**Notice Regarding Amendments to
Semiannual Business Results for Fiscal 2006 (60th Accounting Period)**

The Company has amended certain amounts in its consolidated and non-consolidated financial statements for the period ended September 30, 2005. We therefore include here the amended version of the financial statements relating to the 60th semiannual business report. These amendments are in line with the business restructuring plans resolved at the Company's board of directors' meeting on December 8, 2005, as follows.

I. Planned Business Restructuring

1. Reforms for the Entire Pioneer Group

(1) Improve management efficiency through organizational restructuring

We will enhance management efficiency through organizational restructuring, including dismantling the current internal company system as of January 1, 2006.

(2) Reduction of fixed costs

We will reduce fixed costs for the entire group through such steps as consolidating our worldwide production sites and listing our shares solely on the Tokyo Stock Exchange.

(3) Review the number of our employees

We will streamline staffing, such as readjusting employment levels by about 600 personnel at the Pioneer Group in Japan.

(4) Reduce the number of directors/executive officers and cut salaries

In line with consolidating and streamlining our organization, we will reduce the number of directors/executive officers. We have already started reducing the compensation of directors/executive officers and the salaries of managers.

2. Restructuring of Display Businesses

(1) Plasma display business

We intend to minimize dependence on our OEM (original equipment manufacturing) operations, being the main cause of this fiscal year's poor performance, and will focus on selling Pioneer brand products. By optimizing the balance of our output and cost reduction, we will endeavor to lower our deficit from this business.

(2) Organic light-emitting diode (OLED) business

Mass-producing active-matrix OLED displays will be discontinued. However, as for the passive-matrix OLED display business, we will boost adoption of this display for use with our products and focus on attracting new customers.

3. Future Business Plans — Enhancing Profitability by Reorganizing Business Strategies

In addition to the business restructuring plans explained above, in our mobile entertainment business, we will strengthen the after-market car audio business

Table of Contents

and expand the after-market car navigation system and OEM businesses. In the home entertainment business, we will concentrate on introducing home theater systems focusing on high-resolution plasma displays, strengthening sales of DVD recorder drive units and reactivating the home audio business. By implementing these plans, we intend to insure stable profits.

II. Revision of Business Forecasts for fiscal 2006 and Amendments to Semiannual Business Results for Fiscal 2006

As for the consolidated business forecasts for fiscal 2006, ending March 31, 2006, loss before income taxes and net loss have been revised downward, mainly as a result of (i) impairment losses of ¥32 billion recognized for the property, plant and equipment for plasma display production in connection with our decision to reduce such production capacity, (ii) costs of ¥11 billion related to employment adjustments, (iii) losses of ¥23 billion related to the decision to stop mass-producing active-matrix OLED displays, and (iv) valuation allowances of ¥18 billion made for deferred tax assets of the parent company. These revisions have been made in connection with the business restructuring plans explained above.

Revised consolidated business forecasts for fiscal 2006 project ¥770,000 million in operating revenue, a ¥73,000 million loss before income taxes, and an ¥87,000 million net loss.

The Company, after consulting its Accounting Auditors, has also amended certain amounts in its semiannual business results for the period ended September 30, 2005, in connection with the business restructuring plans explained above. Please refer to pages 3 to 8 for the amended financial statements.

Therefore, the amended consolidated semiannual business results show loss before income taxes of ¥43,869 million and net loss of ¥58,044 million, compared to ¥11,954 million and ¥12,261 million, respectively, previously reported.

As we have already announced, Mr. Tamihiko Sudo, currently Executive Vice President and Representative Director, will assume the office of President and Representative Director, effective January 1, 2006.

Under the new President, we will expedite business restructuring and seek to improve our business performance as soon as possible. We sincerely hope that you, our shareholders, will continue in your understanding and support of Pioneer.

Very truly yours,

Kaneo Ito

President and Representative Director

Pioneer Corporation

December 21, 2005

Business forecasts for fiscal 2006 are based on management's assumptions and beliefs in light of the information currently available to it, and we caution that a number of important risks and uncertainties could cause actual results to differ materially from those described above.

Table of Contents**CONSOLIDATED FINANCIAL STATEMENTS****Pioneer Corporation and Subsidiaries**

The Company has amended certain amounts in its consolidated financial statements for the six-month period, ended September 30, 2005, as follows. The amendments were mainly due to impairment losses recognized for the property, plant and equipment for plasma display production, losses related to the decision to withdraw from active-matrix OLED business, and additional valuation allowances made for deferred tax assets.

Table of Contents

Notes:

1. The Company's consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).
2. The consolidated financial statements include the accounts of the parent company and 126 subsidiaries and the investments in 5 affiliated companies accounted for on an equity basis.
3. Computation of net income per share is based on Statements of Financial Accounting Standards No.128 Earnings per Share.
4. Effective from the fiscal 2005 year-end presentation, the Company changed the format of consolidated statements of operations from multiple-step form to single-step form, which shows income before taxes by deducting total expenses from total revenue. Previously reported amounts have been reclassified accordingly.
5. Effective from the fiscal 2005 year-end presentation, the Company presented Loss on sale and disposal of fixed assets separately in the consolidated statements of operations, which was previously included in Selling, general and administrative expenses. Previously reported amounts have been restated accordingly.
