On November 1, 2016, an option was granted by the Compensation and Benefits Committee of the Board of Directors of the Company to Thomas J. Shaw, the Company’s founder, developer of its products, and Chairman, President, Chief Executive Officer, and Director, to purchase up to 3,000,000 shares of Common Stock of the Company. The option vests immediately upon receipt of shareholder approval and terminates on November 1, 2026, unless the agreement specifies earlier termination in certain instances. The exercise price of the option was 100% of the fair market value of the Company’s Common Stock on the grant date, by reference to the previous day’s closing price, which was \$2.66 per share. The option may be exercised in whole or in part. In the event of termination for cause, the option shall terminate immediately. In the event of Mr. Shaw’s death, the option must be exercised both within the remaining term of the option and within one year after death. The option is intended to be a non-qualified stock option.
