The Registrant has preliminarily determined that its unaudited total revenue for the three months ended March 31, 2008 was about \$6,893,000 as compared to the three months ended March 31, 2007 total revenue of about \$8,490,000. Unaudited pre-tax income for the three month period ended March 31, 2008 has preliminarily determined to be about \$104,000, as compared to pre-tax income of about \$639,000 for the three month period ended March 31, 2007. As of May 11, 2008, the Registrant's unaudited production backlog was approximately \$12,432,000, as compared to approximately \$11,215,000 at the same date in 2007. The Company

Edgar Filing: SMITH MIDLAND CORP - Form NT 10-Q

traditionally does not include projects in its production backlog calculation until the customer signs a complete contract.

The Company also maintains a regularly occurring repeat customer business, which should be considered in addition to the ordered production backlog described above. Historically, this regularly occurring repeat customer business is equal to approximately \$7,000,000 (unaudited) annually.

In addition, the Company has approximately \$8,000,000 (unaudited) of pending contracts not included in the unaudited production backlog. The Company estimates a very high probability of successfully securing these contracts.
