Section 1 Registrant’s Business and Operations
Item 1.01 Entry into a Material Definitive Agreement

On August 6, 2013, IEC Electronics Corp. (the “Company”) and Manufacturers and Traders Trust Company (“M&T”) entered into a Second Amendment to Fourth Amended and Restated Credit Facility Agreement (the “Second Amendment”), which amended the Fourth Amended and Restated Credit Facility Agreement between M&T and the Company (a copy of which was filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed January 25, 2013) as previously amended by the First Amendment to Fourth Amended and Restated Credit Facility Agreement (the “First Amendment,” a copy of which was filed as Exhibit 10.1 to the Company’s Current Report on Form 8-K filed on May 20, 2013) (collectively, the “2013 Credit Agreement”). Pursuant to the Second Amendment, M&T agreed to waive events of default arising from the Company’s non-compliance with covenants related to the Debt to EBITDARS Ratio and Fixed Charge Coverage Ratio (each as defined in the 2013 Credit Agreement) during the fiscal quarter ended June 28, 2013. In addition, the Second Amendment modified the covenant requiring the Company to maintain a specified Debt to EBITDARS Ratio for future fiscal quarters as follows:

Debt to EBITDARS:

2013 Credit Agreement, as modified by the First Amendment:

6/28/2013 through and including 12/27/2013	< 3.25 to 1.00
12/28/2013 through and including 3/28/2014	<3.00 to 1.00
3/29/2014 and thereafter	< 2.75 to 1.00

2013 Credit Agreement, as modified by the Second Amendment:

6/28/2013 through and including 12/27/2013	< 3.50 to 1.00
12/28/2013 through and including 3/28/2014	<3.00 to 1.00
3/29/2014 and thereafter	< 2.75 to 1.00

Two definitions used in the calculation of financial covenants were modified in the Second Amendment, including: (i) the definition of Net Income, to add back, through the fiscal quarter ending June 27, 2014, up to \$1,100,000 of legal and accounting fees associated with the restatement, and (ii) the definition of Interest Expense as related to Rate Management Transactions (defined in the Credit Agreement), to be “the net cash cost or benefit associated with Rate Management Transactions net cash benefit or loss”. Additionally, the range of the Company’s then Debt to EBITDARS Ratio used to establish the applicable interest rates for the Revolver and Albuquerque Mortgage Loans, and the unused fee applicable to the Revolver, on each quarterly adjustment date after June 28, 2013, was changed from a range of 0.75:1.00 to 2.75:1.00, to a range of 1.25:1.00 to 3.25:1.00. The range of applicable interest rate margins based on such ratio was modified with respect to the Revolver from a range of 1.75% to 3.00% above LIBOR, to a range of 2.00% to 3.50% above LIBOR, and with respect to the Albuquerque Mortgage Loan from a range of 2.00% to 3.25% above LIBOR, to a range of 2.25% to 3.75% above LIBOR. The range of applicable unused fee was changed from a

range of 0.125% to 0.500% to a range of 0.250% to 0.500%.

Except as so waived and as modified by the Second Amendment, the 2013 Credit Agreement remains unchanged. The foregoing description of the Second Amendment is a summary of the terms of the Second Amendment, and is qualified in its entirety by the text of the Second Amendment itself, a copy of which is being filed with this Current Report on Form 8-K as Exhibit 10.1 and is incorporated herein by reference.

Section 2 Financial Information

Item 2.02 Results of Operations and Financial Condition

On August 8, 2013, the Company issued a press release announcing its financial results for the third fiscal quarter ended June 28, 2013. A copy of the press release is furnished as Exhibit 99.1 to this report.

The press release attached as Exhibit 99.1 references EBITDA and EBITDA per Share, which are non-GAAP financial measures. A reconciliation of these non-GAAP financial measures to the most directly comparable financial measures calculated and presented in accordance with GAAP, Net Income and Diluted Earnings per Share, respectively, is provided in the attachment to the release, included in Exhibit 99.1.

These non-GAAP financial measures should not be considered in isolation; they are in addition to, and are not a substitute for, financial measures under GAAP, or as a measure of the Company's profitability or liquidity. EBITDA and EBITDA per share may be different from non-GAAP financial measures used by other companies, and may not be comparable to similarly titled measures reported by other companies. Further, the Company may utilize other measures to illustrate performance in the future. Non-GAAP financial measures have limitations since they do not reflect all of the amounts associated with the Company's results of operations as determined in accordance with GAAP.

The Company defines EBITDA as earnings before interest, taxes, depreciation and amortization. EBITDA per share presents EBITDA on a diluted per share basis. EBITDA does not take into account working capital requirements, capital expenditures, debt service requirements and other commitments, and accordingly, EBITDA is not necessarily indicative of amounts that may be available for discretionary use. Although per share EBITDA does not directly depict the amount that accrues to stockholder benefit, the Company views EBITDA as a useful measure of operating performance given the Company's large net operating loss carryforward (NOL). Additionally, the Company presents EBITDA as a supplemental measure because: (i) it is a basis upon which the Company assesses its liquidity position and performance; (ii) the Company believes that investors will find the data useful in assessing its ability to service and/or incur indebtedness; and (iii) certain covenants in the Company's credit facilities are tied to similar measures. The Company believes that EBITDA, when considered with both the Company's GAAP results and the reconciliation to net income, provides a more complete understanding of the Company's business than could be obtained absent this disclosure.
