**Item 1.01. Entry into a Material Definitive Agreement.**

*Purchase Agreement*

On January 29, 2015, Micron Technology, Inc., a Delaware corporation ( Micron or the Company ), entered into a purchase agreement (the Purchase Agreement ) with Goldman, Sachs & Co., Morgan Stanley & Co. LLC and Credit Suisse Securities (USA) LLC, as representatives (the Representatives ) of the several initial purchasers named therein (collectively, the Initial Purchasers ), to issue and sell \$1 billion aggregate principal amount of 5.25% Senior Notes due 2023 (the Notes ) in the United States to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the Securities Act ), and outside the United States to non-U.S. persons pursuant to Regulation S under the Securities Act. The Company intends to use the net proceeds from this offering for the retirement or repurchase of convertible notes and debt and general corporate purposes. The Purchase Agreement contains customary representations, warranties and covenants by the Company together with customary closing conditions. Under the terms of the Purchase Agreement, the Company has agreed to indemnify the Initial Purchasers against certain liabilities. The Purchase Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated by reference herein. The summary of the foregoing transaction is qualified in its entirety by reference to the text of the Purchase Agreement.

*Indenture*

The Notes are governed by an indenture (the Indenture ), dated as of February 3, 2015, by and between Micron and U.S. Bank National Association, as trustee (the Trustee ). The Notes mature on August 1, 2023, and interest on the Notes accrues at a rate of 5.25% per annum, payable in cash semi-annually on February 1 and August 1 of each year, commencing on August 1, 2015.

Prior to February 1, 2018, Micron may redeem the Notes, in whole or in part, at a price equal to 100% of the principal amount thereof, plus a make-whole premium and accrued and unpaid interest, if any. On or after February 1, 2018, Micron may redeem the Notes, in whole or in part, at specified prices that decline over time, plus accrued and unpaid interest, if any. In addition, Micron may use the net cash proceeds of one or more equity offerings to redeem up to 35% of the aggregate principal amount of the Notes prior to February 1, 2018 at a price equal to 105.25% of the principal amount thereof plus accrued and unpaid interest, if any.

If Micron experiences specified change of control triggering events, Micron must offer to repurchase the Notes at a price equal to 101% of the principal amount of the Notes repurchased, plus accrued and unpaid interest, if any.

The Indenture contains covenants that, among other things, restrict the ability of Micron and/or its domestic restricted subsidiaries (which are generally domestic subsidiaries in which Micron owns at least 80% of the voting stock) to:

- create or incur certain liens and enter into sale and lease-back transactions;
- create, assume, incur or guarantee additional indebtedness; and
- consolidate with or merge with or into, or convey, transfer or lease all or substantially all of its assets, to another person.

These covenants are subject to a number of limitations and exceptions set forth in the Indenture.

The following events are considered events of default under the Indenture:

- Micron's failure to pay principal or premium, if any, on any Note when due at maturity, upon redemption or otherwise;
- Micron's failure to pay interest, including any additional interest, on any of the Notes for 30 days after the date when due;
- Micron's failure to give timely notice of specified change of control triggering events, which failure continues for a period of 30 days;
- the failure by Micron or any of its subsidiaries to comply with any other agreement under the Indenture for a period of 90 days after receiving notice of such failure from the Trustee or holders of at least 25% in aggregate principal amount of the then outstanding Notes as required by the Indenture; and
- certain events of bankruptcy, insolvency or reorganization with respect to Micron or any of its significant subsidiaries (as defined in the Indenture) which specified events shall not include (i) certain events under the laws of jurisdictions other than the laws of the jurisdiction of such person's incorporation or organization or the jurisdiction of its head office or jurisdictions in which all or substantially all of such person's assets are located, and (ii) specified events with

respect to any such person as a result of bankruptcy, insolvency or reorganization proceedings that were ongoing or in process at the time such person became a subsidiary or any related proceedings (including alternate proceedings) or other such proceedings that are in the nature of either a continuation or extension thereof.

If an event of default described in the last bullet point above occurs and is continuing with respect to Micron, then the entire principal amount plus accrued and unpaid interest of the outstanding Notes will automatically become due and immediately payable without any further action or notice. If any other event of default under the Indenture occurs and is continuing, then either the Trustee or holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare the entire principal amount plus accrued and unpaid interest of the outstanding Notes due and immediately payable.

The description of the Notes and the Indenture contained in this Current Report on Form 8-K is qualified in its entirety by reference to the complete text of the Indenture and the form of note included in the Indenture, copies of which are filed as Exhibit 4.1 and Exhibit 4.2, respectively, and incorporated herein by reference.

#### *Registration Rights Agreement*

In connection with the issuance of the Notes, Micron also entered into a registration rights agreement, dated February 3, 2015, with the Representatives (the *Registration Rights Agreement*). Under the terms of the *Registration Rights Agreement*, if any Notes are not freely transferable by holders (other than holders that are affiliates of Micron or that were affiliates of Micron within the preceding three months) pursuant to Rule 144 under the Securities Act within 366 days after their original issuance, Micron is required to use commercially reasonable efforts to file with the Securities and Exchange Commission (the *SEC*) a registration statement relating to an offer to exchange the Notes for an issue of SEC-registered notes (the *Exchange Notes*) with terms identical to the Notes (except that the *Exchange Notes* will not be subject to restrictions on transfer or to any increase in annual interest rate and interest thereon shall accrue from the last date on which interest was paid on the Notes or, if no such interest has been paid, from February 3, 2015).

The description of the *Registration Rights Agreement* contained in this Current Report on Form 8-K is qualified in its entirety by reference to the complete text of the *Registration Rights Agreement*, a copy of which is filed as Exhibit 10.2 and incorporated herein by reference.
