**Costs Associated with Exit or Disposal Activities**

On December 10, 2015, E.I. du Pont de Nemours and Company ( DuPont ) committed to take structural actions across all businesses and staff functions globally to operate more efficiently by further consolidating businesses and aligning staff functions more closely with the businesses as part of a 2016 global cost savings and restructuring plan. In connection with the restructuring actions, the company expects to record a pre-tax charge to earnings of approximately \$780 million in the fourth quarter 2015, comprised of approximately \$650 million of severance and related benefit costs, \$100 million of asset related charges, and \$30 million of contract termination costs. Future cash expenditures related to this charge are anticipated to be approximately \$680 million, primarily related to the payment of severance and related benefits. The restructuring actions associated with this charge are expected to impact approximately 10 percent of DuPont s workforce and to be substantially complete in 2016.

It is possible that additional charges and future cash payments could occur in relation to the restructuring actions. As permitted by Item 2.05 of Form 8-K, the company will file an amendment to this report if additional charges and future cash payments were expected to be other than immaterial to its current estimates.
