NOTES TO CONDENSED FINANCIAL STATEMENTS (UNAUDITED)

(1) Organization and Summary of Significant Accounting Policies

Organization and Basis of Presentation

Secure Alliance Holdings Corporation (the “Company,” “we,” “us,” or “our”) is a Delaware corporation which, through its wholly-owned subsidiaries, developed, manufactured, sold and supported automated teller machines (“ATMs”) and electronic cash security systems, consisting of the Timed Access Cash Controller (“TACC”) products and the Sentinel products (together, the “Cash Security” products), which were designed for the management of cash within various specialty retail markets, primarily in the United States.

We completed the sale of our ATM business on January 3, 2006 and the sale of our Cash Security business on October 2, 2006 as described more fully in our Annual Report on Form 10-K for the fiscal year ended September 30, 2006. On October 2, 2006, we became a shell public company and have had substantially no operations since that time.

The accompanying condensed consolidated interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, assuming we continue as a going concern, which contemplates the realization of the assets and the satisfaction of liabilities in the normal course of business, and are unaudited. In the opinion of management, the unaudited condensed consolidated interim financial statements include all adjustments, consisting only of normal, recurring adjustments, necessary for a fair presentation of the financial position as of December 31, 2006, the statements of operations and comprehensive loss and the statements of cash flows for the three months ended December 31, 2006 and 2005. Although management believes the unaudited interim disclosures in these condensed consolidated interim financial statements are adequate to make the information presented not misleading, certain information and footnote disclosures normally included in annual audited financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the rules of the Securities and Exchange Commission (the “SEC”). The unaudited results of operations for the three months ended December 31, 2006 are not necessarily indicative of the results to be expected for any quarterly period or for the entire year ending September 30, 2007. The unaudited consolidated interim financial statements included herein should be read in conjunction with the audited consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

Securities held to maturity and securities available for sale

Securities held to maturity are carried at amortized cost. Securities are designated as held to maturity only if the Company has the positive intent and ability to hold these securities to maturity. Securities available for sale are carried at fair value with the resulting unrealized gains or losses recorded in equity, net of tax. Premiums are amortized and discounts are accreted using the interest method over the estimated remaining term of the underlying security.

(2) Discontinued Operations

Sale of ATM Business

On February 19, 2005, the Company and its wholly-owned subsidiary, Secure Alliance, L.P., entered into NCR Asset Purchase Agreement with NCR EasyPoint, a wholly owned subsidiary of NCR Corporation, for the sale of our ATM

Business.

On December 28, 2005, the holders of 62.2% of our shares of outstanding common stock approved the NCR Asset Purchase Agreement.

On January 3, 2006, we completed the ATM Business Sale. The total purchase price was approximately \$10.4 million of which \$8.2 million was paid to Laurus into a collateral account to be held by Laurus as collateral for the satisfaction of all monetary obligations payable to Laurus, \$0.5 million was paid into an escrow account pending a post closing net asset value adjustment, and the remaining \$1.7 million was paid to the Company to be used for necessary working capital. This transaction resulted in a book gain of approximately \$3.5 million.

Table of Contents

We classified the ATM business as Assets Held for Sale as of December 31, 2005.

An analysis of the discontinued operations of the ATM business is as follows:

Sale of Cash Security Business and Related Agreements with Laurus

On September 25, 2006, the holders of a majority of shares of our outstanding common stock approved the sale of our electronic cash security business, consisting of (a) timed access cash controllers, (b) the Sentinel products, (c) the servicing, maintenance and repair of the timed access cash controllers or Sentinel products and (d) all other assets and business operations associated with the foregoing (the “Cash Security Business Sale”) to Sentinel Operating, L.P., a purchaser led by a management buyout team that included our former director and Interim Chief Executive Officer, Mark K. Levenick, and our former director, Raymond P. Landry. The Cash Security Asset Purchase Agreement provided for a cash purchase price of \$15,500,000, less \$100,000 as consideration for the Buyer assuming certain potential liability in connection with ongoing litigation, and less a working capital deficit adjustment of \$1,629,968, resulting in a net purchase price of \$13,770,032. In addition, Sentinel Operating L.P. paid a cash adjustment of \$2,458,718 to the Company at closing. The Cash Security Business Sale was completed on October 2, 2006.

We classified the Cash Security business as a discontinued operation for the three months ended December 31, 2005.

Pursuant to the Agreement Regarding the NCR Transaction and Other Asset Sales, dated November 26, 2004 (the “Asset Sales Agreement”), by and between the Company and Laurus Master Fund, Ltd. (“Laurus”), the Company agreed to pay to Laurus a portion of the excess net proceeds from the ATM business sale and the Cash Security Business Sale.

On June 9, 2006, we and Laurus entered into the Laurus Termination Agreement which, among other things, provided for the payment of a sale fee of \$8,508,963 to Laurus (the “Sale Fee”) in full satisfaction of all amounts payable to Laurus under the Asset Sales Agreement, including fees payable in respect of the ATM Business Sale and the Cash Security Business Sale. The Laurus Termination Agreement further provided that, upon payment of the Sale Fee and performance by the Company of its obligations under the Stock Redemption Agreement described below, neither the Company nor any of its subsidiaries will have any further obligation to Laurus. Further, each of the Company and Laurus has granted each other and their respective affiliates and subsidiaries reciprocal releases from and against any claims and causes of action that may exist.

We and Laurus entered a Stock Redemption Agreement on January 12, 2006 and as subsequently amended. Pursuant to the terms of the Stock Redemption Agreement: we agreed, among other things, (i) to repurchase from Laurus, upon the closing of the Cash Security Business Sale, all shares of our common stock held by Laurus, and (ii) Laurus agreed to the cancellation as of the closing date of the Cash Security Business Sale of warrants it holds to purchase 4,750,000 shares of our common stock at an exercise price of \$.30 per share, and not to exercise such warrants prior to the earlier to occur of September 30, 2006 and the date on which the Asset Purchase Agreement is terminated.

Table of Contents

Following the Cash Security Business Sale, on October 2, 2006, the Company applied the net purchase price, the cash adjustment, and \$5,400,000 in proceeds (together with accrued interest of \$206,798.72) from the ATM Business Sale, to pay the following amounts to Laurus: (i) \$8,508,963 pursuant to the terms of the Laurus Termination Agreement and (ii) \$6,545,340 representing the purchase from Laurus by the Company of 19,251,000 shares of Company common stock pursuant to the terms of the Stock Redemption Agreement. Following both such payments to Laurus, the Company received \$6,781,246 in net proceeds from the Cash Security Business Sale.

On October 2, 2006, following the foregoing payments to Laurus pursuant to the terms of the Laurus Termination Agreement and the Stock Redemption Agreement, no further fees remain payable by the Company to Laurus and, to our knowledge, Laurus does not own any shares of the Company.

We classified the Cash Security business as a discontinued operation for the three months ended December 31, 2005. We classified the Cash Security business as Assets Held for Sale as of September 30, 2006.

(3) Accounting policies related to Discontinued Operations which are Classified as Assets Held for Sale and discontinued operations

Inventories

Inventories are stated at the lower of cost or market. Cost is determined using the standard cost method and includes materials, labor and production overhead which approximates an average cost method. Reserves are provided to adjust any slow moving materials or goods to net realizable values.

Warranties

Certain products are sold under warranty against defects in materials and workmanship for a period of one to two years. A provision for estimated warranty costs is included in accrued liabilities and is charged to operations at the time of sale.

Accounts Receivable

We had significant investments in billed receivables as of September 30, 2006 and 2005. Billed receivables represent amounts billed upon the shipments of our products under our standard contract terms and conditions. Allowances for doubtful accounts and estimated non-recoverable costs primarily provide for losses that may be sustained on uncollectible receivables and claims. In estimating the allowance for doubtful accounts, we evaluate our contract receivables and thoroughly review historical collection experience, the financial condition of our customers, billing disputes and other factors. When we ultimately conclude that a receivable is uncollectible, the balance is charged against the allowance for doubtful accounts.

Revenue Recognition

Revenues are recognized at the time products are shipped to customers. We have no continuing obligation to provide services or upgrades to our products, other than a warranty against defects in materials and workmanship. We only recognize such revenues if there is persuasive evidence of an arrangement, the products have been delivered; there is a fixed or determinable sales price and a reasonable assurance of our ability to collect from the customer.

Our products contain imbedded software that is developed for inclusion within the equipment. We have not licensed, sold, leased or otherwise marketed such software separately. We have no continuing obligations after the delivery of our products and we do not enter into post-contract customer support arrangements related to any software embedded into our equipment.

Table of Contents**Research and Development Cost**

Research and development costs are expensed as incurred. Research and development costs charged to expense were \$0 and \$474,830 for the quarter ending December 31, 2006 and 2005 respectfully.

Shipping and Handling Cost

There was no Shipping and handling costs billed to customers during the quarter ended December 31, 2006 and a total of \$130,701 for the quarter ended December 31, 2005. We incurred no shipping and handling costs for the quarter ended December 31, 2006 and \$132,462 for the quarter ended December 31, 2005. The net expense of \$1,761 is included in selling expenses in the accompanying statement of operations for the quarter ended December 31, 2005.

(4) Earnings Per Share

The following is a reconciliation of the numerators and denominators of the basic and diluted earnings per share computation:

	Three months ended December 31,	
	2006	2005
Net Income (loss) (numerator for basic earnings per share)	\$ 6,564,661	\$ (1,168,795)
Weighted average common shares outstanding (denominator for basic earnings per share)	19,847,452	20,667,210
Dilutive shares outstanding	170,004	—
Weighted average common and dilutive shares outstanding (denominator for diluted earnings per share)	20,017,456	20,667,210
Basic earnings per share	\$.33	\$ (0.05)
Diluted earnings per share	\$.33	\$ (0.05)

Earnings per share data for all periods presented have been computed pursuant to SFAS No. 128, "Earnings Per Share" that requires a presentation of basic earnings per share (basic EPS) and diluted earnings per share (diluted EPS). Basic EPS excludes dilution and is determined by dividing income available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted EPS reflects the potential dilution that could occur if securities and other contracts to issue common stock were exercised or converted into common stock. As of December 31, 2006, we had no outstanding options, and we had outstanding warrants to purchase 697,500 shares with exercise prices ranging from \$.40 to \$.68 per share. Included in the computation of diluted EPS for the three months ended December 31, 2006 are options to purchase 623,150 shares to purchase common stock at a weighted average of \$1.27 per share. Excluded from the computation of diluted EPS for the three months ended December 31, 2005 were options to purchase 1,092,730 shares to purchase common stock at a weighted average of \$1.22 per share. Excluded from computation of diluted EPS for the three months ended December 31, 2005 were 5,890,000 warrants, with a remaining exercise price ranging from \$.30 to \$.40, as they would also be anti-dilutive.

(5) Marketable Securities Available- for- Sale

We own 2,022,000 of the common stock of Cashbox plc pursuant to our exercise of the Share Warrant Agreement in September 2005. On or about March 27, 2006, shares of Cashbox plc began trading on the AIM Market of the London Stock Exchange (the "Exchange"). Prior to Cashbox plc going public, we considered their shares not marketable, thus the shares were carried at cost. Since the shares are now public and market value is readily available, we determined the market value of the shares as of June 30, 2006 and pursuant to SFAS No. 115 "Accounting for Investments in

Equity and Debt Securities” we classified these shares as available for sale. Pursuant to the SFAS No. 115 the unrealized change in fair value during the three months ended December 31, 2006 was excluded from earnings and recorded net of tax as other comprehensive income.

Table of Contents

As of December 31, 2006, our common stock in Cashbox plc was recorded at a fair value of \$1,059,648. Unrealized gains on these shares of common stock, which were added to stockholders' equity as of December 31, 2006, were \$759,648.

As of December 31, 2006 we were restricted from selling any shares until the second anniversary of its admission to the Exchange unless we (i) consult with Cashbox's primary broker prior to the disposal of any shares and (ii) effect the disposal of the shares through Cashbox's primary broker from time to time and in such manner as such broker may require with a view to the maintenance of an orderly market in the shares of Cashbox.

(6) Status of Company

It is the present intention of the Company to review its financial position and consider all available alternatives including without limitation the acquisition of a new business or alternatively, the possible dissolution of the Company and liquidation of its assets, the discharge of any remaining liabilities, and the eventual distribution of the remaining assets to stockholders. Although management currently does not expect to liquidate the Company, if it later determines that liquidation is in the best interest of stockholders, such action will require the approval of the holders of a majority of the Company's then outstanding shares of common stock. If liquidation does occur there can be no assurances as to the amount of liquidation proceeds that might eventually be distributed to stockholders.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion and analysis together with our consolidated financial statements and notes thereto and the discussion "Management's Discussion and Analysis of Financial Condition and Results of Operations," "Risk Factors" and "Forward-Looking Statements" included in 2006 Annual Report on Form 10-K for the Fiscal Year Ended September 30, 2006. The following information contains forward-looking statements, which are subject to risks and uncertainties. Should one or more of these risks or uncertainties materialize, actual results may differ from those expressed or implied by the forward-looking statements.

General

On October 2, 2006 we completed the Cash Security Business Sale. The Cash Security Asset Purchase Agreement provided for a cash purchase price of \$15,500,000, less \$100,000 as consideration for the buyer, Sentinel Operating, L.P. assuming certain potential liability in connection with ongoing litigation and less a working capital deficit adjustment of \$1,629,968, which resulted in a net purchase price of \$13,770,032.
