MANNATECH, INCORPORATED
NOTICE OF OUR 2010 ANNUAL SHAREHOLDERS' MEETING
TO BE HELD ON JUNE 9, 2010

TO THE SHAREHOLDERS OF MANNATECH, INCORPORATED,

The 2010 Annual Shareholders' Meeting of Mannatech, Incorporated will be held at the Grapevine Convention Center, located at 1209 South Main Street, Grapevine, Texas, on Wednesday, June 9, 2010, at 3:00 p.m., Central Daylight Time, for the following purposes:

- Proposal 1 - To elect Mr. J. Stanley Fredrick and Mrs. Patricia A. Wier as Class II directors.
- Proposal 2 - To ratify the appointment of BDO Seidman, LLP as our independent registered public accounting firm, for the year ending December 31, 2010.
- Proposal 3 - To approve amendments to the 2008 Stock Incentive Plan to permit a one-time stock option exchange program.

To act upon such other matters as may properly come before our annual meeting.

Our Board of Directors has set the close of business on April 16, 2010 as the record date for the determination of shareholders entitled to receive notice of and to vote at our 2010 Annual Shareholders' Meeting or any adjournment(s) thereof.

By order of
our Board of
Directors,
J. Stanley
Fredrick
Chairman of
the Board

Coppell, Texas
April 21, 2010

IMPORTANT

Whether or not you expect to attend the 2010 Annual Shareholders' Meeting, we strongly urge you to cast your vote by telephone or through the Internet by following the instructions included on the Notice of Internet Availability of Proxy Materials that you received, or if you received a paper copy of the proxy card, to mark, date, sign and return the proxy card in the envelope provided, prior to the meeting on June 9, 2010, to help ensure the presence of a quorum for the meeting and to save the expense and extra work of additional solicitation. Voting by proxy by any method prior to the meeting will not prevent you from attending the 2010 Annual Shareholders' Meeting or revoking your prior vote and voting at the 2010 Annual Shareholders' Meeting.

In accordance with rules promulgated by the SEC, we are providing access to our proxy materials, including this proxy statement and our annual report on Form 10-K, for the year ended December 31, 2009, over the Internet. As a result, we are mailing to many of our shareholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. The notice contains instructions on how to access those proxy materials over the Internet, as well as instructions on how to request a paper copy of our proxy materials. All shareholders who do not receive a notice will receive a paper copy of our proxy materials by mail. We believe that this new process will reduce the environmental impact and lower the costs of printing and distributing our proxy materials.

PROXY STATEMENT FOR OUR 2010 ANNUAL SHAREHOLDERS' MEETING
TO BE HELD ON JUNE 9, 2010

GENERAL INFORMATION ABOUT OUR 2010 ANNUAL SHAREHOLDERS' MEETING

General Information

Our Board of Directors is soliciting the enclosed proxy for use at our 2010 Annual Shareholders' Meeting to be held on June 9, 2010 at 3:00 p.m., Central Daylight Time, at the Grapevine Convention Center located at 1209 South Main Street, Grapevine, Texas. The Notice of Internet Availability of Proxy Materials is being mailed or delivered on or about April 30, 2010, to shareholders of record owning our common stock on the close of business on April 16, 2010. Paper copies of our Proxy Materials are being mailed or delivered on or about May 4, 2010, to shareholders of record who have previously requested to receive paper copies of Proxy Materials. The list of frequently asked questions is attached to this proxy statement as Appendix A. Unless otherwise stated, all references in this proxy statement to "Mannatech," the "Company," "us," "our," or "we" are to Mannatech, Incorporated, a Texas corporation.

Shareholders Entitled to Vote

Shareholders who owned our common stock as of the close of business on April 16, 2010, the record date, are called "shareholders of record" and are entitled to vote at the 2010 Annual Shareholders' Meeting. As of April 16, 2010, we had 26,489,388 outstanding shares of our common stock, \$0.0001 par value per share, which is our only class of outstanding voting securities. As of April 16, 2010, we had approximately 3,300 shareholders that held their common stock directly and approximately 10,000 beneficial shareholders who held their common stock through approximately 140 brokers who represent approximately 73% of our total common stock outstanding. Each share of our common stock entitles a shareholder to one vote. A complete list of direct shareholders entitled to vote at the 2010 Annual Shareholders' Meeting will be available for examination by shareholders for purposes pertaining to the 2010 Annual Shareholders' Meeting at our corporate headquarters in Coppell, Texas during normal business hours from May 28, 2010 until June 8, 2010. The shareholder list will also be available for review prior to and during the 2010 Annual Shareholders' Meeting to be held on June 9, 2010. A shareholder who wants to examine the list prior to our Annual Shareholders' Meeting should arrange an appointment by contacting our Investor Relations department at (972) 471-6512.

Voting in Person

If you are a registered shareholder deemed to have direct ownership over your Mannatech common stock and plan to attend the 2010 Annual Shareholders' Meeting, you may deliver your completed and signed proxy card in person. If your Mannatech shares are held in street name by a broker, and you wish to vote in person at the 2010 Annual Shareholders' Meeting, you will need to obtain a legal proxy form from your broker or bank that holds your shares of record and you must bring that document to the 2010 Annual Shareholders' Meeting.

Voting by Proxy

The proxy process is the means by which shareholders can exercise their rights to vote for the election of directors and other strategic corporate proposals. The notice of meeting and this proxy statement provide notice of a scheduled shareholder meeting, describe the directors presented for re-election, include information regarding the selection of BDO Seidman, LLP as our independent registered public accounting firm for 2010 and include other information required to be disclosed to shareholders. Shareholders may vote by telephone or through the Internet, or by returning a proxy card, without having to attend the shareholder meeting in person.

By executing a proxy, you authorize Gerald E. Gilbert, to act as your proxy to vote your shares in the manner that you specify. The proxy voting mechanism is vitally important to us. In order for us to obtain the necessary shareholder approval of proposals, a “quorum” of shareholders (a majority of the issued and outstanding shares of common stock as of the record date entitled to vote) must be represented at the meeting in person or by proxy. Since few shareholders can spend the time or money to attend shareholder meetings in person, voting by proxy is necessary to obtain a quorum and complete the shareholder vote. It is important that you attend the meeting in person or grant a proxy to vote your shares to assure a quorum is present so corporate business may be transacted. If a quorum is not present, we must postpone the meeting and solicit additional proxies; this is an expensive and time-consuming process that is not in the best interest of our company or our shareholders.

Properly executed votes by proxy received prior to or at the 2010 Annual Shareholders’ Meeting on June 9, 2010 or at any adjournment(s) or postponement(s) thereof will be counted by Broadridge Financial Solutions, Inc., our Inspector of Elections. If a shareholder specifies how such shareholder’s proxy-vote is to be cast on any business to come before the meeting, such proxy-vote will be voted in accordance with such specifications. If no specification is made on a properly executed proxy-card, the shareholder’s vote by proxy will be voted “FOR” each of our 3 proposals as consistent with the recommendations made by our Board of Directors.

Revoking or Changing a Proxy

A shareholder may revoke a vote by proxy at any time prior to the 2010 Annual Shareholders’ Meeting. If you are a registered holder deemed to have direct ownership over your Mannatech common stock, your proxy can be revoked by (i) timely delivery of a written revocation delivered to B. Keith Clark, General Counsel and Corporate Secretary, Mannatech Incorporated, 600 South Royal Lane, Suite 200, Coppell Texas 75019; (ii) submission of another valid proxy bearing a later date; or (iii) attendance at the 2010 Annual Shareholders’ Meeting in person and notice to the Inspector of Elections that you intend to vote your shares in person. If your Mannatech shares are held in street name by a broker or bank (“broker”), you must contact your broker in order to revoke your proxy, but generally, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the 2010 Annual Shareholders’ Meeting and voting in person.

Effects of Not Voting

The effect of not voting depends on how you own your shares. If you own shares directly, as a registered holder, rather than through a broker, your unvoted shares will not be represented at our meeting and will not count toward the quorum requirement. Assuming a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected. If you own shares through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. As described below, if you own your shares through a broker and you do not vote, your broker may or may not vote your shares, depending upon the proposal.

If you own your shares through a broker and you do not vote, your broker may vote your shares at its discretion on “routine matters.” However, with respect to other proposals, a broker may not vote a non-voting shareholder’s shares. With respect to proposals on which a broker may not vote a non-voting shareholder’s shares, the aggregate number of non-voted shares is reported as “broker non-votes” (shares held by brokers or nominees for which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners or persons entitled to vote) and counted only for purposes of determining a quorum.

Recently, NYSE and SEC rule changes were enacted affecting how shares held in brokerage accounts are voted in director elections. If you do not vote your shares on Proposal 1 (Election of Directors) your brokerage firm cannot vote them for you and they will remain unvoted. Previously your broker may have voted your shares for you in

director elections if it did not receive instructions from you. However, starting January 1, 2010, brokers are no longer able to vote your shares for you in director elections if they do not receive instructions from you due to changes to NYSE Rule 452. Therefore, it is very important that you vote your shares for all proposals including the election of directors. In addition, if you do not vote your shares on Proposal 3 (Incentive Plan Amendments), your brokerage firm cannot vote them for you and they will remain unvoted. Proposal 2 (Ratification of Auditors) set forth in this proxy statement is a routine matter on which brokers will be permitted to vote non-votes shares.

Direct Ownership

For the purpose of determining how to vote your shares at the 2010 Annual Shareholders' Meeting, registered holders are deemed to have "direct ownership" over their Mannatech shares if they hold their original stock certificates directly in their name. This is typically evidenced by the receipt of our mailings directly from us or from our transfer agent, Computershare.

Beneficial Ownership

For the purposes of determining how to vote your shares at the 2010 Annual Shareholders' Meeting, you are deemed to have "beneficial ownership" over your Mannatech shares if you (i) previously deposited your stock certificates with a broker; (ii) purchased your shares directly through a broker; or (iii) sent your stock certificates to a broker to be deposited into your brokerage account. Beneficial ownership is typically evidenced by a shareholder's receipt of our mailings from either a broker or through a solicitor, which is usually Broadridge Financial Solutions, Inc.

As a beneficial owner, a shareholder still holds Mannatech shares, but neither we nor our transfer agent has access to any list of individual shareholders' names from the various brokers. The only information our transfer agent has concerning shareholders who own stock through a broker is the broker's name, the aggregate total number of shares held by each broker on behalf of their clients, and the aggregate number of votes cast for any of our proposals.

WE CAUTION OUR SHAREHOLDERS THAT each brokerage firm has a unique set of voting instructions. As a result, a shareholder should always read all the information provided in each of the proxy information packets received and follow the specific voting instructions enclosed in each packet with respect to applicable telephone numbers, Internet addresses, mailing addresses, and attending or voting at the 2010 Annual Shareholders' Meeting.

If a shareholder receives more than one proxy information packet, such shareholder's shares are registered in more than one account. Again, remember that each proxy information packet may have different voting instructions, account or control numbers, mailing addresses, Internet addresses, and telephone numbers. As a result, each shareholder should be cautioned to use only the set of voting instructions, account and control numbers, addresses, and telephone numbers provided in such shareholder's proxy information packet to ensure such shareholder's vote for all of its owned shares is properly included in the tabulation of votes for our meeting.

Beneficial shareholders are also instructed to read their proxy-voting card instructions given to them by their brokers or their brokers' solicitors prior to the meeting in order to obtain instructions on how to vote at the meeting. If a beneficial shareholder does not follow the brokers' specific instructions, our Inspector of Elections is not allowed to count such beneficial shareholder's vote by ballot at the 2010 Annual Shareholders' Meeting.

Tabulating the Votes

A representative from Broadridge Financial Solutions, Inc., which will act as our Inspector of Elections, is responsible for tabulating the votes for the 2010 Annual Shareholders' Meeting. The presence, in person or by proxy, of the holders of at least a majority of the shares of our common stock outstanding as of April 16, 2010, our record date, is necessary to establish a quorum for the 2010 Annual Shareholders' Meeting. Abstentions and broker "non-votes," if any, will be counted as shares present and entitled to vote for purposes of determining a quorum for the 2010 Annual Shareholders' Meeting. A broker "non-vote" occurs when brokers do not receive a properly executed proxy and, therefore, have not been given discretionary power to vote shares on behalf of the beneficial holders thereof. If a proxy-voting card is signed by the shareholder but submitted without specific voting instructions, the shareholder's vote will automatically be counted as a vote "FOR" Proposal 1 (Election of Directors), Proposal 2 (Ratification of Auditors), and Proposal 3 (Incentive Plan Amendments).

For Proposal 1 (Election of Directors) — Assuming a quorum is obtained, our Class II directors will be elected by a plurality of the shares represented, in person or by proxy, at the 2010 Annual Shareholders' Meeting and entitled to vote. This means that the 2 nominees receiving the highest number of affirmative votes at the meeting will be elected as our 2 Class II directors. Votes marked "FOR ALL" will be counted in favor of both nominees, except to the extent a shareholder specifies differently. Votes marked "WITHHOLD ALL" will be counted against both nominees. To specify differently, a shareholder must check the "FOR ALL EXCEPT" box and then write the names of the nominees for whom the shareholder wishes to vote against. Votes marked "WITHHOLD ALL" have no effect on the vote since a plurality of the votes is required for the election of each nominee. Shareholders may not abstain from voting with respect to the election of directors.

A shareholder cannot write-in the names of additional nominees when voting by proxy. However, at the meeting, shareholders of record will be allowed to write-in additional names of nominee(s) on the ballot. To write-in a nominee on the ballot, the shareholder will need to check the “FOR ALL EXCEPT” box and identify each of the nominees for which the shareholder does not wish to vote in the space provided. The shareholder will then be allowed to write-in only as many nominees as the shareholder has withheld votes from. For example, if there are a total of 2 nominees listed on the ballot and the shareholder wishes to withhold its vote for 1 of the 2 nominees, the shareholder should list the name of 1 nominee for whom the vote is withheld and write-in 1 additional name for nominee to our Board of Directors.

For Proposal 2 (Ratification of Auditors) — If a quorum is obtained, and a majority of the shares represented, in person or by proxy, at the 2010 Annual Shareholders’ Meeting and entitled to vote, are in favor of Proposal 2 (Ratification of Auditors), the ratification of the appointment of our independent registered public accounting firm for the year ended December 31, 2010, will be approved. Votes marked “FOR” Proposal 2 (Ratification of Auditors) will be counted in favor of the ratification of the appointment of our independent registered public accounting firm for the year ended December 31, 2010. An abstention from voting on Proposal 2 (Ratification of Auditors) will be treated as a vote against the ratification of the appointment of our independent registered public accounting firm for the year ended December 31, 2010.

For Proposal 3 (Incentive Plan Amendments) — If a quorum is obtained, and a majority of the shares represented, in person or by proxy, at the 2010 Annual Shareholders’ Meeting and entitled to vote, are in favor of Proposal 3 (Incentive Plan Amendments), our 2008 Stock Incentive Plan will be amended to permit a one-time stock option exchange program. Votes marked “FOR” Proposal 3 (Incentive Plan Amendments) will be counted in favor of amendment of the 2008 Stock Incentive Plan to permit a one-time stock exchange program. An abstention from voting on Proposal 3 (Incentive Plan Amendments) will be treated as a vote against Proposal 3 (Incentive Plan Amendments). A broker non-vote will be treated as a vote against Proposal 3 (Incentive Plan Amendments).

(OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” ALL PROPOSALS.)

Solicitation of Proxy-Votes

We may solicit proxy-votes through the mail, in person, and by telecommunications. We will bear all expenses in preparing, printing, and mailing the proxy materials to our shareholders.

Admission and Voting at Our 2010 Annual Shareholders' Meeting

Voting at the 2010 Annual Shareholders' Meeting is limited to shareholders of record having evidence of ownership as of the record date, April 16, 2010. If your shares are NOT held in your name, we may require you to show evidence of your ownership at our meeting. Evidence typically includes your proxy-voting card or your brokerage statement showing proof of stock ownership as of the close of business on April 16, 2010, such as your May 2010 brokerage statement or a printout of shares held at the close of April 16, 2010. At our 2010 Annual Shareholders' Meeting, shareholders of record will be given a ballot upon verification of stock ownership.

We will tape the meeting in its entirety and therefore we will not allow any other cameras or recording equipment in the meeting room. As a courtesy and as time permits, we will provide a brief question and answer period for our shareholders of record.

Shareholders of record will be given ballots upon verification of stock ownership. REMEMBER that beneficial shareholders must obtain a power of attorney form or legal proxy from their brokers prior to the meeting in order for their votes by ballot to be counted since their brokers may have already reported their shares as "broker non-votes". Prior to our June 9, 2010 meeting, beneficial shareholders are strongly urged to read their proxy-voting card instructions on how to vote at our 2010 Annual Shareholders' Meeting. They should also contact their brokers by the Monday prior to our 2010 Annual Shareholders' Meeting to ensure they obtain the proper paperwork in order to vote at our meeting. If a beneficial shareholder does not follow its broker's instructions, our Inspector of Elections will not count such shareholder's vote by ballot at the 2010 Annual Shareholders' Meeting. The instructions are usually located on the back of each proxy-voting card.

Shareholder Procedures for Nominating Board Members or Introducing Proposals

a) For the 2010 Annual Shareholders' Meeting

For the 2010 Annual Shareholders' Meeting, the deadline for recommending a nominee for nomination to our Board of Directors expired on December 31, 2009. A shareholder of record is prohibited from writing in nominees for our Board of Directors on their proxy-voting card. However, a shareholder of record may write-in nominees for our Board of Directors on its ballot at the 2010 Annual Shareholders' Meeting by following the instructions outlined above on page 4, under the heading "Tabulating the Votes." We reserve the right to reject, rule out-of-order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

The deadline for submitting written shareholder proposals that comply with all applicable provisions of Rule 14a-8 under the Securities and Exchange Act of 1934, as amended, and are intended to be presented at our 2010 Annual Shareholders' Meeting for inclusion in our proxy statement and proxy-voting card expired on January 1, 2010.

Subject and pursuant to Rule 14a-4(c)(1) under the Securities Exchange Act of 1934, as amended, we have not been given notice of any shareholder proposals intended to be presented at the 2010 Annual Shareholders' Meeting without inclusion in our proxy statement. Because we did not receive notice of any shareholder proposals intended to be presented at the 2010 Annual Shareholders' Meeting by March 17, 2010, your properly executed proxy card will confer discretionary authority on the holder of your proxy to vote your shares, in the manner the holder so chooses, on any such shareholder proposals properly presented at the 2010 Annual Shareholders' Meeting. Our Board of Directors

reserves the right to reject, rule out-of-order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements. We also did not receive any nominees for directors from shareholders for the 2010 Annual Shareholders' Meeting.

b) For our 2011 Annual Shareholders' Meeting

Under our Fourth Amended and Restated Bylaws, dated August 8, 2001, as amended (our "Bylaws"), the Nominating and Governance Committee of our Board of Directors recommends all candidates for nomination to our Board of Directors. If a shareholder would like our Nominating and Governance Committee to consider specific candidates for nomination to our Board of Directors, a shareholder should deliver written notice to our Chief Financial Officer at our United States corporate headquarters, located at 600 S. Royal Lane, Suite 200, Coppell, Texas 75019, or fax (972) 471-7342. Written notice of such proposed candidates for director should be delivered no later than December 31, 2010 to allow our Board of Directors time to consider such persons for nomination at our 2011 Annual Shareholders' Meeting. The written notice should include the candidates' full name, age, biographical background, and qualifications.

Our Chief Financial Officer is required to forward all written notices received to our Nominating and Governance Committee. Our Nominating and Governance Committee consists of four independent directors who review each proposed candidate and submits a recommended list of proposed candidates to our Board of Directors. Our Board of Directors then approves a list of proposed candidates, which are the only nominees that are listed on our ballot, the proxy-voting card, and our proxy statement on Schedule 14A. We expect to file our 2011 proxy statement with the United States Securities and Exchange Commission on or before April 30, 2011.

Proposals by shareholders that comply with all applicable provisions of Rule 14a-8 under the Securities Exchange Act of 1934, as amended, and are intended to be presented at our 2011 Annual Shareholders' Meeting must be delivered in writing to our Chief Financial Officer at our United States corporate offices, on or before January 1, 2011, in order to be eligible for inclusion in our 2011 proxy statement and proxy-voting card.

Subject to and pursuant to Rule 14a-4(c)(1) under the Securities Exchange Act of 1934, as amended, if a shareholder proposal is intended to be presented at our 2011 Annual Shareholders' Meeting without inclusion in our 2010 proxy statement, and notice of such proposal is not submitted in writing to our Chief Financial Officer by March 17, 2011, then with regard to any such shareholder proposals, a properly executed proxy card for our 2011 Annual Shareholders' Meeting will confer discretionary authority on the holder of a shareholder's proxy to vote such shareholder's shares in the manner the proxy holder so chooses. However, our Board of Directors reserves the right to reject, rule out-of-order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

A copy of our Bylaws is published on our corporate website or may be obtained upon written request to our General Counsel, Mr. B. Keith Clark, at our United States headquarters located at 600 S. Royal Lane, Suite 200, Coppell, Texas 75019. In addition, our Bylaws were furnished as Exhibits 3.2 and 3.1 to our Form 10-K and Form 8-K, respectively, filed with the United States Securities and Exchange Commission on March 16, 2007 and December 6, 2007, respectively.

PROPOSAL 1 — ELECTION OF DIRECTORS

Our Bylaws provide for a classified Board of Directors, divided into 3 staggered classes – I, II, and III. The terms of office for each of these classes are scheduled to expire on the date of our annual shareholders' meeting in 2012, 2010, and 2011, respectively. All of our Class II directors are up for election at the 2010 Annual Shareholders' Meeting.

Nominees. Our Board of Directors has nominated Mr. J. Stanley Fredrick and Mrs. Patricia A. Wier as nominees for election as our Class II directors. (OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THESE NOMINEES. A "FOR ALL" VOTE ON A PROXY OR BALLOT WILL BE SO VOTED UNLESS A CONTRARY VOTE IS INDICATED BY THE SHAREHOLDER.)

PROPOSAL 2 — RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Shareholder ratification of the selection of our independent registered public accounting firm is not required by our Articles of Incorporation or Bylaws or other applicable legal requirements. However, our Board of Directors, as a matter of good corporate governance, has always sought shareholder ratification of the appointment of our independent registered public accounting firm. For the fiscal year ending December 31, 2010, our Board of Directors is seeking shareholder ratification of the appointment of BDO Seidman, LLP as our independent registered public accounting firm.

Our Audit Committee appoints our independent registered public accounting firm on an annual basis. The decision is based on a number of factors including the scope of the audit, the independence of the auditors, the estimated audit fees, and any non-auditing services that are performed by the independent registered public accounting firm.

Representatives from BDO Seidman, LLP will attend the 2010 Annual Shareholders' Meeting and will have the opportunity to make statements, if they so desire. They will also be available to respond to any appropriate questions from our shareholders.

Pre-Approval Policies and Procedures

All services provided by our independent registered public accounting firm must be preapproved by our Audit Committee. The non-audit services, specified in Section 10-A(g) of the Securities Exchange Act of 1934, as amended, may not be provided by our independent registered public accounting firm.

Each year, the approval of the estimated annual audit, audit-related services, and routine tax services takes place at an Audit Committee meeting. In addition, during the course of the year, requests for unforeseen or additional allowable services to be provided by our independent registered public accounting firm must be preapproved by our Audit Committee, except for those qualifying for the "de minimis exception." The de minimis exception provides that the pre-approval requirements for certain non-audit services may be waived if:

- the aggregate amount of such non-audit services provided constitutes not more than 5% of the total fees paid to our independent registered public accounting firm in the calendar year that such non-audit services are provided;
- such services were recognized as non-audit services at the time they were provided; and
- such services are promptly brought to the attention of our Audit Committee.

Our Audit Committee may delegate to its Chairman the authority to grant pre-approvals. In such event, the decisions of the Chairman of the Audit Committee regarding pre-approvals will then be presented to our full Audit Committee at the next scheduled meeting.

Our independent registered public accounting firm provides a revised estimate for the year, by project, for all planned and approved services to our Chief Financial Officer prior to each regularly scheduled Audit Committee meeting. The revised estimate is then reviewed at our Audit Committee meeting.

Fees Paid to Our Independent Registered Public Accounting Firm

For the years ended December 31, 2009 and 2008, we were billed the following fees by our current independent registered public accounting firm, BDO Seidman, LLP, as follows:

Type of Service	2009	2008
	(in thousands)	
Audit Fees, including the audit of our consolidated financial statements and annual report on Form 10-K, assessment of our internal control over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002, review of our quarterly financial statements and quarterly reports filed on Form 10-Q, and international statutory audits	\$ 1,001	\$ 1,144
Audit-Related Fees, including fees related to the annual audit of employee 401(k) benefit plan	23	23
Tax Fees, including fees for tax services, tax advice, transfer pricing, state, and international tax consultation	128	115
	—	—

All Other Fees, related to all other services including expatriation
issues and miscellaneous consulting and advisory services

Total Fees \$ 1,152 \$ 1,282

The “de minimis exception” described above was not used for any fees paid to BDO Seidman, LLP in 2009 and 2008. All fees were pre-approved by our Audit Committee. As of April 20, 2010, we were advised by BDO Seidman, LLP that neither the firm, nor any member of its firm, had any direct or indirect financial interest in any capacity in our Company. The members of our Audit Committee believe the payment of all fees set forth above did not prohibit BDO Seidman, LLP from maintaining its independence.

(OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED ACCOUNTING FIRM.)

PROPOSAL 3 — APPROVAL OF AMENDMENTS TO THE 2008 STOCK INSENTIVE PLAN TO PERMIT A ONE-TIME STOCK OPTION EXCHANGE PROGRAM

Overview and Reasons for the Exchange Program

We are seeking shareholder approval of amendments (the “Amendments”) to our 2008 Stock Incentive Plan (“2008 Plan”), to authorize a one-time stock option exchange program (the “Exchange Program”). If implemented, the Exchange Program would allow our employees, including our executive officers, and directors to surrender certain outstanding stock options with an exercise price that is greater than the current trading price of our stock (such stock options are referred to as “out-of-the-money” options) in exchange for a fewer number of stock options at a lower exercise price. The Exchange Program is structured as a value for value exchange.

If our shareholders approve this proposal, the Board of Directors intends to commence the Exchange Program as soon as practicable after the annual meeting. If our shareholders do not approve this proposal, the Exchange Program will not take place.

Like many companies, we have experienced a significant decline in our stock price over the last two years in connection with the global financial crisis, the continuing poor economic conditions and other challenges facing our business. While we have made significant strides in reducing overhead and strengthening our financial position, our stock price has not recovered to pre-crisis levels.

Our employees hold a significant number of stock options with exercise prices that greatly exceed both the current market price of our common stock and the average market price of our common stock over the prior 12 months. Further, there can be no assurance that our efforts to transform our business and improve our performance will ultimately result in significant increases in our stock price in the near term. Thus, the Board of Directors and the Compensation and Stock Option Plan Committee believe these out-of-the-money options no longer provide the intended long-term incentive and retention objectives. The Board of Directors and the Compensation and Stock Option Committee believe the Exchange Program is an important component in our strategy to align employee and shareholder interests through our equity compensation programs. We believe that, if approved by our shareholders, the Exchange Program would provide the following benefits:

- The Exchange Program would motivate eligible employees to continue to build shareholder value and achieve future stock price growth by exchanging out-of-the-money stock options with little or no perceived value for stock options that will have a value that is directly correlated with our stock price.
- The Exchange Program would recapture a portion of the value from compensation costs previously incurred with respect to outstanding out-of-the-money stock options. Regardless of whether the Exchange Program is implemented, and with respect to the participants eligible for the option exchange, the Company will be obligated to recognize approximately \$0.3 million of compensation expense over the next 3 years, in addition to the \$2.4 million already expensed for the outstanding out-of-the-money options through March 31, 2010. Because the value of the replacement stock options will not exceed the value of the stock options cancelled, the stock option exchange will not result in an increase in compensation expense. Accordingly, the stock option recipients will be receiving new awards that provide retention and motivational benefits with no additional accounting charges.
- The Exchange Program would result in a reduction in the number of potential shares to be issued under outstanding option grants since the number of the replacement options to be granted will be substantially less than the number of surrendered stock options. Accordingly, the potential dilution of shareholders’ interests provided by these awards will decrease.

- The replacement options that will vest over a three-year period will assist us in retaining key employees. We believe the new grants will provide meaningful long-term retention incentive for participating employees to remain with us in order to vest in and benefit from the new awards.

As of March 31, 2010, the closing price per share of our outstanding common stock was \$3.34. The table below reflects information as of March 31, 2010 regarding the outstanding out-of-the-money stock options:

Our directors and executive officers will be permitted to participate in the Exchange Program. The following table shows the number of shares subject to eligible options held by our directors and executive officers as of March 31, 2010 and the number of shares subject to replacement options that they may receive assuming, for purposes of illustration only, that: (1) each director and executive officer decides to exchange all of his or her eligible options and (2) the exercise price and the fair value of the replacement options are \$3.34 and \$1.91, respectively.

Summary of Material Terms

The Exchange Program authorized by the Amendments, if approved by our shareholders, would provide for the following:

- The Exchange Program will be open to the members of our Board of Directors and all employees, including executive officers, who are employed by us as of the start of the Exchange Program and remain employees through the date the Exchange Program ends (collectively, the “Eligible Optionholders”). Eligible Optionholders will be permitted to exchange all, or none, of the eligible options (as described below) for replacement options on a grant-by-grant basis.
- The exchange ratio or ratios of shares subject to eligible options surrendered in exchange for replacement options granted will be determined in a manner intended to result in the grant of replacement options that have a fair value approximately equal to the fair value of the eligible options they replace. The exchange ratio or ratios will be established shortly before the commencement of the Exchange Program and will depend on the original exercise

price of the eligible option and the then-current fair value of the option (calculated using the Black-Scholes option pricing model).

- The Exchange Program will not be a one-for-one exchange. Instead, participating optionholders will receive replacement options covering fewer shares of common stock (with a lower exercise price) than are covered by the eligible options surrendered.
- Each replacement option will have an exercise price per share equal to the closing price per share of our common stock on the date of grant.
- None of the replacement options will be vested on the date of grant. Replacement options exchanged for eligible options will vest in three equal annual installments beginning 12 months after the grant date.
- The Exchange Program will begin as soon as practicable after our shareholders approve Proposal 3 (Incentive Plan Amendments) at our 2010 annual shareholders' meeting. The Board of Directors and the Compensation and Stock Option Plan Committee will determine the commencement date.

While the terms of the Exchange Program are expected to be materially similar to the terms described in this proposal, the Board of Directors and the Compensation and Stock Option Plan Committee may change the terms of the Exchange Program in their sole discretion, and may determine not to implement the Exchange Program even if shareholder approval is obtained.

Description of the Exchange Program

Implementing the Exchange Program. We have not commenced the Exchange Program and will not do so unless our shareholders approve this proposal. If we receive shareholder approval for the Amendments, the Exchange Program may commence at a time determined by the Board of Directors or the Compensation and Stock Option Committee, with terms expected to be materially similar to those described in this proposal. Even if the shareholders approve this proposal, the Board of Directors or the Compensation and Stock Option Plan Committee may still later determine not to implement the Exchange Program. We currently anticipate that the Exchange Program will commence as soon as practicable following approval of this proposal by our shareholders.

Upon commencement of the Exchange Program, Eligible Optionholders will receive written materials (the “Offer to Exchange”) explaining the terms and timing of the Exchange Program. Employees would be given at least 20 business days (or such longer period as we may elect to keep the Exchange Program open) to elect to exchange all, or none, of their eligible options, on a grant-by-grant basis, for replacement options. After the Offer to Exchange is closed, the shares underlying the eligible options surrendered for exchange would be retired and available for future grants, and the Compensation and Stock Option Plan Committee would approve grants of replacement options to participating employees in accordance with the applicable exchange ratios. All such replacement options would be granted under the 2008 Plan and would be subject to the terms of that plan.

At or before commencement of the Exchange Program we will file the Offer to Exchange and other related documents with the SEC as part of a tender offer statement on Schedule TO. Employees, as well as shareholders and members of the public, will be able to access the Offer to Exchange and other documents we file with the SEC free of charge from the SEC’s website at www.sec.gov or by accessing our website at www.mannatech.com.

If you are both a shareholder and an employee holding eligible options, please note that voting to approve the stock option exchange program does not constitute an election to participate in the Exchange Program.

Eligible Options. To be eligible for exchange under the Exchange Program, an out-of-the-money stock option, as of a date specified by the terms of the Offer to Exchange (which date will be not more than 20 business days prior to the date that the Exchange Program commences), must not (i) have a per share exercise price at or below the trading price of our common stock as reported by NASDAQ and (ii) expire before the closing date of the Offer to Exchange.

Eligible Participants. The Exchange Program will be open to members of our Board of Directors and all eligible employees, including our executive officers. To be eligible, an individual must be employed by us or serve on our Board of Directors on the date the Offer to Exchange commences and must remain employed or on the Board of Directors through the date that replacement options are granted. In addition, terminated employees and retired employees will not be eligible to participate in the Exchange Program.

Exchange Ratio. The exchange ratios will be designed to result in a fair value, for accounting purposes, of the replacement options that will be approximately equal to the fair value of the eligible options that are surrendered in the exchange (based on valuation assumptions made when the Offer to Exchange commences). The ratios will be designed to make the grant of replacement options accounting expense neutral. The actual exchange ratios will be determined by the Compensation and Stock Option Plan Committee shortly before the Exchange Program commences.

The exchange ratios will be established by grouping together eligible options with similar exercise prices and assigning an appropriate exchange ratio to each grouping. We may also treat all eligible options as one group with a single exchange ratio. The exchange ratios will be based on the fair value of the eligible options (calculated using the Black-Scholes option pricing model) within the relevant grouping. The calculation of fair value using the

Black-Scholes option pricing model takes into account many variables, such as the volatility of our stock price, dividend yield, risk-free interest rates, and the expected term of an option. Setting the exchange ratios in this manner is intended to result in the issuance of replacement options that have a fair value approximately equal to or less than the fair value of the surrendered eligible options they replace. Structuring the Exchange Program in this manner will eliminate any additional compensation cost that we must recognize for the replacement options, other than compensation expense that we believe will be immaterial that might result from fluctuations in our stock price after the exchange ratios have been set but before the exchange actually occurs.

Although the exchange ratios cannot be determined now, we can provide an example if we make assumptions regarding the start date of the Offer to Exchange, the fair value of the eligible options immediately prior to the exchange, and the fair value of the replacement stock options. On April 7, 2005, we granted 2,000 stock options with an exercise price of \$20.64. For illustration purposes, assume we were to begin the Exchange Program on March 31, 2010, and the exercise price of the replacement options is \$3.34, the closing price per share of our Common Stock on the Exchange Program commencement date. Also, assume that on March 31, 2010, the fair value of the stock options with an exercise price of \$20.64 and the fair value of the replacement stock options with an exercise price of \$3.34 was \$0.63 and \$1.91 per option, respectively, determined using the Black-Scholes option pricing model. If the optionholder elects to participate in the Exchange Program, the 2,000 stock options we issued on April 7, 2005 would be eligible to be exchanged for approximately 660 replacement options, or at a ratio of approximately 3-to-1, calculated as follows: the fair value of the out-of-the-money eligible option grant of approximately \$1,260 (2,000 options times \$0.63 fair value per option) divided by \$1.91, the fair value of the replacement options.

The foregoing exchange ratio is provided merely as an example of how we would determine the exchange ratio if we were commencing the exchange offer based on the above assumptions. We will apply the same methodology once these factors are decided closer to the time of commencement of the Exchange Program. The total number of replacement options a participating employee will receive with respect to a surrendered eligible option will be determined by converting the number of shares underlying the surrendered eligible option according to the applicable exchange ratio and rounding down to the nearest whole share. The exchange ratios will be applied on a grant-by-grant basis.

If we assume that all eligible options (as of March 31, 2010) remain outstanding and the optionholders remain eligible to participate, the following table summarizes information regarding the eligible options and the replacement options that would be granted in the exchange as of March 31, 2010:

Exercise Price Range	Total Shares Underlying Eligible Options	Weighted Average Exercise Price of Eligible Options	Weighted Average Exchange Ratio	Number of Shares Underlying Replacement Options That May Be Granted
\$ 3.49 and up	668,774	\$ 7.83	1.35-to-1.00	497,360

Election to Participate. Participation in the Exchange Program will be voluntary. Eligible Optionholders will be permitted to exchange all, or none, of the eligible options for replacement options on a grant-by-grant basis.

Exercise Price of Replacement Options. All replacement options will be granted with an exercise price equal to the closing price of our common stock on the replacement option grant date as reported by NASDAQ.

Vesting of Replacement Options. None of the replacement options will be vested on the date of grant. Replacement options exchanged for surrendered options will vest in three equal annual installments beginning 12 months after the grant date

Term of the Replacement Options. The replacement options will have a ten-year term.

Accounting Treatment. The Company accounts for stock-based compensation in accordance with the authoritative guidance requiring the compensation cost relating to share-based payment transactions to be recognized in the Company's consolidated statements of income. The cost is measured at the grant date, based on the calculated fair value of the award using the Black-Scholes option pricing model for stock options. The cost is recognized as an expense over the employee's requisite service period (the vesting period). Under the authoritative guidance, the exchange of options under the Exchange Program is treated as a modification of the existing options for accounting purposes. Accordingly, we will recognize the remaining unamortized compensation cost of the surrendered options, if any, as well as the incremental compensation cost of the replacement options granted in the Exchange Program, ratably over the vesting period of the replacement options. The incremental compensation cost will be measured as the excess, if any, of the fair value of each replacement option granted to employees in exchange for surrendered eligible options, measured as of the date the replacement options are granted, over the fair value of the surrendered eligible options in exchange for the replacement options, measured immediately prior to the cancellation on a grant-by-grant basis. Because the exchange ratios will be calculated to result in the fair value of surrendered eligible options being approximately equal to the fair value of the options replacing them, we do not expect to recognize any significant incremental compensation expense for financial reporting purposes as a result of the Exchange Program. In the event that any of the replacement options are forfeited prior to their vesting due to termination of service, the incremental compensation cost for the forfeited replacement options will not be recognized. We would, however, still recognize any of the original unamortized compensation expense from the surrendered options that would have been recognized under the original vesting schedule.

U.S. Federal Income Tax Consequences. We believe the exchange of eligible options for replacement options pursuant to the Exchange Program should be treated as a non-taxable exchange and neither we nor any of our employees should recognize any income for U.S. federal income tax purposes upon the surrender of eligible options and the grant of replacement options. The tax consequences of the Exchange Program are not, however, entirely certain, and the Internal Revenue Service is not precluded from adopting a contrary position. The law and regulations themselves are also subject to change. All Eligible Optionholders are urged to consult their own tax advisors regarding the tax treatment of participating in the Exchange Program under all applicable laws prior to participating in the Exchange Program. A more detailed summary of the applicable tax considerations to participating employees will be provided in the Offer to Exchange.

Potential Modification to Terms or Termination to Comply with Governmental or Other Requirements. The terms of the Exchange Program will be described in an Offer to Exchange that will be filed with the SEC. Although we do not anticipate that the SEC will require us to materially modify the Exchange Program's terms, it is possible that we will need to alter the terms of the Exchange Program to comply with comments from the SEC. Changes in the terms of the Exchange Program may also be required for tax purposes for participants as the tax treatment of the Exchange Program is not entirely certain. The Compensation and Stock Option Plan Committee will retain the discretion to make any such necessary or desirable changes to the terms of the Exchange Program for purposes of complying with comments from the SEC or minimizing any adverse tax consequences. Additionally, even if shareholder approval of the Exchange Program is obtained, we may decide not to implement the Exchange Program. The Board of Directors reserves the right, in its sole discretion, to amend, suspend, modify, or terminate the Exchange Program at any time for any reason prior to the expiration of the Exchange Program.

Plan Benefits Relating to the Option Exchange Program

Because participation in the Exchange Program is completely voluntary, the benefits or amounts that will be received by any participant if this proposal is approved and the Exchange Program is implemented, are not currently determinable. We are not able to predict how many eligible directors and employees, including our executive officers, will elect to participate, how many eligible stock options will be surrendered for exchange or the number of the replacement stock options that may be granted.

Effect on Shareholders

We are unable to predict the precise impact of the Exchange Program on our shareholders because we are unable to predict how many eligible directors and employees will exchange their eligible stock options. The Exchange Program was designed in the aggregate to be expense-neutral to our shareholders while reducing the potential dilution.

Text of Amendments to Existing 2008 Stock Incentive Plan

In order to permit the Company to implement the Exchange Program in compliance with the 2008 Plan and applicable NASDAQ listing rules, the Compensation and Stock Option Plan Committee and the Board of Directors approved the Amendments subject to approval by the Company's shareholders. The Amendments would add a new section 3.7 and restate section 4.2 in the 2008 Plan, which sections, as amended, would read as follows:

“3.7 Option Exchange Program. The Board shall have the authority to institute one, and only one, Option Exchange Program. Such Option Exchange Program must commence no more than six months after the date of approval by the shareholders of the Company, and shall be subject to the requirements of Section 6 hereof and to the conditions set forth in this Section 3.7.

(a) Each eligible Optionholder will be permitted to exchange all, or none, of the Options deemed eligible for exchange for replacement Options (the “Eligible Options”) on a grant-by-grant basis.

(b) The Board shall determine, before the commencement of the Option Exchange Program, the exchange ratio of shares of Common Stock subject to each Eligible Option surrendered in exchange for replacement Options granted, which ratio will depend on the original exercise price of the Eligible Option and the then-current fair value of the Option (calculated using the Black-Scholes option pricing model). The Board shall determine the exchange ratio or ratios in a manner intended to result in the grant of replacement Options that have a fair value approximately equal to the fair value of the Eligible Options they replace.

- (c) In any event, the number of shares of Common Stock subject to Options under the Option Exchange Program shall be reduced, such that each replacement Option will provide for the purchase of fewer shares of Common Stock than were subject to the Eligible Option surrendered in exchange for the replacement Option.
- (d) Replacement Options exchanged for Eligible Options will be unvested and non-exercisable on the Date of Grant. The replacement Options will vest and become exercisable in three equal annual installments beginning 12 months after their Date of Grant.
- (e) Such other terms as have been approved by the Company's shareholders."

Section 4.2 would be deleted and replaced with the following:

"4.2. Reversion of Shares to the Share Reserve. If any Award shall for any reason expire or otherwise terminate, in whole or in part, or is surrendered pursuant to an Option Exchange Program, the shares of Common Stock not acquired under such Award shall revert to and again become available for issuance under the Plan. If shares of Common Stock issued under the Plan are reacquired by the Company pursuant to the terms of any forfeiture provision, including the Right of Repurchase of unvested Common Stock under Section 11.7, such shares shall again be available for purposes of the Plan."

Summary of 2008 Stock Incentive Plan

General Description. The purpose of our 2008 Plan is to enhance our ability and the ability of our affiliates to obtain and retain the services of the types of employees, consultants, and directors (collectively "the Participants") who will contribute to our long-range success and to provide incentives that are linked directly to increases in share value, which will inure to the benefit of all of our shareholders. Pursuant to the 2008 Plan, eligible recipients may be granted one or more of the following awards: stock options and restricted stock (each an "Award"). Options granted under the 2008 Plan may be either "incentive stock options," as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-statutory stock options.

Administration. Our Board of Directors administers the 2008 Plan.

Shares Reserved. The shares with respect to which Awards may be made under the 2008 Plan are authorized but unissued shares of our common stock and shares of our common stock that we have reacquired. The maximum aggregate number of shares of common stock that may be issued upon exercise of all Awards under the 2008 Plan is 1,000,000 shares plus any shares that were reserved under our 2000 Stock Option Plan but not yet subject to issued Awards and any shares of our common stock underlying Awards granted pursuant to our 2000 Stock Option Plan prior to the effective date of the 2008 Plan that expire, are forfeited or terminate for any reason without having been exercised in full.

Eligibility. Awards other than incentive stock options may be granted to the employees, directors, and consultants, of the Company and our parent companies and subsidiaries. Incentive stock options may be granted only to the employees of the Company and its affiliates. The Company's Board of Directors, in its discretion, approves all Awards to be granted under the 2008 Plan.

Transferability of Awards. Unless otherwise determined by the Company's Board of Directors, most Awards granted under the 2008 Plan are not transferable other than by a domestic relations order, the laws of descent and distribution or certain limited not-for-value transfers to family members.

Limitation on Awards. Under the 2008 Plan, no employee may be granted Awards covering more than 500,000 shares during any single fiscal year.

Stock Options

Exercise Price. Our Board of Directors determines the exercise price of options at the time the options are granted. Subject to certain exceptions, no stock option, including an incentive stock option, may have an exercise price less than the fair market value of a share of the Company's common stock on the date of grant. The exercise price of an incentive stock option granted to a ten percent shareholder may not be less than 110% of the fair market value of a share of the Company's common stock on the date of grant of such option. The fair market value of a share of the Company's common stock is generally determined to be the closing sales price as quoted on the NASDAQ Global Market for the date the value is being determined.

Exercise of Option; Form of Consideration. The Company's Board of Directors determines when options become exercisable. The means of payment for shares issued upon exercise of an option include cash, certified or bank check, or wire transfer, and such other payment methods as may be specified by the Company's Board of Directors, including tender of Company shares previously owned by the exercising optionholder or broker-assisted same-day sale.

Term of Option. The term of an option may not be more than ten years from the date of grant. The term of an incentive stock option granted to a ten percent shareholder may not be more than five years from the date of grant. No option may be exercised after the expiration of its term.

Vesting. Each option granted under the 2008 Plan will become vested and exercisable pursuant to the vesting schedule set forth in the applicable option agreement.

Termination of Service. Unless otherwise provided in an option agreement or in an employment agreement, the terms of which have been approved by the Board of Directors, in the event that an optionholder's service to the Company as an employee, consultant, or director terminates for any reason other than for death, disability, or for cause, such optionholder's vested options will remain exercisable for a period of time ending on the earlier of i) the date three months following the termination of the optionholder's service, or ii) the expiration of the term of the option as set forth in the applicable option agreement. Unless otherwise provided in an option agreement or in an employment agreement, the terms of which have been approved by the Board of Directors, in the event that an optionholder's service to the Company as an employee, consultant, or director terminates as a result of the optionholder's death or disability, such optionholder's vested options will remain exercisable for a period of time ending on the earlier of i) the date that is twelve months following the termination of such optionholder's service or ii) the expiration of the term of the option as set forth in the applicable option agreement. If an optionholder's service to the Company as an employee, consultant or director is terminated by the Company for cause, all of such optionholder's outstanding options, whether or not vested, shall be forfeited and expire as of the beginning of business on the date of the termination of such optionholder's service for cause.

Repricing. Options may not be repriced, replaced, or regranted through cancellation or modification without shareholder approval.

Restricted Stock Awards

The Company's Board of Directors may grant Awards of restricted stock, consisting of actual shares of the Company's common stock, at its discretion.

Restrictions. At the time a grant of restricted stock is made, the Board of Directors may establish a restricted period applicable to the restricted stock during which the shares of restricted stock may not be sold, assigned, transferred or otherwise disposed of. The restricted period may expire upon the passage of time or the attainment of performance objectives as the Board of Directors, in its sole discretion, determines.

Consideration. The consideration for Awards of restricted stock shall be paid either: i) in cash at the time of purchase; or ii) in any other form that may be acceptable to the Board of Directors in its discretion including, without limitation, property, a stock for stock exchange or prior services that the Board of Directors determines have a value at least equal to the fair market value of such restricted stock.

Vesting. Restricted stock granted pursuant to the 2008 Plan will vest pursuant to the vesting schedule established in the applicable restricted stock award agreement. The Board of Directors at its discretion may provide for an acceleration of vesting in the terms of any restricted stock award agreement, at any time, including in the event a

change in control of the Company occurs.

Termination of Service. Unless otherwise provided in a restricted stock award agreement or in an employment agreement, the terms of which have been approved by the Board of Directors, in the event a grantee's service to the Company as an employee, consultant, or director terminates for any reason, the grantee shall forfeit all shares of restricted stock which have not vested as of the date of such termination under the terms of the applicable restricted stock award agreement and shall have no rights with respect to such shares of restricted stock.

Transferability. Restricted stock shall be transferable by the holder thereof only upon such terms and conditions as set forth in the applicable restricted stock award agreement.

Repurchase Right. Each restricted stock award agreement may provide that, following the termination of a grantee's service to the Company as an employee, consultant, or director, the Company will have the right to repurchase such grantee's unvested shares of restricted stock acquired under the 2008 Plan. The Company's right to repurchase unvested restricted stock will be exercisable at a price equal to the lesser of the purchase price at which such restricted stock award was acquired under the 2008 Plan or the fair market value of such restricted stock (if an award of restricted stock is granted solely in consideration of past services without payment of any additional consideration, the unvested restricted stock award will be forfeited without any repurchase). The restricted stock award agreement may specify the period of time following a termination of a grantee's service to the Company during which its right of repurchase may be exercised.

Adjustments on Changes in Capitalization, Merger, or Change in Control

Changes in Capitalization. In the event of any merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, stock split, dividend in property other than cash, liquidating dividend, combination of shares, exchange of shares, change in corporate structure, or other change to the Company's capital structure, appropriate equitable adjustments will be made to:

- the aggregate number of shares of common stock or class of shares which may be purchased pursuant to Awards;
 - the number and/or class of shares of common stock covered by outstanding Awards;
- the maximum number of shares of common stock with respect to which option awards may be granted to any single optionholder during any calendar year; and
 - the exercise price of any stock option in effect prior to such change.

Merger or Change in Control. In the event of a change in control, dissolution, liquidation or any corporate separation or division, including, but not limited to, a sale of all or substantially all of the assets of the Company or a merger or consolidation in which the Company is not the surviving entity, then the Company, to the extent permitted by applicable law, but otherwise in the sole discretion of the Board of Directors, may provide for: i) the continuation of all outstanding Awards (if the Company is the surviving entity); ii) the assumption of the 2008 Plan and all outstanding Awards by the surviving entity; iii) the substitution by the surviving entity of Awards with substantially the same terms for all outstanding Awards; iv) the cancellation of all outstanding Awards in exchange for consideration; or iv) the cancellation of all outstanding Awards without payment of any consideration.

Amendment and Termination of the 2008 Plan. The Board of Directors may amend, alter, suspend or terminate the 2008 Plan, or any part thereof, at any time and for any reason. However, it must obtain shareholder approval for any amendment to the 2008 Plan to the extent necessary and desirable to comply with any applicable laws of any securities exchange listing requirements. Generally, no such action by the Company's Board of Directors or shareholders may alter or impair any Award previously granted under the 2008 Plan without the written consent of the grantee. The 2008 Plan will terminate on February 21, 2018, unless terminated earlier by the Company's Board of Directors.

Federal Income Tax Consequences of the 2008 Plan

The following is a discussion of material United States federal income tax consequences to participants in the 2008 Plan. This discussion is based on statutory provisions, Treasury regulations thereunder, judicial decisions, and rulings of the Internal Revenue Service in effect on the date of this proxy statement. This discussion does not purport to be complete, and does not cover, among other things, state, local, or foreign tax treatment of participation in the 2008 Plan. Furthermore, differences in participants' financial situations may cause federal, state, and local tax consequences of participation in the 2008 Plan to vary.

Non-Statutory Stock Options. Under current federal income tax law, the grant of a non-statutory stock option with an exercise price at or above fair market value under the 2008 Plan will have no federal income tax consequences to the Company or the participant. Generally, upon exercise of a non-statutory stock option, the excess of the fair market value of the Company's common stock at the date of exercise over the exercise price, which is referred to as the "Spread," is taxable to the participant as ordinary income. All amounts taxable to a participant are deductible by the Company as compensation expense. The deduction will be allowed for the taxable year of the Company which includes the end of the taxable year in which the participant includes an amount in income.

Code Section 162(m) generally denies us a tax deduction for compensation that exceeds \$1 million paid in a taxable year to our chief executive officer and each of our three highest compensated officers (other than our chief executive officer and our chief financial officer), subject to an exception for “performance-based compensation” as defined in Section 162(m). The 2008 Plan provides for granting stock options to executive officers who may be subject to Section 162(m) in a manner that is intended to satisfy the performance-based compensation exception. The Company reserves the authority, however, to award non-deductible compensation as it deems appropriate. In addition, notwithstanding the Company’s efforts, ambiguities and uncertainties regarding the application and interpretation of Section 162(m) make it impossible to provide assurance that performance-based compensation will, in fact, satisfy the requirements for deductibility under Section 162(m). Thus, Section 162(m) could limit the Company’s deductibility of compensation related to the exercise of options granted in the future under the 2008 Plan.

Generally, the shares received on exercise of a stock option under the 2008 Plan are not subject to restrictions on transfer or risks of forfeiture and, therefore, the participant will recognize income on the date of exercise of a non-statutory stock option. However, if the option holder is subject to Section 16(b) of the Exchange Act, the Section 16(b) restriction will be considered a substantial risk of forfeiture for tax purposes. Under current law, employees who are either directors or officers of the Company will be subject to restrictions under Section 16(b) of the Exchange Act during their term of service and for up to six months after termination of service. SEC Rule 16b-3 provides an exemption from the restrictions of Section 16(b) for the grant of derivative securities, such as stock options, under qualifying plans. Because the 2008 Plan will satisfy the requirements for exemption under SEC Rule 16b-3, the grant of Awards will not be considered a purchase and the exercise of the Awards to acquire the underlying shares of the Company’s common stock will not be considered a purchase or a sale. Thus, ordinary income will be recognized and the Spread will be measured on the date of exercise.

The taxable income resulting from the exercise by an employee of a non-statutory stock option will constitute wages subject to withholding and the Company will be required to make whatever arrangements are necessary to ensure that funds equaling the amount of tax required to be withheld are available for payment, including the deduction of required withholding amounts from the employee’s other compensation and requiring payment of withholding amounts as part of the exercise price. The participant’s tax basis for the Company common stock acquired is the sum of the exercise price and the taxable income recognized. A participant will recognize gain or loss on the subsequent sale of shares acquired upon exercise of a non-statutory stock option in an amount equal to the difference between the amount realized and the tax basis of the shares. The gain or loss will be long-term or short-term capital gain or loss, depending upon whether the shares have been held for more than one year.

Incentive Stock Options. There will be no federal income tax consequences to the Company or the employee as a result of the grant of an incentive stock option. The option holder also will not recognize income when the incentive stock option is exercised. However, incentive stock option treatment will only be available if the Participant has been an employee of the Company or its subsidiaries within three months of the date of exercise. Generally, the Company receives no deduction at the time of exercise.

In the event of a disposition of shares acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the employee has held the shares. If the employee does not dispose of the shares within two years after the incentive stock option was granted, or within one year after the incentive stock option was exercised and shares were purchased, then the employee should recognize the Spread as income characterized as long-term capital gain or loss. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, then he or she must recognize ordinary income in the year of disposition, which is referred to as a “disqualifying disposition.” The amount of the ordinary income generally is determined under the rules applicable to non-statutory stock options (see above) based on the Spread at the date of exercise. However, the ordinary income will in no event exceed the amount of the gain realized on the sale,

provided that the disposition involves an arm's-length sale or exchange with an unrelated party. Any gain in excess of the amount taxed as ordinary income will be treated by the participant, as capital gain and loss. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant.

The Spread under an incentive stock option is treated as an adjustment in computing alternative minimum taxable income, which we refer to as "AMTI," for the year of exercise. A subsequent disqualifying disposition of shares acquired upon exercise of an incentive stock option will eliminate the AMTI adjustment if the disposition occurs in the same taxable year as the exercise. A disqualifying disposition in a subsequent taxable year will not affect the alternative minimum tax computation in the earlier year.

Payment of Option Exercise Price in Shares. To the extent the participant pays all or part of the option exercise price of a non-statutory stock option by tendering shares of common stock owned, the tax consequences described above apply except that no income will be recognized on the number of shares of common stock received upon exercise which is equal to the number of shares surrendered in payment of the option exercise price and the exchanged shares will have the same tax basis and holding periods as the shares surrendered. The additional shares of common stock received upon exercise will have a tax basis equal to the amount of ordinary income recognized on exercise and a holding period which commences on the day following the date of recognition of the income. Under Treasury regulations, if an employee exercises an incentive stock option by tendering shares of Company common stock previously acquired by the exercise of an incentive stock option that have not satisfied statutory holding period requirements, a disqualifying disposition will occur and the employee will recognize income and be subject to other basis allocation and holding period requirements.

Restricted Stock Awards. Stock granted under the 2008 Plan may, in the determination of the Board of Directors, be subject to rights of repurchase and other transfer restrictions. The tax consequences of stock granted under the 2008 Plan depends on whether the stock is subject to restrictions and if so, whether the restrictions are deemed to create a “substantial risk of forfeiture” under Code Section 83 (for example, stock granted under the 2008 Plan which is subject to our right to repurchase the stock at a price that is less than fair market value which right lapses over a period of continued employment is considered a “substantial risk of forfeiture” under Section 83).

If stock is not subject to a “substantial risk of forfeiture,” the participant normally will recognize taxable ordinary income equal to the value of the stock in the year in which the stock is granted less the amount paid for that stock. If the stock is subject to a “substantial risk of forfeiture,” the participant normally will recognize taxable ordinary income as and when the “substantial risk of forfeiture” lapses, in the amount of the fair market value of the shares no longer subject to the “substantial risk of forfeiture” less the amount paid for the stock. Upon disposition of the stock, the participant will recognize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for the stock plus any amount recognized as ordinary income upon grant or vesting of the stock. The gain or loss will be long or short-term depending on how long the recipient held the stock.

A recipient of stock subject to a “substantial risk of forfeiture” may make an election under Section 83(b) to recognize ordinary income in the year the recipient purchases the restricted stock, rather than waiting until the “substantial risk of forfeiture” lapses. If the stock recipient makes a Section 83(b) election, the recipient will be required to recognize as ordinary income in the year the recipient purchases the stock the difference, if any, between the fair market value of the stock on the purchase date and the purchase price paid. If the stock recipient makes a Section 83(b) election, the recipient will not be required to recognize any income when the “substantial risk of forfeiture” lapses.

Generally, with respect to employees, the Company is required to withhold from regular wages or supplemental wage payments an amount based on the ordinary income recognized. Subject to the requirement of reasonableness, the provisions of Section 162(m) and the satisfaction of a tax reporting obligation, the Company will generally be entitled to a business expense deduction equal to the taxable ordinary income realized by the stock recipient.

Compliance with Section 409A of the Code. Code Section 409A imposes requirements on nonqualified deferred compensation plans. The requirements include the timing of elections to defer, the timing of distributions and prohibitions on the acceleration of distributions. Failure to satisfy these requirements may result in the immediate taxation of the arrangement when there is no longer a substantial risk of forfeiture, the imposition of an additional 20% income tax on the participant and the possible imposition of penalty interest on the unpaid tax. Treasury regulations generally provide that the type of Awards provided under the 2008 Plan will not be considered nonqualified deferred compensation. However, some Awards could be covered by Section 409A. For example, the grant or modification of a stock option with an exercise price less than the fair market value of the underlying common stock could constitute nonqualified deferred compensation. In that event, the Board of Directors normally

would expect to design and administer that Award in a manner that ordinarily should avoid adverse federal income tax consequences under Section 409A to any affected participant. Notwithstanding the foregoing, the 2008 Plan expressly provides that there is no commitment or guarantee that any federal, state, or local tax treatment will apply or be available to any person who participates or is eligible to participate in the 2008 Plan.

Directors Qualifications

Our Board of Directors respects its responsibility to provide oversight, counseling and direction to the management in the interest, and for the benefit of, our shareholders. Mr. Robbins brings to our Board of Directors over 25 years of experience with various network marketing and direct selling companies. Mrs. Wier served as a member of the Direct Selling Association for over 15 years. Mrs. Wier's executive experience at Encyclopedia Britannica and director service at NICOR Inc., a publicly traded gas utility company, provide her with an understanding of corporate governance issues and make her a valued member of our Board of Directors.

Consideration of Director Nominees

Although the Board of Directors has not formally established criteria for Board membership, the Board of Directors does consider several factors before recommending a candidate for Board membership. These factors include the following:

- the experience level, mix of skills and other business qualities a potential nominee may possess;
- - the general experience and skill levels of current Board members;
 - the potential nominee's experience with accounting rules and practices;
 - the verification of background, work, and education of a potential nominee; and
- other factors as Nominating and Governance Committee may deem in the best interests of our shareholders.

In addition, the Nominating and Governance Committee will recommend director candidates in order to ensure that:

- A majority of the Board of Directors are "independent" as defined by NASDAQ and SEC rules;
- Each of the Audit, Compensation and Stock Option Plan, and Nominating and Governance Committees are comprised entirely of independent directors; and
- At least one member of the Audit Committee has the experience, education and qualifications necessary to qualify as an "audit committee financial expert" as defined by the SEC.

The Nominating and Governance Committee may solicit recommendations for director nominees from any or all of the following sources: non-management directors, executive officers, third-party search firms or any other source it deems appropriate. The Nominating and Governance Committee will review and evaluate the qualifications of any proposed director candidate that it is considering or has been recommended to it by a shareholder in compliance with the Nominating and Governance Committee's procedures for that purpose, and conduct inquiries it deems appropriate into the background of these proposed director candidates. When nominating a director for re-election, the Nominating and Governance Committee will also consider the director's past performance on the Board of Directors. The Nominating and Governance Committee will evaluate all proposed director candidates based on the same criteria, with no regard to the source of the initial recommendation of the proposed director candidate.

The Nominating and Governance Committee does not have a formal policy with respect to diversity; however, the Board of Directors and Nominating and Governance Committee believe it is important that the Board members represent diverse viewpoints. In considering candidates, the Nominating and Governance Committee considers the entirety of each candidate's credentials, including such candidate's diverse skills, experience and qualifications.

Board Leadership Structure and Role in Risk Oversight

Meetings of our Board of Directors are presided over by the Chairman of the Board, currently, Mr. Fredrick. Our Bylaws do not require that the Chairman be independent of the Company. However, the Board of Directors believes in the separation of the Chairman and CEO roles. Therefore, these positions have been separated. Most important among the considerations was that the separation of the Chairman and CEO positions allowed our co-CEOs to focus on operational issues and the Chairman to focus on governance and other related issues.

Each member of our Board of Directors is sophisticated and has significant business experience. In addition, we believe that the effectiveness of the Board of Directors is enhanced by having a separate Chairman and CEO position.

It is management's responsibility to manage risk and bring to the Board of Directors' attention any material risks facing the Company. Our Board of Directors as a whole and through its Committees, regularly reviews various areas of significant risk, and advises and directs management on the scope and implementation of policies, strategic initiatives and other actions designed to mitigate various types of risks. Specific examples of risks primarily overseen by the full Board of Directors include competition risks, industry risks, economic risks, liquidity risks, business operations risks, regulatory risks and risks posed by significant litigation matters. Our Audit Committee regularly discusses with management and the independent auditors significant financial risk exposures and the processes management has implemented to monitor, control and report such exposures. Specific examples of risks primarily overseen by the Audit Committee include risks related to the preparation of the Company's financial statements, disclosure controls and procedures, internal controls and procedures required by the Sarbanes-Oxley Act, accounting, financial and auditing risks, matters reported to the Audit Committee through the internal audit department and through anonymous reporting procedures.

Classes of Our Board of Directors

Seven directors currently serve on our Board of Directors, which is divided into three classes serving staggered three-year terms and each class expiring on the day of our Annual Shareholders' Meeting. The Board of Directors has determined that five of our directors are independent. The members of each of the classes and the expiration dates of their terms as of April 9, 2010, are as follows:

Class III	2011	Alan D. Kennedy* and Robert A. Toth*

* Independent Board Member
 (1) Chairman of the Board

All of our directors attended, on average, approximately 95% of the meetings of the Board of Directors and of various committees on which they served. Although we do not have a formal policy regarding attendance by directors at our Annual Shareholders' Meeting, we encourage and expect all of our directors to attend our Annual Shareholders' Meeting. All of our directors attended our 2009 Annual Shareholders' Meeting, which was held on June 10, 2009, except for Mr. Robbins, who was out of the country. All of our directors are expected to attend our 2010 Annual Shareholders' Meeting, to be held on June 9, 2010.

Director Independence

Our Board of Directors has determined that each of Messrs. Gilbert, Jobe, Kennedy and Toth, and Mrs. Wier qualify as "independent" as defined by applicable NASDAQ and SEC rules. In making this determination, our Board of Directors has concluded that none of these members has a relationship which, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Committees of Our Board of Directors

Directors' Stock Ownership Guidelines

In order to demonstrate to our shareholders and the investment community that our directors are personally committed to our success, our non-employee directors are subject to equity ownership requirements. Each of our non-employee directors is required to own shares of our stock equal in value to three times such director's annual board retainer within three years from the date of the director's election or re-election to our Board of Directors. In March 2009, the Compensation and Stock Option Plan Committee voted to extend the three-year compliance requirement by an additional 18 months from March 20, 2009, the date of the Compensation and Stock Option Plan Committee meeting. Because the current annual retainer for each member of our Board of Directors is \$35,000, each independent director is required to hold \$105,000 worth of our common stock by such director's applicable compliance deadline. Any director not in compliance with these ownership requirements by their compliance deadline will be asked to resign from the Board of Directors. The value of common stock owned by a director is based upon the purchase price paid by each director for such shares of common stock. Messrs. Fredrick and Robbins are not subject to this requirement. A summary of each non-employee director's stock ownership as of April 9, 2010 and compliance deadlines are summarized below:

Board Member	Date Required to be in Compliance	Total Value of Qualifying Shares Held

- Stephen D. Fenstermacher – Co-CEO (December 2009 to present) and Chief Financial Officer;
- Robert A. Sinnott, Ph.D – Co-CEO (December 2009 to present) and Chief Science Officer;
- Wayne L. Badovinus – President, Chief Executive Officer and Board member (June 2008 to December 2009);

Messrs. Fenstermacher, Sinnott and Badovinus were Named Executive Officers in 2009 based on their positions while the other individuals listed above were Named Executive Officers based on compensation earned in 2009.

Compensation Philosophy and Objective

The philosophy behind our executive compensation program is to maintain a fair, equitable, and competitive compensation package that will allow us to attract and retain top executive talent. In general, our executive compensation program for senior management, including our Named Executive Officers, consists of payment of an annual base salary; participation in our Management Non-Equity Incentive Bonus Plan; stock option awards; and certain benefits and perquisites. We do not allow loans to our officers or directors nor do we maintain any pension retirement program, other than our 401(k) Plan, for any of our employees or directors.

The Process of Setting Executive Compensation

All compensation related to our executive officers, including our Named Executive Officers, is approved by our Board of Directors (the “Board”) based on recommendations made by our Compensation and Stock Option Plan Committee (the “Committee”).

In 2009, our CEO played a significant role in determining the compensation of each of our executive officers, including our Named Executive Officers (although the CEO did not determine his own compensation). Our CEO evaluated the performance of our other Named Executive Officers, established business performance targets and objectives for our other Named Executive Officers and recommended salary, bonus levels and option awards for our other Named Executive Officers to the Committee. No member of the Committee is or has ever been one of our officers or employees. The Committee discussed the recommendations with our CEO, as appropriate, and then made its recommendations to the Board. Going forward, our co-CEOs will follow the same practice in the process of determining the compensation of our executive officers.

While the Committee has a general understanding of the compensation practices of other companies, it has not historically established compensation levels based on benchmarking. While we recognize that our compensation practices must be competitive in the marketplace, such general marketplace information is one of the many factors that we consider in assessing the reasonableness of compensation. During 2009, the Committee used CEO

recommendations and its general familiarity with compensation paid in the market place to make salary adjustments and offers to new Named Executive Officers. In 2009, we did not engage a compensation consultant.

We have developed a base salary range for our Named Executive Officers through evaluation of the following criteria:

- potential impact on our overall success;
- knowledge and experience level; and
- competitive compensation levels.

In 2009, based on all relevant factors, the Committee recommended and the members of the Board approved the compensation package, including base salary, bonus and stock option awards, for our CEO. The Committee's recommendations were based on:

- the CEO's performance targets and objectives,
- the CEO's total compensation,
- the CEO's prior salary levels, and
- competitive compensation levels.

The evaluation of the CEO's performance for the fiscal year is based on the CEO's success in achieving the performance goals and objectives which include financial, strategic and company culture/leadership goals. Once the Committee has completed its evaluation, it makes recommendations to the Board. The Board in its sole discretion may accept or reject the Committee's recommendations. Based on the results of the Committee's evaluation process, and a review of relevant data, the Board will then approve the CEO's compensation packages. Starting with 2010, the compensation package of each of our co-CEOs will be evaluated by the members of the Committee based on the same criteria used in 2009.

The Committee recommends and our Board of Directors approves the compensation package, including base salary, bonus and stock option awards, for the Named Executive Officers, other than the CEO's. These recommendations are based on:

- the scope of the executive's responsibilities,
- internal comparisons to the compensation of other executives,
- evaluations of performance for the fiscal year, as submitted by the CEO's, and
- the CEO's recommendations for base pay, bonus amounts and stock option awards.

Each of our Named Executive Officers' functions is reviewed annually. In addition to our internal review process, the functions of our Named Executive Officers are also periodically compared with companies of our size and with our business model. We review the salary ranges each year as part of our annual budgetary process to ensure that they remain competitive. In 2009, the Committee did not identify a peer group of companies in considering increases in the base salary of each Named Executive Officer.

Components of Compensation

Traditionally we have paid our Named Executive Officers 100% of their annual compensation in cash and have granted periodic discretionary stock option awards when the Committee determined that such grants were warranted based upon past performance and achievements. In 2006, we changed our compensation program to primarily include cash compensation with stock option awards made upon hiring or promotion as described under the heading Long-Term Compensation below. Nonetheless, the Committee retains the discretion to make grants at other times based on performance or other considerations. For 2009, the primary components of compensation paid to our Named Executive Officers were as follows:

(a) Annual base salary. During each year, the Committee reviews the annual base salaries of our Named Executive Officers to ensure their salaries are reasonable based upon a number of factors, including corporate performance (to the extent such performance can fairly be attributed or related to each Named Executive Officer’s performance), as well as the nature of each Named Executive Officer’s responsibilities, capabilities, loyalties, and contributions. While no formal comparisons were done, we believe the annual base salaries of our Named Executive Officers are reasonable in relation to executive compensation practices of other similarly-sized companies and other companies within the same industry. The Committee does not apply any specific weighting to these factors in determining an executive’s compensation. However, subject to the limitations found in each executive’s employment agreement, the Committee may adjust an executive’s base salary at its discretion.

In light of the Company’s financial position, there were no significant increases in base salaries of our Named Executive Officers in 2009. In 2010, we increased the base salaries of Mr. Fenstermacher and Dr. Sinnott in connection with their respective promotions to co-CEO. See “Executive Employment Agreements” below for 2008, 2009, and 2010 salary schedules.

(b) Bonus. We award annual cash bonuses under our Management Non-Equity Incentive Bonus Plan for achievement of specified performance objectives to be achieved within a specific performance period, which is typically one year or less. We make awards from an established incentive pool. The Committee determines the total size of our incentive pool by taking into account our financial performance. We believe this pool-based bonus system helps to foster teamwork and ensures that all executives work collectively to improve our performance. The current structure of the Management Non-Equity Incentive Bonus Plan was established in 2007.

The performance profit or net operating income target for purposes of establishing the bonus pool is set on an annual basis. The total pool available for the Named Executive Officers and other senior executives designated by the Committee is dependent upon achievement of Company performance profit targets as well as a minimum sales qualifier. In 2009, the amount of the incentive pool was set at 25% of calculated performance profit, with calculated performance profit defined as income from operations before bonuses. Eighty percent of bonuses earned under the plan are paid in March of the following year, with 20% held back for longer-term distribution, paid over the following four years, subject to the executive’s continued employment on the applicable payment date.

For 2009, the minimum sales qualifier and target performance profit were approximately \$340.0 million and \$5.7 million, respectively, and the percentage of annual base salary that could be earned as a bonus for each Named Executive Officer under our Management Non-Equity Incentive Bonus Plan was as follows:

Named Executive Officer	Position	Potential Bonus (percentage of base salary)

Edgar Filing: MANNATECH INC - Form DEF 14A

Stephen D. Fenstermacher	Co-CEO and Chief Financial Officer	62.5%
Robert A. Sinnott, Ph.D	Co-CEO and Chief Science Officer	62.5%
Wayne L. Badovinus(1)	President and Chief Executive Officer (June 2008 – December 2009)	100%
Randy S. Bancino	President, Global Business Operations and Expansion (March 2009 – present)	62.5%
B. Keith Clark	Executive Vice President, Chief Legal Officer, and Corporate Secretary	62.5%
Claire E. Zevalkink	Senior Vice President and Chief Global Marketing Officer (September 2009 – present)	62.5%
Terri F. Maxwell	Former Chief Marketing Officer and Senior Vice President (September 2008 – June 2009)	62.5%
Alfredo Bala	Senior Vice President of Global Sales	62.5%

- (1) Mr. Badovinus' potential bonus is higher than other Named Executive Officers and is a product of negotiation at the commencement of his employment.

The above percentages were established taking into account the performance targets set forth above. However, due to the decline in sales and losses incurred in 2009, none of the performance targets were met and no bonuses were earned under our Management Non-Equity Incentive Bonus Plan.

For 2010, the amount of the incentive pool was set at approximately 25% of calculated performance profit and the Board of Directors approved the following bonus opportunities (expressed as a percentage of annual base salary) for each Named Executive Officer under our Management Non-Equity Incentive Bonus Plan:

Named Executive Officer	Position	Potential Bonus (percentage of base salary)
Stephen D. Fenstermacher	Co-CEO and Chief Financial Officer	65%
Robert A. Sinnott, Ph.D	Co-CEO and Chief Science Officer	65%
Wayne L. Badovinus	President and Chief Executive Officer (June 2008 – December 2009)	N/A
Randy S. Bancino	President, Global Business Operations and Expansion (March 2009 – present)	55%
B. Keith Clark	Executive Vice President, Chief Legal Officer, and Corporate Secretary	55%
Claire E. Zevalkink	Senior Vice President and Chief Global Marketing Officer (September 2009 – present)	50%
Terri F. Maxwell	Former Chief Marketing Officer and Senior Vice President (September 2008 – June 2009)	N/A
Alfredo Bala	Senior Vice President of Global Sales	50%

(c) Long-Term Equity Compensation. We maintain stock incentive plans to reward our Named Executive Officers and other executives and employees for the attainment of certain goals and as an incentive for certain new hires. In 2006, we began awarding 20,000 stock options to each newly appointed or hired executive at the Vice President level and 30,000 stock options to each newly appointed or hired Senior or Executive Vice President. The stock options are granted with an exercise price equal to 100% of the fair market value of our common stock on the grant date, vest ratably over two to three years, and have a term of 10 years. We believe that such stock option awards will reinforce the practice of encouraging executives to hold our common stock and closely link executives' interests with those of our shareholders. Fair market value is determined as the closing price of our common stock listed on the NASDAQ Global Market on the date of grant. Each year, our executive team reviews all stock option grants and makes recommendations to our Committee for additional stock option awards to our Named Executive Officers and other executives and employees based upon past achievements and performance. We believe, based on our general understanding of the compensation practices of other companies, that these long-term equity compensation arrangements are reasonable in relation to executive compensation practices of other similar companies within our industry.

In 2009, our Board awarded discretionary stock options to some of our Named Executive Officers. See "Grants of Plan Based Awards" below for the stock options awarded to each Named Executive Officer.

In February 2008, our Board approved the Mannatech, Incorporated 2008 Stock Incentive Plan (described in the "Equity Compensation Plan Information" below) (the "2008 Plan"), which reserves, for issuance of stock options and restricted stock to our employees, board members, and consultants, up to 1,000,000 shares of our common stock plus any shares reserved under our then-existing, unexpired stock plan for which options had not yet been issued plus any shares underlying outstanding options under the then-existing stock option plan that terminate without having been exercised in full. The 2008 Plan was approved by our shareholders at the 2008 Annual Shareholders' Meeting held on June 18, 2008. There were no stock awards granted to our Named Executive Officers in 2009.

(d) **Other Benefits and Perquisites.** We maintain certain other plans and arrangements for the benefit of our Named Executive Officers and other members of our management, including participation in our 401(k) Plan, payment of travel expenses for family members to attend corporate events, and enrollment in health, life, automobile, and long-term disability insurance programs. All of our Named Executive Officers are paid an automobile allowance of \$1,000 per month or provided with a Company-leased vehicle. We believe these benefits are reasonable in relation to executive compensation practices of other similarly-sized companies and other companies within the same industry. In 2009, in light of current economic conditions, we temporarily suspended matching contributions to our 401(k) Plan.

Severance/Change in Control

We believe that severance protections can play a valuable role in attracting and retaining key executive officers. Accordingly, we provide such protections for our Named Executive Officers in their respective employment agreements. Our Named Executive Officers (other than Ms. Zevalkink who currently has no employment agreement) are entitled to certain payments upon termination of employment pursuant to the terms of each of their employment agreements, which typically award cash severance payments in the event the Named Executive Officer is terminated without cause, resigns for good reason or becomes disabled. In addition, in order to reduce any reluctance on the part of executives to pursue potential transactions that could increase our value, our stock incentive plans provide for the accelerated vesting of options in the event of a change in control. For more information see “Executive Compensation - Potential Payments Upon Termination or Change in Control” below.

Named Executive Officers Stock Ownership Guidelines

Our stock ownership and holding requirements are applicable only to our independent directors. We do not have stock ownership guidelines for our Named Executive Officers.

\$1 Million Pay Deductibility Cap

Under Section 162(m) of the United States Internal Revenue Code, or the Code (as interpreted by IRS Notice 2007-49), public companies are precluded from receiving a tax deduction on compensation paid to their chief executive officer and the three most highly compensated officers of the company (other than the chief executive officer and the chief financial officer) if such officer’s compensation exceeds \$1 million, unless the compensation is excluded from the \$1 million limit as a result of being classified as performance-based compensation. Currently, our executive officers’ cash compensation levels have not exceeded the \$1 million limit, and our stock option grants qualify as performance-based compensation under 162(m). Nonetheless, we annually review all of our executive officers’ compensation in light of Section 162(m).

Equity Compensation Plan Information

We use our stock option plans to encourage investment by our officers, employees, and non-employee directors in shares of our common stock so they will have an increased vested interest in and greater concern for our welfare.

We had one stock option plan in effect as of December 31, 2009, which is as follows:

Our Board and a majority of our shareholders approved our 2008 Stock Incentive Plan, or 2008 Plan, in February 2008. Our 2008 Plan enables us attract and retain employees, consultants and directors who will contribute to our long-term success and aligns the interests of those individuals with the interests of our shareholders. Awards of stock options, including incentive and nonstatutory stock options, and restricted stock may be issued under our 2008 Plan. The 2008 Plan is administered by the Committee.

There are 1,000,000 shares of our common stock reserved for issuance under our 2008 Plan, which does not include certain shares available for issuance under our predecessor stock plan. In the event of certain changes to our common stock, including due to a merger, consolidation, reorganization, reincorporation, stock dividend, non-cash dividend, stock split, liquidation, combination, stock exchange, or change in corporate structure, we may adjust the number of shares subject to our 2008 Plan and to any outstanding awards.

Generally, the exercise price with respect to stock options granted pursuant to our 2008 Plan cannot be less than 100% of the fair market value per share of our common stock on the date of grant. Unless the Committee specifies otherwise, in general, stock options vest monthly over a thirty-six month period and have a ten-year term.

Participants in our 2008 Plan may pay the exercise price for stock options in cash, shares of common stock, via a broker-assisted cashless exercise method or in any other form of legal consideration that the Committee approves.

Our 2008 Plan also permits awards of restricted shares of our common stock, or restricted stock, and the vesting schedule is determined by the Committee.

If we undergo a change in control or certain other significant corporate transactions, our 2008 Plan provides that we may assume, continue, substitute for, or cancel any outstanding awards. For purposes of our 2008 Plan, a “change in control” generally means (i) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets to a third-party, (ii) the replacement of the majority of the incumbent members of our Board, (iii) the adoption of a plan relating to our liquidation or dissolution, or (iv) the consummation of any transaction (including a merger or consolidation) that results in a third-party becoming the beneficial owner of more than 50% of our voting power.

In the event that any award under our 2008 Plan is determined to be nonqualified deferred compensation subject to Section 409A of the Code, the award will have to comply with certain technical tax limitations with respect to when awards may be exercised or paid for.

Our 2008 Plan will terminate automatically on February 20, 2018, unless our Board terminates it sooner. Our Board may amend our 2008 Plan at any time but to the extent shareholder approval is necessary, an amendment may not become effective until we obtain shareholder approval.

Our stock option plans may be terminated by our Board of Directors at any time without approval from our shareholders. Material amendments to our stock option plans require approval by our shareholders as required by the marketplace rules of the NASDAQ.

401(k) Plan

On May 9, 1997, we adopted a 401(k) Pre-tax Savings Plan (the “401(k) Plan”). All full time employees, including our Named Executive Officers, who have completed 90 days of service and are at least 21 years of age are eligible to

participate in our 401(k) Plan. During 2009, employees were allowed to contribute to our 401(k) Plan up to the maximum annual limit of their current annual compensation, as statutorily prescribed. While in the past we have made matching contributions under the 401(k) Plan, in 2009, in light of current economic conditions, we temporarily suspended our regular matching contributions. The 401(k) Plan also allows us to make discretionary profit-sharing contributions each year based upon our profit. We did not make any profit-sharing contributions in 2009. Employee contributions and our matching contributions are paid to a corporate trustee and are invested as directed by the participant. Our contributions to our 401(k) Plan vest over five years or earlier if the participant retires at age 65, becomes disabled, or dies. Payments to participants may be made in the case of financial hardship, and distributions may be made in a lump sum. Our 401(k) Plan is intended to qualify under Section 401(a) of the Code, so that contributions made by employees or by us to our 401(k) Plan, and income earned on these contributions, are not taxable to our employees until withdrawn from the 401(k) Plan.

Each of our employment agreements with our Named Executive Officers provides for certain payments and benefits in the event of early termination. However, none of these employment agreements requires payment upon a change in control of the Company. Our stock option plans do, however, provide for accelerated vesting of options in the event of a change of control or other event for which the Board determines such accelerated vesting would be equitable under the circumstances. The following discussion summarizes our payment obligations to our Named Executive Officers upon termination or change in control (as defined under “Equity Compensation Plan Information” above) assuming such termination or change in control occurred on December 31, 2009:

Mr. Stephen D. Fenstermacher – Co-Chief Executive Officer and Chief Financial Officer

Under the terms of his employment agreement, if Mr. Fenstermacher is terminated for any reason he is entitled to (i) any remaining base salary earned and not yet paid through the termination date, (ii) any annual bonus, or any portion thereof, earned and not yet paid through the termination date, (iii) all reimbursable expenses due but not yet paid through the termination date, and (iv) all earned or vested benefits (or an amount equivalent to the value of such benefits) payable under our benefit plans or arrangements through the termination date. Under the terms of the employment agreement, if Mr. Fenstermacher resigns for good reason or we terminate him without cause or due to disability, we are obligated to pay Mr. Fenstermacher twelve (12) months annual base salary following his termination in regular installments on the usual and customary pay dates of the Company. Under the employment agreement, a termination for “cause” means (A) we determined that Mr. Fenstermacher has neglected, failed, or refused to render the services or to perform any other of his duties or obligations under his employment agreement, (B) Mr. Fenstermacher’s violation of any provision or obligation under his employment agreement, (C) Mr. Fenstermacher’s indictment for, or plea of no contest with respect to, any crime that adversely affects or may adversely affect us or the utility of Mr. Fenstermacher’s services to us, or (D) any other act or omission of Mr. Fenstermacher involving fraud, theft, dishonesty, disloyalty, or illegality that harms or embarrasses us. Mr. Fenstermacher may resign for “good reason” if we (W) deny any compensation due under his employment agreement, (X) require him to be based outside of Dallas County, Texas, (Y) decrease his title or pay or remove a material portion of his significant duties or responsibilities without his consent, or (Z) breach his employment agreement. For purposes of the agreement, the term “disability” means Mr. Fenstermacher becomes incapacitated by accident, sickness, or other circumstances that, in the reasonable judgment of the Board renders or is expected to render Mr. Fenstermacher mentally or physically incapable of performing the essential duties and services required of him under the agreement, with or without reasonable accommodation, for a period of at least 90 consecutive calendar days. As of December 31, 2009, Mr. Fenstermacher’s annual base salary was \$350,000, and his employment agreement will expire on December 15, 2010.

The following table shows the potential payments upon termination of Mr. Fenstermacher’s employment under the circumstances described above or the occurrence of a change in control assuming such termination or change in control occurred on December 31, 2009.

The remaining 81,000 unvested stock options have an exercise price that exceeded the closing price of \$3.11 on December 31, 2009; therefore acceleration of these equity incentive awards is less than zero.

Dr. Robert A. Sinnott, Ph.D – Co-CEO and Chief Science Officer:

Under the terms of his employment agreement, if Dr. Sinnott resigns for good reason or we terminate Dr. Sinnott without cause or due to disability, he will continue to receive his base salary for twelve months from the termination date. Notwithstanding the statement above, if Dr. Sinnott's employment is terminated for cause, if he resigns without good reason, or is terminated due to his death, he is entitled to (i) any remaining base salary earned and not yet paid through the termination date; (ii) any annual bonus, or portion thereof, that is earned through the termination date; (iii) all reimbursable expenses due but not yet paid through the termination date; and (iv) all earned or vested benefits (or an amount equivalent to the value of such benefits) payable under our benefit plans or arrangements through the termination date. Under the employment agreement, a termination for "cause" means (A) we determined that Dr. Sinnott has neglected, failed, or refused to render the services or to perform any other of his duties or obligations under his employment agreement, (B) Dr. Sinnott's violation of any provision or obligation under his employment agreement, (C) Dr. Sinnott's indictment for, or plea of no contest with respect to, any crime that adversely affects or may adversely affect us or the utility of Dr. Sinnott's services to us, or (D) any other act or omission of Dr. Sinnott involving fraud, theft, dishonesty, disloyalty, or illegality that harms or embarrasses us. Dr. Sinnott may resign for "good reason" if we (W) deny any compensation due under his employment agreement, (X) require him to be based outside of Dallas County, Texas, (Y) decrease his title or pay or remove a material portion of his significant duties or responsibilities without his consent, or (Z) breach his employment agreement. For purposes of the agreement, the term "disability" means Dr. Sinnott becomes incapacitated by accident, sickness, or other circumstances that, in the reasonable judgment of the Board renders or is expected to render Dr. Sinnott mentally or physically incapable of performing the essential duties and services required of him under the agreement, with or without reasonable accommodation, for a period of at least 90 consecutive calendar days. As of December 31, 2009, Dr. Sinnott's annual base salary was \$350,000, and his employment agreement will expire on December 15, 2010.

Mr. Wayne L. Badovinus - President and Chief Executive Officer:

Mr. Badovinus resigned as our President and Chief Executive Officer in December 2009. As of his resignation, Mr. Badovinus's annual base salary was \$600,000. Mr. Badovinus did not receive any cash severance payments or other termination payments upon his resignation.

Randy S. Bancino - President, Global Business Operations and Expansion:

Under the terms of his employment agreement, if Mr. Bancino resigns for good reason or we terminate Mr. Bancino without cause or due to disability, he will continue to receive his base salary through the end of the agreement term or for a period of twelve months from his last day of employment, whichever is longer. Notwithstanding the statement above, if Mr. Bancino's employment is terminated for cause, if he resigns without good reason, or is terminated due to his death, he is entitled to (i) any remaining base salary earned and not yet paid through the termination date; (ii) any annual bonus, or portion thereof, that is earned through the termination date; (iii) all reimbursable expenses due but not yet paid through the termination date; and (iv) all earned or vested benefits (or an amount equivalent to the value of such benefits) payable under our benefit plans or arrangements through the termination date. The agreement defines a resignation for "good reason" as (W) any denial of compensation due and owing to Mr. Bancino under the agreement, (X) any requirement that Mr. Bancino be based anywhere other than Dallas County, Texas, except for travel incident to our business, (Y) our demotion of Mr. Bancino in title or pay, or our removal of a material portion of Mr. Bancino's significant duties or responsibilities without Mr. Bancino's consent, or (Z) our material breach of the agreement. As of December 31, 2009, Mr. Bancino's annual base salary was \$290,000, and his employment agreement will expire on March 2, 2011.

Mr. B. Keith Clark - Executive Vice President, Chief Legal Officer, and Corporate Secretary:

Under the terms of his employment agreement, if Mr. Clark resigns for good reason or we terminate Mr. Clark without cause or due to disability, he will continue to receive his base salary for twelve months from the termination date. Notwithstanding the statement above, if Mr. Clark's employment is terminated for cause, if he resigns without good reason, or is terminated due to his death, he is entitled to (i) any remaining base salary earned and not yet paid through the termination date; (ii) any annual bonus, or portion thereof, that is earned through the termination date; (iii) all reimbursable expenses due but not yet paid through the termination date; and (iv) all earned or vested benefits (or an amount equivalent to the value of such benefits) payable under our benefit plans or arrangements through the termination date. As of December 31, 2009, Mr. Clark's annual base salary was \$313,000, and his employment agreement will expire on December 15, 2010.

therefore acceleration of these equity incentive awards is less than zero.

Clair E. Zevalkink – Senior Vice President and Chief Global Marketing Officer:

Ms. Zevalkink was employed in September 2009 and currently has no employment agreement. However, our stock option plan provides for accelerated vesting of options in the event of a change in control or other event for which the Board determines such accelerated vesting would be equitable under the circumstances. Assuming such change in control occurred on December 31, 2009, Ms. Zevalkink would not be entitled to any payments as the exercise price of Mr. Zevalkink's stock options exceeded the closing price of \$3.11 on December 31, 2009.

Terri F. Maxwell - Chief Marketing Officer and Senior Vice President:

Effective June 22, 2009, we terminated the employment of Terry F. Maxwell as our Chief Marketing Officer and Senior Vice President. Historically, the Company has made cash donations to MannaRelief, sold products to MannaRelief at cost plus shipping and handling charges, and shipped products purchased by MannaRelief to its chosen recipients. In addition, certain Company employees and consultants periodically volunteer to work or host various fund raising projects and events for MannaRelief at no cost to MannaRelief. The Company has made cash donations and sold products to MannaRelief as follows:

On February 26, 2009, we reached an agreement with the Texas Attorney General's office settling the enforcement action. Mr. Caster, who resigned as Chairman on January 30, 2009, also entered into an agreed settlement on February 26, 2009 with the Attorney General's Office settling the enforcement action against him. Pursuant to the requirements of the Company's articles of incorporation and bylaws, the Company has agreed to indemnify Mr. Caster for the amount of the fine and for any other expenses relating to this matter.

On March 17, 2009, the Company entered into a Consulting Agreement with Salinda Enterprises, LLC ("Salinda") for the consulting services of Mr. Caster who is an employee of Salinda. Pursuant to the terms of the Consulting Agreement, the Company will pay Mr. Caster \$650,000 a year for consulting services mutually agreed upon by the Company and Mr. Caster. Review and Approval of Related Party Transactions

Our Audit Committee reviews all relationships and transactions, including relationships and transactions with our directors, director nominees, executive officers and their immediate family members, as well as holders known by us to own more than 5% of any class of our voting securities and their family members, who have a direct or indirect material interest. Although the Board of Directors does not have a formal policy with respect to related party transactions, in approving or rejecting such proposed transactions, our Audit Committee considers the nature of the related party transaction, the amount and material terms of the transaction, whether the transaction is on terms no less favorable to the Company than terms generally available in a similar transaction with an unaffiliated third party, whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company, and other facts and circumstances available and deemed relevant to our Audit Committee.

REPORT OF THE AUDIT COMMITTEE

Our purpose is to assist the Company's Board of Directors in overseeing its financial reporting, internal controls, and audit functions. Larry A. Jobe has been the Committee's Chairman since February 2007 and is designated by the Board of Directors as the financial expert of our Audit Committee. Other members include Mrs. Patricia A. Wier and Messrs. Gerald E. Gilbert, Alan D. Kennedy and Robert A. Toth. The Board of Directors has determined that each of the Audit Committee's members meet the independence and financial literacy requirements for purposes of serving on such committee under applicable rules of NASDAQ and SEC. We operate under a written charter adopted by the Board of Directors. We review and address the adequacy of our charter on an annual basis. See our Amended Audit Committee Charter, which is posted on the Company's corporate website at www.mannatech.com.

We are responsible for reviewing the Company's consolidated financial statements, its systems of internal controls, and internal control over financial reporting. The Company's independent registered public accounting firm is responsible for auditing our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"). Our activities are in no way designed to supersede or alter our responsibilities or the responsibilities of the Company's independent registered public accounting firm. We assist the Company's Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the Company's accounting, auditing, and reporting practices, and such other duties as directed by the Board of Directors. Our role does not provide any special assurances with regard to the Company's consolidated financial statements, nor does it involve a professional evaluation of the quality of audits performed by the Company's independent registered public accounting firm. We strengthened our ability to assist the Board of Directors, and formed a subcommittee called the Disclosure Committee. The Disclosure Committee is comprised of high level employees and officers who report to us and the Company's Co-Chief Executive Officer and Chief Financial Officer. The Disclosure Committee is responsible for reviewing all of the Company's filings with the SEC. We have furnished the Board of Directors with the following report:

We have reviewed and discussed with the Company's management their consolidated audited financial statements as of and for the year ended December 31, 2009, and the certification process required by the Sarbanes-Oxley Act of 2002. The Company has represented to us that its consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. We have also discussed the following with BDO Seidman, LLP, the Company's independent registered public accounting firm: (i) the auditor's responsibilities, (ii) any significant issues arising during the audit, and (iii) other matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended by Statement on Auditing Standards No. 90, "Communications with Audit Committees" and No. 114 "The Auditor's Communication with those Charged with Governance." We received the written disclosures from BDO Seidman, LLP required by Rule 3520 of the PCAOB. We have discussed with the Company's independent registered public accounting firm the accounting firm's independence from Company management. In addition, we have discussed the adequacy of the Company's internal control over financial reporting with the Company's independent registered public accounting firm and its management.

Based on the review and discussions referred to above, we recommended to the Board of Directors, and the Board of Directors subsequently approved, that the Company's year-end audited consolidated financial statements be included in the Company's 2009 Annual Report on its Form 10-K for the year ended December 31, 2009 for filing with the United States Securities and Exchange Commission.

FREQUENTLY ASKED QUESTIONS

Our Board of Directors urges all shareholders to read all of the information included in the proxy materials provided to them. As a courtesy, our Board of Directors is providing each shareholder with the following list of frequently asked questions in hopes of eliminating some of the more commonly asked questions and keeping our shareholders informed of the various policies and procedures that must be followed for the 2010 Annual Shareholders' Meeting.

1. Why did I receive a Notice of Internet Availability of Proxy Materials this year instead of a paper copy of the proxy materials?

Pursuant to rules promulgated by the SEC, we are providing access to our proxy materials over the Internet. As a result, we are mailing to many of our shareholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of our proxy materials. The notice contains instructions on how to access our proxy materials over the Internet, as well as instructions on how to request a paper copy of our proxy materials by mail.

2. Why didn't I receive a Notice of Internet Availability of Proxy Materials?

We are providing some of our shareholders, including those who have previously requested to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of the Notice. In addition, we are providing the Notice by e-mail to those shareholders who have previously elected delivery of the proxy materials electronically. Those shareholders should have received an e-mail containing a link to the website where materials are available.

If you received a paper copy of the proxy materials, you may elect to receive future proxy materials electronically by following the instructions on your proxy card or voting instruction form. Choosing to receive your future proxy materials by e-mail will help us conserve natural resources and reduce the costs of printing and distributing our proxy materials.

3. How can I access the proxy materials over the Internet?

Your Notice of Internet Availability of Proxy Materials or proxy card will contain instructions on how to view our proxy materials for the 2010 Annual Shareholders' Meeting on the Internet. Our proxy materials are also available on our company website at <http://www.mannatech.com>.

4. What is the difference between a proxy-voting card and a ballot?

A proxy-voting card is mailed to a shareholder. The proxy-voting card gives specific instructions on how to cast a vote prior to our 2010 Annual Shareholders' Meeting by mail, telephone, or the Internet. The instructions on the proxy-voting card are different depending on whether the shareholder owns shares directly or through a broker. Shareholders should read and follow all of the instructions in their packets to ensure their votes are counted. Ballots, on the other hand, will be handed out at the 2010 Annual Shareholders' Meeting to shareholders of record who own shares on the close of business on April 16, 2010.

5. What shares owned by a shareholder can be voted either by proxy or at the 2010 Annual Shareholders' Meeting?

All shares owned by a shareholder directly or as a beneficial owner as of the record date, April 16, 2010, may be voted by the shareholder prior to the meeting by telephone or through the Internet, or by returning a proxy card, without having to attend the shareholder meeting in person. At the 2010 Annual Shareholders' Meeting, shares may be voted using a ballot by (i) shareholders who directly own their shares and are verified with a valid form of identification and (ii) beneficial owners of record who are verified with a broker's power of attorney giving them authority to vote at the meeting. If a shareholder does not have this information from his or her broker, our Inspector of Elections will not be able to count such shareholder's vote because the broker may have already cast a vote on such shareholder's behalf. We strongly recommend that a shareholder read the instructions on the Notice of Internet Availability of Proxy Materials or on the proxy-voting card received by the shareholder prior to the 2010 Annual Shareholders' Meeting to understand how to cast a vote at the meeting. A shareholder's broker can usually mail or fax a shareholder any necessary paperwork prior to the meeting.

6. What is the difference between direct ownership and beneficial ownership?

A shareholder has **DIRECT OWNERSHIP** over its shares if such shareholder directly holds the stock certificates in the shareholder's own name. This is evidenced by the shareholder's receipt of all mailings directly from either us, or our transfer agent, Computershare.

A-1

A shareholder has BENEFICIAL OWNERSHIP over its shares if such shareholder has delivered its stock certificates to a broker or purchased shares through a broker and receives all of our mailings either from a broker or through a solicitor, which is usually Broadridge Financial Solutions, Inc. As a beneficial owner, the shareholder still owns the shares, but our transfer agent does not have individual shareholders' names from the brokers. The only information our transfer agent has is the aggregate total number of shares each broker holds on behalf of its clients.

7.How is voting different for direct holders versus beneficial owners?

Our transfer agent has the names of the shareholders who directly hold shares of our common stock, but it does not have any detailed information (such as the individual names or number of shares held) concerning shareholders who own shares through brokers. Only the individual brokers have the detailed information about each shareholder's beneficial ownership. Each brokerage group is responsible for reporting their clients' votes to our transfer agent and for providing all mailings to our shareholders who own stock through their brokerage firm. Each brokerage group also has its own set of instructions on how to cast a vote with such brokerage firm.

8.What does it mean if I received more than one set of materials?

This means your shares are registered with different names. For example, you may own some shares directly as a "registered holder" and other shares through a broker in "street name," or you may own shares through more than one broker. In these situations you may receive multiple sets of proxy materials. It is necessary for you either to attend in person (please note, however, that if a broker or other nominee holds your shares of record and you wish to vote at the meeting, you must obtain from that registered holder a proxy card issued in your name), follow the instructions to vote your shares by telephone or through the Internet provided in the Notice of Internet Availability of Proxy Materials or return a signed, dated and marked proxy card if you received a paper copy of the proxy card. If you vote by mail, make sure you return each proxy card in the return envelope that accompanied that proxy card.

9.Can I change my proxy vote?

Both direct shareholders and beneficial shareholders can revoke a proxy-vote prior to commencement of the 2010 Annual Shareholders' Meeting. Attendance at the 2010 Annual Shareholders' Meeting will not in itself constitute a revocation of a shareholder's proxy-vote. Generally, shareholders may revoke their proxy-vote by submitting a new proxy-vote with a later date or by voting in person at our 2010 Annual Shareholders' Meeting. Shareholders should call the telephone number listed within the shareholder information packets to obtain specific instructions on how to revoke their proxy-vote. Specific instructions on how to revoke a proxy-vote may be different depending on whether a shareholder is a direct shareholder or a beneficial shareholder.

Each set of instructions should include the shareholder's account number and the solicitor's telephone number and email address. Our Inspector of Elections only will count the verified proxy-votes received from each shareholder and brokerage firm with the latest date. Each share of our common stock represents one vote. Shareholders should call the telephone number provided to them in their shareholder information packets if they are unsure or have any questions. Telephone numbers may be different depending on whether a shareholder is a direct shareholder or a beneficial shareholder. The telephone numbers may also be different if a shareholder holds shares at different brokerage firms.

10.How can I attend the 2010 Annual Shareholders' Meeting?

The 2010 Annual Shareholders' Meeting will be held on June 9, 2010 at 3:00 p.m., Central Daylight Time, at the Grapevine Convention Center in Grapevine, Texas. Shareholders will be admitted upon check-in. No cameras or recording equipment will be permitted in the meeting room as we will be taping the meeting in its entirety.

11.Where can I find the voting results of the 2010 Annual Shareholders' Meeting?

We will announce preliminary voting results of the 2010 Annual Shareholders' Meeting in a press release issued on or about June 11, 2010, and will publish final voting results on Form 8-K, which is expected to be filed with the Securities and Exchange Commission ("SEC") on or before June 14, 2010.

A-2

12.Can I have someone else cast a vote for me at the 2010 Annual Shareholders' Meeting?

In order to have someone else cast your vote at the meeting, you must provide the person with whom you would like to cast your vote a power of attorney form. This person is called a shareholder designee ("designee"). A valid power of attorney form must be notarized and contain the following:

- the date;
- the full name of the designee;
- the number of shares you hold and to be voted by the designee;
- the nature and extent of the authority granted to the designee;
- the expiration date that terminates the designee's rights to cast your vote on your behalf; and
- your signature.

The original power of attorney form must be attached to the ballot that is turned in at the meeting by the designee. If you are a beneficial owner, you must also provide the proper documentation from your broker to the designee, which would allow you to vote and attend the meeting. The designee should then attach all of the original form(s) to the ballot to be turned in at the 2010 Annual Shareholders' Meeting.

The designee must complete a separate ballot and attach the original power of attorney form and/or the proper documentation from the broker (only if the shares are held through a broker) and must sign each ballot as your designee.

13.How can I vote against some or all of the nominees for the Board of Directors?

To vote against some or all of our Board nominees, you should check the "WITHHOLD ALL" or the "FOR ALL EXCEPT" boxes next to the name of each of the applicable nominees on the proxy-voting card or ballot.

14.How can I write-in a nominee for the Board of Directors?

You CANNOT write-in additional Board nominees on your proxy-voting card when voting by mail, telephone, or the Internet. You may ONLY write-in the names of additional nominees for whom you wish to vote on the ballot at the 2010 Annual Shareholders' Meeting.

To write-in a nominee on the ballot at the 2010 Annual Shareholders' Meeting, you should check the "FOR ALL EXCEPT" box and identify the nominees for which you desire to vote against. You should then write-in your nominee(s) in the blank provided. You may only write-in as many nominees as you voted against. For example, if there were a total of three nominees listed on the ballot and you withheld a vote for two of the three nominees, two additional nominees may be written in.

15.How can I recommend that a person be listed on the ballot as a nominee for the Board of Directors?

Shareholder recommendations for nominee(s) for our Board of Directors should have been submitted to our CFO by December 31, 2009, so that our Board of Directors could have considered such persons for nomination at the 2010 Annual Shareholders' Meeting. Nominee recommendations should include a candidate's name, age, biographical information, and qualifications. Our CFO forwards the list of nominees to the Nominating and Governance Committee

of our Board of Directors. Our Nominating and Governance Committee reviews all of the nominees and recommends a list of nominees to our Board of Directors. Our Board of Directors then votes on the nominees. Only the nominees approved by our Board of Directors will be listed on our ballot, proxy-voting card, and in our proxy statement on Schedule 14A, which is expected to be filed with the SEC on or before April 30, 2010. To submit recommendations for a nominee to our Board of Directors at the 2011 Annual Shareholder Meeting, a shareholder should submit in writing the nominees information to our CFO by December 31, 2010. The nomination should be either faxed to (972) 471-7342 or mailed to our CFO at Mannatech, Incorporated, 600 S. Royal Lane, Suite 200, Coppel, Texas 75019.

16.How are the votes counted?

Our Inspector of Elections will be responsible for tabulating all of the votes for the 2010 Annual Shareholders' Meeting. The presence, in person or by proxy-vote, of the holders of at least a majority of shares of our common stock outstanding, as of the record date, is necessary to have a quorum for the 2010 Annual Shareholders' Meeting. "ABSTAIN" votes and broker "non-votes" will be counted as present for purposes of determining a quorum. A broker "non-vote" occurs when brokers or nominees return a properly executed proxy but do not vote on a particular matter because they have no discretionary power to vote and have received no instructions from the beneficial owners thereof or persons entitled to vote thereon.

In tabulating the votes, if a proxy-vote or ballot is signed by the shareholder but submitted without providing specific voting instructions, the shareholder's vote will be counted as a vote "FOR" each of the proposals.

For Proposal 1 (Election of Directors) — If a quorum is obtained, our Class II directors will be elected by a plurality of the shares represented, in person or by proxy, at the 2010 Annual Shareholders' Meeting and entitled to vote. This means that the two nominees receiving the highest number of affirmative votes at the 2010 Annual Shareholders' Meeting will be elected as our two Class II directors. Votes marked "FOR ALL" will be counted in favor of all nominees, except to the extent a shareholder specifies differently. Votes marked "WITHHOLD ALL" will be counted against all nominees. To specify differently, a shareholder must check the "FOR ALL EXCEPT" box and then identify the nominees for whom the shareholder wishes to vote against. Selecting "WITHHOLD ALL" votes for a nominee has no effect on the vote since a plurality of the votes at the 2010 Annual Shareholders' Meeting is required for the election of each nominee. Shareholders may not abstain from voting with respect to the election of directors.

For Proposal 2 (Ratification of Auditors) — If a quorum is obtained, and a majority of the shares represented, in person or by proxy, at the 2010 Annual Shareholders' meeting and entitled to vote, are in favor of Proposal 2, the ratification of the appointment of our independent registered public accounting firm will be approved. Votes marked "FOR" will be counted in favor of the ratification of the appointment of our independent registered public accounting firm. An "ABSTAIN" vote from voting on Proposal 2 will be treated as a vote against the ratification of the appointment of our independent registered public accounting firm. Because the ratification of our independent registered public accounting firm is a routine matter for which specific instructions from beneficial owners will not be required, no "broker non-votes" will arise in the context of Proposal 2.

For Proposal 3 (Incentive Plan Amendments) — If a quorum is obtained, and a majority of the shares represented, in person or by proxy, at the 2010 Annual Shareholders' Meeting and entitled to vote, are in favor of Proposal 3, our 2008 Stock Incentive Plan will be amended to permit a one-time stock option exchange program. Votes marked "FOR" Proposal 3 will be counted in favor of amendment of the 2008 Stock Incentive Plan to permit a one-time stock exchange program. An abstention from voting on Proposal 3 will be treated as a vote against Proposal 3. A broker non-vote will be treated as a vote against Proposal 3.

17.What should I do if I never received my proxy materials or if the proxy materials have been lost?

You should contact you broker's customer service department. The broker should verify that you were a shareholder on the close of business on April 16, 2010 and give you specific instructions on how to obtain new proxy materials and cast a vote. Anyone can view our 2010 proxy statement by logging onto our corporate website, www.mannatech.com.
