## ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On August 21, 2008, Apollo Gold Corporation (the “Issuer”) completed a private placement to Canadian purchasers of 17,000,000 common shares issued at Cdn\$0.50 per share on a “flow through” basis pursuant to the *Income Tax Act* (Canada) (the “Flow Through Shares”) for gross proceeds equal to Cdn\$8.5 million. The Company will use the gross proceeds from the sale of the Flow Through Shares for the pre-strip of the Black Fox open pit mine and other exploration activity at its Black Fox Project. These exploration costs will qualify as “Canadian Exploration Expenses” as defined in the *Income Tax Act* (Canada) and will be renounced in favor of the purchasers of the Flow Through Shares. In connection with the offering of the Flow Through Shares (“Offering”), the Issuer entered into agreements described below.

The Flow Through Shares were offered and sold to residents of Canada in reliance on the exemption from registration contained in Regulation S of the U.S. Securities Act of 1933, as amended.

### *Underwriting Agreement*

In connection with the placement of the Flow Through Shares, the Issuer entered into an Underwriting Agreement with Haywood Securities Inc. (“Haywood”) dated August 21, 2008 (the “Underwriting Agreement”). Pursuant to the Underwriting Agreement, Haywood agreed to act as underwriter/agent in respect of the Offering and, in consideration therefor, the Issuer paid Haywood a cash underwriting commission equal to the amount of Cdn\$0.0325 (6.5% of the per share price in the Offering) for each Flow Through Share subscribed for and accepted by the Issuer, including any Flow Through Shares purchased by Haywood (which commission in the aggregate was equal to Cdn\$55,250). The Issuer also issued to Haywood compensation options (“Compensation Options”) to purchase 1,020,000 common shares (6% of the number of Flow Through Shares sold in the Offering). Each Compensation Option is exercisable into one common share of the Issuer at a price of Cdn\$0.50 for a period of 18 months from the closing date of the Offering. In addition, the Issuer paid all of Haywood’s costs and expenses incidental to the placement of the Flow Through Shares. The foregoing description is qualified in its entirety by reference to the Underwriting Agreement and the Compensation Option Certificate attached to this Current Report on Form 8-K as Exhibits 1.1 and 4.1, respectively.

### *Subscription Agreements*

Each of the purchasers of Flow Through Shares entered into Subscription Agreements with the Issuer (each a “Subscription Agreement”) pursuant to which the Issuer agreed to issue Flow Through Shares to the purchasers at a price of Cdn\$0.50 per Flow Through Share. The foregoing description is qualified in its entirety by reference to the form of Subscription Agreement attached to this Current Report on Form 8-K as Exhibit 4.2.

### *Registration Rights Agreements*

Each of the purchasers of the Flow Through Shares and Haywood entered into a Registration Rights Agreement with the Issuer (collectively, the “Registration Rights Agreements”). The terms of the Registration Rights Agreements require the Issuer to register the Flow Through Shares and the shares issued upon exercise of the Compensation Options for resale on a registration statement to be filed with the U.S. Securities and Exchange Commission. The foregoing description of the Registration Rights Agreement is qualified in its entirety by reference to the form of Registration Rights Agreement attached to this Current Report on Form 8-K as Exhibit 4.3.
