CHEMED CORPORATION AND SUBSIDIARY COMPANIES  
Notes to Unaudited Financial Statements

1. Basis of Presentation

As used herein, the terms "We," "Company" and "Chemed" refer to Chemed Corporation or Chemed Corporation and its consolidated subsidiaries.

We have prepared the accompanying unaudited consolidated financial statements of Chemed in accordance with Rule 10-01 of SEC Regulation S-X. Consequently, we have omitted certain disclosures required under generally accepted accounting principles in the United States ("GAAP") for complete financial statements. The December 31, 2010 balance sheet data were derived from audited financial statements but do not include all disclosures required by GAAP. However, in our opinion, the financial statements presented herein contain all adjustments, consisting only of normal recurring adjustments, necessary to present fairly our financial position, results of operations and cash flows. These financial statements are prepared on the same basis as and should be read in conjunction with the Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2010.

2. Revenue Recognition

Both the VITAS segment and the Roto-Rooter segment recognize service revenues and sales when the earnings process has been completed. Generally, this occurs when services are provided or products are delivered. VITAS recognizes revenue at the estimated realizable amount due from third-party payers. Medicare payments are subject to certain limitations, as described below.

As of June 30, 2011, VITAS has approximately \$1.6 million in unbilled revenue included in accounts receivable (December 31, 2010 - \$2.8 million). The unbilled revenue at VITAS relates to hospice programs currently undergoing focused medical reviews ("FMR"). During FMR, surveyors working on behalf of the U.S. Federal government review certain patient files for compliance with Medicare regulations. During the time the patient file is under review, we are unable to bill for care provided to those patients. We make appropriate provisions to reduce our accounts receivable balance for potential denials of patient service revenue due to FMR activity.

Vitas provides charity care, in certain circumstances, to patients without charge when management of the hospice program determines that the patient does not have the financial wherewithal to make payment. There is no revenue or associated accounts receivable in the accompanying consolidated financial statements related to charity care. The cost of charity care is calculated by taking the ratio of charity care days to total days of care and multiplying by total cost of care. The cost of charity care for the three and six month periods ended June 30, 2011 and 2010 is as follows (in thousands):

Three months ended		Six months ended	
June 30,		June 30,	
2011	2010	2011	2010
\$ 1,763	\$ 1,727	\$ 3,522	\$ 3,374

We actively monitor each of our hospice programs, by provider number, as to their specific admission, discharge rate and median length of stay data in an attempt to determine whether they are likely to exceed the annual per-beneficiary Medicare cap ("Medicare cap"). Should we determine that revenues for a program are likely to exceed the Medicare cap based on projected trends, we attempt to institute corrective action to influence the patient mix or to increase patient admissions. However, should we project our corrective action will not prevent that program from exceeding its Medicare cap, we estimate the amount of revenue recognized during the period that will require repayment to the Federal government under the Medicare cap and record the amount as a reduction to patient revenue. The Medicare

cap measurement period is from September 29 through September 28 of the following year for admissions and from November 1 through October 31 of the following year for revenue.

During the three-month period ended June 30, 2011 we recorded \$368,000 in Medicare cap liability for one small program for the 2011 measurement period. During the six-month period ended June 30, 2011, we had a net Medicare cap liability reversal for amounts recorded in the fourth quarter of 2010. We reversed these amounts as improving admissions trends in these programs indicate that the liability had been eliminated. We also reversed the remaining Medicare cap liability for our Phoenix program due to expiration for the period under review.

Edgar Filing: CHEMED CORP - Form 10-Q

Net income	\$ 20,286	\$ 18,855	\$ 38,387	\$ 38,213

We report corporate administrative expenses and unallocated investing and financing income and expense not directly related to either segment as "Corporate".

4. Earnings per Share

Earnings per share are computed using the weighted average number of shares of capital stock outstanding. Earnings and diluted earnings per share for 2011 and 2010 are computed as follows (in thousands, except per share data):

	Net Income		
	Income	Shares	Earnings per Share
For the Three Months			
Ended			
June 30,			
2011			
Earnings	\$ 20,286	21,115	\$ 0.96
Dilutive stock options	-	433	
Nonvested stock awards	-	89	

Edgar Filing: CHEMED CORP - Form 10-Q

Diluted earnings	\$	20,286	21,637	\$	0.94
2010					
Earnings	\$	18,855	22,644	\$	0.83
Dilutive stock options		-	348		
Nonvested stock awards		-	88		
Diluted earnings	\$	18,855	23,080	\$	0.82

-7-

---

For the Six Months Ended June 30,	Net Income		Earnings per Share
	Income	Shares	
2011			
Earnings	\$ 38,387	21,067	\$ 1.82
Dilutive stock options Nonvested stock awards	-	433	
Diluted earnings	\$ 38,387	21,586	\$ 1.78
2010			
Earnings	\$ 38,213	22,608	\$ 1.69
Dilutive stock options Nonvested stock awards	-	319	
Diluted earnings	\$ 38,213	23,012	\$ 1.66

For the three and six-month periods ended June 30, 2011, 970,000 stock options were excluded from the computation of diluted earnings per share as their exercise prices were greater than the average market price for most of the period. For the three and six-month periods ended June 30, 2010, 976,000 and 991,000 stock options were excluded from the computation of diluted earnings per share.

Diluted earnings per share may be impacted in the future as the result of the issuance of our 1.875% Senior Convertible Notes (the "Notes") and related purchased call options and sold warrants. Per FASB's authoritative guidance on the effect of contingently convertible instruments on diluted earnings per share and convertible bonds with an issuer option to settle for cash upon conversion, we will not include any shares related to the Notes in our calculation of diluted earnings per share until our average stock price for a quarter exceeds the current conversion price. We would then include in our diluted earnings per share calculation those shares issuable using the treasury stock method. The amount of shares issuable is based upon the amount by which the average stock price for the quarter exceeds the conversion price. The purchased call option does not impact the calculation of diluted earnings per share as it is always anti-dilutive. The sold warrants become dilutive when our average stock price for a quarter exceeds the strike price of the warrant.

The following table provides examples of how changes in our stock price impact the number of shares that would be included in our diluted earnings per share calculation. It also shows the impact on the number of shares issuable upon conversion of the Notes and settlement of the purchased call options and sold warrants:

Share	Shares Underlying 1.875% Convertible Notes	Warrant Shares	Total Treasury Method Incremental Shares (a)	Shares Due to the Company under Notes Hedges	Incremental Shares Issued/ Received by the Company upon Conversion (b)
\$ 80.73	23,877	-	23,877	(25,542 )	(1,665 )
\$ 90.73	279,119	-	279,119	(298,594 )	(19,475 )
\$ 100.73	483,684	-	483,684	(517,430 )	(33,746 )
\$ 110.73	651,299	119,575	770,874	(696,741 )	74,133

Edgar Filing: CHEMED CORP - Form 10-Q

\$ 120.73	791,148	316,987	1,108,135	(846,347 )	261,788
\$ 130.73	909,602	484,198	1,393,800	(973,065 )	420,735

a) Represents the number of incremental shares that must be included in the calculation of fully diluted shares under U.S. GAAP.

b) Represents the number of incremental shares to be issued by the Company upon conversion of the 1.875% Convertible Notes, assuming concurrent settlement of the note hedges and warrants.

## 5. Long-Term Debt

On March 1, 2011, we replaced our existing credit agreement with our Revolving Credit Facility (“2011 Credit Agreement”). Terms of the 2011 Credit Agreement consist of a five-year, \$350 million revolving credit facility. This 2011 Credit Agreement has a floating interest rate that is currently LIBOR plus 175 basis points. The 2011 Credit Agreement also includes a \$150 million expansion feature. Debt issuance costs associated with the existing credit agreement were not material. The 2011 Credit Agreement contains the following quarterly financial covenants:

Description	Requirement
Leverage Ratio (Consolidated Indebtedness/Consolidated Adj. EBITDA)	< 3.50 to 1.00
Fixed Charge Coverage Ratio (Consolidated Free Cash Flow/Consolidated Fixed Charges)	> 1.50 to 1.00
Annual Operating Lease Commitment	< \$30.0 million

We are in compliance with all debt covenants as of June 30, 2011. We have issued \$29.5 million in standby letters of credit as of June 30, 2011 for insurance purposes. Issued letters of credit reduce our available credit under the 2011 Credit Agreement. As of June 30, 2011, we have approximately \$320.5 million of unused lines of credit available and eligible to be drawn down under our revolving credit facility, excluding the \$150 million expansion feature.

In May 2008, the FASB issued authoritative guidance for accounting for convertible debt instruments that may be settled in cash upon conversion including partial cash settlement. This guidance requires all convertible debentures classified as Instruments B or C to separately account for the debt and equity pieces of the instrument. Convertible debentures classified as Instruments B may be settled in either stock or cash equivalent to the conversion value and convertible debentures classified as Instruments C must settle the accreted value of the obligation in cash and may satisfy the excess conversion value in either cash or stock. At inception of the convertible instrument, cash flows related to the convertible instrument are to be discounted using a market rate of interest. We adopted the provisions of the guidance on January 1, 2009 and applied the guidance to our outstanding Convertible Notes (“Notes”), retrospectively. Upon adoption, the Notes had a discount of approximately \$55.1 million.

The following amounts are included in our consolidated balance sheet related to the Notes:

	June 30, 2011	December 31, 2010
Principal amount of convertible debentures	\$ 186,956	\$ 186,956
Unamortized debt discount	(24,024 )	(27,748 )
Carrying amount of convertible debentures	\$ 162,932	\$ 159,208
Additional paid in capital (net of tax)	\$ 31,310	\$ 31,310

The following amounts comprise interest expense included in our consolidated income statement (in thousands):

	Three months ended		Six months ended	
	June 30,		June 30,	
	2011	2010	2011	2010
Cash interest expense	\$ 1,288	\$ 1,083	\$ 2,440	\$ 2,152
Non-cash amortization of debt discount	1,878	1,755	3,724	3,481

Edgar Filing: CHEMED CORP - Form 10-Q

Amortization of debt costs	295	161	541	318
Total interest expense	\$ 3,461	\$ 2,999	\$ 6,705	\$ 5,951

The unamortized debt discount will be amortized using the effective interest method over the remaining life of the Notes. The effective rate on the Notes after adoption of the standard is approximately 6.875%.

Other - net	(123 )	1	(125 )	18
Other income - net	\$ 714	\$ 10	\$ 2,816	\$ 196

## 7. Stock-Based Compensation Plans

In January 2011, we met a stock price target of \$62.00 under our Long-Term Incentive Plan. On January 14, 2011, the Compensation/Incentive Committee of the Board of Directors ("CIC") approved a stock grant of 41,100 shares (including 7,350 shares from the discretionary pool) and the related allocation to participants. The cumulative compensation expense related to the stock grant was \$3.0 million.

On February 18, 2011, the CIC approved a time-based LTIP award of 42,000 shares of restricted stock to certain key employees. The restricted shares cliff vest four years from the date of issuance. The cumulative compensation expense related to the restricted award is \$2.7 million and will be recognized ratably over the 4 year vesting period. We assumed no forfeitures in determining the cumulative compensation expense of the grant.

On February 18, 2011, the CIC approved a grant of 35,713 shares of restricted stock to certain key employees. The restricted shares cliff vest four years from the date of issuance. The cumulative compensation expense related to the restricted stock award is \$2.3 million and will be recognized ratably over the 4 year vesting period. We assumed no forfeitures in determining the cumulative compensation expense of the grant.

On February 18, 2011, the CIC approved a grant of 513,100 stock options to certain employees. The stock options vest ratably over three years from the date of issuance. The cumulative compensation expense related to the stock option grant is \$9.8 million and will be recognized over the 3 year vesting period. We used the Black-Scholes option valuation method to determine the cumulative compensation expense of the grant.

## 8. Independent Contractor Operations

The Roto-Rooter segment sublicenses with 65 independent contractors to operate certain plumbing repair and drain cleaning businesses in lesser-populated areas of the United States and Canada. We had notes receivable from our independent contractors as of June 30, 2011 totaling \$1.4 million (December 31, 2010 -\$1.1 million). In most cases these loans are fully or partially secured by equipment owned by the contractor. The interest rates on the loans range from 0% to 8% per annum and the remaining terms of the loans range from 2 months to 5 years at June 30, 2011. We recorded the following from our independent contractors (in thousands):

	Three months ended June 30,		Six months ended June 30,	
	2011	2010	2011	2010
Revenues	\$ 6,528	\$ 5,562	\$ 13,039	\$ 11,217
Pretax profits	3,402	2,721	6,389	5,104

## 9. Pension and Retirement Plans

All of the Company's plans that provide retirement and similar benefits are defined contribution plans. These expenses include the impact of market gains and losses on assets held in deferred compensation plans. Expenses for the Company's pension and profit-sharing plans, excess benefit plans and other similar plans for the three and six months ended June 30, 2011 and 2010 are as follows (in thousands):

Three months ended		Six months ended	
June 30,		June 30,	
2011	2010	2011	2010
\$ 2,871	\$ 2,200	\$ 6,954	\$ 4,746

## 10. Legal and Regulatory Matters

### Litigation

On March 1, 2010 Anthony Morangelli and Frank Ercole filed a class action lawsuit in federal district court for the Eastern District of New York seeking unpaid minimum wages and overtime service technician compensation from Roto-Rooter and Chemed. They also seek payment of penalties, interest and plaintiffs' attorney fees. We contest these allegations. In September 2010, the Court conditionally certified a class of service technicians, excluding those who signed dispute resolution agreements in which they agreed to arbitrate claims arising out of their employment. In June 2011, the Court granted certification of a class of technicians in 14 states on certain claims. We are unable to estimate our potential liability, if any, with respect to this case.

VITAS is party to a class action lawsuit filed in the Superior Court of California, Los Angeles County, in September 2006 by Bernadette Santos, Keith Knoche and Joyce White. This case alleges failure to pay overtime and failure to provide meal and rest periods to California admissions nurses, chaplains and sales representatives. The case seeks payment of penalties, interest and Plaintiffs' attorney fees. VITAS contests these allegations. In December 2009, the trial court denied Plaintiffs' motion for class certification. In July 2011, the Court of Appeals affirmed denial of class certification on the travel time, meal and rest period claims, and reversed the trial court's denial on the off-the-clock and sales representation exemption claims. We are unable to estimate our potential liability, if any, with respect to this case.

Regardless of outcome, defense of litigation adversely affects us through defense costs, diversion of our time and related publicity.

### Regulatory Matters

In May 2009, VITAS received an administrative subpoena from the U.S. Department of Justice requesting VITAS deliver to the Office of Inspector General ("OIG") for the Department of Health and Human Services documents, patient records, and policy and procedure manuals for headquarters and its Texas programs concerning hospice services provided for the period January 1, 2003 to the date of the letter. In August 2009, the OIG selected medical records for 59 past and current patients from a Texas program for review. In February 2010, VITAS received a companion civil investigative demand ("CID") from the State of Texas Attorney General's Office, seeking related documents. In September 2010, it received a second CID and a second administrative subpoena seeking related documents. In April 2011, the U.S. Attorney provided the Company with a copy of a qui tam complaint filed under seal in U.S. District Court for the Northern District of Texas. In June 2011, the U.S. Attorney provided the company with a partially unsealed second qui tam complaint filed under seal in the U.S. District Court for the Western District of Texas. In June 2011, the U.S. Attorney also provided the Company with a partially unsealed third qui tam complaint filed under seal in the Northern District of Illinois, Eastern Division. The complaint and all the filings in each of these actions remain under seal. The U.S. Attorney has not decided whether to intervene in any of the actions. We are conferring with the U.S. Attorney regarding the Company's defenses to each complaint's allegations. We can neither predict the outcome of this investigation nor estimate our potential liability, if any. We believe that we are in compliance with

Medicare and Medicaid rules and regulations applicable to hospice providers.

In April 2005, the OIG served VITAS with civil subpoenas relating to VITAS' alleged failure to appropriately bill Medicare and Medicaid for hospice services. As part of this investigation, the OIG selected medical records for 320 past and current patients from VITAS' three largest programs for review. It also sought policies and procedures dating back to 1998 covering admissions, certifications, recertifications and discharges. During the third quarter of 2005 and again in May 2006, the OIG requested additional information from us. The Court dismissed a related qui tam complaint filed in U.S. District Court for the Southern District of Florida with prejudice in July 2007. The plaintiffs appealed this dismissal, which the Court of Appeals affirmed. The government continues to investigate the complaint's allegations. In March 2009, we received a letter from the government reiterating the basis of their investigation. We are unable to estimate our potential liability, if any, with respect to this matter. We believe that we are in compliance with Medicare and Medicaid rules and regulations applicable to hospice providers.

The costs to comply with either of these investigations were not material for any period presented. Regardless of outcome, responding to the subpoenas can adversely affect us through defense costs, diversion of our time and related publicity.

#### 11. Related Party Agreement

VITAS has pharmacy services agreements ("Agreements") with Omnicare, Inc. and its subsidiaries ("OCR") whereby OCR provides specified pharmacy services for VITAS and its hospice patients in geographical areas served by both VITAS and OCR. The Agreements renew automatically for one-year terms. Either party may cancel the Agreements at the end of any term by giving 90 days prior written notice. VITAS made purchases from OCR of \$9.8 million and \$8.9 million for the three months ended June 30, 2011 and 2010, respectively. VITAS made purchases from OCR of \$19.1 million and \$17.5 million for the six months ended June 30, 2011 and 2010, respectively.

Mr. Joel Gemunder retired as President and CEO of OCR during the third quarter of 2010 and is a director of the Company. Ms. Andrea Lindell is a director of both OCR and the Company. We believe that the terms of the Agreements are no less favorable to VITAS than we could negotiate with an unrelated party.

#### 12. Cash Overdrafts and Cash Equivalents

Included in accounts payable at June 30, 2011 is cash overdrafts payable of \$3.3 million (December 31, 2010 - \$11.1 million).

From time to time throughout the year, we invest excess cash in money market funds or repurchase agreements directly with major commercial banks. We do not physically hold the collateral for repurchase agreements, but the term is less than 10 days. We closely monitor the creditworthiness of the institutions with which we invest our overnight funds and the quality of the collateral underlying those investments. We had \$30.1 million in cash equivalents as of June 30, 2011. There was \$45.5 million in cash equivalents as of December 31, 2010. The weighted average rate of return for our cash equivalents was 0.2% for June 30, 2011 and 0.1% for December 31, 2010.

#### 13. Financial Instruments

FASB's authoritative guidance on fair value measurements defines a hierarchy which prioritizes the inputs in fair value measurements. Level 1 measurements are measurements using quoted prices in active markets for identical assets or liabilities. Level 2 measurements use significant other observable inputs. Level 3 measurements are measurements using significant unobservable inputs which require a company to develop its own assumptions. In recording the fair value of assets and liabilities, companies must use the most reliable measurement available.

The following shows the carrying value, fair value and the hierarchy for our financial instruments as of June 30, 2011 (in thousands):

	Carrying Value	Fair Value Measure		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual fund investments of deferred compensation plans held in trust	\$33,066	\$33,066	\$-	\$ -
Long-term debt	162,932	195,593	-	-

For cash and cash equivalents, accounts receivable and accounts payable, the carrying amount is a reasonable estimate of fair value because of the liquidity and short-term nature of these instruments.

## 14. Capital Stock Transactions

On February 22, 2011 our Board of Directors authorized \$100 million of capital stock repurchases under the newly established February 2011 repurchase program. We repurchased the following capital stock for the three and six months ended June 30, 2011 and 2010:

	Three months ended June 30,		Six months ended June 30,	
	2011	2010	2011	2010
Shares repurchased	-	114,900	341,513	146,275
Weighted average price per share	\$-	\$54.99	\$63.79	\$53.32

## 15. Business Combinations

On April 29, 2011, our VITAS segment completed an acquisition of the operating assets of Family Comfort Hospice which is based in Alabama. This acquisition adds three Central-Alabama locations serving ten counties to VITAS' network of hospice programs. We made no acquisitions within the Roto-Rooter segment. The purchase price of this acquisition is allocated as follows (in thousands):

Working capital	\$382
Identifiable intangible assets	664
Goodwill	2,345
Other assets and liabilities - net	298
	\$3,689

## 16. Guarantor Subsidiaries

Our 1.875% Notes are fully and unconditionally guaranteed on an unsecured, jointly and severally liable basis by certain of our 100% owned subsidiaries. The following unaudited, condensed, consolidating financial data presents the composition of the parent company (Chemed), the guarantor subsidiaries and the non-guarantor subsidiaries as of June 30, 2011 and December 31, 2010 for the balance sheet, the three and six months ended June 30, 2011 and June 30, 2010 for the income statement and the six months ended June 30, 2011 and June 30, 2010 for the statement of cash flows (dollars in thousands):

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

## Executive Summary

We operate through our two wholly owned subsidiaries, VITAS Healthcare Corporation and Roto-Rooter Group, Inc. VITAS focuses on hospice care that helps make terminally ill patients' final days as comfortable as possible. Through its teams of doctors, nurses, home health aides, social workers, clergy and volunteers, VITAS provides direct medical services to patients, as well as spiritual and emotional counseling to both patients and their families. Roto-Rooter's services are focused on providing plumbing and drain cleaning services to both residential and commercial customers. Through its network of company-owned branches, independent contractors and franchisees, Roto-Rooter offers plumbing and drain cleaning service to over 90% of the U.S. population.

The following is a summary of the key operating results for the three and six months ended June 30, 2011 and 2010 (in thousands except per share amounts):

	Three months ended June 30,		Six months ended June 30,					
	2011	2010	2011	2010				
Service revenues and sales	\$ 333,360	\$ 314,995	\$ 664,278	\$ 623,808				
Net income	\$ 20,286	\$ 18,855	\$ 38,387	\$ 38,213				
Diluted EPS	\$ 0.94	\$ 0.82	\$ 1.78	\$ 1.66				
Adjusted EBITDA	\$ 46,657	\$ 44,886	\$ 92,275	\$ 87,957				
Adjusted EBITDA as a % of revenue	14.0	%	14.2	%	13.9	%	14.1	%

EBITDA and Adjusted EBITDA are not measures derived in accordance with GAAP. We use Adjusted EBITDA as a measure of earnings for our LTIP awards. We provide EBITDA and Adjusted EBITDA to help readers evaluate our operating results, compare our operating performance with that of similar companies that have different capital structures and help evaluate our ability to meet future debt service, capital expenditure and working capital requirements. Our EBITDA and Adjusted EBITDA should not be considered in isolation or as a substitute for comparable measures presented in accordance with GAAP. A reconciliation of our net income to our EBITDA and Adjusted EBITDA is presented on pages 28 and 29.

For the three months ended June 30, 2011, the increase in consolidated service revenues and sales was driven by a 7.3% increase at VITAS and a 2.2% increase at Roto-Rooter. The increase in service revenues at VITAS was a result of increased average daily census ("ADC") of 5.8%, driven by an increase in admissions of 6.0%, combined with Medicare price increases of approximately 2.1%. Roto-Rooter was driven by a 1.5% price and mix shift increase and a 0.04% increase in job count. When excluding the impact of changes in the number of Company-owned branches, unit-for-unit job count at Roto-Rooter decreased 1.6% during the quarter. The remaining Roto-Rooter revenue increase is related mainly to our independent contractor operations. Consolidated net income increased 7.6% driven mainly by the increase in revenue. Diluted EPS increased 14.6% as a result of the increase in net income and a lower number of shares outstanding. Adjusted EBITDA as a percent of revenue was virtually flat when compared with the prior year. See page 30 for additional VITAS operating metrics.

For the six months ended June 30, 2011, the increase in consolidated service revenues and sales was driven by a 6.5% increase at VITAS and a 6.5% increase at Roto-Rooter. The increase in service revenues at VITAS was a result of increased average daily census ("ADC") of 5.3%, driven by an increase in admissions of 6.2%, combined with Medicare price increases of approximately 2.1%. Roto-Rooter was driven by a 3.4% price and mix shift increase and a 3.0% increase in job count. Consolidated net income was essential flat over prior year. Diluted EPS increased 7.2% as a result of a lower number of shares outstanding. Adjusted EBITDA as a percent of revenue was virtually flat when compared with the prior year.

VITAS expects to achieve full-year 2011 revenue growth, prior to Medicare cap, of 7.5% to 8.5%. Admissions are estimated to increase approximately 6.5% to 7.0%. Adjusted EBITDA margin prior to Medicare cap is estimated to be 15.3% to 15.8%. Roto-Rooter expects full-year 2011 revenue growth of 6.5% to 8.5%. The revenue estimate is a result of increased pricing of 3.0%, a favorable mix shift to higher revenue jobs, with job count growth estimated at 0.0% to 2.0%. Adjusted EBITDA margin for 2011 is estimated to be in the range of 17.0% to 18.0%. We anticipate that our operating income and cash flows will be sufficient to operate our businesses and meet any commitments for the foreseeable future.

## Financial Condition

### Liquidity and Capital Resources

Material changes in the balance sheet accounts from December 31, 2010 to June 30, 2011 include the following:

- A \$5.3 million increase in accounts receivable primarily at VITAS, related to timing of receipts from Medicare.
- A \$16.4 million decrease in accounts payable related to timing of payments and a reduction in cash overdrafts payable.
- A \$3.9 million increase in accrued compensation related to timing of payroll and bonus payments.

Net cash provided by operating activities increased \$30.9 million due primarily to the change in accounts receivable offset by the change in accounts payable and other current liabilities. Management continually evaluates cash utilization alternatives, including share repurchase, debt repurchase, acquisitions and increased dividends to determine the most beneficial use of available capital resources.

We have issued \$29.5 million in standby letters of credit as of June 30, 2011, for insurance purposes. Issued letters of credit reduce our available credit under the revolving credit agreement. As of June 30, 2011, we have approximately \$320.5 million of unused lines of credit available and eligible to be drawn down under our revolving credit facility, excluding the \$150 million expansion feature. Management believes its liquidity and sources of capital are satisfactory for the Company's needs in the foreseeable future.

### Commitments and Contingencies

Collectively, the terms of our credit agreements require us to meet various financial covenants, to be tested quarterly. We are in compliance with all financial and other debt covenants as of June 30, 2011 and anticipate remaining in compliance throughout 2011.

On March 1, 2010 Anthony Morangelli and Frank Ercole filed a class action lawsuit in federal district court for the Eastern District of New York seeking unpaid minimum wages and overtime service technician compensation from Roto-Rooter and Chemed. They also seek payment of penalties, interest and plaintiffs' attorney fees. We contest these allegations. In September 2010, the Court conditionally certified a class of service technicians, excluding those who signed dispute resolution agreements in which they agreed to arbitrate claims arising out of their employment. In June 2011, the Court granted certification of a class of technicians in 14 states on certain claims. We are unable to estimate our potential liability, if any, with respect to this case.

VITAS is party to a class action lawsuit filed in the Superior Court of California, Los Angeles County, in September 2006 by Bernadette Santos, Keith Knoche and Joyce White. This case alleges failure to pay overtime and failure to provide meal and rest periods to California admissions nurses, chaplains and sales representatives. The case seeks payment of penalties, interest and Plaintiffs' attorney fees. VITAS contests these allegations. In December 2009, the trial court denied Plaintiffs' motion for class certification. In July 2011, the Court of Appeals affirmed denial of class certification on the travel time, meal and rest period claims, and reversed the trial court's denial on the off-the-clock and sales representation exemption claims. We are unable to estimate our potential liability, if any, with respect to this case.

Regardless of outcome, defense of litigation adversely affects us through defense costs, diversion of our time and related publicity.

In May 2009, VITAS received an administrative subpoena from the U.S. Department of Justice requesting VITAS deliver to the Office of Inspector General ("OIG") for the Department of Health and Human Services documents, patient records, and policy and procedure manuals for headquarters and its Texas programs concerning hospice services provided for the period January 1, 2003 to the date of the letter. In August 2009, the OIG selected medical records for

59 past and current patients from a Texas program for review. In February 2010, VITAS received a companion civil investigative demand (“CID”) from the State of Texas Attorney General’s Office, seeking related documents. In September 2010, it received a second CID and a second administrative subpoena seeking related documents. In April 2011, the U.S. Attorney provided the Company with a copy of a qui tam complaint filed under seal in U.S. District Court for the Northern District of Texas. In June 2011, the U.S. Attorney provided the company with a partially unsealed second qui tam complaint filed under seal in the U.S. District Court for the Western District of Texas. In June 2011, the U.S. Attorney also provided the Company with a partially unsealed third qui tam complaint filed under seal in the Northern District of Illinois, Eastern Division. The complaint and all the filings in each of these actions remain under seal. The U.S. Attorney has not decided whether to intervene in any of the actions. We are conferring with the U.S. Attorney regarding the Company’s defenses to each complaint’s allegations. We can neither predict the outcome of this investigation nor estimate our potential liability, if any. We believe that we are in compliance with Medicare and Medicaid rules and regulations applicable to hospice providers.

In April 2005, the OIG served VITAS with civil subpoenas relating to VITAS' alleged failure to appropriately bill Medicare and Medicaid for hospice services. As part of this investigation, the OIG selected medical records for 320 past and current patients from VITAS' three largest programs for review. It also sought policies and procedures dating back to 1998 covering admissions, certifications, recertifications and discharges. During the third quarter of 2005 and again in May 2006, the OIG requested additional information from us. The Court dismissed a related qui tam complaint filed in U.S. District Court for the Southern District of Florida with prejudice in July 2007. The plaintiffs appealed this dismissal, which the Court of Appeals affirmed. The government continues to investigate the complaint's allegations. In March 2009, we received a letter from the government reiterating the basis of their investigation. We are unable to estimate our potential liability, if any, with respect to this matter. We believe that we are in compliance with Medicare and Medicaid rules and regulations applicable to hospice providers.

The costs to comply with either of these investigations were not material for any period presented. Regardless of outcome, responding to the subpoenas can adversely affect us through defense costs, diversion of our time and related publicity.

### Results of Operations

#### Three months ended June 30, 2011 versus 2010 - Consolidated Results

Our service revenues and sales for the second quarter of 2011 increased 5.8% versus services and sales revenues for the second quarter of 2010. Of this increase, \$16.5 million was attributable to VITAS and \$1.9 million was attributable to Roto-Rooter. The following chart shows the components of those changes (dollar amounts in thousands):

	Increase/(Decrease)	
	Amount	Percent
VITAS		
Routine homecare	\$ 13,555	8.3
Continuous care	2,111	5.7
General inpatient	1,194	4.6
Medicare cap	(403 )	-1151.4
Roto-Rooter		
Plumbing	852	2.0
Drain cleaning	425	1.3
Other	631	5.0
Total	\$ 18,365	5.8

The increase in VITAS' revenues for the second quarter of 2011 versus the second quarter of 2010 was a result of increased ADC of 5.8% driven by an increase in admissions of 6.0%, combined with Medicare reimbursement rate increases of approximately 2.1%. The ADC increase was driven by a 6.0% increase in routine homecare, an increase of 3.2% in general inpatient and an increase of a 3.1% in continuous care. In excess of 90% of VITAS' service revenues for the period were from Medicare and Medicaid.

The increase in plumbing revenues for the second quarter of 2011 versus 2010 is attributable to a 2.1% increase in the average price per job and a 0.2% increase in the number of jobs performed. The increase in the plumbing price per job was a result of favorable job mix shift to more expensive jobs such as excavation. Our excavation job count increased by 7.9% compared to 2010. On average, the price per job for our excavation jobs is approximately 5 times greater than the price per job of other plumbing jobs. Drain cleaning revenues for the second quarter of 2011 versus

2010 reflect a 1.2% increase in price per job and a 0.1% increase in the number of jobs performed. The increase in other revenues is attributable to an increase in our independent contractor operations.

The consolidated gross margin was 28.1% in the second quarter of 2011 as compared with 29.0% in the second quarter of 2010. On a segment basis, VITAS' gross margin was 21.9% in the second quarter of 2011 and 22.7% in the second quarter of 2010. The decrease in VITAS' gross margin is attributable to a Medicare cap accrual in 2011 versus an Medicare cap reversal in 2010, higher labor costs for admissions and Medicare compliance personnel and the opening of inpatient units which carry significant one time start-up costs as capacity begins to ramp-up. The Roto-Rooter segment's gross margin was 45.0% for the second quarter of 2011 as compared with 45.2% for the second quarter of 2010.

Selling, general and administrative expenses (“SG&A”) for the second quarter of 2011 and 2010 comprise (in thousands):

	Three months ended June 30,	
	2011	2010
SG&A expenses before long-term incentive compensation and the impact of market gains and losses of deferred compensation plans	\$ 49,681	\$ 48,240
Long-term incentive compensation	-	1,799
Impact of market value gains on liabilities held in deferred compensation trusts	743	(83 )
Total SG&A expenses	\$ 50,424	\$ 49,956

Normal salary increases and revenue related expense increases between periods accounts for the 3.0% increase in SG&A expenses before long-term incentive compensation and the impact of market gains of deferred compensation plans.

Depreciation expense increased 2.6% to \$6.4 million when compared to the second quarter of 2010 due mainly to the installation of patient software at our VITAS segment during the second quarter of 2010.

Other income for the second quarter of 2011 and 2010 comprise (in thousands):

## Six months ended June 30, 2011 versus 2010 - Consolidated Results

Our service revenues and sales for the first six months of 2011 increased 6.5% versus services and sales revenues for the first six months of 2010. Of this increase, \$29.2 million was attributable to VITAS and \$11.3 million was attributable to Roto-Rooter. The following chart shows the components of those changes (dollar amounts in thousands):

	Increase/(Decrease)	
	Amount	Percent
VITAS		
Routine homecare	\$ 24,981	7.8
Continuous care	3,062	4.1
General inpatient	2,288	4.4

Roto-Rooter		
Plumbing	6,979	8.6
Drain cleaning	2,518	3.7
Other	1,783	7.2
Total	\$ 40,470	6.5

The increase in VITAS' revenues for the first six months of 2011 versus the first six months of 2010 was a result of increased ADC of 5.3% driven by an increase in admissions of 6.2%, combined with Medicare reimbursement rate increases of approximately 2.1%. The ADC increase was driven by a 5.6% increase in routine homecare, an increase of 2.5% in general inpatient and an increase of 1.3% in continuous care. In excess of 90% of VITAS' service revenues for the period were from Medicare and Medicaid.

The increase in plumbing revenues for the first six months of 2011 versus 2010 is attributable to a 5.5% increase in the average price per job and a 3.4% increase in the number of jobs performed. The increase in the plumbing price per job was a result of favorable job mix shift to more expensive jobs such as excavation. Our excavation job count increased by 18.9% compared to 2010. On average, the price per job for our excavation jobs is approximately 5 times greater than the price per job of other plumbing jobs. Drain cleaning revenues for the second quarter of 2011 versus 2010 reflect a 2.9% increase in job count and a 0.9% increase in the average price per job. The increase in other revenues is attributable to an increase in our independent contractor operations and an increase in product sales.

The consolidated gross margin was 28.2% in the first six months of 2011 as compared with 29.0% in the first six months of 2010. On a segment basis, VITAS' gross margin was 21.8% in the first six months of 2011 and 22.7% in the first six months of 2010. The decrease in VITAS' gross margin is attributable to a smaller Medicare cap reversal in 2011, higher labor costs for admissions and Medicare compliance personnel and the opening of inpatient units which carry significant one time start-up costs as capacity begins to ramp-up. The Roto-Rooter segment's gross margin was 44.6% for the first six months of 2011 as compared with 45.2% for the first six months of 2010. The decrease in Roto-Rooter's gross margin was attributable to continued mix shift to excavation which has higher revenue per job but a slightly lower gross margin percentage per job. An unfavorable adjustment to casualty insurance also contributed to the margin decline.

Selling, general and administrative expenses (“SG&A”) for the first six months of 2011 and 2010 comprise (in thousands):

	Six months ended June 30,	
	2011	2010
SG&A expenses before long-term incentive compensation and the impact of market gains and losses of deferred compensation plans	\$ 100,259	\$ 96,590

Impact of market value gains on liabilities held in deferred compensation trusts	2,807	105
Total SG&A expenses	\$ 106,078	\$ 98,494

Normal salary increases and revenue related expense increases between periods accounts for the 3.8% increase in SG&A expenses before long-term incentive compensation and the impact of market gains of deferred compensation plans.

Depreciation expense increased 8.4% to \$12.6 million for the first six months of 2011 due mainly to the installation of patient capture software at our VITAS segment in the second quarter of 2010.

Other income for the second quarter of 2011 and 2010 comprise (in thousands):

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995 Regarding Forward-Looking Information

Certain statements contained in this report are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. The words “believe”, “expect”, “hope”, “anticipate”, “plan” and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. These forward-looking statements are based on current expectations and assumptions and involve various known and unknown risks, uncertainties, contingencies and other factors, which could cause Chemed’s actual results to differ from those expressed in such forward-looking statements. Variances in any or all of the risks, uncertainties, contingencies, and other factors from our assumptions could cause actual results to differ materially from these forward-looking statements and trends. In addition, our ability to deal with the unknown outcomes of these events, many of which are beyond our control, may affect the reliability of projections and other financial matters. Investors are cautioned that such forward-looking statements are subject to inherent risk and there are no assurances that the matters contained in such statements will be achieved. Chemed does not undertake and specifically disclaims any obligation to publicly update or revise any forward-looking statements, whether as a result of a new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Our primary market risk exposure relates to interest rate risk exposure through variable interest rate borrowings. At June 30, 2011, we had no variable rate debt outstanding. At June 30, 2011, the fair value of the Notes approximates \$195.6 million which have a face value of \$187.0 million.

Item 4. Controls and Procedures

We carried out an evaluation, under the supervision of our President and Chief Executive Officer and with the participation of the Executive Vice President and Chief Financial Officer and the Vice President and Controller, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the President and Chief Executive Officer, Executive Vice President and Chief Financial Officer and Vice President and Controller have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. There has been no change in our internal control over financial reporting that occurred during the quarter covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
