OUR COMPANY

Encision, a medical device company based in Boulder, Colorado, has developed and markets innovative technology that provides unprecedented outcomes and patient safety in minimally-invasive surgery. We believe that our patented Active Electrode Monitoring® (AEM) surgical instruments are changing the marketplace for electrosurgical devices and laparoscopic instruments by providing a solution to a well-documented hazard unique to laparoscopic surgery.

We address market opportunities created by the increase in minimally-invasive surgery (MIS) and surgeons' use of electrosurgery devices in these procedures. The product opportunity exists in that monopolar electrosurgery instruments used in laparoscopic procedures provide excellent clinical results, but are also susceptible to causing inadvertent collateral tissue damage outside the surgeon's field of view due to insulation failure and capacitive coupling. The risk of unintended electrosurgical burn injury to the patient in laparoscopic surgery has been well documented. This risk poses a threat to patient safety, including the risk of death, and creates liability exposure for surgeons and hospitals, as well as increased and preventable readmissions.

Our patented AEM technology provides surgeons with the desired tissue effects, while preventing stray electrosurgical energy that can cause unintended and unseen tissue injury that may result in death. AEM surgical instruments are equivalent to conventional instruments in size, shape, ergonomics, functionality and competitive pricing, but they incorporate Active Electrode Monitoring technology to dynamically and continuously monitor the flow of electrosurgical current, thereby helping to prevent patient injury. With our shielded and monitored instruments, surgeons are able to perform electrosurgical procedures more safely, effectively and economically than is possible using conventional instruments or alternative energy sources.

AEM technology has been recommended and endorsed by sources from many groups involved in MIS. Surgeons, nurses, biomedical engineers, the medicolegal community, malpractice insurance carriers and electrosurgical device manufacturers advocate the use of AEM technology.

We were incorporated in Colorado on February 1, 1991. Our offices are located at 6797 Winchester Circle, Boulder, Colorado 80301. Our telephone number is (303) 444-2600. We maintain a site on the World Wide Web at www.encision.com. We do not intend that our website be a part of this prospectus.

RISK FACTORS

Our business is subject to uncertainties and risks. You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors incorporated by reference from our most recent annual report on Form 10-K, as updated by our quarterly reports on Form 10-Q and other filings we make with the SEC. Our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks.

FORWARD-LOOKING STATEMENTS

This prospectus, any applicable prospectus supplement and the documents incorporated by reference herein contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), that are based on current expectations, estimates, forecasts and projections about us, our future performance, our liquidity, our beliefs and management's assumptions. Words such as anticipate, estimate, expect, project, plan, intend, may, will, should, can have, likely and variations of such words and similar expressions are intended to identify such forward-looking statements. For example, all statements we make relating to our estimated and projected costs, expenditures, cash flows, growth rates and financial results, our plans and objectives for future operations, growth or initiatives, strategies, or the expected outcome or impact of pending or threatened litigation are forward-looking statements. All forward-looking statements speak only as of the date on which they are made. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions concerning future events that are difficult to predict. Therefore, actual future events or results may differ materially from these statements. We believe that the factors that could cause our actual results to differ materially include the factors that we describe under the caption Risk Factors in our Annual Report on Form 10-K for the fiscal year ended March 31, 2013, which is incorporated by reference. These factors, risks and uncertainties include, but are not limited to, the following:

- the extent to which our products will be accepted by the medical community;

- the success of our efforts to develop and train a network of independent sales representatives in the U.S. and to expand our international distribution efforts;

- our need and ability to obtain additional funding, if necessary, to support our operations;

- our ability to compete successfully against current manufacturers of conventional electrosurgical instruments or against competitors who manufacture products that are based on surgical technologies that are alternatives to monopolar electrosurgery;

- our ability to continually enhance our products and keep pace with rapid technological changes;

Edgar Filing: ENCISION INC - Form S-1

- our need to comply with existing and new government regulations;
- our ability to maintain and enforce patent protection for our products and processes, to preserve our trade secrets and to operate without infringing the proprietary rights of third parties;
- our dependence on single source suppliers for certain of the key components of our products and sub-contractors to provide much of the materials used in the manufacturing of our products;
- fluctuations in our sales and results of operations on a quarterly basis;
- the fact that our common stock is thinly traded, which may cause our stock price to be volatile;
- that we face an inherent business risk of exposure to product liability claims in the event that the use of our products is alleged to have resulted in adverse effects to a patient; and
- that we are dependent upon certain key personnel.

Table of Contents

These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements included in this prospectus, any applicable prospectus supplement and the documents incorporated by reference herein. These risks and uncertainties, as well as other risks of which we are not aware or which we currently do not believe to be material, may cause our actual future results to be materially different than those expressed in our forward-looking statements. We caution you not to place undue reliance on these forward-looking statements. We do not undertake any obligation to make any revisions to these forward-looking statements to reflect events or circumstances after the date made or to reflect the occurrence of unanticipated events, except as required by law, including the securities laws of the United States and rules and regulations of the SEC.

Table of Contents**USE OF PROCEEDS**

The selling stockholders will pay all selling commissions and expenses incurred by them for brokerage, accounting, tax or legal services or any other expenses incurred by the selling stockholders in connection with the sale of the shares of common stock, if any. Table of Contents

DESCRIPTION OF SECURITIES

The following summary description of the securities is not complete and is qualified in its entirety by reference to our articles of incorporation, as amended, and our bylaws.

Our authorized capital stock consists of 110,000,000 shares of capital stock without par value, of which 100,000,000 shares are designated as common stock and 10,000,000 shares are designated as preferred stock.

Common Stock

As of January 31, 2014, there were 10,673,225 shares of common stock issued and outstanding. The holders of the common stock (i) have equal ratable rights to dividends from funds legally available therefor, when, as and if declared by our Board of Directors; (ii) are entitled to share ratably in all Encision assets available for distribution to holders of the common stock upon liquidation, dissolution or winding up of our affairs; (iii) do not have preemptive, subscription or conversion rights and there are no redemption or sinking fund provisions applicable thereto; and (iv) are entitled to one vote per share on all matters which shareholders may vote on at all meetings of shareholders. All shares of the common stock now outstanding are fully paid and nonassessable.

The holders of common stock do not have cumulative voting rights, which means that the holders of more than 50 percent of such outstanding shares voting for the election of directors can elect all of our directors to be elected; if they so choose. In such event, the holders of the remaining shares will not be able to elect any of our directors.

Preferred Stock

Under governing Colorado law and our Articles of Incorporation, no action by our shareholders is necessary, and only action of the Board of Directors is required, to authorize the issuance of any of the preferred stock. Our Board of Directors is empowered to establish and to designate the name of each class or series of the shares and to set the terms of such shares (including terms with respect to redemption, sinking fund, dividend, liquidation, preemptive, conversion and voting rights and preferences). Accordingly, our Board of Directors, without shareholder approval, may issue preferred stock with terms (including terms with respect to redemption, sinking fund, dividend, liquidation, preemptive, conversion and voting rights and preferences) that could adversely affect the voting power and other rights of holders of the common stock.

The existence of preferred stock may have the effect of discouraging an attempt, through acquisition of a substantial number of shares of common stock, to acquire control of us with a view to affecting a merger, sale or exchange of assets or a similar transaction. The anti-takeover effects of the preferred stock may deny shareholders the receipt of a premium on their common stock and may also have a depressive effect on the market price of the common stock.

Warrants

On December 17, 2013, we entered into a Securities Purchase Agreement (the "Securities Purchase Agreement") with the selling stockholders pursuant to which we agreed to sell 2,463,125 shares of common stock and warrants to purchase an aggregate of up to 1,231,563 shares of common stock. The warrants have an exercise price of \$1.20 per share, subject to adjustment. The warrants are immediately exercisable, subject to certain limitations contained in the warrants, and expire December 17, 2018. The exercise price and number of shares of common stock issuable under the warrants are subject to anti-dilutive adjustments upon the occurrence of certain events. The warrants contain provisions concerning the repurchase of the warrants in connection with a Change of Control (as defined in the warrant). Beginning six months after the issuance of the warrants, if at any time we are unable to maintain the continuous effectiveness of a registration statement for the resale of the shares of our common stock issuable upon exercise of the warrants, the warrants may be exercised by means of a "net exercise" for the duration of such unavailability, and we will not receive any proceeds from any warrants that are net-exercised rather than exercise for cash.

Transfer Agent and Registrar

The Transfer Agent and Registrar with respect to our common stock is Computershare Trust Company, 350 Indiana Street, Suite 750, Golden, Colorado 80401.

PLAN OF DISTRIBUTION

We are registering 3,694,688 shares of our common stock for possible sale by the selling stockholders. Unless the context otherwise requires, as used in this prospectus, "selling stockholders" includes the selling stockholders named in the table above and donees, pledgees, transferees or other successors-in-interest selling shares received from the selling stockholders as a gift, pledge, partnership distribution or other transfer after the date of this prospectus.

The selling stockholders may offer and sell all or a portion of the shares covered by this prospectus from time to time, in one or more or any combination of the following transactions:

- on the Pink Sheets Electronic Quotation Service, in the over-the-counter market or on any other national securities exchange on which our shares are listed or traded;
- in privately negotiated transactions;
- settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- broker-dealers may agree with the selling stockholder to sell a specified number of shares at a stipulated price per share;
- in a block trade in which a broker-dealer will attempt to sell the offered shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through purchases by a broker-dealer as principal and resale by the broker-dealer for its account pursuant to this prospectus;

Edgar Filing: ENCISION INC - Form S-1

- in ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- through the writing of options (including put or call options), whether the options are listed on an options exchange or otherwise; or
- any other method permitted pursuant to applicable law.

The selling stockholders may sell the shares at prices then prevailing or related to the then current market price or at negotiated prices. The offering price of the shares from time to time will be determined by the selling stockholders and, at the time of the determination, may be higher or lower than the market price of our common stock on the Pink Sheets Electronic Quotation Service or any other exchange or market.

The shares may be sold directly or through broker-dealers acting as principal or agent, or pursuant to a distribution by one or more underwriters on a firm commitment or best-efforts basis. The selling stockholders may also enter into hedging transactions with broker-dealers. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our common stock in the course of hedging the positions they assume with the selling stockholders. The selling stockholders may also enter into options or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for a purchaser of shares, from such purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

Table of Contents

The selling stockholders and any underwriters, dealers or agents participating in a distribution of the shares may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the shares by the selling stockholders and any commissions received by broker-dealers may be deemed to be underwriting commissions under the Securities Act. The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of their shares. In no event shall any broker-dealer receive fees, commissions and markups which, in the aggregate, would exceed five percent (5%).

We will bear a portion of the expenses of the offering of common stock, except that the selling stockholders will pay any applicable underwriting fees, discounts or commissions and certain transfer taxes. We have agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

The selling stockholders are subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares of common stock offered in this prospectus by the selling stockholders. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates.

Because a selling stockholder may be deemed an underwriter within the meaning of the Act, it will be subject to the prospectus delivery requirements of the Securities Act. We will make copies of this prospectus available to the selling stockholder and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale. We have agreed to keep this prospectus effective until the earlier of (i) the date on which the shares may be resold by the selling stockholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for us to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the shares have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution. Instead of selling the shares of common stock under this prospectus, the selling stockholders may sell the shares of common stock in compliance with the provisions of Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements of the Securities Act.

The following table sets forth all estimated expenses to be paid solely by us in connection with the sale of the securities being registered hereunder.

SEC registration fee	\$	557
Legal fees and expenses		10,000*
Accounting fees and expenses		10,000*
Printing fees and expenses		1,000*
Miscellaneous expenses		443
Total	\$	22,000*

* These fees are calculated based upon the number of issuances in applicable offerings and amount of securities offered and, accordingly, cannot be estimated at this time.

Item 15. *Indemnification of Directors and Officers*

Our Articles of Incorporation and Bylaws provide that we shall indemnify to the fullest extent permitted by Colorado law any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, by reason of the fact that he or she is or was a director or officer of Encision or, is or was serving at the request of Encision in any capacity and in any other corporation, partnership, joint venture, trust or other enterprise. The Colorado Business Corporation Act (the Colorado Act) permits us to indemnify an officer or director who was or is a party, or is threatened to be made a party, to any proceeding because of his or her position, if the officer or director acted in good faith and in a manner he or she reasonably believed to be in our best interests or, if such officer or director was not acting in an official capacity for us, he or she reasonably believed the conduct was not opposed to our best interests. Indemnification is mandatory if the officer or director was wholly successful, on the merits or otherwise, in defending such proceeding. Such indemnification (other than as ordered by a court) shall be made by us only upon a determination that indemnification is proper in the circumstances because the individual met the applicable standard of conduct. Advances of such indemnification may be made pending such determination. Such determination shall be made by a majority vote of a quorum consisting of disinterested directors or of a committee of at least two disinterested directors, or by independent legal counsel or by the shareholders.

In addition, our Articles of Incorporation provide for the elimination, to the extent permitted by Colorado law, of personal liability of directors to us and our shareholders for monetary damages for breach of fiduciary duty as directors. The Colorado Act permits the elimination of personal liability of directors for damages occasioned by breach of fiduciary duty, except for liability based on the director's duty of loyalty to us, liability for acts or omissions not made in good faith, liability for acts or omissions involving intentional misconduct, liability based on payments of improper dividends, liability based on violations of state securities laws, and liability for acts occurring prior to the date such provision was added.

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any statute, provision of our articles of incorporation, provision of our bylaws, agreement, vote of shareholders or disinterested directors or otherwise.

We maintain standard policies of insurance that provide coverage (1) to our directors and officers against loss rising from claims made by reason of breach of duty or other wrongful act and (2) to us with respect to indemnification payments that we may make to such directors and officers.

In addition, a proposed form of purchase agreement or underwriting agreement filed as an exhibit in connection with an underwritten offering of the shares offered hereunder may provide for indemnification to our directors and officers by the underwriters against certain liabilities.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i), (ii) and (iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

5. That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities: The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the

Table of Contents

purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

6. That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

7. That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
