You should not assume that the information in this prospectus, the prospectus supplements, any free writing prospectus or any document incorporated by reference is accurate as of any date other than the date of the applicable document.

The distribution of this prospectus and any applicable prospectus supplement and the offering of the securities in certain jurisdictions may be restricted by law. Persons into whose possession this prospectus and any applicable prospectus supplement come should inform themselves about and observe any such restrictions. This prospectus and any applicable prospectus supplement do not constitute, and may not be used in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

You should rely only on the information contained in or incorporated by reference in this prospectus and in any applicable prospectus supplement when deciding whether to invest in the securities offered hereby. We have not authorized anyone to give oral or written information about this offering, our Company, or the securities offered hereby that is different from the information included or incorporated by reference in this prospectus or any applicable supplement to this prospectus. If anyone provides you with different information, you should not rely on it. You should assume that the information contained in this prospectus is accurate only as of the date on the front cover of this prospectus. Our business, financial condition, results of operations and prospects may have changed since that date.

IMPLICATIONS OF BEING AN EMERGING GROWTH COMPANY

As a company with less than \$1.07 billion in gross revenue during our last fiscal year, we qualify as an “emerging growth company” as defined in the JOBS Act. We will continue to be an emerging growth company until the earliest to occur of: (1) December 31, 2020; (2) the last day of the fiscal year in which we have more than \$1.07 billion in annual gross revenues; (3) the date on which we become a “large accelerated filer” under the Securities Exchange Act of 1934, as amended, or the Exchange Act; or (4) the date on which we have, during the previous three-year period, issued more than \$1.0 billion in non-convertible debt securities. Until we cease to be an emerging growth company, we may take advantage of specified reduced reporting and other regulatory requirements generally unavailable to other public companies. We may choose to take advantage of some or all of these reduced reporting and other regulatory requirements.

The JOBS Act also permits an “emerging growth company” to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. However, we have “opted out” of this provision. As a result, we will comply with new or revised accounting standards to the same extent that compliance is required for non-emerging growth companies. This decision to opt out of the extended transition period under the JOBS Act is irrevocable.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, any applicable prospectus supplement and the documents incorporated by reference herein and therein may contain forward-looking statements within the meaning of section 27A of the Securities Act and section 21E of the Exchange Act. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as “may,” “should,” “could,” “predict,” “potential,” “believe,” “will likely result,” “expect,” “continue,” “anticipate,” “seek,” “estimate,” “intend,” “plan,” “projection,” “would” and “outlook,” or the negative version of those words or comparable words or phrases of a future or forward-looking nature. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about our industry, management’s beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. There are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but not limited to, the following:

- our ability to prudently manage our growth and execute our strategy;
- risks associated with our acquisition and de novo branching strategy;
- business and economic conditions generally and in the financial services industry, nationally and within our primary markets;

- deterioration of our asset quality;
- changes in the value of collateral securing our loans;
- changes in management personnel;
- liquidity risks associated with our business;
- interest rate risk associated with our business;
- our ability to maintain important deposit customer relationships and our reputation;
- operational risks associated with our business;
- volatility and direction of market interest rates;
- increased competition in the financial services industry, particularly from regional and national institutions;
- changes in the laws, rules, regulations, interpretations or policies relating to financial institution, accounting, tax, trade, monetary and fiscal matters;
- further government intervention in the U.S. financial system; and
- natural disasters and adverse weather, acts of terrorism, an outbreak of hostilities or other international or domestic calamities, and other matters beyond our control.

Other factors not identified above, including those described under the headings “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our most recent Annual Report on Form 10-K and in any of our Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings we have made with the SEC since the date of our most recent Annual Report on Form 10-K that are incorporated by reference in this prospectus, may also cause actual results to differ materially from those described in our forward-looking statements. All forward-looking statements included in this prospectus, any applicable prospectus supplement or in a document incorporated by reference herein or therein speak only as of the date such document. We undertake no obligation to update any forward-looking statement to reflect factual assumptions, circumstances or events that have changed after we have made the forward-looking statements, unless we are required to do so by law. You should not put undue reliance on any forward-looking statements.

RISK FACTORS

Investing in our securities involves a significant degree of risk. Before you invest in our securities, you should carefully read and consider the risk factors contained in under the caption “Risk Factors” and elsewhere in our most recent Form 10-K and any updated or additional disclosure about risk factors included our Quarterly Reports on Form 10-Q, which are incorporated by reference into this prospectus. We may also include updated or additional disclosure about risk factors in our future annual, quarterly or current reports filed with the SEC that are incorporated by reference into this prospectus. See “Where You Can Find More Information” for information about how to obtain a copy of these documents. You should also carefully consider the risks and other information that may be contained in, or incorporated by reference into, any prospectus supplement relating to specific offerings of securities. Additional risks and uncertainties of which we are not aware or that we believe are not material at the time could also materially and adversely affect our business, financial condition, results of operations or liquidity.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we expect to use the net proceeds from the sale of offered securities by us for general corporate purposes, including:

- maintenance of consolidated capital to support our growth, enabling us to continue to satisfy our regulatory capital requirements;
- contributions of capital to Guaranty Bank & Trust to support its growth, enabling it to continue to satisfy its regulatory capital requirements;
- financing of acquisitions of financial institutions; and
- refinancing, reduction or repayment of debt.

The prospectus supplement with respect to an offering of offered securities may identify different or additional uses for the proceeds of that offering.

Except as otherwise stated in an applicable prospectus supplement, pending the application of the net proceeds from the sale of offered securities, we expect to either deposit such net proceeds in deposit accounts or invest them in short-term obligations.

DESCRIPTION OF COMMON STOCK

The following is a summary of our common stock and certain terms of our amended and restated certificate of formation and our amended and restated bylaws, which we refer to herein as our certificate of formation and bylaws, respectively. This discussion summarizes some of the important rights of our shareholders but does not purport to be a complete description of these rights and may not contain all of the information regarding our capital stock that is important to you. The descriptions herein are qualified in their entirety by reference to our certificate of formation and bylaws, copies of which are filed with the SEC as exhibits to the registration statement of which this prospectus is a part, and applicable law.

General

Our certificate of formation authorizes us to issue up to 50,000,000 shares of common stock, par value \$1.00 per share. As of December 11, 2018, 11,865,844 shares of our common stock were outstanding, and we had reserved an additional 967,981 shares of our common stock for future issuance pursuant to awards granted under our 2015 Equity Incentive Plan. As of December 11, 2018, there were issued and outstanding options to purchase 540,872 shares of our common stock and 2,398 outstanding restricted stock units with respect to shares of our common stock, all of which were issued pursuant to awards under our 2015 Equity Incentive Plan. As of December 11, 2018, no other types of incentive awards were issued or outstanding under our 2015 Equity Incentive Plan. The authorized but unissued shares of our capital stock are available for future issuance without shareholder approval, unless otherwise required by applicable law or the rules of any applicable securities exchange.

The rights of our shareholders are generally covered by Texas law and our certificate of formation and bylaws (each as amended and restated and in effect as of the date of prospectus). The terms of our common stock are therefore subject to Texas law, including the Texas Business Organizations Code (“TBOC”), and the common and constitutional law of Texas.

Voting Rights

Each holder of our common stock is entitled to one vote for each share on all matters submitted to a vote of shareholders, except as otherwise required by law and subject to the rights and preferences of the holders of any outstanding shares of our preferred stock. Our certificate of formation do not provide for cumulative voting in the election of directors. Directors are elected by a majority of the votes cast, unless the number of director nominees exceeds the number of directors to be elected at the meeting, in which case directors would be elected by a plurality of the votes cast.

Dividend Rights

Subject to certain regulatory restrictions discussed in or incorporated by reference into this prospectus and to the rights of holders of any preferred stock that we may issue, all shares of our common stock are entitled to share equally in dividends from legally available funds, when, as, and if declared by our board of directors.

No Preemptive Rights

No holder of our common stock has a right under the TBOC, or our certificate of formation or bylaws, to purchase shares of common stock upon any future issuance.

Liquidation Rights

In the event of our liquidation, dissolution or winding up, whether voluntarily or involuntarily, the holders of our common stock would be entitled to share ratably in any of the net assets or funds which are available for distribution to shareholders, after the satisfaction of all liabilities and accrued and unpaid dividends and liquidation preferences on any outstanding preferred stock.

Modification of Rights

An amendment to our certificate of formation requires the approval of a majority of the votes entitled to be cast. Our bylaws may be amended by our board of directors or by the affirmative vote of the holders of two-thirds or more of the shares entitled to vote at a meeting of our shareholders called for such purpose.

Other Rights

Holders of our common stock have no conversion rights or other subscription rights. There are no other redemption or sinking fund provisions that are applicable to our common stock.

Action by Written Consent

Under the TBOC, no action required or permitted to be taken at an annual or special meeting of shareholders may be taken by written consent in lieu of a meeting of shareholders without the unanimous written consent of all shareholders entitled to vote on the action unless the certificate of formation specifically allows action to be taken by the written consent of shareholders holding at least the minimum number of shares necessary to take the action that is subject to that consent at a meeting of shareholders, even though the consent is not signed by all of the corporation's shareholders. Our certificate of formation does not provide for shareholder action by less than unanimous written consent.

Certain Certificate of Formation and Bylaw Provisions Potentially Having an Anti-Takeover Effect

Certain provisions of our certificate of formation and bylaws, and the corporate and banking laws applicable to us, may be deemed to have anti-takeover effects and may delay, prevent or make more difficult unsolicited tender offers or takeover attempts that a shareholder may consider to be in his or her best interests, including those attempts that might result in a premium over the market price for the shares held by shareholders. These provisions may also have the effect of making it more difficult for third parties to cause the replacement of our current management.

Authorized but Unissued Shares. The corporate laws and regulations applicable to us enable our board of directors to issue, from time to time and at its discretion, but subject to the rules of any applicable securities exchange, any authorized but unissued shares of our common or preferred stock. Any such issuance of shares could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The ability of our board of directors to issue authorized but unissued shares of our common or preferred stock at its sole discretion may enable our board to sell shares to individuals or groups who the board perceives as friendly with management, which may make more difficult unsolicited attempts to obtain control of our organization. In addition, the ability of our board of directors to issue authorized but unissued shares of our capital stock at its sole discretion could deprive the shareholders of opportunities to sell their shares of common stock or preferred stock for prices higher than prevailing market prices.

Preferred Stock. Our certificate of formation contain provisions that permit our board of directors to issue, without any further vote or action by the shareholders, shares of preferred stock in one or more series and, with respect to each such series, to fix the number of shares constituting the series and the designation of the series, the voting rights (if any) of the shares of the series, and the powers, preferences and relative, participation, optional and other special rights, if any, and any qualifications, limitations or restrictions, of the shares of such series.

Board Structure and Vacancies. Our certificate of formation provides that our board of directors is divided into three classes serving staggered three year terms. In addition, our certificate of formation provides that any vacancy on the board of directors, including up to two newly created directorships, may be filled by a majority of the board of directors then in officer, even if less than a quorum. Our certificate of formation also provides that directors may be removed from office only for cause and only by the affirmative vote of the holders of a majority of the combined voting power of the then outstanding shares of stock, with all classes and series of shares entitled to vote generally in the election of directors voting together as a single class.

No Cumulative Voting. The TBOC does not permit cumulative voting in the election of directors, unless expressly provided in a corporation's certificate of formation, and our certificate of formation does not provide for such authority.

Special Meetings of Shareholders. For a special shareholders' meeting to be called by one or more shareholder(s), our bylaws require the request of holders of at least 50% of the outstanding shares entitled to vote at the meeting to call a special shareholders' meeting.

Advance Notice Procedures for Director Nominations and Shareholder Proposals. Our bylaws establish an advance notice procedure with regard to business to be brought before an annual or special meeting of shareholders and with regard to the nomination of candidates for election as directors, other than by or at the direction of the board of directors. Although this procedure does not give our board of directors any power to approve or disapprove shareholder nominations for the election of directors or proposals for action, it may have the effect of precluding a contest for the election of directors or the consideration of shareholder proposals if the established procedure is not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its proposal without regard to whether consideration of the nominees or proposals might be harmful or beneficial to our shareholders and us.

Amending our Bylaws. Our board of directors may alter, amend or repeal our bylaws, or adopt new bylaws, without shareholder approval.

Shareholder Actions. Our certificate of formation prohibits shareholder action by less than unanimous written consent, thereby requiring virtually all actions to be taken at a meeting of the shareholders.

Exclusive Forum. Our certificate of formation provides that, subject to certain exceptions, the state courts located in Titus County, Texas shall be the sole and exclusive forum for certain shareholder litigation matters. Although we believe this provision benefits us by providing increased consistency in the application of Texas law in the types of lawsuits to which it applies and in limiting our litigation costs, the provision may have the effect of discouraging lawsuits against our directors and officers and may limit our shareholders' ability to obtain a favorable judicial forum for disputes with us. However, it is possible that a court could rule that this provision is unenforceable or inapplicable to a particular dispute.

Notice and Approval Requirements. Federal banking laws also impose notice, approval and ongoing regulatory requirements on any shareholder or other party that seeks to acquire direct or "indirect" control of an FDIC-insured depository institution. These laws include the Bank Holding Company Act of 1956 and the Change in Bank Control Act.

The overall effect of these provisions may be to deter a future offer or other merger or acquisition proposals that a majority of our shareholders might view to be in their best interests as the offer might include a substantial premium over the market price of our common stock at that time. In addition, these provisions may have the effect of assisting our board of directors and our management in retaining their respective positions and placing them in a better position to resist changes that the shareholders may want to make if dissatisfied with the conduct of our business.

Indemnification

Our certificate of formation provides that our directors and officers will be indemnified by us to the fullest extent permitted by the TBOC, against any and all expenses, liabilities or other matters while acting in his or her capacity as a director or officer. We have also agreed to advance expenses incurred by any such director or officer in connection with threatened, pending or completed proceeding to the fullest extent permitted by the TBOC, subject to certain conditions. To the extent that indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons, we have been advised that, in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Limitation of Liability

Our certificate of formation also limits the personal liability of our directors and officers in actions brought on our behalf or on behalf of our shareholders for monetary damages as a result of a director's acts or omissions while acting in a capacity as a director or officer, with certain exceptions. Our certificate of formation does not eliminate or limit our right or the right of our shareholders to seek injunctive or other equitable relief not involving monetary damages.

DESCRIPTION OF PREFERRED STOCK

The following description is a general summary of the terms of the preferred stock that we may issue. The description below and in any prospectus supplement relating to the offer for sale of shares of a series of our preferred stock does not purport to be complete and is subject to and qualified in its entirety by reference to our certificate of formation, the applicable amendment to our certificate of formation establishing the terms of the series of preferred stock being offered for sale by means of a prospectus supplement, and our bylaws, each of which we will make available upon request. See “Where You Can Find More Information” for additional information.

General

We are authorized to issue 15,000,000 shares of preferred stock, par value \$5.00 per share. As of December 11, 2018, we had no shares of our preferred stock outstanding.

Our certificate of formation permits us to issue one or more series of preferred stock and authorizes our Board of Directors to designate the preferences, limitations and relative rights of any such series of preferred stock. Each share of a series of preferred stock will have the same relative rights as, and be identical in all respects with, all the other shares of the same series. Preferred stock may have voting rights, subject to applicable law and determination at issuance of our Board of Directors. While the terms of preferred stock may vary from series to series, common shareholders should assume that all shares of preferred stock will be senior to our common stock in respect of distributions and on liquidation.

Although the creation and authorization of preferred stock does not, in and of itself, have any effect on the rights of the holders of our common stock, the issuance of one or more series of preferred stock may affect the holders of common stock in a number of respects, including the following: by subordinating our common stock to the preferred stock with respect to dividend rights, liquidation preferences, and other rights, preferences, and privileges; by diluting the voting power of our common stock; by diluting the earnings per share of our common stock; and by issuing common stock, upon the conversion of the preferred stock, at a price below the fair market value or original issue price of the common stock that is outstanding prior to such issuance.

Terms of the Preferred Stock That We May Offer

You should refer to the prospectus supplement relating to the shares of one or more series of preferred stock being offered for sale for the specific terms of that series, including:

- the title of the series being offered and the price per share at which the shares are being offered to the public;
- the number of shares of the series;
- the liquidation preference per share of the series;
- the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculating the payment date(s) applicable to the shares of the series;
- whether dividends will be cumulative or noncumulative and, if cumulative, the date from which dividends will accumulate;
- the procedures for any auction and remarketing, if any, for the shares;
- the provisions for redemption, if applicable, of the shares of preferred stock being offered;
- any listing of the shares of preferred stock being offered on any securities exchange or market;
- the terms and conditions, if applicable, upon which the shares of preferred stock being offered will be convertible into or exchangeable for other securities or rights, or a combination of the foregoing, including the name of the issuer of the securities or rights, conversion or exchange ratio or price, or the

manner of calculating the conversion or exchange ratio or price, and the conversion or exchange date(s) or period(s) and whether we will have the option to convert such preferred stock into cash;

- voting rights, if any, of the shares of preferred stock being offered;
- a discussion of any material and/or special United States federal income tax considerations applicable to the shares of preferred stock being offered;
- the relative ranking and preferences of the shares of preferred stock being offered as to dividend rights to participate in our assets and rights upon winding up or termination of our affairs;
- any limitations on the issuance of any series of preferred stock ranking senior to or equally with the series of preferred stock being offered as to dividend rights and rights to participate in our assets upon winding up or termination of our affairs; and
- any other specific terms, preferences, rights, limitations or restrictions pertaining to the series.

Ranking

Unless otherwise specified in the prospectus supplement relating to the shares of a series of preferred stock, such shares will rank on an equal basis with each other series of preferred stock and prior to the common stock as to dividends and distributions of assets.

Distributions

Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, out of our assets legally available for payment to shareholders, cash distributions, or distributions in kind or in other property if expressly permitted and described in the applicable prospectus supplement, at the rates and on the dates as we will set forth in such prospectus supplement. We will pay each distribution to holders of record as they appear on our stock transfer books on the record dates determined by our board of directors or as set forth in the statement of designation for such series of preferred stock.

Distributions on any series of preferred stock may be cumulative or non-cumulative.

If any shares of the preferred stock of any series are outstanding, no full dividends will be declared or paid or set apart for payment on our preferred stock of any other class or series ranking, as to dividends, equally with or junior to the preferred stock of such series of preferred stock for any period unless all required dividends are paid. The phrase “all required dividends are paid” when used in this prospectus with respect to a series of preferred stock means that: if the series of preferred stock has a cumulative dividend, full cumulative dividends on the preferred stock of the series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment is set apart for payment for all past dividend periods and the then current dividend period, or if the series of preferred stock does not have a cumulative dividend, full dividends on the preferred stock of the series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment is set apart for the payment for the then current dividend period.

When dividends are not paid in full, or a sum sufficient for the full payment is not so set apart, upon the shares of preferred stock of any series and the shares of any other series of preferred stock ranking equally as to dividends with the preferred stock of the series, all dividends declared upon shares of preferred stock of the series and any other series of preferred stock ranking equally as to dividends with the preferred stock will be declared equally so that the amount of dividends declared per share on the preferred stock of the series and the other series of preferred stock will in all cases bear to each other the same ratio that accrued and unpaid dividends per share on the shares of preferred stock of the series, which will not include any accumulation in respect of unpaid dividends for prior dividend periods if the preferred stock does not have cumulative dividend, and the other series of preferred

stock bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on preferred stock of the series which may be in arrears.

Except as provided in the immediately preceding paragraph, unless all required dividends are paid, no dividends, other than in common stock or other stock ranking junior to the preferred stock of the series as to dividends and participation in our assets upon our winding up or termination, will be declared or paid or set aside for payment or other distribution will be declared or made upon the common stock or any of our other stock ranking junior or equally with the preferred stock of the series as to dividends or participation in our assets upon our winding up or termination, nor will any common stock or any of our other capital stock ranking junior to or equally with preferred stock of the series as to dividends or participation in our assets upon our winding up or termination be redeemed, purchased or otherwise acquired for any consideration, or any moneys be paid to or made available for a sinking fund for the redemption of any shares of any stock, by us except by conversion into or exchange for our other stock ranking junior to the preferred stock of the series as to dividends and participation in our assets upon our winding up or termination. Any dividend payment made on shares of a series of preferred stock will first be credited against the earliest accrued but unpaid dividend due with respect to shares of the series that remains payable.

Redemption

If so provided in the applicable prospectus supplement, the preferred stock will be subject to mandatory redemption or redemption at our option, in whole or in part, in each case upon the terms and notice, at the times and at the redemption prices set forth in the prospectus supplement.

The prospectus supplement relating to the offer for sale of shares of a series of preferred stock that is subject to mandatory redemption will specify the required notice and the number of shares of the preferred stock that will be redeemed by us in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accumulated and unpaid dividends thereon, which will not, if the shares of that series of preferred stock does not have a cumulative dividend, include an accumulation in respect of unpaid dividends for prior dividends periods, to the date of redemption. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series is payable only from the net proceeds of the issuance of our stock, the terms of the shares of that series of preferred stock may provide that, if no stock will have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, the preferred stock will automatically and mandatorily be converted into shares of our applicable stock pursuant to conversion provisions specified in the applicable prospectus supplement.

Notwithstanding the foregoing, unless provided otherwise for any series of preferred stock, unless all required dividends are paid:

- no shares of the applicable series of preferred stock will be redeemed unless all outstanding shares of preferred stock of the series are simultaneously redeemed, and we will not purchase or otherwise acquire directly or indirectly any shares of the applicable series of preferred stock except by conversion into or exchange for stock ranking junior to the preferred stock of the series as to dividends and upon our winding up or termination.

Liquidation Preference

Upon any voluntary or involuntary winding up or termination of our affairs as a company, then, before any distribution or payment will be made to the holders of any common stock or any other class or series of shares of our capital stock ranking junior to the shares of a series of the preferred stock in the right to participate in the distribution of assets upon our winding up or termination, the holders of shares of each series of preferred stock will be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference set forth in the applicable prospectus supplement, plus an amount equal to all accumulated and unpaid distributions. After payment of the full amount of the liquidating distributions to which

they are entitled, the holders of shares of such series of preferred stock will have no right or claim to any of our remaining assets. If, upon the voluntary or involuntary winding up or termination, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of a series of our preferred stock having a liquidation preference and the corresponding amounts payable on all shares of other classes or series of shares of our capital stock ranking equally with such series of our preferred stock in the right to the distribution of our assets, then the holders of the shares of such series of preferred stock and all other classes or series of shares of capital stock will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions will have been made in full to all holders of preferred stock having a liquidation preference, our remaining assets will be distributed among the holders of any other classes or series of shares of capital stock ranking junior to the preferred stock upon winding up or termination, according to their respective rights and preferences and in each case according to their respective number of shares.

For those purposes, our consolidation or merger with or into any other corporation, trust or entity, or the sale, lease or conveyance of all or substantially all of our property or business, will not be deemed to constitute a winding up or termination.

Voting Rights

The holders of shares of preferred stock will have no voting rights, except:

- as otherwise stated in the prospectus supplement;
- as otherwise stated in the relevant section of our certificate of formation establishing such series; and
- as required by applicable law.

Conversion Rights

The prospectus supplement for a series of preferred stock will state the terms, if any, on which shares of that series are convertible into or exchangeable for shares of our common stock.

DESCRIPTION OF WARRANTS

The following description is a general summary of the terms of the warrants that we may issue. We may issue warrants for the purchase of common stock, preferred stock or debt securities and may issue warrants independently or together with common stock, preferred stock or debt securities or attached to or separate from such securities, in one or more series. Warrants may be offered independently, together with other securities offered by any prospectus supplement, or through a dividend or other distribution to shareholders and may be attached to or separate from other securities. Warrants may be issued under a written warrant agreement to be entered into between us and the holder or beneficial owner, or under a written warrant agreement with a warrant agent specified in a prospectus supplement. A warrant agent would act solely as our agent in connection with the warrants of a particular series and would not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of those warrants. You should refer to the prospectus supplement relating to the warrants being offered for sale for the specific terms of the warrants, including:

- title of the warrants;
- the aggregate number of warrants;
- the price or prices at which the warrants will be issued;
- the designation, number, aggregate principal amount, denominations and terms of the securities that may be purchased on exercise of the warrants;

- the designation and terms of the other securities, if any, with which the warrants are issued and the number of the warrants issued with each such offered security;
- the date, if any, on and after which the warrants and the securities offered with the warrants, if any, will be separately transferable;
- the purchase price for each security purchasable on exercise of the warrants;
- the dates on which the right to purchase certain securities upon exercise of the warrants will begin and end;
- the periods during which and places at which such warrants are exercisable;
- the minimum or maximum amount of the warrants that may be exercised at any one time;
- any anti-dilution protection provisions;
- the provisions, if any, for changes to or adjustments in the exercise price of the warrants;
- the terms of any right that we may have to redeem or call the warrants;
- the currency or currencies in which such warrants are exercisable, if other than U.S. dollars;
- the effect of any merger, consolidation, sale or other transfer of our business on the warrants and the applicable warrant agreement;
- the name and address of the warrant agent, if any;
- whether the warrants will be issued in certificated or book-entry form; and
- any other material terms, including terms, procedures and limitations relating to the transferability, exchange, exercise or amendment of such warrants.

Until any warrants to purchase our securities are exercised, holders of the warrants will not have any rights of holders of the underlying securities.

DESCRIPTION OF SUBSCRIPTION RIGHTS

The following description is a general summary of the terms of the subscription rights that we may issue. We may issue subscription rights to purchase our common stock, preferred stock or debt securities. These subscription rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the shareholder receiving the subscription rights in such offering. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering.

The applicable prospectus supplement will describe the specific terms of any offering of subscription rights for which this prospectus is being delivered, including the following:

- the price, if any, for the subscription rights;
- the exercise price payable for each share of our common stock or preferred stock or for debt securities upon the exercise of the subscription rights;
- the number of subscription rights issued to each shareholder;
- the number and terms of each share of our common stock or preferred stock or for debt securities which may be purchased per each subscription right;
- the extent to which the subscription rights are transferable;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the subscription rights or the exercise price of the subscription rights;
- any other terms of the subscription rights, including the terms, procedures and limitations relating to the exchange and exercise of the subscription rights;
- the date on which the right to exercise the subscription rights shall commence, and the date on which the subscription rights shall expire;
- the extent to which the subscription rights may include an over-subscription privilege with respect to unsubscribed securities; and
- if applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of subscription rights.

The description in the applicable prospectus supplement of any subscription rights we offer will not necessarily be complete and is subject to, and will be qualified in its entirety by reference to, the applicable subscription rights agreement and subscription rights certificate, which will be filed with the SEC in connection with any offering of subscription rights.

DESCRIPTION OF DEBT SECURITIES

The debt securities we are offering will constitute senior debt securities or subordinated debt securities. The senior debt securities and the subordinated debt securities will be issued under separate indentures to be entered into between us and a bank or trust company, or other trustee that is qualified to act under the Trust Indenture Act of 1939, as amended, that we select to act as trustee. A copy of the form of each indenture will be filed as an exhibit to the registration statement of which this prospectus forms a part. We use the term “indentures” to refer to both the senior indenture and the subordinated indenture. The indentures may be modified by one or more supplemental indentures, which we will incorporate by reference as an exhibit to the registration statement of which this prospectus is a part. The following description and any description in a prospectus supplement is a summary only and is subject to, and qualified in its entirety by reference to the terms and provisions of the indentures and any supplemental indentures that we file with the SEC in connection with an issuance of any series of debt securities. You should read all of the provisions of the indentures, including the definitions of certain terms, as well as any supplemental indentures that we file with the SEC in connection with the issuance of any series of debt securities. These summaries set forth certain general terms and provisions of the securities to which any prospectus supplement may relate. The specific terms and provisions of a series of debt securities and the extent to which the general terms and provisions may also apply to a particular series of debt securities will be described in the applicable prospectus supplement.

Since we are a holding company, our right, and accordingly, the right of our creditors and shareholders, including the holders of the securities offered by this prospectus and any prospectus supplement, to participate in any distribution of assets of any of our subsidiaries upon its liquidation, reorganization or similar proceeding is subject to the prior claims of creditors of that subsidiary, except to the extent that our claims as a creditor of the subsidiary may be recognized.

Terms of the Securities

Unless otherwise described in a prospectus supplement, the following general terms and provisions will apply to the debt securities. The securities will be not be secured by any of our assets. Neither the indentures nor the securities will limit or otherwise restrict the amounts of other indebtedness which we may incur, or the amount of other securities that we may issue. All of the securities issued under each of the indentures will rank equally and ratably with any additional securities issued under the same indenture. The subordinated debt securities will be subordinated as described below under “Subordination.”

Each prospectus supplement will specify the particular terms of the securities offered. These terms may include:

- the title of the securities;
- any limit on the aggregate principal amount of the securities;
- the priority of payments on the securities;
- the issue price or prices (which may be expressed as a percentage of the aggregate principal amount) of the securities;
- the date or dates, or the method of determining the dates, on which the securities will mature;
- the interest rate or rates of the securities, or the method of determining those rates;
- the interest payment dates, the dates on which payment of any interest will begin and the regular record dates;

- whether the securities will be issuable in temporary or permanent global form and, if so, the identity of the depositary for such global security, or the manner in which any interest payable on a temporary or permanent global security will be paid;
- any terms relating to the conversion of the securities into our common stock or preferred stock or other securities offered hereby;
- any covenants that may restrict our ability to create, assume or guarantee indebtedness for borrowed money that is secured by a pledge, lien or other encumbrance, that condition or restrict our ability to merge or consolidate with any other person or to sell, lease or convey all or substantially all of our assets to any other person or that otherwise impose restrictions or requirements on us;
- any sinking fund or similar provisions applicable to the securities;
- any redemption provisions applicable to the securities;
- the denomination or denominations in which securities are authorized to be issued;
- whether any of the securities will be issued in bearer form and, if so, any limitations on issuance of such bearer securities;
- information with respect to book-entry procedures;
- each office or agency where securities may be presented for registration of transfer, exchange or conversion;
- if other than the trustee, the identity of the registrar and/or paying agent; and
- any other specific terms of the securities, which terms may modify or delete any provision of the applicable indenture insofar as it applies to the securities offered.

However, no terms of the indentures may be modified or deleted if they are required under the Trust Indenture Act and any modification or deletion of the rights, duties or immunities of an indenture trustee will have been consented to in writing by the trustee.

Some of our debt securities may be issued as original issue discount securities. Original issue discount securities bear no interest or bear interest at below-market rates and will be sold at a discount below their stated principal amount. The prospectus supplement will also contain any special tax, accounting or other information relating to original issue discount securities or relating to certain other kinds of securities that may be offered, including securities linked to an index.

Acceleration of Maturity

If an event of default in connection with any outstanding series of securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding securities of that series may declare the principal amount due and payable immediately. If the securities of that series are original issue discount securities, the holders of at least 25% in principal amount of those securities may declare the portion of the principal amount specified in the terms of that series of securities to be due and payable immediately. In either case, a written notice may be given to us, and to the trustee, if notice is given by the holders instead of the trustee. Subject to certain conditions, the declaration of acceleration may be revoked, and past defaults (except uncured payment defaults and certain other specified defaults) may be waived, by the holders of not less than a majority of the principal amount of securities of that series.

You should refer to the prospectus supplement relating to each series of securities for the particular provisions relating to acceleration of the maturity upon the occurrence and continuation of an event of default.

Registration and Transfer

Unless otherwise indicated in the applicable prospectus supplement, each series of the offered securities will be issued in registered form only, without coupons. The indentures will also allow us to issue the securities in bearer form only, or in both registered and bearer form. Any securities issued in bearer form will have interest coupons attached, unless they are issued as zero coupon securities. Securities in bearer form will not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than to offices of certain United States financial institutions located outside the United States. Unless otherwise indicated in the applicable prospectus supplement, the senior debt securities and subordinated debt securities we are offering will be issued in denominations of \$1,000 or an integral multiple of \$1,000. No service charge will be made for any transfer or exchange of the securities, but we may require payment of an amount sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

Payment and Paying Agent

We will pay principal, interest and any premium on fully registered securities in the designated currency or currency unit at the office of a designated paying agent. At our option, payment of interest on fully registered securities may also be made by check mailed to the persons in whose names the securities are registered on the days specified in the indentures or any prospectus supplement.

We will pay principal, interest and any premium on bearer securities in the designated currency or currency unit at the office of a designated paying agent or agents outside of the United States. Payments will be made at the offices of the paying agent in the United States only if the designated currency is U.S. dollars and payment outside of the United States is illegal or effectively precluded. If any amount payable on a security or coupon remains unclaimed at the end of two years after such amount became due and payable, the paying agent will release any unclaimed amounts, and the holder of the security or coupon will look only to us for payment.

The designated paying agent in the United States for the securities we are offering is provided in the indentures that are or will be deemed incorporated by reference into this prospectus.

Global Securities

The securities of a series may be issued in whole or in part in the form of one or more global certificates, or global securities, that will be deposited with a depository that we will identify in a prospectus supplement. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. All global securities in bearer form will be deposited with a depository outside the United States. Unless and until it is exchanged in whole or in part for individual certificates evidencing securities in definitive form represented thereby, a global security may not be transferred except as a whole by the depository to a nominee of that depository or by a nominee of that depository to a depository or another nominee of that depository.

The specific terms of the depository arrangements for each series of securities will be described in the applicable prospectus supplement.

Modification and Waiver

Each indenture will provide that modifications and amendments may be made by us and the trustee with the consent of the holders of a majority in principal amount of the outstanding securities of each series affected by the amendment or modification. However, no modification or amendment may, without the consent of each holder affected:

• change the stated maturity date of the security;

- reduce the principal amount, any rate of interest, or any additional amounts in respect of any security, or reduce the amount of any premium payable upon the redemption of any security;
- change the time or place of payment, currency or currencies in which any security or any premium or interest thereon is payable;
- impair the holders' rights to institute suit for the enforcement of any payment on or after the stated maturity date of any security, or in the case of redemption, on or after the redemption date;
- reduce the percentage in principal amount of securities required to consent to any modification, amendment or waiver under the indenture;
- modify, except under limited circumstances, any provision of the applicable indenture relating to modification and amendment of the indenture, waiver of compliance with conditions and defaults thereunder or the right of a majority of holders to take action under the applicable indenture;
- adversely affect any rights of conversion;
- in the case of the subordinated indenture, alter the provisions regarding subordination of the subordinated debt securities in any way that would be adverse to the holders of those securities;
- reduce the principal amount of original issue discount securities which could be declared due and payable upon an acceleration of their maturity; or
- change our obligation to pay any additional amounts.

The holders of a majority in principal amount of the outstanding securities of any series may waive compliance by us and the trustee with certain provisions of the applicable indenture. The holders of a majority in principal amount of the outstanding securities of any series may waive any past default under the applicable indenture with respect to that series, except a default in the payment of the principal, or any premium, interest, or additional amounts payable on a security of that series or in respect of a covenant or provision which under the terms of the applicable indenture cannot be modified or amended, without the consent of each affected holder.

With the trustee, we may modify and amend any indenture without the consent of any holder for any of the following purposes:

- to name a successor entity to us;
- to add to our covenants for the benefit of the holders of all or any series of securities;
- to add to the events of default;
- to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of securities, as set forth in the applicable indenture;
- to establish the form or terms of securities of any series and any related coupons;
- to provide for the acceptance of appointment by a successor trustee;
- to make provision for the conversion rights of the holders of the securities in certain events;

to cure any ambiguity, defect or inconsistency in the applicable indenture, provided that such action is not inconsistent with the provisions of that indenture and does not adversely affect the interests of the applicable holders; to modify, eliminate or add to the provisions of any indenture to conform our or the trustee's obligations under the applicable indenture to the Trust Indenture Act; or to make any other changes that apply only to debt securities to be issued thereafter.

Calculation of Outstanding Debt Securities

To calculate whether the holders of a sufficient principal amount of the outstanding securities have given any request, demand, authorization, direction, notice, consent or waiver under any indenture:

In the case of original issue discount securities, the principal amount that may be included in the calculation is

- the amount of principal that would be declared to be due and payable upon a declaration of acceleration according to the terms of that original issue discount security as of the date of the calculation.

Any securities owned by us, or owned by any other obligor of the securities or any affiliate of ours or any other obligor, should be disregarded and deemed not to be outstanding for purposes of the calculation.

Additional Provisions

Other than the duty to act with the required standard of care during an event of default, the trustee is not obligated to exercise any of its rights or powers under the applicable indenture at the request or direction of any of the holders of the securities, unless the holders have offered the trustee reasonable indemnification. Each indenture provides that the holders of a majority in principal amount of outstanding securities of any series may, in certain circumstances, direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or other power conferred on the trustee.

No holder of a security of any series will have the right to institute any proceeding for any remedy under the applicable indenture, unless:

• the holder has provided the trustee with written notice of a continuing event of default regarding the holder's series of securities;

• the holders of at least 25% in principal amount of the outstanding securities of a series have made a written request, and offered indemnity satisfactory to the trustee, to the trustee to institute a proceeding for remedy;

• the trustee has failed to institute the proceeding within 60 days after its receipt of such notice, request and offer of indemnity; and

• the trustee has not received a direction during such 60 day period inconsistent with such request from the holders of a majority in principal amount of the outstanding securities of that series.

However, the holder of any security will have an absolute and unconditional right to receive payment of the principal, any premium, any interest or any additional amounts in respect of such security on or after the date expressed in such security and to institute suit for the enforcement of any such payment. We are required to file annually with the trustee a certificate of no default, or specifying any default that exists.

Transactions with the Trustee

We and our subsidiaries may maintain deposit accounts and conduct various banking and other transactions with an indenture trustee. The trustee and its subsidiaries may maintain deposit accounts and conduct various banking transactions with us and our subsidiaries.

Conversion Rights

The applicable prospectus supplement relating to any convertible debt securities will describe the terms on which those securities are convertible.

Events of Default

The following will be events of default under the indenture with respect to the senior debt securities of a series:

- failure to pay any interest or any additional amounts on any senior debt security of that series when due, and
- continuance of such default for 30 days;
- failure to pay principal of, or any premium on, any senior debt security of that series when due;
- failure to deposit any sinking fund payment for a senior debt security of that series when due;
- failure to perform any of our other covenants or warranties in the senior indenture or senior debt securities (other than a covenant or warranty included in that indenture solely for the benefit of a different series of senior debt securities), which has continued for 90 days after written notice as provided in the senior indenture;
- acceleration of indebtedness in a principal amount specified in a supplemental indenture for money borrowed by us under the senior indenture, and the acceleration is not annulled, or the indebtedness is not discharged, within a specified period after written notice is given according to the senior indenture;
- certain events in bankruptcy, insolvency or reorganization of us or Guaranty Bank & Trust; and
- any other event of default regarding that series of senior debt securities.

Unless otherwise described in the prospectus supplement applicable to a particular series of subordinated debt securities, events of default under the subordinated indenture are limited to certain events of bankruptcy, insolvency or reorganization of us or Guaranty Bank & Trust.

There will be no right of acceleration of the payment of principal of a series of subordinated debt securities upon a default in the payment of principal or interest, nor upon a default in the performance of any covenant or agreement in the subordinated debt securities of a particular series or in the applicable indenture. In the event of a default in the payment of interest or principal, the holders of senior debt will be entitled to be paid in full before any payment can be made to holders of subordinated debt securities. However, a holder of a subordinated debt security (or the trustee under the applicable indenture on behalf of all of the holders of the affected series) may, subject to certain limitations and conditions, seek to enforce overdue payments of interest or principal on the subordinated debt securities.

Subordination

The senior debt securities will be unsecured and will rank equally among themselves and with all of our other unsecured and non-subordinated debt, if any.

The subordinated debt securities will be unsecured and will be subordinate and junior in right of payment, to the extent and in the manner set forth below, to the prior payment in full of all of our senior debt, as more fully described in the applicable prospectus supplement.

If any of the following circumstances has occurred, payment in full of all principal, premium, if any, and interest must be made or provided for with respect to all outstanding senior debt before we can make any payment or distribution of principal, premium, if any, any additional amounts or interest on the subordinated debt securities

any insolvency, bankruptcy, receivership, liquidation, reorganization or other similar proceeding relating to us or to our property has been commenced;

any voluntary or involuntary liquidation, dissolution or other winding up relating to us has been commenced, whether or not such event involves our insolvency or bankruptcy;

any of our subordinated debt security of any series is declared or otherwise becomes due and payable before its maturity date because of any event of default under the subordinated indenture, provided that such declaration has not been rescinded or annulled as provided in the subordinated indenture; or

any default with respect to senior debt which permits its holders to accelerate the maturity of the senior debt has occurred and is continuing, and either (a) notice of such default has been given to us and to the trustee and judicial proceedings are commenced in respect of such default within 180 days after notice in the case of a default in the payment of principal or interest, or within 90 days after notice in the case of any other default, or (b) any judicial proceeding is pending with respect to any such default.

Trustee

The accompanying prospectus will specify the trustee for the particular series of debt securities to be issued under the indentures.

At all times, the trustee must be a corporation organized and doing business under the laws of the United States or any state or territory thereof or of the District of Columbia, with authority to exercise corporate trust powers, be subject to the supervision or examination by federal, state, territorial or District of Columbia authority, have at all times a combined capital and surplus of not less than \$5,000,000 and not be the Company or any person directly or indirectly controlled or controlled by or under common control with the Company.

If the trustee acquires any conflicting interest, as defined in the Trust Indenture Act, with respect to the debt securities, within 90 days after the trustee has or acquired a conflicting interest, which has not been cured or waived, the trustee would generally be required by the Trust Indenture Act to eliminate that conflicting interest or resign as trustee with respect to the debt securities issued under the applicable indenture. If the trustee resigns, we are required to promptly appoint a successor trustee with respect to the affected securities. The trustee and/or certain of its affiliates may provide banking, investment and other services to us.

Book Entry Issuance

If so provided in the applicable prospectus supplement, we will issue the debt securities of each series offered by means of this prospectus in the form of one or more fully registered global debt securities, without coupons, each of which we refer to as a "global security." Each such global security will be registered in the name of a depository or a nominee of a depository and held through one or more domestic clearing systems, principally the book-entry system operated by Depository Trust Company, or DTC, in the United States. No person who acquires an interest in these global securities will be entitled to receive a certificate or other instrument representing the person's interest in the global securities except as set forth under "—Certificated debt securities" below or in the applicable prospectus supplement. Unless otherwise provided in the applicable prospectus supplement, all references in this prospectus or any prospectus supplement to this prospectus to actions by holders of any debt securities that are global securities refer to actions taken by DTC upon instructions from its participants, and all references herein to payments and notices to the holders refer to payments and notices to DTC or its nominee, as the case may be, as the registered holder of the offered debt securities. Electronic securities and payment transfer, processing, depository and custodial links have been established among the DTC system and other systems, either directly or indirectly, which enable global securities to be issued, held and transferred among these clearing systems through these links.

Although DTC has agreed to the procedures described below in order to facilitate transfers of global securities among participants in DTC, it is under no obligation to perform or continue to perform those procedures, and those procedures may be modified or discontinued at any time. Neither we, any trustee nor any registrar and transfer agent with respect to our debt securities of any series offered by means of this prospectus will have any responsibility for the performance by DTC or any of its direct or indirect participants of its obligations under the rules and procedures governing the operations of DTC.

Unless otherwise specified in the applicable prospectus supplement, the debt securities of a series issued in the form of one or more global securities will be registered in the name of DTC or a nominee of DTC. Where appropriate with respect to the debt securities of a series being offered and sold by means of this prospectus, links will be established among DTC to facilitate cross-market transfers of those debt securities associated with secondary market trading. While the following information in this prospectus concerning DTC and its book-entry system has been obtained from sources we believe to be reliable, we take no responsibility for the accuracy of that information. Furthermore, DTC has no obligation to perform or continue to perform the procedures described below, and any of them may discontinue or change those procedures at any time.

Depository Trust Company

We understand the following information is applicable with respect to DTC: DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC’s participating organizations, referred to as “direct DTC participants,” deposit with DTC. DTC also facilitates the clearance and post-trade settlement among direct DTC participants of sales and other securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry transfers and pledges in direct DTC participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct DTC participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which, and/or their representatives, indirectly own DTC. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. In addition to its ownership of DTC, DTCC is the holding company for National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Indirect access to the DTC system is also available to others, referred to as “indirect DTC participants” and together with direct DTC participants, referred to as “DTC participants,” such as U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations, that clear through or maintain a custodial relationship with a direct DTC participant, either directly or indirectly. DTC rules applicable to DTC participants are on file with the SEC.

Beneficial interests in a global security representing outstanding debt securities of a series will be shown on, and transfers of beneficial interests in the global security will be made only through, records maintained by DTC and DTC participants. When you purchase our debt securities through the DTC system, the purchases must be made by or through a direct DTC participant, which will receive credit for the debt securities in its account on DTC’s records. When you actually purchase the debt securities, you will become their beneficial owner and your ownership interest will be recorded only on the records of the DTC participants. DTC will have no knowledge of your individual ownership of the debt securities. DTC’s records will show only the identity of the direct DTC participants and the amount of the debt securities held by or through them. When you purchase debt securities through the DTC system, you will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these confirmations and account statements from the DTC participant through which you purchase the debt securities. The DTC participants are responsible for keeping accurate account of the holdings of their customers.

The trustee and we will treat DTC or its nominee as the owner of each global security registered in the name of DTC or its nominee for all purposes. Accordingly, the trustee will wire payments on the debt securities to the DTC nominee that is the registered holder of the debt securities. It is DTC’s current practice, upon receipt of any payment of

distributions or liquidation amounts due on a global security, to proportionately credit direct DTC

25

participants' accounts on the payment date based on their holdings of the relevant securities. Payments to you with respect to your beneficial interest in any debt securities in turn will be the responsibility of the DTC participants based on their respective customary practices, and the trustee, any paying agent and we will have no direct responsibility or liability to pay amounts due on a global security to you or any other beneficial owners in that global security. Any redemption notices likewise will be sent by us or, at our request, by the trustee directly to DTC, which in turn will inform the DTC participants, which will then contact you as a beneficial holder. In addition, it is DTC's current practice to pass through any consenting or voting rights to the direct DTC participants by using an omnibus proxy. Those direct DTC participants should, in turn, solicit votes and consents from you, the ultimate owner of debt securities, based on their respective customary practices.

Under the rules, regulations and procedures creating and affecting DTC and its operations, DTC is required to make book-entry transfers between direct DTC participants on whose behalf it acts with respect to the debt securities and is required to receive and transmit distributions of principal of and premium, if any, and interest on the debt securities. DTC participants with which investors have accounts with respect to the debt securities similarly are required to make book-entry transfers and receive and transmit payments on behalf of their respective investors.

Because DTC can only act on behalf of direct DTC participants, who in turn act on behalf of indirect DTC participants and certain banks, the ability of a person having a beneficial interest in a security held in DTC to transfer or pledge that interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of that interest, may be affected by the lack of a physical certificate representing that interest. The laws of some states of the United States require that certain persons take physical delivery of securities in certificated form in order to transfer or perfect a security interest in those securities. Consequently, the ability to transfer beneficial interests in a security held in DTC to those persons may be limited.

DTC has advised us that it will take any action permitted to be taken by a holder of debt securities under the terms and conditions of the debt securities (including, without limitation, the presentation of debt securities for exchange) only at the direction of one or more of the direct DTC participants to whose accounts with DTC interests in the relevant debt securities are credited, and only in respect of the portion of the aggregate principal amount of the debt securities as to which that direct DTC participant has or those direct DTC participants have given the direction. However, in certain circumstances described below under "—Certificated debt securities" below, DTC will exchange the global securities held by it for certificated debt securities, which it will distribute to the direct DTC participants.

Certificated Debt Securities

Debt securities represented by one or more global securities will be exchangeable for certificated debt securities with the same terms in authorized denominations only if:

• DTC is unwilling or unable to continue as depository or ceases to be a clearing agency registered under applicable law, and a successor is not appointed by us within 90 days; or

• we decide to discontinue the book-entry system; or

• an event of default has occurred and is continuing with respect to the applicable debt securities.

If a global security is exchanged for certificated debt securities, the trustee will keep the registration books for the applicable debt securities at its corporate office and follow customary practices and procedures regarding those certificated debt securities.

DESCRIPTION OF DEPOSITARY SHARES

The following description is a general summary of the terms of the depositary shares that we may issue. We may elect to offer fractional interests in shares of our preferred stock, in which case we will issue receipts for depositary shares and each of these depositary shares will represent a fraction of a share of the applicable series of our preferred stock, as set forth in the applicable prospectus supplement. The following summary of the terms of the depositary shares does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the terms of the depositary shares and our preferred stock, as well as the form of the deposit agreement, our charter and the articles supplementary relating to the applicable series of our preferred stock that are, or will be, filed with the SEC.

Therefore, you should carefully consider the actual provisions of these documents.

General

Each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in shares of our preferred stock underlying that depositary share, to all rights and preferences of our preferred stock underlying that depositary share. These rights may include dividend, voting, redemption and liquidation rights.

The shares of our preferred stock underlying the depositary shares will be deposited with a bank or trust company selected by us to act as depositary, under a deposit agreement between us, the depositary and the holders of the depositary receipts. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares. The name and address of the principal executive office of the depositary will be included in the prospectus supplement relating to the issue.

The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

Dividends and Other Distributions

The depositary will distribute cash dividends or other cash distributions, if any, received in respect of the series of our preferred stock underlying the depositary shares to the record holders of depositary receipts in proportion to the number of depositary shares owned by those holders on the relevant record date. The relevant record date for depositary shares will be the same date as the record date for our preferred stock.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary receipts that are entitled to receive the distribution, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary, with our approval, may adopt another method for the distribution, including selling the property and distributing the net proceeds to the holders.

Liquidation Preference

If a series of our preferred stock underlying the depositary shares has a liquidation preference, in the event of our voluntary or involuntary liquidation, dissolution or winding up, holders of depositary shares will be entitled to receive the fraction of the liquidation preference accorded each share of the applicable series of our preferred stock, as set forth in the applicable prospectus supplement.

Redemption

If a series of our preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of our preferred stock held by the depositary. Whenever we redeem any of our preferred stock held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing

our preferred stock so redeemed. The depositary will mail the notice of redemption to the record holders of the depositary receipts promptly upon receiving the notice from us and no fewer than 20 nor more than 60 days, unless otherwise provided in the applicable prospectus supplement, prior to the date fixed for redemption of our preferred stock.

After the date fixed for redemption, the depositary shares called for redemption will no longer be outstanding. When the depositary shares are no longer outstanding, all rights of the holders will end, except the right to receive money, securities or other property payable upon redemption.

Voting

Upon receipt of notice of any meeting at which the holders of our preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts underlying our preferred stock. Each record holder of those depositary receipts on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the amount of our preferred stock underlying that holder's depositary shares. The record date for the depositary will be the same date as the record date for our preferred stock. The depositary will try, as far as practicable, to vote our preferred stock underlying the depositary shares in accordance with these instructions. We will agree to take all action that may be deemed necessary by the depositary in order to enable the depositary to vote our preferred stock in accordance with these instructions. The depositary will not vote our preferred stock to the extent that it does not receive specific instructions from the holders of depositary receipts.

Withdrawal of Preferred Stock

Owners of depositary shares will be entitled to receive upon surrender of depositary receipts at the principal office of the depositary and payment of any unpaid amount due to the depositary, the number of whole shares of our preferred stock underlying their depositary shares.

Partial shares of our preferred stock will not be issued. Holders of our preferred stock will not be entitled to deposit the shares under the deposit agreement or to receive depositary receipts evidencing depositary shares for our preferred stock.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between the depositary and us. However, any amendment which materially and adversely alters the rights of the holders of depositary shares, other than fee changes, will not be effective unless the amendment has been approved by the holders of at least a majority of the outstanding depositary shares. The deposit agreement may be terminated by the depositary or us only if:

- all outstanding depositary shares have been redeemed; or
- there has been a final distribution of our preferred stock in connection with our dissolution and such distribution has been made to all the holders of depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangement. We will also pay charges of the depositary in connection with:

- the initial deposit of our preferred stock;
- the initial issuance of the depositary shares;
 - any redemption of our preferred stock; and
- all withdrawals of our preferred stock by owners of depositary shares.

Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and other specified charges as provided in the deposit agreement for their accounts. If these charges have not been paid, the depositary may:

- refuse to transfer depositary shares;
- withhold dividends and distributions; and
- sell the depositary shares evidenced by the depositary receipt.

Miscellaneous

The depositary will forward to the holders of depositary receipts all reports and communications we deliver to the depositary that we are required to furnish to the holders of our preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at such other places as it may from time to time deem advisable, any reports and communications we deliver to the depositary as the holder of our preferred stock.

Neither we nor the depositary will be liable if either we or the depositary are prevented or delayed by law or any circumstance beyond the control of either the depositary or us in performing our respective obligations under the deposit agreement. Our obligations and the depositary's obligations will be limited to the performance in good faith of our or the depositary's respective duties under the deposit agreement. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or our preferred stock unless satisfactory indemnity is furnished. The depositary and we may rely on:

- written advice of counsel or accountants;
- information provided by holders of depositary receipts or other persons believed in good faith to be competent to give such information; and
- documents believed to be genuine and to have been signed or presented by the proper party or parties.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering a notice to us. We may remove the depositary at any time. Any such resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice for resignation or removal. The successor depositary must be a bank and trust company having its principal office in the United States of America and having a combined capital and surplus of at least \$50,000,000.

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

The following description is a general summary of the terms of the purchase contracts and purchase units that we may issue. We may issue purchase contracts for the purchase or sale of our common stock, preferred stock or debt securities issued by us or by third parties as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the securities otherwise deliverable, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract. The price per security and the number of securities may be fixed at the time the purchase contracts are entered into or may be determined by reference to a specific formula set forth in the applicable purchase contracts.

The purchase contracts may be issued separately or as part of units consisting of a purchase contract and debt securities or debt obligations of third parties, including U.S. treasury securities, or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the purchase contracts, which we refer to herein as "purchase units." The purchase contracts may require holders to secure their obligations under the purchase contracts in a specified manner. The purchase contracts also may require us to make periodic payments to the holders of the purchase contracts or the purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The prospectus supplement relating to any offering of purchase contracts or purchase units will contain the specific terms of the purchase contracts or purchase units. These terms may include, without limitation, the following: whether the purchase contracts obligate the holder or us to purchase or sell, or both purchase and sell, the securities subject to purchase under the purchase contract, and the nature and amount of each of those securities, or the method of determining those amounts;

- whether the purchase contracts are to be prepaid or not;

- whether the purchase contracts are to be settled by delivery, or by reference or linkage to the value, performance or level of the securities subject to purchase under the purchase contract;

- any acceleration, cancellation, termination or other provisions relating to the settlement of the purchase contracts or purchase units;

- a discussion of the material U.S. federal income tax considerations applicable to the purchase contracts or purchase units;

- whether the purchase contracts or purchase units will be issued in fully registered or global form; and

- any other terms of the purchase contracts or purchase units and any securities subject to such purchase contracts.

The description in the applicable prospectus supplement of any purchase contracts and purchase units we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable purchase contract or unit agreement, which will be filed with the SEC in connection with any offering of such securities.

DESCRIPTION OF UNITS

We may issue units comprised of any combination of two or more of the other securities described in this prospectus and as specified in the applicable prospectus supplement. Each unit will be issued so that the holder of the unit is also the holder, with rights and obligations of a holder, of each security included in the unit. The units may be issued under unit agreements to be entered into between us and a unit agent.

The applicable prospectus supplement will specify the terms of the units, including:

- the designation and terms of the units and of any of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be traded separately;
- a description of the terms of any unit agreement governing the units;
- a description of the provisions for the payment, settlement, transfer or exchange of the units;
- a discussion of the material U.S. federal income tax considerations, if applicable; and
- whether the units if issued as a separate security will be issued in fully registered or global form.

The applicable prospectus supplement will describe the terms of any units. The description in the applicable prospectus supplement of any units we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable unit agreement, which will be filed with the SEC in connection with any offering of units.

PLAN OF DISTRIBUTION

We may sell the offered securities directly to purchasers, through agents, through dealers, through underwriters, or through a combination of any of these methods of sale. The prospectus supplement relating to the offered securities will set forth the terms of the offering, including the name or names of any underwriters, dealers or agents; the initial offering price of the offered securities to the public and the proceeds to us from the sale; any underwriting discounts, commissions and other items constituting underwriters' compensation; any underwriting discounts, commissions and other allowances and reallowances paid to dealers or agents; and any securities exchanges on which the offered securities may be listed.

We may use one or more underwriters in the sale of the offered securities, in which case the offered securities will be acquired by the underwriter or underwriters for their own account and may be resold from time to time in one or more transactions either:

- at a fixed price or prices, which may be changed,
- at market prices prevailing at the time of sale,
- at prices related to the prevailing market prices, or
- at negotiated prices.

In connection with the offering of securities, we may grant to the underwriters an option to purchase additional securities to cover over-allotments at the public offering price, with an additional underwriting commission, as may be set forth in the accompanying prospectus supplement. If we grant any over-allotment option, the terms of such over-allotment option will be set forth in the prospectus supplement for such securities.

Underwriters or agents may make sales in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an "at-the-market" offering as defined in Rule 415 under the Securities Act, which includes sales made directly on the NASDAQ Global Select Market, the existing trading market for our common stock, or sales made to or through a market maker other than on an exchange.

We may issue to our existing securityholders, though a dividend or similar distribution, rights to purchase shares of our common stock or preferred stock, which may or may not be transferable. In any distribution of rights to our existing security holders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to facilitate the distribution of the unsubscribed securities. The applicable prospectus supplement will describe the specific terms of any offering of our common stock or preferred stock through the issuance of rights including, if applicable, the material terms of any standby underwriting agreement or purchase agreement.

The anticipated date of delivery of offered securities will be set forth in the applicable prospectus supplement relating to each offer.

Sales through Underwriters, Dealers or Agents; Direct Sales

If an underwriter is, or underwriters are, used in the sale, we will execute an underwriting agreement with the underwriters at the time of sale to the underwriters. The names of the underwriters will be set forth in the prospectus supplement, which, along with this prospectus, will be used by the underwriter to make resales of the offered securities in respect of which this prospectus is delivered to the public. In connection with the sale of offered securities, the underwriter may be deemed to have received compensation from us in the form of underwriting discounts or commissions and may also receive commissions from purchasers of offered securities for whom they may act as agents. Underwriters may also sell offered securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or

commissions from the purchasers for whom they may act as agents. Unless otherwise set forth in the applicable prospectus supplement, the obligations of underwriters to purchase the offered securities will be subject to certain conditions precedent and such underwriters will be obligated to purchase all such securities, if any are purchased. If a dealer is utilized in the sale of the offered securities in respect of which this prospectus and a related prospectus supplement is delivered, we will sell the offered securities to the dealer, as principal. The dealer, who may be deemed to be an “underwriter” as that term is defined in the Securities Act, may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale.

Offered securities may also be offered and sold, if so indicated in the prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters in connection with their remarketing of offered securities.

Underwriters, dealers, remarketing firms and agents may be entitled, under agreements that may be entered into with us, to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which they may be required to make in respect thereof and may engage in transactions with, or perform services for, us in the ordinary course of business.

The specific terms of any lock-up provisions with respect to any given offering will be described in the applicable prospectus supplement.

In compliance with guidelines of the Financial Industry Regulatory Authority, Inc. (“FINRA”) and unless otherwise disclosed in the applicable prospectus supplement, we do not intend for the maximum consideration or discount to be received by any FINRA member or independent broker dealer to exceed 8.0% of the aggregate amount of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

We may directly solicit offers to purchase offered securities. Agents designated by us from time to time may also solicit offers to purchase offered securities. Any agent designated by us who may be deemed to be an “underwriter,” as that term is defined in the Securities Act, involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the prospectus supplement.

Delayed Delivery Contracts

If so indicated in the applicable prospectus supplement, we will authorize underwriters, dealers or other persons to solicit offers by certain institutions to purchase offered securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a future date or dates. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. The obligations of any purchasers under any delayed delivery contract will not be subject to any conditions except that: the purchase of the offered securities will not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject, and if the offered securities are also being sold to underwriters, we will have sold to the underwriters the offered securities not sold for delayed delivery.

The underwriters, dealers and other persons will not have any responsibility in respect of the validity or performance of such contracts. The prospectus supplement relating to the contracts will set forth the price to be paid for offered securities pursuant to the contracts, the commission payable for solicitation of the contracts and the date or dates in the future for delivery of offered securities pursuant to the contracts.

Market Making, Stabilization and Other Transactions

Each issue of a new series of preferred stock, debt securities, warrants or rights will be a new issue of securities with no established trading market, except as indicated in the applicable prospectus supplement. Unless indicated in the applicable prospectus supplement, we do not expect to list the offered securities on a securities exchange, except for our common stock, which is listed on the Nasdaq Global Select Market. We can provide no assurance as to whether the securities will have a liquid trading market.

In order to facilitate the offering of any of the securities offered under this prospectus, the underwriters with respect to any such offering may, as described in the prospectus supplement, engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on these securities. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of preventing or retarding a decline in the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions. Any of these activities may have the effect of raising or maintaining the market price of our securities or preventing or retarding a decline in the market price of our securities or the common stock sold by the selling shareholder. As a result, the market price of the securities may be higher than it otherwise would be in the absence of these transactions. The underwriters are not required to engage in these activities, and may end any of these activities at any time, all as described in the prospectus supplement.

Any person participating in the distribution of securities will be subject to applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including without limitation Regulation M, which may limit the timing of transactions involving the securities offered under this prospectus. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of such securities to engage in market-making activities with respect to the particular securities being distributed. All of the above may affect the marketability of the securities offered under this prospectus and the ability of any person or entity to engage in market-making activities with respect to such securities.

Under the securities law of various states, the securities offered under this prospectus may be sold in those states only through registered or licensed brokers or dealers. In addition, in various states the securities offered under this prospectus may not be offered and sold unless such securities have been registered or qualified for sale in the state or an exemption from such registration or qualification is available and is complied with.

Derivative Transactions and Hedging

We, the underwriters or other agents may engage in derivative transactions involving the securities. These derivatives may consist of short sale transactions and other hedging activities. The underwriters or agents may acquire a long or short position in the securities, hold or resell securities acquired and purchase options or futures on the securities and other derivative instruments with returns linked to or related to changes in the price of the securities. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters or agents. The underwriters or agents may effect the derivative transactions through sales of the securities to the public, including short sales, or by lending the securities in order to facilitate short sale transactions by others. The underwriters or agents may also use the securities purchased or borrowed from us or others (or, in the case of derivatives, securities received from us in settlement of those derivatives) to directly or indirectly settle sales of the securities or close out any related open borrowings of the securities.

Unless otherwise stated in the applicable prospectus supplement, the validity of our securities offered pursuant to this prospectus and related prospectus supplements will be passed upon for us by Fenimore, Kay, Harrison & Ford, LLP, Austin, Texas, and for any applicable underwriters or agents by counsel named in the applicable prospectus supplement.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Texas Business Organizations Code, or TBOC, permits a Texas corporation to limit in its charter the liability of the corporation's directors to the corporation or its shareholders for conduct in the performance of such director's duties. However, Texas law does not permit any limitation of liability of a director who is found liable to the corporation or is found liable because the director improperly received a personal benefit for: (1) breaching a duty of loyalty owed to the corporation; (2) failing to act in good faith that constitutes a breach of a duty owed by the person to the corporation; or (3) engaging in willful or intentional misconduct in the performance of a director's duty to the corporation. The registrant's amended and restated certificate of formation provides that a director of the registrant will not be liable to the registrant or its shareholders to the fullest extent permitted by Texas law.

Sections 8.101 and 8.103 of the TBOC provide that a Texas corporation may indemnify a person who was, is, or is threatened to be a named defendant or respondent in a proceeding because the person is or was a director only if a determination is made that such indemnification is permissible under the TBOC: (1) by a majority vote of the directors who at the time of the vote are disinterested and independent, regardless of whether such directors constitute a quorum; (2) by a majority vote of a board committee designated by a majority of disinterested and independent directors and consisting solely of disinterested and independent directors; (3) by special legal counsel selected by the board of directors or a committee of the board of directors as set forth in (1) or (2); (4) by the shareholders in a vote that excludes the shares held by directors who are not disinterested and independent; or, (5) by unanimous vote of the shareholders. The power to indemnify applies only if such person acted in good faith and, in the case of conduct in the person's official capacity as a director, in a manner he reasonably believed to be in the best interest of the corporation, and, in all other cases, that the person's conduct was not opposed to the best interest of the corporation, and with respect to any criminal action or proceeding, that such person had no reasonable cause to believe his conduct was unlawful.

Section 8.104 of the TBOC provides that a Texas corporation may pay or reimburse, in advance of the final disposition of the proceeding, reasonable expenses incurred by a present director who was, is, or is threatened to be made a named defendant or respondent in a proceeding after the corporation receives a written affirmation by the

director of his good faith belief that he has met the standard of conduct necessary for indemnification under Section 8.101 of the TBOC and a written undertaking by or on behalf of the director to repay the amount paid or reimbursed if it is ultimately determined that he has not met that standard or if it is ultimately determined that indemnification of the director is not otherwise permitted under the TBOC. Section 8.105 of the TBOC also provides that reasonable expenses incurred by a former director or officer, or a present or former employee or agent of the corporation, who was, is, or is threatened to be made a named defendant or respondent in a proceeding may be paid or reimbursed by the corporation, in advance of the final disposition of the action, as the corporation considers appropriate.

Section 8.105 of the TBOC provides that a corporation may indemnify and advance expenses to a person who is not a director, including an officer, employee, or agent of the corporation as provided by: (1) the corporation's governing documents; (2) an action by the corporation's governing authority; (3) resolution by the shareholders; (4) contract; or (5) common law. As consistent with Section 8.105 of the TBOC, a corporation may indemnify and advance expenses to persons who are not directors to the same extent that a corporation may indemnify and advance expenses to directors.

The registrant's amended and restated certificate of formation provides that, to the fullest extent and under the circumstances permitted by Chapter 8 of the TBOC, (1) the registrant must indemnify and advance expenses to directors and officers, and (2) the registrant may purchase and maintain insurance on behalf of our directors and officers.

The registrant also maintains directors' and officers' liability insurance.

ITEM 16. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES.

The exhibits required to be filed as part of this registration statement are listed in the Exhibit Index attached hereto and are incorporated herein by reference.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in this registration statement; provided, however, that Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in report filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment will be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) will be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415 (a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 will be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date will be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for the purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement will be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time will be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the SEC under Section 305(b)(2) of the Trust Indenture Act.
