Four Class 2 directors shall be elected to serve for a one-year term expiring at the Annual Meeting to be held in 2002.

The Class 2 directors shall each be elected by the affirmative vote of a plurality of the votes cast at the Annual Meeting. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. "Plurality" means that the individuals who receive the largest number of votes are elected as directors. Therefore, any shares not voted, whether by withheld authority, broker non-vote or otherwise, have no effect in the election of directors. The Board of Directors does not expect that any of the nominees will become unavailable to serve for any reason. If that should occur before the meeting, another nominee or nominees may be selected by the Board of Directors.

In accordance with the Company's By-Laws, any stockholder entitled to vote for the election of directors at a meeting may nominate persons for election as directors only if written notice of such stockholder's intent to make such nomination is given, either by personal delivery or by U.S. mail, to the Secretary of the Company at the main office of the Company not later than (i) with respect to an election to be held at any annual meeting of stockholders, 20 days in advance of such meeting, and (ii) with respect to an election to be held at a special meeting of stockholders for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to the stockholders. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Edgar Filing: GRISTEDES FOODS INC - Form DEF 14C

Philosophy. The Company's executive compensation philosophy is to provide competitive levels of compensation, integrate management's pay with the achievement of the Company's annual and long-term performance goals, reward above average corporate performance, recognize individual initiative and achievement, and assist the Company in attracting and retaining qualified management. Executive compensation consists of base salary and long term incentive compensation in the form of stock options. The compensation of the Company's executive officers is reviewed and approved by the Compensation Committee, which is composed entirely of non-employee directors. Management compensation is intended to be set at levels that the Compensation Committee believes is consistent with others in the Company's industry.

In reviewing compensation levels of the Company's key executives, the Compensation Committee considers, among other items, corporate profitability on an absolute basis as well as relative to budget; previous years' and competitors' profitability; revenues; and the quality of the Company's services. No specific weight is accorded to any single factor. Relative weights differ from executive to executive and change from time to time as circumstances warrant.

Base Salaries. Base salaries for new management employees are determined initially by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for managerial talent. Salary adjustments are determined by evaluating the performance of the executive and any increased responsibility assumed by the executive, the competitive marketplace and the performance of the Company.

Equity Ownership. The Company established a stock option plan for its key employees in October 1994 and in March 1998 the Board of Directors approved the 1998 Option Plan for key employees, directors and consultants. In April 1999 the Board of Directors approved an amendment to the 1998 Option Plan to increase the number of shares of stock reserved under the plan from 500,000 to 1,500,000, which amendment was approved by the stockholders of the Company in August 1999. The Compensation Committee believes that equity ownership by management is a means of aligning management's and stockholders' interests in the enhancement of stockholder value.

Compensation of Chief Executive Officer. Mr. Catsimatidis is the principal stockholder of the Company and from August 1991 to November 10, 1997 served the Company without receiving a salary. During the fiscal year ended March 2, 1997 and the period from March 3, 1997 to November 9, 1997, Mr. Catsimatidis received no compensation from the Company. Since November 10, 1997 Mr. Catsimatidis has been earning a salary at the rate of \$100,000 per year.

COMPARATIVE PERFORMANCE BY THE COMPANY

The Commission requires the Company to present a chart comparing the cumulative total stockholder return on its Common Stock with the cumulative total stockholder return of (i) a broad equity market index and (ii) a published industry index or "peer group." This chart compares for the period from March 1, 1996 to December 3, 2000, the cumulative total stockholder return on the Common Stock with (i) the American Stock Exchange Market Value Index and (ii) the Media General Industry Group 734 Index - Grocery Stores (the "MG Industry Index"), and assumes an investment of \$100 on March 1, 1996 in each of the Common Stock, the stocks comprising the American Stock Exchange Market Value Index and the stocks comprising the MG Industry Index. The total return for each of the Company's Common Stock, the American Stock Exchange

Edgar Filing: GRISTEDES FOODS INC - Form DEF 14C

Market Value Index and the MG Industry Index assumes the reinvestment of all dividends (although no dividends were declared on the Company's Common Stock during such period). Each index is adjusted for additions and deletions of securities from the index.

In consideration of such services, Namdor Inc. is entitled to receive on a quarterly basis a cash payment of one and one-quarter (1.25%) percent of all sales of inventory and merchandise made at or from the managed supermarkets. During Fiscal 2000 management fee income was \$66,244.

Effective as of January 1, 1994, the Company entered into Indemnification Agreements with each of its directors and officers other than Kishore Lall. The Company entered into an Indemnification Agreement with Kishore Lall effective as of October 30, 1997, and also entered into Indemnification Agreements with two former officers effective March 17, 1998, Martin Steinberg effective July 21, 1998, Dennis Berberich effective August 18, 1998, Edward Salzano effective August 12, 1999 and Gary Pokrassa effective November 10, 2000. Said agreements supplement the indemnification provisions of the Company's By-laws and the Delaware General Corporation Law. The stockholders of the Company authorized the Company to enter into such agreements with each of its directors at the Annual Meeting of Stockholders held on August 21, 1987. The Board of Directors has authorized the Company to enter into such agreements with each of its officers.

C & S Acquisition Corp. (formerly Red Apple Leasing, Inc.), a corporation wholly owned by John Catsimatidis, leases equipment to the Company. Such leases are primarily for store operating equipment. Obligations under capital leases at December 3, 2000 were \$63,042 and require monthly payments of \$35,114 through March 1, 2001. Obligations under operating leases were \$41,676 per month during Fiscal 2000.

Advertising services are provided to the Company by an affiliated company, MCV Advertising Associates Inc., a company owned by John Catsimatidis. For Fiscal 2000 the costs incurred were \$1,306,218.

By virtue of his ownership of Common Stock and his position as Chairman of the Board of the Company, John Catsimatidis may be deemed to be a "parent" of

Edgar Filing: GRISTEDES FOODS INC - Form DEF 14C

the Company under rules promulgated by the Commission.

The Company leases five locations: a 25,000 square foot warehouse, its office facilities and four supermarket locations from Red Apple Real Estate, Inc., a corporation wholly owned by John Catsimatidis. During Fiscal 2000 the Company paid to Red Apple Real Estate, Inc. \$1,236,420 for rent and real estate taxes under such leases. The lease terms provide for an aggregate of \$1,561,000 per year in lease payments. The leases are triple net whereby the tenant pays all real estate taxes and maintenance.

Wolf, Block, Schorr and Solis-Cohen LLP, a law firm of which Martin Bring, a director of the Company, is a member, charged fees of approximately \$225,322 for rendering legal services to the Company during Fiscal 2000.

On the Company's balance sheet as of December 3, 2000 (the "December 3, 2000 Balance Sheet") amounts due to an affiliate, United Acquisition Corp., a corporation wholly owned by John Catsimatidis, represent liabilities in connection with the consummation of the 1997 merger of the Company with certain corporations owned by Mr. Catsimatidis (the "Food Group Acquisition") and additional advances made by the affiliate since the merger. The affiliate has agreed not to demand payment of these liabilities in the next fiscal year. Accordingly, the liability has been classified as noncurrent. As part of post-closing adjustments in connection with the Food Group Acquisition, approximately \$3,600,000 in due from affiliates has been offset against the amounts due to United Acquisition Corp. The net amount due to affiliate at December 3, 2000 and November 28, 1999 was \$12,129,031 and \$9,113,500, respectively; of these amounts \$9,000,000 was subordinated to the Company's banks. The liability does not bear interest.

Due from related parties - trade, on the December 3, 2000 Balance Sheet represents amounts due from affiliated companies for merchandise shipped from the Company's subsidiary, City Produce Operating Corp., in the ordinary course of business and for which payments are made to such subsidiary on a continuous basis, as well as management fees receivable for administrative and managerial services performed for the affiliated companies by the Company. During Fiscal 2000, merchandise sales to affiliates were \$636,562. This affiliate purchased its merchandise from a third party prior to Fiscal 2000.

On February 6, 1998, the Company agreed to purchase substantially all of the assets and assumed certain of the liabilities of a supermarket located at 1644 York Avenue, New York City, that was owned by a corporation

11

controlled by John Catsimatidis. On March 1, 2000 the Company and the affiliate determined to restructure the transaction by rescinding the purchase effective as of February 6, 1998, and entering into an operating agreement which gives the Company full control of the supermarket and the right to operate the supermarket for the account of the Company. The operating agreement terminates on December 3, 2000, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Since such notice has not been given, the term of the agreement has been extended until December 2, 2002. Under the operating agreement, the Company shall pay to the affiliate \$1.00 per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). Pursuant to the operating agreement the Company or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for \$2,778,000, which price is the fair market price of the supermarket established on October 11, 1999 by the Company's directors (excluding John Catsimatidis).

Edgar Filing: GRISTEDES FOODS INC - Form DEF 14C

In May 2000, another affiliate and the Company entered into a similar operating agreement for a store owned by the affiliate. As consideration, the affiliate receives the nominal amount of \$1 per annum, plus such other consideration as may be approved by the Company's directors (excluding John Catsimatidis). The operating agreement terminates on May 10, 2001, but the term shall be extended for additional one year periods unless either party shall give notice of termination not later than 90 days prior to the end of the then current term of the agreement. Since such notice was not given, the term of the agreement has been extended to May 10, 2002. Pursuant to the operating agreement, the Company, or any designee of the Company, also has the option until December 31, 2005 to purchase the supermarket for the fair market price of the supermarket as established by the Company's directors (excluding John Catsimatidis) using a valuation criterion similar to that issued for valuing the store at 1644 York Avenue, New York City. It is management's opinion that the fair market value of this store is approximately \$3 million.

The affiliates' intention in entering into these two operating agreements where the Company enjoys full benefits of ownership for the nominal consideration of \$1 per annum per store was to effect post closing adjustments in connection with the Food Group Acquisition. If the option to purchase the supermarkets is exercised, the excess of the purchase price over the net book value of the assets will be shown as a charge to equity.

In connection with the restructure of the transaction relating to the supermarket located at 1644 York Avenue, \$3,072,000 is included in "Due from related parties - other" on the December 3, 2000 Balance Sheet. This amount was subsequently fully paid.

During Fiscal 1999 Mr. John Catsimatidis issued a limited \$600,000 guarantee of the collection of all accounts receivable acquired pursuant to the Food Group Acquisition and agreed not to permit the level of the Company's liability due to the affiliate to fall below \$600,000, prior to the issuance of the fiscal year ended December 3, 2000 audited financial statements. In Fiscal 2000 such limited guarantee and commitment regarding the level of the Company's liability to the affiliate was extended until prior to the issuance of the fiscal year ending December 2, 2001 audited financial statements, in the amount of \$700,000.

The Committee shall be comprised of at least three (3) directors designated by the Board who are independent of the Company's management to the extent required by the rules of the American Stock Exchange LLC (the "AMEX"), and who meet the knowledge and experience requirements of the AMEX rules, including, that each independent director is able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement and that at least one member of the Audit Committee has past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background which results in such person's financial sophistication.
