All executive officers of the Company are United States citizens. There are no family relationships between any of our directors or executive officers.

CORPORATE GOVERNANCE

We believe that good corporate governance is important to assure that the Company is managed for the long term benefit of its stockholders. The Board and management of the Company are committed to good business practices, transparency in financial reporting and the highest level of corporate governance and ethics. The Board has specifically reviewed the provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission ("SEC") and applicable listing standards and rules to maintain its standards of good corporate governance.

The Board has reaffirmed existing policies and initiated actions adopting policies consistent with new rules and listing standards. In particular, we have:

- Established an Audit Committee consisting solely of independent directors.

Edgar Filing: Contango ORE, Inc. - Form 10-K/A

- Adopted a formal Audit Committee Charter in September 2010, a copy of which is available on the Company's website at www.contangoore.com.
 - Empowered the Audit Committee to engage independent auditors.
 - Provided the Audit Committee with access to independent auditors and legal counsel.
- Adopted a Code of Ethics that satisfies the definition of "code of ethics" under the rules and regulations of the SEC, a copy of which is available on the Company's website. The Code of Ethics applies to all of the Company's employees, including its principal executive officer, principal financial officer, and principal accounting officer.
 - Adopted a formal whistleblower protection policy.
- Adopted a formal process for stockholders to communicate with the independent directors.

- Adopted a formal Nominating Committee Charter in September 2010, a copy of which is available on the Company's website at www.contangoore.com.
- Prohibited personal loans to officers and directors.
- Taken appropriate Board and management action to achieve timely compliance with Section 404 of the Sarbanes-Oxley Act of 2002 regarding controls and procedures over financial reporting.
- Adopted a formal Compensation Committee Charter in September 2010, a copy of which is available on the Company's website at www.contangoore.com.

Independence. After reviewing the qualifications of our current directors and nominees, and any relationships they may have with the Company that might affect their independence, the Board has determined that each director and nominee, other than Mr. Juneau, is "independent" as that concept is defined by applicable listing standards. Mr. Juneau is an executive officer of the Company and, therefore, the Board has concluded that Mr. Juneau is not an independent director.

Corporate Authority & Responsibility. All corporate authority resides in the Board, as the representative of the stockholders. Authority is delegated to management by the Board in order to implement the Company's mission pursuant to Delaware law and our bylaws. Such delegated authority includes the authorization of spending limits and the authority to hire employees and terminate their services. The independent members of the Board retain responsibility for selection, evaluation and the determination of compensation of the chief executive officer of the Company, oversight of the succession plan, approval of the annual budget, assurance of adequate systems, procedures and controls, and all matters of corporate governance. Members of the Board of Directors are kept informed of the Company's business through discussions with Mr. Juneau and with key members of senior management, by reviewing materials provided to them and by participating in Board and committee meetings. Each Board member other than Mr. Juneau is independent. Additionally, the Board provides advice and counsel to senior management.

Board Size. We believe smaller to mid-size boards are more cohesive, work better together and tend to be more effective monitors than larger boards. Our Bylaws currently provide for at least three and not more than seven directors.

Annual Election of Directors. In order to create greater alignment between the Board's and our stockholders' interests and to promote greater accountability to the stockholders, directors are elected annually.

Meetings. Our Board has meetings as necessary. During the fiscal year ended June 30, 2014, the Board held six meetings. During the fiscal year ended June 30, 2014, the Board passed resolutions by unanimous written consent on one occasion. All of our Board members attended 100% of all Board and applicable committee meetings. We encourage our Board to attend our annual meeting of stockholders.

Committee Structure. It is the general policy of the Company that the Board as a whole will consider all major decisions. The committee structure of the Board includes the Audit Committee, the Compensation Committee, and the Nominating Committee. The Board may form other committees as it determines appropriate. A copy of the charter for each committee is available to any stockholder who requests a copy by delivering written notice to Contango ORE, Inc., 3700 Buffalo Speedway, Suite 925, Houston, Texas 77098.

Audit Committee. The Audit Committee was established by the Board for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of the financial statements of the Company. The Audit Committee recommends the appointment of independent public accountants to conduct audits of our financial

statements, reviews with the accountants our quarterly and annual financial statements and the plan and results of the auditing engagement, approves other professional services provided by the accountants and evaluates the independence of the accountants. The Audit Committee also reviews the scope and adequacy of our system of internal controls and procedures over financial reporting and oversees compliance with our Code of Ethics. Members of the Audit Committee are Messrs. Compofelice (Committee Chairman) and Greenberg. Each member of the Audit Committee is independent, as independence for audit committee members is defined in the listing standards and the applicable rules of the SEC. The Audit Committee met formally four times during the fiscal year ended June 30, 2014. The Board has determined that Mr. Compofelice is an “audit committee financial expert” as defined by the rules of the SEC.

Compensation Committee. The Compensation Committee was created by the Board for the purpose of administering the Equity Plan and the compensation for the Chief Executive Officer. Additionally, the Compensation Committee determines which executive officers and other employees may receive stock options, stock units, stock awards, stock appreciative rights and other stock based awards and the amounts of such stock based awards. Members of the Compensation Committee are Messrs. Compofelice (Committee Chairman) and Greenberg. Each member of the Compensation Committee is an “outside director” as defined under section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) and is “independent” as defined in the applicable rules of the SEC. The Compensation Committee met formally two times during the fiscal year ended June 30, 2014.

Nominating Committee. The Nominating Committee was created by the Board for the purpose of overseeing the identification, evaluation and selection of qualified candidates for appointment or election to the Board. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees for election as directors of the Company, taking into account that the Board as a whole shall have competency in industry knowledge, accounting and finance, and business judgment. While the Company does not have a formal diversity policy, the Nominating Committee seeks members from diverse backgrounds so that the Board consists of members with a broad spectrum of experience and expertise and with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions that they can make to the Company. The Nominating Committee shall give the same consideration to candidates for director nominees recommended by Company stockholders as those candidates recommended by others. Members of the Nominating Committee are Messrs. Greenberg (Committee Chairman) and Compofelice. Each member of the Nominating Committee is independent as independence for nominating committee members is defined in the applicable listing standards and the applicable rules of the SEC. The Nominating Committee met formally once during the fiscal year ended June 30, 2014.

Board Leadership Structure. The Board of Directors has elected Mr. Juneau as both Chairman and Chief Executive Officer for a number of reasons. Mr. Juneau is a co-founder of the Company and, through JEX, initially leased the Tetlin Property from the Village of Tetlin and continues to recommend additional properties for the Company to acquire. Furthermore, we believe that the advantages of having a single Chief Executive Officer and Chairman with extensive knowledge of our Company outweigh potential disadvantages. The Board has chosen the combined CEO and Chairman role because it provides an effective balance between management of the Company and non-employee director participation in our Board process and because of Mr. Juneau's knowledge of and experience in our operations.

Risk Oversight. We administer our risk oversight function through our Audit Committee and our Compensation Committee as well as through our Board as a whole. Our Audit Committee is empowered to appoint and oversee our independent registered public accounting firm, monitor the integrity of our financial reporting processes and systems of internal controls and provide an avenue of communication among our independent auditors, management, our internal auditing department and our Board. Our Compensation Committee is responsible for overseeing the management of risks related to our compensation arrangements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section of the annual report on Form 10-K describes and analyzes our executive compensation philosophy and program in the context of the compensation paid during the last fiscal year to our named executive officers.

Overview of 2014 fiscal year Performance and Compensation. We are engaged in the exploration in the State of Alaska for gold ore and associated minerals. During the fiscal year ended June 30, 2014, the Company completed the analysis of its 2013 exploration program that included drilling 14,349 meters in 69 core holes in the Peak zone and in our greater Chief Danny prospect. We also conducted baseline water quality sampling, cultural resource assessments, wetlands mapping, acid rock drainage tests and preliminary metallurgical tests. The Company also initiated a strategic review of its business which has resulted in the execution of a Master Agreement with Royal Gold, Inc. and the transactions contemplated therein, as described in the Company's Report on Form 8-K, filed with the Securities and Exchange Commission on October 1, 2014.

Philosophy. The Company is an exploration stage organization without any source of revenue. It currently has two part-time employees. The Company will not pay any salaries or other benefits to its executive employees for the foreseeable future and until such time as the business of the Company may require cash compensation. The Company has implemented an equity compensation program for its executive officers that will provide an incentive for such officers to achieve the Company's business objectives.

Objectives. We compete with a variety of companies and organizations to hire and retain individual talent. As a result, the primary goal of our compensation program is to help us attract, motivate and retain the best people possible. We implement this philosophy by:

- encouraging, recognizing and rewarding outstanding performance;
- recognizing and rewarding individuals for their experience, expertise, level of responsibility, leadership, individual accomplishment and other contributions to us; and
 - recognizing and rewarding individuals for work that helps increase our value.

We use executive compensation to align our executive officers' goals with our mission, business strategy, values and culture.

Market Compensation Data. The Company has selected a list of five peer companies (the "Peer Group"), all of which are very small companies in the mining industry. These companies share relevant business risk and financial factors such as revenue, market capital, net income, and total assets. Companies similar in size but in unrelated industries are not included because the Company typically does not hire executives from such companies, nor would the Company be likely to lose executives to such companies:

- Kaminak Gold Corp.
- ATAC Resources Ltd.
 - Pilot Gold Inc.
 - Corvus Gold
- Freegold Ventures

Components of Senior Executive Compensation. The primary element of annual compensation for senior executives is the granting of equity awards in the form of restricted stock and stock options. Compensation for each senior executive is designed to align the executive's incentives with the long-term interests of the Company's stockholders. The Company only has two current part-time employees and as a result, our executives are required to manage a number of different responsibilities and projects. The Company predominantly grants equity awards to create incentives for future performance. Executives receive equity awards to align their interests with our stockholders' interests and for working toward the long-term success of the Company.

Equity Awards. The Company's equity compensation program includes two forms of long-term incentives: restricted stock and stock options. Award size and frequency are based on each executive's demonstrated level of performance and Company performance over time. All awards shall be made by the Compensation Committee. The Compensation Committee reviews award levels from time to time but at least annually. In making individual awards, the Compensation Committee considers industry practices, the performance of each executive, the performance of the Company, the value of the executive's previous awards and the Company's views on executive retention and succession. In September 2013, Mr. Sergio Castro, our former Vice President, Chief Financial Officer, Treasurer and Secretary and Ms. Yaroslava Makalskaya, our former Vice President, Controller and Chief Accounting Officer were each granted stock options to acquire 15,000 shares of Common Stock, respectively. These options have an exercise price of \$10.01 and vested immediately upon grant. In September 2013, Ms. Gaines was also granted stock options to acquire 15,000 shares of Common Stock with an exercise price of \$10.01. Ms. Gaines options vest over two years, beginning with one-third vesting on the date of grant. In December 2013, the Company granted Mr. Juneau 35,000 shares of restricted Common Stock, which vest over two years, beginning with one third vesting on the date of grant.

As of October 28, 2104, the Company had 5,481,538 fully diluted shares.

Equity Award Mechanics. On September 15, 2010, the Board adopted the Equity Plan. Awards typically fall into two categories: annual awards and new hire and promotion awards. New hire and promotion awards are made on the date of hire or promotion, and annual awards are made in June. From time to time the Board of Directors may make grants at other times in connection with employee retention.

All stock option awards have a per share exercise price equal to the closing price of our Common Stock on the grant date. Stock option awards and restricted stock awards vest upon the passage of time. The Board of Directors has not granted, nor does it intend in the future to grant, equity awards in anticipation of the release of material nonpublic information. Similarly, the Company has not timed, nor does it intend in the future to time, the release of material nonpublic information based upon equity award grant dates.

Deferred Compensation and Retirement Plans. The Company does not have a deferred compensation program, pension benefits, a retirement plan, or any sort of post retirement healthcare plan.

Perquisites and Other Benefits. The Company does not have any perquisites or employee benefit plans, such as medical, dental, group life and disability insurance.

Regulatory Considerations. It is the Company's policy to make reasonable efforts to cause executive compensation to be eligible for deductibility under Section 162(m) of the Code. Under Section 162(m), the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four other most highly compensated executive officers may be limited to the extent that such compensation exceeds \$1.0 million in any one year. Under Section 162(m), the Company may deduct compensation in excess of \$1.0 million if it qualifies as "performance-based compensation", as defined in Section 162(m). While the Company does not design its compensation programs for tax purposes, in general, the Incentive Plan and the 2009 Plan are designed to allow awards and grants to be eligible for deductibility under Section 162(m).

Employment and Severance Agreements. We have no employment or severance agreement with any executive officer.

Compensation Risk Management. The Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. None of our officers has received cash compensation since the founding of the Company. The Compensation Committee believes that our equity-based awards program appropriately balances risk and the desire to focus executives on specific goals important to the Company's success, and that they do not encourage unnecessary or excessive risk taking. In addition, the Compensation Committee believes that our current equity-based awards program provides an appropriate balance between the goals of increasing the price of our Common Stock and avoiding risks that could threaten our growth and stability.

Other Compensation Arrangements. Mr. Juneau was appointed the President and Chief Executive Officer of the Company in August 2012 and in April 2013, Mr. Juneau was elected Chairman. Mr. Juneau is the sole manager of the general partner of JEX which has entered into a number of agreements and arrangements with the Company. These agreements and arrangements are described under "Certain Relationships and Related Transactions" and have been approved by the Audit Committee of the Company. Mr. Juneau is not directly compensated by the Company for serving as Chairman, President and Chief Executive Officer.

Potential Payments Upon Termination or a Change in Control

In December 2013 the Company amended its Incentive Stock Option Agreements with its executives and non-employee directors to include automatic vesting of stock options upon a Change of Control (as defined in the Equity Plan) of the Company. These terms are intended to encourage the executives and directors to remain with the Company through a strategic transaction while reducing employee uncertainty and distraction in the period leading up to any such event.

Equity Compensation Plans and Other Compensation Arrangements

The following table provides information as of June 30, 2014 regarding our Common Stock that may be issued upon the exercise of stock options and warrants.

Plan Category	Number of securities to be issued upon exercise of outstanding options	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (b))

Equity compensation plans not approved by security holders	—	—	—

Under the 2010 Equity Compensation Plan, the Compensation Committee can grant stock options, restricted stock awards stock appreciation rights or other stock-based awards to employees, consultants or non-employee directors of the Company. Pursuant to the terms of the Equity Plan, 1,000,000 shares of unissued Common Stock are authorized and reserved for issue under nonqualified stock options, incentive stock options and restricted stock grants. The maximum aggregate number of shares of Common Stock of the Company with respect to which all grants may be made to any individual is 100,000 shares during any calendar year.

Options may be granted to employees, consultants and non-employee directors. Incentive stock options may be granted only to employees of the Company or its subsidiaries. Non-qualified stock options may be granted to employees, consultants or non-employee directors. The Compensation Committee shall determine the term of options granted to participants under the Plan but in any event all options must be exercised no later than the ten years from the issue date. All options may only be exercised while a participant is employed as an employee or providing services as a consultant or non-employee director. Restricted stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable period of restriction established by the Compensation Committee and specified in the award agreement granting the restricted stock.

In making the decision to make additional grants and/or awards, the Compensation Committee would consider factors such as the size of previous grants/awards and the number of stock options and shares of stock already held and the degree to which increasing that ownership stake would provide the additional incentives for future performance, the likelihood that the grants/awards would encourage the executive officer to remain with the Company and the value of the executive's service to the Company.

The Compensation Committee has reviewed and discussed with management the disclosures contained in the Compensation Discussion and Analysis section of this report. Based upon this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis section be included in this annual report on Form 10-K.

Section 16(a) of the Exchange Act of 1934 requires our officers and directors and persons who own more than 10% of our Common Stock to file reports of ownership and changes in ownership with the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based on our review of the copies of such reports, we believe that all such reports required by Section 16(a) of the Exchange Act were in compliance with such filing requirements during the fiscal year ended June 30, 2014.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

In March 2013, the Company completed the issuance and sale of an aggregate of 1,230,999 units (“Units”) at a price of \$12.00 per Unit with each Unit consisting of (i) one share of the Company's common stock, par value \$0.01 per share and (ii) a five-year warrant to purchase one (1) share of Common Stock at \$10.00 per share, in a private placement for total proceeds of approximately \$14.1 million, both Mr. Peak, our then Chairman, and Mr. Juneau, our President and Chief Executive Officer, invested in the private placement. See “Security Ownership of Certain Beneficial Owners and Management” for more information regarding the Estate of Mr. Peak and Mr. Juneau’s respective holdings.

In August 2012, Mr. Juneau was elected President, Chief Executive Officer and a director of the Company and in April 2013, Mr. Juneau was also elected Chairman. Mr. Juneau is the sole manager of the general partner of JEX. JEX entered into a Mineral Lease dated effective July 15, 2008 covering approximately 675,000 acres (“Lease”) with the Native Village of Tetlin, also known as the Tetlin Village Council, an Alaska Native Tribe, and acquired certain State of Alaska Mining Claims prospective for gold and related minerals covering approximately 18,560 acres (“Tetlin Claims”).

Contango Mining Company (“Contango Mining”), a wholly-owned subsidiary of Contango, was formed in October 2009 for the purpose of engaging in exploration in the State of Alaska for (i) gold ore and associated minerals and (ii) rare earth elements. Contango Mining initially acquired a 50% interest in the Tetlin Claims in Alaska from JEX in exchange for \$1 million and a 1% overriding royalty interest (“ORRI”) in the properties under a Joint Exploration Agreement (the “Joint Exploration Agreement”). We believe JEX expended approximately \$1 million on exploratory activities and related work on the properties prior to selling the initial 50% interest to Contango Mining. Contango Mining also agreed to fund the next \$2 million of exploration costs. During the fiscal year ended June 30, 2011 and 2010, Contango Mining paid JEX approximately \$0.9 million and \$0.5 million, respectively, for exploration costs incurred by JEX in the State of Alaska.

In September 2010, Contango Mining acquired the remaining 50% interest in the properties by increasing the ORRI granted to JEX in the acquired properties to 3% pursuant to an Amended and Restated Conveyance of Overriding Royalty Interest (the "Amended ORRI Agreement"). Contango Mining assumed control of the exploration activities and JEX and Contango Mining terminated the Joint Exploration Agreement. In September 2012, the Company and JEX entered into an Advisory Agreement in which JEX agreed to assist the Company in acquiring additional properties in the State of Alaska in return for a 2% ORRI in any such properties acquired through the term of the Advisory Agreement.

On September 29, 2014, the Company and JEX terminated the Advisory Agreement, and JEX sold its entire 3% and 2% ORRIs to Royal Gold.

The Company was formed on September 1, 2010 as a wholly-owned subsidiary of Contango and in November 2010, Contango Mining assigned the properties and certain other assets and liabilities to Contango. Contango contributed the properties and \$3.5 million of cash to the Company, pursuant to the terms of a Contribution Agreement (the "Contribution Agreement"), in exchange for approximately 1.6 million shares of the Company's common stock. The transactions took place between companies under common control. Contango distributed all of the Company's common stock to Contango's stockholders of record as of October 15, 2010, promptly after the effective date of the Company's Registration Statement Form 10 on the basis of one share of common stock for each ten (10) shares of Contango's common stock then outstanding. As of October 1, 2013, the Company and Contango no longer share the same executive management team.

On November 10, 2011, the Company entered into a \$1.0 million Revolving Line of Credit Promissory Note with Contango (the "CORE Note") which expired on December 31, 2012. The CORE Note contained covenants limiting our ability to enter into additional indebtedness and prohibiting liens on any of our assets or properties. Borrowings under the CORE Note would bear interest at 10% per annum. All amounts outstanding under the CORE Note were repaid in March 2012.

The Company currently subleases office space from JEX at 3700 Buffalo Speedway, Suite 925, Houston, TX 77098. The sublease expires on February 29, 2016.

Related Person Transaction Policies and Procedures

The Company has instituted policies and procedures for the review, approval and ratification of "related person" transactions as defined under SEC rules and regulations. Our Audit Committee Charter requires management to inform the Audit Committee of all related person transactions. Examples of the type of transactions the Audit Committee reviews include payments made by the Company directly to a related person (other than in his or her capacity as a director or employee), or to an entity in which the related person serves as an officer, director, employee or owner, and any other transaction where a potential conflict of interest exists. In order to identify any such transactions, among other measures, the Company requires its directors and officers to complete questionnaires identifying transactions with any company in which the officer or director or their family members may have an interest. In addition, our Code of Ethics requires that the Audit Committee review and approve any related person transaction before it is consummated. The Audit Committee of the Company has reviewed and approved all agreements and arrangements described above in "Certain Relationships and Related Transactions, and Director Independence."

Audit Committee Pre-Approval Policies and Procedures

All of the 2014 audit services provided by UHY LLP were approved by the Audit Committee.

The Audit Committee has established pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee selects and appoints outside auditors, considers the independence and effectiveness of the outside auditors, approves the fees and other compensation to be paid to the outside auditors and is responsible for oversight of the outside auditors and reviews any revisions to the estimates of audit and non-audit fees initially approved. The Audit Committee's procedures prohibit the independent auditor from providing any non-audit services unless the service is permitted under applicable law and is pre-approved by the Audit Committee. The Audit Committee receives the written disclosures required by generally accepted auditing standards. The Audit Committee annually requires the outside auditors to provide the Audit Committee with a written statement delineating all relationships between the outside auditors and the Company. The Audit Committee actively engages in a dialogue with the outside auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditors. The Audit Committee recommends that the Board of Directors take appropriate action in response to the outside auditors' report to satisfy itself of the outside auditors' independence. The scope of services and fees are required to be compatible with the maintenance of the accounting firm's independence, including compliance with SEC rules and regulations.
