Re: Enventis Announcement

We were very pleased to announce this morning that we entered into a definitive agreement for Enventis Corporation (Nasdaq: ENVE) to merge with Consolidated Communications.

Headquartered in Mankato, Minnesota, Enventis is a leading communications provider in the upper Midwest. With roots similar to Consolidated Communications, Enventis, which you may know previously as Hickory Tech, was originally founded by a group of entrepreneurs in 1898 and has evolved into a leading provider of high-quality telecommunications and broadband services.

Like CCI, Enventis offers a wide array of communication services. For business customers, this includes broadband solutions, voice, IP, managed and hosted services and equipment solutions. The company's multi-state fiber network spans more than 4,200 fiber route miles and is one of the most extensive in Minnesota, with fiber throughout the state and metro rings in major business centers. The company also offers residential services of broadband Internet, Digital TV and voice services in their core ILEC territory, which covers 34 communities across southern Minnesota, northwest Iowa and Urbandale, Iowa.

The company has about 500 employees with business offices located in Mankato, Edina, Plymouth, Rochester and Duluth Minn.; Fargo, North Dakota; and Iowa locations of Rock Rapids and Urbandale. Much like CCI, Enventis serves customers of all sizes, ranging from residential through commercial, to service providers and carriers across its own regional fiber network which extends throughout Minnesota and into Iowa, North Dakota, South Dakota and Wisconsin. With common challenges and customer demands, Enventis and its team complement our current business and we'll benefit from increased size, scale and geographic diversity, as we have by following our strategy with previous acquisitions.

While it's hard to believe that it's been more than two years since we merged SureWest and Consolidated Communications, and knowing that billing integration is not yet complete, we're amazed and pleased at what has been accomplished and we can see the end in sight of those significant integration projects. For that, we want to express a heartfelt thank you to everyone who has contributed and continues to work diligently on finishing our platform integration while also growing our broadband business in all states. It's been an impressive undertaking.

That being said, we believe we're ready for this acquisition and that it's a good fit and opportunity for CCI, but we must be mindful of the integration work still underway; therefore, we will pace this integration so we don't compromise quality or overtax our employees. It's important that we strike a balance between aggressively achieving efficiencies and maintaining high quality services for our customers. We'll listen to you and collaboratively prioritize projects that make the best sense to meet our collective goals.

We expect the transaction to close sometime in the fourth quarter. As essential information becomes available about the sale closing and integration process, we will provide updates. Questions should be directed to your supervisor or you may use the Corporate Communications Comment Box on the intranet.

As always, if you receive any inquiries from the media or other third parties, please forward them to Laura ZuHone in Corporate Communications at [laura.zuhone@consolidated.com](mailto:laura.zuhone@consolidated.com) or 217-234-5965.

It's an exciting time to be a part of the Consolidated Communications team, and the acquisition of Enventis is another positive step in the evolution of our Company. Thanks to all of you for your diligence and hard work to provide products and services of which we can be proud and for all your contributions to our company's future.
