REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
American Campus Communities, Inc.

To the Partners of
American Campus Communities Operating Partnership, L.P.

We have audited the accompanying combined statement of revenues and certain expenses of the Kayne Anderson Portfolio (the "Portfolio") for the year ended December 31, 2011 (the "Historical Summary"). This Historical Summary is the responsibility of the Portfolio's management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Portfolio's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Historical Summary presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in Note 2 and is not intended to be a complete presentation of the Portfolio's revenues and expenses.

In our opinion, the Historical Summary referred to above presents fairly, in all material respects, the combined revenues and certain expenses of the Portfolio for the year ended December 31, 2011, in conformity with U.S. generally accepted accounting principles.

2. Basis of Presentation

The accompanying combined statement of revenues and certain expenses for the nine months ended September 30, 2012 and for the year ended December 31, 2011 were prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (“SEC”), which requires certain information with respect to real estate operations to be included with certain filings with the SEC. The statement of revenues and certain expenses is not intended to be a complete presentation of the actual operations of the properties for the periods presented, as certain expenses which may not be comparable to the expenses to be incurred in the proposed future operations of the Kayne Anderson Portfolio have been excluded. Expenses excluded consist of interest expense, depreciation, amortization, property management fees, sales and marketing expenses related to properties under development and certain corporate expenses not directly related to the future operations of the Kayne Anderson Portfolio. The statement of revenues and certain expenses and notes thereto for the nine months ended September 30, 2012 included in this report is unaudited. In the opinion of management, all adjustments necessary for a fair presentation of such statement of revenues and certain expenses have been included. Such adjustments consisted of normal recurring items. Interim results are not necessarily indicative of results for a full year.

3. Summary of Significant Accounting Policies

Principles of Combination

Due to our purchase of the Kayne Anderson Portfolio in a single transaction and common management of the Kayne Anderson Portfolio, we view it on a combined basis. The combined financial statements include selected accounts of the Kayne Anderson Portfolio described in Note 2. All significant intercompany accounts and transactions have been eliminated in the combined statement of revenues and certain expenses.

Rental Revenue Recognition

Rental revenue attributable to student leases is recognized monthly, as earned, on the accrual basis, which is not materially different than on a straight-line basis. All leases related to the student housing properties have been classified as operating leases and generally are for a term of one year or less.

Rental revenue attributable to retail leases, which are classified as operating leases, is recognized on a straight-line basis over the life of the lease.

Other income includes food and beverage provided to students on certain campuses, parking, summer camps and tenant recoveries for reimbursements of real estate and other operating expenses and, is recognized as revenue in the period the expenses were incurred.

Use of Estimates

The preparation of the combined statement of revenues and certain expenses in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the combined statement of revenues and certain expenses and accompanying notes. Actual results could differ from those estimates.

4. Commitments and Contingencies

In the normal course of business, the Kayne Anderson Portfolio is subject to claims, lawsuits, and legal proceedings. While it is not possible to ascertain the ultimate outcome of such matters, in management's opinion, the liabilities, if any, in excess of the amounts provided or covered by insurance, will not have a material adverse effect on the results of operations of the Kayne Anderson Portfolio or the Company.

American Campus Communities, Inc. and Subsidiaries
Pro Forma Condensed Consolidated Financial Statements
(Unaudited)

The following unaudited pro forma condensed consolidated balance sheet of American Campus Communities, Inc. and subsidiaries (“the Company”) as of September 30, 2012 has been prepared as if all of the 2012 acquisitions, and the Company’s October 2012 equity offering and subsequent pay down of the Company’s unsecured revolving credit facility with a portion of the offering proceeds, had been completed on September 30, 2012. The unaudited pro forma condensed consolidated statements of operations for the year ended December 31, 2011 and for the nine months ended September 30, 2012, are presented as if all of the 2011 and 2012 acquisitions, the Company’s July and October 2012 equity offerings and subsequent pay downs of the Company’s unsecured revolving credit facility with a portion of the offering proceeds, had been completed on January 1, 2011.

These pro forma condensed consolidated financial statements should be read in conjunction with (a) the Company’s 2011 Annual Report on Form 10-K and (b) the Company’s Quarterly Report on Form 10-Q for the period ended September 30, 2012.

The pro forma condensed consolidated financial statements are unaudited and do not purport to represent what the Company’s financial position or results of operations would have been assuming the completion of the acquisition of the Kayne Anderson Portfolio had occurred on September 30, 2012 or January 1, 2011, nor do they purport to project the financial position or results of operations of the Company at any future date or for any future period. In addition, the pro forma condensed consolidated balance sheet includes pro forma allocations of the purchase price of the Kayne Anderson Portfolio based upon preliminary estimates of the fair value of the assets and liabilities acquired in connection with the acquisition. As of September 30, 2012, the allocation of the purchase price of the Kayne Anderson Portfolio is preliminary pending the receipt of information necessary to complete the valuation of certain tangible and intangible assets and liabilities.

In the opinion of management, all adjustments necessary to reflect the effects of the transaction described above have been included in the pro forma condensed consolidated financial statements.
