MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(unaudited)

1. Significant Accounting Policies

Basis of Presentation

The interim unaudited consolidated financial statements included herein for Merriman Holdings, Inc. (formerly Merriman Curhan Ford Group, Inc. and MCF Corporation), or the Company, have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). In the opinion of management, the consolidated financial statements included in this report reflect all normal recurring adjustments that the Company considers necessary for the fair presentation of the consolidated results of operations for the interim periods covered and the consolidated financial condition of the Company at the date of the interim statements of financial condition. Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations. However, the Company believes that the disclosures are adequate to understand the information presented. The operating results for interim periods are not necessarily indicative of the operating results for the entire year. These consolidated financial statements should be read in conjunction with the Company's 2010 audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K and on Form 10-K/A for the year ended December 31, 2010.

Under Accounting Standards Codification Topic (ASC) 855, "Subsequent Events," the Company has evaluated all subsequent events through the date these consolidated financial statements were issued.

Liquidity

As of June 30, 2011, liquid assets consisted primarily of cash and cash equivalents of \$5,247,000 and marketable securities of \$2,540,000, totaling \$7,787,000. For the six months ended June 30, 2011, the Company had negative cash flows from operations of \$1,978,000. Management believes that it has the ability to delay or reduce expenditures if necessary in order to continue to operate the business for the foreseeable future. Additionally, management is pursuing raising strategic capital. Failure to generate sufficient cash flows from operations, reduce spending or raise additional capital would have a material adverse effect on the Company's ability to achieve its intended business objectives.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior years' consolidated financial statements to conform to the presentation of the current year's consolidated financial statements.

Segment Reporting

Edgar Filing: Merriman Holdings, Inc - Form 10-Q

In January 2011, the Company's wholly owned broker dealer subsidiary, Merriman Capital, Inc. (MC), formed a new investment banking division, Riverbank Partners (Riverbank), to assist corporate issuers in raising capital through a network of independent investment bankers. Also, in January 2011, the Company repositioned its OTCQX Advisory Services (OTCQX) offering and fee structure. Accordingly, effective January 1, 2011, the Company reorganized its business around three operating segments: MC, Riverbank and OTCQX. The Company's reportable segments are strategic business units that offer products and services which are compatible with our core business strategy.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
(unaudited)

1. Significant Accounting Policies – continued

Securities Owned

Securities owned in the consolidated statements of financial condition consist of financial instruments carried at fair value with related unrealized gains or losses recognized in the consolidated statements of operations. The securities owned are classified into marketable and non-marketable. Marketable securities are those that can readily be sold, either through an exchange or through a direct sales arrangement. Non-marketable securities are typically securities restricted under the Federal Securities Act of 1933 provided by SEC Rule 144 (Rule 144) or have some restriction on their sale whether or not a buyer is identified.

Accounts Receivable

Accounts receivable are recorded at the invoiced amount and do not bear interest. To the extent deemed necessary, the Company maintains an allowance for estimated losses from the inability of clients to make required payments. The collectability of outstanding invoices is continually assessed. In estimating the allowance for doubtful accounts, the Company considers factors such as historical collections, a client's current creditworthiness, age of the receivable balance and general economic conditions that may affect a client's ability to pay. As of June 30, 2011 and December 31, 2010, the Company recorded \$55,000 and 436,000 as an allowance for uncollectible accounts, respectively.

Accounts receivable are reported net of liabilities to the extent a legal right of offset exists. As of June 30, 2011, there were no liabilities offset against accounts receivable.

The Company had \$0 and \$330,000 outstanding accounts receivable pledged as collateral to secure a promissory note as of June 30, 2011 and December 31, 2010, respectively, which are included in accounts receivable, net in the Company's statements of financial condition. Also refer to Note 3 – Issuance of Notes.

Fair Value of Financial Instruments

Substantially all of the Company's financial instruments are recorded at fair value or contract amounts that approximate fair value. The carrying amounts of the Company's financial instruments, which include cash and cash equivalents, restricted cash, due from clearing broker, accounts receivable, accounts payable, commissions and bonus payable, accrued expenses and other, and deferred revenue, approximate their fair values.

Fair Value Measurement—Definition and Hierarchy

The Company follows the provisions of ASC 820, "Fair Value Measurement and Disclosures," for our financial assets and liabilities. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Where available, fair value is based on observable market prices or parameters or derived from such prices or parameters. Where observable prices or inputs are not available, valuation models are applied. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency for the instruments or market and the instruments' complexity. Assets and liabilities recorded at fair value in the consolidated statements of financial condition are categorized based upon the level of judgment associated with

the inputs used to measure their fair value. The Company's financial assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

7

---

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

1. Significant Accounting Policies — continued

Fair Value Measurement—Definition and Hierarchy - continued

Level 1 — Unadjusted, quoted prices are available in active markets for identical assets or liabilities at the measurement date. The types of assets and liabilities carried at Level 1 fair value generally are G-7 government and agency securities, equities listed in active markets, investments in publicly traded mutual funds with quoted market prices and listed derivatives.

Level 2 — Pricing inputs (other than quoted prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life. Fair valued assets which are generally included in this category are stock warrants for which market-based implied volatilities are available, and unregistered common stock.

Level 3 — Pricing inputs are both significant to the fair value measurement and unobservable. These inputs generally reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. Fair valued assets which are generally included in this category are stock warrants for which market-based implied volatilities are not available.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

For further information on financial assets and liabilities that are measured at fair value on a recurring basis, and a description of valuation techniques, see Note 2 – Fair Value of Assets and Liabilities.

Commissions and Principal Transactions Revenue

Commissions revenue includes revenue resulting from executing trades in stock exchange-listed securities, over-the-counter securities and other transactions as agent for the Company's clients. Principal transactions consist of a portion of dealer spreads attributed to the Company's securities trading activities as principal in exchange-listed and other securities, and include transactions derived from activities as a market-maker. Additionally, principal transactions include gains and losses resulting from market price fluctuations that occur while holding positions in trading security inventory. Commissions revenue and related clearing expenses are recorded on a trade-date basis as security transactions occur. Principal transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade-date basis.

Investment Banking Revenue

Investment banking revenue includes underwriting and private placement agency fees earned through the Company's participation in public offerings, private placements of equity and convertible debt securities, and fees earned as financial advisor in mergers and acquisitions and similar transactions. Underwriting revenue is earned in securities

offerings in which the Company acts as an underwriter and includes management fees, selling concessions and underwriting fees. Fee revenue relating to underwriting commitments is recorded when all significant items relating to the underwriting cycle have been completed and the amount of the underwriting revenue has been determined.

Syndicate expenses related to securities offerings in which the Company acts as underwriter or agent are deferred until the related revenue is recognized or the Company determines that it is more likely than not that the securities offerings will not ultimately be completed. Underwriting revenue is presented net of related expenses. As co-manager for registered equity underwriting transactions, management must estimate the Company's share of transaction related expenses incurred by the lead manager in order to recognize revenue. Transaction related expenses are deducted from the underwriting fee and therefore reduces the revenue that is recognized as co-manager. Such amounts are adjusted to reflect actual expenses in the period in which the Company receives the final settlement, typically 90 days following the closing of the transaction.

Merger and acquisition fees and other advisory service revenue are generally earned and recognized only upon successful completion of the engagement. Unreimbursed expenses associated with private placement and advisory transactions are recorded as expenses as incurred.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

1. Significant Accounting Policies — continued

Riverbank Revenues

The Company recognizes revenues earned by Riverbank on a gross basis in accordance with ASC 605-45, “Revenue Recognition: Principal Agent Considerations,” as the Company is the primary obligor in the arrangements entered into by Riverbank. Revenues earned by Riverbank are recognized consistent with the Company’s revenue recognition policies as disclosed herein.

Other Revenues

The Company provides OTCQX Advisory Services, in the form of assistance to its clients in listing on OTCQX, the premier OTC market tier, along with other services that facilitate their access to institutional capital markets. Effective January 1, 2011, the Company repositioned its service offerings and fee structure for OTCQX. OTCQX Advisory Services revenues are primarily recognized on a straight-line basis from the completion of the due diligence until the end of the engagement term, which is generally one year.

Other revenues consist primarily of revenues generated by the OTCQX Advisory Services. In addition, other nominal amounts which do not conform to the types described above are also recorded as other revenues.

Stock-based Compensation Expense

The Company measures and recognizes compensation expense based on estimated fair values for all stock-based awards made to employees and directors, including stock options, restricted stock and warrants. The Company estimates fair value of stock-based awards on the date of grant using the Black-Scholes option-pricing model. The value of the portion of the award that is ultimately expected to vest is recognized as expense in the Company’s consolidated statements of operations over the requisite service periods. Because stock-based compensation expense is based on awards that are ultimately expected to vest, stock-based compensation expense has been reduced to account for estimated forfeitures. Forfeitures are estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

To calculate stock-based compensation resulting from the issuance of options, and warrants, the Company uses the Black-Scholes option pricing model, which is affected by the Company’s stock price as well as assumptions regarding a number of subjective variables. These variables include, but are not limited to the Company’s expected stock price volatility over the term of the awards, and actual and projected employee stock option exercise behaviors. No tax benefits were attributed to the stock-based compensation expense because a valuation allowance was maintained for all net deferred tax assets.

Cost of Underwriting Capital

The Company incurs fees on financing arrangements entered into to supplement underwriting capacity and working capital for the broker-dealer subsidiary. These fees are recorded as cost of underwriting capital as incurred.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

1. Significant Accounting Policies — continued

Income Taxes

The Company uses the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are determined based on temporary differences between the financial statement carrying amounts and the tax basis of assets and liabilities using enacted tax rates in effect in the years in which temporary differences are expected to reverse. A valuation allowance is recorded to reduce deferred tax assets to an amount whose realization is more likely than not. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the consolidated statements of operations in the period that includes the enactment date.

New Accounting Pronouncements

In June 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2011-05, “Comprehensive Income (Topic 220): Presentation of Comprehensive Income,” that will require a company to present components of net income and other comprehensive income in one continuous statement or in two separate, but consecutive statements. There are no changes to the components that are recognized in net income or other comprehensive income under current GAAP. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2011, with early adoption permitted. The Company does not expect the adoption of ASU 2011-05 to have a material effect on its consolidated financial statements.

In May 2011, the FASB issued ASU No. 2011-04, “Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.” The amendments in this ASU generally represent clarification of Topic 820, but also include instances where a particular principle or requirement for measuring fair value or disclosing information about fair value measurements has changed. This update results in common principles and requirements for measuring fair value and for disclosing information about fair value measurements in accordance with GAAP and International Financial Reporting Standards (“IFRS”). The amendments are effective for interim and annual periods beginning after December 15, 2011 and are to be applied prospectively. Early application is not permitted. We do not expect the adoption of ASU 2011-04 to have a material impact on our consolidated financial statements.

## 2. Fair Value of Assets and Liabilities

Fair value is defined as the price at which an asset would sell for or an amount paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Where available, fair value is based on observable market prices or parameters or derived from such prices or parameters. Where observable prices or parameters are not available, valuation models are applied. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency for the instruments or the market on which they are primarily traded, and the instruments' complexity. Assets and liabilities recorded at fair value in the consolidated statements of financial condition are categorized based upon the level of judgment associated with the inputs used to measure their fair value.

A description of the valuation techniques applied to the Company's major categories of assets and liabilities measured at fair value on a recurring basis follows.

### Corporate Equities

Corporate equities are comprised primarily of exchange-traded equity securities that the Company takes selective proprietary positions based on expectations of future market movements and conditions.

Also, as compensation for investment banking services, the Company frequently receives common stock of the client as an additional compensation to cash fees. The common stock is typically issued prior to a registration statement is effective. The Company classifies these securities as "not-readily marketable securities" as they are restricted stock and may be freely traded only upon the effectiveness of a registration statement covering them or upon the satisfaction of the requirements to qualify under the exemption to Rule 144, including the requisite holding period. Once a registration statement covering the securities is declared effective by the SEC or the securities have satisfied the Rule 144 requirements, the Company classifies them as "marketable securities."

Typically, the common stock is traded on stock exchanges and most are classified as Level 1 securities. The fair value is based on observed closing stock price at the measurement date.

Certain securities are traded infrequently and therefore do not have observable prices based on actively traded markets. These securities are classified as Level 3 securities, if pricing inputs or adjustments are both significant to the fair value measurement and unobservable. The Company determines the fair value of infrequently trading securities using the observed closing price at measurement date, discounted for the put option value calculated through the Black-Scholes model or similar valuation techniques. Valuation inputs used in the Black-Scholes model include interest rate, stock volatility, expected term and market price of the underlying stock. As of June 30, 2011 and December 31, 2010, the fair value of this type of securities included in securities owned in the statements of financial condition is \$571,000 and \$58,000, respectively. Had these securities been valued using observed closing prices, the total value of the securities would have been \$622,000 and \$75,000 as of June 30, 2011 and December 31, 2010, respectively.

(unaudited)

2. Fair Value of Assets and Liabilities – continued

Stock Warrants

Also as partial compensation for investment banking services, the Company may receive stock warrants issued by the client. Stock warrants provide their holders with the right to purchase equity in a company. If the underlying stock of the warrants is freely tradable, the warrants are considered to be marketable. If the underlying stock is restricted, subject to a registration statement or to satisfying the requirements for a Rule 144 exemption, the warrants are considered to be non-marketable. Such positions are considered illiquid and do not have readily determinable fair values, and therefore require significant management judgment or estimation.

The fair value of the stock warrants is determined using the Black-Scholes model or similar valuation techniques. Valuation inputs used in the Black-Scholes model include interest rate, stock volatility, expected term and market price of the underlying stock. As these require significant management assumptions, they are classified as Level 3 securities.

Underwriters' Purchase Options

The Company may receive partial compensation for its investment banking services also in the form underwriters' purchase options ("UPOs"). UPOs are identical to warrants other than with respect to the securities for which they are exercisable. UPOs grant the holder the right to purchase a "bundle" of securities, including common stock and warrants to purchase common stock. UPOs grant the right to purchase securities of companies for which the Company acted as an underwriter to account for any overallocation of these securities in a public offering. Such positions are considered illiquid and do not have readily determinable fair values, and therefore require significant management judgment or estimation.

The fair value of the UPO is determined using the Black-Scholes model or similar technique, applied in two stages. The first stage is to determine the value of the warrants contained within the "bundle" which is then added to the fair value of the stock within the bundle. Once the fair value of the underlying "bundle" is established, the Black-Scholes model is used again to estimate a value for the UPO. The fair value of the "bundle" as estimated by Black-Scholes in the first stage is used instead of the price of the underlying stock as one of the inputs in the second stage of the Black-Scholes. The use of the valuation techniques requires significant management assumptions and therefore UPOs are classified as Level 3 securities.

Preferred Stock

Preferred stock represents preferred equity in companies. The preferred stock owned by the Company is convertible at the Company's discretion. For these securities, the Company uses the exchange-quoted price of the common stock equivalents to value the securities. They are classified within Level 2 or Level 3 of the fair value hierarchy depending on the availability of an observable stock price on actively traded markets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

2. Fair Value of Assets and Liabilities — continued

Net gains and losses (both realized and unrealized) for Level 3 financial assets are a component of principal transactions in the consolidated statements of operations.

Transfers within the Fair Value Hierarchy

The Company assesses our financial instruments on a quarterly basis to determine the appropriate classification within the fair value hierarchy, as defined by ASC 820. Transfers between fair value classifications occur when there are changes in pricing observability levels. Transfers of financial instruments among the levels occur at the end of the reporting period. There were no significant transfers between our Level 1 and Level 2 classified instruments during the three and six months ended June 30, 2011.

3. Issuance of Notes

Subordinated Notes Payable to Related Parties

On September 29, 2010, the Company borrowed \$1,000,000 from nine individual lenders, all of whom are directors, officers or employees of the Company, pursuant to a series of unsecured promissory notes (Subordinated Notes). The Subordinated Notes are for a term of three years and provide for interest comprising two components: (i) six percent (6.0%) per annum to be paid in cash monthly; and (ii) eight percent (8.0%) per annum to be accrued and paid in cash upon maturity. Additional consideration was paid to the lenders at closing comprising a number of shares of common stock of the Company equal to: (A) 30% of the principal amount lent; divided by (B) \$3.01 per share. The total effective interest on the note is approximately 21.73%. Proceeds were used to supplement underwriting capacity and working capital for MC.

The total proceeds of \$1,000,000 raised in the transaction above is accounted for as an issuance of debt with stock. The total proceeds of \$1,000,000 have been allocated to these individual instruments based on the relative fair values of each instrument. Based on such allocation method, the value of the stocks issued in connection with the Subordinated Notes was \$206,000, which was recorded as a discount on the debt and applied against the Subordinated Notes. As of December 31, 2010, the Subordinated Notes of \$809,000, net of \$191,000 discount, remained outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition.

As of June 30, 2011, the Subordinated Notes of \$841,000, net of \$159,000 discount, remain outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition. The discount on the note is amortized over the term of the loan using the effective interest method. For the three and six months ended June 30, 2011, the Company incurred \$35,000 and \$69,000 in interest on the Subordinated Notes, respectively. Total interest of \$65,000 remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

2010 Chez Secured Promissory Note

On November 17, 2010, the Company borrowed \$1,050,000 from Ronald L. Chez, our Co-Chairman of the Board of Directors, pursuant to a secured promissory note (2010 Chez Secured Promissory Note). The 2010 Chez Secured

Promissory Note is secured by certain accounts receivable which were purchased by the Company from MC with the proceeds of the transaction being used for such purchase. The 2010 Chez Secured Promissory Note is due and payable in two tranches as the accounts receivable became due, with \$950,000 due on January 19, 2011 and \$100,000 due on February 28, 2011. It provides for interest of 29.2% per annum and additional consideration comprising two components (i) 50,000 shares of the Company's Series D Preferred Stock (which is convertible into 7,142 shares of our Common Stock); and (ii) a cash fee of \$15,000. The proceeds were used to supplement underwriting capacity for MC. As of December 31, 2010, the 2010 Chez Secured Promissory Note of \$330,000 remained outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition.

On January 21, 2011, the 2010 Chez Secured Promissory Note was amended to extend the maturity date to April 15, 2011 and change the 50,000 Series D Convertible Preferred Stock consideration to cash compensation of \$21,000. For the three and six months ended June 30, 2011, the Company incurred \$42,000 in fees in relation to this note. On March 24, 2011, all principal and related fees were paid and no balance remains outstanding.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

3. Issuance of Notes — continued

Unsecured Promissory Notes

On November 1, 2010, the Company issued \$300,000 in unsecured promissory notes (Unsecured Promissory Notes) to four of its Series D Convertible Preferred Stock investors with a maturity date of the earlier of January 31, 2011 or the consummation of a qualified financing, as defined. The Unsecured Promissory Notes provide for interest of twelve percent (12%) per annum to be paid in cash at maturity. Additional consideration was paid to the lenders at closing comprising a number of shares of common stock of the Company equal to 55% of the principal amount lent divided by \$3.01 per share.

The total proceeds of \$300,000 raised in the transaction above is accounted for as an issuance of debt with stock. The total proceeds of \$300,000 have been allocated to these individual instruments based on the relative fair values of each instrument at the time of issuance. Based on such allocation method, the value of the stock issued in connection with the Unsecured Promissory Notes was \$106,000, which was recorded as a discount on the debt and applied against the Unsecured Promissory Notes. As of December 31, 2010, Unsecured Promissory Notes of \$260,000, net of \$40,000 discount, remain outstanding and is included in notes payable in the Company's consolidated statements of financial condition.

On January 31, 2011, the Company amended its Unsecured Promissory Notes to extend their maturity dates from January 31, 2011 to December 31, 2011. The interest rate from the amendment date to the maturity date was increased to 13%. Furthermore, the additional common stock consideration was cancelled and returned to the Company, as such \$65,000 of previously amortized discount on debt was reversed during the three months ended March 31, 2011. As of June 30, 2011, \$300,000 of the Unsecured Promissory Notes remains outstanding and is included in notes payable in the Company's consolidated statements of financial condition. For the three and six months ended June 30, 2011, the Company incurred \$10,000 and \$19,000 in interest in relation to this note, respectively. Total interest of \$25,000 remains outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

3. Issuance of Notes — continued

Secured Promissory Notes

In April 2011, the Company raised \$2,770,000 from 24 investors, of which 11 were directors, officers, consultants or employees of the Company, pursuant to a series of secured promissory notes (Secured Promissory Notes). The Secured Promissory Notes are for a term of three years and provide for interest of ten percent (10.0%) per annum to be paid in cash quarterly. Additional consideration was paid to the lenders at closing comprising warrants to purchase shares of the common stock of the Company at a price per share equal to 85% of the Company's stock price at the closing date (the Warrants). 86 Warrants were issued for each \$1,000 invested. A total of 238,220 Warrants were issued. The Warrants issued to directors, officer, consultants and employees (Insider Warrants) of the Company provide that the Insider Warrants will not be exercisable unless first approved by the Company's stockholders. These notes are secured by security interest in and right of setoff against all of such the Company's right, title and interest in, to all of the capital stock of Merriman Capital Inc., together with all proceeds, rents, profits and returns of and from any of the foregoing. Also, beginning on the date which is one year from the issuance date, if there is an equity financing of the Company resulting in gross proceeds of at least \$15,000,000 in new money, holders shall have the option to put 50% of Secured Promissory Notes originally purchased back to the Company, for an amount equal to the principal plus accrued but unpaid interest, on 30 days written notice. The Secured Promissory Notes were issued in two tranches, one closed on April 7, 2011 for \$2,470,000 and the other closed on April 21, 2011 for \$300,000.

The total proceeds raised in the transaction above was accounted for as an issuance of debt with warrants. The total proceeds of \$2,770,000 have been allocated to these individual instruments based on the relative fair values of each instrument at the time of issuance. Based on the fair value allocation method, the value of the warrants issued in connection with the Secured Promissory Notes received was \$420,000, which was recorded as a discount on the debt and applied against the Secured Promissory Notes.

As of June 30, 2011, \$1,291,000 of the Secured Promissory Notes, net of \$209,000 discount, remain outstanding and are included in notes payable in the Company's consolidated statements of financial condition. The remaining Secured Promissory Notes issued to Insiders of \$1,089,000, net of \$181,000 discount, are included in notes payable to related parties in the Company's consolidated statements of financial condition. For the three months ended June 30, 2011, the Company incurred \$63,000 in interest in relation to this note, all of which remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

2011 Chez Secured Promissory Note

On April 7, 2011, the Company's Co-Chairman of the Board of Directors, Ronald L. Chez, invested \$330,000 in a three year secured promissory note (2011 Chez Secured Promissory Note) at an interest rate of six percent (6%) per annum payable quarterly. This note is secured by security interest in and right of setoff against all of such the Company's right, title and interest in, to all of the capital stock of Merriman Capital Inc., together with all proceeds, rents, profits and returns of and from any of the foregoing. Also, beginning on the date which is one year from the issuance date, if there is an equity financing of the Company resulting in gross proceeds of at least \$15,000,000 in new money, holders shall have the option to put 50% of Secured Promissory Notes originally purchased back to the Company, for an amount equal to the principal plus accrued but unpaid interest, on 30 days written notice.

As of June 30, 2011, \$330,000 of the 2011 Chez Secured Promissory Note remains outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition. For the three months ended June 30, 2011, the Company incurred \$5,000 in interest in relation to this note, all of which remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

#### Temporary Subordinated Loan

During the first quarter of 2011, the Company issued a loan in the form of temporary subordinated loans to supplement the Company's net capital and enable it to underwrite initial public offerings, in accordance with Rule 15c3-1 of the Securities Exchange Act of 1934. All temporary subordinated loan transactions are disclosed separately in Note 11 – Related Party Transactions.

(unaudited)

4. Stockholders' Equity

Series D Convertible Preferred Stock

On September 8, 2009, the Company issued 23,720,916 shares of Series D Convertible Preferred Stock along with 5-year warrants to purchase 3,388,677 shares of the Company's common stock with an exercise price of \$4.55 per share on a post-reverse split basis. The investor group consisted of 56 individuals and entities, including certain officers, directors and employees of the Company, as well as outside investors.

The Series D Convertible Preferred Stock was issued in a private placement exempt from registration requirements pursuant to Regulation D of the Securities Act of 1933. Seven shares of Series D Preferred are convertible into one share of common stock of the Company. Holders of the Series D Convertible Preferred Stock are entitled to a 6% annual dividend payable monthly in arrears. The Company is prohibited from paying any dividends on the Common Stock until all accrued dividends on the Series D Convertible Preferred Stock are first paid. For the three and six months ended June 30, 2011, total Series D Convertible Preferred Stock dividends were \$138,000 and \$278,000 respectively. As of June 30, 2011, the Company has an outstanding cash dividends payable of \$45,000 which are included in accounts payable in the consolidated statements of financial condition.

The holders of Series D Convertible Preferred Stock are entitled to a "liquidation preference payment" of \$0.43 per share of Series D Convertible Preferred Stock plus all accrued but unpaid dividends on such shares prior and in preference to any payment to holders of the Common Stock upon a merger, acquisition, sale of substantially all the assets, or certain other liquidation events of the Company. Any proceeds after payment of the "liquidation preference payment" shall be paid pro rata to the holders of the Series D Convertible Preferred Stock and Common Stock on an as converted to Common Stock basis.

The Series D Convertible Preferred Stock has antidilution protection, including a full ratchet provision for certain new issuances of company stock, as specified in the Certificate of Designation of Series D Convertible Preferred Stock.

The holders of the Series D Convertible Preferred Stock are entitled to elect four of the nine authorized members of our Board of Directors. Additionally, they have certain "protective provisions," as set forth in the Certificate of Designation, requiring us to obtain their approval before the Company can carry out certain actions.

The warrants issued in connection with the Series D Convertible Preferred Stock will expire five years from the date of the transaction. Holders of the Series D Convertible Preferred Stock may convert them into shares of the Company's common stock at any time in amounts no less than \$100,000 unless all of the shares held by the holder are for a lesser amount. The Series D Convertible Preferred Stock will automatically convert at the discretion of the Company upon 10-day notice given when the average closing price of the Company's common stock over a 30-day period is at or above \$21.00 per share on a post-reverse split basis and when the average trading volume for the immediately prior four-week period is 4,286 shares or more, provided that the shares have been effectively registered with the Securities and Exchange Commission or all of the Series D Convertible Preferred Stock may be sold under Rule 144 of the 1933 Exchange Act.

## 5. Stock-Based Compensation Expense

## Stock Options

As of June 30, 2011, there were 2,155,915 shares authorized for issuance under the Option Plans, and 87,551 shares authorized for issuance outside of the Option Plans. As of June 30, 2011, 123,100 shares were available for future option grants under the Option Plans. There were no shares available for future option grants outside of the Option Plans. Compensation expense for stock options during the three and six months ended June 30, 2011 was \$300,000 and \$616,000, respectively. Compensation expense for stock options during the three and six months ended June 30, 2010 was \$544,000 and \$997,000, respectively.

The following table is a summary of the Company's stock option activity for the six months ended June 30, 2011:

	Shares	Weighted- Average Exercise Price
Outstanding at December 31, 2010	1,665,083	\$ 5.85
Granted	277,892	2.47

	1,684,496	8.41	\$ 5.09	\$ -	567,148	\$ 6.43	\$ -

As of June 30, 2011, total unrecognized compensation expense related to unvested stock options was \$2,834,000. This amount is expected to be recognized as expense over a weighted-average period of 2.75 years.

The weighted average fair value of each stock option granted for the three and six months ended June 30, 2011 was \$1.80 and \$1.88, respectively. The weighted average fair value of each stock option granted for the three and six months ended June 30, 2010 was \$3.85 and \$4.27, respectively. The fair value of each option award is estimated on the date of grant using the Black-Scholes stock option pricing model, with the following assumptions for the six months ended June 30, 2011 and 2010:

	Six Months Ended June 30,	
	2011	2010
Expected Volatility	122.83 %	135.77 %
Average expected term (years)	3.73	2.66
Risk-free interest rate	1.52 %	1.42 %
Dividend yield	-	-

## 5. Stock-based Compensation Expense — continued

## Restricted Stock

At the date of grant, the recipients of restricted stock have most of the rights of a stockholder other than voting rights, subject to certain restrictions on transferability and a risk of forfeiture. The fair value of restricted stock is equal to the market value of the shares on the date of grant. The Company recognizes the compensation expense for restricted stock on a straight-line basis over the requisite service period. Compensation expense for restricted stock during the three and six months ended June 30, 2011 was \$5,000 and \$13,000, respectively. Compensation expense for restricted stock during the three and six months ended June 30, 2010 was \$27,000 and (\$244,000), respectively. The Company had a negative stock compensation expense for the six months ended June 30, 2010 due to cancellation of restricted stock that had been granted to an employee who was terminated during the first quarter of 2010.

The following table is a summary of the Company's restricted stock activity for the six months ended June 30, 2011:

	Restricted Stock Outstanding	Weighted- Average Grant Date Fair Value	Aggregate Intrinsic Value
Balance as of December 31, 2010	10,831	\$ 6.68	\$ 23,828
Granted	18,382	2.72	
Vested	(4,462 )	(4.90 )	
Cancelled	(7,900 )	(6.23 )	
Balance as of June 30, 2011	16,851	\$ 2.72	\$ 43,813
Vested and expected to vest as of June 30, 2011	16,177		

The weighted average fair value of the restricted stock granted under the Company's stock option plans for the three and six months ended June 30, 2011 was \$2.72 per share. The weighted average fair value of the restricted stock granted under the Company's stock option plans for the three and six months ended June 30, 2010 was \$4.48 and \$5.60 per share, respectively. The fair value of the restricted stock award is estimated on the date of grant using the intrinsic value method.

As of June 30, 2011, total unrecognized compensation expense related to restricted stock was \$41,000. This expense is expected to be recognized over a weighted-average period of 2.4 years.

## Board of Directors Compensation

In 2009, the Company formed a Strategic Advisory Committee of the Board of Directors chaired by Mr. Ronald Chez, the lead investor in the Series D Convertible Preferred Stock strategic transaction. During the first year, the Chairman of the Committee was compensated with five-year warrants to purchase 42,857 shares of the Company's common stock at \$4.55 on a post-reverse split basis, to be issued pro rata on a monthly basis from September 2009 to September 2010. On January 21, 2011, the Company entered into an amended agreement with Mr. Chez to prohibit

the exercise of the 42,857 warrants without prior shareholder approval. The Company intends to submit these warrants for shareholder approval in the next shareholder meeting. No other compensation was provided for his service on the Committee.

Due to the modification of the terms of the warrants, the Company recorded a decrease in the stock-based compensation expense of \$36,000 and \$90,000 for the three and six months ended June 30, 2011, respectively. As of June 30, 2011, the Company recorded accrued expenses of \$97,000 as the Company's best estimate of the services performed by Mr. Chez as the chairman of the Strategic Advisory Committee until the warrants are approved by the shareholders.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

## 6. Discontinued Operations

### Panel Intelligence LLC

In December 2008, management determined that the sale of Panel would reduce investments required to develop Panel's business and generate capital necessary for the Company's core business. The sale of Panel was completed in January 2009. Management determined that the plan of sale criteria in ASC 360, "Property, Plant and Equipment", had been met. As a result, the revenue and expenses of Panel have been reclassified and included in discontinued operations in the consolidated statements of operations. For the three and six months ended June 30, 2010, income from discontinued operations related to Panel was \$33,000. For the three and six months ended June 30, 2011, income from discontinued operations related to Panel was \$0.

### Institutional Cash Distributors

On January 16, 2009, the Company entered into an agreement to sell the assets of Institutional Cash Distributors (ICD), a division of MC, for \$2,000,000 to a group of investors who were also its employees in order to raise capital. In the second quarter of 2010, ICD, LLC, formed by the new group of investors, started supporting its operations fully and as such, did not require significant assistance from MC. The Company discontinued the support of the ICD business, and did not have significant involvement going forward. The Company determined that the criteria for discontinued operations under guidance ASC 205, "Discontinued Operations", have been met as of June 30, 2010. As a result, the revenue and expenses of ICD have been included in discontinued operations in the consolidated statements of operations.

As of December 31, 2010 and June 30, 2011, there were no assets or liabilities held for sale by the Company that related to ICD that were included in the Company's consolidated statements of financial condition.

For the three and six months ended June 30, 2011, income from discontinued operations related to ICD was \$0. For the three and six months ended June 30, 2010, income from discontinued operations related to ICD was \$27,000 and \$62,000, respectively.

## 7. Income Taxes

At the end of each interim reporting period the Company calculates an effective tax rate based on the Company's estimate of the tax provision (benefit) that will be provided for the full year, stated as a percentage of estimated annual pre-tax income (loss). The tax provision for the interim period is determined using this estimated annual effective tax rate. For the six months ended June 30, 2011 and 2010, we recorded \$3,000 and \$29,000 of income tax expense, respectively. The decrease in federal and state income taxes in 2011 was primarily due to year to date pre-tax book loss.

Historically and currently, the Company has recorded a valuation allowance on the deferred tax assets, the significant component of which relates to net operating loss carryforwards. Management continually evaluates the realizability of its deferred tax assets based upon negative and positive evidence available. Based on the evidence available at this time, the Company continues to conclude that it is not "more likely than not" that the Company will be able to realize the benefit of our deferred tax assets in the future.

The Company does not have any unrecognized tax benefits or any associated accrued interest or penalties. The Company's policy is to account for interest, if any, as interest expense and penalties as income tax expense.

Income from discontinued operations	-	0.03	-	0.05
Net loss per share	\$ (1.23 )	\$ (1.25 )	\$ (1.07 )	\$ (1.11 )
Net loss per share attributable to common shareholders	\$ (1.28 )	\$ (1.32 )	\$ (1.19 )	\$ (1.27 )

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

8. Earnings (Loss) per Share — continued

Basic earnings (loss) per share is computed by dividing net income (loss) by the weighted average number of common shares outstanding, excluding shares of non-vested stock. Diluted income per share is calculated by dividing net income by the weighted average number of common shares used in the basic income per share calculation plus the number of common shares that would be issued assuming exercise or conversion of all potentially dilutive common shares outstanding, including non-vested stock. Diluted loss per share is unchanged from basic loss per share because the addition of common shares that would be issued assuming exercise or conversion would be anti-dilutive. Interest and dividends are also not considered since including them in the calculation of diluted loss per share would be anti-dilutive.

Shares used in the diluted net income per share computation include the dilutive impact of the Company's stock options and warrants. The impact of the Company's stock options and warrants on shares used for the diluted income per share computation is calculated based on the average share price of the Company's common stock for each period using the treasury stock method. Under the treasury stock method, the tax-effected proceeds that would be hypothetically received from the exercise of all stock options and warrants with exercise prices below the average share price of the Company's common stock are assumed to be used to repurchase shares of the Company's common stock.

9. Regulatory Requirements

Merriman Capital, Inc. is a broker-dealer subject to Rule 15c3-1 of the SEC, which specifies uniform minimum net capital requirements, as defined, for their registrants. As of June 30, 2011, Merriman Capital, Inc. had regulatory net capital, as defined, of \$3,765,000, which exceeded the amount required by \$3,387,000. MC complies with the alternative net capital requirement allowed in Appendix E of Rule 15c3-1. MC is exempt from Rules 15c3-3 and 17a-13 under the Securities Exchange Act of 1934 because it does not carry customer accounts, nor does it hold customer securities or cash.

Under its rules, FINRA may prohibit a member firm from expanding its business or paying dividends if resulting net capital would be less than 5 percent of aggregate debit balances. Advances to affiliates, repayment of subordinated debt, dividend payments and other equity withdrawals by MC are subject to certain notification and other provisions of the SEC and FINRA rules. In addition, MC is subject to certain notification requirements related to withdrawals of excess net capital.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

10. Contingencies

Litigation

The Company is involved in the following lawsuits:

Don Arata and Gary Thornhill, et al. v. Merriman Capital, Inc. and Merriman Holdings, Inc.

In July 2008, MC and the Company were served with complaints filed in the San Francisco County, California Superior Court by several plaintiffs who invested money with Del Biaggio and related entities. In March 2009, MC and the Company were served with an amended consolidated complaint on behalf of 39 plaintiffs which consolidated several similar pending actions filed by the same law firm. Plaintiffs allege, among other things, fraud based on Cacchione's alleged assistance to Del Biaggio in connection with the fraudulent investments and MC's failure to discover and stop the continuing fraud. Plaintiffs in this lawsuit seek damages of over \$9 million. MC and the Company responded to the amended consolidated complaint in June 2009 denying all liability. On May 9, 2011, the case was settled by mutual agreement. (The Davis, Cook, Bachelor, Hengehold and Thornhill cases, originally filed as separate claims, are now part of the consolidated cases.) In June 2011, the Company amended the settlement agreement and accrued additional litigation settlement expenses. The Company has appropriately accrued for settlement in this case as of June 30, 2011.

Additionally, from time to time, the Company is involved in ordinary routine litigation incidental to our business.

Change of Control Agreements

In May 2011, the Company and its broker dealer subsidiary, Merriman Capital, Inc., entered into a series of Change of Control Agreements with six members of management whereby the Company or MC agreed to make payments to the individuals in the event there is a change of control. Each Change in Control Agreement was structured as a "double trigger" which means that, in order to be entitled to the payment, there must be (i) a change in control, followed by (ii) a termination or constructive termination of the individual within twelve months of the change in control.

The individuals with whom the Company entered into Change of Control Agreements, together with the amount due to such individual, are as follows: (i) D. Jonathan Merriman, Co-Chairman and CEO of the Company, who is entitled to a payment equal to three times his base salary plus one time his most recent year's bonus (Merriman's bonus compensation structure was recently revised to be based on revenue generation); (ii) Alex Seiler, CEO of MC, who is entitled to a payment equal to (A) five times base salary, if triggered in the initial 12 months of the agreement, and (B) an amount equal to three times base salary plus one times most recent year's bonus, if triggered after the initial 12 months of the agreement; (iii) Jack Thrift, CFO of the Company and MC, who is entitled to a payment equal to two times his base salary; (iv) Michael Marrus, Head of Investment Banking of MC, who is entitled to a payment equal to one times his base salary; (v) Paul Kent, Head of Equity Capital Markets, who is entitled to a payment equal to one times his base salary; and (vi) Michael Doran, General Counsel of MC, who is entitled to a payment equal to one times his base salary.

Each Change of Control Agreement is for an initial term of four years, and after the first one year period and each successive one year period renews automatically for a further one year period unless terminated by either party. Each Change of Control Agreement also provides for acceleration of vesting of all options and restricted stock and payment

of health and other benefits for one year. As of June 30, 2011, no trigger events have been met.

As of August 10, 2011, the following officers and executives of the Company voluntarily terminated their change of control agreements: Jon Merriman, Jack Thrift, Paul Kent and Michael Doran. In doing so, they forgave any potential remuneration arising in connection with those agreements.

11. Related Party Transactions

Subordinated Notes Payable to Related Parties

As mentioned in Note 3, on September 29, 2010, the Company borrowed \$1,000,000 from nine individual lenders, all of whom are directors, officers or employees of the Company, pursuant to a series of Subordinated Notes. The effective interest rate on the note is 21.73% with a maturity date of September 29, 2013. As of June 30, 2011, the Subordinated Notes of \$841,000, net of \$159,000 discount, remain outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition. For the three and six months ended June 30, 2011, the Company incurred \$35,000 and \$69,000 as fees on the Subordinated Notes. Total interest of \$65,000 remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition. As of December 31, 2010, the Subordinated Notes of \$809,000, net of \$191,000 discount, remained outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition.

2010 Chez Secured Promissory Note

On November 17, 2010, the Company borrowed \$1,050,000 from Ronald L. Chez, our Co-Chairman of the Board of Directors, pursuant to the 2010 Chez Secured Promissory Note. The 2010 Chez Secured Promissory Note is secured by certain accounts receivable which were purchased by the Company from the Company's broker dealer subsidiary with the proceeds of the transaction being used for such purchase. It provides for interest of 29.2% per annum and additional consideration comprising two components (i) 50,000 shares of the Company's Series D Preferred Stock; and (ii) a cash fee of \$15,000. The 2010 Chez Secured Promissory Note is due and payable in two tranches as the accounts receivable become due, with \$950,000 due on January 19, 2011 and \$100,000 due on February 28, 2011. As of December 31, 2010, the 2010 Chez Secured Promissory Note of \$330,000 remained outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition.

On January 21, 2011, the 2010 Chez Secured Promissory Note was amended to extend the maturity date to April 15, 2011 and change the 50,000 Series D Convertible Preferred Stock consideration to cash compensation of \$21,000. For the three and six months ended June 30, 2011, the Company incurred \$42,000 in fees in relation to this note. On March 24, 2011, all principal and related fees have been paid and no balance remains outstanding.

Temporary Subordinated Loan

On January 31, 2011, the Company borrowed \$2,800,000 from Ronald L. Chez, Co-Chairman of the Board of Directors. The loan was in the form of a temporary subordinated loan in accordance with Rule 15c3-1 of the Securities Exchange Act of 1934. The Company compensated Mr. Chez \$56,000 in fees for this loan and is included in cost of underwriting capital in the consolidated statements of operations. On February 7, 2011, the loan and fees were paid in full and no balance remains outstanding as of June 30, 2011.

MERRIMAN HOLDINGS, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED  
(unaudited)

11. Related Party Transactions – continued

Secured Promissory Notes

As mentioned in Note 3 above, in April 2011, the Company raised a total of \$2,770,000 from 24 investors, of which \$1,270,000 was from 11 directors, officer, consultants or employees of the Company (collectively, the Insiders), pursuant to a series of Secured Promissory Notes. The Secured Promissory Notes are for a term of three years and provide for interest of ten percent (10.0%) per annum to be paid in cash quarterly. Additional consideration was paid to the lenders at closing comprising warrants to purchase shares of the common stock of the Company at a price per share equal to 85% of the Company's stock price at the closing date. 86 Warrants were issued for each \$1,000 invested. The Insider Warrants will not be exercisable unless first approved by the Company's stockholders. As collateral security for these Secured Promissory Notes, the Company grants the holders, a security interest in and right of setoff against all of such the Company's right, title and interest in, to all of the capital stock of Merriman Capital Inc., together with all proceeds, rents, profits and returns of and from any of the foregoing. Also, beginning on the date which is one year from the issuance date, if there is an equity financing of the Company resulting in gross proceeds of at least \$15,000,000 in new money, holders shall have the option to put 50% of Secured Promissory Notes originally purchased back to the Company, for an amount equal to the principal plus accrued but unpaid interest, on 30 days written notice.

As of June 30, 2011, \$1,089,000 of the Secured Promissory Notes issued to Insiders, net of \$181,000 of discount, remains outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition. For the three months ended June 30, 2011, the Company incurred \$29,000 in interest in relation to this note issued to Insiders, all of which remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

2011 Chez Secured Promissory Note

On April 7, 2011, the Company's Co-Chairman of the Board of Directors, Ronald L. Chez, invested \$330,000 in a three year secured promissory note (2011 Chez Secured Promissory Note) at an interest rate of six percent (6%) per annum payable quarterly. As collateral security for these Secured Promissory Notes, the Company grants the holders, a security interest in and right of setoff against all of such the Company's right, title and interest in, to all of the capital stock of Merriman Capital Inc., together with all proceeds, rents, profits and returns of and from any of the foregoing. Also, beginning on the date which is one year from the issuance date, if there is an equity financing of the Company resulting in gross proceeds of at least \$15,000,000 in new money, holders shall have the option to put 50% of Secured Promissory Notes originally purchased back to the Company, for an amount equal to the principal plus accrued but unpaid interest, on 30 days written notice.

As of June 30, 2011, \$330,000 of the 2011 Chez Secured Promissory Note remains outstanding and is included in notes payable to related parties in the Company's consolidated statements of financial condition. For the three and six months ended June 30, 2011, the Company incurred \$5,000 in interest in relation to this note, all of which remain outstanding as of June 30, 2011 and is included in accrued expenses and other in the consolidated statements of financial condition.

Strategic Advisory Committee

In September 2009, the Company formed a Strategic Advisory Committee of the Board of Directors chaired by Ronald L. Chez, the lead investor in the Series D Convertible Preferred Stock strategic transaction. During the first year of his term as the Chair of the Committee, Mr. Chez was compensated with warrants to purchase 42,857 shares of the Company's common stock at \$4.55 per share on a post-reverse split basis, to be issued prorata on a monthly basis from September 2009 to September 2010. On January 21, 2011, the Company entered into an amended agreement with Mr. Chez to prohibit the exercise of the 42,857 warrants without prior shareholder approval. The Company intends to submit these warrants for shareholder approval in the next shareholder meeting. No other compensation was provided for his service on the Committee.

Due to the modification of the terms of the warrants, the Company recorded a decrease in the stock-based compensation expense of \$36,000 and \$90,000 for the three and six months ended June 30, 2011, respectively. As of June 30, 2011, the Company recorded accrued expenses of \$97,000 as the Company's best estimate of the services performed by Mr. Chez as the chairman of the Strategic Advisory Committee until the warrants are approved by the shareholders.

## 12. Segment Reporting

Effective January 1, 2011, the Company's business results are categorized into the following three segments: MC, Riverbank and OTCQX. The MC segment includes a broad range of services, such as capital raising and financial advisory services for corporate clients, and brokerage and equity research services for our institutional investor clients. The Riverbank segment includes capital raising services through a network of independent investment bankers and OTCQX include assistance to corporate issuers in listing on OTCQX, the premier OTC market tier, along with other services that facilitate the access to institutional capital markets.

The accounting policies of the segments are consistent with those described in the Significant Accounting Policies in Note 1. The Company evaluates segment results based on revenue and segment income. There are no revenue generating activities between segments.

Segment asset disclosures are not provided as no significant assets are separately determinable for Riverbank or OTCQX.

Revenue and expenses directly associated with each segment are included in determining segment income, which is also the internal performance measure used by management to assess the performance of each business in a given period.

Corporate items and eliminations include the effects of eliminating transactions between operating segments, and certain non-allocated amounts. Corporate items and eliminations is not an operating segment. Rather, it is added to operating segment totals to reconcile to consolidated totals on the financial statements. Certain amounts included in corporate items and eliminations cost are not allocated to operating segments because they are excluded from the measurement of their operating performance for internal purposes. These include Board of Directors compensation, interest on general borrowings, litigation settlement costs and other charges.

Management believes that the following information provides a reasonable representation of each segment's contribution to revenue and loss or operating results:

	Three Months Ended		Six Months Ended	
	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010

13. Subsequent Events

Change of Control Agreements

As mentioned in Note 10 above, as of August 10, 2011, the following officers and executives of the Company voluntarily terminated their change of control agreements awarded to them in May 2011: Jon Merriman, Jack Thrift, Paul Kent and Michael Doran. In doing so, they forgave any potential remuneration arising in connection with those agreements.

## ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This Quarterly Report on Form 10-Q, including this Management's Discussion and Analysis of Financial Condition and Results of Operations contains forward-looking statements regarding future events and our future results that are based on current expectations, estimates, forecasts, and projections about the industries in which we operate and the beliefs and assumptions of our management. Words such as “may,” “should,” “expects,” “anticipates,” “targets,” “goals,” “projects,” “intends,” “plans,” “believes,” “seeks,” “estimates,” “predicts,” “potential” or “continue,” variations of such words, and similar expressions are intended to identify such forward-looking statements. In addition, any statements that refer to projections of our future financial performance, our anticipated growth and trends in our businesses, and other characterizations of future events or circumstances, are forward-looking statements. Readers are cautioned that these forward-looking statements are only predictions and are subject to risks, uncertainties, and assumptions that are difficult to predict. Therefore, actual results may differ materially and adversely from those expressed in any forward-looking statements. Readers are referred to risks and uncertainties identified under “Risk Factors” beginning on Page 50 and elsewhere herein. We undertake no obligation to revise or update publicly any forward-looking statements for any reason. Numbers expressed herein may be rounded to thousands of dollars.

### Overview

Merriman Holdings, Inc. (formerly Merriman Curhan Ford Group, Inc.) is a financial services company that primarily provides investment banking, sales and trade execution, and equity research through our primary operating subsidiary, Merriman Capital, Inc. (MC).

MC is an investment bank and securities broker-dealer focused on fast-growing companies and institutional investors. Our mission is to be the leader in researching, advising, financing, trading and investing in fast-growing companies under \$1 billion in market capitalization. We originate differentiated equity research, brokerage and trading services primarily to institutional investors, as well as investment banking and advisory services to our fast-growing corporate clients.

We are headquartered in San Francisco, with an additional office in New York, NY. As of June 30, 2011, we had 76 employees. Merriman Capital, Inc. is registered with the Securities and Exchange Commission (SEC) as a broker-dealer and is a member of Financial Industry Regulatory Authority (FINRA) and the Securities Investors Protection Corporation (SIPC).

## Executive Summary

Our total revenues were \$5,401,000 for the three months ended June 30, 2011, which represented a 12% decrease over the same period in 2010. This decrease was primarily attributable to a decline in our commission business and to unrealized losses from our warrant portfolio. Our commission revenues for the same period decreased 26% year-over-year, due primarily to lower trading volume. Investment banking revenue increased by 89% year over year primarily due to banking transactions completed by our new division, Riverbank. Additionally, for the three months ended June 30, 2011, we incurred a net loss of \$711,000 from principal transactions, \$750,000 of which was due to net unrealized losses on our investment portfolio and \$39,000 of which was attributable to net gains from our trading and proprietary operations. This compared to a net gain of \$383,000 for the same period in 2010, which was comprised of a net loss of \$136,000 from our investment portfolio and a net gain of \$519,000 from our trading and proprietary operations. For the three months ended June 30, 2011, loss from continuing operations was \$3,026,000 or \$1.23 per share.

## Business Environment

Uncertainty in the global macro environment affected capital markets and caused a paralysis in equity portfolios during the second quarter of 2011. U.S. equity indices ended the second quarter relatively flat as compared to the end of the first quarter of 2011. The flow of funds into U.S. equity funds was positive for the first five months of 2011, but reversed course sharply in June as investors withdrew \$19.8 billion from stock and mixed equity funds. However, IPO activity in the U.S. was robust in the second quarter of 2011, as evidenced by the 47 initial offerings which raised \$11.9 billion, 37% of which were in the technology industries.

During the first half of 2011, approximately half of all IPO offerings were completed by companies in the following industrial classifications; technology, media, telecom, energy and consumer. Merriman Holdings, Inc. services companies in these industries. As the Company continues to examine the opportunities in 2011, we note that the current backlog of companies filing for an IPO includes a preponderance of companies in these industries as well.

More and more securities offerings are being completed within the exemptive provisions of the Securities Acts. The Company anticipates that this trend will continue as fast-growing companies navigate the most advantaged path to accessing capital markets in the future. We continue to assist companies in private securities transactions and through offerings on the OTCQX.

### Liquidity and Capital Resources

MC, as a broker-dealer, is subject to Rule 15c3-1 of the Securities Exchange Act of 1934, which specifies uniform minimum net capital requirements, as defined, for their registrants. As of June 30, 2011, Merriman Capital, Inc. had regulatory net capital, as defined, of \$3,765,000, which exceeded the amount required by \$3,387,000.

As of June 30, 2011, liquid assets consisted primarily of cash and cash equivalents of \$5,247,000 and marketable securities of \$2,540,000, totaling \$7,787,000. For the six months ended June 30, 2011, the Company had negative cash flows from operations of \$1,978,000. Management believes that it has the ability to delay or reduce expenditures if necessary in order to continue to operate the business for the foreseeable future. Additionally, management is pursuing raising strategic capital. Failure to generate sufficient cash flows from operations, reduce spending or raise additional capital would have a material adverse effect on the Company's ability to achieve its intended business objectives.

Results of Operations

The following table sets forth the results of operations for the three and six months ended June 30, 2011 and 2010:

	Three Months Ended		Six Months Ended	
	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010
