PROXY STATEMENT

FOR

THE 2015 ANNUAL MEETING OF STOCKHOLDERS

Unless the context requires otherwise, references in this proxy statement to “Contango,” “we,” “us” and “our” are to Contango Oil & Gas Company, a Delaware corporation, and its consolidated subsidiaries. Unless the context otherwise requires, references to the “stockholders” are to the holders of shares of our common stock, par value \$0.04 per share (“Common Stock”).

The accompanying proxy is solicited by the Board of Directors of Contango (our “Board”) to be voted at our 2015 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on May 20, 2015, at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders (the “Notice”) and at any adjournment(s) or postponement(s) thereof.

This proxy statement and accompanying form of proxy are being mailed to our stockholders on or about April 8, 2015. Our Annual Report on Form 10-K (the “Annual Report”) covering the year ended December 31, 2014 is enclosed, but does not form any part of the materials for solicitation of proxies.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will act upon the matters outlined in the Notice, including (1) the election of seven directors to our Board, each for a term ending on the date of the 2016 Annual Meeting of Stockholders (this proposal is referred to as the “Election of Directors”), (2) the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm (this proposal is referred to as the “Ratification of Grant Thornton”), (3) holding an advisory vote on named executive officer compensation (this proposal is referred to as the “Advisory Vote”), and (4) the transaction of such other business as may arise that can properly be conducted at the Annual Meeting or any adjournment or postponement thereof. Also, management will report on our performance during the last fiscal year and respond to questions from our stockholders.

What is a proxy?

A proxy is another person that you legally designate to vote your stock. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card.

What is a proxy statement?

It is a document that regulations of the Securities and Exchange Commission (the “SEC”) require that we give to you when we ask you to sign a proxy card to vote your stock at the Annual Meeting.

What is “householding” and how does it affect me?

One copy of the Notice, this proxy statement and the Annual Report (collectively, the “Proxy Materials”) will be sent to stockholders who share an address, unless they have notified us that they want to continue receiving multiple packages. This practice, known as “householding,” is designed to reduce duplicate mailings and save significant printing and postage costs. If you received a householded mailing this year and you would like to have additional copies of the Proxy Materials mailed to you or you would like to opt out of this practice for future mailings, we will promptly deliver such additional copies to you if you submit your request in writing to our Investor Relations Department, Attn: Sergio Castro, at 717 Texas Avenue, Suite 2900, Houston, Texas 77002, or call at (713) 236-7400. You may also contact us in the same manner if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future. The Proxy Materials are also available at www.proxyvote.com.

What should I do if I receive more than one set of voting materials?

Despite our efforts related to householding, you may receive more than one set of voting materials, including multiple copies of the proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. Similarly, if you are a stockholder of record and hold shares in a brokerage account, you will receive a proxy card and a voting instruction card. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all your shares are voted at the Annual Meeting.

What is the record date and what does it mean?

The record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on March 25, 2015 (the “Record Date”). The Record Date is established by our Board as required by Delaware law. On the Record Date, we had 19,395,157 shares of Common Stock issued and outstanding.

What is a quorum?

A quorum is the presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of our Common Stock outstanding and entitled to vote as of the Record Date. There must be a quorum for the Annual Meeting to be held. If a quorum is not present, the Annual Meeting may be adjourned from time to time until a quorum is reached. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of votes considered to be present at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Subject to the limitations set forth below, stockholders at the close of business on the Record Date may vote at the Annual Meeting.

What are the voting rights of the stockholders?

Each holder of Common Stock is entitled to one vote per common share on all matters to be acted upon at the Annual Meeting. Neither our Certificate of Incorporation, as amended, nor our bylaws allow for cumulative voting rights.

What is the difference between a stockholder of record and a “street name” holder?

Most stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned in street name.

Stockholder of Record. If your shares are registered directly in your name with Continental Stock Transfer & Trust Company, our transfer agent, you are considered, with respect to those shares, the stockholder of

2

record. As the stockholder of record, you have the right to grant your voting proxy directly or to vote in person at the Annual Meeting.

- Street Name Stockholder. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name.” As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.

How do I vote my shares?

Stockholders of Record: Stockholders of record may vote their shares or submit a proxy to have their shares voted by one of the following methods:

- By Internet. You may submit a proxy electronically on the Internet by following the instructions provided on the enclosed proxy card. Please have the proxy card in hand when you log onto the website. Internet voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on May 19, 2015.
- By Telephone. If you request paper copies of the proxy materials by mail, you may submit a proxy by telephone (from U.S. and Canada only) using the toll-free number listed on the proxy card. Please have your proxy card in hand when you call. Telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on May 19, 2015.
- By Mail. You may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.
- In Person. You may vote in person at the Annual Meeting by completing a ballot; however, attending the Annual Meeting without completing a ballot will not count as a vote.

Street Name Stockholders: Street name stockholders may generally vote their shares or submit a proxy to have their shares voted by one of the following methods:

- By Mail. You may indicate your vote by completing, signing and dating your proxy card or other information forwarded by your bank, broker or other holder of record and returning it in the enclosed reply envelope.
- By Methods Listed on Proxy Card. Please refer to your proxy card or other information forwarded by your bank, broker or other holder of record to determine whether you may submit a proxy by telephone or electronically on the Internet, following the instructions on the proxy card or other information provided by the record holder.
- In Person with a Proxy from the Record Holder. You may vote in person at the Annual Meeting if you obtain a legal proxy from your bank, broker or other nominee. Please consult the voting form or other information sent to you by your bank, broker or other nominee to determine how to obtain a legal proxy in order to vote in person at the Annual Meeting.

Can I revoke my proxy?

Yes. If you are a stockholder of record, you can revoke your proxy at any time before it is exercised by:

- submitting written notice of revocation to our company, Attn: John A. Thomas, 717 Texas Avenue, Suite 2900, Houston, Texas, 77002, no later than May 19, 2015;
- submitting another proxy with new voting instructions by mail, telephone or the Internet voting system; or

· attending the Annual Meeting and voting your shares in person.

If you are a street name stockholder and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

May I vote confidentially?

Yes. We treat all stockholder meeting proxies, ballots and voting tabulations confidentially if the stockholder has requested confidentiality on the proxy or ballot.

If you so request, your proxy will not be available for examination nor will your vote be disclosed prior to the tabulation of the final vote at the Annual Meeting except (1) to meet applicable legal requirements or (2) to allow the independent election inspectors to count and certify the results of the vote. The independent election inspectors may, however, at any time inform us whether or not a stockholder has voted.

What is the effect of broker non-votes and abstentions and what vote is required to approve each proposal?

If you hold your shares in "street name," you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the NYSE MKT LLC (the "NYSE MKT").

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a "broker non-vote" results. Although any broker non-vote would be counted as present at the Annual Meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when stockholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting.

If your shares are held in street name and you do not give voting instructions, the record holder will not be permitted to vote your shares with respect to Proposal 1 (Election of Directors), and your shares will be considered broker non-votes with respect to this proposal. If your shares are held in street name and you do not give voting instructions, the record holder will nevertheless be entitled to vote your shares with respect to Proposal 2 (Ratification of Grant Thornton) in the discretion of the record holder. If your shares are held in street name and you do not give voting instructions, the record holder will not be permitted to vote your shares with respect to Proposal 3 (The Advisory Vote), and your shares will be considered broker non-votes with respect to this proposal.

- Proposal 1 (Election of Directors): To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes cast by the holders of our Common Stock, present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. This means that director nominees who receive the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director's election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be counted as votes cast, and, accordingly, will have no effect on the outcome of the vote for directors.
- Proposal 2 (Ratification of Grant Thornton): Ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 requires the affirmative vote of the holders of a majority of the votes cast by the holders of our Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. Abstentions and broker non-votes will not be voted either for or against this proposal, and, accordingly, will not affect the outcome of this proposal.

- Proposal 3 (The Advisory Vote): Approval of the advisory vote requires the affirmative vote of the majority of the votes of the shares of common stock cast on this proposal at the annual meeting. Abstentions and broker non-votes will not be voted either for or against this proposal, and, accordingly, will not affect the outcome of this proposal. While this vote is required by law, it will neither be binding on our company or the Board nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, our company or the Board. However, the views of our stockholders are important to us, and our Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. We urge you to read the section entitled “Compensation Discussion and Analysis,” which discusses in detail how our executive compensation program implements our compensation philosophy.

Our Board has appointed Allan D. Keel and E. Joseph Grady as the management proxy holders for the Annual Meeting. If you are a stockholder of record, your shares will be voted by the management proxy holders in accordance with the instructions on the proxy card you submit by mail, or the instructions provided for any proxy submitted by telephone or Internet, as applicable. For stockholders who have their shares voted by duly submitting a proxy by mail, telephone or Internet, the management proxy holders will vote all shares represented by such valid proxies as our Board recommends, unless a stockholder appropriately specifies otherwise.

Our Board recommends a vote:

- FOR each of the nominees for director;
- FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015; and
- FOR the advisory vote to approve named executive officer compensation.

What happens if additional proposals are presented at the Annual Meeting?

Other than the matters specified in the Notice, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the management proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. Under our bylaws, the deadline for notifying us of any additional proposals to be presented at the Annual Meeting has passed and, accordingly, stockholders may not present proposals at the Annual Meeting.

Who will bear the cost of soliciting votes for the Annual Meeting?

We will bear all expenses of soliciting proxies. We have engaged Broadridge Financial Solutions to aid in the distribution of proxy materials and to provide voting and tabulation services for the Annual Meeting for a fee of approximately \$7,000, plus reimbursement for reasonable out-of-pocket expenses. Our directors, officers and employees may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. In addition, we may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of our Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners.

May I propose actions for consideration at the 2016 Annual Meeting of Stockholders or nominate individuals to serve as directors?

You may submit proposals for consideration at future stockholder meetings, including director nominations. Please read “Stockholder Proposals and Director Nominations for the 2016 Annual Meeting” for information regarding the submission of stockholder proposals and director nominations for consideration at next year’s annual meeting.

CORPORATE GOVERNANCE AND OUR BOARD

General

The Company's Certificate of Incorporation and bylaws provide for the annual election of directors. At each annual meeting of stockholders, our directors will be elected for a one-year term and serve until their respective successors have been elected and qualified.

Our Board held ten meetings during 2014. During 2014, no directors attended fewer than 75% of the total number of meetings of our Board and committees on which that director served.

We encourage, but do not require, our directors to attend annual meetings of stockholders. At our last Annual Meeting of Stockholders, six out of the seven serving members of our Board attended.

Board Independence

As required under the listing standards of the NYSE MKT, a majority of the members of our Board must qualify as independent, as affirmatively determined by our Board. Our Nominating Committee evaluated all relevant transactions and relationships between each director, or any of his or her family members, and our company, senior management and independent registered accounting firm. Based on this evaluation and the recommendation of our Nominating Committee, our Board has determined that B.A. Berilgen, B. James Ford, Lon McCain, Charles M. Reimer and Steven L. Schoonover are each an independent director, as that term is defined in the listing standards of the NYSE MKT. In making its independence recommendation, the Committee noted in particular the following at the time of determination:

Mr. Ford

- Mr. Ford is a managing director of Oaktree Capital Management, L.P. ("Oaktree Capital Management"), which, through its affiliates OCM GW Holdings, LLC ("Oaktree Holdings") and OCM Crimson Holdings, LLC ("OCM Crimson"), owns approximately 6.6% of our Common Stock. This significant ownership position could result in the interest of Mr. Ford becoming misaligned with those of our smaller stockholders.
- In reviewing the independence of Mr. Ford, our Nominating Committee noted that the NYSE MKT does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding. Our Nominating Committee also noted that Oaktree Capital Management has approximately 927 employees (with approximately 290 being investment professionals), offices in 17 cities worldwide, and approximately \$90 billion in assets under management.

Board Committees

Our Board has the authority to appoint committees to perform certain management and administrative functions. Our Board has established a Compensation Committee, Audit Committee, Nominating Committee and Investment Committee. Our Board, in its business judgment, has determined that the Compensation Committee, Audit Committee and Nomination Committee are comprised entirely of independent directors as currently required under the listing standards of the NYSE MKT and applicable rules and requirements of the SEC. The Board may also delegate certain duties and responsibilities to the committees it establishes; for example, the Board may delegate the duty of determining appropriate salaries for our executive officers from time to time.

Audit Committee

The Audit Committee was established to oversee and appraise the audit efforts of our independent registered public accounting firm, and monitor our accounts, procedures and internal controls. During 2014, the Audit Committee consisted of Messrs. McCain (Committee Chairman), Berilgen and Schoonover. Each member of our Audit

Committee is considered “independent” as described above. The Audit Committee met five times during 2014. Upon review by and recommendation of our Nominating Committee, our Board has determined that Mr. McCain was an “audit committee financial expert” as defined under applicable rules and regulations of the SEC.

6

Our Audit Committee has adopted a charter, which is posted on our website www.contango.com under “Corporate Governance.”

Compensation Committee

The responsibilities of the Compensation Committee, which are discussed in detail in the “Compensation Committee Charter” that is posted on our website at www.contango.com under “Corporate Governance,” include among other things, the responsibility to:

- Periodically review the compensation, employee benefit plans and fringe benefits paid to, or provided for, executive officers of the Company;
- Review, recommend to the full Board for approval or approve, as applicable, the annual salaries, bonuses and share-based awards paid to the Company’s executive officers;
- Periodically review and recommend to the full Board total compensation for each non-employee director for services as a member of the Board and its committees; and
- Exercise oversight of all matters of executive compensation policy.

The Compensation Committee is delegated all authority of the Board as may be required or advisable to fulfill the purposes of the Compensation Committee. The Compensation Committee may form and delegate some or all of its authority to subcommittees when it deems appropriate. Meetings may, at the discretion of the Compensation Committee, include members of the Company’s management, other members of the Board, consultants or advisors, and such other persons as the Compensation Committee or its chairperson may determine.

The Compensation Committee has the sole authority to retain, amend the engagement with, and terminate any compensation consultant to be used to assist in the evaluation of director, CEO or executive officer compensation, including employment contracts and change in control provisions. The Compensation Committee has sole authority to approve the consultant’s fees and other retention terms and has authority to cause the Company to pay the fees and expenses of such consultants.

From time to time the Compensation Committee engages the services of Longnecker & Associates (“Longnecker”), an experienced compensation consulting firm that specializes in the energy industry. In selecting Longnecker as its independent compensation consultant, the Compensation Committee assessed the independence of Longnecker pursuant to SEC rules and considered, among other things, whether Longnecker provides any other services to us, the policies of Longnecker that are designed to prevent any conflict of interest between Longnecker, the Compensation Committee and us, any personal or business relationship between Longnecker and a member of the Compensation Committee or one of our executive officers and whether Longnecker owns any shares of our common stock. Longnecker is engaged by, and reports only to, the Compensation Committee and will perform the compensation advisory services requested by the Compensation Committee. Longnecker does not provide any other services to the Company, and the Compensation Committee has concluded that we do not have any conflicts of interest with Longnecker. Among the services Longnecker has been asked to perform were apprising the Compensation Committee of compensation-related trends, developments in the marketplace and industry best practices; informing the Compensation Committee of compensation-related regulatory developments; providing peer group survey data to establish compensation ranges for the various elements of compensation; providing an evaluation of the competitiveness of the Company’s executive and director compensation and benefits programs; assessing the relationship between executive pay and performance; and advising on the design of the Company’s incentive compensation programs.

The Compensation Committee annually makes comparisons of our executive compensation program to the compensation paid to executives of other companies within the oil and gas industry through the use of energy industry compensation surveys from Effective Compensation Inc. (“ECI”). ECI surveys are utilized as they are industry-specific and derive their data from direct contributions from a large number of participating companies. The ECI surveys compile data from many companies that we currently consider to be in our peer group, as well as companies

somewhat larger than us but with which we compete for talent. The surveys were used to compare our executive compensation program against companies (the “Peer Group”) that have comparable market capitalization,

7

revenues, capital expenditure budgets, geographic focus and number of employees. The Compensation Committee regularly reviews and refines the Peer Group as appropriate. When we refer to “peers,” “Peer Group” or “peer companies” or similar phrases, we are referring to this list of companies, as it may be updated by the Compensation Committee from time to time.

During 2014, the members of the Compensation Committee were Messrs. Ford (Committee Chairman), Berilgen and Reimer. Each member of the Compensation Committee during 2014 was an “outside director” as defined under section 162(m) of the Code and was “independent” as defined in the applicable rules of the NYSE MKT and the SEC. The Compensation Committee held three meetings during 2014.

Nominating Committee

The principal function of the Nominating Committee, which is discussed in detail in the “Nominating Committee Charter” that is posted on our website at www.contango.com under “Corporate Governance,” is to oversee, identify, evaluation and select qualified candidates for election to the Board. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees for election as directors of the Company, taking into account that the Board as a whole shall have competency in industry knowledge, accounting and finance, and business judgment. While the Company does not have a formal diversity policy, the Nominating Committee seeks members from diverse backgrounds so that the Board consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions that they can make to the Company. The Nominating Committee shall give the same consideration to candidates for director nominees recommended by Company stockholders as those candidates recommended by others.

During 2014, the members of the Nominating Committee were Messrs. Berilgen (Committee Chairman) and McCain. Each member of the Nominating Committee during 2014 was “independent” as defined in the applicable rules of the NYSE MKT and the SEC. The Nominating Committee held one meeting during 2014.

Because the Nominating Committee believes that director nominees should be considered on a case-by-case basis on each nominee’s merits, regardless of who recommended the nominee, it has not adopted a formal policy with regard to the consideration of any director candidates recommended by stockholders. For a description of the procedures that stockholders must follow in order to timely nominate director candidates, please see “Stockholder Proposals and Director Nominations for the 2016 Annual Meeting.”

Investment Committee

The Investment Committee was created by the Board on October 1, 2013 in connection with the closing of the Company’s merger (the “Merger”) with Crimson Exploration Inc. (“Crimson”). The purpose of the Investment Committee, which is discussed in detail in the “Investment Committee Charter” that is posted on our website at www.contango.com under “Corporate Governance,” is to allocate, subject to Board approval, the amount and nature of all capital expenditures of the Company and its subsidiaries, and review and discuss the plan for such capital expenditures with Company management. The members of the Investment Committee are Messrs. Romano (Chairman) and Keel. The Investment Committee did not hold any formal meetings during 2014 although the members of the Investment Committee met frequently on an informal basis.

Code of Ethics

We have adopted a “code of ethics” as defined by the applicable rules of the SEC, and it is posted on our website: www.contango.com under “Corporate Governance.” Any amendment to the code of ethics will be posted promptly on our website.

Board Leadership Structure

The Chairman of the Board is selected by the members of the Board. The positions of Chairman and CEO were separated at the closing of the Merger. The Board has determined that the current structure is appropriate at this time in that it enables Mr. Keel to focus on his role as CEO of the Company, while enabling Mr. Romano, the Chairman

8

of our Board, to continue to provide leadership on policy at the Board level. Although the roles of CEO and Chairman are currently separated, the Board has not adopted a formal policy requiring such separation. The Board believes that the right Board leadership structure should, among other things, be informed by the needs and circumstances of the Company and the then current membership of the Board, and that the Board should remain adaptable to shaping the leadership structure as those needs and circumstances change.

Board Risk Assessment and Control

Our risk management program is overseen by our Board and its committees, with support from our management. Our Board oversees an enterprise-wide approach to oil and gas industry risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is a thorough understanding of the risks a company faces, understanding of the level of risk appropriate for our company and the steps needed to manage those risks effectively. The involvement of the full Board in setting our business strategy is a key part of its overall responsibilities and together with management determines what constitutes an appropriate level of risk for our company. Our Board believes that the practice of including all members of our management team in our risk assessments allows the Board to more directly and effectively evaluate management capabilities and performance, allows the Board to more effectively and efficiently communicate its concerns and wishes to the entire management team and provides all members of management with a direct communication avenue to the Board.

While our Board has the ultimate oversight responsibility for the risk management process, other committees of our Board also have responsibility for specific risk management activities. In particular, the Audit Committee focuses on financial risk, including internal controls, and oversees compliance with regulatory requirements. In setting compensation, the Compensation Committee approves compensation programs for the officers and other key employees to encourage an appropriate level of risk-taking behavior consistent with our business strategy. Our Investment Committee is responsible for the allocation, subject to Board approval, of our capital expenditures.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis contains statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of our executive compensation program and should not be understood to be statements of management’s expectations or estimates of results or other guidance. We specifically caution stockholders not to apply these statements to other contexts.

Introduction

This Compensation Discussion and Analysis (1) provides an overview of our compensation policies and programs; (2) explains our compensation objectives, policies and practices with respect to our executive officers; and (3) identifies the elements of compensation for each of the individuals identified in the following table (our principal executive officer, principal financial officer and the three most highly compensated executive officers), whom we refer to in this proxy statement as our “named executive officers.”

Name	Principal Position
Allan D. Keel.....	Chief Executive Officer and President
E. Joseph Grady.....	Senior Vice President and Chief Financial Officer
Jay S. Mengle.....	Senior Vice President—Engineering
A. Carl Isaac.....	Senior Vice President—Operations
Thomas H. Atkins.....	Senior Vice President—Exploration

Objectives and Philosophy of Our Executive Compensation Program

Our executive compensation program is designed to attract and retain highly qualified executives and to motivate them to maximize shareholder return. We believe a significant portion of the compensation for each of our named executive officers should be incentive-based to emphasize a pay-for-performance philosophy. Therefore, overall competitive compensation levels and incentive pay levels vary based on the achievement of company-wide performance objectives and individual performance. Specifically, our compensation program is designed to:

- Attract and retain individuals with superior ability;
- Align named executive officers’ incentives with our corporate strategies, business objectives and the long-term interests of our shareholders; and
 - Increase the incentive to achieve key strategic and financial corporate performance measures by linking incentive award opportunities to the achievement of performance objectives in these areas.

To achieve these objectives, we focused in 2014 on the following corporate performance objectives:

- Attaining a forecasted level of production;
- Maintaining strong cash flow;
- Increasing net debt-adjusted proved reserve value;
- Incurring economical finding and development costs;
- Incurring moderate operating costs; and
- Minimizing the cost of, and exposure to, liabilities associated with adverse health, safety and environmental activity.

The Compensation Committee from time to time adjusts and/or replaces objectives and assigns relative weights or rankings to the applicable factors, but also from time to time makes subjective determinations of compensation levels based upon a consideration of all of these factors.

Setting Executive Compensation

On behalf of our Board, the Compensation Committee reviews and evaluates all compensation for our executive officers, including our compensation philosophy, policies and plans. The Board has final approval of all compensation decisions made by the Compensation Committee with respect to our senior executive officers, unless and to the extent that a certain decision or element of compensation has been fully delegated to the Compensation Committee. Our Chief Executive Officer and Chief Financial Officer also typically play important roles in the executive compensation process, including evaluating the other executive officers and assisting in the development of performance target goals, although the Compensation Committee or the Board, as applicable, has the final decision-making authority over compensation decisions. The Compensation Committee takes into consideration our named executive officers' total compensation, including base salary, annual incentives and long-term incentives, both cash and equity, when considering market based adjustments to our named executive officers' compensation.

The Compensation Committee also has the authority to retain a compensation consultant from time to time, as further described above under the heading "Corporate Governance and Our Board – Compensation Committee," to review our compensation policies and programs to determine our competitiveness within the oil and gas industry and advise the Compensation Committee as to whether modifications should be adopted in order to attract, motivate and retain key employees. Our Compensation Committee retained Longnecker, an experienced compensation consulting firm that specializes in the energy industry, during 2013 in connection with setting compensation for our named executive officers and directors following the merger with Crimson. During 2014, the Compensation Committee retained Longnecker on a more limited engagement to help assess industry compensation trends, including trends associated with the steep decline in oil and natural gas prices during 2014. For 2014, the Compensation Committee utilized information from Longnecker, along with the most recent ECI survey data, and determined that no increases in base salaries were warranted. The selected Peer Group included within ECI's survey data for 2014 included Alta Mesa Holdings, LP, Approach Resources, Inc., Callon Petroleum Company, Carrizo Oil & Gas, Inc., Comstock Resources, Inc., Goodrich Petroleum Company, Halcon Resources Corporation, Hilcorp Energy Company, Midstates Petroleum Company, LLC, Oasis Petroleum Inc., Parallel Petroleum, LLC, Penn Virginia Corporation, PetroQuest Energy, Inc., Sanchez Oil & Gas Corporation, and Swift Energy Company.

At our 2014 annual meeting of shareholders, we presented shareholders with a vote to approve, on an advisory basis, the compensation paid to our named executive officers as disclosed in the "Executive Compensation" section of our proxy statement relating to that meeting (referred to as a "say-on-pay" proposal). Approximately 95% of the votes cast on the say-on-pay proposal voted in favor of the proposal. We believe this strongly affirms shareholders' support of our approach to executive compensation. We believe that periodic shareholder advisory votes on executive compensation are appropriate and our Compensation Committee values the feedback provided by our shareholders through such votes, and will take the advisory vote that we conduct at this year's annual meeting into consideration when making compensation decisions in the future.

Employment Agreements

We entered into employment agreements with our named executive officers in connection with the Merger. We entered into agreements with Messrs. Keel and Grady, each dated April 29, 2013, that became effective with the Merger. On June 6, 2013, we also entered into employment agreements with each of Messrs. Isaac, Mengle and Atkins, which became effective in connection with the Merger. Each employment agreement provides for a term of three years with automatic two-year extensions of the initial term, unless we or the executive provides prior notice of intention not to extend the agreement.

Elements of our Executive Compensation Program

General

The principal components of our executive compensation program include:

- base salary;
- short-term performance-based cash incentive compensation;

13

- long-term equity-based incentive compensation;
- severance benefits; and
- other health and fringe benefits.

Base Salary

We provide base salaries to our executive officers to compensate them for services rendered during the year at levels that we believe are competitive in the oil and gas industry and that are designed to allow us to attract, motivate and retain executive officers. Base salaries are a major component of the total annual cash compensation paid to our executive officers and are reviewed annually by the Compensation Committee. Unless delegated to the Compensation Committee, base salary determinations are made by our Board taking into consideration salary recommendations from the Compensation Committee. The Compensation Committee considers senior management’s recommendations as to appropriate compensation for members of management reporting to them.

All of our executive officers are subject to employment agreements that provide for a fixed base salary. These salaries were determined by the Compensation Committee and Board in 2013 in connection with the Merger after consultation with Longnecker and taking into account many factors, including:

- the responsibilities of the officer;
- the scope, level of expertise and experience required for the officer’s position;
- the strategic impact of the officer’s position;
- the potential future contribution and demonstrated individual performance of the officer; and
- salaries paid for comparable positions at similarly-situated companies.

The table below sets forth the annual base salary for each of our named executive officers in their employment agreements as well as the annual base salaries for each of our named executive officers for each of 2014 and 2015:

Name	Base Salary Effective Following Merger	Base Salary for 2014	Base Salary for 2015
Allan D. Keel.....	\$600,000.....	\$600,000	\$600,000
E. Joseph Grady.....	\$400,000.....	\$400,000	\$400,000
Jay S. Mengle.....	\$300,000.....	\$300,000	\$300,000
A. Carl Isaac.....	\$320,000.....	\$320,000	\$320,000
Thomas H. Atkins....	\$310,000.....	\$310,000	\$310,000

The base salaries of all of our named executive officers were held constant in 2014 given the mid-year 2013 setting thereof. The base salaries of all of our named executive officers were held constant for 2015 in recognition of conditions in the oil and gas industry.

Annual Cash Incentive Compensation

Our named executive officers are eligible to participate in an annual, performance-based cash incentive compensation plan that is designed to reward all employees on the basis of our Company attaining pre-determined performance measures. The annual incentive plan is governed by the Amended and Restated 2009 Incentive Compensation Plan (the “2009 Plan”). The Compensation Committee retains the flexibility to make certain adjustments to the final awards for all employees, including our named executive officers, within the overall parameters of the plan, to better recognize the impact of their general contributions to the Company’s success, individual strengths and individual efforts that each individual officer may have exerted on our behalf during the fiscal year. The Compensation Committee does not have the authority to increase the bonus over the calculated amount under the Performance Based Cash Incentive Plan for such individual performance goals, however, the

Compensation Committee or Board has the authority to award additional discretionary amounts in recognition of specific contributions unrelated to the targets set for the performance-based cash incentive awards.

The Compensation Committee annually approves the performance metrics and quantitative goals that make up the cash incentive bonus awards, typically within the first three months of the applicable calendar year. The performance metrics and quantitative goals are reviewed annually by the Compensation Committee with input from our executive officers, advice from retained experts, when deemed appropriate, and adjusted, as needed, in order to reflect our current structure and operations. Our minimum award performance goal is typically 85% of the target award performance goal and our maximum award performance goal is typically attained at 120% of the target award performance goal. For 2014, the performance goal categories for our named executive officers consisted of the following metrics and relative weightings:

Performance Metric	Weight of Metric to Total Award
Oil and Gas Production (1).....	20%
Earnings before Interest, Taxes, Depreciation, Amortization and Exploration Expenses (EBITDAX) (2)	20%
Onshore Finding and Development Costs (3).....	20%
Health, Safety and Environmental Costs (4).....	10%
Debt-Adjusted Present Value of Proved Reserves (5)	30%

(1) The oil and gas production goal is based on achievement of a targeted production level of for the year.

(2) EBITDAX represents net income (loss) before interest expense, taxes, and depreciation, depletion and amortization, and exploration expenses. It is a non-GAAP measure that we use as an approximation of cash flow from operations before tax. We typically determine EBITDAX by adding interest expense, income tax provision, depreciation, depletion and amortization and exploration expenses to net income. However, our definition of EBITDAX may differ from that of other companies and excludes exploration expenses, exploration dry hole costs and other non-cash charges normally considered expenses by oil and gas companies utilizing successful efforts method of accounting. We believe EBITDAX is a valuable measure of operating performance because it eliminates items that have less bearing on our operating performance and so highlights trends in our core business.

(3) This measures the costs to drill and complete wells per equivalent unit of proved reserves added (\$/Mcf) during the fiscal year, inclusive of revisions of prior year estimates.

(4) This measures our ability to contain costs relating to health, safety and environmental exposures.

(5) This measures our ability to increase the overall value of our proved reserves.

Amounts potentially earned under the performance-based cash incentive awards are set at certain percentages of the participant’s base salary. The employment agreements with our named executive officers provide that they are eligible to participate in our annual cash incentive bonus plan. The employment agreements provide for minimum, target and maximum award levels for each calendar year that are based on a percentage of the executive’s base salary. The bonus target levels, as a percentage of base salary, that each named executive officer is eligible to receive as an incentive bonus under their employment agreements are as follows:

Name	Minimum	Target	Maximum
Allan D. Keel.....	50%	100%	150%
E. Joseph Grady.....	50%	90%	130%
Jay S. Mengle.....	50%	80%	120%

Edgar Filing: CONTANGO OIL & GAS CO - Form DEF 14A

A. Carl Isaac.....	50%	80%	120%
Thomas H. Atkins.....	50%	80%	120%

The base salary percentages in the table above are applicable to the qualitative performance metrics that are described above for the 2014 year. However, when establishing the cash incentive bonus awards for our named executive officers for 2014, our Compensation Committee increased the amount of the potential maximum award for each named executive officer from the percentage set forth in such executive's employment agreement to 200% of the target award level to be competitive with industry peers. The incremental portion of these awards, if any, may be awarded by the Compensation Committee for a particular performance criteria where the maximum target for the

criteria has been achieved and the Compensation Committee desires to recognize exceptional performance by one or more named executive officers for the year.

Should our financial and operating results meet or exceed either the pre-determined “minimum,” “target” and “maximum” values assigned a particular performance category (with linear interpolations between each level), then each named executive officer is paid a corresponding percentage of his annual salary amount for that metric. As noted above, the Compensation Committee retains the right to make what it determines to be appropriate adjustments to actual performance results for the year, to the extent it believes that adjustments are warranted. For example, in determining the actual level of EBITDAX for a particular year, it may exclude the effects of certain non-cash income/expense items such as the mark to market benefit/charge to our results of operations required by FASB ASC Topic 815, “Derivatives and Hedging,” non-cash charges to our results of operations related to FASB ASC Topic 718 for stock options or the variance in EBITDAX caused by the variance between actual NYMEX benchmark oil and gas prices and the forecasted NYMEX benchmark prices incorporated into the performance goals (since NYMEX prices are largely not within management’s control).

We satisfied each of the company performance metrics for the 2014 year as follows:

Performance Metric	Percentage of Target Goal Achieved for Metric	Approximate Percentage of Total Award Earned
Oil and Gas Production.....	101%	28%
Earnings before Interest, Taxes, Depreciation, Amortization and Exploration Expenses.....	101%	28%
Onshore Finding and Development Costs	82%	0%
Health, Safety and Environmental Costs.....	100%	14%
Debt-Adjusted Present Value of Proved Reserves	90%	30%
Total		100%

The actual amounts paid to each named executive officer with respect to the 2014 year are reflected below in the Summary Compensation Table. The awards were paid on or about March 13, 2015.

Long Term Equity Incentive Compensation

In addition to the annual cash incentive awards described above, our 2009 Plan also allows us to grant equity-based incentive awards to our named executive officers and other eligible employees. We have adopted a long-term equity award program under the 2009 Plan (the “LTIP”) pursuant to which each of our employees, including our named executive officers, was eligible to participate in during the 2014 year. The annual equity awards contemplated by the LTIP will provide the named executive officers with a longer-term stake in our Company. The equity awards granted under the LTIP are intended to act as a long-term retention tool and align employee and stockholder interests by increasing compensation as stockholder value increases. The Compensation Committee also has the authority to award additional discretionary equity awards under the 2009 Plan.

All grants made under the LTIP are performance based, are calculated as a percentage of base salary earned during the applicable year, and, subject to discretion of the Compensation Committee or Board, are to be made half in the form of restricted stock and half in the form of stock options (which will be governed by the 2009 Plan). Unless otherwise

determined by the Compensation Committee or Board, restricted stock awards and stock options granted pursuant to the LTIP vest over four years at a rate of 25% each year.

The Compensation Committee will annually approve performance metrics and quantitative goals that make up the performance-based equity compensation awards granted under the LTIP. For 2014, the performance goal categories for performance-based equity compensation awards for our named executive officers were the same as those set forth above for performance-based cash incentive compensation awards. Following the end of the 2014 year, the Compensation Committee reviewed the level of performance that was attained for each metric, and determined what percentage of the executives' potential award was earned for the 2014 year.

Amounts potentially earned under the LTIP are set at certain percentages of the participant's base salary. The employment agreements with our named executive officers provide that they will be eligible to receive annual

performance-based equity compensation awards under our equity compensation plans. Each executive will have a minimum, target, and maximum award level based upon a percentage of their base salary, subject to the satisfaction of corporate goals that were established by the Board or the Compensation Committee. The employment agreements set forth the following equity compensation minimum award target levels for each applicable named executive officer, assuming the attainment of the performance goals for each particular metric:

Name	Minimum	Target	Maximum
Allan D. Keel.....	75%	350%	450%
E. Joseph Grady.....	75%	250%	450%
Jay S. Mengle.....	75%	250%	350%
A. Carl Isaac.....	75%	250%	350%
Thomas H. Atkins.....	75%	250%	350%

Under our LTIP, our minimum level goal is typically 85% of the target level goal and our maximum level goal is typically 130% of the target level goal. For the 2014 year, the satisfaction of our performance goals for the LTIP have been disclosed above in the “Annual Cash Incentive Compensation” section. Our 2014 performance resulted in our named executive officers receiving equity award grants at approximately 70% of the aggregate target amount, which were comprised entirely of restricted stock. These equity awards, however, are not reflected in the compensation tables below. Under the SEC disclosure rules, equity awards are reported in the year of grant. The Compensation Committee could not review our 2014 performance and certify the appropriate level of awards earned until after the end of the 2014 year. The equity awards for 2014 resulting from the LTIP were granted on or about March 13, 2015 and will be reflected in the compensation tables in our proxy statement for the 2015 year.

Severance Benefits

Each of the employment agreements with our named executive officers provide for severance payments upon a termination for any reason other than cause, including termination pursuant to a change of control. These agreements also provide for the accelerated vesting of certain equity awards in the event of a change of control. We believe that the executive officers should be provided an incentive to consummate a change of control that would generate attractive returns for our stockholders. Without such an incentive, the executive officers may not diligently pursue such opportunities. In addition, severance provisions were included as a means of attracting and retaining executives and to provide replacement income if their employment is terminated under certain circumstances. Each employment agreement contains similar but not identical provisions regarding severance payments and relevant provisions of those agreements are provided in the section titled “Executive Compensation—Potential Payments upon Termination or Change of Control.”

Other Benefits

Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, short and long-term disability, and our 401(k) plan, in each case, on the same basis as other employees, subject to applicable laws. We also provide vacation and other paid holidays to all employees, including our named executive officers. We pay membership dues for private clubs for two of our named executive officers as these memberships are intended to be used in part for business entertainment purposes.

Other Matters

Tax Considerations

Although our Compensation Committee considers the tax and accounting treatment associated with the cash and equity grants it makes, these considerations are not dispositive. Section 162(m) of the Code places a limit of \$1.0 million per person on the amount of compensation that we may deduct in any year with respect to our chief executive officer and our three most highly compensated executive officers other than the chief executive officer and the chief financial officer. There is an exemption from the \$1.0 million limitation for performance-based compensation that meets certain requirements. Our benefit plans are generally designed to permit compensation to be structured to meet the qualified performance-based compensation exception. To maintain flexibility in compensating named executive officers in a manner designed to promote varying company goals, our Compensation Committee has not adopted a

policy requiring all compensation to be deductible. The Compensation Committee therefore retains the ability to evaluate the performance of our executive officers and to pay appropriate

17

compensation, even if some of it may be non-deductible, to ensure competitive levels of total compensation is paid to certain individuals.

We account for stock-based awards based on their grant date fair value, as determined under FASB ASC Topic 718. In connection with its approval of stock-based awards, the Compensation Committee is cognizant of and sensitive to the impact of such awards on stockholder dilution. The Compensation Committee also endeavors to avoid stock-based awards made subject to a market condition, which may result in an expense that must be marked to market on a quarterly basis. The accounting treatment for stock-based awards does not otherwise impact the Compensation Committee's compensation decisions.

Risk Considerations in our Overall Compensation Program

When establishing and reviewing our executive compensation program, the Compensation Committee has considered whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. While behavior that may result in inappropriate risk taking cannot necessarily be prevented by the structure of compensation practices, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Our compensation program is comprised of both fixed and incentive-based elements. The fixed compensation (i.e., base salary) provides reliable, foreseeable income that mitigates the focus of our employees on our immediate financial performance or our stock price, encouraging employees to make decisions in our best long-term interests. The incentive components are designed to be sensitive to both our short- and long-term goals, performance and stock price. In combination, we believe that our compensation structures do not encourage our officers and employees to take unnecessary or excessive risks in performing their duties. In conclusion, we believe that our compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on our company.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards Table.

As noted above in the “Long Term Equity Incentive Compensation” Section, our performance during 2014 in relation to the performance goals under the LTIP resulted in our named executive officers receiving equity award grants at approximately 70% of their respective target award levels. These equity awards, however, were awarded in early 2015 and are not reflected in the Summary Compensation Table or the Grants of Plan-Based Awards Table for the 2014 year.

Outstanding Equity Awards at 2014 Year-End

(1) Upon a change in control, all unvested equity awards held by our named executive officers will become vested and, in the case of options, exercisable. See “Potential Payments upon Termination or Change of Control—Severance Payments.”

(2) The market value of the unvested restricted stock was determined using the closing price of our Common Stock on December 31, 2014 of \$29.24 per share.

(3) The restricted stock awards reflected vest in four equal annual increments over a three year period commencing on the date of grant (November 12, 2013), according to the following schedule: 25% (date of grant), 25% (year 1), 25% (year 2), and 25% (year 3).

Option Exercises and Stock Vested

The following table provides information concerning the vesting of restricted stock awards during 2014 on an aggregated basis with respect to each of our named executive officers. During 2014, none of our named executive officers exercised any stock option awards.

(1)The restricted stock reflected was issued on November 12, 2013 and vested on November 12, 2014. The value was determined using the closing price of our Common Stock of \$37.24/share on the vesting date. Each of Messrs. Keel, Grady, Isaac, Mengle and Atkins elected to satisfy all or some portion of their individual federal tax withholding obligations with vested shares based on the \$37.24/share price. Accordingly, 9,270; 2,876; 1,917; 2,313; and 2,300 shares, respectively, were withheld from the amounts reflected in the table above.

Potential Payments Upon Termination or Change in Control

The employment agreements with Messrs. Keel, Grady, Isaac, Mengle and Atkins provide for potential payments to the executives upon certain terminations of employment and a change in control.

Each employment agreement provides for payments in the event we terminate the executive’s employment “without cause” or if the executive resigns for “good reason,” each as defined below. Except as otherwise described in the following paragraph, if the executive’s employment is terminated by us without cause or the executive resigns

for good reason, the executive will receive (A) a cash amount equal to a specific multiplier times the sum of the then current calendar year's base salary and the prior year's bonus under the cash plan, the multiplier being 2.99 for Messrs. Keel and Grady, and 2.0 for Messrs. Isaac, Mengle and Atkins, (B) reimbursement of COBRA health insurance premiums for up to 36 months from the termination date for Messrs. Keel and Grady, and for up to 24 months for Messrs. Isaac, Mengle and Atkins, (C) accelerated vesting of all stock, stock option and other equity awards to the extent such awards (other than stock options and stock appreciation rights) are not subject to performance-based vesting for purposes of qualifying as "performance-based compensation" for purposes of Section 162(m) of the Code and (D) a pro-rated bonus under the cash plan for the year of termination, based on the attainment of the applicable corporate performance goals. For purposes of calculating the severance amount due in (A), if no bonus was paid in the prior year under the cash plan, severance would instead be calculated using the greater of the target bonus under the cash plan for the year of termination or the amount of any discretionary bonuses that were paid to the executive in the twelve month period prior to his termination.

For Messrs. Isaac, Mengle and Atkins, if the executive's employment is terminated by us without cause or the executive resigns for good reason, in either case, within 12 months after a change in our ownership or control, the executive will receive (A) a cash amount equal to 2.5 times the sum of the then current calendar year's base salary and the prior year's bonus under the cash plan, (B) reimbursement of COBRA health insurance premiums for up to 30 months from the termination date, (C) accelerated vesting of all stock, stock option and other equity awards to the extent such awards (other than stock options and stock appreciation rights) are not subject to performance-based vesting for purposes of qualifying as "performance-based compensation" for purposes of Section 162(m) of the Code and (D) a pro-rated bonus under the cash plan for the year of termination, based on the attainment of the applicable corporate performance goals. If no bonus was paid under the prior year's cash plan, the bonus component of the cash severance amount due in (A) will be calculated as described in the last sentence of the preceding paragraph.

If the executive's employment is terminated by us without cause or the executive resigns for good reason within 12 months after our change in ownership or control, payment of the entire cash severance amount will be made in a lump sum at termination. Otherwise, upon termination by us without cause or by the executive for good reason, the executive will receive half of the cash severance amount in a lump sum at termination and half the number of months of health insurance reimbursement. The remainder of the cash severance payment and the second half of health insurance reimbursement will be paid if and when the executive notifies us, prior to the conclusion of 50% of the term of the executive's non-competition and non-solicitation obligations, that the executive agrees to comply with the non-competition and non-solicitation obligations for the remainder of the term.

If the executive's employment is terminated due to non-renewal of the employment agreement by the executive or us, then no severance is due to the executive under the employment agreement. However, if the employment agreement is not renewed by us and a new employment agreement is not entered into with the executive within ten days following the expiration of the employment agreement, the executive will become 100% vested in all stock, stock option and other equity awards then held by the executive to the extent that such awards (other than stock options and stock appreciation rights) are not subject to performance-based vesting for purposes of qualifying as "performance-based compensation" for purposes of Section 162(m) of the Code.

In the event of the executive's death or disability, as defined below, the executive officer will be entitled to: (A) pro rata base salary and pro rata target annual cash incentive bonus through the date of termination for the year in which termination occurs, plus a lump sum amount equal to the greater of: (1) the remainder of the base salary that would have been earned by the executive officer under the executive's employment agreement between the date of his death or permanent disability and the expiration of the then current term of the employment agreement, or (2) 12 months of base salary plus the executive's target annual cash incentive bonus for the year of termination; and (B) full acceleration of vesting for all stock, stock option and other equity awards.

The employment agreements contain confidentiality, non-competition and non-solicitation covenants. In order to receive any severance payments, the executive is required to execute a general release of claims against us.

The employment agreements provide that no gross-up payment for any excise taxes under Section 4999 of the Code will be made for any transaction subsequent to the Merger. In the event of a future change of control transaction, none of the executives are entitled to gross-up payments for any excise taxes under Section 4999 of the Code. In that event, if payments to any of the executives would otherwise constitute a parachute payment under

22

Section 280G of the Code, then the payments will be limited to the dollar amount that can be paid to the executive without triggering an excise tax under Section 4999 of the Code, unless the net after-tax amount payable to the executive, after taking into account any excise tax incurred under Section 4999, would be greater without a limitation on the payments.

For purposes of the employment agreements, the term “cause,” “disability,” and “good reason” are generally defined as follows:

- “Cause” shall include (A) continued failure by the executive to substantially perform his duties and responsibilities (other than a failure resulting from disability) that is materially injurious to us and that remains uncorrected for 10 days after receipt of appropriate written notice from the Board; (B) reliable, written third-party documentary evidence of engagement in willful, reckless or grossly negligent misconduct that is materially injurious to us or our affiliates; (C) except as provided by (D), the indictment of the executive with a crime involving moral turpitude or a felony; (D) the executive’s indictment for an act of criminal fraud, misappropriation or personal dishonesty; or (E) a material breach by the executive of any provision of his employment agreement that is materially injurious to the us and that remains uncorrected for 10 days following written notice of such breach by us.
- “Disability” shall mean either (A) the executive’s inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, or (B) by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than 12 months, the executive is receiving income replacement benefits for a period of not less than three months under an accident and health plan covering our employees. The executive will also be deemed permanently disabled if determined to be totally disabled by the Social Security Administration.
- “Good Reason” shall mean one or more of the following conditions arising not more than six months before the executive’s termination date without the executive’s consent: (A) our material breach of the executive’s employment agreement; (B) assignment to the executive by the Board or a duly authorized committee of any duties that materially and adversely alter the nature or status of the executive’s position, job descriptions, duties, title or responsibilities; (C) our requirement that the executive relocate anywhere other than the greater Houston, Texas metropolitan area; (D) a material reduction in the executive’s base salary; or (E) the executive’s exclusion from eligibility for our active bonus or benefits plans, or a material reduction in the executive’s award levels under those plans.

The table below quantifies our best estimates as to the amounts that the applicable named executive officers could have received in connection with a termination of their employment or our change in control on December 31, 2014. We have also assumed that all vacation and expenses were paid currently as of December 31, 2014. All amounts shown below should be considered estimates, as the actual amount of any benefit or payment could not be determined with any accuracy until the actual event occurred.

Retainer/Fees and Equity Compensation

Our current compensation plan for non-employee directors (the “Plan”) became effective on October 1, 2013. Pursuant to the Plan, each non-employee directors is entitled annually to a \$50,000 cash retainer and \$110,000 in restricted stock, subject to a one-year vesting. The number of shares to be awarded is determined based on the fair market value of our Common Stock as of the close of trading on the date of grant and directors are required to maintain ownership of at least fifty percent of the equity awarded to them within the last three calendar years. The amounts of the retainer and restricted stock awards are adjusted for partial periods of service. Additional annual cash retainer fees are paid to the chairman of our Board (\$50,000), the chairman of the Audit Committee (\$15,000), the chairman of the Compensation Committee (\$10,000) and the chairman of the Nominating Committee (\$9,500). Meeting attendance fees of \$1,000 are paid for each board and committee meeting attended in person. The Plan also provides for reimbursement of expenses for all directors in the performance of their duties, including reasonable travel expenses incurred attending meetings.

Mr. Ford, as an employee of Oaktree Capital Management, has elected that his compensation be issued to an affiliate of Oaktree Capital Management.

TRANSACTIONS WITH RELATED PERSONS

Policies and Procedures

The Company has instituted policies and procedures for the review, approval and ratification of “related person” transactions as defined under SEC rules and regulations. Our Audit Committee Charter requires management to inform the Audit Committee of all related person transactions. Examples of the type of transactions the Audit Committee reviews include payments made by the Company directly to a related person (other than in his or her capacity as a director or employee), or to an entity in which the related person serves as an officer, director, employee or owner, and any other transaction where a potential conflict of interest exists. In order to identify any such transactions, among other measures, the Company requires its directors and officers to complete questionnaires identifying transactions with any company in which the officer or director or their family members may have an interest. In addition, our Code of Ethics requires that the Audit Committee review and approve any related person transaction before it is consummated.

Transactions

Juneau Exploration L.P. In April 2012, Mr. Brad Juneau, the sole manager of the general partner of Juneau Exploration L.P. (“JEX”), joined the Board and the Company entered into an advisory agreement with JEX (the “Advisory Agreement”), whereby in addition to generating and evaluating exploration prospects for the Company, JEX would direct the Company’s staff on operational matters including drilling, completions and production. Pursuant to the Advisory Agreement, JEX was to be paid a quarterly fee of \$500,000. In August 2012, the Board of the Company elected Mr. Juneau as acting President and Chief Executive Officer of the Company.

Effective January 1, 2013, the Advisory Agreement was terminated, and the Company and JEX entered into a First Right of Refusal Agreement (the “First Right Agreement”). Under the First Right Agreement, JEX granted a first right of refusal to Contango to purchase any exploration prospects generated and recommended by JEX. Pursuant to the First Right Agreement, JEX was to be paid an annual fee of \$0.5 million which approximated the costs incurred by JEX for its support to the Company in the areas of operations, engineering, and land functions. JEX and its employees continue to be eligible to receive overriding royalty interests, carried interests and certain back-in rights. The First Right Agreement was terminated effective as of March 31, 2013.

Effective January 1, 2013, Contaro Company, a wholly-owned subsidiary of the Company, entered into an advisory agreement with JEX (the “Contaro Advisory Agreement”). Under the Contaro Advisory Agreement, JEX provided advisory services to Contaro in connection with Contaro’s investment in Exaro, and Mr. Juneau served on the Board of Managers of Exaro and performed such duties as described in the limited liability company operating agreement of Exaro. Pursuant to the Contaro Advisory Agreement, JEX was paid a monthly fee of \$10,000 and was entitled to receive a one percent (1%) fee of the cash profit earned by Contaro. Cash profit is defined as the amount of cash received by Contango as a result of its investment in Contaro, less the cash invested by the Company as a result of its investment in Contaro. In connection with Mr. Juneau’s resignation from the Board, the Contaro Advisory Agreement was terminated effective as of March 19, 2014.

Effective January 1, 2014, the Company subleased to JEX a portion of its previous office space at 3700 Buffalo Speedway, Houston, Texas for approximately \$0.1 million per year, which approximates our rental liability for that space.

Olympic Energy Partners. In December 2012, Mr. Joseph J. Romano was elected President and Chief Executive Officer of the Company and served in such capacity until October 1, 2013. The Company’s founder, Chairman and Chief Executive Officer, Mr. Kenneth R. Peak, passed away on April 19, 2013 and Mr. Romano was named Chairman of the Company. The Merger resulted in Mr. Romano earning a \$4,000,000 bonus due to the satisfaction of a performance goal, which was paid on or about June 30, 2014. Mr. Romano also served as co-executor of Mr. Peak’s estate during a portion of 2013. Mr. Romano is also the President and Chief Executive Officer of Olympic Energy Partners LLC (“Olympic”).

JEX, affiliates of JEX, and Olympic have historically participated with the Company in the drilling and development of certain prospects through participation agreements and joint operating agreements, which specify each participant's working interest ("WI"), net revenue interest ("NRI"), and describe when such interests are

26

earned, as well as allocate an overriding royalty interest (“ORRI”) of up to 3.33% to benefit the employees of JEX, excluding Mr. Juneau, except where otherwise noted. Olympic last participated with the Company in the drilling of wells in March 2010, and its ownership in Company-operated wells is limited to our Dutch and Mary Rose wells.

Republic Exploration LLC. In his capacity as sole manager of the general partner of JEX, Mr. Juneau also controls the activities of Republic Exploration LLC (“REX”), an entity owned 34.4% by JEX, 32.3% by Contango, and 33.3% by a third party which contributed other assets to REX. REX generates and evaluates offshore exploration prospects and has historically participated with the Company in the drilling and development of certain prospects through participation agreements and joint operating agreements, which specify each participant’s WI, NRI, and describe when such interests are earned, as well as allocate an ORRI of up to 3.33% to benefit the employees of JEX.

As of December 31, 2014, Olympic, JEX, REX and JEX employees owned the following interests in the Company’s offshore wells.

	Olympic		JEX		REX		JEX Employees

General

Our Board currently consists of seven directors. Directors are elected annually and hold office until the next annual meeting or until their successors are duly elected and qualified.

Our Board has nominated each of the directors listed below for re-election as directors to serve until the 2016 Annual Meeting of Stockholders and until their successors have been elected and qualified, or until their earlier resignation or removal. Each nominee is currently a director and was previously elected to our Board by our stockholders in 2014. Based solely on a review of the copies of Forms 4 and 5 furnished to us, or written representations from reporting persons that all reportable transactions were reported, we believe that during 2014 all of our executive officers, directors and greater than 10% holders filed the reports required to be filed under Section 16(a) on a timely basis under Section 16(a).

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR THE 2016 ANNUAL MEETING

Pursuant to the rules promulgated by the SEC, stockholders interested in submitting a proposal for inclusion in our proxy materials and for presentation at the 2016 Annual Meeting of Stockholders may do so by following the procedures set forth in Rule 14a-8 under the Exchange Act. In general, to be eligible for inclusion in our proxy materials, stockholder proposals must be received by us no later than December 10, 2015.

In addition to the requirements of Rule 14a-8, and as more specifically provided for in our bylaws, in order for a nomination of persons for election to our Board or a proposal of business to be properly brought before our annual meeting of stockholders, it must be either specified in the notice of the meeting given by or at the direction of our Board or by a stockholder entitled to vote and who complies with the notice procedures set forth in our bylaws. A stockholder making a nomination for election to our Board or a proposal of business for the 2016 Annual Meeting of Stockholders must deliver proper notice to us at least 90 days but not more than 120 days prior to the anniversary date of the 2015 Annual Meeting of Stockholders. In other words, for a stockholder nomination for election to our Board or a proposal of business to be considered at the 2016 Annual Meeting of Stockholders, it should be properly submitted to us no later than February 20, 2016 and no earlier than January 21, 2016.

For each individual that a stockholder proposes to nominate as a director, the stockholder's written notice to us must include the candidate's name, contact information, biographical information and qualifications. The request must also include the potential candidate's written consent to being named in our proxy statement as a nominee and to serving as a director if nominated and elected. From time to time, the Nominating Committee may request additional information from the nominee or the stockholder. For additional information about the notice requirements for director nominations, see our bylaws. For any other business that a stockholder desires to bring before an annual meeting, the stockholder notice must provide a brief description of such business, the reasons for conducting the business and any material interest in the business of the stockholder and any beneficial owner on whose behalf the stockholder has made the proposal. For additional information about the notice requirements for other stockholder business, see our bylaws.

Under Rule 14a-4(c) of the Exchange Act, our Board may exercise discretionary voting authority under proxies solicited by it with respect to any matter properly presented by a stockholder at the 2016 Annual Meeting of Stockholders that the stockholder does not seek to have included in our proxy statement if (except as described in the following sentence) the proxy statement discloses the nature of the matter and how our Board intends to exercise its discretion to vote on the matter, unless we are notified of the proposal on or before April 5, 2016, and the stockholder satisfies the other requirements of Rule 14a-4(c)(2). If we first receive notice of the matter after April 5, 2016, and the matter nonetheless is permitted to be presented at the 2016 Annual Meeting of Stockholders, our Board may exercise discretionary voting authority with respect to the matter without including any discussion of the matter in the proxy statement for the meeting. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with the requirements described above and other applicable requirements.

OTHER BUSINESS

Our Board knows of no matter other than those described herein that will be presented for consideration at the Annual Meeting. However, should any other matters properly come before the Meeting or any adjournments thereof, it is the intention of the person(s) named in the accompanying Proxy to vote in accordance with their best judgment in the interest of our company and our stockholders.
