**Item 8.01. Other Events.**

As previously disclosed in our filings with Securities and Exchange Commission (SEC), the staff of the SEC has been conducting an investigation into our December 31, 2003 natural gas and oil reserves revisions. We originally self-reported this matter to the SEC and have been cooperating fully with the investigation. As part of that cooperation, we have produced a large volume of documents requested by the staff of the SEC and have made our employees available for interviews or testimony upon request. On July 13, 2007, the staff of the SEC's Fort Worth Regional Office sent us a "Wells" notice indicating the SEC staff has made a preliminary decision to recommend to the SEC that it institute an enforcement action against us and two of our subsidiaries related to the reserve revisions. We understand that the staff of the SEC may have also issued similar "Wells" notices to several of our former employees related to the reserves revisions. We have been given the opportunity to respond to the staff before the staff makes its formal recommendation on whether any action should be brought by the SEC.
