Item 8.01 Other Events

Vectren Corporation (the Company) announced on February 20, 2014, that Vectren Energy Delivery of Ohio, Inc. (VEDO), a wholly owned subsidiary of Vectren Utility Holdings, Inc. (VUHI), which is a wholly owned subsidiary of Vectren Corporation, received an order from the Public Utilities Commission of Ohio (PUCO) approving a Stipulation entered into by the PUCO staff and VEDO. On February 19, 2014, the PUCO approved the Stipulation which provided for the extension of a Distribution Replacement Rider (DRR) through 2017 and expanded the types of investment covered by the DRR to include recovery of other infrastructure investments. The Order approved VEDO's five-year capital expenditure plan for calendar years 2013 through 2017 totaling \$187 million related to these infrastructure investments, along with savings credits associated with reduced operations and maintenance expenses for each mile of aging infrastructure replaced. In addition, the Order approved VEDO's commitment that the DRR can only be further extended as part of a base rate case. The DRR was originally authorized in VEDO's 2009 base rate case and the primary purpose was recovery of investments in utility plant associated with replacing bare steel and cast iron (BS/CI) pipelines and certain other infrastructure.

In connection with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, the Company is hereby furnishing cautionary statements identifying important factors that could cause actual results of the Company and its subsidiaries, including Vectren Utility Holdings, Inc., to differ materially from those projected in forward-looking statements of the Company and its subsidiaries made by, or on behalf of, the Company and its subsidiaries. These cautionary statements are attached as Exhibit 99.1.
