FBI Fresh Burgers International
(A DEVELOPMENT STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS
FOR THE TEN MONTHS ENDED December 31, 2000

NOTE 1. DESCRIPTION OF THE BUSINESS

FBI was incorporated under the laws of the state of California on February 1, 2000, under the former name of "FirsTelevision. The purpose for which the Corporation is organized is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of the State of California including, without limitation, to develop a national chain of fast food restaurants.

FBI has been in the development stage since its formation on February 1, 2000. Planned principal operations have only recently commenced since then, but FBI has not generated any significant revenue.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

A. FBI uses the accrual method of accounting.

B. Revenues and expenses are recognized and recorded when food is provided.

C. FBI considers all short term, highly liquid investments that are readily convertible, within three months, to known amounts as cash equivalents. FBI currently has no cash equivalents.

D. Primary Earnings Per Share amounts are based on the weighted average number of shares outstanding at the dates of the financial statements. Fully Diluted Earnings Per Shares shall be shown on stock options and other convertible issues that may be exercised within ten years of the financial statement dates.

E. Estimates: The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates

Edgar Filing: FBI FRESH BURGERS INTERNATIONAL - Form 10-Q

and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE 3. INCOME TAXES. FBI has adopted the provisions of SFAS No. 109 "Accounting for Income Taxes". SFAS 109 requires recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the differences between the financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. FBI has incurred losses that can be carried forward to offset future earnings if conditions of the Internal Revenue codes are met.

There is no provision for income taxes for the ten months ended December 31, 2000, due to the net operating loss. FBI's total deferred tax assets as of December 31, 2000 are as follows:

7

Net operating loss carryforward		\$1,950
Valuation allowance		(1,950)

Net deferred tax asset		0

The net operating loss carry forward for federal tax purposes will expire in the year 2020.

FBI shares office space and telephone services of the Secretary of FBI at no charge.

NOTE 5. FISCAL YEAR END. FBI's fiscal year end is December 31st.

NOTE 6. RELATED PARTY TRANSACTIONS. FBI issued unregistered common stock to its President, in exchange for services as President, Secretary and Treasurer, and to non management consultants and employees in exchange for their services. The issuance of shares were recorded at their fair market value of par value. This is deemed appropriate, rather than recording the issuance of shares at the offering price, since FBI's shares have no current book value.

NOTE 7. STOCK ISSUED FOR SERVICES
