ITEM 9. REGULATION FD DISCLOSURE

CareDecision Corporation ("CareDecision" or the "Company") [OTCBB: CDED] disclosed April 13, 2004 new developments to our previously announced strategic partnership with DataFuzion Inc. ("Fuzion").

The current agreement allows Fuzion access to our Wi-Fi medical communications technologies. According to terms of the enhanced partnership, Fuzion is granted new licenses for use of our MD@Desktop and patent-pending MD@Practice-Probe medical technologies. In return for the additional technology sharing, valued by the two firms at \$2.8 million, CareDecision will receive a larger equity stake in Fuzion, a majority of this stake is expected to be distributed to our shareholders as a dividend.

Fuzion has already developed medical software applications to support our products and management believes this enhanced partnership with Fuzion to be a benefit to our shareholders. Fuzion plans to immediately integrate our MD@Desktop and MD@Practice-Probe software to their business intelligence software.
