Proxy Statement for 2005 Annual Meeting of Shareholders

Tuesday, May 17, 2005

SUMMARY OF PROPOSALS YOU ARE ASKED TO VOTE ON

This proxy statement summarizes the information you need to know to vote at the 2005 Annual Meeting of Shareholders (Annual Meeting). You do not need to attend the Annual Meeting to vote your shares. We first mailed the proxy statement and proxy card to shareholders on or about April 1, 2005.

Proposal 1 Election of Directors

The Board recommends Adelmo E. Archuleta, Julie A. Dobson and Charles E. McMahan for election to the Board of Directors (Board or Directors) of PNM Resources, Inc. at the Annual Meeting. Detailed information on these nominees is provided on page 5. Directors are elected for a three-year term. If a nominee becomes unavailable for election, proxy holders will vote for another nominee proposed by the Board.

The Board of Directors unanimously recommends a vote FOR each director nominee.

Proposal 2 - Approval of Independent Public Accountants

The Audit and Ethics Committee (Audit Committee) of the Board, which is composed entirely of independent non-employee directors, selects and hires the independent public accountant to audit the Company's books, subject to ratification by the Company's shareholders. The Audit Committee has selected Deloitte & Touche LLP to audit the Company's consolidated financial statements for the fiscal year beginning January 1, 2005.

Representatives of Deloitte & Touche LLP will attend the Annual Meeting, where they will have the opportunity to make statements and answer questions. If shareholders fail to ratify the appointment of Deloitte & Touche LLP, the Audit Committee would reconsider its selection.

The Board of Directors unanimously recommends a vote FOR the appointment of Deloitte & Touche LLP, as independent public accountants for fiscal year 2005.

Proposal 3 Approval of an Amendment to Restated Articles of Incorporation of PNM Resources, Inc.

The Board is asking shareholders to approve an amendment to the Restated Articles of Incorporation of PNM Resources (Articles) to authorize the granting of additional voting rights to holders of any series of preferred stock that is convertible into common stock, subject to a cap on the amount of preferred stock that may be outstanding at any one time with the additional new voting rights.

The Board of Directors unanimously recommends a vote FOR the Approval of an Amendment to the Restated Articles of Incorporation of PNM Resources, Inc.

Proposal 4 Approval of the Amended and Restated Omnibus Performance Equity Plan

The Board is asking shareholders to approve amending the current Omnibus Performance Equity Plan to permit non-employee Board members to participate, to increase the number of shares available for award by 4,500,000 shares to a total of 8,250,000 shares, to extend the term of the plan from the end of 2010 to 2015 and to make changes to the plan to facilitate compliance with Section 409A of the Internal Revenue Code of 1986, as amended (Code). The plan has been restated to incorporate these amendments.

The Board of Directors unanimously recommends a vote FOR the Approval of the Amended and Restated Omnibus Performance Equity Plan.

GOVERNANCE

The Board recognizes the importance of corporate governance to the proper management of the Company. Accordingly, the Board has organized the various governance policies adopted and practiced over the years into a consolidated Corporate Governance Principles document so that investors, employees, customers, regulators and the community may be aware of the policies followed by the Company. These principles have been approved by the full Board after analysis of policy considerations, and the Board has chosen those practices they believe to be in the best interests of its investors. Because the Board recognizes the on-going debate with regard to corporate governance practices, it has charged its Governance and Public Policy Committee with reviewing the principles at least annually (or more often if necessary) and to recommend any necessary changes to the Board.

The Corporate Governance Principles document is attached as Appendix A and can also be found on PNM Resources website at www.pnm.com/governance. The principles document sets forth key practices and addresses the following:

Responsibilities of the Board

Process for Director Nominations

Director Qualifications

Director Independence

CODE OF ETHICS

The Company has adopted a code of ethics, *Do the Right Thing-Principles of Business Conduct*, that applies to all directors, officers (including the principal executive officer, principal financial officer and principal accounting officer) and employees. *Do the Right Thing* is available in print to any shareholder who requests it by writing to the Ethics and Compliance Department, PNM Resources, Inc., Alvarado Square, MS-2804, Albuquerque New Mexico 87158. *Do the Right Thing* is also available on our website at www.pnm.com/governance. The Company will post amendments to or waivers from its code of ethics (to the extent applicable to the Company's executive officers and directors) at this location on its website.

Concerns relating to financial statement disclosures, accounting, internal accounting controls or auditing matters and other matters involving violations of law are handled in accordance with the complaint procedures adopted by the Audit Committee that are posted on our website at

www.pnm.com/governance. We have also established an anonymous/confidential hotline through which employees may report concerns about the Company's business practices.

ATTENDANCE AND VOTING MATTERS

Admission tickets will be distributed at the registration tables in the lobby of the National Hispanic Cultural Center, Bank of America Theatre, prior to the Annual Meeting. Attendance is limited to shareholders of record on March 28, 2005. If your shares are held in the name of your broker, bank, or other nominee, please bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares as of the record date.

For your convenience, we have established four easy methods for voting:

In Person: You can attend and cast your vote at the Annual Meeting.

By Telephone: For automated telephone voting, call **1-866-540-5760** (toll free)
(Please refer to the instructions on the enclosed proxy card.)

By Internet: Access <http://www.proxyvoting.com/pnm>
(Please refer to the instructions on the enclosed proxy card. NOTE: There is a different Internet address for shares held in the 401(k) plan. Access <http://www.proxyvoting.com/pnm-emp>) Shareholders voting through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be paid by the shareholder.

By Mail: Simply return your executed proxy card in the enclosed postage-paid envelope.

Your shares will be voted in the manner you indicate. In the absence of specific instructions, proxies will be voted by those named in the proxy FOR the election of directors nominated, FOR the approval of the selection of Deloitte & Touche LLP, as independent public accountants, FOR approval of an amendment to the Restated Articles of Incorporation of PNM Resources, Inc., and FOR approval of the Amended and Restated Omnibus Performance Equity Plan and on all other matters in accordance with their best judgment. You can revoke your proxy at any time before it is exercised and vote your shares in person if you attend the meeting.

Each share of PNM Resources common stock you own entitles you to one vote. As of March 28, 2005, there were 60,464,595 shares of PNM Resources common stock outstanding.

Quorum and Vote Necessary for Action - A quorum of shareholders is necessary to hold a valid meeting. If at least a majority of the PNM Resources common stock outstanding on the record date is represented at the Annual Meeting, in person or by proxy, a quorum will exist.

A quorum and the affirmative vote of the holders of a majority of the shares of PNM Resources common stock present, in person or by proxy, and entitled to vote at the Annual Meeting are required to elect directors, approve the appointment of independent public accountants and approve the Amended and Restated Omnibus Performance Equity Plan. Abstentions will have the effect of a vote against these matters while broker non-votes will not be counted in calculating voting results on these matters. Further, in order to satisfy the requirements of New Mexico law relating to director conflict of interest transactions, shares owned by or voted under the control of a non-employee director are not entitled to be counted in the vote concerning approval of the Amended and Restated Omnibus Performance Equity Plan.

A quorum and the affirmative vote of the holders of a majority of the shares of PNM Resources common stock entitled to vote at the Annual Meeting are required to amend the Restated Articles of Incorporation of PNM Resources. Abstentions and broker non-votes will have the effect of a vote against this matter.

Shares Held In Street Name - If your shares are registered in your name on the books and records of our transfer agent, you are a registered stockholder. If your shares are held for you in the name of your broker or bank, your shares are held in street name. If you do not return your proxy and your shares are held in street name, your brokerage firm may vote your shares on certain routine matters. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. The election of directors and the approval of the appointment of Deloitte & Touche LLP as independent public accountants for 2005 are considered routine matters for which brokerage firms may vote your shares without your proxy.

A broker non-vote occurs when a broker is not permitted under NYSE rules to vote on a matter without instructions from the beneficial owner of the shares and no instruction is given. Proposals 3 (approve an amendment to the Restated Articles of Incorporation of PNM Resources, Inc) and 4 (approve the Amended and Restated Omnibus Performance Equity Plan) are considered non-routine matters and so your shares cannot be voted on these matters without receipt of your voting instructions. We encourage you to provide instructions to your broker by giving your proxy. This ensures that your shares will be voted at the meeting.

Shares Held in the Retirement Savings Plan If you are a participant in the PNM Resources, Inc. Retirement Savings Plan (401(k) Plan), and shares of PNM Resources have been allocated to your account under the PNM Resources Stock Fund investment option of the 401(k) Plan, then you will receive a separate vote authorization form and supplemental materials on voting instructions for these shares from the Corporate Investment Committee.

Voting Registered Shares and Shares Held in 401(k) Plan and Employee Stock Purchase Plan (ESPP) Please use the enclosed proxy card to vote your registered shares, which includes shares purchased by employees through the ESPP prior to the record date. Thus, if you are a registered shareholder and have shares allocated to your 401(k) plan account, you will need to vote your registered shares with the proxy card and vote your 401(k) plan shares with the 401(k) plan vote authorization form.

Matters Raised at the Meeting not Included in this Proxy Statement The Board knows of no other business to be conducted at the Annual Meeting other than those discussed in this proxy statement. If any other matter is properly presented, the proxy committee will vote on the matter in accordance with its judgment. Shareholders attending the meeting will directly vote on those matters.

Mr. Sterba is considered an inside director because of his employment as the senior executive. In addition to determining that all of the non-employee directors of PNM Resources satisfy all of the specific independence criteria set forth in the NYSE listing standards, the Board determined that there were no direct or indirect relationships between PNM Resources and each non-employee director (other than service on the Board or a Board committee).

The Chairman of the Board presides at all meetings of the shareholders and of the Board. In circumstances where the independent directors meet without the Chairman, the Board selects a presiding director. A presiding director is selected each year. The director selected is responsible for facilitating and chairing the independent directors' meetings scheduled for that year. The independent directors meet at least twice a year without management present, and will meet more often as the need arises.

Shareholders and other interested parties wishing to communicate directly with the presiding director or with the non-management directors as a group may do so by writing to Presiding Director, c/o Corporate Secretary, PNM Resources, Inc., Alvarado Square, MS-2822, Albuquerque New Mexico 87158.

If the shareholder desires to communicate a concern directly with the Board without initial review by the Corporate Secretary, the concern should be submitted in writing, in a sealed envelope addressed to the Board, in care of the Corporate Secretary, with a notation indicating that it is to be opened only by the Board. The Corporate Secretary shall promptly forward the unopened envelope to the Board. From time to time, the Board may change the process for shareholder communications with the Board or its members. DIRECTOR COMPENSATION

Of PNM Resources current directors, only Mr. Sterba is a salaried employee and receives no compensation for serving on the Board. Directors who are not salaried employees of PNM Resources receive compensation for Board service. Under PNM Resources Director Retainer Plan, non-employee directors receive their annual retainer in the form of cash and stock options as determined by the Board. Since 2002, the following director compensation has been paid:

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

Annual Retainer: \$	25,000,	5,000 stock options
Attendance Fees: \$	1,000 750 600	per Board meeting for each Board Committee meeting for each teleconference meeting (less than one hour in duration; regular attendance fees for meetings over one hour in duration)
Committee Chairs: \$	300	per Board committee meeting (in addition to attendance fees)

The Director Retainer Plan will expire on July 1, 2005. Proposal 4 seeks to replace the Director Retainer Plan with the Amended and Restated Omnibus Performance Equity Plan (PEP) by permitting non-employee directors to be eligible for awards under the PEP. Upon approval of Proposal 4, director compensation will include the following stock options and restricted stock units issued under the PEP. In the event that Proposal 4 does not receive shareholder approval, the Board will reconsider the overall structure of the 2005 retainer as previously approved by the Board on February 15, 2005:

Annual Retainer:	\$	35,000, 1,050 stock options*, 1,050 restricted stock rights*
Annual Committee Chair Fee:	\$	4,000 (in addition to meeting attendance fees)
Attendance Fees:	\$	0 per Board meeting
	\$	1,250 per Board Committee meeting

*The options and restricted stock rights will vest in three equal annual installments beginning on the first anniversary of the grant. The exercise price of the stock option is equal to the fair market value of the common stock on the date of grant. Fair market value is determined by the closing price of the NYSE on the date of the grant.

Directors are also reimbursed for any Board-related expenses.

The GPPC is responsible for recommending Board compensation levels and stock ownership guidelines.

AUDIT AND ETHICS COMMITTEE REPORT

The following Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

The Committee. The Audit Committee of the Board of Directors consists of four non-employee, independent directors: Adelmo E. Archuleta, Robert G. Armstrong, Julie A. Dobson, and R. Martin Chavez. Ms. Dobson chaired the Audit Committee through 2004. Each member of the Audit Committee is an independent director as defined by the current NYSE listing standards. In addition, the Board has unanimously determined that all Audit Committee members are financially literate under current NYSE listing standards and that Ms. Dobson and Dr. Chavez, members of the Audit Committee, qualify as audit committee financial experts within the meaning of the SEC regulations. The Audit Committee's responsibilities are specifically noted below in the Audit Committee Charter section. No members of the Audit Committee received any compensation from the Company during the last fiscal year other than compensation for service on the Board or a Board committee.

Audit Committee Charter. The Audit Committee Charter, revised December 2003, in Appendix D to this proxy statement, sets forth the Audit Committee's principal accountabilities, including monitoring:

The integrity of the Company's financial statements, system of disclosure and internal controls regarding finance, accounting, legal, compliance and ethics that management and the Board have established;

Compliance with legal and regulatory requirements by the Company;

The independent accountant's qualifications and independence;

The performance of the Company's internal audit function and independent accountants; and

Approval of independent accountant services and fees for audit and non-audit services to be provided.

The Charter also may be found on the Company's website located at www.pnm.com/governance.

Audit Committee Report. The Audit Committee Report is included in this proxy statement to comply with Item 306 of the SEC Regulation S-K governing disclosures related to Audit Committee members and auditor services. The Audit Committee has prepared the following report for inclusion in this proxy statement. The Audit Committee met eight times during 2004. The Audit Committee schedules its meetings to ensure appropriate time is provided to complete the required tasks. The Audit Committee's meetings include, whenever appropriate, executive sessions with the Company's independent registered public accountants and with the Company's internal auditors, in each case without

the presence of the Company's management.

The Board, upon recommendation of the Audit Committee, engaged Deloitte & Touche LLP (Deloitte & Touche) to serve as independent public accountants for fiscal year 2004, subject to shareholder approval. No relationship exists between PNM Resources and Deloitte & Touche, other than the usual relationship between independent public accountant and client.

In 1992, the Board adopted an Independent Accountant Evaluation and Selection Policy (Policy). The Policy was adopted because the Board considers it desirable to periodically change independent accountants in a manner that maintains the appearance and reality of independence and to obtain new perspectives, but not so frequently as to be disruptive or hinder the development of company and operational in-depth knowledge. According to that Policy, each year the Audit Committee evaluates the quality and cost of services provided by the independent accountants. A major review is conducted every five years that includes a request for proposal unless extraordinary circumstances exist. After fifteen years of continued service, PNM Resources will consider changing independent accountants.

The Audit Committee has adopted a policy governing audit, audit-related and non-audit fees and services in compliance with the Sarbanes-Oxley Act. This policy requires pre-approval by the Audit

Committee of all services to be provided by the independent accountants and allows use of a budget pre-approved by the Audit Committee for identified services. This policy delegates to the Audit Committee chair authority to pre-approve services not covered by the budget between Audit Committee meetings with reports to be made at the following Audit Committee meeting. This policy also identifies services that the independent accountants are prohibited from performing, consistent with legal requirements. A copy of this policy is available at www.pnm.com/governance.

The Audit Committee has adopted a process to handle complaints in compliance with the Sarbanes-Oxley Act. This process includes procedures for the submission of complaints or concerns regarding financial statement disclosures, accounting, internal accounting controls or auditing matters and other matters involving violations of law. A copy of these procedures is available at www.pnm.com/governance.

Management is responsible for PNM Resources' internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of PNM Resources' consolidated financial statements in accordance with generally accepted auditing standards and to issue a report. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee continues to monitor the performance of the Company's internal auditing function, reviewing staffing levels and steps taken to implement recommended improvements in internal controls and procedures.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. The Audit Committee reviews and discusses with both management and the Company's independent accountant all consolidated annual and quarterly financial statements prior to their issuance. During 2004, management represented to the Audit Committee that all PNM Resources' consolidated financial statements presented to the Audit Committee were prepared in accordance with generally accepted accounting principles and fairly represent the Company's financial position. Management reviewed significant accounting and disclosure issues with the Audit Committee. The Audit Committee discussed with the independent accountants, matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees) including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The independent accountants also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee also discussed with the independent accountants the firm's independence, including a review of audit and non-audit fees.

Based on the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management, and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in PNM Resources' Annual Report on Form 10-K for the year ended December 31, 2004, filed with the SEC.

Respectfully Submitted,

Audit and Ethics Committee

Julie A. Dobson, Chair

Adelmo E. Archuleta

Robert G. Armstrong

*R. Martin Chavez served on the Audit Committee throughout 2004 and until his resignation from the Board on March 14, 2005.

INDEPENDENT AUDITOR FEES

Audit Fees for 2004

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

The following table represents aggregate fees billed to the Company for fiscal year ended December 31, 2004 and 2003 by Deloitte & Touche LLP, the Company's principal accounting firm.

	Fiscal Year Ended (in thousands)			
		2004		2003
Audit Fees	\$	1,554	\$	988
Audit-related Fees (a)	\$	181	\$	145
Tax Fees (b)	\$	2,006	\$	660
All Other Fees				
Total Fees (c)	\$	3,741	\$	1,793

(a) Primarily financial accounting and reporting consultations.

(b) Tax fees in 2004 represent a settlement of the 2000 engagement, a contingent fee arrangement related to tax planning opportunities and compliance issues, tax planning related to 2004 property tax issues and assistance in setting up procedures to comply with new reportable transactions regulations.

(c) All fees have been approved by the Audit Committee.

The Audit Committee reviewed and approved in advance all audit related and tax services and concluded that the provision of these services by Deloitte & Touche LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee preapproves all auditing services and all permitted non-audit services. The Audit Committee also determined that, beginning March 31, 2002, the auditor of PNM Resources' books and records would not be eligible to provide consulting services for PNM Resources without prior approval of the Audit Committee. Deloitte & Touche will not be allowed to provide any services prohibited by law. Prior year audit and audit-related fees have been reclassified to conform to current year presentation.

PROPOSAL 2: APPROVAL OF INDEPENDENT PUBLIC ACCOUNTANTS (PROPOSAL 2 ON YOUR PROXY CARD)

The Board of Directors is recommending that the shareholders approve the selection of Deloitte & Touche as independent public accountants for 2005.

The Audit Committee has performed its annual evaluation of the quality and cost of services provided by Deloitte & Touche and an assessment of auditor independence. The Committee reported to the Board complete satisfaction with the services provided by Deloitte & Touche and recommended that Deloitte & Touche be selected as independent public accountants for 2005. The Board agrees with the Audit Committee's recommendations, as described in the Audit Committee report contained in this proxy statement.

A representative of Deloitte & Touche will be available at the Annual Meeting to respond to questions and to make any statement the representative may desire.

The Board of Directors unanimously recommends a vote FOR the appointment of Deloitte & Touche LLP as independent public accountants for fiscal year 2005.

PROPOSAL 3: APPROVAL OF AN AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION OF PNM RESOURCES, INC. (PROPOSAL 3 ON YOUR PROXY CARD)

The Board of Directors is asking shareholders to approve an amendment to the Restated Articles of Incorporation of PNM Resources (Articles) to authorize the granting of additional voting rights to holders of any series of preferred stock that is convertible into common stock, subject to a cap on the amount of preferred stock that may be outstanding at any one time with the additional new voting rights.

Existing Voting Rights of Preferred Stockholders

PNM Resources is authorized to issue up to 10 million shares of preferred stock, no par value. No shares of preferred stock have been issued to date. Currently, the voting rights of holders of a series of preferred stock are limited to circumstances when the Company fails to pay dividends on the applicable series and when a proposed amendment to the Articles would have an adverse impact on the rights and privileges of the preferred stockholders. In contrast, holders of common stock are entitled to one vote per share of common stock on each matter submitted to a vote of holders of common stock at a meeting of shareholders.

Proposed New Voting Rights

The proposed amendment would permit the Board of Directors to confer the following additional voting rights (New Voting Rights) upon the holders of a series of preferred stock that is convertible into common stock (Convertible Preferred Stock):

- (a) vote as a single class with holders of common stock on all matters submitted to a vote of holders of common stock at a meeting of shareholders other than for the election of directors, with

- (b) the same number of votes as the number of shares of common stock into which their shares of Convertible Preferred Stock are convertible.

The proposed amendment provides, however, that the New Voting Rights may only be conferred to the extent that the aggregate amount of preferred stock outstanding with such voting rights is convertible to no more than twelve million shares of common stock (i.e., 10% of the authorized 120 million shares of common stock, of which there are 60,464,595 shares of common stock issued and outstanding, as of March 28, 2005). Thus, as an example, if there were four million shares of a series of Convertible Preferred Stock outstanding with the New Voting Rights that were convertible into twelve million shares of common stock, then no New Voting Rights could at that time be conferred on a new issuance of Convertible Preferred Stock.

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

The proposed New Voting Rights grant the holders of such Convertible Preferred Stock almost the same voting rights as holders of common stock before the convertible preferred stockholders exercise their conversion rights. Thus, the issuance of Convertible Preferred Stock with the New Voting Rights would dilute the voting power of the common stock. However, the voting rights being granted are within the amount currently authorized for the issuance of additional common stock. Thus, the dilution that would occur is not greater than the potential dilution that already exists if we were to issue additional common stock or if preferred stockholders with conversion rights converted to common stock. The main effect is that the dilution occurs before the preferred stockholders exercise their conversion rights.

In addition, the New Voting Rights are limited in another important way. The New Voting Rights do not include the right to vote on the election of directors.

Reasons for the Proposed Amendment

The proposed amendment relates primarily to the previously announced agreement to issue and sell \$100 million of equity-linked securities to Cascade Investments, L.L.C. (Cascade) in connection with the closing of our acquisition of TNP Enterprises, Inc. (TNPE). Cascade is currently a significant

shareholder of PNM Resources, owning more than 5% of our shares of common stock. (See table on page 12). As part of this transaction with Cascade, we are authorized to issue a series of our Convertible Preferred Stock, Series A (not to exceed 477,800 shares convertible into 4,778,000 shares of common stock), which will contain the New Voting Rights if the shareholders approve the proposed amendment to the Articles. Neither the TNPE acquisition nor the transaction with Cascade is contingent upon receipt of shareholder approval of the proposed New Voting Rights. The proposed New Voting Rights would allow Cascade to keep its ownership level of common stock of PNM Resources below 10%, which it may wish to do for regulatory reasons, while granting it the New Voting Rights as holder of this new series of convertible preferred stock. We have issued a press release describing the Cascade transaction and have filed the press release and the governing documents in Current Reports on Form 8-K filed on August 16, 2004 and August 19, 2004, respectively.

Recommendation of the Board

We believe that the adoption of the proposed amendment to the Articles is in the best interests of PNM Resources because it grants us additional flexibility to raise equity capital on favorable terms without unduly diluting the voting power of common stock. Accordingly, the Board of Directors recommends that the shareholders approve amending Paragraph C(7) of Article IV of the Company's Restated Articles of Amendment as follows (proposed changes are black lined):

C. Preferred Stock. The Board of Directors is authorized by resolution to provide from time to time for the issuance of shares of Preferred Stock in series and to fix, from time to time before issuance, the designation, preferences, privileges and voting powers of the shares of each series of Preferred Stock and its restrictions or qualifications, limited to the following:

* * *

(7) the voting rights, if any, for the shares of each series, limited to circumstances when:

(a) the Corporation fails to pay dividends on the applicable series; and

(b) a proposed amendment to these Articles would have an adverse impact on the rights and privileges of the preferred stockholders; and

(c) a series of Preferred Stock is convertible into Common Stock, in which case the Board of Directors may confer upon the holders of such Preferred Stock, voting as a single class with holders of Common Stock, the same number of votes to which the number of shares of Common Stock into which the shares of Preferred Stock are convertible are entitled on all matters submitted to a vote of holders of Common Stock at a meeting of shareholders other than for the election of directors; provided, however, that the Board may confer the voting rights described in this clause (c) only to the extent that the aggregate amount of Preferred Stock outstanding with such voting rights is convertible to no more than Twelve (12) Million shares of Common Stock.

A quorum and the affirmative vote of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting are required to approve the amendment to the Articles. Abstentions will have the effect of a vote against this matter while broker non-votes will not be

counted in calculating voting results on this matter.

The Board of Directors recommends a vote FOR this proposal to amend the Restated Articles of Incorporation of PNM Resources, Inc.

PROPOSAL 4: APPROVAL OF AMENDED AND RESTATED OMNIBUS PERFORMANCE EQUITY PLAN (PEP)
(PROPOSAL 4 ON YOUR PROXY CARD)

The PNM Resources, Inc. Board of Directors previously adopted and the Company's shareholders approved the PNM Resources, Inc. Omnibus Performance Equity Plan (Original Plan). The Company also sponsors the PNM Resources, Inc. Director Retainer Plan (Director Plan), which provides an opportunity for nonemployee Board members to receive PNM Resources stock. The Director Plan is scheduled to expire in 2005 and grants may no longer be made to directors under the Director Plan. Although the Board considered adopting a new equity based compensation plan covering Board members, it decided that amending the Original Plan to include Board members was the better alternative.

On December 7, 2004, the Board adopted the PNM Resources, Inc. Amended and Restated Omnibus Performance Equity Plan (PEP), subject to shareholder approval. The PEP amends the Original Plan:

to increase the number of shares authorized for Awards under the PEP by 4,500,000 shares from 3,750,000 (adjusted for the 3 for 2 stock split effective June 11, 2004) to 8,250,000;

to permit nonemployee Board members to participate in the PEP;

to extend the term of the plan from December 2010 until December 31, 2015; and

to make changes to facilitate compliance with Section 409A of the Internal Revenue Code of 1986, as amended. Accordingly, certain key employees may be granted Non-Qualified Stock Options, Incentive Stock Options, Restricted Stock Rights, Performance Shares, Performance Units and Stock Appreciation Rights under the PEP as described below. In addition, nonemployee Board members may be granted Non-Qualified Stock Options, Restricted Stock Rights, Performance Shares, Performance Units and Stock Appreciation Rights under the Plan as described below. We currently anticipate that nonemployee Board members will receive Restricted Stock Rights and Non-Qualified Stock Options.

While it puts more pay at risk, ownership of stock assists in the attraction and retention of eligible employees and nonemployee Board members and provides them with additional incentives to devote their best efforts to pursue and sustain PNM Resources' financial success as well as to perform in the best interest of shareholders, customers and employees.

Summary of Plan Features

General. The PEP contemplates that from time to time, grants of stock-related awards of four general types will be made to selected eligible employees and nonemployee Board members: (1) options to purchase shares of PNM Resources common stock (Options); (2) rights to receive, upon exercise, the appreciation of the fair market value of shares of PNM Resources common stock (Stock Appreciation Rights or SARs); (3) outright grants of shares of PNM Resources common stock, subject to transfer restrictions and risk of forfeiture for a specified restriction period (Restricted Stock Rights); and (4) rights to receive (a) shares of PNM Resources common stock (Performance Shares) or (b) a specified dollar amount or, in lieu of all or any portion of such amount, shares of PNM common stock having the same fair market value (Performance Units), both conditional upon the attainment during a specified performance period of specified performance measures. Options meeting the requirements of Section 422 of the Code and intended to be afforded the federal income tax treatment of Section 422 options (Incentive Stock Options), as well as other Options (Nonqualified Stock Options or NQSOs), may be awarded to employees under the PEP. NQSOs may be awarded to nonemployee Board members.

SARs granted under the PEP may be awarded either in tandem with Options (Tandem SARs) or standing alone (Freestanding SARs).

The full text of the PEP is attached to this proxy statement/prospectus as Appendix C. Changes from the Original Plan are summarized below. The discussion which follows provides additional information concerning the PEP features highlighted above, as well as certain other noteworthy features. Since such discussion necessarily is in the nature of a summary and does not cover all aspects of the PEP, shareholders should review Appendix C in its entirety as they consider whether to approve the PEP.

Shares Available for Award. The total number of shares of common stock subject to awards under the PEP may not exceed eight million two hundred fifty thousand (8,250,000), subject to adjustment upon the occurrence of any of the events specified in the PEP. PNM Resources has made a commitment to the Company's shareholders that no more than an average of 2% of PNM Resources' total outstanding shares, before any cancellations and forfeitures, will be awarded under the PEP for the next three fiscal years (2005, 2006 and 2007). For purposes of the average calculation (i) each option or SAR is considered one share and (ii) each award other than stock options or SAR is considered 4 shares. The shares of PNM Resources common stock to be delivered under the PEP may consist, in whole or in part, of authorized, but unissued, shares of PNM Resources common stock or shares purchased on the open market or, if it becomes allowable under New Mexico law, treasury stock not reserved for any other purpose. Subject to the express provisions of the PEP, if any award granted under the PEP terminates, expires, lapses for any reason, or is paid in cash, any common stock subject to or surrendered for such award will again be common stock available for the grant of an award. However, PNM Resources does not use liberal share counting. That is, shares derived from the following are not added back to the plan reserve: (i) tendered shares in payment of an option, (ii) withheld shares for taxes, (iii) shares that are repurchased by the Company using the options proceeds, and (iv) Stock Appreciation Rights settled in cash or stock where shares not needed to settle the award remain in reserve. With respect to awards made to insiders under Section 16 of the Exchange Act, shares of such stock may be reused to the maximum extent permitted under Section 16 of the Exchange Act. In addition, no participant may be granted an award for more than 500,000 shares of PNM Resources stock during any fiscal year.

Administration and Eligibility. The PEP will be administered by the Compensation and Human Resources Committee of the Board (Committee) or other such committee as designated by the Board. The membership of such committee shall not contain less than two (2) members of the Board and all Committee members must be non-employee directors. The Committee, by majority action thereof, is authorized to interpret the PEP, to prescribe, amend, and rescind rules and regulations relating to the PEP, to provide for conditions and assurances deemed necessary or advisable to protect the interests of PNM Resources, and to make all other determinations necessary or advisable for the administration of the PEP.

The Committee shall have the authority, in its sole discretion, to determine the types of awards, the times when awards will be granted, the number of awards, the purchase price or exercise price, the period(s) during which the awards shall be exercisable (whether in whole or in part), the restrictions applicable to such awards, and other terms and provisions (which need not be identical). The Committee will have the authority to modify existing awards, subject to specified provisions of the PEP. Awards may be made only to those individuals who are (i) employees of PNM Resources or a subsidiary that has adopted the PEP on the grant date of the award, or (ii) nonemployee Board members who are Board members on the grant date of the award.

Grant of Options. Subject to the provisions of the PEP, Options may be granted to participants at any time and from time to time as determined by the Committee. The Committee will have complete discretion in determining the number of Options granted as well as the type, size, and other terms and conditions of each granted award, subject to

the restrictions and limitations set forth in the PEP, including the requirement that the exercise price must be not less than fair market value as of the grant date. The Committee may make grants to employees under any or a combination of all of the various categories of awards that are authorized under the PEP. No Option may be exercised more than ten years from the date of grant. Upon exercise of any Option, payment must be made in full and may be either (1) in cash, (2) in stock valued at its fair market value on the date of exercise, or (3) by a combination thereof as determined by the Committee. The participant shall have none of the rights of a shareholder with respect to Options until the record date of the stock purchase.

Restricted Stock Rights. A grant of Restricted Stock Rights involves the grant of a right to acquire PNM Resources common stock in the future at no monetary cost to the participant. Shares of PNM Resources common stock are not issued until specified restrictions lapse, typically the achievement of specified performance targets or the continued employment of the participant until a specified date. Voting rights, dividend equivalents and other distributions, form and timing of payments are specified in the PEP.

Performance Shares and Performance Units. These award vehicles provide shares of PNM Resources common stock as rewards for achieving specific, long-term performance targets. Each Performance Share and each Performance Unit will have a value determined by the Committee at the time of grant. The Committee will also set forth performance goals it deems appropriate. For Performance Shares, a payment will be made in PNM Resources common stock. For Performance Units, payment will be made in cash, PNM Resources common stock or a combination thereof as determined by the Committee.

Stock Appreciation Rights. This award vehicle provides a payment equal to the appreciation in market value of the PNM Resources common stock and may be granted to participants at any time and from time to time as shall be determined by the Committee. SARs may be granted in connection with the grant of an Option, in which case the exercise of SARs will result in the surrender of the right to purchase the shares under the Option as to which the SARs were exercised. Alternatively, SARs may be granted independently of Options. Payment for SARs shall be made in PNM Resources stock and shall be exercisable at the time and be subject to such restrictions and conditions as the Committee approves.

Restrictions. The Committee may impose restrictions on any awards under the PEP as it may deem advisable, including restrictions under applicable federal securities law, under the requirements of any stock exchange upon which the PNM Resources common stock is then listed and under any blue sky or state securities law applicable to the awards.

Termination of Employment or Service. Dispositions of Awards when termination of employment or service occurs due to death, disability, retirement, or change in control are specified in the PEP.

Non-Transferability. The Committee may, in its sole discretion, determine the right of a participant to transfer any award granted under the PEP. Unless otherwise determined by the Committee, no award granted under the PEP may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act of 1974, as amended, or the regulations thereunder, or, if applicable, until the termination of any restricted or performance period as determined by the Committee.

Amendment, Modification and Termination of PEP. The PNM Resources, Inc. Board of Directors has discretion to terminate, amend or modify the PEP. Any such action of the PNM Resources, Inc. Board of Directors is subject to the approval of the PNM Resources, Inc. shareholders to the extent required by law or the rules of any exchange on which PNM stock is listed. To the extent permitted, the PNM Resources, Inc. Board of Directors may delegate to the Committee or the President the authority to approve non-substantive amendments to the PEP. PNM Resources will not reprice, or cancel and regrant stock options at a lower exercise price under any circumstances.

Tax Withholding. PNM Resources and its affiliates will have the power to withhold, or require a participant to remit to PNM Resources, an amount sufficient to satisfy federal, state, and local withholding tax requirements on any award under the PEP. To the extent that alternative methods of withholding are available under applicable laws, PNM Resources and its affiliates will have the power to choose among such methods.

Federal Income Tax Consequences of PEP

The following is a brief summary of certain of the Federal income tax consequences of certain transactions under the PEP based on Federal income tax laws in effect on January 1, 2005. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

Nonqualified Stock Options (NQSOS). In general: (i) no income will be recognized by an optionee at the time an NQSO is granted; (ii) at the time of exercise of an NQSO, ordinary income (subject to income tax withholding) will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares if they are nonrestricted on the date of exercise (see **Restricted Stock Rights** below for the tax consequences of receiving restricted shares on date of exercise); and (iii) at the time of sale of shares acquired pursuant to the exercise of an NQSO, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held after exercise and prior to sale.

Incentive Stock Options. No income generally will be recognized by an employee optionee upon the grant or exercise of an Incentive Stock Option. The spread on an Incentive Stock Option at the time of exercise is, however, an item of tax preference that may result in the imposition of the alternative minimum tax. If common shares are issued to an optionee pursuant to the exercise of an Incentive Stock Option and the optionee holds the shares before selling them for at least two years after the date of grant and one year after exercise, then upon the sale of the shares any amount realized in excess of the option price will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss.

If shares acquired upon the exercise of an Incentive Stock Option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares in a sale or exchange) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Stock Appreciation Rights. No income will be recognized by a holder in connection with the grant of a Tandem SAR or a Freestanding SAR. When the SAR is exercised, the recipient normally will be required to include as taxable ordinary income (subject to income tax withholding) in the year of exercise an amount equal to the fair market value of any nonrestricted shares of PNM Resources stock received on the exercise.

Restricted Stock Rights. A recipient of Restricted Stock Rights generally will be subject to tax at ordinary income rates on the fair market value of the shares of Restricted Stock received (reduced by any amount paid by the recipient for such shares), which fair market value shall be determined at such time as the shares are no longer subject to a risk of forfeiture for purposes of Section 83 of the Code.

Performance Shares and Performance Units. No income generally will be recognized upon the grant of Performance Shares or Performance Units. Upon payment in respect of the earn-out of Performance Shares or Performance Units, the recipient generally will be required to include as taxable ordinary income (subject to income tax withholding) in the year of receipt an amount equal to the amount of cash received and the fair market value of any nonrestricted shares of PNM Resources stock received.

Special Rules Applicable to Officers. In limited circumstances where the sale of stock that is received as the result of a grant of an award could subject an officer to suit under Section 16(b) of the Exchange Act, the tax consequences to the officer may differ from the tax consequences described above. In these circumstances, unless a special election has been made, the principal difference usually will be to postpone valuation and taxation of the stock received so long as the sale of the stock received

could subject the officer or director to suit under Section 16(b) of the Exchange Act, but not longer than six months.

Tax Consequences to PNM Resources or its Subsidiaries. To the extent that an employee recognizes ordinary income in the circumstances described above, PNM Resources or the subsidiary for which the employee performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an excess parachute payment within the meaning of Section 280G of the Code and is not subject to the \$1 million deduction limit for certain executive compensation under Section 162(m) of the Code.

Section 409A of the Code. Congress recently enacted Section 409A of the Code, which dramatically changes the tax rules for deferred compensation arrangements. Among other things, Section 409A expands the definition of deferred compensation arrangements to include, for example, below market option grants, certain SARs and Restricted Stock Units. Upon a violation of the rules under Section 409A, a participant must include in ordinary income all amounts considered deferred compensation, pay interest from the date of the deferral and pay an additional 20% tax. Because of the current lack of guidance from the Treasury Department it is not entirely clear how this new law will be applied to the various grants available under the PEP. As a result, PNM Resources is in the process of determining the impact of Section 409A on Awards granted under the PEP. PNM Resources, however, intends that Awards granted under the PEP will comply with the requirements of Section 409A and intends to administer and interpret the PEP in such a manner.

Your Board of Directors recommends a vote FOR this proposal to approve the PNM Resources, Inc. Amended and Restated Omnibus Performance Equity Plan.

HUMAN RESOURCES AND COMPENSATION COMMITTEE REPORT

The following Human Resources and Compensation Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

The Human Resources and Compensation Committee (the Committee) establishes compensation guidelines and targets based upon the performance of PNM Resources, its subsidiaries and business units, and individual executive officers. The Committee consists of four independent directors. The Committee's goal is to establish a compensation program that:

links the interests of management and shareholders;

aligns executive compensation with long-term PNM Resources performance; and

attracts and retains executives of high caliber and ability.

PNM Resources recently analyzed its compensation programs using competitive market data specific to the utilities and energy industry. The study consisted of a review of base salary, short-term incentives, long-term incentives, and total direct compensation. This study contributed to the determination of compensation as described below.

Base Salaries

Executive Officers. Each year, the Committee reviews base salaries of individual executive officers and their salary ranges. In 2004, base salaries were conservatively tied to the median base salaries of executives in comparable positions within the utilities and energy industry.

Chief Executive Officer. On April 10, 2004, Mr. Sterba's salary was increased by \$50,000 to \$690,000 based on the Committee's evaluation of his performance in the prior year.

Short-Term Incentive Compensation

Executive Officers and Chief Executive Officer. In 2004, executive officers, including Mr. Sterba, participated in a short-term incentive plan that included at risk cash compensation elements. The plan is designed to pay up to 20 percent of the maximum award opportunity on the achievement of individual, business unit, and company-wide goals. The balance of the award is based on corporate earnings per share (EPS). The EPS targets for the plan are approved by the Board on an annual basis. Awards for 2004 performance were paid in March 2005.

Long-Term Incentive Compensation

Executive Officers and Chief Executive Officer. Under the Omnibus Performance Equity Plan (PEP), the Company has considerable flexibility to structure compensation incentives for officers and employees by rewarding long-term growth and profitability incentives in the evolving competitive environment. The PEP allows for non-qualified stock options, incentive stock options, restricted stock rights, performance shares, performance units, and stock appreciation rights. The Committee believes that stock ownership provides additional incentives for eligible employees to devote their best efforts to the Company's financial success as well as to perform in the best interests of shareholders, customers, and employees.

Under the PEP, non-qualified stock options are granted to all executive officers on an annual basis. The PEP provides that the Committee, in its sole and absolute discretion, will declare the level of options to be granted.

Performance shares also may be awarded to all executive officers, including Mr. Sterba, through the Long-Term Performance Share Program, which is designed to provide added structure to grants made pursuant to the PEP. The Long-Term Performance Share Program includes at risk awards based on relative performance of Company Total Shareholder Return (TSR) compared to the Philadelphia Utility Index. The awards for 2004 Company performance were approved and awarded in February 2005. In 2004, the PNM Resources' TSR outperformed the Philadelphia Utility Index by 21.0 percentage points.

Ongoing Committee Activities in 2004

In 2004, the Committee implemented a new approach to long-term incentive compensation for Company officers. Under the new approach, grants made to officers will fall under three award components: stock options, restricted stock rights (each awarded under the PEP), and Long-Term Performance Cash (awarded outside of the PEP). The award of Long-Term Performance Shares was eliminated. However, there are trailing awards with potential payouts through 2007.

The Long-Term Performance Share and Long-Term Performance Cash components link a portion of the officer's potential total compensation to the TSR of the Company. Officers may receive cash or performance share awards for three-year performance periods (or partial awards in the

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

first two years of the program). These awards are based on attaining a TSR that outperforms the S&P Midcap 400 Utility Index over the performance period. A target is established for each officer, and the officer can realize zero percent to 200 percent of the target depending on the TSR performance.

The new long-term incentive approach continues to deliver competitive levels of incentive compensation, but with less dilutive impact and more retention power than the previous long-term incentive award structure.

The Committee will continue to review, monitor and evaluate PNM Resources' executive compensation programs both in the aggregate and in their component parts to assure that they effectively support Company strategy and achieve the Committee's goals.

Certain Tax Matters

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), generally prohibits publicly held companies, such as PNM Resources, from deducting, for federal income tax purposes, annual compensation in excess of \$1 million paid to any of certain key executives, except to the extent compensation is based upon the attainment of performance goals set by the Committee pursuant to plans approved by the shareholders. To the extent possible, the Committee intends to structure the compensation of executive officers in a manner to permit the compensation paid to these individuals to be allowed as a deduction for federal income tax purposes. The Committee, however, may choose to provide compensation that is not deductible in order to incentivize, retain or to secure the services of key executives when it determines that it is in the best interests of the Company to do so.

Respectfully Submitted,

Human Resources and Compensation Committee

Participants may earn a minimum of 0% percent to a maximum of 200% of the target award based on the Company's TSR performance over a three-year period relative to the Philadelphia Utility Index. The dollar value of the 2004 performance share awards is reflected in the "LTIP Payouts" column of the Summary Compensation Table.

RETIREMENT PLANS AND RELATED MATTERS

Employees Retirement Plan

PNM Resources sponsors the Employees Retirement Plan (the ERP), a noncontributory defined benefit pension plan. Effective January 1, 1998, the ERP was closed to new participants. Prior to January 1, 1998, employees who had at least one year of service and who had attained the age of 21 years were eligible to become participants.

Benefits under the ERP are based on the participant's service and compensation. Under the ERP, a participant's Credited Service is used for purposes of determining the amount of the participant's benefit. The ERP was amended as of January 1, 1998, to limit a participant's Credited Service to the Credited Service earned as of December 31, 1997, plus a limited amount of future service. The amount of Credited Service earned after December 31, 1997, is based on the participant's age and years of Credited Service as of December 31, 1997. Participants in the ERP continue to accrue Total Service, which is the service measure used for purposes of determining a participant's vesting and eligibility for early and other retirement benefits. A participant's compensation used for ERP benefit calculations was frozen as of December 31, 1997.

No contributions to the plan were made in 2004. The contribution amount is actuarially determined based upon the number of ERP participants, the participants' ages, compensation, and service. The amount of any contribution with respect to any one person cannot be determined.

Supplemental Employee Retirement Agreements

Messrs. Ortiz and Sterba have entered into supplemental employee retirement agreements (SERPs) with PNM Resources. In 2005, PNM Resources anticipates that the SERPs may need to be amended to comply with the American Jobs Creation Act.

Agreement with Mr. Sterba

Mr. Sterba's SERP provides him with a supplemental retirement benefit calculated, generally, using the ERP benefit formula, but disregarding certain limitations imposed by the Tax Code on the amount of compensation that may be considered in calculating an ERP benefit and the maximum benefit that may be provided by the ERP. The benefit under the SERP is reduced by the benefit actually due under the ERP. For purposes of determining his benefit under the SERP, the SERP provides Mr. Sterba will be treated as having 30 years of Credited Service since he remained employed until February 28, 2005. Mr. Sterba's SERP also provides for payment of enhanced severance benefits in lieu of the severance benefits otherwise payable under the Non-union Severance Plan. The Non-union Severance Pay Plan is discussed on page 32.

Agreement with Mr. Ortiz

Mr. Ortiz's SERP provides him with a supplemental retirement benefit calculated, generally, using the ERP benefit formula, but disregarding certain limitations imposed by the Tax Code on the amount of compensation that may be considered in calculating an ERP benefit and the maximum benefit that may be provided by the ERP. The benefit under the SERP is reduced by the benefit actually due under the ERP. For purposes of determining his benefit under the SERP, the SERP provides that Mr. Ortiz has 10 years of Credited Service as of January 1, 2000 and earns 2 years of Credited Service for each year of continuous employment for the years 2000 through 2009. Accordingly, if Mr. Ortiz remains employed by the Company through December 31, 2009, he will have 30 years of Credited Service. If Mr. Ortiz is terminated for cause, he will receive no additional service credit for purposes of the SERP. However, if Mr. Ortiz is terminated by the Company for any other reason, is constructively terminated or his termination is as a result of a change in control, his SERP provides for payment of an enhanced supplemental retirement benefit in lieu of the supplemental retirement benefit otherwise payable under the Officer Retention Plan. Mr. Ortiz's SERP also provides for payment of enhanced severance benefits in lieu of the severance benefits otherwise payable under the Non-union Severance Plan. The Non-union Severance Pay Plan is discussed on page 32 and the Officer Retention Plan is discussed on page 32.

Retirement Tables

The following table shows the annual benefits that would be provided under the ERP and (in the cases of Messrs. Sterba and Ortiz) the SERPs to participants who retire at the indicated compensation and Credited Service levels and who elect to receive benefits, calculated on a straight-life annuity basis (i.e., payable over the participant's life). Benefits shown are maximum annual benefits payable at age 65 to participants who retire at age 65. The amounts shown in the table are not subject to any deduction for Social Security benefits or other offset amounts.

- (a) Compensation consists of base salary and includes any amount voluntarily deferred under the Retirement Savings Plan and the Executive Savings Plan and Executive Savings Plan II. Generally, compensation for these purposes does not include bonuses, payments for accrued vacation, or overtime pay.
- (b) Except as noted above in the explanation of the supplemental employee retirement agreements, service begins accumulating from the date of hire and vesting occurs after five years of Total Service.
- (c) The maximum number of years generally taken into account for purposes of calculating benefits is 32½. Under limited circumstances, an employee working beyond age 62 could earn an additional 3% retirement benefit.

The following table shows the average salary and the years of Credited Service and years of Total Service under the ERP and under the SERPs for the named executive officers as of December 31, 2004.

(a) The table is as of December 31, 2004. As of February 28, 2005, Mr. Sterba was credited with 30 years of Credited Service under his SERP.

(b) J. R. Loyack, the Company's Senior Vice President and Chief Financial Officer, and A. Cobb, the Company's Senior Vice President, People Services and Development are not eligible under the ERP and do not participate in a SERP and are therefore omitted from this table.

401(k) Plan

The Company also sponsors the Retirement Savings Plan (formerly known as the Master Employee Savings Plan and Trust) (the 401(k) Plan), a defined contribution retirement plan. Contributions to the 401(k) Plan are made by both participants and sponsoring employers, including PNM Resources. The employers' contributions to the 401(k) Plan consist of an across-the-board contribution for all eligible employees and a matching contribution. The across-the-board contribution for 2004 ranged from three percent to ten percent of eligible compensation, depending upon the participant's age. The matching contribution for 2004 was equal to 75 percent of the first six percent of eligible compensation contributed by the employee to the 401(k) Plan on a pre-tax basis.

Executive Savings Plans

The Tax Code imposes a limitation on the amount of compensation that can be considered when determining the amount of the across-the-board and matching contributions to the 401(k) Plan. The Tax Code also limits the maximum amount that can be contributed by any participant and the maximum amount of participant contributions, employer contributions and other amounts that can be allocated to any participant's account. In June 1998, the PNM Board of Directors adopted the Executive Savings Plan (the ESP). The ESP is a non-qualified plan that provides the current executive officers and certain other executives with an opportunity to supplement his or her retirement savings and to receive the full employer contributions that would be available in the absence of these limitations. PNM Resources assumed sponsorship of the ESP in 2002. Effective January 1, 2004, the ESP was amended and restated to make a number of administrative changes and to permit the sponsoring employers to make additional contributions in their discretion.

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

In response to the American Jobs Creation Act, the Company adopted the Executive Savings Plan II (ESP II), effective December 15, 2004. In addition to the contributions described above, the ESP II now provides for a supplemental employer contribution in an amount intended to provide the participant with a competitive level of retirement income (expressed as a percentage of pre-retirement income) at age 65. The supplemental employer contributions described in this paragraph vest on a two year cliff vesting schedule.

Nineteen officers were eligible were eligible to participate in the ESP and fifteen officers were eligible to participate in the ESP II in 2004.

Grantor Trust

PNM and the Company each have established irrevocable grantor trusts to assist them in meeting their obligations under the SERPs and certain other benefit programs. PNM Resources may, but is not obligated to, make contributions to the trusts, which were established with an independent trustee. Since 1989, \$12.7 million has been contributed to the trusts. The ESP and the SERP benefits are required to be funded through the trusts as a condition to the closing of a transaction that constitutes a change in control. This arrangement may be modified in 2005, since funding upon a change in control may lead to adverse tax consequences for plan participants.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

Officer Retention Plan

Effective July 14, 2003, the PNM Resources, Inc. Executive Retention Plan was amended, restated and renamed the PNM Resources, Inc. Officer Retention Plan (the "Retention Plan"). The Retention Plan covers the current officers of sponsoring employers, including PNM Resources. The Retention Plan provides special severance benefits should an officer be terminated as a result of a change in control (as defined in the Retention Plan). Benefits are only payable if the officer is not immediately re-employed by the successor company and if the termination is (a) for reasons other than cause, death or disability or (b) by the officer due to constructive termination. In addition, the officer must sign a release agreement to receive benefits. The benefits include: (i) lump sum severance benefits (equal to 3.0 times current base compensation for the Chief Executive Officer, Executive Vice Presidents and Senior Vice Presidents); (ii) reimbursement of reasonable legal fees and expenses incurred as a result of termination of employment; (iii) certain insurance benefits that are substantially similar to those received by the officer immediately prior to termination of employment; (iv) supplemental retirement benefits; and (v) certain other amounts. If an officer receives any payment due to a change in control that is subject to the excise tax provided in Section 4999 of the Tax Code, then the officer will be reimbursed in an amount equal to that which places the officer in the same after-tax position as if no excise tax had been imposed. In 2005, PNM Resources anticipates that the Retention Plan may need to be amended to comply with the American Jobs Creation Act.

Retention Agreement with Mr. Sterba

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

In 2003, the Company entered into a Retention Agreement with Mr. Sterba. This Retention Agreement provides Mr. Sterba with a bonus if he continuously works for the Company as Chief Executive Officer through the end of the calendar year 2010, or upon his death or disability, if earlier. The amount of the bonus is equal to \$1.6 million plus amounts forfeited pursuant to the ESP and ESP II (if any). Generally, if Mr. Sterba terminates his employment or if he is terminated for cause prior to any of these events, he will not receive the bonus. However, if Mr. Sterba's employment is terminated without cause or if he is constructively terminated, he is eligible to receive the bonus. The bonus will be paid in two equal installments. The first installment will be paid at the end of the calendar year 2010, and the second installment will be paid one year thereafter.

Non-Union Severance Pay Plan

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

PNM Resources has a Non-Union Severance Pay Plan that covers non-union employees, including the current executive officers, who are terminated. Effective January 1, 2004, this program was segregated from the PNM Resources, Inc. Benefits My Way Plan and was adopted as a stand-alone plan known as the PNM Resources, Inc. Non-Union Severance Pay Plan. Members of the Senior Management Group (the current executive officers are members of the Senior Management Group) are eligible, upon signing a release agreement, for a lump sum payment equal to fourteen months of base salary plus one additional week of base salary for each year of service. Members of the Senior Management Group are also eligible to receive reimbursement for placement assistance expenses (up to five percent of base salary), continuation of certain insurance coverages, and health care benefits for up to 12 months. Severance benefits may not exceed the equivalent of twice the participant's annual compensation. If an individual is to receive benefits under the Retention Plan, severance benefits are not

available under the Non-Union Severance Pay Plan. In 2005, PNM Resources anticipates that the Non-Union Severance Pay Plan may need to be amended to comply with the American Jobs Creation Act.

Officer Life Insurance Plan

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

Effective January 1, 2004, the PNM Resources, Inc. Officer Life Insurance Plan (the Life Insurance Plan) was adopted. The Life Insurance Plan covers the officers of sponsoring employers, including PNM Resources. The sponsoring employers pay the premiums on the underlying policies and own the policies. The officers have no rights to any cash value in any policy.

Other Plans

Certain other plans sponsored by PNM Resources in which the named executive officers participate contain provisions that are triggered by a change in control. These include, for example, the PSP, under which immediate vesting of stock options occurs upon a change in control, and the PEP, which provides for immediate vesting upon eligible termination due to a change in control. The terms of the change in control provisions are similar among the plans but do have some variations.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires PNM Resources' executive officers and Directors to file certain reports of ownership and changes in ownership with the SEC within two business days of a transaction. We recently discovered that a Form 4 filed on November 23, 2004 for Mr. Sategna inadvertently omitted to report the related sale of 720 shares that occurred one day later as it was arranged separately by the custodian of the Employee Stock Purchase Plan. A corrected filing was made when the omission was discovered on March 3, 2005. Other than this oversight and based on our records, we believe all executive officers and Directors met all applicable filing requirements.

Annual Report and Other Matters

PNM Resources Summary Annual Report, including condensed consolidated financial statements, along with a copy of the 2004 Annual Report on Form 10-K, was mailed to shareholders beginning on April 1, 2005. **Copies of the 2004 Annual Report on Form 10-K are available without charge upon written request to Lisa Rister, Executive Director, Investor Relations and Corporate Planning, Alvarado Square, Mail Stop Z250, Albuquerque, New Mexico 87158, or electronically at InvestorRelations@pnm.com.** You may also obtain our SEC filings through the Internet at www.pnm.com or www.sec.gov.

CORPORATE GOVERNANCE PRINCIPLES

Adopted: October 7, 2003/Amended: December 7, 2004

INTRODUCTION

The Board of Directors of PNM Resources, Inc. (PNM Resources or the Company) recognizes the importance of corporate governance to the proper management of the Company and has organized the various governance policies adopted and practiced over the years into this consolidated Corporate Governance Principles document so that investors, employees, customers, regulators and the community may be aware of the policies followed by the Company. The Board has taken advantage of the opportunity to create this document to revisit its policies and modify or adapt them to the dynamic corporate governance environment globally. These principles have been approved by the full Board after analysis of the policy considerations for the principles and have chosen those practices which the Board believes to be in the best interests of its investors, even if those practices may not be identical to current notions of best practices or to certain commonly accepted practices. Because the Board recognizes the on-going debate with regard to corporate governance practices, it has charged its Governance and Public Policy Committee (GPPC) with reviewing the principles at least annually (or more often if necessary) and to recommend any necessary changes to the Board.

I. BOARD OF DIRECTORS: GENERAL

A. Responsibilities

The primary responsibility of the Board is to oversee the management of the Company to optimize its long-term value for its shareholders. The management of the Company is conducted on a daily basis under the direction of the Chief Executive Officer (CEO) selected by the Board. The Board and management agree that shareholder value is optimized by operating the Company in an ethical and forthright manner and responsibly addressing the concerns of its various constituencies, including employees, customers, government officials, suppliers, the communities it serves and the public at large. Board members oversee the management of the Company and advise and counsel the CEO and the executive management team relative to matters of policy, business affairs, and overall strategy. The Board seeks to assure that the Company s business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations. Except for matters requiring shareholder action, the Board is the ultimate decision-making body of the Company. Among the Board s most important responsibilities are the election, evaluation and compensation of the Company s CEO and the other members of the executive management team. In addition the Board oversees the process of succession planning for the CEO and other members of senior management; reviews, approves and monitors fundamental financial and business strategies and major corporate actions; assesses major risks facing the Company and reviews options for their mitigation; assures processes are in place for sustaining the integrity of the Company including the integrity of its financial statements, its compliance with law and its Code of Conduct and its relationships with customers, regulators, other government officials, employees and its other constituencies.

The Board reviews and discusses reports by management on the Company s performance, its plans and prospects and immediate issues facing the Company. In accordance with the Company s Bylaws, the Board determines the requirements for service as a director and the fees for the Board. Directors will act with integrity and demonstrate a commitment to the Company and its strategies, and to building shareholder value. Although the Board exercises vigorous and diligent oversight over the Company s affairs, it does not perform or duplicate the role of management, which is to operate the Company on a daily basis.

B. Board Meetings

The number of scheduled Board meetings will vary with circumstances; however, a minimum of five meetings are held annually. Special meetings are called as necessary in accordance with the Company's Bylaws. Directors are responsible for attending all meetings and for reviewing materials provided in advance of each meeting. Directors are expected to actively participate in Board and committee meetings. In addition, the Board has access to the Company Intranet for timely news and information, in addition to receiving monthly performance reports and other information from the Company that is helpful in the performance of directors' responsibilities. The CEO also uses a dedicated message line to communicate urgent or critical information to the Board. The Chairman of the Board determines Board agendas, with input from Directors and other members of executive management. At the December Board meeting, Committees and the Board review and approve a schedule of key issues to be addressed during the course of the next calendar year to be aligned with the respective Committee Charters.

C. Board Size

The Company's Articles of Incorporation require the Board to have between 5 and 12 members, with the exact number fixed by the Board. The Board has determined that nine members is the appropriate size for the Company. The Board will deviate from that number (within the limits established by the Articles) only to facilitate the orderly addition and development of new Board members to replace departing directors.

D. Director Elections

For purposes of election, the Board is divided into three classes, as equal in number as possible, known as classes A, B, and C. One class is elected at each Annual Meeting of Shareholders to serve for a three-year term. If the number of Directors is changed, any increase or decrease in directors is apportioned among the classes so as to maintain all classes as equal in number as possible. Directors added to the Board as a result of an increase in Board size stand for election at the next Annual Shareholders Meeting.

E. Process for Director Nominations

The Board is responsible for recommending director nominees for election by the shareholders and for selecting directors to fill vacancies until voted upon by the shareholders. The Board has delegated the director screening process to the GPPC, which has the responsibility to recommend candidates to the Board. The GPPC will consider suggestions from current directors, officers and employees of the Company, shareholders, industry associations, special interest groups, recruiting firms, and others. Shareholders wishing to provide suggestions for nominees should submit their suggestions together with a description of the potential nominee's qualifications, appropriate biographical information and signed consent to serve to Secretary, PNM Resources, Inc., Alvarado Square MS-2822, Albuquerque, New Mexico 87158.

F. Nominations Policy

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

Corporate boards are confronted with a highly complex, ever-changing body of law governing their role to direct the management of corporations, which are affected by and responsible to an increasingly diverse and active set of constituencies. In order to represent the interests of shareholders, Directors must be aware of and understand the interests of institutional investors, pension fund managers, the communities in which the corporation operates, individual shareholders, customers, government officials and employees. In this context, an effective director search process begins with a careful evaluation of the Board's needs and culture. By

A-2

auditing itself for missing talents, future trends and strategic issues, the Board can make the new director search much more productive.

The Board of Directors recognizes that the contribution of the Board depends not only on the character and capabilities of the Directors individually, but also on their collective strengths. It further recognizes the importance of a well-balanced board, which reflects the interests of the Company's shareholders, customers, employees, regulators and the communities it serves. It is the intent of this Board to fill vacancies by thoroughly reviewing the current strengths and weaknesses of the Board, the size of the Board, the potential future service of current members, and the diversity of the Board, including age, ethnicity, geographic representation, experience, and education. The Board recognizes the need to be flexible and responsive to the needs of all the Company's constituencies in order to optimize the long-term value of the Company for its shareholders.

The GPPC of the Board is responsible for seeking out possible candidates and otherwise aiding in attracting highly qualified candidates as Directors. In considering potential nominees for election, the Board will consider the attributes listed above, as well as any potential obligations (employment or otherwise), which could be considered a hindrance to the performance of the duties of a Director or a threat or opportunity to the Company. The GPPC has also developed detailed guidelines to facilitate the candidate search and nomination process. In identifying possible candidates for the Board, the GPPC will not consider persons who provide professional services for the Company such as legal counsel, investment bankers and accountants.

G. General Board Attributes

Recognizing that the contribution of the Board will depend not only on the character and capabilities of the Directors taken individually but also on their collective strengths, the Board should be composed of:

- (1) Directors chosen with a view toward bringing to the Board a variety of experience and background relevant to the Company's business;
- (2) Directors who will form a balanced core of business executives with varied expertise;
- (3) Directors who have substantial experience outside the business community -- in the public, academic or scientific communities, for example;
- (4) Directors who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies; and
- (5) A majority of Directors who are not employees or former employees of the Company.

H. Director Qualifications

In considering possible candidates for election as a Director, the Board is guided by the general board attributes described above and by the following:

- (1) Each Director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others and exercise good judgment;
- (2) Each Director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- (3) Each Director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- (4) Each Director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director; and

(5) Each Director should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency;

(6) Each Director should have an equity ownership interest in the Company prior to commencing service on the Board. Each Director's ownership interest should increase over time, consistent with applicable trading guidelines, so that an appropriate amount of stock is accumulated.

I. Orientation for New Directors; Continuing Education

New Directors participate in an orientation program including visits to Company facilities and discussions with key executives. New Directors are provided a Director Reference Manual during orientation. Continuing education programs are recommended to the Directors, and Directors are encouraged to periodically attend director education programs.

J. Board Evaluation

In assessing the strengths and weaknesses of the Board, an annual evaluation is performed to determine: (1) how well its members' talents and expertise are suited to guiding the Company into the future; (2) areas of focus for development of current directors, potential future candidates, and the Board in general; (3) the effectiveness of Board processes in assisting the Directors in fulfilling their duties; and (4) in general to determine whether the Board and its committees are functioning effectively. It may include individual Director evaluations. The GPPC administers the evaluation process.

K. Limits on Number of Board Memberships

Service on other corporate boards often broadens and deepens the knowledge and experience of our directors. In addition, officers of the Company who serve on other boards frequently gain valuable insight and experience, which proves beneficial to the Company. However, service on too many boards can interfere with an individual's ability to perform his or her responsibilities. Before accepting an additional board position, a Director is expected to consult with the Chair of the GPPC and the Chairman of the Board to determine whether or not a conflict of interest exists. In addition, a Director will consider whether the acceptance of a new directorship would compromise his or her ability to perform present responsibilities. No Director may serve on more than four boards of public companies. No Director may serve on more than three audit committees of public companies. An officer of the Company may not serve on a board of a public company without the prior approval of the Chief Executive Officer.

II. INDEPENDENCE AND COMMITTEES

A. Majority of Independent Directors/Definition of Director Independence

The Board has and will have a majority of independent directors. At most, two members of management, including the CEO, may serve as Directors. The definition of independence follows applicable law and stock exchange listing standards. The Board reviews annually the relationship each Director has with the Company. No Director is considered independent unless the Board affirmatively determines that the Director has no material relationship with the Company. PNM Resources will disclose in the Company's annual proxy statement those determinations and the basis for a Board determination that a relationship is not material. Currently only one member of the Board, the CEO, is not independent.

B. Committee Composition

All principal committees of the Board are composed entirely of independent directors. The principal committees of the Board are: Audit and Ethics, Finance, Governance and Public Policy,

A-4

and Human Resources and Compensation. Each committee has a written charter that complies with the requirements of applicable law and stock exchange listing standards. In general, committees of the Board are used to focus on issues that may require more in-depth scrutiny. The specific duties of each committee are detailed in the committee charters, and are approved by the Board of Directors. Charters are available on the Company website and will be mailed to shareholders upon request. Each committee reviews its charter on an annual basis, or more frequently if necessary, and recommends any amendments to the full Board.

The membership of each committee is recommended to the Board by the GPPC and is rotated based on the following principles: (1) rotation of committee chair every three-to-seven years, and (2) rotation of other committee members every three-to-five years. The committees themselves select committee chairs from their membership. The committees meet in conjunction with regularly scheduled Board meetings, except for the Board meetings held in connection with the Annual Meeting and the Board retreat. In addition, the Audit and Ethics Committee meets every quarter to review the Company's 10K and 10Q filings with the Securities and Exchange Commission. The committees will also meet at additional times as the need arises.

C. Separation of Chairman and CEO Positions

The Board retains the right to exercise its discretion in combining or separating the offices of Chairman of the Board and Chief Executive Officer. This determination is made depending on what is best for the Company in light of all circumstances prevailing at the time. Currently, the Board believes it to be in the best interests of the Company to combine the two positions. The Board has separated the two offices on three different occasions since the late 1980s.

D. Lead Director Position

The Chairman of the Board presides at all meetings of the stockholders and of the Board. In circumstances where the independent directors meet without the Chairman, the Board selects a presiding director. A presiding Director is selected each year. The Director selected is responsible for facilitating and chairing the independent directors meetings scheduled for that year. The independent directors meet at least twice a year without management present and will meet more often as the need arises.

III. PLANNING / OVERSIGHT FUNCTIONS

A. Directors Have Direct Access to Management

Directors are encouraged to have contact with members of executive management and to familiarize themselves with the Company's operations. Members of management are assigned as committee coordinators to assist the committee chairs and members with various committee duties. Members of executive management attend Board meetings and members of the workforce are routinely called upon to make Board presentations. Sound judgment is used in striking the balance of engagement with management and avoiding inappropriate involvement in the daily operations of the Company.

B. Independent Directors Formally Review CEO Performance

The independent directors make this evaluation annually, and communicate the results to the CEO. The evaluation is based upon objective criteria including performance of the business, accomplishment of long-term strategic objectives, development of management, and other criteria established by the Board. This evaluation is used by the HRCC in establishing the CEO's compensation program and in determining the appropriate compensation level for the CEO to recommend to the Board.

A-5

C. Succession Planning

At least annually the CEO must review management development and succession planning with the Board to assure the effectiveness of the process and identify areas of need. The Board focuses specifically upon succession planning for the CEO and reviews the CEO's plans for other members of executive management.

D. Ethics and Conflicts of Interest

The Company is committed to the highest standards of ethical behavior. Directors, officers, employees and all other agents and representatives of the Company are expected to observe both the letter and spirit of the law in every transaction and make their own personal commitment to ethical behavior. Every person working for PNM Resources and its affiliates must act in conformity with its Principles of Business Conduct expressed in its *Do the Right Thing* guidebook. The Principles of Business Conduct are grounded in our shared values of **Integrity, Fairness, Stewardship, and Engagement**. The Board has not permitted any waiver of any ethics policy for any Director or Executive Officer. The Board has authorized the GPPC to consider requests for waivers of the Company's Principles of Business Conduct for a Director or Executive Officer. There is a strong presumption against providing any waivers. Any waivers granted must be accompanied by terms and conditions sufficient to protect the Company under the circumstances. Any waiver of the principles for any Director or Executive Officer will be referred to the full Board for ratification and, if upheld, will promptly be disclosed to shareholders.

The Directors and officers complete a Conflict of Interest Questionnaire annually. The GPPC has oversight responsibility regarding conflicts of interest. If an actual or potential conflict of interest arises for a Director, the GPPC addresses the matter with the Director and promptly informs the CEO and the Board. If a significant conflict exists and cannot be resolved, the Director is expected to resign. A Director is required to disclose to the full Board when any matter under consideration involves a conflict of interest, whether direct or indirect. Directors are recused from any discussion or decision affecting their personal, business or professional interests. The Board resolves any conflict of interest issue involving the CEO. The CEO resolves any conflict of interest issue involving any other officer of the Company.

E. Board Has its Own Advisors

The Board and its committees have the right to communicate directly with the Company's principal external and internal advisors and to retain at the Company's expense independent legal counsel, investment bankers, accountants and other consultants.

IV. COMPENSATION OF DIRECTORS

A. Directors Paid Partially in Stock

Only non-employee directors are compensated for their service as Directors. Their compensation is intended to be sufficient to attract qualified candidates. Director compensation is a mix of cash and stock-based compensation. The latter is intended to align the interests of the Directors with those of the shareholders. Directors are paid an annual retainer fee, and a meeting fee for each Board and committee meeting they attend. The Company has no retirement program for Directors. Director compensation is established and reviewed by the Board from time to time. The GPPC is responsible for making recommendations to the Board concerning director compensation.

B. Stock Ownership Requirements for Directors

The Board requires that newly elected Directors, before commencing Board service, become shareholders in the Company. While the Board does not believe it appropriate to specify the level of share ownership an individual director should hold, it is anticipated that each Director

will develop a meaningful ownership position in the Company over time, depending upon individual circumstances.

v. DIRECTOR SERVICE

A. Age

Under normal circumstances, a Director will not be nominated to serve another term after the term during which the Director reaches the age of 72 years.

B. Term Limits for Directors

A Director is not eligible for nomination for another term if election for that term would result in the Director serving for more than twelve (12) years, except: (1) under extraordinary circumstances involving the Company where the Board in its discretion deems it to be in the best interest of the Company for the Director to continue serving on the Board for more than twelve (12) years; or (2) the service beyond twelve (12) years is due to the Director having been selected to fill a vacancy resulting in serving for a portion of an unexpired term. A nominee for Director for a term which would result in service in excess of twelve (12) years is required to submit a written resignation to the Board for acceptance at such time as the Board, in its discretion, deems advisable. Service on the Board of Public Service Company of New Mexico (PNM) prior to the establishment of the Company as the holding company of PNM is counted for purposes of determining term limits under this policy.

C. Inside Directors

A Director who is also an employee of the Company is required to submit a written resignation to the Board on the date of his or her leaving the Company, for acceptance at such time as the Board, in its discretion, deems advisable.

D. Periodic Review

The establishment of term limits does not mean that a Director will be nominated to serve additional terms up to the maximum number of terms allowable. Nominations for successive terms are not routine, it being understood that an evaluation process is used to determine that each nomination is in the best interest of the Company.

E. Change In Employment and Health Condition

Directors are chosen based on their overall qualifications and the particular skill sets needed by the Board at the particular point in time. Key to the selection is the Director's professional and community achievements and the Director having the ability to devote to the substantial duties of a Board member. Directors who undergo a significant change in their business or professional career are required to notify the Chairman of the Board and the Chair of the GPPC to determine if the change warrants the Director's resignation. A Director who experiences a change, such as a disabling health condition, that prevents the proper performance of the duties of a director is required to submit his or her resignation. The determination as to whether a change warrants resignation shall be made by the Chair of the GPPC.

F. Chief Executive Officer

By virtue of the position, the CEO of the Company is a Director and the Board's policy regarding age and term limits does not apply to the CEO as a Director. When the Director no longer holds the position of CEO of the Company: (1) he or she is required to submit a written resignation as a Director to the Board for acceptance at such time as the Board, in its

discretion, deems advisable; (2) the provisions of the Board's policy regarding service as an Inside Director, age and term limits applies to the Director; and, (3) any service on the Board by the Director, including the time served on the Board as CEO, is counted for purposes of determinations under this policy.

G. Policy Changes

The adoption of this policy does not mean a contract exists with any individual Director. The Board fully reserves the absolute right to change any policy with respect to service on the Board or nomination of a person for service on the Board at any time.

C-10

SECTION 15

EMPLOYER DISCRETION

15.1 *Employment.* Nothing in the PEP shall interfere with or limit in any way the right of any Employer to terminate any Participant's employment or service at any time, nor confer upon any Participant any right to continue in the employ or service of the Employer.

15.2 *Participant.* No Employee shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant.

SECTION 16

However, in the event that the Award for which a substitute Award is being granted is an incentive stock option, no variation shall adversely affect the status of any substitute Award as an incentive stock option under the Code.

No amendment, modification, or termination of the PEP or any Award under the PEP shall in any manner adversely affect any Award theretofore granted under the PEP without the consent of the holder thereof (unless such change is required in order to cause the benefits under the PEP to qualify as performance-based compensation within the meaning of Section 162(m) of the Code and applicable interpretive authority thereunder). Except as provided in Section 5.3, neither the Board, the President nor the Committee may reduce the purchase price or exercise price of any outstanding Award without the approval of the shareholders.

SECTION 18

TAX WITHHOLDING

18.2 *Form of Payment.* To the extent permissible under applicable tax, securities, and other laws, the Company may, in its sole discretion, permit the Participant to satisfy a tax withholding requirement by (i) using already owned shares that have been held by the Participant for at least six (6) months; (ii) a broker-assisted cashless transaction; or (iii) directing the Company to apply shares of Stock to which the Participant is entitled as a result of the exercise of an Option or the lapse of a Restricted Period (including, for this purpose, the filing of an election under Section 83(b) of the Code), to satisfy the required minimum statutory withholding amount.

18.3 *Tax Upon Disposition of Shares Subject to § 422 Restrictions.* In the event that a Participant shall dispose (whether by sale, exchange, gift, the use of a qualified domestic relations order as defined by the Code or Title I of ERISA, or the rules thereunder, or any like transfer) of any shares of Stock of the Company (to the extent such shares are deemed to be purchased pursuant to an incentive stock option) acquired by him within two (2) years of the Grant Date of the related Option or within one (1) year after the acquisition of such shares, he will notify the secretary of the Company no later than fifteen (15) days from the date of such disposition of the date or dates and the number of shares disposed of by him and the consideration received, if any, and, upon notification from the Company, promptly forward to the secretary of the Company any amount requested by the Company for the purpose of satisfying its liability, if any, to withhold federal, state or local income or earnings tax or any other applicable tax or assessment (plus interest or penalties thereon, if any, caused by delay in making such payment) incurred by reason of such disposition.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person may be entitled under the Company's articles of incorporation, bylaws, resolution or agreement, as a matter of law, or otherwise, or any power that the Company may have to indemnify him or hold him harmless.

SECTION 20

REQUIREMENTS OF LAW

20.2 *Governing Law.* The PEP, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of New Mexico. This PEP is an unfunded performance-based bonus plan for a select group of management or highly compensated employees and is not intended to be either an employee pension or welfare benefit plan subject to ERISA.

20.3 *Code Section 162(m).* If the PEP is subject to Section 162(m) of the Code, it is intended that the PEP comply fully with and meet all the requirements of Section 162(m) of the Code so that Awards granted hereunder shall constitute performance-based compensation within the meaning of such section. If any provision of the PEP would disqualify the PEP or would not otherwise permit the PEP to comply with Section 162(m) as so intended, such provision shall be construed or deemed amended to conform to the requirements or provisions of Section 162(m); provided that no such construction or amendment shall have an adverse effect on the economic value to a Participant of any Award previously granted hereunder.

20.4 *Code Section 409A.* If any payments under this PEP are subject to the provisions of Code Section 409A, it is intended that the PEP comply fully with and meet all the requirements of Code Section 409A. Specifically, if any payments under this PEP are subject to Code Section 409A and are made on account of termination of employment to any Participant who qualifies as a key employee (as defined in Code Section 416(i) and the regulations thereunder), such payment shall

not be made to the Participant earlier than the end of the six-month period following such Participant's termination of employment.

SECTION 21

FUNDING

Edgar Filing: PNM RESOURCES INC - Form PRE 14A

The Company shall not be required to segregate any of its assets to ensure the payment of any Award under the PEP. Neither the Participant nor any other persons shall have any interest in any fund or in any specific asset or assets of the Company or any other entity by reason of any Award, except to the extent expressly provided hereunder. The interests of each Participant and former Participant hereunder are unsecured and shall be subject to the general creditors of the Company.

Dear RSP Participant:

In connection with the Annual Meeting of Shareholders of PNM Resources, Inc. on May 17, 2005, you may direct the voting of shares of PNM Resources common stock held by the PNM Resources, Inc. Retirement Savings Plan (RSP), formerly known as the Master Employee Savings Plan and Trust, which are allocated to your account. Instructions are set forth below for providing your timely express directions over the Internet, by telephone, or by mail.

The RSP requires us to provide voting instructions to the Trustee, The Vanguard Fiduciary Trust Company, for all shares held under the plan. Your voting directions will be received in confidence and tallied by the tabulator for PNM Resources, Mellon Investor Services, who will only provide us with the cumulative results of all of the express directions received, so that we may instruct the Trustee to vote your allocated shares in accordance with the express directions received from you. No individual participant vote information will be provided to us.

If no timely express directions are received from you, then we shall instruct the Trustee to vote the shares allocated to your account as follows:

FOR the election of the three nominees for directors of PNM Resources.

FOR the appointment of Deloitte & Touche LLP as independent public accountants for 2005.

FOR the approval of the amendment to the Restated Articles of Incorporation of PNM Resources.

FOR the approval of the Amended and Restated Omnibus Performance Equity Plan.

The Corporate Investment Committee has authorized Terry Horn to attend the Annual Meeting and vote all the shares held in the RSP in accordance with his discretion on such other matters as may properly come before the meeting.

We encourage you to direct the voting of the shares allocated to your RSP account by voting over the Internet or by telephone on or before May 13, 2005 at 12 noon, Eastern Time or by signing and mailing the vote authorization form so that it is received on May 13, 2005. If you vote over the Internet or by telephone, you may change your express voting directions up until the deadline for voting over the Internet or by telephone. Please note that the deadline for voting your RSP shares is earlier than for any shares held directly by you so that there is adequate time to instruct the Trustee to vote the RSP shares.

Sincerely,

Corporate Investment Committee,

Terry R. Horn
Committee Chairperson

(Please note that this form is only for voting RSP shares. You must use the separate proxy card provided to you to vote shares held directly by you.)
