kozicz are members of the Compliance Committee, along with Messrs. Harry Redmond and Steve DuCharme, Ms. Virginia McDowell, our President and Chief Executive Officer and Mr. Michael Fries, our Vice President of Legal Affairs. Mr. Baker acts as chairman, Messrs. Redmond and DuCharme are independent members and Mr. Fries is the Compliance Officer. The Compliance Committee's responsibilities include maintaining compliance with the regulatory requirements imposed upon the Company by the jurisdictions in which it operates and evaluating relationships between the Company and persons and entities with whom the Company proposes to do business.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

For purposes of the following Compensation Discussion and Analysis, the terms "executives" and "executive officers" refer to the named executive officers of the Company as set forth in the Summary Compensation Table, which appears on page 34 of this proxy statement, and the term the "Committee" refers to the Stock Option and Compensation Committee. For fiscal 2011, the named executive officers of the Company are the principal executive officer for fiscal 2011, James B. Perry; the principal financial officer, Dale R. Black; Virginia M. McDowell; Paul B. Keller and Edmund L. Quatmann, Jr.

Executive Summary

The Committee remains committed to its executive compensation philosophy and key objectives, including relating total compensation opportunities for executives to the Company's performance.

During fiscal 2011, the Company grew revenue, earnings before interest and other non-operating income (expense), income taxes and depreciation and amortization and operating margins despite general economic softness. For the three fiscal years ending with fiscal 2011, the Company achieved the highest total stockholder return among its regional gaming company peers and outperformed the total stockholder return of the Russell 2000 Index. The Company also completed equity and debt transactions that reduced the Company's total debt, extended maturities and will provide borrowing capacity to fund current and future capital expenditures for both existing properties and development projects. Additionally, the Company acquired a casino in Mississippi and was selected for new casino developments in Missouri and Pennsylvania.

The Committee believes that the compensation paid to the executive officers in fiscal 2011 is commensurate with the Company's performance in a challenging economic environment.

Company Performance

During fiscal 2011, the Company made substantial improvements to its operations and capital structure, while simultaneously successfully completing several development efforts and other initiatives expected to provide value for stockholders and to create a solid platform for continued growth.

Operational Enhancements. During fiscal 2011, the Company stressed enhanced operating principles, leading to earnings growth and further decreases in same-store operating costs, while making targeted investments to drive new business and visitation despite continued economic softness in consumer spending across the national gaming industry. Additionally, the Company bolstered its position as a market leader in customer courtesy and delivering a superior guest experience, which has consistently proven to be the attribute most likely to drive increased visitation to gaming entertainment properties.

Financial Discipline. The Company's disciplined approach towards improving its capital structure and increasing financial flexibility led to the achievement of several important milestones during the fiscal year that improved the Company's financial position. Specifically, the Company refinanced its senior secured credit facility, issued bonds and sold common stock.

The Company's new senior secured credit facility, comprised of a \$300 million revolving credit facility and \$500 million term loan facility, extended maturity dates beyond the previous 2012 maturity by four and five years on the revolving facility and term loan facility, respectively. Earlier in the fiscal year, the Company also raised \$52 million in new equity through a common stock offering, followed by the issuance of \$300 million principal amount 7.75% Senior Notes due 2019.

Branding & Enhanced Product Offerings. During the fiscal year, the Company made targeted enhancements to its product offerings at its existing facilities as it continued to emphasize the

Table of Contents

importance of its ongoing efforts to gain new customers and increase market share. As the Company continues to migrate into its two-brand entertainment model, it is experiencing outstanding customer acceptance of both its *Isle* and *Lady Luck* gaming brands.

Targeted Growth Opportunities. The Company also focused on the pursuit of growth through targeted acquisition and development opportunities. The Company was successful in two competitive development campaigns, being selected to build and operate new-build gaming entertainment facilities in both Missouri and Pennsylvania. In both jurisdictions, the Company was chosen by regulatory authorities to operate the final available state gaming license. Additionally, in fiscal 2011, the Company completed the acquisition of Rainbow Casino in Vicksburg, Mississippi.

In Cape Girardeau, Missouri, the Company is constructing a \$125 million facility expected to be complete late in calendar year 2012 and planned to feature 1,000 slot machines, 28 table games, four food and beverage outlets and a 750-seat event center. The Company has completed all necessary land acquisitions and demolition on the project site, and broke ground on construction in March 2011. The Company chose the Cape Girardeau location due to its strong regional demographic in a relatively underserved gaming market.

In Pennsylvania, the Company was chosen to build and operate a new \$50 million facility in Fayette County at the world-renowned Nemacolin Woodlands Resort, planned to feature 600 slot machines, 28 table games and several food and beverage outlets. The project, Lady Luck Casino at Nemacolin Woodlands Resort, was designed in close consultation with resort officials in order to achieve maximum synergy from this 2,000 acre resort complex that already serves over 350,000 visitors annually. The facility is planned as a build-out to an existing building on the resort complex. All necessary local permits to commence construction have been received. The Pennsylvania license is currently in the appeal stage, and the Company expects to complete construction of the facility approximately nine months following the completion of a recently filed appeal by a former competitor for the license.

Overall, the Committee believes that the Company's fiscal 2011 results reflect the successful design and implementation of strategic initiatives that have led to favorable financial results during a difficult economic cycle, as well as the development of a solid platform for growth and share value.

For a complete discussion of the Company's performance in fiscal 2011, reference should be made to Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the fiscal year ended April 24, 2011, a copy of which is included in the Annual Report to Stockholders delivered in connection with this Proxy Statement.

Peer Group

In April 2010, the Committee reviewed the peer group it had used for benchmarking purposes for fiscal 2010 executive compensation to determine whether any changes were warranted. The Committee determined, based on the recommendation of Towers Watson, our compensation consultant, that the peer group to be used for benchmarking purposes for executive compensation for fiscal 2011 would consist of the following publicly traded gaming/entertainment companies:

Ameristar Casinos, Inc.
Boyd Gaming Corporation
Gaylord Entertainment Company
Las Vegas Sands Corp.
MGM Resorts International
MTR Gaming Group, Inc.
Penn National Gaming, Inc.
Pinnacle Entertainment, Inc.
Vail Resorts, Inc.
Wynn Resorts, Limited

In addition, the Committee decided that it would consider any available compensation data from the following privately held companies:

Caesars Entertainment Corporation
Jacobs Entertainment, Inc.
Mohegan Tribal Gaming Authority
Peninsula Gaming, LLC

Generally, the companies that make up the Company's peer group are its business competitors as well as its primary source of, and primary competition for, executive talent. Many of the Company's executives have been recruited from other gaming operators. In addition, since gaming and racing are highly regulated industries, it takes a high degree of experience and prior knowledge to provide effective oversight to multiple gaming and racing properties in a variety of jurisdictions. Also, many of the Company's executive officers are required to submit to extensive investigations conducted by the state police or an equivalent investigatory agency of their personal financial records, their character and their competency in order to be found "suitable" to serve in their respective capacities in each of the jurisdictions in which the Company operates. Accordingly, the pool for executives capable and willing to serve in an executive capacity in a publicly traded, multi-jurisdictional gaming and racing company tends to consist mostly of individuals who are already working within the gaming industry and among our peer group.

Executive Compensation Philosophy

The Committee designed the executive compensation program to attract and retain superior executive talent, incentivize our executives to drive profitable growth and enhance long-term value for our stockholders. Key elements of the program include base salary and performance-based incentives (including both cash and equity opportunities).

Key objectives of our executive compensation policy include:

Administering a competitive executive compensation program in which total compensation opportunities will be comparable to those in our peer group;

Relating total compensation opportunities for executives to the financial performance of the Company, both overall and in comparison to our industry; and

Table of Contents

Establishing and ensuring internal equity and measurements for organizational effectiveness/contribution of executives.

The executive compensation program is designed to reward the achievement of difficult but fair performance criteria and enhance stock ownership among the executive team. The following principles provide the framework for the Company's executive compensation program:

Targeted total compensation

Overall total compensation opportunities and individual program elements are compared to our peer group. Actual pay may vary depending on the level of performance achieved under the Company's short- and long-term incentive programs.

A number of factors are considered when establishing targeted pay levels, including the value to our stockholders, future leadership potential, level of job responsibility, critical experience/skills, the level of sustained performance, and the market demands for talent.

Stockholder alignment

Total compensation opportunities are tied to quantifiable Company performance metrics and, through the use of equity awards, the Company's stock price.

Total compensation mix

The Committee believes that the total compensation mix should be heavily weighted towards performance-based compensation. The following table sets forth the percentage of total targeted compensation that was performance-based for the executives for fiscal 2011:

Executive	Percentage of Total Targeted Compensation that was Performance- Based (%)
Mr. Perry	73%
Mr. Black	64%
Ms. McDowell	68%
Mr. Quatmann	58%
Mr. Keller	60%

The Company's targeted pay mix (salary vs. performance-based incentive pay) is designed to reflect a combination of competitive market practices and strategic business needs. The degree of performance-based incentive pay ("at risk" compensation) and the level of total compensation opportunities increases with an executive's responsibility level, because executives that are at higher levels in the organization are more likely to affect the Company's results.

The Committee analyzes market data and evaluates individual executive performance with a goal of setting compensation at levels it believes, based on its general business and industry knowledge and experience, are comparable with compensation levels of executives in other companies of similar size operating in the gaming industry. The Committee engages compensation consulting firms to provide guidance regarding competitive compensation practices, industry peer analysis and recommendations. Using this guidance and peer group compensation information as a point of reference, the Committee then focuses on the Company's and executives' individual performance in determining each component of annual compensation.

Overview of Executive Compensation Elements

The use of multiple compensation elements enables the Company to reinforce its pay for performance philosophy as well as strengthen its ability to attract and retain high performing executive

Table of Contents

officers. The Company believes the combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term stockholder value creation, and facilitates executive recruitment and retention in a high-performance culture.

The principle elements of the Company's executive compensation program are described below. Please see "Analysis of Fiscal 2011 Compensation" below for a discussion of the specific actions taken with respect to executive compensation for fiscal 2011.

Base Salary. Base salary compensates executives for competence in their roles. The base salary of each executive reflects a combination of factors, including competitive pay levels, the executive's experience and tenure, internal pay equity, the need to attract and retain excellent management talent, the Company's overall annual budget for merit increases and the executive's individual performance. The primary comparative reference point used by the Committee when setting salaries is the median of the peer group.

Annual Incentive/Non-Equity. The Committee adopted a new non-equity incentive plan for fiscal 2011. The plan is designed to encourage profitable performance and to reward and recognize individuals who directly affect and contribute to the achievement of that performance. The Committee believes that, by linking incremental incentive compensation to Company performance over which the plan participants have a substantial degree of influence, the plan will promote higher levels of productivity and substantial additional value for the Company's stockholders. In order to accomplish the objective of increased financial performance, the plan was designed to meet the following criteria:

Bonus amounts available to key corporate personnel directly relate to predetermined performance goals.

Outstanding achievement will result in outstanding rewards, i.e. the better the performance relative to the performance goals, the larger the incentive that participants will receive, subject to overall plan limitations.

Targeted bonus compensation is consistent with similar jobs in the regional casino industry.

Participants in the plan have a specific target incentive opportunity defined as a percentage of their base salary. The target incentive opportunities were developed for each executive considering competitive practices and consistency with the Company's internal structure. The following table shows the target incentive opportunity for each executive for fiscal 2011:

Executive	Target Bonus as Percentage of Base Salary (%)
Mr. Perry	100%
Mr. Black	70%
Ms. McDowell	80%
Mr. Quatmann	60%
Mr. Keller	60%

The plan provides that, for each fiscal year, the performance goals on which bonuses will be calculated are established by the Committee in its sole discretion using: (1) achievement of pre-determined Company financial goals and (2) a discretionary assessment of performance by the Committee. Each of these factors is independent of each other and weighted in the bonus calculation. The Committee sets a threshold level of financial performance that must be achieved for a participant to earn any bonus for the applicable fiscal year under the financial goal-based component of the plan. The bonus for financial performance will be calculated by determining the variance from the predetermined target performance. The bonus for the financial performance could range between 50% of the target opportunity, assuming a threshold level of performance is achieved, to 150% of the target

Table of Contents

opportunity based on the achievement of the maximum performance goals. For the portion of the bonus based on the discretionary performance assessment, general performance criteria will be identified at the beginning of each fiscal year. These performance criteria may include Company performance, functional area performance or individual performance as recommended by the Chief Executive Officer and approved by the Committee. At the end of the fiscal year a determination will be made as to the level of payout earned based on performance relative to the criteria identified at the beginning of the fiscal year. The bonus for the discretionary performance assessment could range between 50% of the target opportunity, assuming a threshold level of performance is achieved, to 150% of the target opportunity based on the achievement of the maximum performance goals.

The annual incentive will be paid based on the achievement of the corporate financial performance goals and the discretionary assessment. The portion of the bonus for any fiscal year based on the financial performance goals shall be paid if the financial performance goals are achieved (i.e., there is no discretion). The portion of the bonus for any fiscal year based on the discretionary assessment may be paid in the discretion of the Committee, regardless of whether the financial performance goals were achieved.

In addition to the above-described annual incentive plan, under a plan originally adopted by the Committee in fiscal 2009, the executives are eligible to receive in fiscal 2014 a one-time cash bonus based on the Company's financial performance over the five-year period ending with fiscal 2013. The plan was adopted by the Committee in order to incentivize the executives to take a long-term view of the business and to encourage retention. The Committee determined that operating free cash flow growth was the appropriate criteria because it takes into consideration financing decisions and capital allocation as well as operating results. The Committee established fiscal 2008 operating free cash flow of approximately \$63 million as the base and set a threshold for each of the next five years of 12% compounded growth in operating free cash flow. If the Company does not achieve this threshold level of growth, then no bonus will be paid. In order to receive the bonus, the executive must be employed by the Company (or serving on the Company's Board of Directors) on the last day of fiscal 2013 and on the payment date in fiscal 2014. The bonuses will be paid in full upon the occurrence of a change in control.

Long-Term Incentive/Equity. The primary long-term incentive for executives is shares of restricted stock awarded pursuant to the Isle of Capri Casinos, Inc. 2009 Long-Term Incentive Plan. Until the shares vest they remain subject to forfeiture upon termination of employment and restrictions on transfer. If and when the shares vest, they are no longer "restricted," and the recipient is free to hold, transfer or sell them, subject to required tax withholding and compliance with applicable securities laws, our securities trading policy, our stock holding policy and any other legal requirements. The Committee's practice is to deliver 25% of the value of the long-term incentive in cash and 75% in shares of restricted stock. The rationale for paying 25% of the long-term incentive in cash is to promote and facilitate retention of the shares of restricted stock by providing cash to enable the award recipient to pay taxes if he or she chooses to do so. Long-term incentive awards with respect to a particular fiscal year are typically made within the first three months of the succeeding fiscal year. For example, the long-term incentive award for fiscal 2011 was awarded in July 2011 (during fiscal 2012).

Prior to fiscal 2011, long-term incentive awards were awarded based on the Company meeting a certain threshold level of performance for that fiscal year. Beginning with fiscal 2011, long-term incentive awards are awarded based on a combination of three-year total stockholder return (60%) and the Committee's discretion (40%). Total stockholder return ("TSR") of the Company is measured

Table of Contents

against the TSR of other regional gaming companies and the Russell 2000 Index. The relative TSR goals are set forth in the below table:

Level	Payout Level	Comparative Benchmark	
		Regional Gaming	Russell 2000
Maximum	200% of Target	Highest TSR	Index Return plus 10 percentage points
Target	100% of Target	Third Highest	Index Return
Threshold	50% of Target	Fourth Highest	Index Return minus 5 percentage points

The Committee believes that the performance-based plan motivates and rewards long-term stockholder value creation and individual performance and allows the Company to attract and retain key management talent. Each executive in the performance-based plan has a specified target annual award opportunity based on the total compensation mix established by the Committee for each executive.

For fiscal 2011, the Committee established a targeted long-term incentive award for each executive as follows:

Executive	Target Long-Term Incentive Award (\$)
Mr. Perry	\$ 1,400,000
Mr. Black	500,000
Ms. McDowell	900,000
Mr. Quatmann	300,000
Mr. Keller	300,000

The targets were developed by considering competitive practices and consistency.

Deferred Compensation. The Company does not maintain any defined benefit pension programs for its executives. Instead, consistent with the competitive practices of the Company's peer group, the Company maintains an elective non-qualified deferred compensation plan for executives. None of the executives participated in this plan in fiscal 2011.

Benefits and Perquisites. The Committee believes that executives should be offered customary benefits and perquisites that are reasonable relative to the benefits provided to all employees and consistent with competitive practices among the Company's peer group. The standard benefits offered to all of the Company's employees include medical, dental and vision insurance, group life insurance, short and long-term disability and a 401(k) with certain contributions matched by the Company. In addition, all executives are enrolled in the Medical Executive Reimbursement Plan (the "MERP") in which an allocation in amount up to 5% of each executive's base salary aids with payment of certain medical expenses other than premiums. All such supplemental benefits and perquisites are subject to applicable federal, state and local taxation. The benefit paid under the MERP is grossed-up for taxes.

Role of Executive Officers and Board of Directors in Compensation Decisions

The Chief Executive Officer assists the Committee in making compensation decisions for the executives primarily by making recommendations and evaluating day-to-day performance of the executives. The Chief Executive Officer and other executives do not play a role in determining their own compensation and are not present at the executive sessions in which their pay is discussed.

The Committee's analysis and determinations are reported to the Board of Directors for ratification.

Role of Compensation Consultant

Since 2008, the Committee has engaged the firm of Towers Watson (formerly known as Watson Wyatt) as the Committee's independent compensation consultant. Generally, Towers Watson performs the following duties for the Committee:

Review of compensation philosophy, peer group and competitive positioning for reasonableness and appropriateness;

Review of executive compensation program and plans or practices that might be changed to improve effectiveness;

Select and review the peer group and survey data for competitive comparisons;

Review the Compensation Discussion and Analysis and compensation tables for inclusion in our proxy statement; and

Advise the Committee on best-practice ideas for executive compensation as well as areas of concern and risk in the Company's program.

Towers Watson receives no fees or compensation from the Company for services other than for its services as compensation consultant.

Analysis of Fiscal 2011 Compensation

Base Salary. The base salaries for the executives for fiscal 2011 were unchanged from fiscal 2010. After reviewing the base salaries of the Company's peer group and consideration of the other factors noted above, the Committee determined that the fiscal 2010 base salary of each executive officer generally continued to be competitive, fair and reasonable. Set forth below are the base salaries for fiscal 2011 for the executives:

Executive	Base Salary(\$)
Mr. Perry	\$ 824,000
Mr. Black	464,000
Ms. McDowell	690,000
Mr. Quatmann	376,000
Mr. Keller	345,000

The actual salary paid to the Chairman and Chief Executive Officer in fiscal 2011 was \$618,000 as a result of the voluntary 25% reduction Mr. Perry requested in November 2008.

Assuming performance at target, set forth below is the total targeted compensation for each of the executives established by the Committee for fiscal 2011:

Executive	Base Salary(\$)	Target Annual Incentive/Non-Equity(\$)	Target Long-Term Incentive Equity(\$)	Total Targeted Compensation(\$)
Mr. Perry	\$ 824,000	\$ 824,000	\$ 1,400,000	\$ 3,048,000
Mr. Black	464,000	324,800	500,000	1,288,800
Ms. McDowell	690,000	552,000	900,000	2,142,000
Mr. Quatmann	376,000	225,600	300,000	901,600
Mr. Keller	345,000	225,600	300,000	870,600

Annual Incentive/Non-Equity. For fiscal 2011, the Committee determined that 80% of each executive's non-equity bonus would be determined based on the Company's financial performance and 20% would be determined by the Committee in its discretion based on the executive's performance. As

Table of Contents

discussed above, each component is independent of the other. The Committee determined that this weighting provided the appropriate balance between quantitative financial performance of the Company and qualitative executive performance.

With respect to the financial component, the Committee determined that the appropriate measure of the Company's performance for fiscal 2011 would be reported earnings before taxes, as adjusted for non-cash charges, write-offs and the impact of other one time or unusual items and equity issuances ("EBT"). The Committee selected EBT because it believed that compensating the executives for generating a pre-tax profit most directly aligned the executives with the stockholders. The Committee also established the following payout relationship for the financial component for fiscal 2011:

Performance (% of Target)	Incentive Payout (% of Target)
< 80%	No Payout
80%	50%
100%	100%
120%	150%
>120%	150%

If actual performance is between defined payout points, the actual earned incentive will be determined on a straight-line basis.

For fiscal 2011, the Company achieved 89.4% of the EBT target established by the Committee, which correlated to a payout of 73.6% of the financial component of the bonus.

With respect to the discretionary component, each of the executives established individual goals and objectives for fiscal 2011 and communicated those goals and objectives to the Committee. At the conclusion of the fiscal year, the Committee measured each executive's accomplishments against the previously established goals and objectives and also took into consideration other accomplishments of each executive. For fiscal 2011, the Committee concluded that Messrs. Perry, Black and Quatmann and Ms. McDowell achieved 82.5% of their discretionary target and Mr. Keller achieved 150% of his discretionary target. The Committee determined that Mr. Keller was instrumental in the Company being selected for new casino development projects in Missouri and Pennsylvania.

Having determined Company performance under the financial component and each executive's performance under the discretionary component, the Committee paid cash bonuses to the executives for fiscal 2011 as follows:

Executive	Percent of Target Bonus(%)	Actual Payment(\$)
Mr. Perry	73%	\$ 603,040
Mr. Black	75%	244,570
Ms. McDowell	75%	416,098
Mr. Quatmann	75%	170,057
Mr. Keller	89%	183,982

Table of Contents*Long-Term Incentive/Equity.*

For performance in fiscal 2011, as described above in " Overview of Executive Compensation Elements Long-Term Incentive/Equity", each executive's award was 60% based on total stockholder return for the three fiscal years ending with fiscal 2011 and 40% based on the discretion of the Committee. For the three fiscal years ending with fiscal 2011, the Company's total stockholder return was approximately 12.5% which was the highest return of the regional gaming companies and approximately 7.5% higher than the return of the Russell 2000 Index. Accordingly, the payout on the TSR component was approximately 188.5% of target. With respect to the discretionary component, the Committee awarded Ms. McDowell approximately 56% of target and Messrs. Black, Quatmann and Keller approximately 50% of target. The Committee determined that, based on the relative size of the financial component, this was an appropriate exercise of discretion. In light of his retirement as the Company's chief executive officer, Mr. Perry requested, and the Committee agreed, that he not receive a long-term incentive award as a result of his service as chief executive officer in fiscal 2011. The calculation of each executive's award is set forth below:

Executive	Financial Component		Discretionary Component		Total	
	Percent of Target(%)	Amount(\$)	Percent of Target(%)	Amount(\$)	Percent of Target(%)	Amount(\$)
Mr. Perry	0%	\$ 0	0%	\$ 0	0%	\$ 0
Mr. Black	188.5%	565,500	50%	100,000	133%	665,500
Ms. McDowell	188.5%	1,017,900	56%	200,000	135%	1,217,900
Mr. Quatmann	188.5%	339,300	50%	60,000	133%	399,300
Mr. Keller	188.5%	339,300	50%	60,000	133%	399,300

The total amount above for each executive was then adjusted based on the prior 20-day average stock price of the Company and the Committee granted long-term incentive awards to the executives in July 2011 as follows:

Executive	Shares(#)	Grant date Value of Shares (\$)		Grant Date Total Value(\$)	
		Shares (\$)	Cash(\$)	Shares (\$)	Total Value(\$)
Mr. Perry	0	\$ 0	\$ 0	\$ 0	\$ 0
Mr. Black	56,897	497,564	165,850		663,414
Ms. McDowell	104,124	910,564	303,518		1,214,082
Mr. Quatmann	34,138	298,537	99,511		398,048
Mr. Keller	34,138	298,537	99,511		398,048

Employment Agreements

The Company generally seeks to enter into employment agreements with vice presidents and above and with the general manager of each of its gaming properties. In arriving at this determination, the Company sought to minimize the number of individuals with whom it had employment agreements while at the same time achieving the objectives set forth below. Relevant to this approach, the Company considers the standard competitive practices in the gaming industry.

There are a number of strategic objectives that the Company expects to achieve by entering into employment agreements with certain key employees:

Attract and retain talented executives;

Limit potential liability emanating from the termination of executives, including the total severance that may be paid to an executive in the event that the Company elects to terminate him or her without cause;

Table of Contents

Provide an effective retention mechanism; and

Provide the Company with effective and comprehensive protection of its strategic plans, intellectual property and human capital.

Some of the key terms of the Company's employment agreements with executives are:

Term. The term of the employment agreements for the executives is one year; provided however that the term of the employment agreement for each of Ms. McDowell as president and chief executive officer and Mr. Perry as executive chairman is three years. The employment agreements renew for successive one-year terms unless notice is provided or the agreement is terminated earlier. The Company believes that the term of each employment term represents a reasonable period for which the Company and the executive will mutually commit to maintain the employment relationship. For the Company, this provides stability and predictability among its leadership ranks. For the executive, this provides a reasonable but limited assurance of job security designed to foster an environment of entrepreneurial risk taking where the executive can focus on building long-term stockholder value.

Termination and Restrictive Covenants. The Company offers certain additional payments to its executives if the Company elects to terminate the executive's employment without "cause" or as a result of death or total disability. Each employment agreement contains a set of restrictive covenants designed to provide the Company with a reasonable degree of protection of its strategic plans, intellectual property and human capital. Generally, each employment agreement contains prohibitions on (i) competition, (ii) solicitation of employees, and (iii) disclosure and use of confidential information, which prohibitions remain in place for one year following termination. The Board selected this time period based on its determination about the extent to which each individual's tenure with, and knowledge of, the Company might be used to adversely impact the Company's strategic plans, intellectual property or human capital.

Change in Control. In the event of a change in control, each executive is entitled to receive certain additional payments if employment is terminated. The Company believes that these payments provide an effective retention mechanism in connection with a change in control.

For a detailed discussion of the terms contained in each executive's employment agreement, please refer to page 40 below.

Other Compensation Policies

Equity Awards Policy

The Committee's procedure for timing of equity awards helps to provide assurance that grants are never manipulated or timed to result in favorable pricing for executives. Generally equity awards are awarded by the Committee as a dollar value, from which the number of shares awarded is determined based on the prior 20-day average stock price. The Company schedules Board of Directors and Committee meetings in advance. Meeting schedules and award decisions are made without regard to the timing of Company SEC filings or press releases. Equity awards are generally granted on the date approved by the Committee or, in the case of new hires, pursuant to the terms of an employment agreement.

Stock Holding Policy

The Committee encourages executives to manage from an owner's perspective by having and maintaining an equity stake in the Company. To that end, all of our executives are also stockholders of the Company. In January 2009, the Board of Directors adopted the Isle of Capri Casinos, Inc. Stock Holding Policy. The Stock Holding Policy provides that members of the Board of Directors and certain members of management are required to hold a certain percentage of the shares of our common stock

Table of Contents

received by them upon lapse of the restrictions on restricted stock and upon exercise of stock options (net of any shares utilized to pay for tax withholding and the exercise price of the option). The percentage ranges from 20% for our general managers to 50% for members of our Board of Directors, our chief executive officer and her or his direct reports.

Impact of Prior Compensation

Amounts realized from prior compensation grants did not serve to increase or decrease fiscal 2011 compensation grants or amounts. The Company's and the Committee's primary focus is competitive pay opportunities on an annual basis.

Risk Management Practices and Risk-Taking Incentives

The Committee evaluated the Company's compensation policies and practices for all senior vice presidents and above to determine whether they create risks that are reasonably likely to have a material adverse effect on the Company. The Committee believes that the Company's compensation programs do not encourage excessive risk taking and, thus, do not create risks that are reasonably likely to have a material adverse effect on the Company for several reasons, including the following:

Significant portion of pay opportunity is in the form of variable pay;

Appropriate balance of short and long-term incentives;

Performance metrics create balance between annual profitability and long-term value creation (TSR);

Incentive plans are not 100% formulaic and provide for Committee discretion;

Caps on incentive plan opportunities;

Equity awards based on multi-year performance, with overlapping performance periods; and

Stock holding policy promotes long-term ownership of shares of common stock and alignment of interests with stockholders.

Based on its analysis, the Committee believes the Company's compensation policies enhance the Company's business interests by encouraging innovation and appropriate levels of risk taking.

Tax Deductibility of Compensation Programs

Section 162(m) of the Code limits our deduction for compensation paid to the executives to \$1 million unless certain requirements are met. The policy of the Committee with regard to Section 162(m) of the Code is to establish and maintain a compensation program that will optimize the deductibility of compensation. The Committee reserves the right to use its judgment, where merited by the Committee's need for flexibility to respond to changing business conditions or by an executive's individual performance, to authorize compensation that may not, in a specific case, be fully deductible.

Fiscal 2012 Compensation Actions

In April 2011, the Committee reviewed the peer group to determine whether any changes were warranted from the prior year's peer group. For fiscal 2012, the Committee determined, based on Towers Watson's recommendation, that the peer group for fiscal 2012 would remain the same as fiscal 2011, except that the Committee added Trump Entertainment Resorts to the peer group for informational purposes.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

In July 2011, the Committee reviewed the base salaries for the executives and compared them to the peer group. The Committee also took into consideration that the Committee had elected not to

Table of Contents

change executive base salaries for fiscal 2011. The Committee determined, based on the median compensation levels of the regional gaming companies in the peer group, that it would be appropriate to adjust executive base salaries for fiscal 2012. Set forth below are the base salaries for fiscal 2012 and the percentage change from fiscal 2011:

Executive	Base Salary(\$)	Change from Fiscal 2011(%)
Ms. McDowell	725,000	5.1%
Mr. Black	500,000	7.9%
Mr. Quatmann	400,000	6.4%
Mr. Keller	375,000	8.7%

The fiscal 2012 base salary for Ms. McDowell reflects her new position of chief executive officer. Mr. Perry, the Company's chairman and chief executive officer for fiscal 2011, will remain with the Company as executive chairman beginning in fiscal 2012.

Table of Contents**Potential Payments Upon Termination or Change of Control**

The information below describes and quantifies compensation that would become payable under existing arrangements in the event of a termination of each Named Executive Officer's employment under several different circumstances or a change in control. The amounts shown assume that such termination or change in control was effective as of April 24, 2011, and thus include amounts earned through such time and are estimates of the amounts that would be paid to the Named Executive Officers upon their termination or a change in control. The actual amounts to be paid can only be determined at the time of such Named Executive Officer's separation from the Company or a change in control.

The following tables quantify the amounts payable to each of the Named Executive Officers under the described termination circumstances and upon a change in control.

Employment Contracts

The Company has employment agreements with each of the Named Executives Officers. Below is a summary of each agreement as currently in effect:

In January 2011, the Company entered into an employment agreement with James B. Perry to serve as executive chairman of the Company's Board of Directors. This employment agreement became effective on the first day of fiscal 2012. The material terms of Mr. Perry's employment agreement are set forth below:

Three-year term that continues for a series of successive one-year terms unless earlier terminated pursuant to the terms of the agreement.

A base salary and annual incentive bonus as determined by the Committee.

If employee voluntarily terminates the term of employment due to Retirement (as defined in the employment agreement), then all equity-based long-term incentive awards shall become fully vested and exercisable and employee's deferred bonus payments shall be fully vested and paid.

The maximum period of salary and benefit continuation in the event of termination, death or disability is 12 months, and the agreement provides for severance payments equal to two times annual base salary in the event of termination following a change of control, plus all stock options shall become fully vested and exercisable.

Also in January 2011, the Company entered into an employment agreement with Virginia M. McDowell to serve as the Company's President and Chief Executive Officer. This employment agreement became effective on the first date of fiscal 2012. In December 2007, we entered into an employment agreement with Dale R. Black to serve as our Senior Vice President and Chief Financial Officer. The material terms of Mr. Black's employment agreement are substantially the same as Ms. McDowell's agreement, except that

Mr. Black's agreement had a one-year initial term that continues for a series of successive one-year terms unless earlier terminated.

In May 2008, we entered into an employment agreement with Paul B. Keller to be our Senior Vice President and Chief Development Officer. The material terms of the employment agreement are as follows:

One-year term that continues for a series of successive one-year terms unless earlier terminated pursuant to the terms of the agreement.

If we terminate the term of employment without "cause" (as defined in the employment agreement), employee is entitled to Basic Severance in the event that employee executes a general release.

If the Company terminates employee's employment without cause or if employee terminates employee's employment on account of "Good Reason" (as defined in the employment agreement), in either case, within the 12-month period following the occurrence of a "Change of Control" (as defined in the employment agreement) then the employee shall be entitled to (1) an amount equal to 200% of employee's annualized base compensation, (2) the average of employee's annual bonus payable under the Company's annual incentive plan during the Company's three most recently completed fiscal years (or such shorter period as employee has been employed by the Company), (3) the bonus due under the Company's annual incentive plan with respect to the Company's most recently completed fiscal year to the extent such bonus has not already been paid, (4) subject to employee making a timely election to continue coverage, a monthly amount equal to the Company's portion of employee's premium or similar contribution required under the Company's group medical plan, such amount to be paid for the 18-month period following the termination date, (5) any stock options granted to employee outstanding as of the occurrence of a Change of Control shall be deemed fully vested.

In July 2008, we entered into an employment agreement with Edmund L. Quatmann, Jr. to be our Senior Vice President, General Counsel and Secretary. The material terms of the employment agreement are substantially the same as Mr. Black's agreement.

In December 2008, we amended the employment agreements between us and each of Messrs. Black and Quatmann to comply with Section 409A of the Internal Revenue Code of 1986, as amended.

Additionally, as a result of the flooding of the Mississippi River in spring 2011, Alter Barge Line, Inc. and Blackhawk Fleet, Inc., two companies that are indirectly wholly owned by members of the Goldstein family, including Robert S. Goldstein, Jeffrey D. Goldstein and Richard A. Goldstein, provided one-time emergency marine services to the Company's Rhythm City Casino in Davenport, Iowa for approximately \$216,000. Robert S. If a related party transaction will be ongoing, the Board of Directors may establish guidelines for the Company's management to follow in its ongoing dealings with the related party. Thereafter, the Board of Directors, on at least an annual basis, would review and assess ongoing relationships with the related party to see that the transaction remains appropriate.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal control over financial reporting. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended April 24, 2011, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with our independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under the standards of the Public Company Accounting Oversight Board (United States). In addition, the Committee has discussed with our independent registered public accounting firm the accounting firm's independence from management and the Company, including the matters in the written disclosures and the letter required by the Public Company Accounting Oversight Board, considered the compatibility of non-audit services with the independent registered public accounting firm's independence and discussed matters required under SAS 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's management is responsible for the preparation and integrity of the Company's financial statements, establishing and maintaining adequate internal control over financial reporting, and for management's report on internal control over financial reporting. The Company's independent registered public accounting firm is responsible for attesting to the effectiveness of the Company's internal control over financial reporting. The Committee's responsibility in this regard is to oversee the Company's financial reporting process and internal control over financial reporting. Throughout the year the Audit Committee monitored the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002, and was satisfied that the Company would conclude that internal control over financial reporting would be effective as of April 24, 2011. Management, in fact, concluded that the Company's internal control over financial reporting was effective as of April 24, 2011. The independent registered public accounting firm provided an attestation that the Company maintained effective internal control over financial reporting in all material respects as of April 24, 2011.

The Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referenced above, the Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended April 24, 2011 for filing with the Securities and Exchange Commission. The Committee also appointed, subject to stockholder ratification, the Company's independent registered public accounting firm for this year ended April 30, 2012.

Glazer who are serving as directors of the Company, to be elected at the Annual Meeting to serve as our Class I directors to serve three-year terms to expire at the annual meeting of stockholders in 2014 or until their respective successors, if any, have been elected and qualified:

Alan J. Glazer
Scott E. Schubert

In addition to the qualifications of each nominee for director set forth above in the section entitled "Election of Class I Directors," Richard A. Goldstein, Alan J. Glazer and Scott E. Each nominee has consented to being named in this proxy statement and to serve if elected. Unless otherwise instructed on such proxy, the persons named as proxies intend to vote the shares represented by each properly executed proxy for each of the nominees standing for election. If a proxy is executed in such a manner as to withhold authority to vote for one or more nominees for director, such instructions will be followed by the persons named as proxies. While it is not anticipated that any of the nominees will be unable or unwilling to serve, if any should be unable or unwilling to serve, the persons named as proxies reserve the right to substitute any other person, in accordance with applicable law and our governing documents.

Election of the three Class I director nominees requires the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, will have no effect on the proposal. Broker non-votes, if any, will have no effect on the proposal.

Ratification of the appointment of an independent registered public accounting firm requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. **PROPOSAL 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholder to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of Regulation S-K, which is the SEC's rule setting forth executive compensation disclosure requirements.

This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our stockholders to vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement, including the "Executive Compensation Compensation Discussion and Analysis", compensation tables and narrative discussion therein is hereby APPROVED."

As described in detail under the heading "Executive Compensation Compensation Discussion and Analysis," and highlighted in the "Executive Summary" of such section, our executive compensation program is designed to attract, motivate, and retain talented executives who possess the skills required to formulate and drive the Company's strategic direction and achieve annual and long-term performance goals necessary to create stockholder value. The program seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. The Stock Option and Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices.

We believe that our executive compensation programs are structured in the best manner possible to support the Company and our business objectives. We believe stockholders should approve of our executive compensation program because it heavily weighs towards performance-based compensation and the Company's prior performance supports the compensation paid to executives. For example, for the three fiscal years ending with fiscal 2011, the Company achieved the highest total stockholder return among its regional gaming company peers and outperformed the total stockholder return of the Russell 2000 Index. Please read the "Compensation Discussion and Analysis" discussion for additional details about our executive compensation programs, including information about the fiscal year 2011 compensation of our named executive officers.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Stock Option and Compensation Committee or the Board of Directors. However, the Board of Directors and the Stock Option and Compensation Committee value the opinions of our stockholders and will review the voting results carefully.

The say-on-pay vote requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal. Broker non-votes, if any, will have no effect on the vote for this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF EXECUTIVE COMPENSATION.

PROPOSAL 4
ADVISORY VOTE ON FREQUENCY OF THE ADVISORY VOTE ON COMPENSATION OF OUR
NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal 3 of this proxy statement. By voting on this Proposal 4, stockholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two or three years.

The advisory (non-binding) vote by the stockholders on frequency is distinct from the advisory vote on the compensation of our named executive officers. This proposal deals with the issue of how frequently an advisory vote on compensation should be presented to our stockholders and, in this regard, we are soliciting your advice on whether the compensation of our named executive officers be submitted to stockholders for an advisory vote every year, every two years, or every three years. You may vote for one of these three alternatives or you may abstain from making a choice.

After careful consideration of this Proposal, the Board of Directors has determined that an advisory vote on executive compensation that occurs every three years is the most appropriate alternative for the Company, and therefore the Board of Directors recommends that you vote for a three-year interval for the advisory vote on executive compensation.

In formulating its recommendation, the Board of Directors believe that a triennial vote is appropriate because our compensation programs are designed to reward long-term performance. Stockholders are encouraged to evaluate our executive compensation programs and our corporate performance over a multi-year horizon. In addition, holding an advisory vote every three years will also give us more time to evaluate and implement appropriate changes to our compensation policies between votes, to the extent that changes are appropriate, and for stockholders to see and evaluate the Stock Option and Compensation Committee's actions in context. Finally, because our executive compensation programs are designed to operate over the long-term and to enhance long-term performance, we are concerned that an annual advisory vote on executive compensation could lead to a near-term perspective inappropriately bearing on our executive compensation programs.

We understand that our stockholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our stockholders on this Proposal.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. Abstentions will have no effect on the vote for the frequency of submission of executive compensation to stockholders. Broker non-votes, if any, will have no effect on the vote for this proposal. Although the vote is non-binding, the Stock Option and Compensation Committee and the Board of Directors value the opinions of the stockholders and will consider the outcome of the vote carefully when determining the frequency of the stockholder vote on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" A FREQUENCY OF EVERY "THREE YEARS" FOR FUTURE NON-BINDING STOCKHOLDER VOTES ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.
