GENERAL INFORMATION

This Information Statement is being furnished to the stockholders of Marine Jet Technology Corp., a Nevada corporation ("Company," "we" or "us"), to advise them of the corporate actions described herein, which have been authorized by the written consent of stockholders owning a majority of the outstanding voting securities of the Company entitled to vote thereon. This action is being taken in accordance with the requirements of the general corporation law of the State of Nevada ("NGCL").

The Company's board of directors has determined that the close of business on May 4, 2005 was the record date ("Record Date") for the stockholders entitled to notice about the actions authorizing: (i) the change in the name of the Company from "Marine Jet Technology Corp." to "Blue Holdings, Inc."; (ii) a reverse split of the Company's currently outstanding common stock on a basis of 1 for 29, with special treatment for certain of the Company's stockholders to preserve round lot stockholders and the rounding up for fractional interests as herein provided, (iii) an amendment to the Company's articles of incorporation to increase the number of authorized shares of common stock from 45,000,000 to 75,000,000; and (iv) the adoption of a stock incentive plan. The foregoing actions are referred to herein individually as the "Action" or collectively as the "Actions".

Under Section 78.320 of the NGCL, any action required or permitted by the NGCL to be taken at an annual or special meeting of stockholders of a Nevada corporation may be taken without a meeting, without prior notice and without a vote, if a consent in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted. Prompt notice of the approval of the Actions must be given to those stockholders who have not consented in writing to the action and who, if the action had been taken at a

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

meeting, would otherwise have been entitled to notice of the meeting.

On May 4, 2005, a stockholder who was the owner of record of 653,643 shares of the Company's Series A Convertible Preferred Stock, representing approximately 72.2% of the outstanding voting securities of the Company, executed and delivered to the Company a written consent authorizing and approving each of the Actions. This written consent was also executed by four other persons who collectively owned shares of the Company's Series A Convertible Preferred Stock and Common Stock representing 26.3% of the outstanding voting securities of the Company.

Accordingly, all of the above Actions have been approved by holders representing approximately 98.5% of the outstanding voting securities of the Company. As such, no vote or further action of the stockholders of the Company is required to approve the Actions. You are hereby being provided with notice of the approval of the Actions by less than unanimous written consent of the stockholders of the

1

Company. However, under federal law, these Actions will not be effective until at least 20 days after this Information Statement has first been sent to stockholders.

On May 4, 2005, the board of directors approved each of the Actions and authorized the Company's officers to deliver this Information Statement.

The executive offices of the Company are located at 5804 E. Slauson Avenue, Commerce, California 90040, and its telephone number is (323) 725-5555.

INTEREST OF PERSONS IN MATTERS TO BE ACTED UPON

No officer or director or principal shareholder has a substantial or material interest in the favorable outcome of these Actions other than as discussed herein.

CHANGE OF CONTROL

On April 14, 2005, the Company entered into an Exchange Agreement with Antik Denim, LLC ("Antik"), each of the members of Antik (the "Antik Members"), and Keating Reverse Merger Fund, LLC ("KRM Fund"). The closing of the transactions contemplated by the Exchange Agreement (the "Closing") occurred on April 29, 2005. At the Closing, pursuant to the terms of the Exchange Agreement, the Company acquired all of the outstanding membership interests of Antik (the "Interests") from the Antik Members, and the Antik Members contributed all of their Interests to the Company. In exchange, the Company issued to the Antik Members 843,027 shares of Series A Convertible Preferred Stock, par value \$0.001 per share, of the Company ("Preferred Shares"), which will be convertible into approximately 708,984,875 shares of the Company's common stock ("Conversion Shares"). The issuance of the Preferred Shares and, upon conversion, the shares of the Company's common stock underlying the Preferred Shares, to the Antik Members was exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to Section 4(2) thereof.

Following the exchange transaction, Antik became a wholly-owned subsidiary of the Company.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

The Company is presently authorized under its Articles of Incorporation to issue 45,000,000 shares of common stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share. Of the 5,000,000 shares of preferred stock authorized, 850,000 shares have been designated as Series A Convertible Preferred Stock pursuant to a certificate of designations ("Certificate of Designations"), which was approved by the Company's board of directors, and filed with and accepted by, the Secretary of State of the State of Nevada on April 26, 2005.

Currently, the Company has 28,122,570 shares of common stock issued and outstanding and 843,027 shares of Series A Convertible Preferred Stock ("Preferred Shares") issued and outstanding. Each Preferred Share will be convertible into 841 shares of the Company's common stock (the "Conversion Rate"). The Preferred Shares will immediately and automatically be converted into shares of the Company's common stock (the "Mandatory Conversion") upon the approval and effectiveness of the increase in the number of authorized shares of the Company's common stock and the reverse split as described herein.

The holders of Preferred Shares are entitled to vote together with the holders of the common stock, as a single class, upon all matters submitted to holders of common stock for a vote. Each Preferred

2

Share carries a number of votes equal to the number of shares of common stock issuable in the Mandatory Conversion based on the then applicable Conversion Rate. As such, immediately following the exchange transaction, the Antik Members owned 95.8% of the total combined voting power of all classes of the Company's securities entitled to vote.

Upon Mandatory Conversion of the Preferred Shares, and subject to an adjustment of the Conversion Rate as a result of the reverse split described herein, the Antik Members will, in the aggregate, receive approximately 24,447,783 shares of the Company's common stock, representing 95.80% of the outstanding shares of the Company's common stock immediately following the Mandatory Conversion. The existing stockholders of the Company will, following the Mandatory Conversion and reverse split, own approximately 969,745 shares of the Company's common stock, representing 3.8% of the outstanding shares of the Company's common stock immediately following the Mandatory Conversion.

Effective as of the Closing, the existing officers of the Company resigned, and the newly-appointed directors of the Company were Paul Guez (Antik's Chief Executive Officer and Manager), David Weiner, a director designated by Paul Guez, and Kevin R. Keating, a director designated by KRM Fund (the "KRM Designate"). Mr. Keating, who was the sole director of the Company prior to the Closing, remained as a director of the Company following the Closing. KRM Fund and each Antik Member agreed to vote their shares of the Company's common stock to elect the KRM Designate to the Company's board for a period of one year following the Closing and to vote for such other persons that may be designated by Paul Guez to fill any vacant position on the board of directors (other than the KRM Designate). The size of the board is initially three members, but may be increased by the board of directors to five members during the one year period following Closing.

At Closing, the Company also entered into a certain financial advisory agreement with Keating Securities, LLC ("Keating Securities"), a registered broker-dealer, under which Keating Securities received \$350,000 from the Company for its advisory services rendered to the Company in connection with the

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

exchange transaction.

On March 28, 2005, in its Current Report on Form 8-K dated March 24, 2005, the Company reported the execution of a letter of intent to acquire Antik. On April 15, 2005, in its Current Report on Form 8-K dated April 14, 2005, the Company reported the execution of the Exchange Agreement and included a copy of the Exchange Agreement therein as Exhibit 2.5. On April 29, 2005, in its Current Report on Form 8-K dated April 29, 2005, the Company reported the closing of the transactions contemplated by the Exchange Agreement and included copies of the Certificate of Designations (as Exhibit 4.1) and financial advisory agreement with Keating Securities (as Exhibit 10.1). The Company also filed, and mailed to all stockholders of record as of April 15, 2005, a Schedule 14f-1 Information Statement on April 19, 2005.

On February 17, 2005, the Company issued 5,000,000 shares of its common stock to KRM Fund for an aggregate purchase price of \$50,000.

ANTI-K

Other than the employment arrangements described above in "Executive Compensation of Antik" and the transactions described below, since September 13, 2004 (inception), there has not been, nor is there currently proposed, any transaction or series of similar transactions to which Antik was or will be a party:

- in which the amount involved exceeds \$60,000; and
- in which any director, executive officer, shareholder who beneficially owns 5% or more of Marine's common stock or any member of their immediate family had or will have a direct or indirect material interest.

TRANSACTIONS WITH OFFICERS, DIRECTORS AND 5% HOLDERS

On February 28, 2005, in accordance with the provisions of the Operating Agreement described below, Paul Guez contributed piece goods inventory with a fair market value at cost of \$1,200,000 to Antik.

Antik is a party to an allocation letter agreement dated January 2,

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

2005 with Blue Concept, LLC, an entity co-owned by Paul and Elizabeth Guez, pursuant to which, for the year ended December 31, 2005, the parties agreed to allocate, and Antik is ultimately liable for, operating expenses of Blue Concept, LLC allocable to Antik. The allocations are to be on terms no less favorable than those that could be reasonably obtained in arms' length transactions with independent third parties and will be subject to final approval by Antik's, or its successor's, audit committee, as applicable. The allocation agreement applies to, among other matters, employees of Blue Concept, LLC providing services to or on behalf of Antik, and covers salaries, payroll taxes, and various employment benefits and benefit plans, including medical, dental and 401(k) plans for such employees. The allocation agreement also applies to other expenses consisting of utilities, common area services, rent, insurance and other office services.

Antik is a party to a similar allocation letter agreement dated December 31, 2004 with Blue Concept, LLC, for the period from inception through December 31, 2004. Pursuant to this letter agreement, Antik was allocated approximately \$104,049 per month of operating expenses allocable to its operations, or a total of \$390,185 for the entire period. Antik has confirmed that such allocations were made on terms no less favorable than those that could be reasonably obtained in arms' length transactions with independent third parties.

During the period from inception through December 31, 2004, Paul Guez and several companies co-owned by Paul Guez, provided advance loans to Antik in the form of inventory with a fair market value at cost, or cash for working capital purposes, in an amount equal to \$246,857. The advances are unsecured and non-interest bearing, with no formal terms of repayment.

Advances made by Antik's factor are collateralized by non-factored accounts receivable, inventories, general intangibles and personal guarantees executed by Blue Concept, LLC and Paul Guez. The guarantees provide that the factor may pursue claims against Blue Concept, LLC or Mr. Guez in the event that Antik defaults on its obligations to the factor.

Under the terms of Antik's Operating Agreement dated to be effective September 13, 2004 (the "Operating Agreement"), by and among the Antik Members, including Mr. Guez, certain of the Antik Members (not including Mr. Guez) were entitled to receive, and were receiving since September 13, 2004, distributions under the Operating Agreement. Since inception through December 31, 2004, such

11

distributions totaled \$79,190. Pursuant to the provisions of the Operating Agreement, the Antik Members contributed cash or property (or agreed to contribute cash or property), including patent and trademark applications and proprietary designs and design concepts, in exchange for their respective membership interests. At the Closing, the terms and conditions of the Operating Agreement terminated and those Antik Members previously receiving advances against distributions are no longer entitled to such advances. At the Closing, Marine became the sole member of Antik and intends to establish such terms and conditions with respect to the operation and governance of Antik as it deems appropriate.

NAME CHANGE

On May 4, 2005, holders representing approximately 98.5% of the outstanding voting securities of the Company took action by written consent to change the name of the Company from Marine Jet Technology Corp. to Blue Holdings, Inc.

The board of directors has authorized the change in the Company's name to Blue Holdings, Inc.. In the judgment of the board of directors, the change of the Company's name is desirable to more correctly reflect the business operations of the Company after its acquisition of Antik Denim, LLC, the Company's wholly-owned subsidiary, and its core operating business of designing, developing, manufacturing, marketing, distributing and selling high end fashion jeans, apparel and accessories under the "Antik Denim" brand.

On May 4, 2005, the board of directors authorized a change in the name of the Company to Blue Holdings, Inc. and thereafter an amendment to Article FIRST of the Company's Articles of Incorporation. A form of Certificate of Amendment to the Articles of Incorporation of the Company is attached to this Information Statement as Exhibit A.

The approval of an amendment to the Articles of Incorporation to change the Company's name requires the affirmative vote of a majority of the shares of voting securities outstanding and entitled to vote. On May 4, 2005, the action to change the name of the Company was approved by written consent of holders representing approximately 98.5% of the outstanding voting securities of the Company. As such, no vote or further action of the stockholders of the Company is required to approve the name change. You are hereby being provided with notice of the approval of the name change by less than unanimous written consent of the stockholders of the Company.

The Company intends to file the Certificate of Amendment to the Articles of Incorporation with the Secretary of State of the State of Nevada promptly after the twentieth day after the date this Information Statement has first been sent to stockholders.

13

REVERSE SPLIT OF COMMON STOCK

On May 4, 2005, holders representing approximately 98.5% of the outstanding voting securities of the Company took action by written consent to authorize a reverse split to reduce the number of shares of outstanding common stock at the rate of one (1) share for every 29 shares of common stock then outstanding.

On May 4, 2005, the board of directors authorized the reverse split.

The reverse split will change neither the number of authorized shares of common stock nor the par value per share of common stock. None of the rights of the common stock are being changed as a result of the reverse split and, therefore, the rights of the holders of common stock will remain unchanged, including the right of one vote for each share of common stock in any action requiring a vote of the holders of common stock, the right to liquidation proceeds after any preference shares, and the right to receive dividends when and if declared by the board of directors.

Each share of Series A Convertible Preferred Stock is currently convertible into 841 shares of the Company's common stock on a pre-reverse split

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

basis (the "Conversion Rate") and carries a number of votes equal to the number of shares of common stock issuable upon conversion. The holders of Series A Convertible Preferred Stock are entitled to vote together with the holders of the common stock, as a single class, upon all matters submitted to holders of common stock for a vote. In connection with the reverse split, the Conversion Rate will be adjusted to take into account the reduction in the number of shares of the Company's common stock currently outstanding.

Each share of Series A Convertible Preferred Stock will immediately and automatically be converted into shares of the Company's common stock (the "Mandatory Conversion") upon the approval and effectiveness of the reverse split and the increase in the Company's authorized common stock. Accordingly, following the reverse split and the Mandatory Conversion, the holders of the currently outstanding 843,027 shares of Series A Convertible Preferred Stock will, in the aggregate, receive approximately 24,447,783 shares of the Company's common stock, representing 95.8% of the outstanding shares of the Company's common stock immediately following the reverse split and the Mandatory Conversion. The existing stockholders of the Company's common stock will, following the Mandatory Conversion and reverse split, own approximately 969,745 shares of the Company's common stock, representing 3.8% of the outstanding shares of common stock.

The Company is presently authorized under its Articles of Incorporation to issue 45,000,000 shares of common stock. The Company is not proposing to reduce the amount of authorized shares of common stock. Following the reverse split and the Mandatory Conversion, there will be 25,519,607 shares of common stock outstanding. With an authorized number of 45,000,000 shares of common stock remaining unchanged (as described below), the Company will have unissued shares that will be available for future issuance.

Stockholders do not have any dissenter or appraisal rights in connection with the reverse split. There will be no change in the number of stockholders as a result of the reverse split. There is no intention to take the Company private because of the reverse split or otherwise.

14

SPECIAL TREATMENT OF STOCKHOLDERS HOLDING FEWER THAN 2900 (BUT AT LEAST 100) COMMON SHARES AND FRACTIONAL SHARE TREATMENT

The Company's board of directors approved special treatment of stockholders of record as of April 25, 2005 holding fewer than 2,900 shares of common stock to prevent those stockholders from holding less than 100 shares after the reverse split. The special treatment is being afforded to preserve round lot stockholders (i.e., holders owning at least 100 shares).

Accordingly, stockholders holding less than 2,900 shares but at least 100 shares as of April 25, 2005, and who continue to hold such shares as of the record date of the reverse split ("Eligible Holders"), will receive 100 shares of common stock after the reverse split. STOCKHOLDERS PURCHASING LESS THAN 2,900 SHARES BUT AT LEAST 100 SHARES AFTER APRIL 25, 2005, AND WHO CONTINUE TO HOLD SUCH SHARES AS OF THE RECORD DATE OF THE REVERSE SPLIT, SHALL NOT BE AFFORDED SPECIAL TREATMENT.

The reverse split will not affect the common stock held by stockholders holding less than 100 shares as of the record date of the reverse split. The result of this special treatment is that an estimated 15,000 additional shares of common stock will be outstanding than if the reverse split identically affected all stockholders. This represents approximately .06% of the total

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

number of shares of common stock outstanding after the reverse split.

No fractional shares will be issued for any fractional share interest created by the reverse split and held by a stockholder with more than 100 shares after the revenue split; those stockholders will receive a full share of common stock for any fractional share interests created by the reverse split.

REASONS FOR REVERSE SPLIT AND SPECIAL TREATMENT

The Company believes the recent per share price of the common stock may have an adverse effect on the marketability of its existing shares and the amount and percentage of transaction costs paid by individual stockholders. Based on the Company's current capital structure, the Company's ability to raise capital by issuing new shares may also be affected because the Company is very near its maximum authorization (before the increase in authorized shares described below). The reverse split is also necessary to allow for the conversion of the Series A Convertible Preferred Stock into shares of the Company's common stock.

The Company believes that the reverse split may also be advantageous to the Company and its stockholders, because it may provide the opportunity for higher share prices based upon fewer shares outstanding. It is also a factor that most brokerage houses do not permit or favor lower-priced stocks to be used as collateral for margin accounts. Certain policies and practices of the securities industry may tend to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those policies and practices involve time-consuming procedures that make the handling of lower priced stocks economically unattractive. The brokerage commissions on the purchase or sale of lower priced stocks may also represent a higher percentage of the price than the brokerage commission on higher priced stocks.

As a general rule, potential investors who might consider making investments in the Company may be unwilling to do so when the company has a large number of shares issued and outstanding with little or no stockholders' equity. In other words, the "dilution" which new investors would suffer would discourage them from investing, as a general rule of experience. A reduction in the total outstanding shares may, without any assurance, make the Company's capitalization structure more attractive.

15

While the Company's acceptability for ultimate listing on one of the NASDAQ markets or an exchange is presently remote, but being considered, the Company believes that it is in the interests of the Company to adjust its capital structure in the direction of conformity with the NASDAQ structural requirements, including the minimum price per share and the number of round lot stockholders. At the current date, even with the proposed changes, the Company would not likely meet NASDAQ criteria. NASDAQ requirements change constantly. There is no assurance that the proposed changes will meet the requirements for or any other exchange when, and if, the Company is otherwise qualified. There is no assurance that the Company will qualify for NASDAQ.

There is no assurance that any effect of the price of the Company's stock will result, or that the market price for the Company's common stock, immediately or shortly after the reverse split becomes effective, will rise, or that any rise which may occur will be sustained. Market conditions obey their own changes in investor attitudes and external conditions. The Company is proposing the steps it deems the best calculation to meet the market attractively, however, the Company cannot control the market's reaction.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

Further, there can be no assurances given that a higher market price, if it occurs as a result of the reverse split, will encourage more broker-dealers or investors to become involved in the Company's common stock.

It should also be noted that the liquidity of the Company's common stock might be adversely affected by the reverse split given the reduced number of shares of common stock that would be outstanding after the reverse split. The Company's board of directors anticipates, however, that the expected higher market price as a result of the reverse split will reduce, to some extent, the negative effects on the liquidity and marketability of the Company's common stock inherent in some of the policies and practices of institutional investors and brokerage houses described above.

EFFECT OF REVERSE SPLIT

The following table sets forth the effect of the reverse split and the special treatment being afforded to Eligible Holders to preserve round lot stockholders.

TABLE SHOWING EFFECT OF 1 FOR 29 REVERSE SPLIT

NUMBER OF SHARES HELD BY STOCKHOLDER PRIOR TO REVERSE SPLIT	NUMBER OF SHARES HELD BY STOCKHOLDER AFTER REVERSE SPLIT
Less than 100 shares	Same Number as Held Prior to Reverse Split
100 shares to 2,900 Shares (1)	100 shares
2,901 shares	101 shares
5,000 shares	173 shares
10,000 shares	345 shares
25,000 shares	863 shares
50,000 shares	1,725 shares

(1) Assumes such holder is an Eligible Holder as described above.

Under the reverse split, the number of authorized shares of common stock will not be reduced. This (along with the increase in authorized shares described below) will increase significantly the ability of the Company's board of directors to issue authorized and unissued shares of common stock without further stockholder action. The issuance in the future of such additional authorized shares of common stock may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights of the currently outstanding shares of common stock and Series A Convertible Preferred Stock. The effective increase in the number of authorized but unissued shares of

common stock may be construed as having an anti-takeover effect by permitting the issuance of common stock to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions the Company's Articles of Incorporation or bylaws.

Because the shares of common stock held by stockholders holding 99 or fewer shares of common stock will not be affected by the reverse split, and because Eligible Holders holding 2,900 or fewer shares of common stock but at least 100 shares of common stock as of April 25, 2005 and as of the record date of the reverse split will receive 100 shares of common stock after the reverse split, the reverse split will not increase the number of stockholders who own

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

"odd lots" of less than 100 shares of common stock. Brokerage commission and other costs of transactions in odd lots are generally higher than the costs of transactions of 100 shares or more. The Company also incurs added administrative costs for holders who only hold a few shares of common stock including transfer agent fees, stockholder mailing costs, etc. Further, the Company will not suffer any reduction in current round lot holders which will assist it in meeting certain NASDAQ and exchange listing requirements, when or if the Company qualifies.

In addition, because the shares of common stock held by stockholders holding less than 100 shares of common stock will not be affected by the reverse split, and because Eligible Holders holding 2,900 or fewer shares of common stock but at least 100 shares of common stock as of April 25, 2005 and as of the record date of the reverse split will receive 100 shares of common stock after the reverse split, the reverse split will not affect all stockholders uniformly and will adversely affect the percentage ownership interest of stockholders holding more than 100 shares of common stock, particularly those holding more than 2,900 shares of common stock. Because of the special treatment afforded these stockholders, proportionate voting rights and other rights and preferences of the holders of common stock who hold more than 100 common stock, particularly those who hold more than 5,000 shares, will also be adversely affected by the reverse split. However, this special treatment will only result in an estimated 15,000 additional shares of common stock being outstanding than if all stockholders were identically affected by the reverse split. This represents approximately .06% of the total outstanding shares of common stock after the reverse split.

STOCKHOLDERS PURCHASING LESS THAN 2,900 SHARES BUT AT LEAST 100 SHARES AFTER APRIL 25, 2005, AND WHO CONTINUE TO HOLD SUCH SHARES AS OF THE RECORD DATE OF THE REVERSE SPLIT, SHALL NOT BE AFFORDED SPECIAL TREATMENT.

NO EXCHANGE OF STOCK CERTIFICATES REQUIRED.

Upon the reverse split becoming effective, stockholders (at their option and at their expense) may exchange their stock certificates representing pre-reverse split common shares for new certificates representing post-reverse split common shares. Stockholders are not required to exchange their stock certificates. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal. STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES UNLESS REQUESTED TO DO SO.

ACCOUNTING CONSEQUENCES

Upon the reverse split becoming effective, the par value per share of common stock would remain unchanged at \$0.001 per share. As a result, on the effective date of the reverse split, the stated capital on the Company's balance sheet attributable to the common stock will be reduced proportionally, based on the exchange ratio of the reverse split, from its present amount, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The net income or loss and net

book value per share of common stock will be increased because there will be fewer shares of common stock outstanding. It is not anticipated that any other accounting consequences would arise as a result of the reverse split. The foregoing accounting consequences relate solely to the effect of the reverse

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

split, without giving effect to the Mandatory Conversion of the Series A Convertible Preferred Stock which will occur at the time the reverse split becomes effective.

REQUIRED CONSENT

On May 4, 2005, the reverse split was approved by the written consent of holders representing approximately 98.5% of the outstanding voting securities of the Company. On May 4, 2005, the board of directors approved the reverse split. The approval of the reverse split requires the affirmative vote of a majority of the shares of voting securities outstanding and entitled to vote. As such, no vote or further action of the stockholders of the Company is required to approve the reverse split. You are hereby being provided with notice of the approval of the reverse split by less than unanimous written consent of the stockholders of the Company.

Promptly after the twentieth day after the date this Information Statement has first been sent to stockholders, the Company intends to set the record date for the reverse split and take all other required actions to complete the reverse split consistent with the foregoing.

18

INCREASE IN AUTHORIZED COMMON STOCK

The Company is currently authorized by its Articles of Incorporation to issue 45,000,000 shares of common stock, \$0.001 par value per share ("Common Stock"), and 5,000,000 shares of preferred stock, \$0.001 par value per share ("Preferred Stock"). Of the Preferred Stock, 850,000 shares have been designated as Series A Convertible Preferred Stock. As of the date of this stockholder action, there were 28,122,570 shares of common stock issued and outstanding and 843,027 shares of Series A Convertible Preferred Stock issued and outstanding. Upon approval of the reverse split, the outstanding shares of Series A Convertible Preferred Stock will convert into approximately 24,447,783 shares of the Company's common stock on a post-reverse split basis.

In connection with the Company's acquisition of Antik Denim, LLC, the Company will likely be required to issue shares of Common Stock, options, awards and warrants in connection with employee benefit and incentive plans and employment arrangements, for financing the future operations of the acquired business, for acquiring other businesses, for forming strategic partnerships and alliances, and for stock dividends and stock splits. No specific issuances are currently anticipated, however, to the extent such issuances occur, they will result in dilution to the Company's current shareholders.

Accordingly, the Company's board of directors believes it is in the best interests of the Company and its stockholders to increase the number of authorized shares of its Common Stock to allow for the issuance of shares of Common Stock or other securities in connection with employee benefit and incentive plans and arrangements, the financing of the operations of Antik Denim, LLC, the acquisition of other businesses, the establishment of joint ventures, and such other purposes as the board determines.

The authorized number of shares of Preferred Stock would not be affected by the amendment.

The increase in the authorized number of shares of Common Stock will permit the board of directors to issue additional shares of Common Stock without further approval of the stockholders of the Company; and the board of directors

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

does not intend to seek stockholder approval prior to any issuance of the authorized capital stock unless stockholder approval is required by applicable law or stock market or exchange requirements. The issuance of additional shares of Common Stock by the Company may result in substantial dilution to the Company's existing shareholders, and such issuances may not require stockholder approval.

Although the Company from time to time reviews various transactions that could result in the issuance of Common Stock, the Company has not reviewed any transaction to date that would result in an issuance of Common Stock. However, upon the increase in authorized shares of Common Stock being effective, the Company may begin to review transactions that may result in an issuance of Common Stock.

Other than limited provisions under the laws of Nevada, the Company does not have in place provisions which may have an anti-takeover effect. The increase in the number of authorized shares of Common Stock may be construed as having an anti-takeover effect by permitting the issuance of Common Stock to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions the Company's Articles of Incorporation or bylaws. The increase in the authorized Common Stock did not result from the Company's knowledge of any specific effort to accumulate the Company's securities or to obtain control of the Company by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise, and the Company did not take such action to increase the authorized Common Stock to enable it to frustrate any efforts by another party to acquire a controlling interest or to seek Board representation.

19

The issuance of additional shares of Common Stock may have a dilutive effect on earnings per share and on the equity and voting power of existing security holders of the Company's Common Stock and Series A Convertible Preferred Stock. It may also adversely affect the market price of the Common Stock. However, if additional shares are issued in transactions whereby favorable business opportunities are provided and allow the Company to pursue its business plans, the market price may increase.

The holders of Common Stock of the Company are entitled to one vote for each share held of record on all matters to be voted on by the shareholders of the Company.

The holders of Common Stock are entitled to receive dividends when, as, and if declared by the board of directors out of funds legally available therefor. The Company has not recently paid dividends on its shares of Common Stock and does not intend to do so in the near future. In the event of liquidation, dissolution or winding up of the Company, the holders of the shares of Common Stock are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision has been made for each class of stock, if any, having preference over the Common Stock. Holders of shares of Common Stock have no conversion, preemptive or other subscription rights, and there are no redemption provisions applicable to the Common Stock.

On May 4, 2005, the action to authorize an increase in the number of authorized shares of Common Stock from 45,000,000 to 75,000,000 was approved by written consent of the holders representing approximately 98.5% of the outstanding voting securities of the Company.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

On May 4, 2005, the board of directors authorized the increase, and thereafter an amendment to Article FOURTH of the Company's Articles of Incorporation. A form of Certificate of Amendment to the Articles of Incorporation of the Company is attached to this Information Statement as Exhibit A.

The approval of an amendment to the Articles of Incorporation to increase the number of authorized shares of Common Stock requires the affirmative vote of a majority of the shares of voting securities outstanding and entitled to vote. On May 4, 2005, the action to change the name of the Company was approved by written consent of holders representing approximately 98.5% of the outstanding voting securities of the Company. As such, no vote or further action of the stockholders of the Company is required to approve the name change. You are hereby being provided with notice of the approval of the name change by less than unanimous written consent of the stockholders of the Company.

The Company intends to file the Certificate of Amendment to the Articles of Incorporation with the Secretary of State of the State of Nevada promptly after the twentieth day after the date this Information Statement has first been sent to stockholders.

STOCK INCENTIVE PLAN

GENERAL

On May 4, 2005, the action to adopt the Company's 2005 Stock Incentive Plan (the "2005 Plan") was approved by written consent of the holders representing approximately 98.5% of the outstanding voting securities of the Company.

On May 4, 2005, the Board of Directors of the Company approved the 2005 Plan. The 2005 Plan, and a form of stock option agreement issuable with respect to stock options issued under the 2005 Plan, are attached to this Information Statement as Exhibit B.

The approval of the 2005 Plan requires the affirmative vote of a majority of the shares of voting securities outstanding and entitled to vote. On May 4, 2005, the action to approve the 2005 Plan was approved by written consent of holders representing approximately 98.5% of the outstanding voting securities of the Company. As such, no vote or further action of the stockholders of the Company is required to approve the name change. You are hereby being provided with notice of the approval of the name change by less than unanimous written consent of the stockholders of the Company.

The Board of Directors approved the 2005 Plan to ensure that the Company has adequate ways in which to provide stock based compensation to its directors, officers, employees and consultants. The Board believes that the ability to grant stock-based compensation, such as stock options, is important to the Company's future success. The grant of stock-based compensation, such as stock options, can motivate high levels of performance and provide an effective means of recognizing employee and consultant contributions to the Company's success. In addition, stock-based compensation can be valuable in recruiting and retaining highly qualified technical and other key personnel who are in great demand, as well as rewarding and providing incentives to the Company's current employees and consultants.

At May 4, 2005, the last reported sales price of the common stock on

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

the Over the Counter Bulletin Board was \$0.40 per share.

SUMMARY OF THE 2005 PLAN

The principal terms and provisions of the 2005 Plan are summarized below. As a summary, the description below is not a complete description of all of the terms of the 2005 Plan and is qualified in its entirety by reference to the full text of the 2005 Plan, which is appended as Exhibit B to this Information Statement.

TYPES OF AWARDS. Both incentive stock options, or ISOs, and nonqualified stock options, or NSOs, may be granted under the 2005 Plan. ISOs receive favorable tax treatment on exercise, and may receive favorable tax treatment on a qualifying disposition of the underlying shares. However, ISOs must comply with certain requirements regarding exercise price, maximum term and post termination exercise period, and must be issued under a shareholder-approved plan. NSOs are not subject to these requirements, nor may they receive this favorable tax treatment upon exercise. The 2005 Plan also permits the grant of stock purchase rights whereby the recipient is permitted the right to purchase shares reserved under the plan for a period of time.

21

NUMBER OF SHARES. Subject to adjustment as described below, the number of shares that would be available for grant of stock options under the 2005 Plan is 2,500,000 (immediately following the reverse split).

ADMINISTRATION. The 2005 Plan will be administered by the Board of Directors. The Board of Directors has the authority to select the eligible participants to whom awards are granted, to determine the types of awards and the number of shares covered and to set the terms, conditions and provisions of such awards, to cancel or suspend awards under certain conditions, and to accelerate the exercisability of awards. The Board will be authorized to interpret the 2005 Plan, to establish, amend, and rescind any rules and regulations relating to the 2005 Plan, to determine the terms of agreements entered into with recipients under the 2005 Plan, and to make all other determinations which may be necessary or advisable for the administration of the 2005 Plan.

ELIGIBILITY. Options and rights to purchase may be granted under the 2005 Plan to officers, directors, employees and consultants of the Company and its subsidiaries, including Antik Denim, LLC, as the Board from time to time selects. As of May 4, 2005, all officers, directors, employees and consultants of the Company or Antik would have been eligible to receive awards under the 2005 Plan.

STOCK OPTION GRANTS. The exercise price per share of Common Stock purchasable under any stock option will be determined by the Board, but cannot in any event be less than 100% of the fair market value of the Common Stock on the date the option is granted. The Board shall determine the term of each stock option (subject to a maximum of 10 years) and each option will be exercisable pursuant to a vesting schedule determined by the Board. The grants and the terms of ISOs shall be restricted to the extent required for qualification as ISOs by the Code. Subject to approval of the Board, options may be exercised by payment of the exercise price in cash, shares of Common Stock, which have been held for at least six months, or pursuant to a "cashless exercise" through a broker-dealer under an arrangement approved by the Company. The Company may require the grantee to pay to the Company any applicable withholding taxes that the Company are required to withhold with respect to the grant or exercise of any award. The withholding tax may be paid in cash or, subject to applicable law, the Board may

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

permit the grantee to satisfy such obligations by the withholding or delivery of shares of Common Stock. We may withhold from any shares of Common Stock issuable pursuant to an option or from any cash amounts otherwise due from the Company to the recipient of the award an amount equal to such taxes.

STOCK PURCHASE RIGHTS. Stock purchase rights are generally treated similar to stock options with respect to exercise/purchase price, exercisability and vesting.

ADJUSTMENTS. In the event of any change affecting the shares of Common Stock by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distribution to shareholders other than cash dividends, the Board shall make such substitution or adjustment in the aggregate number of shares which may be distributed under the 2005 Plan and in the number and option price as it deems to be appropriate in order to maintain the purpose of the original grant.

TRANSFERABILITY. No option will be assignable or otherwise transferable by the grantee other than by will or the laws of descent and distribution and, during the grantee's lifetime, an option may be exercised only by the grantee.

TERMINATION OF SERVICE. If a grantee's service to the Company terminates on account of death, disability or retirement, then the grantee's unexercised options, if exercisable immediately prior to the grantee's death, disability or retirement, may be exercised in whole or in part, not later than one year after such event. If a grantee's service to the Company terminates for cause, then the grantee's unexercised option

22

terminates effective immediately upon such termination. If a grantee's service to the Company terminates for any other reason, then the grantee's unexercised options, to the extent exercisable immediately prior to such termination, shall remain exercisable, and may be exercised in whole or in part, for a period of three months after such termination of employment

CHANGE OF CONTROL AND CERTAIN CORPORATE TRANSACTIONS. Generally, a "Change of Control" shall mean (i) the consummation of a merger or consolidation of the Company with or into another entity or any other corporate reorganization, if more than 80% of the combined voting power (which voting power shall be calculated by assuming the conversion of all equity securities convertible (immediately or at some future time) into shares entitled to vote, but not assuming the exercise of any warrant or right to subscribe to or purchase those shares) of the continuing or surviving entity's securities outstanding immediately after such merger, consolidation or other reorganization is owned, directly or indirectly, by persons who were not shareholders of the Company immediately prior to such merger, consolidation or other reorganization; provided, however, that in making the determination of ownership by the shareholders of the Company, immediately after the reorganization, equity securities which persons own immediately before the reorganization as shareholders of another party to the transaction shall be disregarded; or (ii) the sale, transfer or other disposition of all or substantially all of the Company's assets.

A transaction shall not constitute a Change of Control if its sole purpose is to change the state of the Company's incorporation or to create a holding company that will be owned in substantially the same proportions by the persons who held the Company's securities immediately before such transaction.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

If a Change of Control occurs, the Board will determine, in its sole discretion, whether to accelerate any vested or unvested portion of any option grant. Additionally, if a Change of Control occurs, any agreement between the Company and any other party to the Change of Control may provide for (1) the continuation of any outstanding awards, (2) the assumption of the 2005 Plan or any awards by the surviving corporation or any of its affiliates, (3) cancellation of awards and substitution of other awards with substantially the same terms or economic value as the cancelled awards, or (4) cancellation of any vested or unvested portion of awards, subject to providing notice to the option holder.

LOANS AND GUARANTEES. Subject to applicable law, the Board has sole discretion to allow a grantee to defer payment to the Company of all or part of the option price or to cause the Company to loan or guarantee a third-party loan, to the grantee for all or part of the option price or all or part of the taxes resulting from the exercise of an award.

AMENDMENT AND TERMINATION. The Board of Directors may amend the 2005 Plan in any and all respects without shareholder approval, except as such shareholder approval may be required pursuant to the listing requirements of any national market system or securities exchange on which the Company's equity securities are listed.

Unless sooner terminated by the Board of Directors, the 2005 Plan will terminate on May 4, 2015.

TAX ASPECTS OF THE 2005 PLAN

FEDERAL INCOME TAX CONSEQUENCES. The following discussion summarizes the material federal income tax consequences to the Company and the participants in connection with the 2005 Plan under existing applicable provisions of the Internal Revenue Code (the "Code") and the regulations adopted pursuant to such code. The discussion is general in nature and does not address issues relating to the income tax circumstances of any specific individual employee or holder. The discussion is subject to possible future changes in the law. The discussion does not address the consequences of state, local or foreign tax laws.

23

NONQUALIFIED STOCK OPTIONS. A recipient will not have any taxable income at the time an NSO is granted nor will the Company be entitled to a deduction at that time. When an NSO is exercised, the grantee will have taxable ordinary income (whether the option price is paid in cash or by surrender of already owned shares of Common Stock), and the Company will be entitled to a tax deduction, in an amount equal to the excess of the fair market value of the shares to which the option exercise pertains over the option exercise price.

INCENTIVE STOCK OPTIONS. A grantee will not have any taxable income at the time an ISO is granted. Furthermore, a grantee will not have income taxable for federal income tax purposes at the time the ISO is exercised. However, the excess of the fair market value of the shares at the time of exercise over the exercise price will be a tax preference item in the year of exercise that could create an alternative minimum tax liability for the year of exercise. If a grantee disposes of the shares acquired on exercise of an ISO after the later of two years after the grant of the ISO and one year after exercise of the ISO, the gain (i.e., the excess of the proceeds received over the option price), if any, will be long-term capital gain eligible for favorable tax rates under the Code. If the grantee disposes of the shares within two years of the grant of the ISO or within one year of exercise of the ISO, the disposition is a "disqualifying

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

disposition," and the grantee will have taxable ordinary income in the year of the disqualifying disposition equal to the lesser of (a) the difference between the fair market value of the shares and the exercise price of the shares at the time of option exercise, or (b) the difference between the sales price of the shares and the exercise price of the shares. Any gain realized from the time of option exercise to the time of the disqualifying disposition would be long-term or short-term capital gain, depending on whether the shares were sold more than one year or up to and through one year respectively, after the ISO was exercised.

The Company is not entitled to a deduction as a result of the grant or exercise of an ISO. If the grantee has ordinary income taxable as compensation as a result of a disqualifying disposition, the Company will then be entitled to a deduction in the same amount as the grantee recognizes ordinary income.

STOCK PURCHASE RIGHTS. A recipient will not have any taxable income at the time a stock purchase right is granted nor will the Company be entitled to a deduction at that time. When the stock purchased under any such right is sold, the recipient will recognize taxable ordinary income or short or long term capital gain, depending on how long the shares have been held.

Generally, Section 162(m) of the Code does not allow a tax deduction to be taken by a public company for certain compensation to the chief executive officer and the four highest compensated employees that exceeds \$1,000,000 for each such employee in a taxable year. Section 162(m) of the Code provides an exception to this compensation deduction limitation in the case of certain performance-based compensation. The 2005 Plan and the grants of awards thereunder are intended to meet this performance-based compensation exception.

AWARDS UNDER THE 2005 PLAN

Awards under the 2005 Plan are made by the Board. The Board does not currently anticipate granting stock options to any particular individual under the 2005 Plan.

act under or in connection with the Plan or any option granted under the Plan, and against all amounts paid by the Administrator or any of its consultants in settlement thereof (provided that the settlement has been approved by the Company, which approval shall not be unreasonably withheld) or paid by the Administrator or any of its consultants in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such Administrator or any of its consultants did not act in good faith and in a manner which such person reasonably believed to be in the best interests of the Company, and in the case of a criminal proceeding, had no reason to believe that the conduct complained of was unlawful; PROVIDED, HOWEVER, that within 60 days after institution of any such action, suit or proceeding, such Administrator or any of its consultants shall, in writing, offer the Company the opportunity at its own expense to handle and defend such action, suit or proceeding.

SECTION 4: STOCK SUBJECT TO THE PLAN

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

The maximum number of shares with respect to which Options, awards or sales of Stock may be granted under the Plan to any Participant in any one calendar year shall be 1,000,000 shares. The Company, during the term of the Plan, shall at all times reserve and keep available a sufficient number of shares to satisfy the requirements of the Plan.

4.3 ADDITIONAL SHARES. In the event that any outstanding Option or other right for any reason expires or is canceled or otherwise terminated, the shares allocable to the unexercised portion of such Option or other right shall again be available for the purposes of the Plan. SECTION 6: TERMS AND CONDITIONS OF OPTIONS.

6.1 STOCK OPTION AGREEMENT. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company (the "STOCK OPTION AGREEMENT"). Such Option shall be subject to all applicable terms and conditions of the

35

Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Administrator deems appropriate for inclusion in a Stock Option Agreement. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

6.2 NUMBER OF SHARES. Each Stock Option Agreement shall specify the number of shares of Stock that are subject to the Option and shall provide for the adjustment of such number in accordance with SECTION 9, hereof. The Stock Option Agreement shall also specify whether the Option is an ISO or a Non-Qualified Stock Option.

6.3 EXERCISE PRICE.

6.3.1 IN GENERAL. Each Stock Option Agreement shall state the price at which shares subject to the Stock Option may be purchased (the "EXERCISE PRICE"), which shall, with respect to Incentive Stock Options, be not less than 100% of the Fair Market Value of the Stock on the Date of Grant. In the case of Non-Qualified Stock Options, the Exercise Price shall be determined in the sole discretion of the Administrator; provided, however, that the Exercise Price shall be no less than 85% of the Fair Market Value of the shares on the Date of Grant of the Non-Qualified Stock Option.

6.3.2 TEN PERCENT SHAREHOLDER. A Ten Percent Shareholder shall not be eligible for designation as an Optionee or Purchaser, unless (i) the Exercise Price of a Non-Qualified Stock Option is at least 110% of the Fair Market Value of a Share on the Date of Grant, or (ii) in the case of an ISO, the Exercise Price is at least 110% of the Fair Market Value of a Share on the Date

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

of Grant and such ISO by its terms is not exercisable after the expiration of five years from the Date of Grant.

6.3.3 NON-APPLICABILITY. The Exercise Price restriction applicable to Non-Qualified Stock Options required by SECTIONS 6.3.1 and 6.3.2(I) shall be inoperative if a determination is made by counsel for the Company that such Exercise Price restrictions are not required in the circumstances under applicable federal or state securities laws.

6.3.4 PAYMENT. The Exercise Price shall be payable in a form described in SECTION 8 hereof.

6.4 WITHHOLDING TAXES. As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Board may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise or with the disposition of shares acquired by exercising an Option.

6.5 EXERCISABILITY. Each Stock Option Agreement shall specify the date when all or any installment of the Option becomes exercisable. Subject to the preceding sentence, the exercise provisions of any Stock Option Agreement shall be determined by the Administrator, in its sole discretion.

36

6.6 TERM. The Stock Option Agreement shall specify the term of the Option. No Option shall be exercised after the expiration of ten years after the date the Option is granted. In the case of an ISO granted to a Ten Percent Shareholder, the ISO shall not be exercised after the expiration of five years after the date the ISO is granted. Unless otherwise provided in the Stock Option Agreement, no Option may be exercised (i) three months after the date the Optionee's Service with the Company, its Parent or its Subsidiaries terminates if such termination is for any reason other than death, Disability or Cause, (ii) one year after the date the Optionee's Service with the Company and its subsidiaries terminates if such termination is a result of death or Disability, and (iii) if the Optionee's Service with the Company and its Subsidiaries terminates for Cause, all outstanding Options granted to such Optionee shall expire as of the commencement of business on the date of such termination. The Administrator may, in its sole discretion, waive the accelerated expiration provided for in (i) or (ii). Outstanding Options that are not vested at the time of termination of employment for any reason shall expire at the close of business on the date of such termination.

6.7 LEAVES OF ABSENCE. For purposes of SECTION 6.6 above, to the extent required by applicable law, Service shall be deemed to continue while the Optionee is on a bona fide leave of absence. To the extent applicable law does not require such a leave to be deemed to continue while the Optionee is on a bona fide leave of absence, such leave shall be deemed to continue if, and only if, expressly provided in writing by the Administrator or a duly authorized officer of the Company, Parent or Subsidiary for whom Optionee provides his or her services.

6.8 MODIFICATION, EXTENSION AND ASSUMPTION OF OPTIONS. Within the limitations of the Plan, the Administrator may modify, extend or assume outstanding Options (whether granted by the Company or another issuer) or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same or a different number of shares and at the same or a different Exercise Price. Without limiting the foregoing, the Administrator may amend a previously granted

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

Option to fully accelerate the exercise schedule of such Option (including without limitation, in connection with a Change in Control). The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair the Optionee's rights or increase the Optionee's obligations under such Option. However, a termination of the Option in which the Optionee receives a cash payment equal to the difference between the Fair Market Value and the Exercise Price for all shares subject to exercise under any outstanding Option shall not be deemed to impair any rights of the Optionee or increase the Optionee's obligations under such Option.

SECTION 7: TERMS AND CONDITIONS OF AWARDS OR SALES

7.1 STOCK PURCHASE AGREEMENT. Each award or sale of shares of Stock under the Plan (other than upon exercise of an Option) shall be evidenced by a Stock Purchase Agreement between the Purchaser and the Company. Such award or sale shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Board deems appropriate for inclusion in a Stock Purchase Agreement. The provisions of the various Stock Purchase Agreements entered into under the Plan need not be identical.

37

7.2 DURATION OF OFFERS. Unless otherwise provided in the Stock Purchase Agreement, any right to acquire shares of Stock under the Plan (other than an Option) shall automatically expire if not exercised by the Purchaser within 30 days after the grant of such right was communicated to the Purchaser by the Company.

7.3 PURCHASE PRICE.

7.3.1 IN GENERAL. Each Stock Purchase Agreement shall state the price at which the Stock subject to such Stock Purchase Agreement may be purchased (the "PURCHASE PRICE"), which, with respect to Stock Purchase Rights, shall be determined in the sole discretion of the Administrator; PROVIDED, HOWEVER, that the Purchase Price shall be no less than 85% of the Fair Market Value of the shares of Stock on either the Date of Grant or the date of purchase of the Purchase Right.

7.3.2 TEN PERCENT STOCKHOLDERS. A Ten Percent Stockholder shall not be eligible for designation as a Purchaser unless the Purchase Price (if any) is at least 100% of the Fair Market Value of a Share.

7.3.3 NON APPLICABILITY. The Purchase Price restrictions required by SECTIONS 7.3.1 and 7.3.2 shall be inoperative if a determination is made by counsel for the Company that such Purchase Price restrictions are not required in the circumstances under applicable federal or state securities laws.

7.3.4 PAYMENT OF PURCHASE PRICE. The Purchase Price shall be payable in a form described in SECTION 8.

7.4 WITHHOLDING TAXES. As a condition to the purchase of shares, the Purchaser shall make such arrangements as the Board may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such purchase.

SECTION 8: PAYMENT; RESTRICTIONS

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

8.1 GENERAL RULE. The entire Purchase Price or Exercise Price of shares issued under the Plan shall be payable in full by, as applicable, cash or check for an amount equal to the aggregate Purchase Price or Exercise Price for the number of shares being purchased, or in the discretion of the Administrator, upon such terms as the Administrator shall approve, (i) in the case of an Option, by a copy of instructions to a broker directing such broker to sell the Stock for which such Option is exercised, and to remit to the Company the aggregate Exercise Price of such Options (a "CASHLESS EXERCISE"), (ii) in the case of an Option or a sale of Stock, by paying all or a portion of the Exercise Price or Purchase Price for the number of shares being purchased by tendering Stock owned by the Optionee, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the aggregate Purchase Price of the Stock with respect to which such Option or portion thereof is thereby exercised or Stock acquired (a "STOCK-FOR-STOCK EXERCISE") or (iii) by a stock-for-stock exercise by means of attestation whereby the Optionee identifies for delivery specific shares of Stock already owned by Optionee and receives a number of shares of Stock equal to the difference between the Option shares thereby exercised and the identified attestation shares of Stock (an "ATTESTATION EXERCISE").

38

8.2 WITHHOLDING PAYMENT. The Purchase Price or Exercise Price shall include payment of the amount of all federal, state, local or other income, excise or employment taxes subject to withholding (if any) by the Company or any parent or subsidiary corporation as a result of the exercise of a Stock Option. The Optionee may pay all or a portion of the tax withholding by cash or check payable to the Company, or, at the discretion of the Administrator, upon such terms as the Administrator shall approve, by (i) cashless exercise or attestation exercise; (ii) stock-for-stock exercise; (iii) in the case of an Option, by paying all or a portion of the tax withholding for the number of shares being purchased by withholding shares from any transfer or payment to the Optionee ("STOCK WITHHOLDING"); or (iv) a combination of one or more of the foregoing payment methods. Any shares issued pursuant to the exercise of an Option and transferred by the Optionee to the Company for the purpose of satisfying any withholding obligation shall not again be available for purposes of the Plan. The Fair Market Value of the number of shares subject to Stock Withholding shall not exceed an amount equal to the applicable minimum required tax withholding rates.

8.3 SERVICES RENDERED. At the discretion of the Administrator, shares of Stock may be awarded under the Plan in consideration of services rendered to the Company, a Parent or a Subsidiary prior to the award.

8.4 PROMISSORY NOTE. To the extent that a Stock Option Agreement or Stock Purchase Agreement so provides, in the discretion of the Administrator, upon such terms as the Administrator shall approve, all or a portion of the Exercise Price or Purchase Price (as the case may be) of shares issued under the Plan may be paid with a full-recourse promissory note; PROVIDED, HOWEVER, that payment of any portion of the Exercise Price by promissory note shall not be permitted where such loan would be prohibited by applicable laws, regulations and rules of the Securities and Exchange Commission and any other governmental agency having jurisdiction. However, in the event there is a stated par value of the shares and applicable law requires, the par value of the shares, if newly issued, shall be paid in cash or cash equivalents. The shares shall be pledged as security for payment of the principal amount of the promissory note and interest thereon. The interest rate payable under the terms of the promissory note shall not be less than the minimum rate (if any) required to avoid the imputation of additional interest under the Code. Subject to the foregoing, the

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

Administrator (at its sole discretion) shall specify the term, interest rate, amortization requirements (if any) and other provisions of such note. Unless the Administrator determines otherwise, shares of Stock having a Fair Market Value at least equal to the principal amount of the loan shall be pledged by the holder to the Company as security for payment of the unpaid balance of the loan and such pledge shall be evidenced by a pledge agreement, the terms of which shall be determined by the Administrator, in its discretion; PROVIDED, HOWEVER, that each loan shall comply with all applicable laws, regulations and rules of the Board of Governors of the Federal Reserve System and any other governmental agency having jurisdiction.

8.5 EXERCISE/PLEDGE. To the extent that a Stock Option Agreement or Stock Purchase Agreement so allows, in the discretion of the Administrator, upon such terms as the Administrator shall approve, payment may be made all or in part by the delivery (on a form prescribed by the Administrator) of an irrevocable direction to pledge shares to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the

39

loan proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

8.6 WRITTEN NOTICE. The purchaser shall deliver a written notice to the Administrator requesting that the Company direct the transfer agent to issue to the purchaser (or to his designee) a certificate for the number of shares of Common Stock being exercised or purchased or, in the case of a cashless exercise or share withholding exercise, for any shares that were not sold in the cashless exercise or withheld.

8.7 REPURCHASE RIGHTS. Each Stock Purchase Agreement may provide that the Company may repurchase the Participant's Rights as provided in this SECTION 8.7 (the "REPURCHASE RIGHT").

8.7.1 REPURCHASE PRICE. The Repurchase Right shall be exercisable at a price equal to the Purchase Price.

8.7.2 EXERCISE OF REPURCHASE RIGHT. A Repurchase Right may be exercised only within 90 days after the termination of the Participant's Service for cash or for cancellation of indebtedness incurred in purchasing the shares; PROVIDED, HOWEVER, the Repurchase Right shall lapse at least as rapidly as to 20% of the Restricted Stock purchased hereunder each year over a period of five years from the date the Restricted Stock is purchased.

8.8 TERMINATION OF REPURCHASE RIGHT. Each Stock Purchase Agreement shall provide that the Repurchase Rights shall have no effect with respect to, or shall lapse and cease to have effect when a determination is made by counsel for the Company that such Repurchase Rights are not permitted under applicable federal or state securities laws.

8.9 NO TRANSFERABILITY. Except as provided herein, a Participant may not assign, sell or transfer Rights, in whole or in part, other than by will or by operation of the laws of descent and distribution.

8.9.1 PERMITTED TRANSFER OF NON-QUALIFIED OPTION. The Administrator, in its sole discretion may permit the transfer of a Non-Qualified Option (but not an ISO or Stock Purchase Right) as follows: (i) by gift to a member of the Participant's immediate family or (ii) by transfer by instrument to a trust providing that the Option is to be passed to beneficiaries upon death

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

of the trustor (either or both (i) or (ii) referred to as a "PERMITTED TRANSFEREE"). For purposes of this SECTION 8.9.1, "IMMEDIATE FAMILY" shall mean the Optionee's spouse (including a former spouse subject to terms of a domestic relations order); child, stepchild, grandchild, child-in-law; parent, stepparent, grandparent, parent-in-law; sibling and sibling-in-law, and shall include adoptive relationships.

8.9.2 CONDITIONS OF PERMITTED TRANSFER. A transfer permitted under this SECTION 8.9 hereof may be made only upon written notice to and approval thereof by Administrator. A Permitted Transferee may not further assign, sell or transfer the transferred Option, in whole or in part, other than by will or by operation of the laws of descent and distribution. A Permitted Transferee shall agree in writing to be bound by the provisions of this Plan.

40

SECTION 9: ADJUSTMENTS; MARKET STAND-OFF

9.1 EFFECT OF CERTAIN CHANGES.

9.1.1 STOCK DIVIDENDS, SPLITS, ETC. If there is any change in the number of outstanding shares of Stock by reason of a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, then (i) the number of shares of Stock available for Rights, (ii) the number of shares of Stock covered by outstanding Rights and (iii) the Exercise Price or Purchase Price of any Stock Option or Purchase Right, in effect prior to such change, shall be proportionately adjusted by the Administrator to reflect any increase or decrease in the number of issued shares of Stock; PROVIDED, HOWEVER, that any fractional shares resulting from the adjustment shall be eliminated.

9.1.2 LIQUIDATION, DISSOLUTION, MERGER OR CONSOLIDATION. In the event of a dissolution or liquidation of the Company, or any corporate separation or division, including, but not limited to, a split-up, a split-off or a spin-off, or a sale of substantially all of the assets of the Company; a merger or consolidation in which the Company is not the Surviving Entity; a reverse merger in which the Company is the Surviving Entity, but the shares of Company stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise; or the transfer of more than 80% of the then outstanding voting stock of the Company to another person or entity, then, the Company, to the extent permitted by applicable law, but otherwise in its sole discretion may provide for: (i) the continuation of outstanding Rights by the Company (if the Company is the Surviving Entity); (ii) the assumption of the Plan and such outstanding Rights by the Surviving Entity or its parent; (iii) the substitution by the Surviving Entity or its parent of Rights with substantially the same terms for such outstanding Rights; or (iv) the cancellation of such outstanding Rights without payment of any consideration, provided that if such Rights would be canceled in accordance with the foregoing, the Participant shall have the right, exercisable during the later of the ten-day period ending on the fifth day prior to such merger or consolidation or ten days after the Administrator provides the Rights holder a notice of cancellation, to exercise the vested portion of such Rights in whole or in part, or, if provided for by the Administrator using its sole discretion in a notice of cancellation, to exercise such Rights in whole or in part without regard to any vesting provisions in the Rights agreement.

9.1.3 FURTHER ADJUSTMENTS. Subject to SECTION 9.1.2, the Administrator shall have the discretion, exercisable at any time before a sale, merger, consolidation, reorganization, liquidation or Change in Control, to take

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

such further action as it determines to be necessary or advisable, and fair and equitable to Participants, with respect to Rights. Such authorized action may include (but shall not be limited to) establishing, amending or waiving the type, terms, conditions or duration of, or restrictions on, Rights so as to provide for earlier, later, extended or additional time for exercise and other modifications, and the Administrator may take such actions with respect to all Participants, to certain categories of Participants or only to individual Participants. The Administrator may take such action before or after granting Rights to which the action relates and before or after any public announcement with respect to such sale, merger, consolidation, reorganization, liquidation or Change in Control that is the reason for such action.

41

9.1.4 PAR VALUE CHANGES. In the event of a change in the Stock of the Company as presently constituted which is limited to a change of all of its authorized shares with par value, into the same number of shares without par value, or a change in the par value, the shares resulting from any such change shall be "Stock" within the meaning of the Plan.

9.2 DECISION OF ADMINISTRATOR FINAL. To the extent that the foregoing adjustments relate to stock or securities of the Company, such adjustments shall be made by the Administrator, whose determination in that respect shall be final, binding and conclusive; PROVIDED, HOWEVER, that each ISO granted pursuant to the Plan shall not be adjusted in a manner that causes such Stock Option to fail to continue to qualify as an ISO without the prior consent of the Optionee thereof.

9.3 NO OTHER RIGHTS. Except as hereinbefore expressly provided in this SECTION 9, no Participant shall have any rights by reason of any subdivision or consolidation of shares of Company stock or the payment of any dividend or any other increase or decrease in the number of shares of Company stock of any class or by reason of any of the events described in SECTION 9.1, above, or any other issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class; and, except as provided in this SECTION 9, none of the foregoing events shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Stock subject to Rights. The grant of a Right pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structures or to merge or to consolidate or to dissolve, liquidate or sell, or transfer all or part of its business or assets.

9.4 MARKET STAND-OFF. Each Stock Option Agreement and Stock Purchase Agreement may provide that, in connection with any underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the Securities Act of 1933, as amended, the Participant shall agree not to sell, make any short sale of, loan, hypothecate, pledge, grant any option for the repurchase of, or otherwise dispose or transfer for value or otherwise agree to engage in any of the foregoing transactions with respect to any Stock without the prior written consent of the Company or its underwriters, for such period of time from and after the effective date of such registration statement as may be requested by the Company or such underwriters (the "MARKET STAND-OFF").

SECTION 10: AMENDMENT AND TERMINATION

The Board may amend, suspend or terminate the Plan at any time and for any reason. At the time of such amendment, the Board shall determine, upon

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

advice from counsel, whether such amendment will be contingent on shareholder approval.

SECTION 11: GENERAL PROVISIONS

11.1 GENERAL RESTRICTIONS.

11.1.1 NO VIEW TO DISTRIBUTE. The Administrator may require each person acquiring shares of Stock pursuant to the Plan to represent to and agree with the Company in

42

writing that such person is acquiring the shares without a view towards distribution thereof. The certificates for such shares may include any legend that the Administrator deems appropriate to reflect any restrictions on transfer.

11.1.2 LEGENDS. All certificates for shares of Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Administrator may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Stock is then listed and any applicable federal or state securities laws, and the Administrator may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

11.1.3 NO RIGHTS AS SHAREHOLDER. Except as specifically provided in this Plan, a Participant or a transferee of a Right shall have no rights as a shareholder with respect to any shares covered by the Rights until the date of the issuance of a Stock certificate to him or her for such shares, and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is prior to the date such Stock certificate is issued, except as provided in SECTION 9.1, hereof.

11.2 OTHER COMPENSATION ARRANGEMENTS. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

11.3 DISQUALIFYING DISPOSITIONS. Any Participant who shall make a "DISPOSITION" (as defined in Section 424 of the Code) of all or any portion of an ISO within two years from the date of grant of such ISO or within one year after the issuance of the shares of Stock acquired upon exercise of such ISO shall be required to immediately advise the Company in writing as to the occurrence of the sale and the price realized upon the sale of such shares of Stock.

11.4 REGULATORY MATTERS. Each Stock Option Agreement and Stock Purchase Agreement shall provide that no shares shall be purchased or sold thereunder unless and until (i) any then applicable requirements of state or federal laws and regulatory agencies shall have been fully complied with to the satisfaction of the Company and its counsel and (ii) if required to do so by the Company, the Optionee or Offeree shall have executed and delivered to the Company a letter of investment intent in such form and containing such provisions as the Board or Committee may require.

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

Subject to any statutory obligations the Company may otherwise have, for purposes of this Plan, thirty days shall be considered a reasonable period of time.

11.7 OTHER PROVISIONS. The Stock Option Agreements and Stock Purchase Agreements authorized under the Plan may contain such other provisions not inconsistent with

this Plan, including, without limitation, restrictions upon the exercise of the Rights, as the Administrator may deem advisable.

SECTION 12: INFORMATION TO PARTICIPANTS

To the extent necessary to comply with California law, the Company each year shall furnish to Participants its balance sheet and income statement unless such Participants are limited to key Employees whose duties with the Company assure them access to equivalent information.

SECTION 13: EFFECTIVE DATE OF PLAN

The effective date of this Plan is May 4, 2005. The adoption of the Plan is subject to approval by the Company's shareholders, which approval must be obtained within 12 months from the date the Plan is adopted by the Board. 2005 STOCK INCENTIVE PLAN: STOCK OPTION AGREEMENT

SECTION 1: GRANT OF OPTION

1.1 OPTION. On the terms and conditions set forth in the notice of stock option grant to which this agreement (the "AGREEMENT") is attached (the "NOTICE OF STOCK OPTION GRANT") and this Agreement, the Company grants to the individual named in the Notice of Stock Option Grant (the "OPTIONEE") the option to purchase at the exercise price specified in the Notice of Stock Option Grant (the "EXERCISE PRICE") the number of shares of Stock (the "SHARES") set forth in the Notice of Stock Option Grant. This option is intended to be either an ISO or a Non-Qualified Stock Option, as provided in the Notice of Stock Option Grant.

1.2 STOCK PLAN AND DEFINED TERMS. This option is granted pursuant to and subject to the terms of the 2005 Stock Incentive Plan, as in effect on the date specified in the Notice of Stock Option Grant (which date shall be the later of (i) the date on which the Board resolved to grant this option or (ii) the first day of the Optionee's Service) and as amended from time to time (the "PLAN"), a copy of which is attached hereto and which the Optionee acknowledges having received. Capitalized terms not otherwise defined in this Agreement have the definitions ascribed to them in the Plan.

SECTION 2: RIGHT TO EXERCISE

2.1 EXERCISABILITY. Subject to SECTIONS 2.2 and 2.3 below and the other conditions set forth in this Agreement, all or part of this option may be exercised prior to its expiration at the time or times set forth in the Notice of Stock Option Grant, notwithstanding the vesting provisions identified therein.

2.2 \$100,000 LIMITATION. The aggregate fair market value (determined at the time the option is granted) of the Shares with respect to which ISOs are exercisable for the first time during any calendar year (under all ISO plans of the Company and its Subsidiaries) shall not exceed \$100,000. If this option is designated as an ISO in the Notice of Stock Option Grant, then to the extent (and only to the extent) the Optionee's right to exercise this option causes this option (in whole or in part) to not be treated as an ISO by reason of the \$100,000 annual limitation under Section 422(d) of the Code, such options shall be treated as Non-Qualified Stock Options, but shall be exercisable by their terms. The determination of options to be treated as Non-Qualified Stock Options shall be made by taking options into account in the order in which they are granted. If the terms of this option cause the \$100,000 annual limitation under Section 422(d) of the Code to be exceeded, a pro rata portion of each exercise shall be treated as the exercise of a Non-Qualified Stock Option.

47

2.3 STOCKHOLDER APPROVAL. Any other provision of this Agreement notwithstanding, no portion of this option shall be exercisable at any time prior to the approval of the Plan by the Company's stockholders.

SECTION 3: NO TRANSFER OR ASSIGNMENT OF OPTION

Except as provided herein, an Optionee may not assign, sell or transfer the option, in whole or in part, other than by will or by operation of the laws of descent and distribution. The Administrator, in its sole discretion may permit the transfer of a Non-Qualified Option (but not an ISO) as follows: (i)

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

by gift to a member of the Participant's "immediate family" (as such term is defined in the Plan) or (ii) by transfer by instrument to a trust providing that the Option is to be passed to beneficiaries upon death of the trustor (either or both (i) or (ii) referred to as a "PERMITTED TRANSFEREE"). A transfer permitted under this SECTION 3 hereof may be made only upon written notice to and approval thereof by Administrator. A Permitted Transferee may not further assign, sell or transfer the transferred option, in whole or in part, other than by will or by operation of the laws of descent and distribution. A Permitted Transferee shall agree in writing to be bound by the provisions of this Plan.

SECTION 4: EXERCISE PROCEDURES

4.1 NOTICE OF EXERCISE. The Optionee or the Optionee's representative may exercise this option by delivering a written notice in the form of EXHIBIT A attached hereto ("NOTICE OF EXERCISE") to the Company in the manner specified pursuant to SECTION 10.4 hereof. Such Notice of Exercise shall specify the election to exercise this option, the number of Shares for which it is being exercised and the form of payment, which must comply with SECTION 5. The Notice of Exercise shall be signed by the person who is entitled to exercise this option. In the event that this option is to be exercised by the Optionee's representative, the notice shall be accompanied by proof (satisfactory to the Company) of the representative's right to exercise this option.

4.2 ISSUANCE OF SHARES. After receiving a proper Notice of Exercise, the Company shall cause to be issued a certificate or certificates for the Shares as to which this option has been exercised, registered in the name of the person exercising this option (or in the names of such person and his or her spouse as community property or as joint tenants with right of survivorship).

4.3 WITHHOLDING TAXES. In the event that the Company determines that it is required to withhold any tax as a result of the exercise of this option, the Optionee, as a condition to the exercise of this option, shall make arrangements satisfactory to the Company to enable it to satisfy all withholding requirements. The Optionee shall also make arrangements satisfactory to the Company to enable it to satisfy any withholding requirements that may arise in connection with the vesting or disposition of Shares purchased by exercising this option.

SECTION 5: PAYMENT FOR STOCK

5.1 GENERAL RULE. The entire Exercise Price of Shares issued under the Plan shall be payable in full by cash or check for an amount equal to the aggregate Exercise Price for the

48

number of shares being purchased. Alternatively, in the sole discretion of the Plan Administrator and upon such terms as the Plan Administrator shall approve, the Exercise Price may be paid by:

5.1.1 CASHLESS EXERCISE. A copy of instructions to a broker directing such broker to sell the Shares for which this option is exercised, and to remit to the Company the aggregate Exercise Price of such option ("CASHLESS EXERCISE");

5.1.2 STOCK-FOR-STOCK EXERCISE. Paying all or a portion of the Exercise Price for the number of Shares being purchased by tendering Shares owned by the Optionee, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the Exercise Price multiplied by

Edgar Filing: MARINE JET TECHNOLOGY CORP - Form PRE 14C

the number of Shares with respect to which this option is being exercised (the "PURCHASE PRICE") ("STOCK-FOR-STOCK EXERCISE"); or

5.1.3 ATTESTATION EXERCISE. By a stock for stock exercise by means of attestation whereby the Optionee identifies for delivery specific Shares already owned by Optionee and receives a number of Shares equal to the difference between the Option Shares thereby exercised and the identified attestation Shares ("ATTESTATION EXERCISE").

5.2 WITHHOLDING PAYMENT. The Exercise Price shall include payment of the amount of all federal, state, local or other income, excise or employment taxes subject to withholding (if any) by the Company or any parent or subsidiary corporation as a result of the exercise of a Stock Option. The Optionee may pay all or a portion of the tax withholding by cash or check payable to the Company, or, at the discretion of the Administrator, upon such terms as the Administrator shall approve, by (i) Cashless Exercise or Attestation Exercise; (ii) Stock-for-Stock Exercise; (iii) in the case of an Option, by paying all or a portion of the tax withholding for the number of shares being purchased by withholding shares from any transfer or payment to the Optionee ("STOCK WITHHOLDING"); or (iv) a combination of one or more of the foregoing payment methods. Any shares issued pursuant to the exercise of an Option and transferred by the Optionee to the Company for the purpose of satisfying any withholding obligation shall not again be available for purposes of the Plan. The fair market value of the number of shares subject to Stock Withholding shall not exceed an amount equal to the applicable minimum required tax withholding rates.

5.3 PROMISSORY NOTE. The Plan Administrator, in its sole discretion, upon such terms as the Plan Administrator shall approve, may permit all or a portion of the Exercise Price of Shares issued under the Plan to be paid with a full-recourse promissory note; PROVIDED, HOWEVER, that payment of any portion of the Exercise Price by promissory note shall not be permitted where such loan would be prohibited by applicable laws, regulations and rules of the Securities and Exchange Commission and any other governmental agency having jurisdiction. However, in the event there is a stated par value of the shares and applicable law requires, the par value of the shares, if newly issued, shall be paid in cash or cash equivalents. The Shares shall be pledged as security for payment of the principal amount of the promissory note and interest thereon. Subject to the foregoing, the Plan Administrator (at its sole discretion) shall specify the term, interest rate, amortization requirements (if any) and other provisions of such note.

5.4 EXERCISE/PLEDGE. In the discretion of the Plan Administrator, upon such terms as the Plan Administrator shall approve, payment may be made all or in part by the delivery (on a

49

form prescribed by the Plan Administrator) of an irrevocable direction to pledge Shares to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

SECTION 6: TERM AND EXPIRATION

6.1 BASIC TERM. This option shall expire and shall not be exercisable after the expiration of the earliest of (i) the Expiration Date specified in the Notice of Stock Option Grant, (ii) three months after the date the Optionee's Service with the Company and its Subsidiaries terminates if such termination is for any reason other than death, Disability or Cause, (iii) one

year after the date the Optionee's Service with the Company and its Subsidiaries terminates if such termination is a result of death or Disability, and (iv) if the Optionee's Service with the Company and its Subsidiaries terminates for Cause, all outstanding Options granted to such Optionee shall expire as of the commencement of business on the date of such termination. Outstanding Options that are not vested at the time of termination of employment for any reason shall expire at the close of business on the date of such termination. The Plan Administrator shall have the sole discretion to determine when this option is to expire. For any purpose under this Agreement, Service shall be deemed to continue while the Optionee is on a bona fide leave of absence, to the extent required by applicable law. To the extent applicable law does not require such a leave to be deemed to continue while the Optionee is on a bona fide leave of absence, such leave shall be deemed to continue if, and only if, expressly provided in writing by the Administrator or a duly authorized officer of the Company, Parent or Subsidiary for whom Optionee provides his or her services.

6.2 EXERCISE AFTER DEATH. All or part of this option may be exercised at any time before its expiration under SECTION 6.1 above by the executors or administrators of the Optionee's estate or by any person who has acquired this option directly from the Optionee by beneficiary designation, bequest or inheritance, but only to the extent that this option had become vested before the Optionee's death. When the Optionee dies, this option shall expire immediately with respect to the number of Shares for which this option is not yet vested.

6.3 NOTICE CONCERNING ISO TREATMENT. If this option is designated as an ISO in the Notice of Stock Option Grant, it ceases to qualify for favorable tax treatment as an ISO to the extent it is exercised (i) more than three months after the date the Optionee ceases to be an Employee for any reason other than death or permanent and total disability (as defined in Section 22(e)(3) of the Code), (ii) more than 12 months after the date the Optionee ceases to be an Employee by reason of such permanent and total disability or (iii) after the Optionee has been on a leave of absence for more than 90 days, unless the Optionee's reemployment rights are guaranteed by statute or by contract.

SECTION 7: LEGALITY OF INITIAL ISSUANCE

No Shares shall be issued upon the exercise of this option unless and until the Company has determined that:

7.1 It and the Optionee have taken any actions required to register the Shares under the Securities Act of 1933, as amended (the "SECURITIES ACT") or to perfect an exemption from the registration requirements thereof;

7.2 Any applicable listing requirement of any stock exchange on which Stock is listed has been satisfied; and

7.3 Any other applicable provision of state or federal law has been satisfied.

SECTION 9: RESTRICTIONS ON TRANSFER

9.1 SECURITIES LAW RESTRICTIONS. Regardless of whether the offering and sale of Shares under the Plan have been registered under the Securities Act or have been registered or qualified under the securities laws of any state, the Company at its discretion may impose restrictions upon the sale, pledge or other transfer of such Shares (including the placement of appropriate legends on stock certificates or the imposition of stop-transfer instructions) if, in the judgment of the Company, such restrictions are necessary or desirable in order to achieve compliance with the Securities Act, the securities laws of any state or any other law.

9.2 MARKET STAND-OFF. In the event of an underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the Act (a "PUBLIC OFFERING"), the Optionee shall not Transfer for value any shares of Stock without the prior written consent of the Company or its underwriters, for such period of time from and after the effective date of such registration statement as may be requested by the Company or such underwriters (the "MARKET STAND-OFF"). The Market Stand-off shall be in effect for such period of time following the date of the final prospectus for the offering as may be requested by the Company or such underwriters. In the event of the declaration of a stock dividend, a spin-off, a stock split, an adjustment in conversion ratio, a recapitalization or a similar transaction affecting the Company's outstanding securities without receipt of consideration, any new, substituted or additional securities which are by reason of such transaction distributed with respect to any Shares subject to the Market Stand-Off, or into which such Shares thereby become convertible, shall immediately be subject to the Market Stand-Off. In order to enforce the Market Stand-Off, the Company may impose stop-transfer instructions with respect to the Shares acquired under this Agreement until the end of the applicable stand-off period.

9.3 LEGENDS. Certificates evidencing Shares purchased under this Agreement in an unregistered transaction may bear the following legend (and such other restrictive legends as are required or deemed advisable under the provisions of any applicable law):

AND MAY NOT BE SOLD, PLEDGED, OR OTHERWISE TRANSFERRED WITHOUT AN EFFECTIVE REGISTRATION THEREOF UNDER SUCH ACT OR AN OPINION OF COUNSEL, SATISFACTORY TO THE COMPANY AND ITS COUNSEL, THAT SUCH REGISTRATION IS NOT REQUIRED."

9.4 REMOVAL OF LEGENDS. If, in the opinion of the Company and its counsel, any legend placed on a stock certificate representing Shares sold under this Agreement no longer is required, the holder of such certificate shall be entitled to exchange such certificate for a certificate representing the same number of Shares but without such legend.

9.5 ADMINISTRATION. Any determination by the Company and its counsel in connection with any of the matters set forth in this SECTION 9 shall be conclusive and binding on the Optionee and all other persons.

10.2 ADJUSTMENTS. If there is any change in the number of outstanding shares of Stock by reason of a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification, then (i) the number of shares subject to this option and (ii) the Exercise Price of this option, in effect prior to such change, shall be proportionately adjusted to reflect any increase or decrease in the number of issued shares of Stock; PROVIDED, HOWEVER, that any fractional shares resulting from the adjustment shall be eliminated.
