Common shares were granted without consideration under the long-term incentive plan. As a result of the special common dividend, all options to purchase common shares as of May 13 under the long term incentive plan, whether vested or unvested, were adjusted into tandem options. The tandem option provides that upon exercise, the optionee purchases the number of common shares originally subject to the option plus an equal number of special common shares.
 - (3) On May 13 TDS authorized a special common dividend to holders of common shares in which one special common share was distributed to all shareholders making this acquisition exempt from Section 16a-9(a).
 - (4) Restricted stock units for common shares were granted without consideration under the long term incentive plan. As a result of the special common stock dividend, all restricted stock units as of May 13 that are to be settled in common shares, whether vested or unvested, were adjusted to provide that such award will be settled in the number of common shares originally subject to the award plus an equal number of special common shares.
