SECTION 5 - CORPORATE GOVERNANCE AND MANAGEMENT

Item Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers;  
5.02 Compensatory Arrangements of Certain Officers

On March 4, 2019, our named executive officers were granted long-term incentive (“LTI”) awards under the American Axle & Manufacturing Holdings, Inc. (“AAM”) 2018 Omnibus Incentive Plan (the “2018 Plan”). In approving the 2019 LTI awards, the Compensation Committee of the Board of Directors of AAM determined that 66% of LTI awards would continue to be performance-based in order to drive superior performance that is aligned with AAM's business strategy. Consistent with the 2018 performance-based LTI awards, one-half of the awards are based on relative total shareholder return (“TSR”) and one-half are based on free cash flow performance. The portion related to relative TSR is denominated and settled in AAM stock and currently has a maximum payout at target if TSR over the performance period is negative even if, on a relative basis, target performance is exceeded. The portion of the 2019 LTI award related to free cash flow is in the form of a performance unit that is denominated in dollars and settled in cash. As in 2018, the remaining 34% of the 2019 LTI award value is in the form of restricted stock units.

The foregoing description of the terms of the 2019 LTI awards does not purport to be complete and is qualified in its entirety by reference to the forms of award agreement attached hereto as exhibits 10.1 through 10.3 and incorporated herein by reference.
