Appointment and Revocation Of Proxies

The individuals named in the accompanying form of proxy are the Chairman of the Board of Directors of the Company and the President and Chief Executive Officer of the Company. **A shareholder wishing to appoint some other person (who need not be a shareholder) to represent him at the Meeting has the right to do so, either by inserting such person's name in the blank space provided in the form of proxy or by completing another form of proxy. A form of proxy will not be valid unless it is completed and delivered to the office of Computershare Trust Company of Canada by fax to (416) 263-9524 or by mail or by hand to 100 University Avenue, Toronto, Ontario, Canada, V5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting at which the person named therein purports to vote in respect thereof.**

A shareholder who has given a proxy may revoke it by an instrument in writing delivered either to Computershare Trust Company of Canada as specified above or to the registered office of the Company by fax to (604) 685-7084 or by mail or by hand to 1500, 1055 West Georgia Street, P.O. In addition, a revocation of a proxy does not affect any matter on which a vote has been taken before the revocation.

Registered and Unregistered Shareholders

Registered shareholders may vote the shares they hold in the Company either by attending the Meeting in person or, if they do not plan to attend the Meeting, by completing the proxy and following the delivery instructions contained in the form of proxy and this Information Circular.

Unregistered shareholders, being persons whose holdings of shares of the Company are registered in the name of a stockbroker or financial intermediary (each an Intermediary), must follow special procedures if they wish to vote at the Meeting. To vote in person at the Meeting, an unregistered shareholder must insert his or her name in the space provided for in the form of proxy for the appointment of a person, other than the persons named in the proxy, as proxyholder and have the proxy signed by the Intermediary. In such case, the unregistered shareholder attends as a proxyholder for their own shareholdings and will be subject to the same limitations as any other proxyholder in voting shares (see Exercise of Discretion). If the unregistered shareholder does not plan to attend the Meeting, the unregistered shareholder can vote by proxy, by following the instructions included on the proxy and provided to the

- 2 -

unregistered shareholder by the relevant Intermediary. In either case, the proxy must be delivered in the manner provided for in this Information Circular or as instructed by the shareholder's Intermediary. **An unregistered shareholder who does not follow the instructions for delivery of the relevant form of proxy and who attends the Meeting will not be entitled to vote at the Meeting.**

Exercise of Discretion

The nominees named in the accompanying form of proxy will vote or withhold from voting the common shares without par value of the Company (Shares) represented thereby in accordance with the instructions of the shareholders on any ballot that may be called for. The proxy confers discretionary authority upon the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of auditors and the election of directors of the Company (Directors);
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that may properly come before the Meeting.

In respect of matters for which a choice is not specified in the form of proxy, the nominees named in the accompanying form of proxy will vote Shares represented by the proxy FOR the approval of such matter or group of matters described in the proxy.

As of the date of this Information Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter is properly brought before the Meeting, each nominee intends to vote thereon in accordance with his best judgment.

CORPORATE GOVERNANCE, COMMITTEES AND REPORTS

Corporate Governance

The Toronto Stock Exchange (the TSE) requires that every listed company incorporated in Canada or a province of Canada must disclose on an annual basis its approach to corporate governance. The Company has elected to incorporate the required disclosure in this Information Circular. The following disclosure was approved by the Board at a meeting held on February 22, 2002.

Stewardship of the Company

The Board is empowered by the Company's Articles to manage, or supervise the management of the affairs and business of the Company. The Board performs this function through quarterly and special meetings and has delegated certain of its responsibilities to those committees described below under Structure and Duties of Committees . In addition, the Board has established policies and procedures that limit the ability of management to carry out certain specific activities without the prior approval of the Board.

The planning process, related not only to current mining operations, but also to the acquisition and development of new properties or the acquisition of companies which control properties which are of interest to the Company, is of key importance to a corporation the size of the Company. The Board is actively involved in this planning process thereby carrying out its duty to take steps to increase shareholder value. The planning process in respect of current mining operations is accomplished through a yearly review and approval process wherein the Board reviews a rolling, five-year budget which is presented by management. The planning process with respect to the acquisition of properties or other companies is carried out by the full Board reviewing proposals brought to it by management. Outside consultants and professionals are engaged when required by the Board. All material acquisitions and material asset dispositions require approval of the Board.

The Board, as part of the planning process, has identified the principal risks associated with the Company's business and has taken steps to deal with them. The Board has adopted an Environmental Compliance Program that is administered by the Audit and Environment Committee. This Committee reports to the Board on a quarterly basis, thereby enabling the Board to monitor the effectiveness of the Environmental Compliance Program.

The Board has delegated responsibility for communication with the public and the Company's shareholders to its President and Chief Executive Officer, Senior Vice President Administration and Vice President, Investor Relations. Procedures are in place to ensure proper dissemination of news releases and that shareholders who request information about the Company receive it in a timely manner. In addition, the Board has adopted a Corporate Disclosure, Confidentiality and Insider Reporting Policy which sets out rules for the disclosure of corporate

information, the obligation of Directors, officers and employees of the Company to hold non-disclosed material information confidential and the trading and reporting of sales of Shares of the Company.

The responsibility for monitoring the effectiveness of the Company's internal financial information systems has been delegated to the Company's Chief Financial Officer who reports to the Board on a quarterly basis. The duty of monitoring the technical affairs of the Company falls on the President and Chief Executive Officer who is a member of the Board.

The Board does not have in place formal programs for succession of management and training of management. Due to the size of the Company, management personnel who are already trained are engaged as required to fill vacancies.

Constitution of the Board

The Board is currently comprised of 7 persons of which the 5 Directors who are not officers or employees of the Company are unrelated Directors and as such are independent from management. The remaining 2 members on the Board are the non-executive Chairman of the Board, who is not an employee of Company, and the President and Chief Executive Officer of the Company, who is an employee of Company. Accordingly, a majority of the members of the Board are unrelated to management and as such the Board is in a position to act independently from management.

Structure and Duties of Committees

Audit and Environment Committee

The Company's Audit and Environment Committee (referred to in this Information Circular as the Audit Committee) is comprised of Kenneth F. Williamson, A. Ian S. Davidson, James R. Billingsley and Jean Depatie, all of whom are independent of management. The Audit Committee has both audit and environmental functions. In carrying out its audit function, the Committee reviews audits, considers the adequacy of the audit procedures, recommends the appointment of independent auditors, reviews and approves professional services to be rendered by them and reviews fees for audit services. On August 4, 2000, the Board adopted a charter for the Audit Committee to follow in carrying out its audit and financial review functions. This charter was reviewed by the Audit Committee on February 21, 2002 and was determined to be adequate. The Board has determined that each member of the Audit Committee is independent, as that term is used in Part 303.01 of the Listed Company Manual of the New York Stock Exchange.

The Audit Committee's environmental review function includes arranging for and reviewing the annual independent environmental audit of the Company's operations. The responsibility of the Audit Committee is to ensure adherence to the Company's Environmental Compliance Program (the Program), to review the effectiveness of the Program and to ensure that environmental incidents are dealt with expeditiously.

Corporate Compensation Committee

The Company has a Corporate Compensation Committee whose current members are A. Dan Rovig, A. Ian S. Davidson, Leonard Harris and C. Kevin McArthur (as a non-voting member). All voting members of this Committee are independent of management. The function of the Corporate Compensation Committee is to review on an annual basis, the compensation paid to the Company's Directors, to review the performance and compensation paid to the Company's executive officers and to make recommendations on compensation to the Board. In addition, the Corporate Compensation Committee reviews annually the compensation plans for the Company's non-executive staff. The philosophy of the Corporate Compensation Committee is stated below under Report of the Corporate Compensation Committee on Compensation of Executive Officers and Others.

Corporate Governance Committee

The Company's Corporate Governance Committee is comprised of James R. Billingsley, Leonard Harris and Kenneth F. Williamson, all of whom are independent of management. The Corporate Governance Committee has

been given the responsibility of developing and recommending to the Board the Company's approach to corporate governance. This Committee has had a Directors' Manual prepared and distributed to all directors to assist members of the Board in carrying out their duties. The Corporate Governance Committee also reviews with management all rules and policies applicable to governance of the Company to assure that the Company remains in full compliance with such requirements.

Nominating Committee

The Board has established a Nominating Committee that has been assigned the responsibility for recommending and attracting Board members. This Committee is comprised of Jean Depatie, A. Dan Rovig and C. Kevin McArthur, the President and Chief Executive Officer of the Company. A majority of the members of this Committee are independent of management. Though the TSE guidelines on corporate governance recommend that the Nominating Committee be comprised entirely of non-management directors, the Board has determined that the input of the President and Chief Executive Officer on the Nominating Committee is helpful to the Committee in evaluating nominees for the position of Director.

While the Company does not have a formal procedure for assessing and evaluating the effectiveness of the members of the Board and its committees, this function is carried out by the Nominating Committee on an annual basis when evaluating and recommending persons as nominees for the position of Director of the Company.

The *Company Act* (British Columbia) requires that the Company, not less than 56 days before it holds a general meeting at which a director is to be elected, publish an advance notice of the meeting that, among other things, invites written nominations for Directors signed by members holding in the aggregate not less than 10% of the Shares having the right to vote at the Meeting. If a nomination is received, the information concerning the nominee required to be furnished in this Information Circular is to be included with management's list of nominees. The required notice was published on March 13, 2002. No nominees for Director were received from the members.

Report of the Corporate Compensation Committee on Compensation of Executive Officers and Others

The Company's Corporate Compensation Committee, comprised of Messrs. A. Ian S. Davidson, Leonard Harris and A. Dan Rovig as voting members and C. Kevin McArthur as a non-voting member, reviews the compensation of the Company's executive officers annually.

It is the policy of the Committee to compensate the Company's executive officers by both direct remuneration and entitlement to Share purchase options. To date, the Committee has not established any compensation criteria related to individual or corporate performance, other than that compensation in the form of Share purchase options in excess of the amounts stated in employment contracts, is tied in part to both individual and Company performance.

The Committee reviews several factors in determining, on an annual basis, the total compensation payable to the President and Chief Executive Officer. In particular, the Committee reviews publicly available data and data provided by independent third parties regarding compensation paid to Chief Executive Officers of other public companies of a similar size to the Company in the metals and mining industry. Additionally, the Committee considers the specific performance of the Chief Executive Officer during the proceeding year, including generally the performance of the Company as a whole as measured by its financial performance, operational performance and specific strategic achievements.

The Committee also reviews the compensation paid to Directors of the Company. The compensation paid to the Directors is based on the Committee's analysis of the time and effort devoted by the Directors to the meetings and affairs of the Company, as well as various surveys of compensation paid to directors of other public companies of a similar size to the Company in the metals and mining industry. In addition, Directors are entitled to receive Share

- 9 -

purchase options under the Company's Incentive Share Purchase Option Plan. The Committee's current policy is to provide the Chairman with a 220,000 Share purchase option and each outside director with a 120,000 Share purchase option. All Share purchase options granted to Directors are immediately exercisable. APPOINTMENT OF AUDITORS

KPMG LLP, Chartered Accountants, of 777 Dunsmuir Street, Vancouver, British Columbia, will be nominated at the Meeting at a remuneration to be fixed by the directors. KPMG LLP have been the auditors of the Company since March 11, 1986.

It is anticipated that a representative of KPMG LLP will be in attendance at the Meeting and will be given an opportunity to make a statement if he desires and will be available to respond to appropriate questions.

The Board unanimously recommends that each shareholder vote FOR the appointment of KPMG LLP as auditor of the Company for the ensuing year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

To the knowledge of management of the Company, no Director or executive officer of the Company or nominee for election as a Director or any security holder known to the Company to own of record or beneficially more than 10% of the Company's outstanding Shares or any member of the immediate family of any of the foregoing persons had any interest in any material transaction during the year ended December 31, 2001, or has any interest in any material transaction in the current year.

ANNUAL REPORT

The Annual Report to Shareholders of the Company for the fiscal year ended December 31, 2001, which includes audited consolidated financial statements, will be mailed to Shareholders contemporaneously with this Information Circular, but such Annual Report is not incorporated into this Information Circular and is not deemed to be a part of the proxy-soliciting material.

AMENDMENT TO SHARE PURCHASE OPTION PLAN

On February 22, 2002, the Board approved the allotment of an additional 4,330,430 Shares (the Additional Shares) of the Company for issuance under the Company's September 30, 1995 Incentive Share Purchase Option Plan, as amended (the Plan). The Additional Shares, together with the Shares that remain subject to the Plan as at January 31, 2002, represents 10% of the issued Shares as at January 31, 2002. The purpose of the increase is two fold: to allow the Board to continue to grant options (Options) under the Plan as a component of remuneration for Directors, officers and employees of the Company or any subsidiary or affiliate of the Company and to allow the Company to more easily meet its share purchase option exchange commitments which arise through the acquisition by the Company of other companies. Typically, the acquired company will have outstanding share purchase options that are converted, as part of the acquisition, into rights to acquire Shares and the simplest way for the Company to meet these obligations is to grant replacement options under the Plan.

The allotment of the Additional Shares for issuance under the Plan is subject to the approval of the TSE and the shareholders of the Company. Pursuant to applicable policies of the TSE, shareholder approval of the allotment of the Additional Shares to the Plan is to be by a simple majority of the votes cast by or on behalf of shareholders entitled to vote at the Meeting. Pursuant to applicable policies of the New York Stock Exchange (the NYSE), shareholder approval for the allotment of the Additional Shares to the Plan is required prior to the additional Shares being listed. The minimum shareholder vote required by the NYSE to approve the allotment of the Additional Shares to the Plan is approval by a simple majority of votes cast by or on behalf of shareholders entitled to vote at

the Meeting, provided that the total vote cast at the Meeting on the proposal represents over 50% of the issued Shares.

The Board unanimously recommends that each shareholder vote for the allocation of Additional Shares to the Plan.

Shareholders approved the adoption of the Plan (the Plan) on November 2, 1995. At that time 2,600,000 Shares were allotted for issuance under the Plan. On May 3, 2000 shareholders approved the allotment of an additional 2,016,800 Shares for issuance under the Plan, for an aggregate of 4,616,800 Shares. As at January 31, 2002, 1,293,500 Shares had been issued upon the exercise of Options under the Plan, 2,129,000 Shares remained subject to Options granted under the Plan and 1,194,300 Shares remained available for the grant of Options under the Plan. If the requested resolution is passed, 5,524,730 Shares will, as at January 31, 2002, be available for the grant of Options under the Plan.

The Plan provides:

for the Board to fix the term of Options at not more than 10 years and to establish the terms under which Options may be exercised;

for the exercise price under each Option to be:

- (a) the closing price of the Shares on the TSE on the last trading day before the Option is granted, or
- (b) if the Board determines that the price established under paragraph (a) is not a representative price,
 - (i) the simple average of the high and low trading prices per Share on the TSE for the last five trading days before the date the Option is granted, or
 - (ii) such other price as determined by the Board and approved by the TSE;

that one person may not hold Options representing more than 5% of the issued Shares at the time of grant of the Option; and

that
Shares
which
are
issued
upon the
exercise
of
Options
are to be
paid for
in cash.
