The Notice contains instructions on how to access those documents on the Internet and how to cast your vote via the Internet or by telephone. The Notice also contains instructions on how to request a paper copy of our proxy materials. All stockholders who do not receive the Notice will receive a paper copy of the proxy materials by mail. If you have received a paper copy of our proxy materials you can cast your vote by completing the enclosed proxy card and returning it in the postage-prepaid envelope provided or by utilizing the telephone or Internet voting systems.

Proposal 2: Ratification of Auditors

As a matter of good corporate governance, we are asking our stockholders to ratify the Audit Committee's selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017 (please review the complete Proposal No. 2 beginning on page 23 of this proxy statement).

Proposal 3: Employee Stock Purchase Plan Amendment Proposal

We are asking the Company's stockholders to approve an amendment to our 1999 Employee Stock Purchase Plan (the "Purchase Plan") to increase the number of shares issuable under the plan by 3,000,000 shares. Such increase would enable us to continue to offer the Purchase Plan to our executive and non-executive employees. We believe key elements of our future success will be broad-based stock ownership by all of our employees and providing them with incentives to become and remain stockholders. The Purchase Plan is a broad-based employee stock purchase plan, which provides eligible

employees, including our non-executive employees, a convenient opportunity to purchase stock and further align their interests with our stockholders' interests.

Proposal 4: 2014 Equity Incentive Plan Amendment Proposal

We are asking the Company's stockholders to approve an amendment to our 2014 Equity Incentive Plan (the "2014 Plan") to increase the number of shares issuable under the plan by 2,500,000. Such increase would enable us to have additional shares of common stock available to attract and encourage the continued employment and service of our officers, employees, directors, and other individuals, by offering those persons the opportunity to acquire or increase a direct proprietary interest in our operations and future success and to further align their interests with our stockholders' interests.

Proposal 5: Advisory Vote to Approve Compensation of Named Executive Officers

We are asking our stockholders to provide an advisory vote relating to the compensation of our named executive officers. The Compensation Committee has developed our executive compensation strategy to achieve the following principal compensation objectives:

align executive compensation with our stockholders' interests, including placing a majority of compensation "at risk" and requiring that a significant portion of the Chief Executive Officer's and other executive management's equity awards vest in a manner that is directly tied to the Company's stock performance;

recognize individual initiative and achievements and successful execution of the Company's strategic plan, as approved by the Company's Board of Directors;

attract, motivate and retain highly qualified executives; and

create incentives that drive the entire executive management team to achieve challenging corporate goals that drive superior long-term performance.

At the 2016 Annual Meeting, our stockholders indicated approval of the compensation of our named executive officers, with 90.19% of the votes cast in favor of the advisory vote. We were very pleased with the voting results in light of the Compensation Committee's and the management's continuing efforts in gathering feedback from key stockholders regarding our executive compensation and developing a compensation structure that more closely aligns pay with performance and aligns the interests of our executives with our stockholders. We continue to regularly solicit feedback from the Company's stockholders regarding our performance, progress on executing the Company's strategic plan and our executive compensation philosophy and programs. As a result, our Compensation Committee took the following actions for 2016 executive compensation:

2016 Executive Pay Highlights: For 2016, the Compensation Committee implemented and/or continued a number of practices that provided more clear alignment between pay and performance, including:

Base Salary: In light of the current defense industry contraction and the challenging Department of Defense ("DoD") budgetary environment, the base salaries of all of our corporate named executive officers (the Chief Executive Officer and the Chief Financial Officer) and certain of our business unit executive officers remained frozen at 2014 compensation levels. This was the third base salary freeze since 2013, which reflects the Compensation Committee's emphasis on aligning pay and performance, taking into consideration the continued focus of internal investments in certain growth opportunity technologies and new platforms that the Company has been making and continues to make in its core businesses. The intent of the Compensation Committee was to construct a compensation program that continues to place significant emphasis on performance-based and long-term incentives, while being mindful of the

DoD's current significant budgetary constraints and providing salaries that align with peer compensation data. The Compensation Committee strives for executive compensation to be at or near the median average of peer companies' executive compensation.

Long-term Equity Incentives: Since 2013, the Company has issued an approximate 50%/50% mix of performance-based and time-based equity incentives, and the Company followed the same practice in 2016. Similar to 2015, long-term equity incentives granted in 2016 included performance-based restricted stock unit ("RSU") awards that vest 20% for every 10% increase in the closing price of the Company's common stock (above the grant date price of \$4.07) that occurs within 10 years of the grant date, provided that certain other conditions are met. The time-based RSU awards cliff vest 100% at the end of five years, which the Compensation Committee believes provides a strong long-term retention tool and long-term alignment with stockholder interests. Additionally, the Chief Executive Officer's RSU awards granted in 2016 are subject to a five-year holding period under which the common stock underlying such RSUs will not be issued and released until five years from the applicable vesting date. To further align pay and performance, in May 2016 the Compensation Committee decided that for any future RSU grants that vest based on a certain Company common stock closing price being achieved, the specified Company common stock closing price must be sustained for 20 consecutive trading days before a vesting event occurs, subject to the terms of the applicable award agreement; and the Chief Executive Officer agreed to apply such requirement retroactively to the unvested portions of his January 1, 2015 and January 4, 2016 performance-based RSU awards. In addition, the Company awarded 50,000 RSUs (which vest 33.33% on each anniversary of the date of grant) to Gerald Beaman, former President of the Company's Unmanned Systems Division, in August 2016 in recognition of the successful award to the Company of the Low Cost Attributable Strike Demonstrator ("LCASD") contract from the Air Force Research Laboratory, which was targeted as one of the critical strategic opportunities in executing the Company's unmanned combat aerial systems initiative.

Change in Control Agreements: Continuing its practice from 2013, the Compensation Committee eliminated excise tax gross-ups in any new change in control agreements or renewals or material amendments of existing change in control agreements.

Anti-Hedging and Anti-Pledging Policy: The Company continued its policy that prohibits any hedging and pledging transactions by directors and executive officers.

Stock Ownership Target Guideline: The Compensation Committee continued to implement a stock ownership target guideline for our Chief Executive Officer of 1% of our outstanding shares of common stock, including all shares held through options, RSUs, Purchase Plan purchases, open market purchases and 401(k) holdings.

Clawback Policy: The Compensation Committee continued its Incentive Compensation Recoupment Policy, under which the Company will seek to recover full or partial portions of cash and equity-based incentive compensation received by executive officers when such incentive compensation either (i) was tied to the achievement of financial results that are subsequently restated to correct an accounting error due to material noncompliance with financial reporting requirements or (ii) would have been lower based upon the subsequently restated financial results.

2017 Executive Pay Highlights: For 2017, the Compensation Committee continued to focus on clear alignment between pay and performance:

Base Salary: In light of the continued defense industry contraction and the very challenging DoD budgetary environment, and taking into consideration the continued focus of internal investments in certain growth opportunity technologies and new platforms the Company has

been making and continues to make in its core businesses, the base salaries of most of our named executive officers (including the Chief Executive Officer) remain frozen at 2014 compensation levels. This is the fourth base salary freeze since 2013, which reflects the Compensation Committee's emphasis on aligning pay and performance.

Long-term Equity Incentives: The Company continued its practice of issuing an approximate 50%/50% mix of performance-based and time-based equity incentives. Similar to 2016, long-term equity incentives granted in 2017 included performance-based RSU awards that vest 20% for every 10% increase in the Company's common stock (above the grant date price of \$7.51) that occurs within 10 years of the grant date; provided, that such increase in the closing price of the Company's common stock is sustained for 20 consecutive trading days and certain other conditions are met. The time-based RSU awards cliff vest 100% at the end of five years, which the Compensation Committee believes provides a strong long-term retention tool and long-term alignment with stockholder interests. Additionally, the Chief Executive Officer's RSU awards granted in 2017 are subject to a five-year holding period under which the common stock underlying such RSUs will not be issued and released until five years from the applicable vesting date.

Additional information about our compensation philosophy and program, including the compensation actions summarized above, can be found in the "Compensation Discussion and Analysis" section beginning on page 51 of this proxy statement. Our Board of Directors and Compensation Committee believe that the compensation of our named executive officers for fiscal year 2016 was appropriate and reasonable and that our compensation policies and procedures are sound and in the best interests of the Company and its stockholders. Additionally, the Compensation Committee believes that our compensation policies and procedures are effective in achieving the Company's goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives' long-term interests with those of our stockholders and motivating our executive officers to remain with the Company for long and productive careers.

Proposal 6: Advisory Vote on the Frequency of the Stockholder Advisory Vote to Approve Compensation of Named Executive Officers

We are asking our stockholders to provide an advisory vote on whether a non-binding stockholder vote to approve the compensation of our named executive officers should occur every one, two or three years. The Company has engaged some of its stockholders on this issue, and based on their feedback we believe that a majority of our stockholders would prefer an annual vote. Our Board of Directors is therefore recommending that stockholders vote for holding the advisory vote on executive compensation every ONE YEAR.

These forward-looking statements are based on current expectations but are subject to a number of risks and uncertainties. Solicitation and Revocation of Proxy

Our Board is soliciting the accompanying proxy. In accordance with unanimous recommendations of our Board, the individuals named in the proxy will vote all shares represented by proxies in the manner designated, or, if no designation is made, they will vote the proxies FOR the election of all of the director nominees, FOR each of proposals 2, 3, 4, and 5, and FOR annual say-on-pay vote frequency for proposal 6. In their discretion, the proxy holders named in the proxy are authorized to vote on any matters that may properly come before the Annual Meeting and at any continuation, postponement or adjournment of the Annual Meeting. As of the date of this proxy statement, our Board does not know of any other items of business that will be presented for consideration at the Annual Meeting other than those described in this proxy statement. The individuals acting as proxies will not vote on a particular matter if the proxy card representing those shares instructs them to abstain from voting on that matter or to the extent a proxy card is marked to show that some of the shares represented by the proxy card are not to be voted.

If you give a proxy, you may revoke it at any time before the final vote at the Annual Meeting, either:

- (1) by revoking it in person at the Annual Meeting;
- (2) by sending a written notice that you are revoking your proxy to our Corporate Secretary at 4820 Eastgate Mall, Suite 200, San Diego, California, 92121; or

(3) by submitting another properly completed and executed proxy card with a later date to us at the above noted address.

Your presence at the meeting will not automatically revoke your proxy, but if you attend the meeting and cast a ballot, your proxy will be revoked as to the matters on which the ballot is cast.

Shares Outstanding and Voting Rights

Only stockholders of record as of the record date, April 7, 2017, will be entitled to notice of and to vote at the Annual Meeting or at any continuation, postponement or adjournment of the original meeting. On the record date, our only class of voting stock outstanding was common stock. On April 7, 2017, 86,446,084 shares of common stock were issued and outstanding. Each outstanding share of common stock entitles the holder to one vote on all matters to be voted upon at the Annual Meeting.

How to Vote

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote by attending the Annual Meeting and voting in person. You will be given a ballot at the Annual Meeting.

If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy using the enclosed proxy card, vote by proxy on the Internet or vote by proxy over the telephone. The procedures for voting by proxy are as follows:

To vote via the Internet, go to the Internet address stated on your proxy card.

To vote by telephone, call the number stated on your proxy card.

To vote by mail, simply mark your proxy card, date and sign it and return it in the postage-prepaid envelope.

Votes submitted via the Internet or by telephone must be received by 11:59 P.M. Eastern Time on May 30, 2017. Submitting your proxy via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting. If voting by mail, the proxy card must be received prior to the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to submit your proxy to vote your shares in advance of the Annual Meeting.

We provide Internet and telephone proxy voting with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet and telephone access, such as usage charges from Internet access providers and telephone companies.

Beneficial Owner: Shares Registered in the Name of Your Broker, Bank or Other Agent

If at the close of business on April 7, 2017 your shares of common stock were not held in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name," and you will receive a proxy card and voting instructions from that organization. Your broker, bank or other nominee will allow you to deliver your voting instructions via the Internet and may also permit you to submit your voting instructions by telephone.

Please note that if your shares are held of record by a broker, bank or other nominee and you decide to attend and vote at the Annual Meeting, your vote in person at the Annual Meeting will not be effective unless you present a legal proxy issued in your name from your broker, bank or other nominee.

Voting Kratos Shares Held Through the Kratos 401(k) Plan

The Kratos 401(k) Plan provides that the trustee of the plan will vote the shares of our common stock that are not directly voted by the participants in the plan. If the trustee does not receive voting instructions from participants in the Kratos 401(k) Plan, the trustee may vote the shares of our common stock under such plan in the same proportion as the shares voted by all other respective plan participants. If the trustee receives a signed but not voted proxy card, the trustee will vote such shares of our common stock according to the Board's recommendations.

Counting of Votes; Quorum

The inspector of election appointed for the meeting by our Board will count the votes cast by proxy or in person at the Annual Meeting. The inspector will count those votes to determine whether or not a quorum is present.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of our outstanding shares of common stock entitled to vote are represented by votes at the Annual Meeting or by proxy. At the close of business on April 7, 2017, the record date for the Annual Meeting, there were 86,446,084 shares of common stock outstanding and entitled to vote at the Annual Meeting.

Your shares will be counted toward the quorum only if you submit a valid proxy (or if one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions will be counted toward the quorum requirement. Broker non-votes will also be counted toward the quorum requirement. If there is no quorum, a majority of the shares present at the Annual Meeting may adjourn the Annual Meeting to another date to provide the Company with the opportunity to establish a quorum.

Required Vote

The following is a summary of the voting requirements that apply to the proposals discussed in this proxy statement:

Proposal	Vote Required	Discretionary Voting Allowed?
1. Election of Directors	Plurality	No
2. Ratification of Auditor	Majority	Yes
3. Approval of the amendment to the 1999 Employee Stock Purchase Plan	Majority	No
4. Approval of the amendment to the 2014 Equity Incentive Plan	Majority	No
5. Advisory Vote to Approve the Compensation of Our Named Executive Officers	Majority	No
6. Advisory Vote on the Frequency of the Stockholder Advisory Vote on the Compensation of our Named Executive Officers	Plurality	No

Our Board unanimously recommends a vote "**FOR**" the election of all of the director nominees, "**FOR**" each of proposals 2, 3, 4, and 5, and "**FOR**" holding the advisory vote on executive compensation every "**ONE YEAR**" with respect to proposal 6.

A "plurality" means, with regard to the election of directors, that the eight nominees for director receiving the greatest number of "for" votes from our shares entitled to vote will be elected. A "plurality" with regard to the advisory vote on the frequency of the stockholder vote on the

compensation of our named executive officers means that the option (every one, two or three years) receiving the greatest number of "for" votes will be considered the frequency recommended by stockholders.

A "majority" means that a proposal receives a number of "for" votes that is a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting.

"Discretionary voting" occurs when a bank, broker, or other holder of record does not receive voting instructions from the beneficial owner and votes those shares in its discretion on any proposal as to which rules permit such bank, broker, or other holder of record to vote. As noted below, when banks, brokers, and other holders of record are *not* permitted under the rules to vote the beneficial owner's shares, the affected shares are referred to as "broker non-votes."

Although the advisory votes on Proposals No. 5 and 6 are non-binding, as provided by law, our Board and Compensation Committee will review the results of the votes and, consistent with our record of stockholder engagement, will take the results into account in making a determination concerning executive compensation and the frequency of such advisory votes.

Effect of Withhold Authority Votes, Abstentions and Broker Non-Votes

Withhold Votes: Shares subject to instructions to withhold authority to vote on the election of directors will not be voted. This will have no effect on the election of directors because, under plurality voting rules, the eight director nominees receiving the highest number of "for" votes will be elected. However, if any nominee for director receives a greater number of votes "withheld" than votes "for" his or her election, our corporate governance policies require that such person must promptly tender his or her resignation to the Board following certification of the vote. Any such resignation will be reviewed by our Nominating and Corporate Governance Committee and, within 90 days after the election, the Board will determine whether to accept, reject or take other appropriate action with respect to the resignation. "Withhold" votes and broker non-votes are not considered votes cast and will have no effect on the election of the nominees.

Abstentions: Under Delaware law (under which Kratos is incorporated), abstentions are counted as shares present and entitled to vote at the Annual Meeting. Therefore, abstentions will have the same effect as a vote "against": Proposal No. 2 Ratification of Auditor; Proposal No. 3 Approval of the amendment to the 1999 Employee Stock Purchase Plan; Proposal No. 4 Approval of the amendment to the 2014 Equity Incentive Plan; and Proposal No. 5 Advisory Vote to Approve the Compensation of our Named Executive Officers. Because the voting requirement applicable to Proposal No. 6 Advisory Vote on the Frequency of the Stockholder Advisory Vote on the Compensation of our Named Executive Officers is a plurality of the shares voted on the various options, an abstention with regard to this proposal will have no effect on the outcome of the vote.

Broker Non-Votes: Under rules that govern banks, brokers and others who have record ownership of company stock held in brokerage accounts for their clients who beneficially own the shares, these banks, brokers and other such holders who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on certain matters ("discretionary matters") but do not have discretion to vote uninstructed shares as to certain other matters ("non-discretionary matters"). A broker may return a proxy card on behalf of a beneficial owner from whom the broker has not received voting instructions that casts a vote with regard to discretionary matters but expressly states that the broker is not voting as to non-discretionary matters. The broker's inability to vote the non-discretionary matters with respect to which the broker has *not* received voting instructions from the beneficial owner is referred to as a "broker non-vote."

Banks, brokers, and other such record holders are not permitted to vote the uninstructed shares of their customers on a discretionary basis in the election of directors, amendments to equity plans or on executive compensation matters. Because broker non-votes are not considered under Delaware law to be entitled to vote at the Annual Meeting, they will have no effect on the outcome of the votes on: Proposal No. 1 Election of Directors; Proposal No. 3 Approval of the amendment to the 1999 Employee Stock Purchase Plan; Proposal No. 4 Approval of the amendment to the 2014 Equity Incentive Plan; Proposal No. 5 Advisory Vote to Approve the Compensation of our Named Executive Officers; and Proposal No. 6 Advisory Vote on the Frequency of the Stockholder Advisory Vote on the Compensation of our Named Executive Officers. As a result, if you hold your shares in street name and you do not instruct your bank, broker, or other such holder how to vote your shares in the election of directors, on the approval of the amendment to the 1999 Employee Stock Purchase Plan, on the approval of the amendment to the 2014 Equity Incentive Plan, and on the two advisory votes related to the compensation of our named executive officers, no votes will be cast on your behalf on these proposals. **Therefore, it is critical that you indicate your vote on these proposals if you want your vote to be counted.** The proposal to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017 should be considered a routine matter. Therefore, your broker will be able to vote on this proposal even if it does not receive instructions from you, so long as it holds your shares in its name.

Delivery of Notice of Internet Availability of Proxy Materials; Delivery of Multiple Proxy Materials

Under rules adopted by the SEC, we may provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to some of our stockholders of record. If you received a Notice by mail, you will not receive a printed copy of the proxy materials unless you request one. The Notice will tell you how to access and review the proxy materials over the Internet at www.proxyvote.com. The Notice also tells you how to access your proxy card to vote over the Internet or by telephone. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice.

If you received more than one package of proxy materials, this means that you have multiple accounts holding shares of Kratos common stock. These may include: accounts with our transfer agent, Wells Fargo Shareowner Services; shares held in Kratos' 401(k) Plan or Employee Stock Purchase Plan; and accounts with a broker, bank or other holder of record. Please vote all proxy cards and voting instruction forms that you receive with each package of proxy materials to ensure that all of your shares are voted.

Cost and Method of Solicitation

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to our stockholders. Solicitation of proxies by mail may be supplemented by telephone or personal solicitation by our directors, officers, other employees, or consultants. No additional compensation will be paid to directors, officers or other regular employees for such services. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our common stock beneficially owned by others to forward to such beneficial owners. We may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners.

Stockholder List

A complete list of registered stockholders entitled to vote at the meeting will be available for examination by any stockholder, for any purpose related to the meeting, for ten days prior to the date of the annual meeting during ordinary business hours at our principal offices located at 4820 Eastgate Mall, Suite 200, San Diego, California 92121.

Admission to the Annual Meeting

Everyone attending the Annual Meeting will be required to present both proof of ownership of the Company's common stock and a valid picture identification, such as a driver's license or passport. If your shares are held in the name of a bank, broker or other financial institution, you will need a recent brokerage statement or letter from such entity reflecting your stock ownership as of the record date. If you do not have both proof of ownership of the Company's common stock and a valid picture identification, you may be denied admission to the Annual Meeting. Cameras and electronic recording devices are not permitted at the Annual Meeting.

Voting Results

Voting results are expected to be announced at the Annual Meeting and will also be disclosed in a Current Report on Form 8-K (the "Form 8-K") that we will file with the SEC within four business days of the date of the Annual Meeting. In the event the results disclosed in our Form 8-K are preliminary, we will subsequently amend the Form 8-K to report the final voting results within four business days of the date that such results are known.

CORPORATE GOVERNANCE

Overview

We are committed to maintaining the highest standards of business conduct and corporate governance, which we believe are fundamental to the overall success of our business, serving our stockholders well and maintaining our integrity in the marketplace. Our Corporate Governance Guidelines and Code of Ethics, together with our certificate of incorporation, bylaws and the charters of the committees of our Board (the "Committees"), form the basis for our corporate governance framework. As discussed below, our Board has established three standing committees to assist it in fulfilling its responsibilities to the Company and its stockholders: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines to assist it in the exercise of its responsibilities and to serve the interests of the Company and our stockholders. The Corporate Governance Guidelines are available for review on our website at www.kratosdefense.com/about-kratos/governance.

Director Independence

Our Board has unanimously determined that seven of our directors standing for re-election, Messrs. Anderson, Carano, Hoglund, Jarvis, and Liberatore and Ms. Judd and Zegart, who constitute a majority of the Board, are "independent" directors as that term is defined by NASDAQ Marketplace Rule 5605(a)(2). In making this determination, the Board has affirmatively determined, considering broadly all relevant facts and circumstances regarding each independent director, that none of the independent directors have a material relationship with us (either directly or as a partner, stockholder, officer or affiliate of an organization that has a relationship with us) that could compromise the director's ability to act independently and in the best interests of the Company and its stockholders. In addition, based upon NASDAQ Marketplace Rule 5605(a)(2), the Board determined that Mr. DeMarco is not "independent" because he is the Company's President and Chief Executive Officer.

Nominations for Directors

The Nominating and Corporate Governance Committee is responsible for screening potential director candidates and recommending qualified candidates to the Board for nomination. The Nominating and Corporate Governance Committee will consider and evaluate any recommendation for director nominees proposed by a stockholder who has continuously held at least 1% of the outstanding shares of our common stock entitled to vote at the annual meeting of stockholders for at least one year by the date the stockholder makes the recommendation and who satisfies the notice, information and consent provisions set forth in our Second Amended and Restated Bylaws, as amended (the "Bylaws"). The Nominating and Corporate Governance Committee will use the same evaluation process for director nominees recommended by stockholders as it uses for other director nominees.

In addition, our Bylaws set forth a process for stockholders to nominate individuals for election to the Board. See "Stockholder Proposals" below for additional information regarding the content and timing of the information that must be received by our Corporate Secretary for a director nominee to be considered for election at our 2018 Annual Meeting. A printed copy of our Bylaws may be obtained by any stockholder upon request to our Corporate Secretary at Kratos Defense & Security Solutions, Inc., 4820 Eastgate Mall, Suite 200, San Diego, California 92121.

The goal of the Nominating and Corporate Governance Committee is to assemble a board of directors that brings a variety of perspectives and skills derived from high quality business and

professional experience to Kratos. As stated in our Corporate Governance Guidelines, nominees for director are to be selected on the basis of, among other criteria, experience, knowledge, skills, expertise, integrity, absence of conflicts of interests with the Company, diversity, ability to make analytical inquiries, understanding of or familiarity with our business, products or markets or similar businesses, products or markets, and willingness to devote adequate time and effort to Board responsibilities. Although we do not have a written policy with respect to Board diversity, the Nominating and Corporate Governance Committee and the Board believe that a diverse board leads to improved Company performance by encouraging new ideas, expanding the knowledge base available to management and fostering a boardroom culture that promotes innovation and vigorous deliberation.

Additionally, our Bylaws provide that in order to be eligible for election or appointment to the Board, an individual must (i) be at least 21 years of age, (ii) have the ability to be present, in person, at all regular and special meetings of the Board, and (iii) either (a) have substantial relevant experience in the national defense and security industry or (b) have, or be able to obtain, a U.S. government issued security clearance relevant to the business of the corporation. In addition to the foregoing, no person shall be eligible for election or appointment to the Board if such person has been convicted of a crime involving dishonesty or breach of trust or if such person is currently charged with the commission of or participation in such a crime. The Nominating and Corporate Governance Committee may also consider such other factors as it may deem are in Kratos' best interests and that of our stockholders. The Nominating and Corporate Governance Committee does, however, recognize that under applicable regulatory requirements at least one member of our Board must meet the criteria for an "audit committee financial expert" as defined by SEC rules, and that at least a majority of the members of our Board must meet the definition of "independent director" under the NASDAQ Marketplace Rules or the listing standards of any other applicable self-regulatory organization. The Nominating and Corporate Governance Committee also believes it to be appropriate for certain key members of our management to participate as members of our Board.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of our Board willing to continue to serve. Current members of our Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of our Board with that of obtaining a new perspective. If any member of our Board does not wish to be considered for re-election at an upcoming annual meeting of stockholders, the Nominating and Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. In such cases, all of the members of our Board are polled for suggestions as to individuals meeting the criteria for nomination to our Board. Research may also be performed to identify qualified individuals. If the Nominating and Corporate Governance Committee believes that our Board requires additional candidates for nomination, it may explore alternative sources for identifying additional candidates. This may include engaging, as appropriate, a third party search firm to assist in identifying qualified candidates.

All directors and director nominees are required to submit a completed directors' and officers' questionnaire as part of the nominating process. At the discretion of the Nominating and Corporate Governance Committee, the nominating process may also include interviews and additional background and reference checks for non-incumbent nominees.

Stockholder Communications with Directors

The Board has adopted a Stockholder Communications with Directors Policy. The Stockholder Communications with Directors Policy is available for review on our website at www.kratosdefense.com/about-kratos/governance. Stockholders and other interested parties may communicate with one or more members of the Board or the non-management directors as a group in writing by regular mail. Those who wish to send such communications may do so by addressing their

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

communication to: Chairman of the Board or Board of Directors, c/o Corporate Secretary, Kratos Defense & Security Solutions, Inc., 4820 Eastgate Mall, Suite 200, San Diego, California 92121.

The Board has instructed the Corporate Secretary to review all communications so received and to exercise his discretion not to forward to the Board correspondence that is inappropriate such as business solicitations, frivolous communications and advertising, routine business matters and personal grievances. However, any director may at any time request the Corporate Secretary to forward any and all communications received by the Corporate Secretary but not forwarded to the directors.

Code of Ethics

Our Board has adopted a Code of Ethics that applies to all of our directors, officers and employees. The Code of Ethics is available for review on our website at www.kratosdefense.com/about-kratos/governance and is also available in print, without charge, to any stockholder who requests a copy by writing to us at Kratos Defense & Security Solutions, Inc., 4820 Eastgate Mall, Suite 200, San Diego, California, 92121, Attention: Investor Relations. Each of our directors, employees and officers, including our Chief Executive Officer, Chief Financial Officer and Corporate Controller, and all of our other Principal Executive Officers, are required to comply with the Code of Ethics. The Audit Committee is responsible for reviewing and approving all amendments to the Code of Ethics and all waivers of the Code of Ethics for executive officers or directors and providing for prompt disclosure of all amendments and waivers required to be disclosed under applicable law. We will disclose future amendments to our Code of Ethics or waivers required to be disclosed under applicable law from our Code of Ethics for our Principal Executive Officer, Principal Financial Officer, Principal Accounting Officer or Controller, and our other executive officers and our directors on our website, www.kratosdefense.com, within four business days following the date of the amendment or waiver. There have not been any waivers of the Code of Ethics relating to any of our executive officers or directors in the past year.

Meetings and Committees of the Board

Our Board is responsible for overseeing the management of our business. We keep our directors informed of our business at meetings and through reports and analyses presented to the Board and the Committees. Regular communications between our directors and management also occur apart from meetings of the Board and the Committees.

Meeting Attendance

Our Board normally meets quarterly but may hold additional meetings as required. During fiscal year 2016, the Board held four regularly scheduled meetings, one special meeting and acted by unanimous written consent one time. Each of our directors attended at least 75% of the aggregate of the total number of Board meetings and the total number of meetings of each Committee on which he or she was serving. All eight of our directors attended last year's annual meeting of stockholders.

Our Board has adopted a "Board Member Attendance at Annual Meetings Policy," which strongly encourages all directors to attend the Company's annual meetings of stockholders. The full policy is available for review on our website at www.kratosdefense.com/about-kratos/governance.

Executive Sessions

Executive sessions of independent non-employee directors are held in connection with each regularly scheduled Board meeting and at other times as necessary, and are chaired by our Chairman of the Board. The Board's policy is to hold executive sessions without the presence of management, including the Chief Executive Officer and other non-independent directors, if any. The Committees of our Board may also meet in executive session at the end of each Committee meeting.

Committees of the Board

Our Board currently has three standing Committees to facilitate and assist the Board in the execution of its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Audit Committee

Our Audit Committee consists of Messrs. Anderson (Chairperson), Hoglund and Jarvis and Ms. Judd. Our Board has affirmatively determined that each member of the Audit Committee is independent under NASDAQ Marketplace Rule 5605(a)(2) and meets the independence and all other qualifications under NASDAQ Marketplace Rule 5605(c), the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act") and applicable rules of the SEC. Our Board has also affirmatively determined that Ms. Judd qualifies as an "audit committee financial expert" as such term is defined in Regulation S-K under the Securities Act of 1933, as amended. During 2016, the Audit Committee met six times.

The Audit Committee acts pursuant to a written charter, which is available for review on our website at www.kratosdefense.com/about-kratos/governance. The responsibilities of the Audit Committee include overseeing, reviewing and evaluating our financial statements, accounting and financial reporting processes, internal control functions and the audits of our financial statements. The Audit Committee is also responsible for the appointment, compensation, retention, and as necessary, the termination of our independent auditors. Additional information regarding the Audit Committee is set forth below in the Report of the Audit Committee.

Compensation Committee

Our Compensation Committee consists of Messrs. Carano, Hoglund and Jarvis (Chairperson). Our Board has affirmatively determined that each member of the Compensation Committee is independent as such term is defined under NASDAQ Marketplace Rule 5605(a)(2) and meets the independence and all other qualifications under NASDAQ Marketplace Rule 5605(d). During 2016, the Compensation Committee met four times. Our Board has adopted a charter for the Compensation Committee, which is available for review on our website at www.kratosdefense.com/about-kratos/governance. The Compensation Committee reviews and makes recommendations to our Board concerning the compensation and benefits of our executive officers (including the Chief Executive Officer) and directors, oversees the administration of our stock option and employee benefits plans, and reviews general policies relating to compensation and benefits. In accordance with NASDAQ Marketplace Rule 5605(d), the Compensation Committee evaluates the independence of each compensation consultant, outside counsel and advisor retained by or providing advice to the Compensation Committee. The Compensation Discussion and Analysis section below provides additional information regarding the Compensation Committee's processes and procedures for considering and determining executive compensation.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Ms. Zegart (Chairperson) and Messrs. Anderson, Hoglund, Jarvis and Liberatore. Our Board has affirmatively determined that each member of the Nominating and Corporate Governance Committee is independent as such term is defined under NASDAQ Marketplace Rule 5605(a)(2). The Nominating and Corporate Governance Committee evaluates and recommends to the Board nominees for each election of directors. The Nominating and Corporate Governance Committee met four times in 2016. Our Board has adopted a charter for the Nominating and Corporate Governance Committee, which is available for review on our website at www.kratosdefense.com/about-kratos/governance. The responsibilities of the Nominating and

Corporate Governance Committee include making recommendations to the Board with respect to the nominations or elections of directors and providing oversight of our corporate governance policies and practices.

Board and Committee Effectiveness

The Board and each of its Committees perform an annual self-assessment to evaluate their effectiveness in fulfilling their obligations. The Board and Committee evaluations cover a wide range of topics, including, among others, the fulfillment of the Board and Committee responsibilities identified in the Corporate Governance Guidelines and charters for each Committee.

Board Leadership Structure

The Board believes that its current independent Board structure is best for our Company and provides good corporate governance and accountability. The Board does not have a fixed policy regarding the separation of the roles of the Chairman of the Board and the Chief Executive Officer because it believes the Board should be able to freely select the Chairman of the Board based on criteria that it deems to be in the best interests of the Company and its stockholders. The functions of the Board are carried out by the full Board, and when delegated, by the Committees. Each director is a full and equal participant in the major strategic and policy decisions of our Company.

The Board believes that the current structure of a separate Chairman of the Board and Chief Executive Officer is the optimum structure for the Company at this time, taking into consideration Mr. DeMarco's active role in pursuing the Company's business and strategic plans.

Board Role in Risk Management

The risk oversight function of the Board is carried out by both the Board and each of its Committees, with the primary responsibility for identifying and managing risk at the Company resting with senior management. While the risk oversight function and matters of strategic risk are considered by the Board as a whole, each of the Committees has the following risk oversight responsibilities:

As provided in its charter, the Audit Committee meets periodically with management to discuss our major financial and operating risk exposures and the steps, guidelines and policies taken or implemented relating to risk assessment and risk management. Each quarter, our head of Internal Audit has reported directly to the Audit Committee on the activities of our internal audit function and at least annually our General Counsel reports directly to the Audit Committee on our ethics and compliance program. Management also reports to the Audit Committee on legal, finance, accounting and tax matters at least quarterly. The Board is provided with reports on legal matters at least quarterly and on other matters related to risk oversight on an as-needed basis.

As provided in its charter, the Nominating and Corporate Governance Committee considers risks related to regulatory and compliance matters.

As provided in its charter, the Compensation Committee considers risks related to the design of the Company's compensation programs for our executives.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2016, no members of our Compensation Committee were officers or employees of Kratos or any of our subsidiaries or had any relationship otherwise requiring disclosure hereunder. In addition, none of our executive officers serves on the board of directors or compensation committee of a company that has an executive officer that serves on our Board or our Compensation Committee.

Certain Relationships and Related Party Transactions

None of our directors are a party to any agreement or arrangement relating to compensation provided by a third party in connection with their service on the Board that would be required to be disclosed pursuant to NASDAQ Rule 5250(b)(3).

During fiscal year 2016, the Company paid \$1,948,078 to one of its suppliers, 5-D Systems, Inc. ("5-D") for engineering services rendered to its Unmanned Systems business unit. Steve Fendley, who was promoted in January 2017 to President of our Unmanned Systems Division, is a cofounder and owned 33.3% of 5-D as of December 31, 2016. Mr. Fendley was not a related party during fiscal year 2016.

Procedures for Approval of Related Party Transactions

Under its charter, the Audit Committee is charged with reviewing all potential related party transactions. Our policy has been that the Audit Committee, which is comprised solely of independent, disinterested directors, is responsible for reviewing and approving related party transactions. All such related party transactions are then reported where required under applicable SEC rules. With respect to related party transactions with 5-D, the Audit Committee has (1) approved transactions for the first quarter of 2017 and (2) delegated authority going forward to the Chief Executive Officer to review and approve transactions, subject to management presenting approved transactions to the Audit Committee on at least a quarterly basis for further review and ratification by the Audit Committee. Aside from this policy and procedure, we have not adopted additional procedures for review of, or standards for approval of, related party transactions but instead review such transactions on a case-by-case basis.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

Our Board currently consists of eight directors, seven of whom are independent directors within the meaning of the listing standards of The NASDAQ Stock Market ("NASDAQ"), and all of whom are standing for re-election to the Board at the Annual Meeting. All directors are elected at each annual meeting of stockholders and serve until the next annual meeting of stockholders or until their successor has been duly elected and qualified, or until their earlier death, resignation or removal.

Our Board has designated the persons named below as nominees for election of directors. All nominees are currently serving as directors of the Company. THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* THE ELECTION OF EACH OF THE NOMINEES FOR DIRECTOR.

PROPOSAL NO. 2**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee has selected Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2017. Deloitte was appointed as our independent registered public accounting firm in June 2013. Representatives of Deloitte are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Deloitte as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Deloitte. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our and our stockholders' best interests.

Audit and Other Fees

As part of its duties, the Audit Committee considers whether the provision of services, other than audit services, during the fiscal year ended December 25, 2016 by the Company's independent registered public accounting firm is compatible with maintaining their independence.

The following table sets forth the aggregate fees for services provided to us by Deloitte for the fiscal years ended December 27, 2015 and December 25, 2016. All fees described below were approved by the Audit Committee.

	Fiscal 2015	Fiscal 2016
Audit Fees(1)	\$ 2,586,474	\$ 2,024,042
Audit-Related Fees(2)	57,041	141,986
Tax Fees(3)	45,782	14,516
All Other Fees		
TOTAL	\$ 2,689,297	\$ 2,180,544

(1)

Audit Fees consist of fees billed and expected to be billed for professional services rendered for the integrated audit of Kratos' consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports, services related to compliance with the provisions of the Sarbanes-Oxley Act, Section 404, and services that are normally provided by Deloitte in connection with statutory and regulatory filings or engagements.

(2)

Audit-Related Fees consist of fees billed and expected to be billed for professional services rendered by Deloitte that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported above as Audit Fees. The 2015 amount includes \$22,500 for professional services rendered for the filing of a Form S-8, \$18,831 for professional services rendered related to the disposition of a portion of a reporting unit classified as discontinued operations, and \$15,710 for professional services rendered for reviewing the Company's responses to a comment letter from the SEC. The 2016 amount includes \$141,986 for professional fees rendered related to the filing of a Form S-3 related to our equity offering in November 2016.

- (3) *Tax Fees* in 2015 include non-recurring charges related to the disposition of the Company's U.S. and U.K. Electronic Products business and tax structuring for business operations in Saudi Arabia.

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. The Audit Committee has delegated pre-approval authority to the Audit Committee Chairperson. The independent auditor and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval. Since June 2013, each new engagement of Deloitte has been approved in advance by the Audit Committee. All of the services of Deloitte for 2016 and 2015 described above were approved in advance by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* THE RATIFICATION OF SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017.

PROPOSAL NO. 3

**APPROVAL OF AN AMENDMENT TO THE KRATOS DEFENSE & SECURITY SOLUTIONS, INC.
1999 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE THE AGGREGATE NUMBER OF SHARES THAT MAY BE
ISSUED UNDER THE PLAN BY 3,000,000 SHARES**

At the Annual Meeting, our stockholders will be asked to approve an amendment to the Kratos Defense & Security Solutions, Inc. 1999 Employee Stock Purchase Plan to increase the maximum number of shares of common stock that may be issued under the Purchase Plan by 3,000,000 shares. This increase would enable us to continue to offer the Purchase Plan to our employees, which we otherwise anticipate would be depleted by the end of 2017 if current market conditions and employee participation rates continue. Our stockholders previously approved the reservation of 5,210,000 shares of our common stock for purchase by employees under the Purchase Plan. The amount of shares purchased under the Purchase Plan for the second subscription period of 2016, ending December 31, 2016, was approximately 392,000 shares.

As of April 7, 2017, a total of 693,422 shares remain available for future purchases under the Purchase Plan, without giving effect to the proposed amendment. The number of shares to be purchased for the January 1, 2017 to June 30, 2017 subscription period is estimated at approximately 217,000 shares, based upon the current employee participation in the Purchase Plan, payroll deductions, and the current Company common stock price. Assuming we maintain our current participation levels in the Purchase Plan, and market conditions remain unchanged, we will not have a sufficient number of shares available for issuance under the Purchase Plan to satisfy the first subscription period of 2018. Specifically, we project that, based upon the current employee participation rate, payroll deductions, and the current Company common stock price, that if stockholders approve the proposed amendment, we would have sufficient shares to satisfy our current employee participation levels in the Purchase Plan through 2023. However, the number of shares issued under the Purchase Plan in any given subscription period is dependent on the Company's common stock price on the applicable Purchase Date (as defined below) and we may, even if the amendment is approved, run out of shares prior to 2023 if the Company's common stock price decreases from current levels.

Our Board believes that the Purchase Plan benefits us and our stockholders by providing our employees with an opportunity to purchase shares of common stock at a discount through payroll deductions, which helps to attract, retain and motivate valued employees. We also believe that this aligns our employees' interests with the long-term objectives of our stockholders. We believe that this is a valuable long-term incentive plan for all employees, especially since approximately 98% of the number of shares purchased under the Purchase Plan since inception were purchased by non-executive employees. To provide a reasonable reserve of shares to permit us to continue offering this opportunity to our employees, the Board has adopted, subject to stockholder approval, an amendment to increase the number of shares of common stock that may be issued under the Purchase Plan by 3,000,000 shares, which represents 3.5% of our total current outstanding shares.

Employees who actively participate in the Purchase Plan may have up to 15% of their earnings for the relevant offering period withheld pursuant to the Purchase Plan. The price paid for common stock at each such purchase date equals the lower of 85% of the fair market value of the common stock at the commencement date of that offering period or 85% of the fair market value of the common stock on the relevant purchase date. Employees may end their participation in the offering at any time during the offering period, and participation ends automatically upon termination of employment. We may purchase shares of our common stock on the open market in order to satisfy our obligation at the end of each subscription period to issue shares to employees participating in the Purchase Plan. In the event we have not purchased a sufficient number of shares to meet such obligations, we can issue additional shares.

Summary of the Purchase Plan

The following summary is qualified in its entirety by the complete text of the Purchase Plan, as proposed to be amended, a copy of which has been included as Appendix A to the electronic version of this proxy statement filed with the SEC. Stockholders are urged to read the actual text of the Purchase Plan in its entirety.

General. At the beginning of each offering under the Purchase Plan (each, an "Offering"), each participant in the Purchase Plan is granted the right to purchase, through accumulated payroll deductions, up to a number of shares of our common stock determined on the first day of the Offering (a "Purchase Right"). The Purchase Right is automatically exercised on each purchase date during the Offering (a "Purchase Date") unless the participant has withdrawn from participation in the Purchase Plan prior to such date. The Purchase Plan is intended to qualify as an "employee stock purchase plan" under section 423 of the Internal Revenue Code of 1986, as amended (the "Code").

Authorized Shares. Currently, a maximum of 693,422 authorized but unissued or reacquired shares of common stock remain available for issuance under the Purchase Plan, subject to appropriate adjustment in the event of any stock dividend, stock split, reverse stock split, recapitalization or similar change in our capital structure, or in the event of any merger, sale of assets or other reorganization. If any Purchase Right expires or terminates, the shares subject to the unexercised portion of such Purchase Right will again be available for issuance under the Purchase Plan.

Administration. The Purchase Plan is administered by the Board of Directors or a committee of the Board. (For purposes of this discussion, the term "Board" refers to either the Board of Directors or such committee.) Subject to the provisions of the Purchase Plan, the Board determines the terms and conditions of Purchase Rights granted under the plan. The Board has the authority to interpret the Purchase Plan and Purchase Rights granted thereunder, and any such interpretation of the Board will be binding.

Eligibility. Any employee of the Company or any parent or subsidiary of the Company designated by the Board for inclusion in the Purchase Plan is eligible to participate in an Offering under the plan so long as the employee is customarily employed for at least 20 hours per week and more than five months in any calendar year. As of April 7, 2017, approximately 2,900 employees, including all executive officers, were eligible to participate in the Purchase Plan.

Offerings. Generally, each Offering under the Purchase Plan extends for a period of six months (the "Offering Period"). New Offering Periods begin every six months (an "Offering Date") and do not overlap. Offering Periods generally commence on January 1 and July 1 of each year. Shares are purchased on the last day of each purchase period. The Board may establish a different term for any Offering (not to exceed 27 months) or purchase period or different commencement or ending dates for an Offering or a purchase period.

Participation and Purchase of Shares. Participation in an Offering under the Purchase Plan is limited to eligible employees who authorize payroll deductions prior to the first day of an Offering Period. Payroll deductions may not exceed 15% of an employee's earnings on any payday during the Offering Period, provided that the Board may establish a different limit from time to time. An employee who becomes a participant in the Purchase Plan will automatically participate in each Offering beginning immediately after the last day of the Offering Period in which he or she is a participant until the employee withdraws from the Purchase Plan, becomes ineligible to participate, or terminates employment.

Subject to any uniform limitations or notice requirements imposed by the Company, a participant may increase or decrease his or her rate of payroll deductions or withdraw from the Purchase Plan at any time during an Offering. Upon withdrawal, the Company will refund without interest the

participant's accumulated payroll deductions not previously applied to the purchase of shares. Once a participant withdraws from an Offering, that participant may not again participate in the same Offering at any later time. If the fair market value of a share of common stock on the Offering Date of the current Offering in which employees are participating is greater than such fair market value on the Offering Date of a new Offering, then, unless a participant elects otherwise, each participant will be automatically withdrawn from the current Offering after purchasing shares and enrolled in the new Offering.

On each Purchase Date, we issue to each participant in the Offering the number of shares of our common stock equal to the amount of payroll deductions accumulated for the participant during the Purchase Period divided by the purchase price, limited in any case by the number of shares subject to the participant's Purchase Right for that Offering. The price at which shares are sold under the Purchase Plan is established by the Board but may not be less than 85% of the lesser of the fair market value per share of common stock on the Offering Date or on the Purchase Date. The fair market value of the common stock on any relevant date generally will be the closing price per share as reported on the NASDAQ Global Select Market. On April 7, 2017, the closing price of our common stock as reported on the NASDAQ Global Select Market was \$7.84 per share. Any payroll deductions under the Purchase Plan not applied to the purchase of shares will be returned to the participant without interest, unless the amount remaining is less than the amount necessary to purchase a whole share of common stock, in which case the remaining amount may be applied to the next Purchase Period.

Termination or Amendment. The Purchase Plan will continue until terminated by the Board or until all of the shares reserved for issuance under the plan have been issued. The Board may amend or terminate the Purchase Plan at any time, except that the approval of our stockholders is required within 12 months of the adoption of any amendment increasing the number of shares authorized for issuance under the Purchase Plan, or changing the categories of corporations that may be designated by the Board as corporations whose employees may participate in the Purchase Plan.

Plan Benefits

The table below sets forth the aggregate numbers of shares of common stock purchased by our named executive officers; all of our current executive officers as a group; and all employees, including all current officers who are not executive officers, as a group under the Purchase Plan from its inception through April 7, 2017:

Named Executive Officer and Position	Shares of Common Stock Purchased under Purchase Plan
Eric DeMarco, President and Chief Executive Officer	29,302
Deanna Lund, Executive Vice President and Chief Financial Officer	16,626
Jonah Adelman, President, Microwave Electronics	
Gerald Beaman, President, Unmanned Systems(1)	9,334
Phillip Carrai, President, Technology & Training Solutions	17,074
All current executive officers as a group	86,653
All employees, including all current officers who are not executive officers, as a group	4,428,100

(1) Mr. Beaman retired from the Company in January 2017.

None of our directors who are not also executive officers are eligible to participate in the Purchase Plan. Since its inception, no shares have been issued under the Purchase Plan to any other nominee for election as a director, or any associate of any such director, nominee or executive officer, and no other

person has been issued five percent or more of the total amount of shares issued under the Purchase Plan.

New Plan Benefits

Participation in the Purchase Plan is voluntary, and each eligible employee will make his or her own decision whether and to what extent to participate in the Purchase Plan. It is therefore not possible to determine the benefits or amounts that will be received in the future by individual employees or groups of employees under the Purchase Plan.

Summary of U.S. Federal Income Tax Consequences

The following is a brief summary of certain of the U.S. federal income tax consequences of participation in the Purchase Plan. It does not attempt to describe all possible federal tax consequences, nor does it describe any state, local, or foreign tax consequences, of such participation or tax consequences based on a participant's particular circumstances. The information below is based upon current federal income tax rules and therefore is subject to change. Each participant should consult his or her tax adviser regarding the federal, state, local, and other tax consequences of participation in the Purchase Plan.

Generally, there are no tax consequences to an employee of either becoming a participant in the Purchase Plan or purchasing shares under the Purchase Plan. The tax consequences of a disposition of shares vary depending on the period such stock is held before its disposition. If a participant disposes of shares within two years after the Offering Date or within one year after the Purchase Date on which the shares are acquired (such disposition being referred to as a "disqualifying disposition"), the participant recognizes ordinary income in the year of disposition in an amount equal to the difference between the fair market value of the shares on the Purchase Date and the purchase price, regardless of whether there is any gain upon such disposition. Such income may be subject to tax withholding by the employer. Any additional gain or any loss recognized by the participant resulting from the disposition of the shares is a capital gain or loss. If the participant disposes of shares at least two years after the Offering Date and at least one year after the Purchase Date on which the shares are acquired (a "qualifying disposition"), the participant recognizes ordinary income in the year of disposition in an amount equal to the lesser of (i) the difference between the fair market value of the shares on the date of disposition and the purchase price or (ii) the difference between the fair market value of the shares on the Offering Date and the purchase price (determined as if the Purchase Right were exercised on the Offering Date). Any additional gain recognized by the participant on the disposition of the shares is a capital gain. If the fair market value of the shares on the date of disposition is less than the purchase price, there is no ordinary income, and the loss recognized is a capital loss. If the participant still owns the shares at the time of his or her death, the lesser of (i) the difference between the fair market value of the shares on the date of death and the purchase price or (ii) the difference between the fair market value of the shares on the Offering Date and the purchase price (determined as if the Purchase Right were exercised on the Offering Date) is recognized as ordinary income in the year of the participant's death.

If the participant disposes of the shares in a disqualifying disposition, we should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the disposition, except to the extent such deduction is limited by applicable provisions of the Code. We will not receive a deduction for qualifying dispositions.

THE AMENDMENT TO THE 1999 EMPLOYEE STOCK PURCHASE PLAN TO INCREASE
THE AGGREGATE NUMBER OF SHARES THAT MAY BE ISSUED UNDER
THE PLAN BY 3,000,000 SHARES.**

PROPOSAL NO. 4
APPROVAL OF AN AMENDMENT TO THE KRATOS DEFENSE & SECURITY SOLUTIONS, INC.
2014 EQUITY INCENTIVE PLAN TO INCREASE THE AGGREGATE NUMBER OF
SHARES THAT MAY BE ISSUED UNDER THE PLAN BY 2,500,000 SHARES

At the Annual Meeting, our stockholders will be asked to approve an amendment to the Kratos Defense & Security Systems, Inc. 2014 Equity Incentive Plan to increase the maximum number of shares of common stock that may be issued under the 2014 Plan by 2,500,000 shares.

We currently maintain the 2014 Plan to grant restricted stock units and other stock awards in order to provide long term incentives to our employees, directors, and consultants. Our stockholders approved the 2014 Plan at the 2014 Annual Meeting as the successor to the Kratos Defense & Security Solutions, Inc. 2011 Equity Incentive Plan, the Kratos Defense & Security Solutions, Inc. Amended and Restated 2005 Equity Incentive Plan, the Kratos Defense & Security Solutions, Inc. 2000 Nonstatutory Stock Option Plan, the Kratos Defense & Security Solutions, Inc. 1999 Equity Incentive Plan, the Amended and Restated Integral Systems, Inc. 2008 Stock Incentive Plan, the Amended and Restated Herley Industries, Inc. 2010 Stock Plan, the Herley Industries, Inc. 2003 Stock Option Plan, the Henry Bros. Electronics, Inc. 2007 Stock Option Plan, the Henry Bros. Electronics, Inc. 2006 Stock Option Plan, the Amended and Restated 2005 Digital Fusion, Inc. Equity Incentive Plan, the 2000 Digital Fusion, Inc. Stock Option Plan, the 1999 Digital Fusion, Inc. Stock Option Plan, and the 1998 Digital Fusion, Inc. Stock Option Plan (collectively, the "Prior Plans").

Any shares subject to outstanding stock awards granted under the Prior Plans or granted outside of a Prior Plan that, at any time after March 27, 2014, (i) expire or terminate for any reason prior to exercise or settlement; (ii) are forfeited, cancelled or otherwise returned to the Company because of the failure to meet a contingency or condition required to vest such shares; or (iii) are reacquired, withheld (or not issued) to satisfy a tax withholding obligation in connection with an award or to satisfy the purchase price or exercise price of a stock award (collectively, the "Returning Shares") are immediately added to the share reserve of the 2014 Plan and become available for issuance pursuant to stock awards granted under the 2014 Plan.

Our stockholders previously authorized us to issue up to 1,550,000 shares plus the number of Returning Shares under the 2014 Plan (subject to adjustment upon certain changes in the capital structure). As of April 7, 2017, 1,493,426 shares remain available for grant under the 2014 Plan, plus potential Returning Shares. If our stockholders approve this proposal, we will have approximately 3,993,426 shares (plus potential Returning Shares) available to grant under the 2014 Plan, which we anticipate will cover equity grants for the next three years, based on the current headcount of the Company, our Compensation Committee's compensation philosophy, the Company's anticipated burn rate, and industry standards.

We are asking our stockholders to approve the increase to the 2014 Plan so that we can continue to use the 2014 Plan to attract and encourage the continued employment and service of, and maximum efforts by, officers, employees and other individuals by offering those persons an opportunity to acquire or increase a direct proprietary interest in our operations and future success. Since 2007, we have pursued this goal primarily through the grant of RSUs. We believe that in our heavily human-capital intensive business, RSUs are an important factor in hiring and retaining talented personnel. The Company's equity awards provide long-term incentives that align the interests of our employees, directors and consultants with the interests of our stockholders. If our stockholders do not approve the 2014 Plan, the Company strongly believes that it will be unable to successfully use equity as part of its compensation program, as most of its competitors in the industry do, putting the Company at a significant disadvantage and compromising its ability to enhance stockholder value. Therefore, we believe the approval of this request is in the best interest of our stockholders and our Company.

Approval of the 2014 Plan requires the affirmative vote of the holders of a majority of the shares of common stock present or represented and entitled to vote at the Annual Meeting.

Description of the 2014 Plan

The material features of the 2014 Plan are outlined below. This summary is qualified in its entirety by reference to the complete text of the 2014 Plan, as proposed to be amended, a copy of which has been included as Appendix B to the electronic version of this proxy statement filed with the SEC. Stockholders are urged to read the actual text of the 2014 Plan in its entirety.

Types of Awards

The terms of the 2014 Plan provide for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance awards, and other stock awards that may be settled in cash, stock, or other property.

Shares Available for Awards

If this proposal is approved, the aggregate number of shares of our common stock that may be issued pursuant to stock awards under the 2014 Plan will not exceed 4,050,000 shares plus the number of Returning Shares, which could potentially include up to 1,971,338 shares previously awarded under the Prior Plans.

If a stock award under the 2014 Plan or any portion thereof (i) expires or otherwise terminates without all of the shares covered by such stock award having been issued or (ii) is settled in cash (*i.e.*, the participant receives cash rather than stock), such expiration, termination or settlement will not reduce (or otherwise offset) the number of shares of common stock that may be available for issuance under the 2014 Plan. If any shares of common stock issued pursuant to a stock award under the 2014 Plan are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required to vest such shares in the participant, then the shares that are forfeited or repurchased will revert to and again become available for issuance under the 2014 Plan. Any shares reacquired by the Company in satisfaction of tax withholding obligations on a stock award or as consideration for the exercise or purchase price of a stock award will again become available for issuance under the 2014 Plan.

As of April 7, 2017, stock options to purchase approximately 945,412 shares were outstanding and awards other than stock options covering an aggregate of 3,155,650 shares were outstanding. The weighted-average exercise price of all stock options outstanding as of April 7, 2017 was \$7.88, and the weighted-average remaining term of such stock options was 5.03 years. As of April 7, 2017, the closing price of our common stock as reported on the NASDAQ Global Market was \$7.84 per share and a total of 86,446,084 shares of our common stock were outstanding.

Eligibility

All of our employees, non-employee directors and consultants are eligible to participate in the 2014 Plan and may receive all types of awards, provided that incentive stock options may be granted under the 2014 Plan only to our employees (including officers) and employees of our affiliates. As of April 7, 2017, we have approximately 2,900 employees and seven non-employee directors.

Grant Limits

Under the 2014 Plan, a maximum of 2,000,000 shares of our common stock may be granted to any one participant during any one calendar year pursuant to stock options, stock appreciation rights and other stock awards whose value is determined by reference to an increase over an exercise price or

strike price of at least 100% of the fair market value of our common stock on the date of grant and that are intended to be treated as performance-based compensation under Section 162(m) of the Internal Revenue Code. The maximum amount covered by performance awards that may be granted to any one participant in any one calendar year (whether the grant, vesting or exercise is contingent upon the attainment during a performance period of the performance goals described below) is 2,000,000 shares of our common stock in the case of performance stock awards and \$1,000,000 in the case of performance cash awards that are intended to be treated as performance-based compensation under Section 162(m) of the Internal Revenue Code. Such limits are designed to allow us to grant awards that are exempt from the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Internal Revenue Code.

Administration

The 2014 Plan is administered by our Board, which may in turn delegate authority to administer the 2014 Plan to a committee. Our Board has delegated concurrent authority to administer the 2014 Plan to the Compensation Committee but may, at any time, revert in itself some or all of the power previously delegated to the Compensation Committee. Each of the Board and the Compensation Committee are considered to be the "Plan Administrator" for purposes of this proposal. Subject to the terms of the 2014 Plan, the Plan Administrator may determine the recipients, numbers and types of awards to be granted, and terms and conditions of the awards, including the period of their exercisability and vesting. Subject to the limitations set forth below, the Plan Administrator also determines the fair market value applicable to a stock award and the exercise price of stock options and stock appreciation rights granted under the 2014 Plan.

The Plan Administrator may also delegate to one or more of our officers the authority to designate employees who are not officers to be recipients of certain stock awards and the number of shares subject to such stock awards, provided that such delegation must specify the total number of shares of our common stock that may be subject to the stock awards granted by such officer and such officer may not grant a stock award to himself or herself.

Repricing; Cancellation and Re-Grant of Stock Awards

Under the 2014 Plan, the Plan Administrator does not have the authority to reprice any outstanding stock option or stock appreciation right by reducing the exercise, purchase or strike price of the stock option or stock appreciation right without obtaining the approval of our stockholders within 12 months prior to the repricing event.

Stock Options

Stock options may be granted under the 2014 Plan pursuant to stock option agreements. The 2014 Plan permits the grant of stock options that qualify as incentive stock options "ISOs" and nonstatutory stock options "NSOs." Individual stock option agreements may be more restrictive as to any or all of the permissible terms described in this section.

The exercise price of NSOs may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant. The exercise price of ISOs may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant and, in some cases (see "Limitations" below), may not be less than 110% of such fair market value.

The term of stock options granted under the 2014 Plan may not exceed 10 years. Except as explicitly provided otherwise in an optionholder's stock option agreement, stock options granted under the 2014 Plan generally terminate three months after termination of the optionholder's service unless (i) termination is due to the optionholder's disability, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the termination of service) at any time

within 12 months following termination; (ii) the optionholder dies before the optionholder's service has terminated, or within the period (if any) specified in the stock option agreement after termination of service for a reason other than death, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the optionholder's death) within 18 months following the optionholder's death by the person or persons to whom the rights to such stock option have passed; (iii) the optionholder is terminated for cause, in which case the stock option will cease to be exercisable immediately upon the optionholder's termination, or (iv) the stock option by its terms specifically provides otherwise. A stock option term may be extended in the event that exercise of the stock option following termination of service is prohibited by applicable securities laws or if the sale of stock received upon exercise of a stock option would violate our insider trading policy. In no event may a stock option be exercised after its original expiration date.

Acceptable forms of consideration for the purchase of our common stock pursuant to the exercise of a stock option under the 2014 Plan will be determined by the Plan Administrator and may include (i) cash, check, bank draft or money order made payable to us, (ii) payment pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board, (iii) common stock previously owned by the optionholder, (iv) a net exercise feature (for NSOs only), or (v) other legal consideration approved by the Plan Administrator.

Stock options granted under the 2014 Plan may become exercisable in cumulative increments, or "vest," as determined by the Plan Administrator at the rate specified in the stock option agreement. Shares covered by different stock options granted under the 2014 Plan may be subject to different vesting schedules as the Plan Administrator may determine. The Plan Administrator also has flexibility to provide for accelerated vesting of stock options in certain events.

Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution or a domestic relations order with the approval of the Plan Administrator or a duly authorized officer. Additionally, an optionholder may, with the approval of the Plan Administrator or a duly authorized officer, designate a beneficiary who may exercise the stock option following the optionholder's death.

Limitations on Incentive Stock Options

The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. The stock options or portions of stock options that exceed this limit are treated as NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

the exercise price of the ISO must be at least 110% of the fair market value of the stock subject to the ISO on the date of grant; and

the term of the ISO must not exceed five years from the date of grant.

The aggregate maximum number of shares of common stock that may be issued pursuant to the exercise of ISOs granted under the 2014 Plan is 3,200,000 shares.

Restricted Stock Awards

Restricted stock awards may be granted under the 2014 Plan pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for cash, check, bank draft or money order payable to us, the recipient's services performed for us or an affiliate of ours, or any other form of legal consideration acceptable to the Plan Administrator. Shares of our common stock acquired under a restricted stock award may be subject to forfeiture to us in accordance with a vesting schedule

to be determined by the Plan Administrator. Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement. Except as otherwise provided in the applicable restricted stock award agreement, restricted stock awards that have not vested will be forfeited upon the participant's termination of continuous service for any reason.

Restricted Stock Unit Awards

Restricted stock unit awards may be granted under the 2014 Plan pursuant to restricted stock unit award agreements. Payment of any purchase price may be made in any legal form acceptable to the Plan Administrator. We will settle a payment due to a recipient of a restricted stock unit award by delivery of shares of our common stock, by cash, by a combination of cash and stock, or in any other form of consideration determined by the Plan Administrator and set forth in the restricted stock unit award agreement. Dividend equivalents may be credited in respect of shares of our common stock covered by a restricted stock unit award. Restricted stock unit awards may be subject to vesting in accordance with a vesting schedule to be determined by the Plan Administrator. Except as otherwise provided in the applicable restricted stock unit award agreement, restricted stock units that have not vested will be forfeited upon the participant's termination of continuous service for any reason.

Stock Appreciation Rights

Stock appreciation rights may be granted under the 2014 Plan pursuant to stock appreciation right agreements. Each stock appreciation right is denominated in common stock share equivalents. The strike price of each stock appreciation right will be determined by the Plan Administrator but will in no event be less than 100% of the fair market value of the stock subject to the stock appreciation right at the time of grant. The Plan Administrator may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate. Stock appreciation rights may be paid in our common stock, in cash, in a combination of cash and stock, or in any other form of legal consideration approved by the Plan Administrator and set forth in the stock appreciation right agreement. Stock appreciation rights will be subject to the same conditions upon termination and restrictions on transfer as stock options under the 2014 Plan.

Performance Awards

The 2014 Plan allows us to grant cash and stock based performance awards that may qualify as performance-based compensation that is not subject to the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Code. Performance awards may be granted, vest or be exercised based upon the attainment during a specified period of time of specified performance goals. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained will be determined by the Compensation Committee, except that the Board also may make any such determinations to the extent that the award is not intended to comply with Section 162(m) of the Code.

In granting a performance award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the Compensation Committee will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured. Within the time period prescribed by Section 162(m) of the Code, at a time when the achievement of the performance goals remains substantially uncertain (typically no later than the earlier of the 90th day of a performance period and the date on which 25% of the performance period has elapsed), the Compensation Committee will establish the performance goals, based upon one or more criteria, or performance criteria, enumerated in the 2014 Plan and described below. As soon as administratively

practicable following the end of the performance period, the Compensation Committee will certify (in writing) whether the performance goals have been satisfied.

Performance goals under the 2014 Plan will be based on any one or more of the following performance criteria: (i) earnings (including earnings per share and net earnings); (ii) earnings before interest, taxes and depreciation; (iii) earnings before interest, taxes, depreciation and amortization ("EBITDA"); (iv) growth of earnings before interest and taxes; (v) EBITDA margin, adjusted EBITDA margin, or adjusted EBITDA; (vi) total stockholder return; (vii) return on equity or average stockholder's equity; (viii) return on assets, net assets, investment, or capital employed; (ix) stock price; (x) margin (including gross margin); (xi) income (before or after taxes); (xii) net income or operating income; (xiii) operating income after taxes; (xiv) pre-tax profit or after-tax profit; (xv) operating cash flow; (xvi) revenue or sales (including revenue or sales targets; (xvii) increases in revenue or product revenue; (xviii) expenses and costs (including expenses and cost reduction goals); (xix) improvement in or attainment of working capital levels; (xx) economic value added (or an equivalent metric); (xxi) market share; (xxii) cash flow; (xxiii) cash flow per share; (xxiv) earnings per share; (xxv) share price or share price performance; (xxvi) debt reduction; (xxvii) implementation or completion of projects or processes; (xxviii) customer satisfaction; (xxix) number of customers; (xxx) stockholders' equity; (xxxi) return on stockholders' equity; (xxxii) capital expenditures; (xxxiii) debt levels; (xxxiv) operating profit or net operating profit; (xxxv) workforce diversity; (xxxvi) growth of net income or operating income; (xxxvii) billings; (xxxviii) days sales outstanding; and (xxxix) to the extent that an Award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by the Board.

Performance goals may be based on a company-wide basis, with respect to one or more business units, divisions, affiliates, or business segments, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. In establishing a performance goal, the Compensation Committee (and the Board, to the extent that an award is not intended to comply with Section 162(m) of the Code) may provide that performance will be appropriately adjusted as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects, as applicable, for non-U.S. dollar denominated performance goals; (3) to exclude the effects of changes to generally accepted accounting principles; (4) to exclude the effects of any statutory adjustments to corporate tax rates; and (5) to exclude the effects of any "extraordinary items" as determined under generally accepted accounting principles. In addition, the Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals and to define the manner of calculating the performance criteria it selects to use for a performance period.

Other Stock Awards

Other forms of stock awards valued in whole or in part with reference to our common stock may be granted either alone or in addition to other stock awards under the 2014 Plan. The Plan Administrator will have sole and complete authority to determine the persons to whom and the time or times at which such other stock awards will be granted, the number of shares of our common stock to be granted and all other conditions of such other stock awards. Other forms of stock awards may be subject to vesting in accordance with a vesting schedule to be determined by the Plan Administrator.

Transferability of Stock Awards

Generally, the holder of a stock award may not transfer the stock award other than by will or the laws of descent and distribution or a domestic relations order with the approval of the Plan Administrator or a duly authorized officer. Additionally, the holder of a stock award may, with the approval of the Plan Administrator or a duly authorized officer, designate a beneficiary who may receive the underlying stock following such holder's death.

Clawback/Recovery

Stock awards granted under the 2014 Plan will be subject to recoupment in accordance with any clawback policy we may be required to adopt pursuant to applicable law and listing requirements. In addition, the Board may impose such other clawback, recovery or recoupment provisions in any stock award agreement as it determines necessary or appropriate.

Changes to Capital Structure

In the event of certain capitalization adjustments, the Plan Administrator will appropriately adjust: (i) the class(es) and maximum number of securities subject to the 2014 Plan; (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of ISOs; (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Section 162(m) limits; (iv) the class(es) and maximum number of securities that may be awarded to any non-employee director; and (v) the class(es) and number of securities and price per share of stock subject to outstanding stock awards.

Corporate Transactions; Change in Control

In the event of a corporate transaction (as defined in the 2014 Plan and described below) or change in control (as defined in the 2014 Plan and described below), unless otherwise provided in an award agreement, outstanding stock awards under the 2014 Plan may be assumed, continued, or substituted by the surviving or acquiring corporation (or its parent company). If the surviving or acquiring corporation (or its parent company) does not assume, continue, or substitute such stock awards, then (i) any such stock awards that are held by participants whose continuous service has not terminated immediately prior to the effective time of the corporate transaction or change in control will become fully vested and exercisable, and such stock awards will be terminated if not exercised prior to the effective date of the corporate transaction or change in control and any reacquisition or repurchase rights held by us with respect to such stock awards will lapse, and (ii) all other stock awards will be terminated if not exercised on or prior to the effective date of the corporate transaction or change in control, provided that any reacquisition or repurchase rights held by us with respect to such stock awards will not terminate and may continue to be exercised. If a stock award will terminate if not exercised on or prior to the effective date of the corporate transaction or change in control, the Board has the discretion to provide that the holder of any stock award not exercised prior to the effective date will receive a payment in exchange for the stock award. The Board is not obligated to treat all stock awards or portions of stock awards in the same manner. The Board may take different actions with respect to the vested and unvested portions of a stock award.

Under the 2014 Plan, a stock award may be subject to additional acceleration of vesting and exercisability upon or after a change in control as may be provided in the stock award agreement or other written agreement with the participant, but in the absence of such provision, no such acceleration will occur.

For purposes of the 2014 Plan, a corporate transaction generally means the consummation of (i) a sale or other disposition of all or substantially all of our consolidated assets, (ii) a sale or other disposition of at least 90% of our outstanding securities, (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation, or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

For purposes of the 2014 Plan, a change in control generally means (i) the acquisition by a person or entity of more than 50% of our combined voting power other than by merger, consolidation or similar transaction; (ii) a consummated merger, consolidation or similar transaction immediately after

which our stockholders cease to own more than 50% of the combined voting power of the surviving entity; (iii) a consummated sale, lease or exclusive license or other disposition of all or substantially all of our consolidated assets; or (iv) when a majority of our board becomes comprised of individuals whose nomination, appointment, or election was not approved by a majority of the board or their approved successors.

Plan Amendments and Termination

Our Board will have the authority to amend or terminate the 2014 Plan at any time. However, except as otherwise provided in the 2014 Plan, no amendment or termination of the 2014 Plan may materially impair any rights under awards already granted to a participant unless agreed to by the affected participant. We will obtain stockholder approval of any amendment to the 2014 Plan as required by applicable law and listing requirements. No ISOs may be granted under the 2014 Plan after the tenth anniversary of the earlier of the date the 2014 Plan was adopted by the Board or approved by our stockholders.

U.S. Federal Income Tax Consequences

The information set forth below is a brief summary of certain of the U.S. federal income tax consequences to a recipient under the 2014 Plan. It does not purport to be a complete discussion of all federal tax consequences, nor does it address any state, local or foreign tax considerations. The information is based upon current federal income tax rules and therefore is subject to change. Because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult his or her tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award. The 2014 Plan is not qualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income as well as the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of our tax reporting obligations.

Nonstatutory Stock Options

Generally, there is no taxation upon the grant of an NSO if the stock option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise, an optionholder will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date of exercise over the exercise price. If the optionholder is employed by us or one of our affiliates, that income will be subject to withholding taxes. The optionholder's tax basis in the acquired shares will be equal to their fair market value on the date of exercise of the stock option, and the optionholder's capital gain holding period for those shares will begin on that date. On a disposition of the acquired shares, any additional gain or loss generally will be taxed to the optionholder as either short-term or long-term capital gain or loss depending on how long the shares were held.

Subject to certain requirements under the Code, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the optionholder.

Incentive Stock Options

The 2014 Plan provides for the grant of stock options that qualify as "incentive stock options," as defined in Section 422 of the Code. Under the Code, an optionholder generally is not subject to ordinary income tax upon the grant or exercise of an ISO. If the optionholder holds a share received on exercise of an ISO for more than two years from the date the stock option was granted and more than one year from the date the stock option was exercised, which is referred to as the required

holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, however, an optionholder disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the optionholder generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the stock option, the amount of ordinary income recognized by the optionholder will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the stock option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are allowed a deduction in an amount equal to the ordinary income includible in income by the optionholder, subject to certain requirements under the Code.

Restricted Stock Awards

A recipient of restricted stock normally will recognize ordinary income when the restrictions on the restricted stock lapse (*i.e.*, at the time the restricted shares are no longer subject to a substantial risk of forfeiture or become transferable, whichever occurs first), which will be equal to the excess, if any, of the fair market value of the stock on such date over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days following his or her receipt of the stock award, to recognize ordinary income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. On a disposition of the acquired shares, any additional gain or loss should be eligible for short-term or long-term capital gain or loss tax treatment depending on how long the shares were held after the ordinary income was recognized.

Subject to certain requirements under the Code, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Restricted Stock Unit Awards

Generally, the recipient of a stock unit structured to conform to the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the time the stock unit is settled equal to the excess, if any, of any cash received and the fair market value of the shares of our common stock received over any amount paid by the recipient in exchange for the shares of our common stock. To conform to the requirements of Section 409A of the Code, the shares of our common stock subject to a stock unit award may generally only be delivered upon one of the following events: a fixed calendar date (or dates), separation from service, death, disability or a change in control. If delivery occurs on another date, unless the stock units otherwise comply with or qualify for an exception to the requirements of Section 409A of the Code, in addition to the tax treatment described above, the recipient will owe an additional 20% federal tax and interest on any taxes owed.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock units will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered. Any gain or loss recognized upon a later disposition of any shares received would be capital gain or loss.

Subject to certain requirements under the Code, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Stock Appreciation Rights

We may grant under the 2014 Plan stock appreciation rights separate from any other award or in tandem with other awards under the 2014 Plan.

In general, no taxable income is reportable when a stock appreciation right is granted to a recipient. Upon exercise, the recipient generally will recognize ordinary income in an amount equal to the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of such shares would be capital gain or loss. Subject to certain requirements under the Code, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock appreciation right.

New Plan Benefits

Other than with respect to certain awards to be made to our non-employee directors as described in "Director Compensation," the awards to our executive officers and other employees under the 2014 Plan are discretionary and are not subject to set benefits or amounts under the terms of the 2014 Plan. Our Board and our Compensation Committee have not granted any awards under the 2014 Plan subject to stockholder approval of this proposal. Accordingly, the benefits or amounts that will be received or allocated to our executive officers and other employees under the 2014 Plan are not

determinable. Therefore, the table below shows the aggregate number of awards granted under the 2014 Plan during 2016.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE *FOR* THE AMENDMENT TO THE 2014 EQUITY INCENTIVE PLAN TO INCREASE THE AGGREGATE NUMBER OF SHARES THAT MAY BE ISSUED UNDER THE PLAN BY 2,500,000 SHARES.

PROPOSAL NO. 5
ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS

At the 2017 Annual Meeting, our stockholders will be asked to provide an advisory vote relating to the compensation of our named executive officers during fiscal year 2016. The Compensation Committee sets target direct compensation at a level commensurate with the executives' and the Company's performance relative to our Compensation Peer Group (as defined below) utilizing individual and market measures. In addition, the Compensation Committee has determined that a substantial majority of our executives' compensation should be provided in the form of variable, performance-based compensation that directly links our executives' compensation to the Company's long-term performance.

The Company's strategy is to continue to grow our business as a proprietary product and intellectual property focused national security company, focused on Command, Control, Communications, Computing, Combat Systems, Intelligence, Surveillance and Reconnaissance ("C5ISR"), providing highly differentiated technology, products, solutions and services in our core areas of focus, while building and enhancing long-term stockholder value. The Company's core business areas of focus are unmanned systems, microwave electronics, and satellite communications. The Board and the Compensation Committee believe that our executive compensation programs have played a material role in the Company's progress in achieving its key strategic goals as well as its ability to drive strong financial results and attract and retain a highly experienced, successful team to manage our Company.

Our Compensation Committee believes that our executive compensation programs are structured in the best manner possible to support the Company, our stated strategy and our business objectives.

Our compensation programs are substantially tied to our key business and strategic objectives and the interests of our stockholders. If the value we deliver to our stockholders declines, so does a primary element of the compensation we deliver to our executives.

We maintain the highest level of corporate governance over our executive pay programs.

We closely monitor the compensation programs and pay levels of executives from companies of similar size and complexity, so that we may ensure that our compensation programs are within the norm of a range of market practices.

Our Compensation Committee, Chairman, Chief Executive Officer, and Human Resources Department engage in a rigorous talent review process annually to address succession and executive development for our Chief Executive Officer and other key executives.

These compensation practices allow the Company to achieve the following objectives:

align executive compensation with our stockholders' interests by placing a majority of compensation "at risk" and requiring that a significant portion of our Chief Executive Officer's and other executive management's equity grants vest in a manner that is directly tied to the Company's stock performance;

incentivize individual performance achievements;

attract, motivate and retain highly qualified executives; and

create incentives that drive the entire executive management team to achieve challenging corporate goals that drive superior long-term performance.

As a result of the multi-pronged efforts to gather feedback from key stockholders regarding our executive compensation that management and the Compensation Committee have undertaken since 2012, our Compensation Committee has taken several actions to align pay with

performance and align

the interests of our executives and the Company's stockholders. At the 2016 Annual Meeting, we asked our stockholders to approve, on an advisory basis, the compensation paid to our named executive officers during fiscal year 2015. Our stockholders indicated approval of the compensation of our named executive officers, with 90.19% of the votes cast in favor of the advisory vote to approve named executive officer compensation. We were pleased with the voting results in light of the Compensation Committee and the management's continuing efforts in gathering feedback from key stockholders regarding our executive compensation and developing a compensation structure that closely aligns pay with performance and aligns the interests of our executives with our stockholders. Our Compensation Committee considered the overwhelming stockholder approval of the 2015 executive compensation as an endorsement of our compensation philosophy. As such, our Compensation Committee employed many of the same principles in developing our compensation programs for 2016.

In establishing the 2016 executive compensation program, our Compensation Committee considered the challenges faced by our Company related to significantly declining DoD budgets and achievements of our executive officers in fiscal year 2015. Similar to fiscal year 2014, fiscal year 2015 continued to be an extremely challenging year for the federal government contracting industry and the Company. The sequestration-related cuts of approximately \$500 billion to the DoD budget since the Budget Control Act of 2011, a declining and highly competitive DoD budgetary environment, and resulting overall defense industry contraction were challenges that the Company faced in previous years continued in 2015. The Company's revenues, adjusted EBITDA and cash flows were all adversely impacted throughout 2015 by this challenging industry environment. Additionally, the Company has been making and continues to make significant discretionary investments in its long-term strategic unmanned tactical aircraft initiative, which has also impacted the Company's near term financial performance and cash flows. Specifically, the Company has invested over \$50 million over the three year period from 2012 to 2015, in the form of contract development costs, internal research and development and capital expenditures for new unmanned aerial drone system platforms. As the Company looked forward to fiscal year 2016, Company management and the Board recognized that the Company would be at a critical inflection point during 2016 regarding its long-term strategic unmanned tactical aircraft initiative, since the formal contract awards for all of the unmanned combat platforms that the Company was actively pursuing were expected to be determined and awarded by the various government agencies in 2016. Despite these overall budgetary and industry challenges, Kratos' executive management team was able to successfully accomplish the following in 2015 and 2016:

Managed the Company through significantly declining U.S. federal government and DoD budgets, including during 2015 and 2016 such years were expected to be the "trough" of the declining DoD budgets.

Generated real stockholder value through all of the efforts and initiatives noted below, and as represented by the 80.5% increase in the Company's total stockholder returns or stock price from 2015 to 2016.

Made important progress in large, new growth and opportunity areas, including unmanned systems, satellite communications, technology and training and microwave products, including the following:

Successfully completed the development and flight demonstration of Kratos' Unmanned Tactical Aerial Platform ("UTAP")-22 (now named Mako), a low cost, high performance, Unmanned Combat Aerial System ("UCAS") designed to operate in anti-access/area denied ("A2/AD") environments in 2015.

Worked with Government customer agencies to understand UCAS performance requirements of the Government customer community, culminating in multiple successful Mako demonstration flights, documenting the achievement of the key performance metrics and requirements. In the successful demonstration flights, the Company's Mako flew tactical

formation flights with an AV-8B Harrier Jet aircraft, which was one of the first times in aviation history that an unmanned aerial system, with performance capabilities equal to a 4th generation manned fighter aircraft, flew with and was controlled by the manned fighter aircraft. The successful flight tests of the Mako in 2015 were important strategic milestones for the Company, which the Board believes have been and will continue to be a significant value driver for the Company.

As a result of the Company's successful demonstration flights of the Mako UCAS and Kratos' demonstrated commitment and ability to invest in new technologies and to rapidly deliver new platforms for a low cost, the Company was awarded a single award prime contract of \$12.6 million in October 2016 from the Defense Innovative Unit Experimental ("DIUx"), in coordination with the Strategic Command ("STRATCOM") and the Strategic Capabilities Office ("SCO"), to integrate certain sensors into the Mako UCAS and to demonstrate flight and overall system integration in a large, complex exercise expected to occur in 2017.

Successfully bid on and was awarded one of four prime contract awards of approximately \$3.9 million each for the first phase of the Defense Advanced Research Project Agency's ("DARPA") Gremlins Program, a major new tactical unmanned aerial system program. Under the Gremlins program, DARPA envisions a swarm of approximately 20 high performance UAVs deployed by an inflight aircraft, which are later recovered, inflight, by an aircraft. The approximate \$3.9 million Phase 1 contracts were awarded to four competing companies, with the intent to ultimately down select to one finalist company over a period of approximately 36 months.

Won a single award cost share contract from the Air Force Research Laboratory ("AFRL") for a new high performance unmanned tactical aerial system platform, the Low Cost Attributable Strike Aerial Demonstrator ("LCASD") in July 2016. The Company was awarded the contract as a result of a competitive solicitation with seven competitors. The Company structured its proposal as a cost share contract, with the U.S. Government funding \$7.3 million and the Company investing up to \$33.5 million over the approximate 30 month period of performance. The Company structured the contract in this cost share manner in order to retain intellectual property rights, data package, hard and other assets, including aircraft, related support and other equipment, software and system rights. Additionally, planning by AFRL includes a desire to further evolve the system via subsequent technology maturation Government funded spirals valued at approximately \$100 million.

Made targeted investments in strategic focus areas in the microwave products, unmanned systems and satellite communications, technology and training divisions with potential long-term growth prospects. In 2016, the Company competed for and won two large new training system program awards, the KC-46 aerial refueler trainer and the Marine Corps Command Air Crew Trainer. The results of these investments contributed to the organic revenue growth of 10.4% in the Company's satellite communications, technical and training division and 14.3% in the Company's unmanned systems business from fiscal year 2015 to 2016.

Remained at the forefront of the DoD's Third Offset Strategy during the past three years, to find new and technologically "leap frogging" systems for the U.S. warfighter and the Government industry partnership initiative, including as related to the Company's Mako.

Achieved organic revenue growth in 2016 for the first time since 2012, with a 1.8% increase in revenues in 2016, or revenues of \$668.7 million in 2016, up from \$657.1 million in 2015. Such organic revenue growth was possible due to the improved clarity and DoD budgetary landscape after what the Company believes was the "trough" of DoD budgets, in addition to the benefits of certain of the strategic investments the Company has made in recent years.

Reduced overall indebtedness by \$216 million in 2015, including the \$175 million redemption of the Company's 7.00% Senior Secured Notes due in 2019 (the "Senior Notes") and the pay down of the outstanding balance on the Company's line of credit of \$41 million. The Company further reduced indebtedness in 2016 by \$14.5 million to \$435.5 million. The reduction of total indebtedness in 2015 and 2016 equates to a reduction of approximately \$14.5 million of annual cash interest.

Continued aggressive management of the cost components of the Company, including headcount and facilities costs. The Company also consolidated its manufacturing facilities for its Modular Systems business by closing its facilities in South Carolina to improve manufacturing efficiencies, operational performance, profit margins and cash flow.

Kratos' Compensation Committee applied its philosophy of paying for performance and aligning executive management and stockholder interests in several key ways in 2016, including:

Froze 2016 base salaries at 2014 levels for the Company's Chief Executive Officer, other executive officers and certain of our business unit executive officers (with the exception of Mr. Carrai and Mr. Adelman, who were awarded increases in base salaries in 2015 and therefore 2016 base salaries were frozen at 2015 levels). This was the third salary freeze since 2013 when salaries were frozen at 2012 levels.

Issued an approximate 50%/50% mix of performance-based and time-based RSUs to incentivize the Company's executive officers to build long-term equity value and to align the interests of our executive officers with our stockholders' interests. The Compensation Committee applied aggressive performance measures for the vesting of the 2016 performance-based RSUs, which vest 20% for every 10% increase in the closing price of the Company's common stock (above the grant date price of \$4.07) that occurs within 10 years from the grant date, provided that certain other conditions are met. Additionally, time-based RSUs aligned long-term stockholder and executive interests with five-year cliff vesting for executive officers and a subsequent five-year holding period for the Chief Executive Officer.

Implemented more stringent performance criteria for performance-based RSUs in May 2016, when the Compensation Committee made the decision to apply additional aggressive performance measures for the performance-based RSUs by requiring a consecutive 20-trading day sustained closing stock price increase of 10% in order to achieve a 20% vesting for each 10% increase in the closing price of the Company's common stock for future RSU grants, and the Chief Executive Officer agreed to apply such requirement retroactively to the unvested portions of his January 1, 2015 and January 4, 2016 performance-based RSU awards.

Issued bonuses at the end of 2016 in recognition of executive management's non-financial and financial achievements in 2016.

Continued its practice of eliminating excise tax gross-ups in any new change in control agreements or renewals or material amendments of existing change in control agreements.

Maintained double trigger vesting on all equity awards granted in 2016.

Continued the Company's Anti-Hedging and Anti-Pledging Policy.

Maintained a Stock Ownership Target Guideline of 1.0% of common stock outstanding for the Chief Executive Officer.

Adopted an Incentive Compensation Recoupment Policy in November 2015 for executive officers, which has a broader application than the clawback requirements under the Sarbanes-Oxley Act.

These efforts are discussed in the Compensation Discussion and Analysis section of this proxy statement, which begins on page 51.

In light of the above and as discussed in the Compensation Discussion and Analysis section of this proxy statement, the Board and the Compensation Committee believe that the compensation of our named executive officers for fiscal year 2016 was appropriate and reasonable, and that our compensation policies and procedures are sound and in the best interests of the Company and its stockholders. Additionally, the Board and the Compensation Committee believe that our compensation policies and procedures are effective in achieving the Company's goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives' long-term interests with those of our stockholders and motivating our executives to remain with the Company for long and productive careers.

Therefore, our Board and Compensation Committee are again seeking input from our stockholders through this advisory vote to approve the compensation of our named executive officers as described in this proxy statement in the section titled "Compensation Discussion and Analysis" beginning on page 51, in the compensation tables beginning on page 70, and in any related narrative discussion contained in this proxy statement.

Accordingly, the following resolution will be submitted for a stockholder vote at the Annual Meeting:

"RESOLVED, that the stockholders of Kratos Defense & Security Solutions, Inc. approve, on an advisory and non-binding basis, the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in this proxy statement."

While this stockholder vote on executive compensation is merely advisory and will not be binding upon us, our Board or our Compensation Committee, we value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions. The next non-binding advisory vote to approve the compensation of our named executive officers will occur at the 2018 Annual Meeting of Stockholders.

**THE BOARD OF DIRECTORS RECOMMENDS
A VOTE *FOR* THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
AS DESCRIBED IN THIS PROXY STATEMENT.**

PROPOSAL NO. 6

**ADVISORY VOTE TO APPROVE THE FREQUENCY OF THE STOCKHOLDER ADVISORY VOTE
TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

Pursuant to Section 14A of the Exchange Act, we are providing our stockholders the opportunity to cast an advisory vote on whether a non-binding stockholder vote to approve the compensation of our named executive officers should occur every one, two or three years.

The Board understands that there are different views as to what is an appropriate frequency for advisory votes on executive compensation. The Company has engaged some of its stockholders on this issue and, based on their feedback, we believe that a majority of our stockholders would prefer an annual vote. The Board of Directors is therefore recommending that stockholders vote for holding the advisory vote on executive compensation every ONE YEAR.

Stockholders are not voting to approve or disapprove the Board's recommendation and will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. The voting frequency option that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. However, because this vote is advisory and not binding on the Board or the Company, the Board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders. The next non-binding advisory vote on the frequency of the non-binding stockholder vote to approve the compensation of our named executive officers will occur at the 2023 Annual Meeting of Stockholders.

**THE BOARD OF DIRECTORS RECOMMENDS
THAT STOCKHOLDERS VOTE *FOR* A FREQUENCY PERIOD OF EVERY "*ONE YEAR*"
FOR FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS.**

REPORT OF THE AUDIT COMMITTEE

As more fully described in its charter, the Audit Committee oversees our financial reporting process and internal control structure on behalf of our Board. Management has the primary responsibility for the financial statements and the reporting process, including our systems of internal controls. The Company's independent registered public accounting firm is responsible for performing an audit of our annual consolidated financial statements in accordance with generally accepted accounting principles ("GAAP"), for issuing a report on those statements and expressing an opinion on the conformity of these audited financial statements, and for reviewing our interim financial statements in accordance with Statement on Auditing Standards No. 100 (interim financial information). The Audit Committee met six times during 2016 and met regularly with our independent and internal auditors, both privately and with management present.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management and the independent auditors the audited and interim financial statements, including Management's Discussion and Analysis of Financial Condition and Results of Operations, included in the Company's Reports on Form 10-K and Form 10-Q. These reviews included a discussion of:

our critical accounting policies;

the reasonableness of significant financial reporting judgments made in connection with the financial statements, including the quality (and not just the acceptability) of our accounting principles;

the clarity and completeness of our financial disclosures;

the effectiveness of our internal controls over financial reporting, including management's and independent auditor's reports thereon, the basis for the conclusions expressed in those reports and changes made to our internal control over financial reporting during 2016;

items that could be accounted for using alternative treatments within GAAP, the ramifications thereof and the treatment preferred by the independent auditor;

the annual management letter issued by the independent auditor, management's response thereto and other material written communications between management and the independent auditor;

unadjusted audit differences noted by the independent auditor during its audit of our annual financial statements; and

the potential effects of regulatory and accounting initiatives on our financial statements.

In connection with its review of our annual consolidated financial statements, the Audit Committee also discussed with the independent auditor other matters required to be discussed with the auditors under Auditing Standard No. 16, *Communications with Audit Committees*, and those addressed by Deloitte's written disclosures and its letter provided under Independence Standards Board Standard No. 1, as modified or supplemented (independence discussions with audit committees).

The Audit Committee is responsible for the engagement of the independent auditors and has appointed Deloitte to serve in that capacity since June 2013. In connection therewith, the Audit Committee:

reviewed Deloitte's independence from the Company and management, including Deloitte's written disclosures described above;

reviewed periodically the level of fees approved for payment to Deloitte and the pre-approved non-audit services it has provided to us to ensure their compatibility with Deloitte's independence; and

reviewed Deloitte's performance, qualifications and quality control procedures.

Among other matters, the Audit Committee also:

reviewed the scope of and overall plans for the annual audit and the internal audit program;

consulted with management and Deloitte with respect to our processes for risk assessment and risk management;

reviewed the adequacy of certain of our financial policies;

reviewed and approved our policy with regard to the hiring of former employees of the independent auditors;

reviewed and approved our policy for the pre-approval of audit and permitted non-audit services by the independent auditors;

received reports pursuant to our policy for the submission and confidential treatment of communications from employees and others about accounting, internal controls and auditing matters;

reviewed with management the scope and effectiveness of our disclosure controls and procedures, including for purposes of evaluating the accuracy and fair presentation of our financial statements in connection with certifications made by the Chief Executive Officer and Chief Financial Officer; and

reviewed significant legal developments and our processes for monitoring compliance with law and Company policies.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 25, 2016 for filing with the SEC. The Audit Committee also selected Deloitte as our independent auditor for 2017.

Respectfully submitted,

THE AUDIT COMMITTEE OF THE
BOARD OF DIRECTORS

Compensation Discussion and Analysis

Overview

The following Compensation Discussion and Analysis ("CD&A") describes and analyzes Kratos' compensation program for its named executive officers. Kratos' named executive officers for fiscal year 2016 include its Chief Executive Officer, its Chief Financial Officer, and its three most highly compensated executive officers (other than the Chief Executive Officer and Chief Financial Officer) who were serving as executive officers at the end of fiscal year 2016. The named executive officers during the last completed fiscal year were Eric DeMarco, President and Chief Executive Officer; Deanna Lund, Executive Vice President and Chief Financial Officer; Jonah Adelman, President of the Microwave Electronics Division; Gerald Beaman, former President of the Unmanned Systems Division; and Phillip Carrai, President of the Technology & Training Solutions Division. In the CD&A, Mr. DeMarco and Ms. Lund are sometimes referred to as "corporate named executive officers" and

Messrs. Adelman, Beaman, and Carrai are sometimes referred to as "operational named executive officers."

In this CD&A, we first provide an Executive Summary. Next, we cover Kratos' 2016 Say-on-Pay Vote Results, Stockholder Feedback, and Compensation Program Decisions; Compensation Philosophy and Objectives; and 2016 Compensation Program Decisions. We then discuss the process our Compensation Committee follows in setting executive compensation, including Benchmarking Our Program Against Peers, Targeted Pay Mix, and Elements of the Executive Compensation Program. Finally, we engage in a detailed discussion and analysis of the Compensation Committee's specific decisions about the compensation of our named executive officers in 2016 and the changes the Compensation Committee made for fiscal year 2016.

Executive Summary

Kratos' Fiscal 2016 Financial Performance and Executive Compensation

Kratos' Achievements in 2015 and 2016:

Managed the Company through significantly declining U.S. federal government and DoD budgets, including during 2015 and 2016 such years were expected to be the "trough" of the declining DoD budgets.

Generated real stockholder value through all of the efforts and initiatives noted in this proxy statement and as represented by the 80.5% increase in the Company's total stockholder returns or stock price from 2015 to 2016.

Made important progress in large, new growth and opportunity areas, including unmanned systems, satellite communications, technology and training and microwave products, including the following:

Successfully completed the development and flight demonstration of Kratos' Mako, a low cost, high performance, UCAS designed to operate in A2/AD environments in 2015.

Worked with Government customer agencies to understand UCAS performance requirements of the Government customer community, culminating in multiple successful Mako demonstration flights, documenting the achievement of the key performance metrics and requirements. In the successful demonstration flights, the Company's Mako flew tactical formation flights with an AV-8B Harrier Jet aircraft, which was one of the first times in aviation history that an unmanned aerial system, with performance capabilities equal to a 4th generation manned fighter aircraft, flew with and was controlled by the manned fighter aircraft. The successful flight tests of the Mako in 2015 were important strategic milestones for the Company, which the Board believes have been and will continue to be a significant value driver for the Company.

As a result of the Company's successful demonstration flights of the Mako UCAS and Kratos' demonstrated commitment and ability to invest in new technologies and to rapidly deliver new platforms for a low cost, the Company was awarded a single award prime contract of \$12.6 million in October 2016 from the DIUx, in coordination with the STRATCOM and the SCO, to integrate certain sensors into the Mako UCAS and to demonstrate flight and overall system integration in a large, complex exercise expected to occur in 2017.

Successfully bid on and was awarded one of four prime contract awards of approximately \$3.9 million each for the first phase of the DARPA Gremlins Program, a major new tactical unmanned aerial system program. Under the Gremlins program, DARPA envisions a swarm of approximately 20 high performance UAVs deployed by an inflight aircraft, which are later

recovered, inflight, by an aircraft. The approximate \$3.9 million Phase 1 contracts were awarded to four competing companies, with the intent to ultimately down select to one finalist company over a period of approximately 36 months.

Won a single award cost share contract from the AFRL for a new high performance unmanned tactical aerial system platform, the LCASD in July 2016. The Company was awarded the contract as a result of a competitive solicitation with seven competitors. The Company structured its proposal as a cost share contract with the U.S. Government funding \$7.3 million and the Company investing up to \$33.5 million over the approximate 30 month period of performance. The Company structured the contract in this cost share manner in order to retain intellectual property rights, data package, hard and other assets, including aircraft, related support and other equipment, software and system rights. Additionally, planning by AFRL includes a desire to further evolve the system via subsequent technology maturation Government funded spirals valued at approximately \$100 million.

Made targeted investments in strategic focus areas in the microwave products, unmanned systems and satellite communications, technology and training divisions with potential long-term growth prospects. In 2016, the Company competed for and won two large new training system program awards, the KC-46 aerial refueler trainer and the Marine Corps Command Air Crew Trainer. The results of these investments contributed to the organic revenue growth of 10.4% in the Company's satellite communications, technical and training division and 14.3% in the Company's unmanned systems business from fiscal year 2015 to 2016.

Remained at the forefront of the DoD's Third Offset Strategy during the past three years, to find new and technologically "leap frogging" systems for the U.S. warfighter and the Government industry partnership initiative, including as related to the Company's Mako.

Achieved organic revenue growth in 2016 for the first time since 2012, with a 1.8% increase in revenues in 2016, or revenues of \$668.7 million in 2016, up from \$657.1 million in 2015. Such organic revenue growth was possible due to the improved clarity and DoD budgetary landscape after what the Company believes was the "trough" of DoD budgets, in addition to the benefits of certain of the strategic investments the Company has made in recent years.

Reduced overall indebtedness by \$216 million in 2015, including the \$175 million redemption of the Company's Senior Notes and the pay down of the outstanding balance on the Company's line of credit of \$41 million. The Company further reduced indebtedness in 2016 by \$14.5 million to \$435.5 million. The reduction of total indebtedness in 2015 and 2016 equates to a reduction of approximately \$14.5 million of annual cash interest.

Continued aggressive management of the cost components of the Company, including headcount and facilities costs. The Company also consolidated its manufacturing facilities for its Modular Systems business by closing its facilities in South Carolina to improve manufacturing efficiencies, operational performance, profit margins and cash flow.

Despite the challenging federal government budgetary environment in 2015 and 2016, the Company continued to make significant discretionary investments in certain new growth and large opportunity areas to position the Company for long-term success, including unmanned systems, satellite communications, technology and training solutions, and microwave electronics. The Company has made these select investments in potential high priority national security growth areas, with the strategy of retaining the intellectual property and system design rights, and to achieve designed-in and sole source positions in the future production of these expected long-lived programs and platforms. This strategy was driven in part by certain new national security priority areas and related large program opportunities, including new high performance unmanned tactical aerial systems, next generation satellite communication ground stations, including those related to small satellite and cube satellite

communication systems, and new missile systems, radar systems, and electronic warfare systems. These are all expected to be long term, well-funded multi-year national security priority program areas.

Also in 2015 and 2016, Kratos increased its spending on the Company's internal cybersecurity and cyber protection assets, infrastructure, and systems in order to protect the Company's and its customers' intellectual property and sensitive information from significant and increasing cybersecurity threats, especially as related to government contractors. All of these important and required investments negatively impacted the Company's EBITDA and cash flow, although we believe they reflect sound strategic choices for enhancing Kratos' long-term success and protecting the stockholders, the Company, and their assets.

Through Kratos management's regular interaction and routine discussions with the Company's stockholders, we believe that these strategic initiatives in the unmanned systems, satellite communications, technology and training solutions, and microwave electronic areas are very important to delivering continued long-term value creation to our equity holders. Through this interaction with the Company's stockholders, we believe that the Company's stockholders support these initiatives.

Fiscal years 2015 and 2016 were pivotal years for the Company as we successfully demonstrated the Mako, a low cost, high performance, UCAS, designed to operate in A2/AD environments. The Company believes that its successful Mako initiative positioned the Company as a leader in the next generation high performance UCAS market place, and enabled the Company to successfully compete for and win the industry's two new high performance unmanned aerial system procurements with the DARPA Gremlins and AFRL LCASD program awards. In addition, the Company was awarded a contract from the DIUx to integrate certain sensors into its internally developed Mako UCAS, and to demonstrate flight and overall system integration in a large, complex exercise expected to occur in 2017. The Company believes the discretionary investments it has made in these initiatives will have long-term benefits, including major new program wins, and new awards for production units, as these investments enabled the Company to retain the intellectual property and design rights on these new programs, which are expected to be long-lived.

In 2016, the Company continued its successful customer diversification strategic initiative, with Kratos' commercial, international and non-U.S. federal government revenues making up approximately 40% of the Company's business in 2016. Kratos' management has been executing on this customer diversification strategy in response to the significant declining U.S. federal government and DoD budgets for the last several years. Important aspects and contributors to our management's diversification strategy are the Company's public safety and security business, international focused aspects of the Company's Microwave Electronics Division and areas of its commercial satellite communications and training businesses, each of which have predominantly non-U.S. federal government or DoD funded customers. The successful execution of this diversification initiative has helped lessen the impact of the major defense industry contraction to the Company, and has provided potential new growth opportunities for the Company's products, solutions and services. Importantly, in 2015 the Company expanded its international focus into its training business, with the Company receiving a sizable initial international training program contract award in 2015, in addition to several additional new opportunities the Company is pursuing with an aggregate potential value in excess of \$75 million. In addition, the Company has recently released new satellite communications products into the commercial market, which the Company believes will further expand its commercial focus and opportunities.

In 2015 and 2016, our management remained focused on reducing costs and increasing operating efficiencies. For example, Kratos' work force, excluding the impact of the Herley Divestiture, was reduced from approximately 3,200 employees in December 2014 to approximately 2,900 employees as of December 2016, reflecting a reduction of approximately 300 employees. As a result of the reduced workforce, including a number of Corporate Officer and management positions, the Company's executive officers are required to perform multiple functions, including such duties that would typically be handled by a Vice President of Mergers and Acquisitions, Chief Operating Officer, Chief Strategy Officer, Vice President of Investor Relations and Corporate Communications, Vice President of Corporate Development, Vice President of Marketing, Vice President of Human Resources, Vice President of Government Affairs and Treasurer. The Company currently does not have dedicated individual executive personnel performing any of these aforementioned functions. In addition, in 2015 and 2016 we have significantly reduced the overall square footage that we occupy and the vacant floor space, significantly reducing the Company's cost of facilities and improving efficiencies.

The Company's Board and Compensation Committee take into consideration the performance of our management team, the Company and the execution of the Company's strategy as approved by the Board, among other factors, in their consideration of executive compensation.

2016 Say-on-Pay Vote Results, Stockholder Feedback, and Compensation Program Decisions

In accordance with Section 14A of the Exchange Act, beginning in 2011, we gave our stockholders the opportunity to provide feedback on our executive compensation program and related proxy disclosure through an advisory vote at our annual stockholders meeting. Stockholders were asked to approve, on an advisory basis, the compensation paid to the named executive officers. Stockholders also indicated a strong preference to hold the advisory vote annually. Throughout 2015 and 2016, the Company has continued its ongoing engagement with stockholders: the Chief Executive Officer and Chief Financial Officer present at multiple investor conferences each year, with numerous Kratos stockholders in attendance; the Chief Executive Officer speaks with the Company's largest stockholder on at least a weekly basis and the next approximately top 15 mutual and hedge fund stockholders typically on a quarterly basis, on average; and the Chief Executive Officer and Chief Financial Officer maintain open lines of communication with stockholders, many of whom reach out to the Company after each earnings release. No material concerns have been raised during these stockholder outreach efforts.

At our annual meeting in 2016, our stockholders approved, on an advisory basis, the "say-on-pay" resolution for the compensation of our named executive officers in fiscal year 2015, with 90.19% of the votes cast in favor of the proposal. In light of the majority of stockholders indicating their approval of the compensation of our named executive officers, our Compensation Committee has continued to

employ the same principles in determining the compensation program for 2016. A summary of the compensation philosophy do's and don'ts follows:

WHAT WE DO

Pay for Performance Annual Incentive Program The compensation program emphasizes performance-based compensation that is based on financial metrics as well as non-financial achievements, such that base salary is only a portion of the compensation mix.

Pay for Performance Long-Term Equity Incentives The portion of long-term equity incentive as a component of the total compensation mix has increased to provide a greater emphasis on compensation that is directly linked with the creation of long-term stockholder value. In particular, the RSUs and stock options we have issued since 2013 have had (i) vesting provisions dependent on the common stock price reaching certain thresholds and (ii) long-term cliff-vesting provisions of 5 years or longer. Beginning in 2016, the Chief Executive Officer's RSU grants are subject to a five-year holding period after vesting. Additionally, in May 2016, the Compensation Committee decided that for any future RSU grants that vest based on a certain Company common stock closing price being achieved, the specified Company common stock closing price must be sustained for 20 consecutive trading days before a vesting event occurs, subject to the terms of the applicable award agreement. Further, the Chief Executive Officer agreed to apply such requirement retroactively to the unvested portions of his January 1, 2015 and January 4, 2016 performance-based RSU grants.

Stock Ownership Guidelines The Company maintained a stock ownership target guideline of 1% of the outstanding shares of common stock for our Chief Executive Officer, including all shares held through options, RSUs, Purchase Plan purchases, open market purchases, and 401(k) holdings.

WHAT WE DON'T DO

No Excise Tax Gross Ups Any new change of control agreements or any renewals or material amendments of existing change of control agreements will eliminate excise tax gross ups.

No Single-Trigger Accelerated Vesting New equity awards that provide for accelerated vesting in the event of a change in control must have a "double-trigger," such as a constructive termination of employment or stock price threshold, subject to the terms of any applicable employment or change of control agreement.

No Hedging or Pledging The Company maintains a policy that prohibits hedging and pledging transactions of the Company's common stock by directors and executive officers.

Compensation Philosophy and Objectives

The following chart highlights important considerations in the development, review and approval of the compensation of our named executive officers. We include additional detail for each of these highlights in the following pages of this CD&A.

Compensation Philosophy and Objectives

Objectives of Executive Compensation Program

Our executive compensation program is designed to:

Build long-term stockholder value

Deliver strong business and financial results

Attract, motivate and retain a highly qualified and effective management team to lead our business

Philosophy of Executive Compensation Program

Our executive compensation philosophy is built on five principles:

Align compensation with stockholders' interests and avoid excessive risk taking

Pay for performance

Emphasize long-term focus

Align compensation to market

Provide appropriate degrees of at-risk and performance-based compensation

Methods to Achieving the Executive Compensation Program Objectives

Tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives

Reward individual performance and reinforce business strategies and objectives for enhanced stockholder value

Evaluate employee performance and compensation to ensure we can attract and retain employees in a competitive manner

Ensure total compensation paid to executive officers is fair, reasonable and competitive, considering accomplishments of the individual executive officers and the Company as a whole

Principal Elements of the Executive Compensation Program

Base salary

Annual performance-based incentive cash bonus awards

Long-term equity incentives in the form of RSUs and stock options and other equity awards; in particular, implementing longer time-based vesting requirements for the Chief Executive Officer (ten year cliff vesting or five year cliff vesting plus a five year holding period)

Other benefits and perquisites, such as life and health insurance benefits and a qualified 401(k) savings plan offered to all employees

Post-termination severance and accelerated vesting of previously granted equity awards upon termination and/or a change of control

The Compensation Committee views these components of compensation as related but distinct. Although the Compensation Committee does review total compensation, we do not believe that compensation derived from one component of compensation should negate or offset the compensation incentives provided by the other components. The Compensation Committee determines the appropriate level for each compensation component based in part, but not exclusively, on the Company's strategic plan, aligning the Company's strategic objectives and executive compensation with stockholder expectations for long-term value creation, compensation for similar positions at peer companies, internal equity and consistency, and other considerations it deems relevant, such as rewarding extraordinary performance.

2016 Compensation Program Decisions

The following list summarizes the compensation decisions that our Compensation Committee made in 2015 for fiscal year 2016 executive compensation. Decisions for our named executive officer base salaries and equity incentive awards effective for the start of fiscal year 2016 were made in November 2015.

Froze base salaries of the Chief Executive Officer and most other executive officers at 2014 levels (with the exception of Mr. Carrai and Mr. Adelman, who were awarded increases in base salaries in 2015 and therefore their 2016 base salaries were frozen at 2015 levels) to reflect the Company's performance-based compensation program. The 2016 salary freeze was the third base salary freeze for the Chief Executive officer and the other corporate executive officers since 2013, when salaries were frozen at 2012 levels.

Issued an approximate 50%/50% mix of performance-based and time-based RSUs to incentivize the Company's executive officers to build long-term equity value and to align the interests of our executive officers with our stockholders' interests. The Compensation Committee applied aggressive performance measures for the vesting of the 2016 performance-based RSUs, which vest 20% for every 10% increase in the closing price of the Company's common stock (above the January 1, 2016 grant date price of \$4.07) that occurs within 10 years from the grant date, provided that certain other conditions are met. Additionally, time-based RSUs aligned long-term stockholder and executive interests with five-year cliff vesting for the executive officers and a subsequent five-year holding period for the Chief Executive Officer.

Implemented more stringent performance criteria for performance-based RSUs in May 2016, when the Compensation Committee decided that for any future restricted stock unit grants that vest based on a certain Company common stock closing price being achieved, the specified Company common stock closing price must be sustained for 20 consecutive trading days before a vesting event occurs, subject to the terms of the applicable award agreement. Further, the Chief Executive Officer agreed to apply such requirement retroactively to the unvested portions of his January 1, 2015 and January 4, 2016 performance-based RSU grants.

Continued its practice of eliminating excise tax gross-ups in any new change in control agreements or renewals or material amendments of existing change in control agreements.

Maintained double trigger vesting on all equity awards granted in 2013 and beyond.

Continued the Company's Anti-Hedging and Anti-Pledging Policy.

Maintained a Stock Ownership Target Guideline of 1.0% of common stock outstanding for the Chief Executive Officer.

Issued annual cash incentive bonuses at the end of 2016 in recognition of executive management's achievements in 2016.

Adopted the Incentive Compensation Recoupment Policy in November 2015 for executive officers, which has a broader application than the clawback requirements under the Sarbanes-Oxley Act.

Benchmarking Our Program Against Peers

To gauge marketplace compensation levels and practices in the fall of 2015 to determine 2016 compensation, the Compensation Committee worked with the Company's Human Resources and Law departments to conduct a marketplace analysis of our executive compensation practices and pay levels against a group of publicly traded companies that we refer to as the "Compensation Peer Group." The Compensation Committee also worked with Board Advisory, LLC, an independent executive

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

compensation consultant, which provided guidance on the peer group selection and the overall competitive pay methodology. Board Advisory was selected by the Compensation Committee based on recommendations from outside legal counsel. Board Advisory's fees for 2016 executive compensation consulting (which occurred in 2015) were approximately \$14,625.

The Compensation Peer Group, which the Compensation Committee annually reviews and updates, consists of a group of companies that:

we compete against for talent,

are in our industry or a similar industry, or

have broadly similar revenues and employee population.

Our Compensation Peer Group primarily consists of small and mid-sized U.S.-based government contractors. Compared to the 2015 Peer Group, the 2016 Peer Group was updated, with input from Board Advisory, to reflect the applicable aerospace and defense industry peers that are within the Company's revenue range and market capitalization parameters commonly used by public companies to identify peers. Based on the Global Industry Classification Standard code 20101010 and/or revenue information available at the time of analysis in fall of 2015, (i) the following companies were removed from the Company's prior peer group: AAR Corp., AeroVironment, Inc., American Science & Engineering, Inc., CACI International Inc., Curtiss-Wright Corp., Harris Corporation, Mantech International Corporation, Mercury Systems, Inc., Moog Inc., and Teledyne Technologies, Inc.; and (ii) the following companies were added to the Company's peer group: Astronics Corporation, Engility Holdings, Inc., HEICO Corp., and Vectrus, Inc. As noted above, the Compensation Peer Group also includes companies that competed in Kratos' industries at the time of evaluation: Comtech Telecommunications Corp., FLIR Systems, Inc., iRobot Corporation, Microsemi Corporation, ViaSat, Inc., and VSE Corporation. Telecommunications Systems was added to the 2016 Peer Group because its business includes public safety and security and satellite equipment and monitoring focuses, similar to Kratos. We rely upon the compensation data gathered from the Compensation Peer Group to represent the competitive market for executive talent for Kratos executives. The Compensation Committee strives to establish compensation for the Company's executive officers within the mid-range of the executive compensation of the Compensation Peer Group, taking into consideration: outliers in the Compensation Peer Group data, the mix of business focus for the respective officers (products versus services or commercial versus government customers), total enterprise value, and the number of duties, roles, and responsibilities of each executive officer.

Targeted Pay Mix		

Consistent with the pay philosophy approved by the Compensation Committee, our pay mix at target (shown below for our Chief Executive Officer and other named executive officers) involves a compensation mix (at target) that is largely incentive based. The charts below include fiscal year 2016 base salary, target annual incentive, target long-term incentive cash, and target values for equity incentives granted in fiscal year 2016. The charts below illustrate how the mix of total direct compensation for our named executive officers emphasizes variable compensation with a significant focus on long-term incentives tied to our long-term share value.

2016 Chief Executive Officer Target Compensation Mix

2016 Other Named Executive Officer Target Compensation Mix

Elements of the Executive Compensation Program

There are four principal elements of our Executive Compensation Program. Collectively, our Compensation Committee believes that these elements deliver an executive compensation package that achieves the program's three objectives: build long-term stockholder value; drive sustained, strong business and financial results; and attract, motivate and retain a highly qualified and effective management team to drive our financial and operational performance. The compensation program the Compensation Committee implemented for fiscal year 2016 reflects a continued focus on simple, transparent, and performance-based compensation that takes into account stockholder feedback gained through our stockholder engagement efforts over the past four years.

Base Salary	Compensation Committee considers base salaries paid by companies in the Compensation Peer Group and survey data and uses the 50 th percentile as a guideline.	Cash	Provides a stable source of income and is a standard compensation element in executive compensation packages.

Target incentive opportunity is set as a percentage of base salary.	Cash	Payout is based on profitability, growth, operational performance during the fiscal year, and achievement of specifically stated non-financial objectives that are typically based on successful execution of the Company's strategic plan. The Compensation Committee also made the decision in May 2016 that future grants of performance-based RSUs to executives would include a sustained 20 consecutive trading day period share price increase requirement; and the Chief Executive Officer agreed to apply such requirement retroactively to the unvested portions of his January 1, 2015 and January 4, 2016 performance-based RSU grants. The other approximately 50% of equity awards granted in 2016 vest 100% on the five-year anniversary of the date of grant with a subsequent five-year holding period for the Chief Executive Officer. Base Salary

Base salary is the only fixed element of our executive officers' target total direct compensation and is based on historic base salary levels and base salaries paid to executives in comparable positions at the Compensation Peer Group companies. In the fall of each year, the Compensation Committee reviews the base salary for each of our executive officers and determines whether any adjustments are necessary based on an executive officer's level of responsibility, changes in duties, individual performance and achievements, success in contributing to our short-term and long-term objectives, as well as any unique challenges faced by the Company, internal pay equity, changes in the competitive marketplace and taking into account the compensation practices of the Compensation Peer Group companies. The factors that the Company's Chief Executive Officer takes into consideration in reaching his recommendation for compensation for each of the named executive officers (other than the Chief Executive Officer) include the size of the organization (revenues, operating income, headcount, etc.) the named executive officer manages and the accomplishments of the named executive officer during the most recent period, including contract awards, bid and proposal pipeline, integration of acquisitions, margin improvement, cost containment, and strategic positioning for future growth opportunities, among other factors. The Chief Executive Officer also reviews the size of peer companies and the size of similar and related peer companies' organizations as related to the named executive officers of the organization. The base salary of our Chief Executive Officer is reviewed and recommended by the Compensation Committee acting in consultation with the other independent members of our Board.

In November 2015, the Compensation Committee applied the same compensation principles as in previous years for 2016 and continued to focus on pay for performance. Although there were many valuable achievements in 2015, these successes were not reflected in the Company's total stockholder returns in 2015. The Company's financial results during 2015 were adversely impacted by continuing U.S. federal government contracting industry challenges, including sequestration, a challenging DoD budgetary environment, a defense industry contraction, coupled with the Company's discretionary strategic investments in key priority potential growth areas of unmanned systems, satellite communications, technology and training solutions, and microwave products. Accordingly, base compensation for Kratos' Chief Executive Officer and almost all other of the executive officers for 2016 was frozen at 2014 levels (with the exception of Mr. Carrai and Mr. Adelman, who were awarded increases in base salaries in 2015 and therefore 2016 base salaries were frozen at 2015 levels) the third base salary freeze for all executive officers, with the exception of Messrs. Carrai and Adelman, since 2013.

The base salary increases provided to our named executive officers were all 0%, as all base salaries were frozen at 2015 levels. Our named executive officers' annual base salaries in 2015, the percentage of target total direct compensation represented by the base salaries, and annual base salaries for 2016 are as follows:

Named Executive Officer	2015 Base Salary (\$)	Percent of Total Target Direct Compensation	2016 Base Salary (\$)	Percent Change from 2015
Eric DeMarco	760,000	32.0%	760,000	0.0%
Deanna Lund	460,000	36.9%	460,000	0.0%
Jonah Adelman	350,000	54.4%	350,000	0.0%

Phillip Carrai	450,000	42.9%	450,000	0.0%

Target Annual Bonus

Our Annual Bonus Plan rewards executive officers for performance relative to key financial measures that drive value for stockholders. At the beginning of each year, the Chief Executive Officer determines specific financial performance targets for all executives (excluding himself) based on the annual operating plan ("AOP") for the Company and the applicable business division. In addition, the Chief Executive Officer establishes specific business and strategic objectives that are measured at the end of the year for attainment. All executive officers have the opportunity to receive incentive compensation in the form of annual bonuses of cash based upon the achievement of certain individual and Company performance objectives during the fiscal year. Typically, target cash bonus awards are based upon a percentage of the executive's salary and range from 30% to 100% of the executive's salary. In determining the appropriate level of target bonus for each executive, the Compensation Committee considers the recommendation of the Chief Executive Officer and other information collected from public sources for similar positions at peer companies. Under the bonus plan, a majority of each executive's target bonus amount is based on goals related to the Company's achievement of specific financial targets for the fiscal year, which typically include a combination of adjusted EBITDA, operating cash flow, DSOs, revenues, backlog, bookings, gross margins, and other key financial metrics of the business, while the remaining portion of the bonus is based on specific individualized operational and strategic objectives. The Company's fiscal year 2016 AOP was prepared by the Company in October 2015 and approved by the Board in November 2015. The fiscal year 2016 AOP was prepared during a time when there was continued significant uncertainty around DoD budgetary funding and the defense industry contraction; and during a federal government Continuing Resolution Authorization ("CRA"), meaning no U.S. federal budget was in place. Consequently, the fiscal year 2016 AOP ultimately included aggressive revenue, adjusted EBITDA, and operating cash flow targets as related to fiscal year 2016 annual incentive compensation purposes, based upon ultimate 2016 federal funding.

As previously noted, the Company's primary marketplace has continued to be under extreme pressure since the Budget Control Act of 2011, which significantly reduced U.S. federal government and DoD discretionary spending. The Compensation Committee has attempted to take into consideration this continuing challenging market environment when setting the Company's AOP financial targets. Accordingly, as the Company's primary marketplace has seen significantly reduced funding, this continuing challenging budgetary environment has been reflected in the Company's 2016 AOP targets which include revenues of \$645.5 million, adjusted EBITDA of \$40 million and cash flow generation from operations of \$12.2 million. The primary drivers for the change in the AOP targets of revenues of \$645.5 million and adjusted EBITDA of \$40 million for 2016, as compared to the 2015 target of revenues of \$670 million and adjusted EBITDA of \$50 million, include: (1) the change in strategic focus in 2015 to only selectively bid on larger critical infrastructure deployments, and the run off of backlog related to larger sized projects at lower margin rates; (2) the reduced demand for the

Company's specialized modular systems due to the budgetary environment and budgetary cuts, which especially impacted our modular systems business significantly; and (3) the change in timing of the expected production of certain unmanned aerial target systems in the Company's unmanned systems business.

In order to be eligible to receive an award on the financial targets, comprising 60% to 75% of the executive's total incentive compensation, minimum performance levels of 90% of EBITDA targets must be achieved. Corporate executive officers are measured by the Company's EBITDA, and operational executive officers are measured by their respective business division's EBITDA. Once financial targets are achieved, the executive will typically receive a pro rata percentage of his or her bonus target based on linear interpolation. Key non-financial focus areas and additional substantive targets set by the Compensation Committee, as directly related to the achievement of 2016 Incentive Bonus Compensation and the Company's long term strategy, which management successfully executed, included:

Successfully managed the Company through significantly declining U.S. federal government and DoD budgets, realizing a return to revenue growth in 2016, for the first time since fiscal 2012. The Company's revenue grew from \$657.1 million in 2015 to \$668.7 million, an increase of 1.8%.

Exceeded Company AOP revenues and adjusted EBITDA targets of \$645.5 million and \$40 million, with reported revenues and adjusted EBITDA of \$668.7 million and \$45 million, respectively. The Company did not achieve its operating cash flow target of \$12.2 million due primarily to the delay of achievement in certain contractual billing milestones, which are now expected to be achieved in 2017.

Continued to diversify the Company's business, whereby approximately 40% of Kratos' current revenues are generated from non-U.S. federal government customers, including commercial or international customers, as compared to approximately 25% in 2011.

Made important progress in large, new growth and opportunity areas, including unmanned systems, microwave products and satellite communications, technology and training solutions. Specifically, in 2016 we were awarded each of the high performance unmanned aerial system procurements that we were actively pursuing. We were awarded the Phase 1 DARPA Gremlins contract and the AFRL LCASD contract during 2016. In addition, we were awarded the contract from the DIUx to integrate certain sensors on our Mako internally developed unmanned aircraft to demonstrate flight and system integration in a large, complex exercise in 2017.

Remained at the forefront of the DoD's Third Offset Strategy during the past three years, finding new and technologically "leap frogging" systems for the U.S. warfighter and the Government industry partnership initiative, including as related to the Company's Mako. The Company believes that its ability to design, develop and produce high performance low-cost aerial systems in a short period of time as demonstrated with its internally developed Mako was beneficial in the DARPA Gremlins and AFRL LCASD procurement awards.

Successfully retained the Company's existing Intellectual Property and Data Rights in its unmanned aerial systems.

Made targeted investments in strategic focus areas in the electronic products, unmanned systems and satellite communications, technology and training solutions divisions with potential long-term growth prospects. The benefit resulting from certain of these investments helped drive the year-over-year growth of 10.4% from 2015 to 2016 in the Company's largest business, its satellite communications, technology and training solutions business, which generated revenues of \$257 million in 2016. The demand, growth and product mix in this business was the primary driver of the Company's overachievement of its AOP revenue and adjusted EBITDA targets for 2016.

Positioned the Company's satellite communications, technology and training solutions business for continued growth in 2017 with contract awards during 2016, including a contract in excess of \$20 million to develop and deliver KC-46 Pegasus tanker high-fidelity maintenance training systems and a \$54 million contract award to provide the Marine Corp Common Aircrew Trainer ("MCATs") to the United States Marine Corps. In addition, the Company's training solutions business is currently pursuing a single-award \$75 million opportunity, which is expected to be awarded in September 2017. If the Company is successful in this award, the forecasted growth is expected to be accelerated.

Reduced overall indebtedness by \$14.5 million through the redemption of the Company's Senior Notes, which equates to a reduction of approximately \$1.0 million of annual cash interest.

Continued aggressive management of the cost components of the Company, including headcount and facilities costs. The Company also consolidated its manufacturing facilities for its Modular Systems business by closing its facilities in South Carolina to improve manufacturing efficiencies, operational performance, profit margins and cash flow.

The Compensation Committee and/or our Chief Executive Officer retain wide discretion to interpret the terms of the cash bonus plan and to identify the extent to which an individual's performance objectives have been met in any particular fiscal year. The Compensation Committee and/or the Chief Executive Officer also retain the right to exclude extraordinary charges or other special circumstances in determining whether the objectives were met during any particular fiscal year and may decide to grant 100% of the targeted cash bonus award, even if the financial targets do not fall within the specified range, based upon an evaluation of business conditions, industry trends, and additional accomplishments achieved. Based on a 40/60 allocation of non-financial and strategic achievements versus financial achievements for corporate named executive officers, the Compensation Committee made the decision to grant 100% of the non-financial achievements (or 40% of the targeted cash bonus award) and 58.3% of the financial achievements (or 35% of the targeted cash bonus award), for an aggregate 75% of the total targeted cash bonus award for the corporate named executive officers. The 58.3% of the financial achievements reflects the achievement of the targeted revenues and adjusted EBITDA and reflects the non-achievement of the operating cash flow target. The full 40% of the targeted cash bonus award for non-financial and strategic achievements was awarded to the corporate named executive officers in recognition of the accomplishments discussed above and the individual non-financial goals and objectives set forth and achieved for the named executive officers for fiscal year 2016. The operational named executive officers' 2016 cash bonus was based on a 25/75 allocation of non-financial and strategic achievements versus financial achievements for each executive's respective business division.

The Compensation Committee has established the non-financial and strategic achievements at 40% for the corporate named executive officers, as compared to 25% for the operational named executive officers, to reflect the additional responsibilities of the corporate named executive officers. The corporate named executive officers must establish, set and execute the Company's overall strategy, manage the corporate capital structure, and interface and maintain relations with the Company's stakeholders, including but not limited to stockholders, bondholders, rating agencies, and appropriate Congressional contacts. The Compensation Committee believes that the 40% allocated to the corporate named executive officers' non-financial and strategic achievements appropriately reflects the measurement of these objectives, which may not be as easily measured with a pure financial target. These achievements are typically assessed based on milestones accomplished and an overall assessment of progress towards execution of those objectives.

In addition, the Compensation Committee and/or Chief Executive Officer may approve bonuses outside of the cash bonus plan. For example, the Compensation Committee and/or Chief Executive Officer may approve bonus awards in connection with an executive officer's efforts and

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

accomplishments with respect to our strategic initiatives and milestones, and such bonus awards may overlap with or be in addition to bonus awards under the cash bonus plan. No such bonuses were awarded for 2016 performance.

Below is a summary of the target awards, maximum awards and actual cash awards paid to the named executive officers for 2016.

Named Executive Officer	Award Targets		2016 Actual Cash	
	Target (\$)	Maximum (\$)	Payout as a % of Target	2016 Actual Cash Payout Amount (\$)

Despite the requirement that 90% of the business division's adjusted EBITDA must be achieved in order for an operational named executive officer to be paid on all other financial target achievements, the Compensation Committee made the decision to award Mr. Adelman for the other financial targets that were achieved for the Microwave Electronics division. Although 90% of the adjusted EBITDA target was not achieved, important strategic achievements were accomplished in this business, including significant bookings with key strategic customers and product technological advancements. The Compensation Committee took into consideration the delays in estimated production contracts for the Microwave Electronics division and the other financial achievements and non-financial achievements in this business.

Consistent with its belief that equity ownership by executive officers provides important incentives to make decisions and take actions that maximize long-term stockholder value, the Compensation Committee granted RSUs in January 2016 to the named executive officers as set forth in the table below.

2016 RSU Grants

(1)

Mr. DeMarco's RSU awards are also subject to a five year holding period, under which the common stock underlying such RSUs will not be issued and released until five years from the applicable vesting date.

(2)

In addition to the 30,000 RSUs granted to Mr. Beaman in January 2016, Mr. Beaman was also granted 50,000 RSUs on August 5, 2016 in recognition of the Company's successful award of the LCASD AFRL contract.

In 2016, our performance-based RSU awards vest 20% for each 10% increase in Kratos' closing stock price (above the grant date price of \$4.07) that occurs within 10 years from the grant date. For instance, upon the Company's common stock reaching \$4.48 per share, or a 10%

increase from the

grant date closing share price, 20% of the performance-based RSU award will vest. Upon the Company's common stock price reaching \$4.88, an additional 20% of the performance-based RSU award will vest. Upon the Company's common stock price reaching \$5.29, an additional 20% of the performance-based RSU award will vest. Upon the Company's common stock price reaching \$5.70, an additional 20% of the performance-based RSU award will vest. Upon the Company's common stock price reaching \$6.11, the performance-based RSU award will fully vest. In summary, full vesting of the performance-based RSU award will occur upon the Company's common stock price reaching \$6.11, or a 50% increase from the grant date market price of \$4.07. During 2016, each of these performance-based RSU market prices were achieved and therefore were vested and released for all executive officers, with the exception of the Chief Executive Officer who is subject to a five-year holding period and who agreed in May 2016 to apply a sustained 20 consecutive trading day Kratos common stock closing price requirement retroactively to the unvested portions of his January 4, 2016 restricted stock unit grants that vest upon the achievement of certain Kratos common stock closing prices.

The time-based RSU awards cliff vest 100% at the end of five years for executive officers, which the Compensation Committee believes provides a strong retention tool. Additionally, the Chief Executive Officer's RSU award in 2016 is subject to a five-year holding period under which the common stock underlying the RSUs will not be issued and released until after five years from the vesting date. The Compensation Committee mandated that the Chief Executive Officer's RSUs be subject to a five-year holding period, as the Committee believes that this five-year vesting term plus five-year holding period truly aligns the Chief Executive Officer's interests with the Company's long-term strategy and related value creation for the stockholders of the Company. The Compensation Committee took such actions to more closely align the Chief Executive Officer's compensation with the long-term strategy of the Company and its stockholders, recognizing that the successful execution of the Company's strategy is being impacted by overall extended adverse industry factors such as the Budget Control Act, sequestration, numerous and extended Continuous Resolutions, increased competition and competitor bid protest activity and an overall extremely challenging Federal Government and DoD Budgetary environment.

In 2017, the Compensation Committee granted RSUs similar to the 2016 awards to the named executive officers as set forth in the table below. The 2017 performance-based RSUs vest 20% for every 10% increase in the Company's common stock (above the grant date price of \$7.51) that occurs within 10 years from the grant date (provided that such increase in the closing market price of Company common stock is sustained for twenty consecutive trading days, and certain other conditions are met), align executive officer interest with the Company's stock performance. The time-based RSUs align executive officer and stockholder long-term interests with five-year cliff vesting for the named executive officers. Additionally, the Chief Executive Officer's RSU awards in 2017 are subject to a

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

five-year holding period under which the common stock underlying the RSUs will not be issued and released until after five years from the vesting date.

2017 RSU Grants

Named Executive Officer	No. of Time-based RSUs	Vesting Schedule	No. of Performance- Based RSUs	Vesting Schedule
Eric DeMarco(1)	150,000	100% 5 year cliff vest	150,000	20% vest for every 10% increase in stock price (sustained for 20 consecutive trading days) from grant price of \$7.51
Deanna Lund	62,500	100% 5 year cliff vest	62,500	20% vest for every 10% increase in stock price (sustained for 20 consecutive trading days) from grant price of \$7.51
Jonah Adelman	15,000	100% 5 year cliff vest	15,000	20% vest for every 10% increase in stock price (sustained for 20 consecutive trading days) from grant price of \$7.51

(1) As discussed above, Mr. DeMarco's RSUs granted in 2017 are subject to a five-year holding period, in addition to the vesting provisions noted above.

(2) Mr. Beaman retired from the Company in January 2017, so he did not receive RSU grants in 2017.

Executive Benefits and Perquisites

All of our executives are eligible to participate in our employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all eligible employees on an equal basis. It is generally our policy not to extend significant perquisites to executives that are not available to employees generally. We sponsor no pension plans or nonqualified deferred compensation plans. We have no current plans to make changes to levels of benefits and perquisites provided to executives.

Change in Control and Severance Benefits

Pursuant to employment agreements with Mr. DeMarco, Mr. Beaman, and Mr. Carrai, and a severance and change in control agreement with Ms. Lund, we provide these officers the opportunity to receive additional compensation and benefits in the event of their termination under certain circumstances or upon a change in control of the Company. Severance and change in control provisions are summarized below in the section entitled "Employment Agreements; Potential Payments Upon Termination or Change in Control." The Compensation Committee's analysis indicates that our severance and change in control provisions are consistent with the provisions and benefit levels of other companies disclosing such provisions as reported in public SEC filings. We believe that our severance and change in control arrangements with our executive officers are reasonable and within the range offered by peer companies.

Risks Related to Compensation Policies and Practices

The Compensation Committee has considered whether the Company's overall compensation program for employees in 2016 creates incentives for employees to take excessive or unreasonable risks that could materially harm the Company. We believe that several features of our compensation policies for management employees appropriately mitigate such risks, including a mix of long and short term compensation incentives that we believe is properly weighted, the uniformity of compensation policies across the Company, and the use of our 2015 business plan, which the Compensation Committee regards as setting an appropriate level of risk taking for the Company as a baseline for our annual incentive plan targets. We also believe the Company's internal legal and financial controls appropriately mitigate the probability and potential impact of an individual employee committing the Company to a harmful long term business transaction in exchange for short term compensation benefits. The Compensation Committee believes that the risks inherent with the vesting provisions of certain of the 2016 RSU grants that vest upon the increase of the Company's stock price are mitigated by the balance of the overall compensation package of the executive officers, as well as the long-term vesting of the RSUs granted in prior periods that require sustainability of the stock price and other long-term growth factors.

(1) Represents cash bonus awards to named executive officers earned in the referenced fiscal year as set forth above. Annual cash bonus awards under Kratos' cash bonus plans are typically paid based on the achievement of certain objectives approved by the Compensation Committee as described in further detail above.

(2) The amounts shown equal the fair value of RSU awards at the date of grant. The value is calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation ("Topic 718"). We caution that the amount ultimately realized from the RSU awards will likely vary based on a number of factors, including our actual operating performance, stock price fluctuations and the timing of sales. A discussion of the assumptions used in calculating the grant date fair value of the RSUs is set forth in Note 10 of the Notes to Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 25, 2016 filed with the SEC on February 27, 2017.

(3) On December 31, 2014, Mr. DeMarco forfeited 15,000 of the RSUs granted in 2014, as reflected in a reduction in Stock Awards by \$119,100. On October 16, 2015, Mr. DeMarco forfeited 51,152 of the stock options granted in 2013, as reflected in a

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

reduction in Option Awards by \$135,497. The fair value of such forfeited awards is calculated in accordance with Topic 718. The assumptions on which this valuation is based are set forth in Note 10 to the audited financial statements included in the Company's Annual Report on Form 10-K filed with the SEC on February 27, 2017.

- (4) Represents the cash payout of \$58,462, \$29,231 and \$29,231 for paid time off for 2016, 2015 and 2014, respectively; and the Company's matching contribution to the 401(k) plan of \$7,959 in 2016, \$11,925 in 2015 and \$11,700 in 2014.

Employment Agreements; Potential Payments Upon Termination or Change in Control

In addition to other compensation arrangements described elsewhere in this proxy statement, we have entered into agreements with our named executive officers as follows:

Employment Agreement with Eric DeMarco

On November 14, 2003, we entered into an Executive Employment Agreement with Mr. DeMarco, which was subsequently amended and restated, most recently on August 4, 2011 (as amended, the "DeMarco Agreement"). Among other things, the terms of the DeMarco Agreement provide for Mr. DeMarco's compensation, eligibility to receive annual incentive awards and to participate in long term incentive, employee benefit and retirement programs.

In the event that Mr. DeMarco is terminated without cause or upon a change of control followed by a triggering event, he will be entitled to receive a lump sum payment equal to the sum of three times his current base salary, plus three times his maximum target bonus potential for the year in which he was terminated, less any bonus amounts already received for such year, accelerated vesting of all equity awards and participation for Mr. DeMarco and his dependents in our employee health care program for three years or, if earlier, until Mr. DeMarco procures health care coverage through another employer. Receipt of the foregoing severance compensation is conditioned upon, among other things, Mr. DeMarco's compliance with the one year post-termination non-solicitation provision set forth in the DeMarco Agreement and execution of a full general release releasing the Company from all claims the executive may have against the Company. For the avoidance of doubt, Mr. DeMarco's entitlement to the severance compensation described above shall remain in full force and effect in the event of a change of control of the Company. Additionally, in the event that there is a termination without cause or change of control of the Company, Mr. DeMarco shall be entitled to accelerated vesting of 100% of all outstanding and unvested equity awards.

The timing of severance payments and benefits under the DeMarco Agreement may be deferred to avoid incurring additional taxes and penalties pursuant to Section 409A of the Code. Mr. DeMarco's employment agreement also provides that such severance payments are generally subject to certain gross-up provisions in the event that they are characterized as "excess parachute payments" within the meaning of Section 280G of the Code ("Section 280G").

The vesting terms of Mr. DeMarco's RSUs and stock options are governed by the agreements under which each RSU and stock option was granted; and pursuant to such RSU and stock option agreements, Mr. DeMarco's unvested RSUs and stock options will vest in the event of a termination of service without cause, a change of control, and death. Assuming a termination without cause or other triggering event had occurred on December 25, 2016, this provision would have resulted in accelerated vesting of unvested equity awards valued at \$7,243,033.

If Mr. DeMarco had been terminated on December 25, 2016 without cause or in connection with a change in control, he would have received the following benefits under his employment agreement; (i) a lump sum payment of \$4,560,000, equal to three times his current base salary and three times his maximum target bonus potential for the year; (ii) the accelerated vesting of his RSU awards and stock options with an aggregate market value on December 25, 2016 of \$7,243,033; (iii) continued participation by Mr. DeMarco and his family in the Company's group health insurance benefits on the same terms as during his employment until the earlier of three years following his termination or procurement of health care coverage through another employer, provided that if the Company's insurance carrier will not allow for such benefits continuation the Company shall pay the premiums required to continue Mr. DeMarco's group health care coverage during the period under the applicable provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), with an aggregate annual cost of \$26,938.

For purposes of the DeMarco Agreement, the terms "cause," "change of control" and "triggering event" have the following meanings:

Cause. As defined more completely in the executive's employment agreement, "cause" means (i) acts or omissions constituting gross negligence, recklessness or willful misconduct on the part of executive with respect to executive's obligations or otherwise relating to the business of the Company, (ii) executive's material breach of the agreement or the Company's standard form of confidentiality agreement, (iii) executive's conviction or entry of a plea of nolo contendere for fraud, misappropriation or embezzlement, or any felony or crime of moral turpitude; or (iv) executive's willful neglect of his duties or poor performance.

Change of Control. As defined more completely in the executive's employment agreement, "change of control" means any one of the following occurrences: (i) any person (other than persons who are employed by the Company or its affiliates at any time more than one year before a transaction) becomes the "beneficial owner" within the meaning of Rule 13d-3 of the Exchange Act directly or indirectly, of Company securities representing 50% or more of the combined voting power of Company's then-outstanding securities, but only to the extent that such ownership constitutes a "change in the ownership" of Company within the meaning of U.S. Treasury Regulation Section 1.409A-3(i)(5)(v), (ii) during any consecutive one-year period following the date of the employment agreement, individuals who constituted the Board at the beginning of such period or their approved replacements (the "Beginning Board") cease for any reason to constitute a majority of the Board, but only to the extent that such acquisition constitutes a "change in the effective control" of Company within the meaning of Treasury Regulation Section 1.409A-3(i)(5)(vi), (iii) a merger or consolidation of Company with any other corporation unless: (a) the voting securities of Company outstanding immediately before the merger or consolidation would continue to represent at least 50% of the combined voting power of the voting securities of Company or such surviving entity outstanding immediately after such merger or consolidation; and (b) no acquiror becomes the "beneficial owner,"

directly or indirectly, of Company securities representing 50% or more of the combined voting power of Company's then outstanding securities, but only to the extent that such ownership constitutes a "change in the ownership" of Company within the meaning of U.S. Treasury Regulation Section 1.409A-3(i)(5)(v), and (iv) any person acquires all, or substantially all, of Company's assets, but only to the extent that such acquisition results in a "change in the ownership of a substantial portion" of Company's assets within the meaning of U.S. Treasury Regulation Section 1.409A-3(i)(5)(vii).

Triggering Event. As defined more completely in the executive's employment agreement, "triggering event" means (i) executive's termination from employment by the Company without cause, (ii) a material change in the nature of executive's job or responsibilities, or (iii) the relocation of executive's principal place of work to a location more than 30 miles from the location executive was assigned to immediately prior to the change of control, and such relocation results in executive's one-way commute to work increasing by more than 30 miles from the executive's principal place of residence as of immediately prior to the announcement of such relocation, and (iv) the Company's material breach of the agreement.

Severance and Change of Control Agreement with Deanna Lund

On March 28, 2005, we entered into a Severance and Change of Control Agreement with Ms. Lund, which was subsequently amended and restated, most recently on August 4, 2011 (as amended, the "Lund Agreement"). The terms of this amended and restated agreement provide that, upon a change of control of the Company, Ms. Lund shall be entitled to accelerated vesting of 100% of all of her outstanding and unvested stock options and other equity awards. In the event of a termination without cause, Ms. Lund shall be entitled to accelerated vesting of 100% of her outstanding and unvested stock options and other equity awards. The Lund Agreement also provides for severance payments to Ms. Lund as follows: (i) if Ms. Lund is terminated without cause prior to a change of control, she is entitled to (A) severance compensation equal to one year of her base salary then in effect and (B) if needed, continuation of her then current health insurance coverage at the same cost to her as prior to termination for a period of one year following termination, or (ii) if she terminates as a result of a triggering event after a change of control, she is entitled to: (A) severance compensation equal to two years of her base salary then in effect, plus her maximum potential bonus amount for two years and (B) if needed, continuation of her then current health insurance coverage at the same cost to her as prior to termination for a period of two years following termination or resignation. The definitions of cause, change of control and triggering event set forth in the Lund Agreement are consistent with the definitions set forth in the DeMarco Agreement, as described above.

The timing of severance payments and benefits under the Lund Agreement may be deferred to avoid incurring additional taxes and penalties pursuant to Section 409A of the Code. Ms. Lund's severance agreement also provides that such severance payments are generally subject to certain gross-up provisions in the event that they are characterized as "excess parachute payments" within the meaning of Section 280G.

The vesting terms of Ms. Lund's RSUs and stock options are governed by the agreements under which each RSU and stock option was granted; and pursuant to such RSU and stock option agreements, Ms. Lund's unvested RSUs and stock options will vest in the event of a termination of service without cause and a change of control. Assuming a termination without cause had occurred on December 25, 2016, this provision would have resulted in accelerated vesting of unvested equity awards valued at \$2,665,055.

Under the Lund Agreement, if Ms. Lund had been terminated without cause on December 25, 2016, she would have received the following benefits: (i) severance compensation equal to one year of her base salary then in effect, in the amount of \$460,000 and (ii) continuation of her then current health insurance coverage at the same cost to her as prior to her termination for a period of one year

following termination with an aggregate annual cost of \$18,643, and the accelerated vesting of her RSU and stock option awards with an aggregate market value on December 25, 2016 of \$2,665,055. If Ms. Lund terminated on December 25, 2016 as a result of a triggering event after a change of control she would have received the following benefits: (i) severance compensation equal to two years of her base salary and target bonus then in effect, in the amount of \$1,610,000, (ii) continuation of her then current health insurance coverage at the same cost to her as prior to her termination for a period of two years following termination totaling \$37,286, and (iii) the accelerated vesting of her RSUs and stock options with an aggregate market value on December 25, 2016 of \$2,665,055.

Employment Agreement with Jonah Adelman

There is no employment agreement between Mr. Adelman and the Company. The vesting terms of Mr. Adelman's RSUs are governed by the agreements under which each RSU was granted; and pursuant to such RSU agreements, certain RSUs granted to Mr. Adelman will vest in the event of a change in control. Assuming a change in control had occurred on December 25, 2016, this provision would have resulted in accelerated vesting of unvested equity awards valued at \$377,002.

Employment Agreement with Gerald Beaman

Mr. Beaman retired from the Company in January 2017. On August 5, 2016, we entered into an Employment Agreement with Mr. Beaman (the "Beaman Agreement"). Under the terms of the Beaman Agreement, Mr. Beaman's annual base salary was \$335,000 and Mr. Beaman was eligible for annual increases subject to the Company's then current compensation policies. In addition, Mr. Beaman was entitled to receive additional annual discretionary incentive compensation of up to 60% of his base salary. In the event of his termination without cause, the Beaman Agreement provided that Mr. Beaman shall be entitled to (i) continued payment of his base salary for a period of six months from the termination date and (ii) continued medical and dental benefits for him and his eligible family members at the same cost to him as prior to his termination for a period of six months following termination.

For purposes of the Beaman Agreement, cause was defined as (i) executive's misconduct; (ii) executive's violation of posted policy or rules of the Company; (iii) executive's willful refusal to follow the lawful directions given by the Company's Chief Executive Officer or executive's other direct supervisor from time to time or breach of any material covenant or obligation under the employment agreement or other agreement with the Company; (iv) executive's breach of the duty of loyalty to the Company that causes or is reasonably likely to cause injury to the Company; or (v) failure to timely secure or loss of any security clearance the Company deems necessary or desirable for the executive to perform the duties of the position.

The vesting terms of Mr. Beaman's RSUs and stock options are governed by the agreements under which each RSU and stock option was granted; and pursuant to such RSU and stock option agreements, certain RSUs and stock options granted to Mr. Beaman would have vested in the event of a termination of service without cause and/or a change of control. Assuming a change in control had occurred on December 25, 2016, this provision would have resulted in accelerated vesting of unvested equity awards valued at \$225,300. If Mr. Beaman had been terminated on December 25, 2016 without cause, Mr. Beaman's RSU agreement would have resulted in accelerated vesting of unvested equity awards valued at \$375,500, and the Beaman Agreement would have resulted in (i) severance compensation equal to \$167,500 to be paid over six months and (ii) continued medical and dental benefits for him and his eligible family members at the same cost to him as prior to his termination for a period of six months following termination with an aggregate annual cost of \$1,083.

Employment Agreement with Phillip Carrai

On January 17, 2014, we entered into an Employment Agreement with Mr. Carrai (the "Carrai Agreement"). Under the terms of the Carrai Agreement, Mr. Carrai's annual base salary is \$395,000, which is eligible for annual increases in accordance with the Company's then current compensation policies. In addition, Mr. Carrai is entitled to receive additional annual discretionary incentive compensation of up to 60% of his base salary. In the event of his termination without cause, the Carrai Agreement provides that Mr. Carrai shall be entitled to (i) continued payment of his base salary for a period of twelve months from the termination date and (ii) any incentive compensation earned as of the termination date. In addition, in the event Mr. Carrai is terminated without cause upon a change of control, Mr. Carrai is entitled to receive continued payment of his base salary for a period of twelve months.

For purposes of the Carrai Agreement, cause is defined as (i) executive's willful violation of posted policy or rules of the Company; (ii) executive's willful refusal to follow the lawful directions given by executive's direct supervisor or the President of the Company from time to time or breach of any material covenant or obligation under the employment agreement or other agreement with the Company; or (iii) executive's breach of the duty of loyalty to the Company that causes or is reasonably likely to cause injury to the company. The definition of a change of control set forth in the Carrai Agreement is consistent with the definition set forth in the DeMarco Agreement, as described above.

The vesting terms of Mr. Carrai's RSUs and stock options are governed by the agreements under which each RSU and stock option was granted; and pursuant to such RSU and stock option agreements, certain RSUs and stock options granted to Mr. Carrai will vest in the event of a termination of service without cause and/or a change of control. Assuming a change in control had occurred on December 25, 2016, this provision would have resulted in accelerated vesting of unvested equity awards valued at \$897,075. If Mr. Carrai had been terminated on December 25, 2016 without cause, he would have received severance compensation equal to \$450,000 to be paid over twelve months. If Mr. Carrai had been terminated on December 25, 2016 in connection with a change in control, he would have received the following benefits under his employment agreement: (i) severance compensation equal to twelve months of his base salary then in effect, which was \$450,000 annually; and (ii) the accelerated vesting of his RSU and stock option awards with an aggregate market value on December 27, 2015 of \$897,075.

On December 5, 2016, we entered into a new Employment Agreement with Mr. Carrai that became effective on January 1, 2017 (the "2017 Carrai Agreement") and provides for Mr. Carrai to continue to serve as President of the Company's Technology & Training Solutions Division through December 31, 2019. Under the 2017 Carrai Agreement, Mr. Carrai's base salary is \$450,000, which is eligible for annual increases in accordance with the Company's then current compensation policies. All other material terms of the 2017 Carrai Agreement are substantially similar to the Carrai Agreement.

All such fees are paid quarterly in arrears.

Except as noted below, Directors received 5,000 RSUs that vest 100% on the five year anniversary of the grant date and 5,000 RSUs that vest 20% for each 10% increase of the closing market price of the Company's common stock measured from the RSU grant date through the ten year anniversary. To further align pay and performance, in May 2016 the Compensation Committee decided that for any future restricted stock unit grants that vest based on a certain Company common stock closing price being achieved, the specified Company common stock closing price must be sustained for 20 consecutive trading days before a vesting event occurs, subject to the terms of the applicable award agreement. Such sustained trading requirement was implemented in the Directors' 2017 RSU awards. Mr. Carano declines RSU awards from the Company.

Our directors also receive reimbursement for all out-of-pocket expenses related to their duties, including, but not limited to, travel, car rental and lodging fees.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than ten percent (10%) of a registered class of our equity securities (the "Reporting Persons") to file reports regarding their ownership and changes in ownership of our securities with the SEC, and to furnish us with copies of all Section 16(a) reports that they file.

To the best of our knowledge and based solely upon our review of the copies of such reports furnished to us for the fiscal year ended December 25, 2016 and the information provided to us by the Reporting Persons, we believe that all Reporting Persons complied with Section 16(a) during the 2016 fiscal year, except that one Form 4 for each of Mr. Beaman, Mr. Goodwin, Ms. Lund, and Mr. Mills were filed late.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are the Company's stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Kratos Defense & Security Solutions, Inc., c/o Corporate Secretary, 4820 Eastgate Mall, Suite 200, San Diego, California 92121 or call Investor Relations at (858) 812-7300. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their brokers.

STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in our proxy statement and for consideration at our next annual meeting of stockholders. To be eligible for inclusion in our 2018 proxy statement, a stockholder's proposal must be received by us no later than December 15, 2017 and must otherwise comply with Rule 14a-8 under the Exchange Act. Any stockholder proposal received after December 15, 2017 will be considered untimely, and will not be included in our proxy materials for our 2018 annual meeting of stockholders. In addition, stockholders interested in submitting a proposal outside of Rule 14a-8 must properly submit such a proposal in accordance with our Bylaws.

Pursuant to the terms of our Bylaws, stockholders wishing to submit proposals or director nominations for consideration at our annual meeting of stockholders must provide advance notice in writing to our Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 120 days prior to the date on which we first mailed our notice of the meeting for the previous year's annual meeting of stockholders, or not later than the tenth day following the date on which we mail the notice of meeting for the current year if during the prior year we did not hold an annual meeting or if the date of the annual meeting was changed more than 30 days from the prior year, or in the event of a special meeting. Stockholders are advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations. Therefore, to be presented at our 2018 annual

meeting, such a proposal must be received by the Company not later than the close of business on December 15, 2017.

While our Board will consider proper stockholder proposals that are properly brought before the annual meeting, we reserve the right to omit from our 2018 proxy statement stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8 thereunder.

ANNUAL REPORT

Our 2016 Annual Report on Form 10-K accompanies the proxy materials being provided to all stockholders. We will provide, without charge, additional copies of our 2016 Annual Report on Form 10-K upon the receipt of a written request by any stockholder.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at our Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board

President and Chief Executive Officer

KRATOS DEFENSE & SECURITY SOLUTIONS, INC.

AMENDED AND RESTATED
EMPLOYEE STOCK PURCHASE PLAN

ADOPTED BY THE BOARD OF DIRECTORS ON AUGUST 16, 1999
APPROVED BY THE STOCKHOLDERS ON SEPTEMBER 9, 1999
AMENDED AND RESTATED AS OF MARCH 17, 2010
AMENDED AS OF MAY 27, 2011
AMENDED AS OF MAY 23, 2012
AMENDED AS OF MAY 22, 2013
AMENDED AS OF _____, 2017

1. PURPOSE.

(a) The purpose of this Employee Stock Purchase Plan (the "Plan") is to provide a means by which employees of Kratos Defense & Security Solutions, Inc., a Delaware corporation (the "Company"), and its Affiliates, as defined in subparagraph 1(b), which are designated as provided in subparagraph 2(b), may be given an opportunity to purchase stock of the Company.

(b) The word "Affiliate" as used in the Plan means any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f), respectively, of the Internal Revenue Code of 1986, as amended (the "Code").

(c) The Company, by means of the Plan, seeks to retain the services of its employees, to secure and retain the services of new employees, and to provide incentives for such persons to exert maximum efforts for the success of the Company.

(d) The Company intends that the rights to purchase stock of the Company granted under the Plan be considered options issued under an "employee stock purchase plan" as that term is defined in Section 423(b) of the Code.

2. ADMINISTRATION.

(a) The Plan shall be administered by the Board of Directors (the "Board") of the Company unless and until the Board delegates administration to a Committee, as provided in subparagraph 2(c). Whether or not the Board has delegated administration, the Board shall have the final power to determine all questions of policy and expediency that may arise in the administration of the Plan.

(b) The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine when and how rights to purchase stock of the Company shall be granted and the provisions of each offering of such rights (which need not be identical).

(ii) To designate from time to time which Affiliates of the Company shall be eligible to participate in the Plan.

(iii) To construe and interpret the Plan and rights granted under it, and to establish, amend and revoke rules and regulations for its administration. The Board, in the exercise of this power, may correct any defect, omission or inconsistency in the Plan, in a manner and to the extent it shall deem necessary or expedient to make the Plan fully effective.

(iv) To amend the Plan as provided in paragraph 13.

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

(v) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and its Affiliates and to carry out the intent that the Plan be treated as an "employee stock purchase plan" within the meaning of Section 423 of the Code.

(c) The Board may delegate administration of the Plan to a Committee composed of one (1) or more members of the Board (the "Committee"). If administration is delegated to a Committee, the Committee shall have, in connection with the administration of the Plan, the powers theretofore possessed by the Board, subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may abolish the Committee at any time and revert in the Board the administration of the Plan.

(d) Any interpretation of the Plan by the Board of any decision made by it under the Plan shall be final and binding on all persons.

3. SHARES SUBJECT TO THE PLAN.

(a) Subject to the provisions of paragraph 12 relating to adjustments upon changes in stock, the stock that may be sold pursuant to rights granted under the Plan shall not exceed in the aggregate eight million two hundred ten thousand (8,210,000) shares of the Company's common stock (the "Common Stock"). If any right granted under the Plan shall for any reason terminate without having been exercised, the Common Stock not purchased under such right shall again become available for the Plan.

(b) The stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

4. GRANT OF RIGHTS; OFFERING.

(a) The Board or the Committee may from time to time grant or provide for the grant of rights to purchase Common Stock of the Company under the Plan to eligible employees (an "Offering") on a date or dates (the "Offering Date(s)") selected by the Board or the Committee. Each Offering shall be in such form and shall contain such terms and conditions as the Board or the Committee shall deem appropriate, which shall comply with the requirements of Section 423(b)(5) of the Code that all employees granted rights to purchase stock under the Plan shall have the same rights and privileges. The terms and conditions of an Offering shall be incorporated by reference into the Plan and treated as part of the Plan. The provisions of separate Offerings need not be identical, but each Offering shall include (through incorporation of the provisions of this Plan by reference in the document comprising the Offering or otherwise) the period during which the Offering shall be effective, which period shall not exceed twenty-seven (27) months beginning with the Offering Date, and the substance of the provisions contained in paragraphs 5 through 8, inclusive.

(b) If an employee has more than one (1) right outstanding under the Plan, unless he or she otherwise indicates in agreements or notices delivered hereunder, a right with a lower exercise price (or an earlier-granted right if two (2) rights have identical exercise prices), will be exercised to the fullest possible extent before a right with a higher exercise price (or a later-granted right if two (2) rights have identical exercise prices) will be exercised.

5. ELIGIBILITY.

(a) Rights may be granted only to employees of the Company or, as the Board or the Committee may designate as provided in subparagraph 2(b), to employees of any Affiliate of the Company. Except as provided in subparagraph 5(b), an employee of the Company or any Affiliate shall not be eligible to be granted rights under the Plan unless, on the Offering Date, such employee has been in the employ

of the Company or any Affiliate for such continuous period preceding such grant as the Board or the Committee may require, but in no event shall the required period of continuous employment be greater than two (2) years. In addition, unless otherwise determined by the Board or the Committee and set forth in the terms of the applicable Offering, no employee of the Company or any Affiliate shall be eligible to be granted rights under the Plan unless, on the Offering Date, such employee's customary employment with the Company or such Affiliate is for at least twenty (20) hours per week and at least five (5) months per calendar year.

(b) The Board or the Committee may provide that each person who, during the course of an Offering, first becomes an eligible employee of the Company or designated Affiliate will, on a date or dates specified in the Offering which coincides with the day on which such person becomes an eligible employee or occurs thereafter, receive a right under that Offering, which right shall thereafter be deemed to be a part of that Offering. Such right shall have the same characteristics as any rights originally granted under that Offering, as described herein, except that:

(i) the date on which such right is granted shall be the "Offering Date" of such right for all purposes, including determination of the exercise price of such right;

(ii) the period of the Offering with respect to such right shall begin on its Offering Date and end coincident with the end of such Offering; and

(iii) the Board or the Committee may provide that if such person first becomes an eligible employee within a specified period of time before the end of the Offering, he or she will not receive any right under that Offering.

(c) No employee shall be eligible for the grant of any rights under the Plan if, immediately after any such rights are granted, such employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Affiliate. For purposes of this subparagraph 5(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any employee, and stock which such employee may purchase under all outstanding rights and options shall be treated as stock owned by such employee.

(d) An eligible employee may be granted rights under the Plan only if such rights, together with any other rights granted under "employee stock purchase plans" of the Company and any Affiliates, as specified by Section 423(b)(8) of the Code, do not permit such employee's rights to purchase stock of the Company or any Affiliate to accrue at a rate which exceeds twenty five thousand dollars(\$25,000) of fair market value of such stock (determined at the time such rights are granted) for each calendar year in which such rights are outstanding at any time.

(e) Officers of the Company and any designated Affiliate shall be eligible to participate in Offerings under the Plan; provided, however, that the Board may provide in an Offering that certain employees who are highly compensated employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

6. RIGHTS; PURCHASE PRICE.

(a) On each Offering Date, each eligible employee, pursuant to an Offering made under the Plan, shall be granted the right to purchase up to the number of shares of Common Stock of the Company purchasable with a percentage designated by the Board or the Committee not exceeding fifteen percent (15%) of such employee's Earnings (as defined in subparagraph 7(a)) during the period which begins on the Offering Date (or such later date as the Board or the Committee determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering. The Board or the Committee shall establish one (1) or more dates during an Offering (the "Purchase Date(s)") on which rights granted under the Plan shall be exercised and purchases of Common Stock carried out in accordance with such Offering.

(b) In connection with each Offering made under the Plan, the Board or the Committee may specify a maximum number of shares that may be purchased by any employee as well as a maximum aggregate number of shares that may be purchased by all eligible employees pursuant to such Offering. In addition, in connection with each Offering that contains more than one (1) Purchase Date, the Board or the Committee may specify a maximum aggregate number of shares which may be purchased by all eligible employees on any given Purchase Date under the Offering. If the aggregate purchase of shares upon exercise of rights granted under the Offering would exceed any such maximum aggregate number, the Board or the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

(c) The purchase price of stock acquired pursuant to rights granted under the Plan shall be not less than the lesser of:

- (i) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Offering Date; or
- (ii) an amount equal to eighty-five percent (85%) of the fair market value of the stock on the Purchase Date.

7. PARTICIPATION; WITHDRAWAL; TERMINATION.

(a) An eligible employee may become a participant in the Plan pursuant to an Offering by delivering an enrollment agreement to the Company within the time specified in the Offering, in such form as the Company provides. Each such agreement shall authorize payroll deductions of up to the maximum percentage specified by the Board or the Committee of such employee's Earnings during the Offering. "Earnings" is defined as an employee's regular salary or wages (including amounts thereof elected to be deferred by the employee, that would otherwise have been paid, under any arrangement established by the Company that is intended to comply with Section 125, Section 401(k), Section 402(e)(3), Section 402(h) or section 403(b) of the Code, and also including any deferrals under a non-qualified deferred compensation plan or arrangement established by the Company), and also, if determined by the Board or the Committee and set forth in the terms of the Offering, may include any or all of the following: (i) overtime pay, (ii) commissions, (iii) bonuses, incentive pay, profit sharing and other remuneration paid directly to the employee, and/or (iv) other items of remuneration not specifically excluded pursuant to the Plan. Earnings shall not include the cost of employee benefits paid for by the Company or an Affiliate, education or tuition reimbursements, imputed income arising under any group insurance or benefit program, traveling expenses, business and moving expense reimbursements, income received in connection with stock options, contributions made by the Company or an Affiliate under any employee benefit plan, and similar items of compensation, as determined by the Board or the Committee. Notwithstanding the foregoing, the Board or Committee may modify the definition of "Earnings" with respect to one or more Offerings as the Board or Committee determines appropriate. The payroll deductions made for each participant shall be credited to an account for such participant under the Plan and shall be deposited with the general funds of the Company. A participant may reduce (including to zero) or increase such payroll deductions, and an eligible employee may begin such payroll deductions, after the beginning of any Offering only as provided for in the Offering. A participant may make additional payments into his or her account only if specifically provided for in the Offering and only if the participant has not had the maximum amount withheld during the Offering.

(b) At any time during an Offering, a participant may terminate his or her payroll deductions under the Plan and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company provides. Such withdrawal may be elected at any time prior to the end of the Offering except as provided by the Board or the Committee in the Offering. Upon such withdrawal from the Offering by a participant, the Company shall distribute to such participant all of his or her

accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the participant) under the Offering, without interest, and such participant's interest in that Offering shall be automatically terminated. A participant's withdrawal from an Offering will have no effect upon such participant's eligibility to participate in any other Offerings under the Plan but such participant will be required to deliver a new enrollment agreement in order to participate in subsequent Offerings under the Plan.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon cessation of any participating employee's employment with the Company and any designated Affiliate, for any reason, and the Company shall distribute to such terminated employee all of his or her accumulated payroll deductions (reduced to the extent, if any, such deductions have been used to acquire stock for the terminated employee), under the Offering, without interest.

(d) Rights granted under the Plan shall not be transferable by a participant other than by will or the laws of descent and distribution, or by a beneficiary designation as provided in paragraph 14, and during a participant's lifetime, shall be exercisable only by such participant.

8. EXERCISE.

(a) On each Purchase Date specified therefor in the relevant Offering, each participant's accumulated payroll deductions and other additional payments specifically provided for in the Offering (without any increase for interest) will be applied to the purchase of whole shares of stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of rights granted under the Plan. The amount, if any, of accumulated payroll deductions remaining in each participant's account after the purchase of shares which is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering shall be held in each such participant's account for the purchase of shares under the next Offering under the Plan, unless such participant withdraws from such next Offering, as provided in subparagraph 7(b), or is no longer eligible to be granted rights under the Plan, as provided in paragraph 5, in which case such amount shall be distributed to the participant after such final Purchase Date, without interest. The amount, if any, of accumulated payroll deductions remaining in any participant's account after the purchase of shares which is equal to the amount required to purchase one or more whole shares of Common Stock on the final Purchase Date of an Offering shall be distributed in full to the participant after such Purchase Date, without interest.

(b) No rights granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan (including rights granted thereunder) are covered by an effective registration statement pursuant to the Securities Act of 1933, as amended (the "Securities Act") and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering hereunder the Plan is not so registered or in such compliance, no rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, no rights granted under the Plan or any Offering shall be exercised and all payroll deductions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire stock) shall be distributed to the participants, without interest.

9. COVENANTS OF THE COMPANY.

(a) During the terms of the rights granted under the Plan, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such rights.

(b) The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of stock upon exercise of the rights granted under the Plan. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell stock upon exercise of such rights unless and until such authority is obtained.

10. USE OF PROCEEDS FROM STOCK.

Proceeds from the sale of stock pursuant to rights granted under the Plan shall constitute general funds of the Company.

11. RIGHTS AS A STOCKHOLDER.

A participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to rights granted under the Plan unless and until the participant's shareholdings acquired upon exercise of rights under the Plan are recorded in the books of the Company (or its transfer agent).

12. ADJUSTMENTS UPON CHANGES IN STOCK.

(a) If any change is made in the stock subject to the Plan, or subject to any rights granted under the Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan and outstanding rights will be appropriately adjusted in the class(es) and maximum number of shares subject to the Plan and the class(es) and number of shares and price per share of stock subject to outstanding rights. Such adjustments shall be made by the Board or the Committee, the determination of which shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a "transaction not involving the receipt of consideration by the Company.")

(b) In the event of: (1) a dissolution or liquidation of the Company; (2) a sale of all or substantially all of the assets of the Company; (3) a merger or consolidation in which the Company is not the surviving corporation; (4) a reverse merger in which the Company is the surviving corporation but the shares of the Company's Common Stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; (5) the acquisition by any person, entity or group within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or any comparable successor provisions (excluding any employee benefit plan, or related trust, sponsored or maintained by the Company or any Affiliate of the Company) of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors; or (6) the individuals who, as of the date of the adoption of this Plan, are members of the Board (the "Incumbent Board"; (if the election, or nomination for election by the Company's stockholders, of a new director was approved by a vote of at least fifty percent (50%) of the members of the Board then comprising the Incumbent Board, such new director shall upon his or her election be considered a member of the Incumbent Board) cease for any reason to constitute at least

fifty percent (50%) of the Board; then the Board in its sole discretion may take any action or arrange for the taking of any action among the following: (i) any surviving or acquiring corporation may assume outstanding rights or substitute similar rights for those under the Plan, (ii) such rights may continue in full force and effect, or (iii) all participants' accumulated payroll deductions may be used to purchase Common Stock immediately prior to or within a reasonable period of time following the transaction described above and the participants' rights under the ongoing Offering terminated.

13. AMENDMENT OF THE PLAN OR OFFERINGS.

(a) The Board at any time, and from time to time, may amend the Plan or the terms of one or more Offerings. However, except as provided in paragraph 12 relating to adjustments upon changes in stock, no amendment shall be effective unless approved by the stockholders of the Company within twelve (12) months before or after the adoption of the amendment, where the amendment will:

(i) Increase the number of shares reserved for rights under the Plan;

(ii) Modify the provisions as to eligibility for participation in the Plan or an Offering (to the extent such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3 promulgated under the Exchange Act, or any comparable successor rule ("Rule 16b-3"); or

(iii) Modify the Plan or an Offering in any other way if such modification requires stockholder approval in order for the Plan to obtain employee stock purchase plan treatment under Section 423 of the Code or to comply with the requirements of Rule 16b-3.

It is expressly contemplated that the Board may amend the Plan or an Offering in any respect the Board deems necessary or advisable to provide eligible employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to employee stock purchase plans and/or to bring the Plan and/or rights granted under an Offering into compliance therewith.

(b) The Board may, in its sole discretion, submit any amendment to the Plan or an Offering for stockholder approval.

(c) Rights and obligations under any rights granted before amendment of the Plan or Offering shall not be impaired by any amendment of the Plan, except with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Plan and/or rights granted under an Offering comply with the requirements of Section 423 of the Code.

14. DESIGNATION OF BENEFICIARY.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if applicable, from the participant's account under the Plan in the event of such participant's death subsequent to the end of an Offering but prior to delivery to the participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death during an Offering.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice in the form prescribed by the Company. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living (or if an entity, is otherwise in existence) at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator

has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares and/or cash to the spouse or to any one (1) or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may determine.

15. TERMINATION OR SUSPENSION OF THE PLAN.

(a) The Board, in its discretion, may suspend or terminate the Plan at any time. The Plan shall automatically terminate if all the shares subject to the Plan pursuant to subparagraph 3(a) are issued. No rights may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) Rights and obligations under any rights granted while the Plan is in effect shall not be impaired by suspension or termination of the Plan, except as expressly provided in the Plan or with the consent of the person to whom such rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Plan and/or rights granted under an Offering comply with the requirements of Section 423 of the Code.

16. EFFECTIVE DATE OF PLAN.

The Plan shall become effective on the same day on which the Company's registration statement under the Securities Act with respect to the initial public offering of shares of the Company's Common Stock becomes effective (the "Effective Date"), but no rights granted under the Plan shall be exercised unless and until the Plan had been approved by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted by the Board or the Committee, which date may be prior to the Effective Date.

17. CHOICE OF LAW.

All questions concerning the construction, validity and interpretation of this Plan shall be governed by the law of the State of California, without regard to such state's conflict of laws rules.

1. General.

(a) **Successor to and Continuation of Prior Plan.** The Plan is intended as the successor to and continuation of the Kratos Defense & Security Solutions, Incorporated 2011 Equity Incentive Plan, the Kratos Defense & Security Solutions, Incorporated Amended and Restated 2005 Equity Incentive Plan, the Kratos Defense & Security Solutions, Incorporated 2000 Nonstatutory Stock Option Plan, the Kratos Defense & Security Solutions, Incorporated 1999 Equity Incentive Plan, the Amended and Restated Integral Systems, Inc. 2008 Stock Incentive Plan, the Amended and Restated Herley Industries, Inc. 2010 Stock Plan, the Herley Industries, Inc. 2003 Stock Option Plan, the Henry Bros. Electronics, Inc. 2007 Stock Option Plan, the Henry Bros. Electronics, Inc. 2006 Stock Option Plan, the Amended and Restated 2005 Digital Fusion, Inc. Equity Incentive Plan, the 2000 Digital Fusion, Inc. Stock Option Plan, the 1999 Digital Fusion, Inc. Stock Option Plan, and the 1998 Digital Fusion, Inc. Stock Option Plan (collectively, the "**Prior Plans**"). Following the Effective Date, no additional stock awards may be granted under the Prior Plans. In addition, from and after 12:01 a.m. Pacific time on the Effective Date, all outstanding stock awards granted pursuant to the terms of the Prior Plans will remain subject to the terms of the Prior Plans; *provided, however*, that any shares subject to outstanding stock awards granted under the Prior Plans or granted outside of the Prior Plans that, at any time after March 27, 2014, (i) expire or terminate for any reason prior to exercise or settlement; (ii) are forfeited, cancelled or otherwise returned to the Company because of the failure to meet a contingency or condition required to vest such shares; or (iii) are reacquired, withheld (or not issued) to satisfy a tax withholding obligation in connection with an award or to satisfy the purchase price or exercise price of a stock award (the "**Returning Shares**") will immediately be added to the Share Reserve (as further described in Section 3(a) below) as and when such shares become Returning Shares, and become available for issuance pursuant to Awards granted hereunder. All Awards granted on or after 12:01 a.m. Pacific time on the Effective Date will be subject to the terms of this Plan.

(b) **Eligible Award Recipients.** Employees, Directors and Consultants are eligible to receive Awards.

(c) **Available Awards.** The Plan provides for the grant of the following types of Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards, (vi) Performance Stock Awards, (vii) Performance Cash Awards, and (viii) Other Stock Awards.

(d) **Purpose.** The Plan, through the granting of Awards, is intended to help the Company secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Stock.

2. Administration.

(a) **Administration by Board.** The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) **Powers of Board.** The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Awards; (B) when and how each Award will be granted; (C) what type of Award will be granted; (D) the provisions of each Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Stock under the Award; (E) the number of shares of Common Stock subject to, or the cash value of, an Award; and (F) the Fair Market Value applicable to a Stock Award.

(ii) To require, as a condition precedent to the grant, vesting, settlement, and/or issuance of shares of Common Stock pursuant to any Award, that a Participant execute a general release of claims (in any form that the Board may require, in its sole discretion, which form may include any other provisions, *e.g.*, confidentiality and other restrictive covenants).

(iii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it will deem necessary or expedient to make the Plan or Award fully effective.

(iv) To settle all controversies regarding the Plan and Awards granted under it.

(v) To accelerate, in whole or in part, the time at which an Award may be exercised or vest (or at which cash or shares of Common Stock may be issued).

(vi) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or an Award Agreement, suspension or termination of the Plan will not impair a Participant's rights under his or her then-outstanding Award without his or her written consent except as provided in subsection (viii) below.

(vii) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or to make the Plan or Awards granted under the Plan compliant with the requirements for Incentive Stock Options or exempt from or compliant with the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. However, if required by applicable law or listing requirements, and except as provided in Section 9(a) relating to Capitalization Adjustments, the Company will seek stockholder approval of any amendment of the Plan that (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan, (D) materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (E) materially extends the term of the Plan, or (F) materially expands the types of Awards available for issuance under the Plan. Except as provided in the Plan (including Section 2(b)(ix)) or an Award Agreement, no amendment of the Plan will impair a Participant's rights under an outstanding Award without the Participant's written consent.

(viii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding incentive stock options or (C) Rule 16b-3.

(ix) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more

favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided, however*, that a Participant's rights under any Award will not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, (1) a Participant's rights will not be deemed to have been impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant's rights, and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant's consent (A) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (B) to change the terms of an Incentive Stock Option, if such change results in impairment of the Award solely because it impairs the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (C) to clarify the manner of exemption from, or to bring the Award into compliance with, Section 409A of the Code; or (D) to comply with other applicable laws or listing requirements.

(x) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(xi) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(c) **Delegation to Committee.**

(i) **General.** The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Committee may, at any time, abolish the subcommittee and/or revest in the Committee any powers delegated to the subcommittee. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revest in the Board some or all of the powers previously delegated.

(ii) **Section 162(m) and Rule 16b-3 Compliance.** The Committee may consist solely of two (2) or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two (2) or more Non-Employee Directors, in accordance with Rule 16b-3.

(d) **Delegation to an Officer.** The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options and SARs (and, to the extent permitted by applicable law, other Stock Awards) and, to the extent permitted by applicable law, the terms of such Awards, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however*, that the Board resolutions regarding such delegation will specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Any such Stock Awards will be granted on the form of Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority. The Board may not delegate authority

to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) to determine the Fair Market Value pursuant to Section 13(w)(iii) below.

(e) **Effect of Board's Decision.** All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(f) **Cancellation and Re-Grant of Stock Awards.** Neither the Board nor any Committee will have the authority to: (i) reduce the exercise, purchase or strike price of any outstanding Option or SAR under the Plan, or (ii) cancel any outstanding Option or SAR that has an exercise price or strike price greater than the current Fair Market Value of the Common Stock in exchange for cash or other Stock Awards under the Plan, unless the stockholders of the Company have approved such an action within twelve (12) months prior to such an event.

3. Shares Subject to the Plan.

(a) **Share Reserve.**

(i) Subject to Section 9(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed the sum of (A) 4,050,000 new shares, and (B) the Returning Shares, if any, which become available for grant under this Plan from time to time (such aggregate number of shares described in (A) and (B) above, the "**Share Reserve**").

(ii) For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of shares of Common Stock that may be issued pursuant to the Plan. Accordingly, this Section 3(a) does not limit the granting of Stock Awards except as provided in Section 7(a). Shares may be issued in connection with a merger or acquisition as permitted by NASDAQ Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A.08, AMEX Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(b) **Reversion of Shares to the Share Reserve.** If a Stock Award or any portion thereof (i) expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or (ii) is settled in cash (*i.e.*, the Participant receives cash rather than stock), such expiration, termination or settlement will not reduce (or otherwise offset) the number of shares of Common Stock that may be available for issuance under the Plan. If any shares of Common Stock issued pursuant to a Stock Award are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares that are forfeited or repurchased will revert to and again become available for issuance under the Plan. Any shares reacquired by the Company in satisfaction of tax withholding obligations on a Stock Award or as consideration for the exercise or purchase price of a Stock Award will again become available for issuance under the Plan.

(c) **Incentive Stock Option Limit.** Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options will be 3,200,000 shares of Common Stock.

(d) **Section 162(m) Limitations.** Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, the following limitations shall apply.

(i) A maximum of 2,000,000 shares of Common Stock subject to Options, SARs and Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date any such Stock

Award is granted may be granted to any Participant during any calendar year. Notwithstanding the foregoing, if any additional Options, SARs or Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date the Stock Award are granted to any Participant during any calendar year, compensation attributable to the exercise of such additional Stock Awards will not satisfy the requirements to be considered "qualified performance-based compensation" under Section 162(m) of the Code unless such additional Stock Award is approved by the Company's stockholders.

(ii) A maximum of 2,000,000 shares of Common Stock subject to Performance Stock Awards may be granted to any one Participant during any one calendar year (whether the grant, vesting or exercise is contingent upon the attainment during the Performance Period of the Performance Goals).

(iii) A maximum of one million dollars (\$1,000,000) may be granted as a Performance Cash Award to any one Participant during any one calendar year.

(e) **Source of Shares.** The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

4. Eligibility.

(a) **Eligibility for Specific Stock Awards.** Incentive Stock Options may be granted only to employees of the Company or a "parent corporation" or "subsidiary corporation" thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; *provided, however*, that Stock Awards may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any "parent" of the Company, as such term is defined in Rule 405, unless (i) the stock underlying such Stock Awards is treated as "service recipient stock" under Section 409A of the Code (for example, because the Stock Awards are granted pursuant to a corporate transaction such as a spin off transaction) or (ii) the Company, in consultation with its legal counsel, has determined that such Stock Awards are otherwise exempt from or alternatively comply with the distribution requirements of Section 409A of the Code.

(b) **Ten Percent Stockholders.** A Ten Percent Stockholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. Provisions Relating to Options and Stock Appreciation Rights.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Award

Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Award Agreement or otherwise) the substance of each of the following provisions:

(a) **Term.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Award Agreement.

(b) **Exercise Price.** Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date the Award is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Award if such Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Section 409A of the Code and, if applicable, Section 424(a) of the Code. Each SAR will be denominated in shares of Common Stock equivalents.

(c) **Purchase Price for Options.** The purchase price of Common Stock acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or that otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) if an Option is a Nonstatutory Stock Option, by a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company will accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued. Shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the "net exercise," (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board and specified in the applicable Award Agreement.

(d) **Exercise and Payment of a SAR.** To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Award Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such SAR, and with respect to which the

Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Stock equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Award Agreement evidencing such SAR.

(e) **Transferability of Options and SARs.** The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs will apply:

(i) **Restrictions on Transfer.** An Option or SAR will not be transferable except by will or by the laws of descent and distribution (and pursuant to Sections 5(e)(ii) and 5(e)(iii) below), and will be exercisable during the lifetime of the Participant only by the Participant. The Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax and securities laws. Except as explicitly provided in the Plan, neither an Option nor a SAR may be transferred for consideration.

(ii) **Domestic Relations Orders.** Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulations Section 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) **Beneficiary Designation.** Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) **Vesting Generally.** The total number of shares of Common Stock subject to an Option or SAR may vest and become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of shares of Common Stock as to which an Option or SAR may be exercised.

(g) **Termination of Continuous Service.** Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Award as of the date of termination of Continuous Service) within the period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR (as applicable) within the applicable time frame, the Option or SAR will terminate.

(h) Extension of Termination Date. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option or SAR will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, and (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement. In addition, unless otherwise provided in a Participant's Award Agreement, if the sale of any Common Stock received upon exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the sale of the Common Stock received upon exercise of the Option or SAR would not be in violation of the Company's insider trading policy, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement.

(i) Disability of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) Death of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within the period ending on the earlier of (i) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Award Agreement), and (ii) the expiration of the term of such Option or SAR as set forth in the Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the applicable time frame, the Option or SAR (as applicable) will terminate.

(k) Termination for Cause. Except as explicitly provided otherwise in a Participant's Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service, and the Participant will be prohibited from exercising his or her Option or SAR from and after the time of such termination of Continuous Service.

(l) Non-Exempt Employees. If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option

or SAR will not be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant of the Option or SAR (although the Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt employee dies or suffers a Disability, (ii) upon a Corporate Transaction in which such Option or SAR is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be defined in the Participant's Award Agreement, in another agreement between the Participant and the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six (6) months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay, the provisions of this Section 5(m) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

6. Provisions of Stock Awards Other than Options and SARs.

(a) **Restricted Stock Awards.** Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. To the extent consistent with the Company's bylaws, at the Board's election, shares of Common Stock underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical. Each Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) **Consideration.** A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration (including future services) that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) **Vesting.** Shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) **Termination of Participant's Continuous Service.** If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right any or all of the shares of Common Stock held by the Participant as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) **Transferability.** Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board will determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) **Dividends.** A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock will be subject to the same vesting and forfeiture restrictions as apply to the shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical. Each Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) Performance Awards.

(i) Performance Stock Awards. A Performance Stock Award is a Stock Award (covering a number of shares not in excess of that set forth in Section 3(d)(ii)) that is payable (including that may be granted, vest or be exercised) contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the Participant's completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained will be conclusively determined by the Committee (or, if not required for compliance with Section 162(m) of the Code, the Board), in its sole discretion. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

(ii) Performance Cash Awards. A Performance Cash Award is a cash award (for a dollar value not in excess of that set forth in Section 3(d)(iii)) that is payable contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Cash Award may also require the Participant's completion of a specified period of Continuous Service. At the time of grant of a Performance Cash Award, the length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained will be conclusively determined by the Committee (or, if not required for compliance with Section 162(m) of the Code, the Board), in its sole discretion. The Board may specify the form of payment of Performance Cash Awards, which may be cash or other property, or may provide for a Participant to have the option for his or her Performance Cash Award, or such portion thereof as the Board may specify, to be paid in whole or in part in cash or other property.

(iii) Board Discretion. The Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of Performance Goals and to define the manner of calculating the Performance Criteria it selects to use for a Performance Period.

(iv) Section 162(m) Compliance. Unless otherwise permitted in compliance with Section 162(m) of the Code with respect to an Award intended to qualify as "performance-based compensation" thereunder, the Committee will establish the Performance Goals applicable to, and the formula for calculating the amount payable under, the Award no later than the earlier of (A) the date ninety (90) days after the commencement of the applicable Performance Period, and (B) the date on which twenty-five percent (25%) of the Performance Period has elapsed, and in any event at a time when the achievement of the applicable Performance Goals remains substantially uncertain. Prior to the payment of any compensation under an Award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the Committee will certify the extent to which any Performance Goals and any other material terms under such Award have been satisfied (other than in cases where the Performance Goals relate solely to the increase in the value of the Common Stock). Notwithstanding satisfaction or any completion of any Performance Goals, shares subject to Options, cash or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such Performance Goals may be reduced by the Committee on the basis of any further considerations as the Committee, in its sole discretion, will determine.

(d) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof (*e.g.*, options or stock rights with an exercise price or strike price less than one hundred percent (100%) of the Fair Market Value of the Common Stock at the time of grant) may be granted either alone or in addition to Stock Awards granted under Section 5 and this Section 6. Subject to the provisions of the Plan, the Board will have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

(e) Transferability of Stock Awards. Generally, a Participant may not transfer a Stock Award other than by will or the laws of descent and distribution or a domestic relations order with the approval of the Plan Administrator or a duly authorized officer. Additionally, a Participant may, with the approval of the Plan Administrator or a duly authorized officer, designate a beneficiary who may receive the shares of Common Stock underlying a Stock Award following the Participant's death.

7. Covenants of the Company.

(a) **Availability of Shares.** The Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy then-outstanding Stock Awards.

(b) **Securities Law Compliance.** The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan the authority required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking will not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant will not be eligible for the grant of an Award or the subsequent issuance of cash or Common Stock pursuant to the Award if such grant or issuance would be in violation of any applicable securities law.

(c) **No Obligation to Notify or Minimize Taxes.** The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award.

8. Miscellaneous.

(a) **Use of Proceeds from Sales of Common Stock.** Proceeds from the sale of shares of Common Stock issued pursuant to Stock Awards will constitute general funds of the Company.

(b) **Corporate Action Constituting Grant of Awards.** Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or related grant documents as a result of a clerical error in the papering of the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(c) **Stockholder Rights.** No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to an Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of shares of Common Stock under, the Award pursuant to its terms, and (ii) the issuance of the Common Stock subject to such Award has been entered into the books and records of the Company.

(d) **No Employment or Other Service Rights.** Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an

Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee) after the date of grant of any Award to the Participant, the Board has the right in its sole discretion to (x) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (y) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars (\$100,000) (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, will be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(h) Withholding Obligations. Unless prohibited by the terms of an Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Stock Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Award Agreement.

(i) **Electronic Delivery.** Any reference herein to a "written" agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(j) **Deferrals.** To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) **Compliance with Section 409A of the Code.** To the extent that the Board determines that any Award granted hereunder is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded and a Participant holding an Award that constitutes "deferred compensation" under Section 409A of the Code is a "specified employee" for purposes of Section 409A of the Code, no distribution or payment of any amount shall be made upon a "separation from service" before a date that is six (6) months following the date of such Participant's "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant's death.

(l) **Clawback/Recovery.** All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a right to resign for "good reason" or "constructive termination" (or similar term) under any agreement with the Company.

9. Adjustments upon Changes in Common Stock; Other Corporate Events.

(a) **Capitalization Adjustments.** In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Sections 3(d), and (iv) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) **Dissolution or Liquidation.** Except as otherwise provided in the Stock Award Agreement, in the event of a dissolution or liquidation of the Company, all outstanding Stock Awards (other than

Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such dissolution or liquidation, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service; *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the dissolution or liquidation is completed but contingent on its completion.

(c) Corporate Transactions; Change in Control. The following provisions will apply to Stock Awards in the event of a Corporate Transaction or Change in Control unless otherwise provided in the instrument evidencing the Stock Award or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of a Stock Award.

(i) Stock Awards May Be Assumed. Except as otherwise stated in the Stock Award Agreement, in the event of a Corporate Transaction or Change in Control, any surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) may assume or continue any or all Stock Awards outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan (including but not limited to, awards to acquire the same consideration paid to the stockholders of the Company pursuant to the Corporate Transaction or Change in Control), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company (or the successor's parent company, if any), in connection with such Corporate Transaction or Change in Control. A surviving corporation or acquiring corporation (or its parent) may choose to assume or continue only a portion of a Stock Award or substitute a similar stock award for only a portion of a Stock Award, or may choose to assume or continue the Stock Awards held by some, but not all Participants. The terms of any assumption, continuation or substitution will be set by the Board.

(ii) Stock Awards Held by Current Participants. In the event of a Corporate Transaction or Change in Control in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction or Change in Control (referred to as the "*Current Participants*"), the vesting of such Stock Awards (and, with respect to Options and SARs, the time when such Stock Awards may be exercised) will be accelerated in full to a date prior to the effective time of such Corporate Transaction or Change in Control (contingent upon the effectiveness of the Corporate Transaction or Change in Control) as the Board will determine (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective time of the Corporate Transaction), and such Stock Awards will terminate if not exercised (if applicable) at or prior to the effective time of the Corporate Transaction or Change in Control, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards will lapse (contingent upon the effectiveness of the Corporate Transaction or Change in Control).

(iii) Stock Awards Held by Persons other than Current Participants. In the event of a Corporate Transaction or Change in Control in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have not been assumed, continued or substituted and that are held by persons other

than Current Participants, the vesting of such Stock Awards (and, with respect to Options and SARs, the time when such Stock Awards may be exercised) will not be accelerated and such Stock Awards (other than a Stock Award consisting of vested and outstanding shares of Common Stock not subject to the Company's right of repurchase) will terminate if not exercised (if applicable) prior to the effective time of the Corporate Transaction or Change in Control; *provided, however*, that any reacquisition or repurchase rights held by the Company with respect to such Stock Awards will not terminate and may continue to be exercised notwithstanding the Corporate Transaction or Change in Control.

(iv) Payment for Stock Awards in Lieu of Exercise. Notwithstanding the foregoing, in the event a Stock Award will terminate if not exercised prior to the effective time of a Corporate Transaction or Change in Control, the Board may provide, in its sole discretion, that the holder of such Stock Award may not exercise such Stock Award but will receive a payment, in such form as may be determined by the Board, equal in value, at the effective time of the Corporate Transaction or Change in Control, to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award (including, at the discretion of the Board, any unvested portion of such Stock Award), over (B) any exercise price payable by such holder in connection with such exercise.

(d) Change in Control. A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration will occur.

10. Plan Term; Earlier Termination or Suspension of the Plan.

(a) The Board may suspend or terminate the Plan at any time. No Incentive Stock Option will be granted after the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan will not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant or as otherwise permitted in the Plan.

11. Effective Date of Plan.

This Plan will become effective on the Effective Date.

12. Choice of Law.

The laws of the State of California will govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.

13. Definitions.

As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) "Affiliate" means, at the time of determination, any "parent" or "subsidiary" of the Company as such terms are defined in Rule 405. The Board will have the authority to determine the time or times at which "parent" or "subsidiary" status is determined within the foregoing definition.

(b) "Award" means a Stock Award or a Performance Cash Award.

(c) "**Award Agreement**" means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award.

(d) "**Board**" means the Board of Directors of the Company.

(e) "**Capitalization Adjustment**" means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(f) "**Cause**" will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) such Participant's commission of any felony or any crime involving fraud, dishonesty or moral turpitude under the laws of the United States or any state thereof; (ii) such Participant's attempted commission of, or participation in, a fraud or act of dishonesty against the Company; (iii) such Participant's intentional, material violation of any contract or agreement between the Participant and the Company or of any statutory duty owed to the Company; (iv) such Participant's unauthorized use or disclosure of the Company's confidential or proprietary information or trade secrets or the confidential or proprietary information or trade secrets of any other party to whom the Participant owes an obligation of nondisclosure as a result of his or her relationship with the Company; or (v) such Participant's gross misconduct. The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Company, in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose. The foregoing definition does not in any way limit the Company's ability to terminate a Participant's Continuous Service at any time, and the term "Company" will be interpreted herein to include any Affiliate or successor thereto, if appropriate.

(g) "**Change in Control**" means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control will not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company's securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the "**Subject Person**") exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of

this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control will be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(iv) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the "**Incumbent Board**") cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member will, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing definition or any other provision of this Plan, the term Change in Control will not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company.

(h) "**Code**" means the Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

(i) "**Committee**" means a committee of one (1) or more Directors to whom authority has been delegated by the Board in accordance with Section 2(c).

(j) "**Common Stock**" means the common stock of the Company.

(k) "**Company**" means Kratos Defense & Security Solutions, Incorporated, a Delaware corporation; *provided*, that in the event the Company reincorporates to another jurisdiction, all references to the term "Company" shall refer to the Company in such new jurisdiction.

(l) "**Consultant**" means any person, including an advisor, who is (i) engaged by the Company or an Affiliate to render consulting or advisory services and is compensated for such services, or (ii) serving as a member of the board of directors of an Affiliate and is compensated for such services. However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a "Consultant" for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration

Statement under the Securities Act is available to register either the offer or the sale of the Company's securities to such person.

(m) "**Continuous Service**" means that the Participant's service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant's service with the Company or an Affiliate, will not terminate a Participant's Continuous Service; *provided, however*, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, in its sole discretion, such Participant's Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party's sole discretion, may determine whether Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in a Stock Award only to such extent as may be provided in the Company's leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law.

(n) "**Corporate Transaction**" means the consummation, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) a sale or other disposition of all or substantially all, as determined by the Board, in its sole discretion, of the consolidated assets of the Company and its Subsidiaries;

(ii) a sale or other disposition of at least ninety percent (90%) of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(o) "**Covered Employee**" will have the meaning provided in Section 162(m)(3) of the Code.

(p) "**Director**" means a member of the Board.

(q) "**Disability**" means, with respect to a Participant, the inability of such Participant to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than twelve (12) months, as provided in Sections 22(e)(3) and 409A(a)(2)(c)(i) of the Code, and will be determined by the Board on the basis of such medical evidence as the Board deems warranted under the circumstances.

(r) "**Effective Date**" means the effective date of the Plan, which is the date of the annual meeting of stockholders of the Company held in 2014; *provided*, that the Plan is approved by the Company's stockholders at such meeting.

Edgar Filing: KRATOS DEFENSE & SECURITY SOLUTIONS, INC. - Form DEF 14A

(s) "**Employee**" means any person employed by the Company or an Affiliate. However, service solely as a Director, or payment of a fee for such services, will not cause a Director to be considered an "Employee" for purposes of the Plan.

(t) "**Entity**" means a corporation, partnership, limited liability company or other entity.

(u) "**Exchange Act**" means the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

(v) "**Exchange Act Person**" means any natural person, Entity or "group" (within the meaning of Section 13(d) or 14(d) of the Exchange Act), except that "Exchange Act Person" will not include (i) the Company or any Subsidiary of the Company, (ii) any employee benefit plan of the Company or any Subsidiary of the Company or any trustee or other fiduciary holding securities under an employee benefit plan of the Company or any Subsidiary of the Company, (iii) an underwriter temporarily holding securities pursuant to an offering of such securities, (iv) an Entity Owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their Ownership of stock of the Company; or (v) any natural person, Entity or "group" (within the meaning of Section 13(d) or 14(d) of the Exchange Act) that, as of the Effective Date, is the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities.
