**ASHFORD TRUST RESPONDS TO INACCURATE
INSTITUTIONAL SHAREHOLDER SERVICES REPORT**

DALLAS, November 5, 2014 – Ashford Hospitality Trust (NYSE: AHT) (“Ashford Trust” or the “Company”) today issued a statement disagreeing with the recommendations included in a report issued by Institutional Shareholder Services (ISS).

The Company noted that the ISS report contains material errors, including wrongly stating that the Company’s Board of Directors recommends a vote for the special shareholder meeting requested by the hotel union. The Board strongly believes the spin-off of the Company’s asset management business, Ashford Inc., is in the best interests of shareholders and does not believe that the issues raised by the union should be addressed at a special meeting.

The Company issued the following statement:

We strongly believe that ISS reached the wrong conclusion regarding the hotel union’s special meeting demand and that convening a special meeting to vote on the Ashford Inc. spin-off is not in the best interests of the Company or its shareholders at this time. Importantly, a delay in the spin-off of Ashford Inc., which has already been scheduled for November 12, 2014, and has been in process since originally announced on February 27, 2014, could result in significant loss of shareholder value at Ashford Trust as a result of REIT qualification issues, tax consequences, and lost growth potential for Ashford Inc.

Since the announcement of the spin-off, members of Ashford Trust's management have engaged in constructive dialogue with numerous shareholders, and have listened to the feedback from over 200 one-on-one shareholder meetings. As part of our continuing dialogue with our shareholders, we reached out to investors on particular governance matters for both Ashford Trust and Ashford Inc. Our Board then reacted quickly and decisively on corporate governance enhancements for both Ashford Trust and Ashford Inc. balancing the small initial capitalization of Ashford Inc. and the desire to protect, on behalf of shareholders, its growth potential during its initial phase as a public company.

We are disappointed that ISS, with an inaccurate report, has decided to support the hotel union's effort to disrupt our business and execution of our strategy to maximize shareholder value. Further, the ISS report fails to properly take into account the Board's business judgment as it relates to the timing of the spin-off, which has been in process for over eight months.

Ashford Trust's Board and management team have driven tremendous value creation over its 11-year history as a public company, growing Ashford Trust into a leader in the hospitality industry, with more than \$4 billion of assets, and one of the highest total shareholder returns of any hotel REIT since its IPO.

We are committed to continuing to create value for all Ashford Trust shareholders, including through the separation of Ashford Inc., which will allow shareholders to receive shares and benefit from the expansion and success in a company with a growth profile and investment strategy different from Ashford Trust. In addition, Ashford Trust is committed to maintaining corporate governance policies and practices that best serve the interests of the Company and our shareholders.

The Board's formal recommendation will be stated in the Company's definitive consent revocation materials that will be filed with the Securities and Exchange Commission in due course.
