PROXY STATEMENT FOR THE ANNUAL MEETING OF
STOCKHOLDERS TO BE HELD MAY 29, 2009

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Buckle, Inc. ("the Company") for use at the Annual Meeting of Stockholders of the Company to be held May 29, 2009, or at any adjournments of said meeting (the "Meeting"). The enclosed form of proxy, if executed, may nevertheless be revoked at any time insofar as it has not been exercised. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with any directions given; or if no direction is indicated, it will be voted in favor of the proposals set forth in the notice attached hereto.

The Company will bear the cost of solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, by internet, or by telephone. Copies of the Proxy Statement and proxy form will be first provided to stockholders on April 17, 2009.

VOTING INFORMATION

As of March 26, 2009, the Company has outstanding 46,149,905 shares of Common Stock. Each share of Common Stock is entitled to one vote. Only stockholders of record on March 26, 2009 will be entitled to vote at the Annual Meeting of Stockholders. A holder of Common Stock is entitled to cumulate his or her votes in the election of Directors and may give one or more candidates as many votes as the number of Directors to be elected multiplied by the total number of shares owned by such stockholder. Under Nebraska law there are no conditions precedent to the exercise of cumulative voting rights. On all other matters which may come before the Meeting, each holder of Common Stock will be entitled to one vote for each share owned.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspector appointed for the meeting and will determine whether or not a quorum is present. The election inspector will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

The Company's CEO, Dennis H. Nelson, filed such a certification with the NYSE for fiscal 2008.

Director Compensation

For their services as Directors in fiscal 2008, the members of the Board of Directors who are not employees of the Company were paid \$12,000 annually, \$3,000 for each quarterly Board meeting they attended, \$500 for each telephonic meeting less than 30 minutes, and \$1,000 for each telephonic meeting lasting 30 minutes or longer, held for the Board or any committee thereof. In addition, prior to fiscal 2009, each non-employee Director (a Director of the Company who is not an officer or employee of the Company) was annually granted stock options to purchase shares of Common Stock of the Company. Effective with the fiscal year beginning February 1, 2009, the Company replaced the Director Stock Option Plan with the 2008 Director Restricted Stock Plan, approved by shareholders on May 28, 2008. Under the 2008 Director Restricted Stock Plan, 2,250 shares of non-vested stock are granted annually to each non-employee Director on the first day of each fiscal year, with the first grants being made on February 1, 2009. The Plan also provides that each non-employee Director be granted 750 shares of non-vested stock on the date such Director is first elected to the Board of Directors of the Company. The shares granted are vested 25 percent immediately, with an additional 25 percent vesting on each of the first three successive anniversaries of the date of the issuance.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Company is engaged in a highly competitive industry, with fashion, selection, quality, price, location, store environment, and service being the principal competitive factors. In order to compete and succeed, the Company believes that it must be able to attract, motivate, and retain highly qualified executives. The Company emphasizes the promotion of store managers and other management personnel from within. The Company's compensation philosophy is that each member in a position to make the Company grow should be rewarded for growth and, as such, the plan is intended to provide a relationship between the compensation earned by executive officers and the creation of value for shareholders. The Company has a team philosophy, reflected by the facts that (i) employees have always been referred to as "teammates"; and (ii) performance goals upon which performance bonuses for executive officers are based, are strategic goals for Company performance, not individual goals.

Elements of Executive Compensation

For fiscal 2008, the compensation program for all executive officers, including Mr. Dennis H. Nelson, who serves as President and Chief Executive Officer, and Karen B. Rhoads, who serves as Vice-President of Finance, Treasurer, and Chief Financial Officer, consisted of:

- competitive base salary;
- incentive cash bonus, based upon the actual performance of the Company;
- benefits including a health and welfare plan, 401(k) plan, and supplemental non-qualified deferred compensation plan (to provide officers with a benefit comparable to that being currently provided to other employees under the 401(k) plan); and
- shares of Restricted Stock (hereafter referred to as "Non-Vested Stock" in accordance with terminology used in Generally Accepted Accounting Principles ("GAAP")).

The first three elements listed above are short-term in nature and designed to attract, motivate, and retain a talented executive team. Non-Vested Stock provides a long-term incentive designed to reward executives for the achievement of sustainable growth in shareholder value. Non-Vested Stock was granted in accordance with the 2008 Management Incentive Plan, which was previously approved by the stockholders.

Salary

Fiscal 2008 salaries for executive officers were set in January 2008 and were increased over salaries paid for fiscal 2007. The salary amounts are reported in the Summary Compensation Table on page 13. When establishing base salaries, the Compensation Committee considered factors such as the seniority of the individual, the functional role of the position, the level of the individual's responsibility, the ability to replace the individual, the base salary of the individual in prior years with the Company, and the number and availability of well qualified candidates to assume the individual's role. Base salary ranges are reviewed and re-established by the Compensation Committee annually.

Incentive Cash Bonus

The 2008 Management Incentive Plan, which was approved by the stockholders at the Annual Meeting in 2008, in addition to creating a Bonus Pool as a cash incentive for executive officers, granted the Compensation Committee discretion to grant year-end cash incentives for extraordinary events as may be determined by the Compensation Committee. No discretionary awards were made pursuant to that authority.

The Bonus Pool for fiscal 2008 included 8.5% of the increase in Same Store Sales (as defined in the Plan), 5% of the increase in Gross Margin (as defined in the Plan), and 15% of the increase in Pre-Bonus Net Income (as defined in the Plan). The base year amounts under the Plan are the immediately preceding fiscal year for Same Store Sales and the prior three-year rolling average for Gross Margin and Pre-Bonus Net Income. For fiscal 2008, the Company achieved the incentive goal in each of the following three criteria: Same Store Sales, Gross Margin, and Pre-Bonus Net Income. The Bonus Pool, computed in accordance with the 2008 Management Incentive Plan, was \$13,668,875, which was allocated among the executive officers as disclosed in the Summary Compensation Table on page 13.

Management of the Company has identified both Same Store Sales and Gross Margin as key indicators of Company performance, and the Compensation Committee has determined that growth in both Same Store Sales and Gross Margin, as well as growth in Pre-Bonus Net Income (as defined) will likely translate to an increase in the share price of the Company's stock, thereby aligning management's focus with that of the Company's stockholders.

Non-Vested Stock

Non-Vested Stock is currently the only long-term compensation component of the Company's executive compensation program. Beginning in 2005, for a variety of market and competitive reasons, the Compensation Committee started limiting the use of stock options as long-term incentive compensation and instead began making grants of Non-Vested Stock. The Compensation Committee believes that the use of Non-Vested Stock brings a greater degree of predictability and stability to the long-term incentive component of the management compensation program and more closely aligns the interests of management with those of shareholders.

The Compensation Committee determines the number of shares of Non-Vested Stock to be granted to the President. The Compensation Committee also determines the number of shares of Non-Vested Stock to be granted to the other executive officers after consultation with the President. The objective is to align compensation with long-term stockholder return and create a compensation program that motivates management to focus both on immediate results and economic rewards and on creating sustainable, long-term enterprise value for the Company's stockholders. In addition, in determining the number of shares for Non-Vested Stock grants, the Compensation Committee considers (among other facts such as market and competitive data) dilution and potential dilution. The Compensation Committee considers the percentage of the total outstanding shares of the Company, determined on a fully diluted basis, represented by shares of Non-Vested Stock and the remaining outstanding stock options held both by executive officers and by all employees of the Company as a whole. A subcomponent of that dilution is represented by shares of Non-Vested Stock held by executive management.

Each grant of Non-Vested Stock vests only upon achievement of a Performance Goal and then in increments over a four-year period commencing on the date the Compensation Committee certifies that the Performance Goals were achieved. The Compensation Committee believes that a four-year vesting period motivates management to adopt a longer term perspective on Company performance while simultaneously developing a strong retention incentive for executive officers.

The Committee believes that the Performance Goal further aligns management's compensation with long-term stockholder returns. The Company is seeking stockholder approval of performance goals for performance-based grants under the 2005 Restricted Stock Plan. The Company intends that performance-based Non-Vested Stock grants for executive officers comply with the requirements for qualifying performance-based compensation under Section 162(m) of the Internal Revenue Code. For additional information, see Proposal 4, Proposal to Approve Performance-Based Awards Granted Pursuant to the Company's 2005 Restricted Stock Plan.

Shares of Non-Vested Stock were granted pursuant to the 2005 Restricted Stock Plan as of February 2, 2008 and vest according to the terms of the 2008 Management Incentive Plan. Those terms include a performance feature whereby

one-half of the shares vest over four years if a 5% increase in Pre-Bonus Net Income is achieved and the other one-half vest over four years if an 8% increase in Pre-Bonus Net Income is achieved. Shares granted for fiscal 2008 are disclosed in the Grants of Plan-Based Awards chart shown on page 14.

The Company achieved the Performance Goals set for fiscal 2008, thus all shares granted to executive officers and others on February 2, 2008, vested 20% immediately upon certification by the Compensation Committee that the goal had been met. The remaining shares will vest 20% on January 30, 2010 and 30% on each January 29, 2011 and January 28, 2012.

The Compensation Committee has considered the application of the Internal Revenue Code which disallows a public company's deduction for top executive's compensation in the excess of \$1,000,000. The Committee intends that all of the compensation payable to its executive officers be deductible for income tax purposes.

Option Grants in Last Fiscal Year

There were no stock options granted in fiscal 2008 to any executive officers. The Company granted 40,500 options to non-employee Directors during fiscal 2008. As suggested by the Commission's rules on executive compensation disclosure, the Company used the Black-Scholes model of option valuation to determine grant date fair value. The Company does not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. The present value calculations are based on a ten-year option term with an expected life of seven years. Assumptions also include: interest rate of 3.1%, annual dividend yield of 2.4%, and volatility of 33%.

Employment Agreements

The Company has no employment agreements under which any employee, including the executive officers, is entitled to employment for any specific period of time. Each fiscal year the named executive officers sign an acknowledgment which contains the anticipated compensation arrangement for the employee for the current fiscal year and acknowledges that the employee is an employee at will and that the terms of the employment arrangement can be changed by the Company or terminated by either the Company or the officer at any time. Each executive officer listed in the summary compensation table below receives a salary plus a cash incentive, based on growth in key performance categories, and Non-Vested Stock, as provided for in the 2008 Management Incentive Plan. For fiscal 2008 the acknowledgments provided base salary for each of these executive officers as follows: Dennis H. Nelson \$862,000, James E. Shada \$310,000 (reduced from \$495,000 following his employment status change on June 30, 2008), Patricia K. Whisler \$310,000, Brett P. Milkie \$300,000, Karen B. Rhoads \$262,000, and Kari G. Smith \$285,000. For fiscal 2007 and 2006, the bonus amounts were paid according to the 2007 Management Incentive Plan and the 2006 Management Incentive Plan, respectively. (See "Report of the Compensation Committee.")

Bonuses are payable before April 15 of the year following the year to which they related and are contingent upon the employee being employed by the Company on the last day of the fiscal year for which the bonus was earned. For purposes of computing bonuses for all executive officers identified in the summary compensation table "profits" mean Pre-Bonus, Pre-Tax Net Income, excluding income on cash and investments and after deducting bonus draws.

Related Party Transactions

The total amount owed to the Company by the Hirschfeld Family Trust is \$1,005,000 (\$600,000 principal plus \$405,000 of accrued interest). The loans are repayable with interest at the rate of 5 percent per annum and are represented by promissory notes dated July 27, 1994, July 14, 1995, and July 16, 1996, and are secured pursuant to, and in accordance with, the terms of a collateral assignment dated July 27, 1994, pursuant to which Jeffrey L. Orr, as Trustee, has assigned and conveyed to the Company, as security for the loan, all of the Trust's right, title, and interest in a certain life insurance policy owned by the Trust and insuring the life of Daniel J. Hirschfeld. The 1996 loan completed the planned periodic premium payments due on the insurance policy, requiring no additional loans.

Other Compensation

The Compensation Committee does not believe that perquisites and other compensation and benefits should play a major role in the overall executive compensation program. The Company's executive officers are offered the opportunity to defer a portion of their annual base salary and annual performance bonus through a 401(k) plan that is generally available Company-wide and through a more restricted (i.e., participation is limited to the Company's President and other executive officers) non-qualified deferred compensation program, both of which include Company matching contributions. The Compensation Committee views these deferral programs more as an individual retirement planning option for the employees and not as a long-term compensation program. The amount of Company matching contributions for each named executive officer is reported in a footnote to the Summary Compensation

Table.

The Company provided an annual automobile allowance and limited personal use of the Company's airplane to the Company's President and Executive Vice-President of Sales. The amount of these benefits is reported as a footnote to the Summary Compensation Table.

Potential Payments Upon Change in Control

Each of the Company's current stock option plans (i.e. the 1993 Director Stock Option Plan, the 1997 Executive Stock Option Plan, and the 1999 Employee Stock Option Plan) contain identical provisions which permit the Compensation Committee, in its sole discretion, either at the time an Award is made or at any time prior to, or coincident with or after the time of a Change in Control, to provide for the acceleration of any time periods relating to the exercise or realization of such Awards, to provide for the purchase of such Awards, upon the participant's request, for an amount of cash equal to the Change in Control Value (as defined) of such rights had such Awards been currently exercisable or payable, to make such adjustments to Awards then outstanding as the committee deems appropriate, or to cause the Awards then outstanding to be assumed or new rights substituted therefore by the surviving corporation in the Change in Control.

11

Generally a Change in Control is deemed to occur upon:

Any acquisition (other than by an employee benefit plan sponsored or maintained by the Company, or by Dan Hirschfeld, or any member of his family) of 25% or more of the then outstanding voting securities of the Company, or 25% of more of the total value of all equity securities, if, at the time of such acquisition, Dan Hirschfeld, members of his family and his affiliates own less than 50% of the outstanding voting securities of the Company or less than 50% of the total value of all equity securities of the Company;

If individuals who as of the effective date of each Plan constitute the Board of Directors of the Company, and subsequently elected members of the Board whose election is approved or recommended by at least a majority of the current members or their successors, cease for any reason to constitute at least a majority of the Board of Directors.

Approval by the stockholders of the Company of a merger, reorganization, or consolidation with respect to which the individuals and entities who were the respective beneficial owners of the Common Stock of the Company immediately before the merger, reorganization, or consolidation, do not, after such merger, reorganization, or consolidation, beneficially own, directly or indirectly, more than 60% of respectively, the then outstanding Common Shares and the combined voting power other than outstanding voting securities entitled to vote generally in the election of directors of the Corporation resulting from such merger, reorganization, or consolidation, or approval by the stockholders of a liquidation or dissolution of the Company, or the sale or other disposition of all or substantially all of the assets of the Company.

Commencing with options granted in 1997, the stock option agreements issued by the Company pursuant to the plans contain identical Change in Control provisions, which provide that if the option holder is terminated without Good Cause, or resigns for Good Reason, within twelve months of a Change in Control (as defined in the Plan and summarized above) then notwithstanding any other provision of the Agreement, all options shall be immediately vested effective as of the date of termination.

Generally, pursuant to the option agreements, "Good Cause" includes:

dishonesty, intentional breach of fiduciary obligation, or intentional wrongdoing or malfeasance;
conviction of a criminal violation involving fraud or dishonesty; or
material breach of the terms of any agreement between the employee and the Company.

Generally, pursuant to these agreements, "Good Reason" is deemed to exist when there is a:

significant reduction in the scope of the employee's authority;
reduction in the participant's rate of base pay;
the Company changes the principal location in which employee is required to perform services; or
the Company terminates or amends any incentive plan or retirement plan that, when considered in the aggregate with any substitute plan or plans, the incentive plans and retirement plans fail to provide employee with the level of benefits equivalent to at least 90% of the value of the level of benefits provided in the aggregate by the plans existing at the date of the Change in Control.

The "Restricted Stock Agreement" pursuant to which Non-Vested Stock is issued pursuant to the Company's 2005 Restricted Stock Plan contains identical provisions providing for the immediate vesting of all non-vested shares, for which Performance Goals have been achieved and certified, upon termination of employment within 12 months of a Change in Control, other than a termination for Good Cause or if the employee terminates his or her employment for other than a Good Reason.

If a Change in Control were to take place as of January 31, 2009, and the executives were to be terminated without Good Cause or resigned for Good Reason at such date, the estimated benefits that would be provided are as follows:

Name	Maximum Value of Accelerated Vesting of		Total

Proposal 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

For the years ended January 31, 2009 and February 2, 2008, professional services were performed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively “Deloitte & Touche”). Subject to stockholder ratification, the Audit Committee has re-appointed the firm of Deloitte & Touche LLP, an independent registered public accounting firm, as independent registered public accountants to audit the financial statements of the Company for the fiscal year 2009. Deloitte & Touche LLP has served as the independent auditors of the Company since December 1990.

The Board of Directors recommends that stockholders vote "FOR" such ratification. Unless contrary instructions are given, the proxies solicited by the Board of Directors will be voted "FOR" such ratification. Ratification will require affirmative vote of holders of a majority of the Common Stock present or in proxy, at the meeting.

Audit and audit-related fees aggregated \$451,033 and \$431,397 for the years ended January 31, 2009 and February 2, 2008, respectively, and were composed of the following:

Audit Fees

The aggregate fees billed for the audit of the Company's annual financial statements for the fiscal years ended January 31, 2009 and February 2, 2008, and for the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for the fiscal years were \$404,250 and \$360,000, respectively.

Audit-Related Fees

The aggregate fees billed for audit-related services for the fiscal years ended January 31, 2009 and February 2, 2008 were \$27,000 and \$23,200, respectively. These fees relate to the audit of the Company's 401(k) Profit Sharing Plan for the plan years ended January 31, 2008 and 2007.

Tax Fees

The aggregate fees billed for tax services for the fiscal years ended January 31, 2009 and February 2, 2008 were \$19,783 and \$48,197, respectively. These fees relate to preparation of the state and federal income tax returns and research on tax related matters for the fiscal years ended January 31, 2009 and February 2, 2008.

All Other Fees

The aggregate fees for services not included above were \$0 and \$0, respectively, for the fiscal years ended January 31, 2009 and February 2, 2008.

One or more representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Approval of this Proposal requires a favorable vote of the holders of a majority of the votes cast by all holders of the outstanding shares of Common Stock voting together as a single class at the meeting. Therefore, an abstention will not have the effect of a vote for or against the Proposal and will not be counted in determining the number of votes required for approval, but will be counted in determining the presence of a quorum.

Proposal 3

PROPOSAL TO APPROVE THE COMPANY'S 2009 MANAGEMENT INCENTIVE PLAN

The Board of Directors believes that the continued success of the Company depends on its ability to attract, retain, and motivate key employees. Accordingly, the Compensation Committee of the Board of Directors has reviewed the Company's executive incentive compensation program and recommends that the Company's stockholders approve the 2009 Management Incentive Plan (the "2009 Incentive Plan"). In order for payment of certain incentive awards to be deductible under the current Internal Revenue Code (the "Code"), such awards must be paid under a plan like the 2009 Incentive Plan, which has been approved by the stockholders. The 2009 Incentive Plan is set forth in Exhibit "A" to this Proxy Statement.

The following discussion is qualified in its entirety by reference to the text of the 2009 Incentive Plan.

Background

The 2009 Incentive Plan is modeled after the 2008 Management Incentive Plan approved by the stockholders of the Company at the Annual Meeting held in 2008 (the “2008 Incentive Plan”). The 2008 Incentive Plan was designed to motivate the Company’s key employees to improve stockholder value by linking a portion of their compensation to the Company’s financial performance. The 2008 Incentive Plan was a one-year plan. The 2009 Incentive Plan is also a one-year plan.

The goals of the Compensation Committee with regard to cash compensation have been and continue to be:

- to establish base salaries at a competitive level;
- to establish a cash bonus program that rewards exceptional performance;
- to eliminate cash bonuses based upon participation in the first dollar of profits; and
- to eliminate an automatic and mathematical bonus in the event that the Company's performance does not at least equal performance for the immediately preceding fiscal year.

Description of the Incentive Plan

The 2009 Incentive Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee must be comprised solely of Directors who are "Directors" as defined in Section 162(m) of the Code. The 2009 Incentive Plan encompasses two types of incentives:

- an annual Cash Award; and
- an annual grant of Non-Vested Stock pursuant to the 2005 Restricted Stock Plan.

The Committee's powers include authority, within the limitations set forth in the 2009 Incentive Plan, to:

- select the persons to be granted Cash Awards and Shares of Non-Vested Stock;
- determine the time when Cash Awards and Non-Vested Stock will be granted;
- determine whether objectives and conditions for earning Cash Awards and Non-Vested Stock have been met;
- determine whether payment of Cash Awards and Non-Vested Stock will be made at the end of an award period or deferred; and
- approve discretionary year-end cash incentives for extraordinary events.

Any employee of the Company whose performance the Committee determines can have a significant effect on the success of the Company - designated a Key Employee by the Plan - will be granted annual incentive Cash Awards under the 2009 Incentive Plan. Because the number of Key Employees may change over time and because the selection of participants is discretionary, it is impossible to determine the number of persons who will be eligible for awards under the 2009 Incentive Plan during its term. However, it is anticipated that seven persons will receive Cash Awards for fiscal 2009 under the 2009 Incentive Plan.

The 2009 Incentive Plan includes the creation of a Bonus Pool as a cash incentive for executives. This Bonus Pool will be calculated based upon dollars of growth in key performance categories compared to the Base Year Amounts, multiplied by the applicable percentage amounts as outlined in the plan, multiplied by a factor determined by the growth in Pre-Bonus Net Income (the "Pre-Bonus Net Income Factor"), and multiplied by a factor determined by the growth in Gross Margin (the "Margin Factor") (see Exhibit A). The applicable percentage amounts for the 2008 Incentive Plan include 8.0% of the increase in Same Store Sales, 4.5% of the increase in Margin, and 14% of the increase in Pre-Bonus Net Income. The Base Year Amounts are determined using the immediately preceding fiscal year for Same Store Sales and the prior three-year rolling average for Gross Margin and Pre-Bonus Net Income, with the prior fiscal year receiving a weighting factor of 4 and the other two years receiving a weighting factor of 1. The Pre-Bonus Net Income Factor is .80 of the increase in Pre-Bonus Net Income for increases from 0% to 19.99%; .70 for growth in Pre-Bonus Net Income of at least 20.0% and up to 29.99%; 0.64 for growth in Pre-Bonus Net Income of at least 30.0% and up to 39.99%; and .55 for growth in Pre-Bonus Net Income of 40% or greater. The Margin Factor is .80 for growth in Gross Margin up to 19.99%; .70 for growth in Gross Margin of at least 20.0% and up to 39.99%; and .64 for growth in Gross Margin of 40% or greater. Bonus Pool Awards pursuant to the 2009 Incentive Plan will be in addition to base salaries.

Cash Awards

Each participant in the 2009 Incentive Plan shall receive a Cash Award equal to 100% of the participant's share of the Bonus Pool. The President's share of the Bonus Pool is 39.2%, and the share of each other participant in the Bonus Pool shall be determined by the President prior to the first day of each plan year (or immediately upon adoption of the Plan).

No Cash Award payment for the year may be made to an Executive until the Company's Same Store Sales, Gross Margin, and Pre-Bonus Net Income for the year are certified by the Committee. A Participant shall not be entitled to receive payment of an Award unless such participant is still in the employ of the Company on the last day of the fiscal year for which the Cash Award is earned.

Non-Vested Stock

Non-Vested Stock was granted, subject to stockholder approval, to participants pursuant to the 2005 Restricted Stock Plan as of February 1, 2009. Shares awarded under the Plan will vest according to a performance feature whereby one-half of the shares granted will vest over four years if a 3% increase in fiscal 2009 Pre-Bonus Net Income is achieved, and the second half of the shares granted will vest over four years if a 6% increase in fiscal 2009 Pre-Bonus Net Income is achieved. Upon the Compensation Committee's certification of the achievement of the performance results, 20% of the Non-Vested Stock Shares would vest immediately, with 20% vesting in January 2011, 30% in January 2012, and 30% in February 2013. The participant must remain in the employ of the Company on the vesting date in order to become vested in the shares.

Amendments

The Committee may amend the 2009 Incentive Plan from time to time, provided that no amendment to the 2009 Incentive Plan shall be effective unless approved by the Company's stockholders, to the extent that such stockholder approval is required under Section 162(m) of the Code with respect to awards which are intended to qualify under that Section.

New Plan Benefits

No Cash Awards have been granted under the 2009 Incentive Plan, and it is not determinable what Cash Awards will be received by any employee under the 2009 Incentive Plan. However, the following table provides information concerning the Cash Award and Non-Vested Stock that would have been received by each of the following persons and groups for the last completed fiscal year had the 2009 Incentive Plan been in effect:

Proposal 4

PROPOSAL TO APPROVE PERFORMANCE-BASED AWARDS GRANTED PURSUANT TO THE
COMPANY'S 2005 RESTRICTED STOCK PLAN

On February 1, 2009, the Compensation Committee approved grants of Non-Vested Stock to certain executive officers of the Company pursuant to the 2005 Restricted Stock Plan, as follows:

Name	Number of Non-Vested Shares	Name	Number of Non-Vested Shares
Dennis H. Nelson	90,000	Patricia K. Whisler	15,000
Karen B. Rhoads	15,000	Brett P. Milkie	15,000
Kari G. Smith	15,000		

The shares of Non-Vested Stock were granted subject to a performance feature that requires that the Company's fiscal 2009 Pre-Bonus Net Income to increase at least 3% above the fiscal 2008 Pre-Bonus Net Income for one-half of the shares of Non-Vested Stock to be vested; and to increase 6% above the fiscal 2008 Pre-Bonus Net Income for the second half of the shares of Non-Vested Stock to be vested. The grant of Non-Vested Stock provides that if the performance target is met, the Non-Vested Stock will vest 20% upon the Compensation Committee's certification of the performance results, 20% in January 2011, 30% in January 2012, and 30% in February 2013. The participant must remain in the employ of the Company on the vesting date in order to become vested in the shares.

You are being asked to approve the terms of the Performance Goals. This approval is required under the Internal Revenue Code and Internal Revenue Service Regulations (the "Code") in order to preserve the Company's federal income tax deduction with respect to the grant of these Non-Vested Shares.

Purpose of Proposal

As discussed in the Report of the Compensation Committee in this Proxy Statement, the Company generally seeks to preserve its ability to claim tax deductions for compensation paid to executives to the greatest extent practicable. Section 162(m) of the Code sets limits on the Company's federal income tax deduction for compensation paid in any taxable year to an individual who, on the last day of the taxable year, was (i) the Chief Executive Officer or (ii) among the four other highest-compensated executive officers whose compensation is reported in the Summary Compensation Table of the Proxy Statement. "Qualified performance-based compensation" which can include compensation from stock options, cash awards, and certain grants of Non-Vested Stock, is not subject to this deduction limit, and therefore is fully deductible, if certain conditions are met. One of the conditions is stockholder approval of the material terms of the performance goals under which the compensation is paid.

Non-Vested Stock granted by the Compensation Committee on February 1, 2009 was subject to the condition that the stockholders approve the performance goals.

Material terms of the performance goals

Under the grant of Non-Vested Stock, Performance Goals apply to fiscal 2009 and require that Pre-Bonus Net Income for the year increase at least 3% and 6% over the Pre-Bonus Net Income for the prior fiscal year before each one-half of the Non-Vested Stock vests. Non-Vested Stock was granted to each executive officer.

Approval of this Proposal requires a favorable vote of the holders of a majority of the votes cast by all holders of the outstanding shares of Common Stock voting together as a single class at the meeting. Therefore, an abstention will not have the effect of a vote for or against the Proposal and will not be counted in determining the number of votes required for approval, but will be counted in determining the presence of a quorum.

WITH RESPECT TO PROPOSAL 4, THE BOARD OF DIRECTORS RECOMMENDS THE STOCKHOLDERS VOTE FOR APPROVAL OF THE PERFORMANCE-BASED AWARDS GRANTED PURSUANT TO THE COMPANY'S 2005 RESTRICTED STOCK PLAN.
