JUNE 30, 2009

(Unaudited)

1. BUSINESS AND BASIS OF ORGANIZATION

Ableauctions.com, Inc. (the 'Company') was organized on September 30, 1996, under the laws of the State of Florida, as J.B. Financial Services, Inc. On July 19, 1999, an Article of Amendment was filed with the State of Florida for the change of the Company's name from J.B. Financial Services, Inc. to Ableauctions.com, Inc.

The Company provides liquidation and merchandising services along with auction and point-of-sale technology to businesses to assist them with managing the sale of their products. In the past the Company has provided the online auction technology and point-of-sale services directly to its customers. Effective June 8, 2009, the Company has licensed its point-of-sale and online auciton operations to third parties in providing these services.

The Company also provides mortgages and loans to individuals and companies, and develops real estate property. The Company classifies its business interests into four reportable segments: Auction, Liquidation & Technology Business: consisting principally of liquidation and merchandizing services; Mortgages and Loans: consisting of mortgages, loans and other investments and Real Property & Property Development: consisting principally of properties held for development. Financial information for Ableauctions.com's various reportable segments is presented in Note 12.

The Company's operating subsidiaries are:

Unlimited Closeouts, Inc., a U.S. based liquidation business.

Jarvis Industries Ltd., a Canadian based liquidation business

Icollector.Com Technologies Ltd., a Canadian based Internet auction facility.

Rapidfusion Technologies Inc., a Canadian based Internet auction business.

Gruv Development Corporation, a Canadian based real estate

Axion Investment Corp., a Canadian based investment business.

1963 Loughheed Holdings Ltd., a Canadian based real estate holding company

AAC Holdings Ltd., a Canadian-based holding company (incorporated on April 24, 2007)

0716590 B.C. Ltd., a Canadian based real estate holding company

The unaudited consolidated financial statements of the Company at June 30, 2009 include the accounts of the Company and its wholly-owned subsidiaries, and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim period. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted in these interim statements under the rules and regulations of the Securities and Exchange Commission ("SEC"). Accounting policies used in fiscal 2009 are consistent with those used in fiscal 2008. The results of operations for the six month period ended June 30, 2009 are not necessarily indicative of the results for the entire fiscal year ending December 31, 2009. These interim financial statements should be read in conjunction with the financial statements for the fiscal year ended December 31, 2008 and the notes thereto included in the Company's Form 10KSB filed with the SEC on March 25, 2009. The consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2009

(Unaudited)

The Company has evaluated subsequent events, as defined by Statement of Financial Accounting Standards (SFAS) No. 165, "Subsequent Events," through the date that the financial statements were issued on August 14, 2009.

Accounting changes

Effective January 1, 2009, we adopted Statement of Financial Accounting Standards (SFAS) No. 141 (revised 2007), "Business Combinations" (SFAS No. 141(R)) as amended by FASB staff position FSP 141(R)-1, "Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies." SFAS No. 141(R) generally requires an entity to recognize the assets acquired, liabilities assumed, contingencies, and contingent consideration at their fair value on the acquisition date. In circumstances where the acquisition-date fair value for a contingency cannot be determined during the measurement period and it is concluded that it is probable that an asset or liability exists as of the acquisition date and the amount can be reasonably estimated, a contingency is recognized as of the acquisition date based on the estimated amount. It further requires that acquisition-related costs be recognized separately from the acquisition and expensed as incurred, restructuring costs generally be expensed in periods subsequent to the acquisition date, and changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period impact income tax expense. In addition, acquired in-process research and development is capitalized as an intangible asset and amortized over its estimated useful life. SFAS No 141(R) is applicable to business combinations on a prospective basis beginning in the first quarter of 2009. We did not complete any business combinations in the first quarter of 2009.

Effective January 1, 2009, we adopted Statement of Financial Accounting Standards (SFAS) No. 160, Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51 (SFAS No. 160). SFAS No. 160, was retrospectively applied and requires the noncontrolling interest to be separately presented as a component of shareholders' equity on the Condensed Consolidated Statements of Financial Position and Shareholders' Equity.

In February 2008, the FASB issued FSP 157-2, "Effective Date of FASB Statement No. 157" (FSP 157-2), which delayed the effective date of SFAS No. 157, "Fair Value Measurements" (SFAS No. 157) for all non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually), until the beginning of the first quarter of 2009. Therefore, effective January 1, 2009, we adopted SFAS No. 157 for non-financial assets and non-financial liabilities. The adoption of SFAS No. 157 for non-financial assets and non-financial liabilities that are not measured and recorded at fair value on a recurring basis did not have a significant impact on our consolidated financial statements.

3. RELATED PARTY TRANSACTIONS (Continued)

- e) On August 19, 2008, the president entered into an Agreement to Convert Debt with the Company. Pursuant to the Agreement, the president agreed to accept units consisting of 1 share of the common stock and a warrant to purchase 1.5 shares of the common stock as partial payment of loans made to the Company. Pursuant to the Agreement, the president accepted units consisting of 400,000 shares of common stock and warrants for the purchase of 600,000 shares of common stock as full payment of \$384,000 in principal amount of the loans. The number of units to be issued was computed by using the last sale price of the Company's common stock on August 19, 2008, which was \$0.96. The warrant exercise price is \$1.08 and the warrant term is 5 years. The agreement was subject to the approval of the NYSE Amex (formerly the American Stock Exchange), which was received on October 2, 2008. On October 6, 2008, the shares were issued and all the warrants were exercised by the president, resulting in the issuance of 1,000,000 common shares.

As described in Note 6, the Company acquired a 50% interest in Surrey Central City Holdings Ltd. (referred to as "Surrey"), for a total investment of \$1,867,085 with a balance outstanding to Abdul and Hanifa Ladha as of June 30, 2009 of \$1,334,607.

4. PROPERTY HELD FOR DEVELOPMENT

On August 3, 2005, the Company entered into a Contract of Purchase and Sale (the "Agreement") for property located at 9655 King George Highway, Surrey, British Columbia (the "Property"). The Agreement was subject to the Company's satisfactory investigation of the development potential of the Property. This investigation was completed on August 9, 2005, at which time the Company released to the seller, Imara Venture Ltd. (the "Seller"), a down payment of \$41,195 to be credited against a total purchase price of \$1,270,000. The remaining balance was paid in cash on August 15, 2005. The purchase price was negotiated between the Company and the Seller, who are not related to each other.

The Company's subsidiary Axion Investment Corp, is developing this property which consists of approximately 1.46 acres that is zoned for mixed commercial and residential use. Axion is developing the Property through the Company's wholly owned subsidiary, Gruv Development Corporation, by improving it with a retail facility of approximately 4,326 square feet and with a residential complex of approximately 91,132 square feet which will consist of 111 condominiums (the "Development").

4. PROPERTY HELD FOR DEVELOPMENT (Continued)

On March 16, 2007, the Company filed a disclosure statement with the Superintendent of Real Estate under the Real Estate Development Marketing Act of British Columbia to pre-sell the units. The Company engaged the services of Platinum Project Marketing Group and Macdonald Realty Ltd. (the "Agent") to market the strata lots and, by May 9, 2007, the Company had entered into agreements to pre-sell 100% of the condominiums prior to construction and collected approximately \$1.92 million (\$2.34 million CAD) in deposits that are being held in trust with the Agent.

If the Company is successful in selling all of the condominiums, it expects to receive sale proceeds of approximately \$22.1 million (\$25.4 million CAD). The Agent has been paid \$341,446 (\$366,749 CAD) for services provided to date. The Company is committed to additional commissions and bonuses to be paid in the amount of \$600,082 (\$689,750 CAD) upon the successful completion of the sales and transfer of the strata lots.

The Company has obtained a building permit from the City of Surrey and has advanced performance bonds for service and work totaling \$320,558 (\$384,833 CAD) to the City of Surrey, as commitment for the development. On satisfactory completion of the intended service and work, the City of Surrey will refund the deposits to the Company.

On February 15, 2008, the Company entered into a construction management contract with Cantera Management Group Ltd. ("Cantera") to manage the development of the project. In consideration for its services, the Company has agreed to pay Cantera a fixed fee of \$454,024 (\$553,000 CAD) over the term of the contract calculated on a percentage of completion basis.

On March 12, 2008, the Company obtained an updated conditional credit facility from the Royal Bank of Canada for the Development in the amount of \$14.28 million (\$16.42 million CAD).

The credit facility is secured by guarantees from Axion Investment Corporation and Ableauctions.com Inc., by a general security agreement covering the assets of Axion and by the property. The advances will accrue interest at the prime rate set by Royal Bank of Canada plus .75% per annum, payable monthly. A fee of \$47,073 (\$48,000 CAD) was advanced to the Royal Bank of Canada for the arrangement of this credit facility.

4. PROPERTY HELD FOR DEVELOPMENT (Continued)

The credit facility was granted subject to a number of conditions, including appraisal of the project, the submission of an environmental report, the submission of a soils report, confirmation of permits and approvals, engagement of a project monitor, submission of a schedule of pre-sales contracts, the purchase of insurance, expenditures of approximately \$4.75 million (\$4.84 million CAD) on the Development including the cost of the land, and fixed price contracts for at least 50% of the project's hard construction costs prior to the initial draw and 80% by December 2008. As of November 10, 2008, Axion has fulfilled all the conditions of the construction credit facility.

As of June 30, 2009 draws totalling \$10,087,579 (\$11,731,854 CDN) had been made against the credit facility. Borrowings are to be repaid from 100% of the net sales proceeds received on the closing of sales of units in the Development. In any event, all borrowings shall be repayable in full by December 31, 2009.

On April 28, 2008, construction of the project commenced and it is estimated that it will be completed by September 30, 2009. If the development is suspended for any reason, including but not limited to the Company's inability to obtain any additional financing that may be required or additional permits, the Company will not be able to recover all of its expenses. There can be no assurance that the development will be successful or that developing the property in this manner will increase or even maintain its value

5. INVESTMENT IN JOINT VENTURE

- a) On July 14, 2006 Axion Investment Corp. ("Axion"), a wholly-owned subsidiary of the Company, entered into a Joint Venture Agreement (the "Agreement") with two unrelated parties, Canitalia Industries ("Canitalia") and 449991 B.C. Ltd. ("449991"), to form a joint venture for the purpose of purchasing two vacant lots located in Langley, B.C. for development (the "Project"). On July 28, 2006, Axion entered into a supplemental agreement with these two parties in respect to an arrangement for a bank loan to fund the purchase price and pay expenses related to acquiring the properties.
- b) Pursuant to the Agreement, a new company, Township Holdings Ltd. ("THL"), has been formed and is equally and jointly owned by the three parties to the Agreement. All expenses incurred and all profits earned by THL in conjunction with the Project are to be allocated in equal shares among Axion and the two remaining parties. The initial deposit was provided by Axion and 449991 BC Ltd. The total purchase price of the property to be developed was \$3.42 million (\$3.49 million CAD). During the 2006 year, Axion paid its share of the investment in the amount of \$1,441,913 CAD.

5. INVESTMENT IN JOINT VENTURE (Continued)

Pursuant to an agreement dated July 28, 2006, Axion was to advance a loan to one of the unrelated parties to pay for its portion of the purchase price. During the 2006 year, Axion advanced a loan in the amount of \$516,028 to two shareholders of this party for a one year term, bearing interest at 10% per annum. The loan was repaid during the 2006 year.

c) On March 13, 2007, Axion authorized Envision Credit Union (“ECU”) to make a demand loan to THL in the amount of \$1.30 million (\$1.4 million CAD) for the benefit of the other two parties, Canitalia and 449991 (the “Loan”). The parties have acknowledged that the Loan is for the sole benefit of 449991 and Canitalia and have agreed that none of THL, Axion or Abdul Ladha, the Company’s president, will have responsibility for payments of the Loan (see the discussion below) and that THL, Axion and the president will be fully indemnified for any expenses or payments they become liable for thereunder.

In exchange for the Loan, ECU received a promissory note from THL requiring the payment of interest only at the rate of prime plus 1% per annum until ECU demands payment of the principal. The loan is secured with a mortgage against the Property and a security interest in the personal property of THL. ECU also required Axion and the president of the Company to enter into a Debt Service Agreement.

Pursuant to the Debt Service Agreement, the president and Axion agree that they will be responsible for the monthly interest payments required by the promissory note in the event that 449991 and Canitalia fail to make the payments as required.

If 449991 and Canitalia default on the loan obligation to ECU, Axion will be entitled, but not obligated, to purchase the shares of stock in THL that are owned by the responsible parties at a price discount to market. If Axion exercises its right to purchase the stock owned by the responsible parties, then it will have no further recourse against 449991 and Canitalia for payment of the Loan.

If Axion does not exercise its right to purchase the stock owned by the responsible parties, then the responsible parties agree that they shall indemnify and hold the president, Axion and THL harmless from and against any amounts that they or any of them may pay in order to bring the Loan into good standing or to prevent ECU from foreclosing on its security, including, without limiting the generality of the foregoing, any payments of principal, interest, and legal fees made by Axion, the president or THL.

d) The Company has originally estimated a value of \$40,535 for the above guarantee, and has provided a provision of \$40,535 for the guarantee liability, which is included in accounts payable and accrued liabilities at June 30, 2009. The Company decided to leave the guarantee at its original amount until expiration of the guarantee in the year 2012, as the change in value is not significant. The maximum potential amount of future payments under this guarantee as of June 30, 2009 is \$367,367.

e) The Company considered the limited exception contained in FIN 46R exempting from consideration as a Variable Interest Entity a joint venture that is a business, under certain conditions. In the Company’s view, this joint venture

meets these conditions

6. INVESTMENT IN SURREY CITY CENTRAL (Continued)

On the date of the Development Agreement, Surrey had no assets other than the Property and no liabilities. Surrey had 299 shares of common stock issued and outstanding, all of which were owned by Bullion. The Company agreed to purchase 149.5 of these shares from Bullion and agreed to pay \$1,347,440 for these shares. The purchase price was based on appraisals provided to the Company by independent appraisers and a fairness opinion. The purchase price is subject to an upward adjustment in the event that Surrey decides to develop the Property with a 6-storey complex rather than a 4-storey complex. The purchase price could also be increased to reflect the increase in value that would accrue to the Property if Surrey were able to acquire a lot adjacent to the Property commonly known as 13509 96th Avenue, which was owned by an unrelated third party. On October 20, 2008, Surrey entered into an agreement to purchase the lot for approximately \$700,000 and the acquisition was completed on December 15, 2008. The Development Agreement, as amended, required that the increase in value be determined by at least 2 appraisers independent from the parties and each other. If the appraisers were not able to agree on the increase in value, then the increase in value was to be equal to the average of the appraisers' findings of increased value. The average of the appraisers' findings of increased value totalled \$519,645.

The Company is to pay \$673,720 of the purchase price in cash and the remainder of the purchase price with a promissory note. The promissory note accrues simple interest at the rate of prime plus 2% per annum. On October 22, 2008, the promissory note was amended to include a provision that allows Bullion to convert up to \$1 million of the principal amount and the interest accrued thereon into shares of the Company's common stock. The number of shares of common stock to be issued to Bullion upon conversion of the principal and accrued interest will be computed at 20% above the last sale price of one share of the Company's common stock on the date on which the Development Agreement was executed. The last sale price of our common stock on October 6, 2008 was \$0.36, therefore the number of shares of common stock will be computed using a price of \$0.432 per share. The entire unpaid principal balance, together with any accrued interest and other unpaid charges or fees are due and payable on October 6, 2009.

In the event that Surrey is unable to successfully obtain the approval of a preliminary development plan and a commitment for financing to complete the build-out of the Property, or if for any reason Surrey determines that the build-out of the Property is not in its best interests, notice of this event will be provided to the Company. Within 20 days of receiving the notice, the Company may put the stock purchased to Bullion and Bullion will, within 120 days from receiving the put notice, repurchase the stock by paying to the Company in cash the purchase price (including the adjustments described above, if any), less one-half of the expenses incurred by Surrey in its efforts to develop the Property. This put right will expire within 12 months from the date of the Development Agreement.

6. INVESTMENT IN SURREY CITY CENTRAL (Continued)

The Development Agreement anticipates that Mr. Ladha and Overture Development Corporation will provide certain management services to Surrey in developing the Property in consideration for 12.5% of the net profit (the “Developer’s Fee”). The term “net profit” means the revenue received from the sale of the residential units after deducting expenses.

Net profit is to be determined when the project receives a conditional occupancy permit and when any and all loans or other debt related to the project have been paid in full. If the sale of the residential units included in the build-out of the Property fails to realize a net profit, Mr. Ladha and Overture Development Corporation will not receive the Developer’s Fee. If units remain unsold following the payment in full of the loans or other debt related to the build-out of the Property, the Developer’s Fee will be paid as each such unit is sold.

On October 20, 2008, Surrey entered into an agreement to purchase a fifth lot, 13509 96th Ave., for approximately \$700,000 from an unrelated party. As discussed above, on October 22, 2008 the Company and Bullion, Surrey, Mr. Ladha and Overture Development Corporation agreed to amend the Development Agreement to provide that Bullion would be entitled to convert up to \$1 million of principal amount and interest accrued on such amount into shares of the Company’s common stock at a price of \$0.432 per share. On April 30, 2009, Bullion assigned the Note, one-half to Mr. Ladha and one-half to his spouse.

The total investment of \$1,867,085 has been recorded as “Investment in Surrey City Central” on the balance sheet with a balance outstanding to related parties as of June 30, 2009 of \$1,334,607.

7. BANK LOAN

On October 11, 2006, the Company arranged for a credit facility in the amount of \$1,879,346 (\$2,000,000 CAN) (the “Credit Facility”) from the Royal Bank of Canada (the “Bank”). The Credit Facility bore interest at the prime rate as announced by the Bank, plus 0.50% per year. Blended payments of interest and principal in the amount of \$14,914 CAN are due each month. Principal is due to be paid in full on the last day of a two to five year term chosen by the Company on the date of a draw down. Repayment of the Credit Facility is secured by a mortgage, which includes an assignment of rents, against the property where the Company’s head office is located and a guarantee and postponement of claim signed by the Company in favour of the Bank. As of June 30, 2009, the amount of the loan was \$1,655,202.

The Company has an unsecured credit facility in the amount of \$35,000 from Bank of America, which bears an interest rate of 9.24% per annum payable monthly.

8. LICENSE AGREEMENTS

a) On May 21, 2009, the Company and its subsidiary, iCollector Technologies Ltd., signed a License Agreement with ABC Live Auction World Ltd. (“ABC”). The effective date of the License Agreement is May 15, 2009. ABC is an employee-owned entity not otherwise affiliated with the Company.

Under the terms of the License Agreement, ABC has sublicensed all of iCollector’s auction and auction-hosting related technology, domain names, intellectual property and various other assets (including those assets used in the operations of NAALive) (“Licensed Assets”) in consideration for 50% of net profits realized from ABC’s operations or 10% of ABC’s net auction revenue, whichever is greater. The sublicense is non-exclusive. The License Agreement will continue until terminated by a breach by either party or until either party ceases its business or becomes insolvent.

Going forward, both parties will continue to look for a suitable buyer or partner for the iCollector business. If the Company completes a sale or license of the iCollector business, then ABC will receive a minimum of 25% of the consideration payable to the Company upon completion of the transaction.

b) On June 8, 2009, the Company and its subsidiary, RapidFusion Inc., signed a License Agreement with Pacific Amber Technologies Inc. (“PATI”). The effective date of the License Agreement is June 1, 2009. PATI is an employee-owned entity not otherwise affiliated with the Company.

Under the terms of the License Agreement, PATI has sublicensed all of RapidFusion’s Point of Sale (“POS”) technology and its source code, domain names, intellectual property and various other assets used in the operations of Rapidfusion’s business (“Licensed Assets”) in consideration for 50% of net profits realized from PATI’s operations or 5% of PATI’s gross profits from its POS revenues, whichever is greater. The sublicense is non-exclusive. The License Agreement will continue until terminated by a breach by either party or until either party ceases its business or becomes insolvent.

Going forward, both parties will continue to look for a suitable buyer or partner for the RapidFusion business. If the Company completes a sale or license of the RapidFusion business, then PATI will receive a minimum of 25% of the consideration payable to the Company upon completion of the transaction.

9. SETTLEMENT OF LEGAL CLAIM

On April 2, 2008, a former employee and agent, Mr. Steve Gold and Gold Network, Inc. (collectively, the "Plaintiffs"), filed a legal action against the Company for breach of contract relating to commissions they alleged were not paid to them. The action was filed in the Superior Court of Ventura County, California. On May 2, 2008 the Company reached an agreement with the Plaintiffs regarding the dispute and paid the sum of \$65,000 to the Plaintiffs in exchange for a release of their claims. The Company has recorded the full amount as "settlement of legal claim" in the Statement of Operations for the period ended June 30, 2008.

10. CAPITAL STOCK

Stock-based Compensation

During the 6 month period ended June 30, 2008, the Company recognized an expense of \$16,000 in respect to stock options granted in the 2006 year, which are vested as of June 30, 2008.

Treasury Stock

On July 23, 2007, the Company initiated a stock purchase program. The purchases would occur from time to time at the Company's discretion, with the Company's currently available cash reserves. No specific number of shares or dollar value has been established by the Company.

For the 6 month period ended June 30, 2008, the Company repurchased 2,886,255 shares for a total cost of \$374,304.

For the 6 month period ended June 30, 2009, the Company repurchased 201,126 shares for a total cost of \$49,974, of which 153,109 shares were cancelled and returned to the authorized capital stock of the Company. The remaining shares were cancelled and returned to the authorized capital stock of the Company on July 13, 2009.

Warrants

On January 4, 2008, 795,384 of the warrants that were exercisable at \$0.80 per share expired.

11. SUBSEQUENT EVENTS

1) On March 13, 2009 our wholly-owned subsidiary, 0716590 BC Ltd., entered into a Contract of Purchase and Sale (the "Agreement") for sale of the real property located at 1963 Lougheed Highway, Coquitlam, British Columbia. The property consists of approximately 19,646 square feet of commercial space and approximately 2,300 square feet of residential space and is located on approximately eight-tenths of an acre. The purchaser is Business World Development Inc., a party unrelated to our company or any of our officers or directors (the "Purchaser").

The Purchaser will pay a purchase price of CDN\$3,400,000 for the property. The sale is due to close on November 2, 2009.

On April 6, 2009, the Agreement was amended to provide that we would provide financing to the Purchaser. We have agreed to finance 80% of the purchase price. The loan will have a term of 7 years and will bear simple interest at 6.5% per annum. The payments will be amortized over 20 years. The loan will be secured by a mortgage, including an assignment of rents, recorded against the property.

2) On July 27, 2009, Mr. and Mrs. Ladha each converted his or her interest in the promissory note described in Note 6 into 1,204,021 shares of the Company's common stock, which represented a conversion by each of them of \$500,000 in principal amount and \$20,137 in accrued interest.

3) On July 17, 2009, the Company executed a Share Exchange Agreement ("Exchange Agreement") with the Company's significant shareholders, Abdul Ladha, the Company's Chief Executive Officer and a director, and his spouse ("Ladha"), Top Favour Limited, a British Virgin Islands corporation ("Top Favour"), and the shareholders of Top Favour (the "TF Owners"). Under the Exchange Agreement, the TF Owners would exchange their shares of Top Favour capital stock for newly-issued shares of the Company. Hereinafter, this share exchange transaction is described as the "Share Exchange."

Also, on July 17, 2009, the Company executed a Voting Agreement with Top Favour and Ladha ("Voting Agreement").

Share Exchange Agreement

Pursuant to the Exchange Agreement, the TF Owners would become the Company's controlling shareholders holding approximately 97% of the outstanding common stock on a post-transaction fully-diluted basis, and existing shareholders of the Company would hold the remaining 3.0% of the outstanding common stock post-transaction. Top Favour would become our wholly owned subsidiary. In connection with Top Favour becoming our wholly owned subsidiary, we would acquire the business and operations of Top Favour, and its wholly owned subsidiaries: Pingdingshan Hongyuan Energy Science and Technology Development Co., Ltd., which controls and beneficially owns Henan Province Pingdingshan Hongli Coal & Coking Co., Ltd. and its subsidiaries (collectively referred to herein as the "SinoCoking Group"). Top Favour's principal product is coke, or carbon fuel produced by distillation of coal.

As a result of the Share Exchange:

- The Company will acquire and own 100% of the issued and outstanding shares of capital stock of Top Favour from the shareholders of Top Favour, making Top Favour a wholly-owned subsidiary of the Company;
- The Company will issue up to 13.2 million shares of its common stock to the former shareholders of Top Favour, on a post-reverse stock split basis;
- The Company shareholders immediately prior to the Share Exchange will, after completion of the Share Exchange, own approximately 3% of the outstanding shares of the Company; and
- The former shareholders of Top Favour will own approximately 97% of the outstanding shares of the Company.

Prior to the consummation of the Share Exchange, the Company will distribute all of its assets relating to the Ableauctions business (after payment or assignment of liabilities) to a liquidating trust for the benefit of holders of the Company's common stock immediately prior to the closing of the Share Exchange.

Following the Share Exchange, the Company will cease operating the Ableauctions business, and the business of Top Favour will be continued and will constitute the principal business and operations of the Company.

The closing of the Share Exchange will be contingent on the simultaneous closing of a proposed financing of \$75 million, which may be comprised of debt or equity securities or both, to be determined by the board of directors in consultation with Top Favour. If the financing is not obtained, Top Favour could waive this condition.

As a condition to and prior to the Share Exchange, the Company agreed to cause its shareholders to vote to amend its Articles of Incorporation to effect a reverse stock split which shall range between 1-for-20 and 1-for-50 and change its name to "SinoCoking Coal & Coke Chemical Industries Inc."

In the event that any of the conditions to the Share Exchange are not satisfied or waived, the Share Exchange may not be consummated. Neither the Company nor Top Favour can provide any assurances that the Share Exchange will ultimately be consummated.

JUNE 30, 2009

(Unaudited)

For accounting purposes, the Share Exchange will be treated as a reverse acquisition which results in the legal acquirer, the Company, being treated as being acquired by Top Favour under purchase accounting.

In conjunction with the Share Exchange, Ableauctions has agreed to adopt a plan of liquidation reasonably acceptable to Top Favour under which it shall establish a liquidating trust for purposes of assuming outstanding liabilities and distributing the assets of Ableauctions to its shareholders as of a certain record date prior to the closing of the Share Exchange. In compliance with applicable law and any required third party consents, Ableauctions agreed to transfer all of its assets to, and to have its liabilities assumed by, the liquidating trust prior to or concurrent with the closing of the Share Exchange. Ableauctions and Abdul Ladha agreed to cause such plan of liquidation to include a covenant to indemnify the Top Favour shareholders for certain claims, damages, costs and expenses, and provide for a reserve fund of at least \$1,000,000 in cash or cash equivalents or other assets acceptable to Top Favour which shall remain in place for at least 12 months following the closing of the Share Exchange and shall be used to discharge any remaining liabilities of Ableauctions not discharged prior to closing. The plan of liquidation will also include a covenant to indemnify Abdul Ladha for certain claims, damages, costs and expenses.

Top Favour has agreed to file a listing application with the NYSE Amex Equities exchange, with the intent of maintaining the listing of Ableauctions shares on the exchange.

Closing of the Share Exchange will require the satisfaction of a number of conditions, briefly described below. These conditions include, but are not limited to, the resignation of the current officers and directors of Ableauctions, the appointment of Jianhua Lv as Chairman of the board of directors, and the appointment of his designees to the board of directors to take office immediately after the closing. Presently, Top Favour intends to have Mr. Lv appointed as Chief Executive Officer, President and Chairman of the Board, and Mr. Zan Wu as the Chief Financial Officer, Treasurer and Secretary. At the time of closing, Ableauctions must have completed its transfer of the prior business, assets and liabilities to the liquidating trust, and Ableauctions must have no remaining assets or liabilities immediately prior to closing. The holders of a majority of the issued and outstanding shares of Ableauctions must have consented to or voted to approve all matters contemplated by the Share Exchange Agreement that require such shareholder approval. Any third party consents that Ableauctions is required to obtain must have been obtained prior to closing. Ableauctions must have determined, through its due diligence investigation, that the financial statements of Top Favour are materially accurate and complete, and this due diligence investigation will continue until 30 days after the date of the Exchange Agreement. Finally, Top Favour shall have arranged, and the Company shall simultaneously consummate or shall have secured an irrevocable commitment from a bona fide third party to consummate, a debt or equity financing of at least \$75 million. Under the Share Exchange Agreement, the Share Exchange may be terminated by both parties if Ableauctions and Top Favour mutually agree to terminate the Share Exchange.

Voting Agreement

Under the Voting Agreement, Abdul Ladha and his spouse agree to convert their interests in the convertible promissory note assigned to them by Surrey (see Note 6) into shares of the Company's common stock such that they will hold at least 49% of the outstanding shares of the Company's common stock immediately after such conversion. They also agree to acquire additional shares of the Company's common stock (so long as the total of all such acquisitions does not exceed \$400,000) in order to maintain such percentage equity ownership. In addition, they agree to vote all their common stock in favor of the Share Exchange and certain other actions in furtherance of the Share Exchange at any annual or special meeting of the Ableauctions' shareholders. In the event that any director fails to resign as a Board member in the manner contemplated by the Exchange Agreement, Ladha agrees to acquire additional shares of the Company's common stock (so long as the total of all such acquisitions does not exceed \$400,000) and vote in favor of replacing the Company's board with Top Favour's nominees.

14. RECENT ACCOUNTING PRONOUNCEMENTS

- (i) In April 2009, the FASB issued FSP FAS 157-4, "Determining Fair Value When Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly" (FSP 157-4). FSP 157-4 provides guidance on how to determine the fair value of assets and liabilities when the volume and level of activity for the asset/liability has significantly decreased. FSP 157-4 also provides guidance on identifying circumstances that indicate a transaction is not orderly. In addition, FSP 157-4 requires disclosure in interim and annual periods of the inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques. FSP 157-4 is effective for us beginning in the second quarter of fiscal year 2009. The adoption of FSP 157-4 is not expected to have a significant impact on our consolidated financial statements.

- (ii) In April 2009, the FASB issued FSP FAS 115-2 and FAS 124-2, "Recognition and Presentation of Other-Than-Temporary Impairment" (FSP 115-2/124-2). FSP 115-2/124-2 amends the requirements for the recognition and measurement of other-than-temporary impairments for debt securities by modifying the pre-existing "intent and ability" indicator. Under FSP 115-2/124-2, an other-than-temporary impairment is triggered when there is an intent to sell the security, it is more likely than not that the security will be required to be sold before recovery, or the security is not expected to recover the entire amortized cost basis of the security. Additionally, FSP 115-2/124-2 changes the presentation of an other-than-temporary impairment in the income statement for those impairments involving credit losses. The credit loss component will be recognized in earnings and the remainder of the impairment will be recorded in other comprehensive income. FSP 115-2/124-2 is effective for us beginning in the second quarter of fiscal year 2009. Upon implementation at the beginning of the second quarter of 2009, FSP 115-2/124-2 is not expected to have a significant impact on our consolidated financial statements.
- (iii) In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, "Interim Disclosure about Fair Value of Financial Instruments" (FSP 107-1/APB 28-1). FSP 107-1/APB 28-1 requires interim disclosures regarding the fair values of financial instruments that are within the scope of FAS 107, "Disclosures about the Fair Value of Financial Instruments." Additionally, FSP 107-1/APB 28-1 requires disclosure of the methods and significant assumptions used to estimate the fair value of financial instruments on an interim basis as well as changes of the methods and significant assumptions from prior periods. FSP 107-1/APB 28-1 does not change the accounting treatment for these financial instruments and is effective for us beginning in the second quarter of fiscal year 2009.
- (iv) In June 2009, the FASB issued SFAS 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles - a replacement of FASB Statement No 162." SFAS 168 established the effective date for use of the FASB codification for interim and annual periods ending after September 15, 2009. Companies should account for the adoption of the guidance on a prospective basis. The Company does not anticipate the adoption of SFAS 168 will have a material impact on the financial statements. The Company will update the disclosures for the appropriate FASB codification references after adoption, in the third quarter of 2009.

- (v) In June 2009, the FASB also issued SFAS 167 “Amendments to FASB Interpretation No. 46”, and SFAS 166 “Accounting for Transfers of Financial Assets - an Amendment of FASB Statement No. 140.” SFAS 167 amends the existing guidance around FIN 46(R), to address the elimination of the concept of a qualifying special purpose entity. Also, it replaces the quantitative-based risks and rewards calculation for determining which enterprise has a controlling financial interest in a variable interest entity with an approach focused on identifying which enterprise has the power to direct the activities of a variable interest entity and the obligation to absorb losses of the entity or the right to receive benefits from the entity. Additionally, SFAS 167 provides for additional disclosures about an enterprise’s involvement with a variable interest entity. SFAS 166 amends SFAS 140 to eliminate the concept of a qualifying special purpose entity, amends the derecognition criteria for a transfer to be accounted for as a sale under SFAS 140, and will require additional disclosure over transfers accounted for as a sale. The effective date for both pronouncements is for the first fiscal year beginning after November 15, 2009, and will require retrospective application. The adoption of SFAS 166 and 167 is not expected to have a significant impact on our consolidated financial statements.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain information contained herein constitutes "forward-looking statements within the meaning of section 27A of the Securities Act of 1933 and section 21E of the Securities Exchange Act of 1934," including without limitation statements relating to goals, plans and projections regarding the Company's financial position and the Company's business strategy. The words or phrases "would be," "will allow," "intends to," "may result," "are expected to," "will continue," "anticipates," "expects," "estimate," "project," "indicate," "could," "potentially," "should," "believe," "considers" or similar expressions are intended to identify "forward-looking statements", as well as all projections of future results of operations or earnings. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results or achievements of the Company to be materially different from any future results or achievements expressed or implied by such forward-looking statements. Such factors include, but are not limited to, the following: risks related to technological change; the loss of the Company's key personnel; the Company's ability to protect its intellectual property rights; government regulation of Internet commerce and the liquidation industry; dependence on continued growth in use of the Internet; capacity and systems disruptions; uncertainty regarding infringing intellectual property rights of others, risks over which the Company has no control, such as the downturn in the worldwide economy which has adversely affected the value of real property, tightened the credit markets and impacted discretionary spending by consumers, and the other risks and uncertainties described in this report.

We do not undertake any responsibility to release publicly any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of this filing. Additionally, we do not undertake any responsibility to update you on the occurrence of any unanticipated events that may cause actual results to differ from those expressed or implied by the forward-looking statements contained in this filing. Please read carefully this report and the other filings we make with the Securities and Exchange Commission.

Overview

Management's discussion and analysis of results of operations and financial condition are based upon our financial statements. These statements have been prepared in accordance with accounting principles generally accepted in the United States of America. These principles require management to make certain estimates, judgments and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates based on historical experience and various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making the estimates, judgments and assumptions referred to above. Actual results may differ from these estimates under different assumptions or conditions.

Table of Contents

The following discussion of our results of operations should be read in conjunction with our audited consolidated financial statements and the related notes for the year ended December 31, 2008 contained in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 25, 2009.

Overview

We provide liquidation and merchandising services along with auction and point-of-sale technology to businesses to assist them with managing the sale of their products. In the past we have provided the online auction technology and point-of-sale services directly to our customers. Effective June 8, 2009, we have licensed our point-of-sale and online auction operations to third parties in providing these services.

We also provide mortgages and loans to individuals and companies, and develop real estate. We classify our business interests into 4 reportable segments: the auction, liquidation and technology business, which consists principally of liquidation and merchandizing services; loans, which consists of mortgages and loans; real property and property development, which consists principally of properties held for development; and a segment we call "other" which encompasses our corporate activities such as investor and public relations and the management of cash and marketable securities held for investment. We have included information in the discussion below about our websites. Information included on our websites is not a part of this report.

Auction, Liquidation and Technology Segment

Liquidation Services - We sell merchandise through our Unlimited Closeouts and Ableauctions' liquidation store located in California and British Columbia. We also generate revenues by providing inventory brokerage services at www.unlimitedcloseouts.com.

Auction Broadcast Services – Prior to May 21, 2009, we broadcast business and industrial auctions over the Internet for auctioneers and members of the National Auctioneers Association (NAA). These auctions are facilitated using our proprietary technology (www.ableauctions.com/technology) through the website www.naalive.com and www.naaonlinesolutions.com. Additionally, we broadcast antique and collectible auctions over the Internet for numerous galleries and auction houses throughout the world. Prior to December 31, 2008, these auctions were facilitated using eBay's live auction technology. Beginning on January 1, 2009, these auctions were facilitated using our proprietary technology (www.ableauctions.com/technology) through the website, www.iCollector.com. We also provided auction-related products and services for a fee (www.icollectorlive.com/services.aspx). As discussed in the section below entitled "Auction Broadcast Services - iCollector", on May 21, 2009 we licensed the Auction Broadcast Services to ABC Live Auction World Ltd. In exchange for the transfer, we will receive the greater of 50% of the net profits or 10% of the net auction revenue earned by ABC. In conjunction with the transfer, ABC hired from us those employees who were responsible for supporting these services.

Table of Contents

Point-of-Sale (POS) Services - Through our subsidiary, Rapidfusion Technologies, Inc. (www.rapidfusion.com/technology), we sold, installed and supported our proprietary point-of-sale (POS) sales processing and reporting systems. As discussed in the section below entitled "Auction Broadcast Services – Point of Sale (POS) Software and Services", on June 8, 2009 we licensed the POS operations to Pacific Amber Technologies Inc. In exchange for the transfer, we will receive 50% of the net profits realized from the operations or 5% of gross profits from the point-of-sale revenues, whichever is greater. In conjunction with the transfer, Pacific Amber Technologies Inc. hired from us those employees who were responsible for supporting these products and services.

Real Property Development and Lending Segments

Our wholly owned subsidiary, Axion Investment Corporation, develops real estate and makes short term loans.

As of June 30, 2009, our loan and real estate segments included the following investments:

Investment	Amount
Loans	\$2,352,974
Real property	\$2,250,465
Real property held for development	\$13,148,668
Investment in joint venture	\$1,275,568
Investment in Surrey City Central Holdings Ltd.	\$1,867,085

When we deem it necessary, we use the income earned by these investments to support our operations.

Currently, through Axion, we are developing a vacant parcel of land located at 9655 King George Highway. We refer to this development as Phase I of the Gruv Development in this report. We acquired the property in August 2005 for \$1,270,000.

We are developing the property by improving it with a retail facility of approximately 4,326 square feet and with a residential complex consisting of 111 condominiums. We expect revenue of approximately \$22.1 million (\$25.4 million CAD) from the sale of the commercial and residential units and we estimate that the cost to develop the property will be approximately \$18.4 million (\$21.2 million CAD).

Table of Contents

We entered into agreements to pre-sell 100% of the 111 residential condominiums prior to construction and have collected approximately \$1.92 million (\$2.34 million CAD) in deposits that are being held in trust with Macdonald Realty Ltd. We paid \$341,446 (\$366,749 CAD) to Macdonald Realty for its services to date. We have budgeted an additional \$600,082 (\$689,750 CAD) to be paid to Macdonald Realty for the balance of commissions and bonuses due upon the successful completion of the sales and the final transfer of property title.

We received a building permit from the City of Surrey to develop the property and we have advanced refundable performance bonds for service and work totalling \$320,558 (\$384,833 CAD) as commitment for the development of Phase I.

On February 15, 2008 we entered into a Construction Management Agreement with Cantera Management Group Ltd. (“Cantera”) to manage the development of Phase I. In consideration of these services, we have agreed to pay Cantera a fixed fee of \$454,024 (\$553,000 CAD) over the term of the contract calculated on a percentage of completion basis.

On March 12, 2008, we obtained an updated conditional credit facility in the amount of \$14.28 million (\$16.42 million CAD) from the Royal Bank of Canada for the development of Phase I.

The credit facility is secured by guarantees from Axion and Ableauctions.com Inc., by a general security agreement covering all of the assets of Axion and by the property. The advances accrue interest at the prime rate announced by Royal Bank of Canada plus 0.75% per annum. A fee of \$47,073 was paid to the Royal Bank of Canada for arrangement of this credit facility. Of this amount, \$35,378 was paid during the 2007 fiscal year with the remaining balance paid in the first quarter of 2008.

The credit facility has been granted subject to a number of conditions, including appraisal of the project, the submission of an environmental report, the submission of a soils report, confirmation of permits and approvals, engagement of a project monitor, submission of a schedule of pre-sales contracts, the purchase of insurance, a cash investment by Axion of approximately \$4.75 million (\$4.84 million CAD) toward the development including the cost of the land, and fixed price contracts for at least 50% of Phase I’s hard construction costs prior to the initial draw and 80% by December 2008. By November 10, 2008, Axion had fulfilled all the obligations of the construction credit facility.

In addition to the Royal Bank of Canada credit facility, we have from time-to-time borrowed funds from our president and chief executive officer, Abdul Ladha, to cover cash shortfalls that occasionally result from timing issues that may temporarily prevent us from borrowing against the credit facility. As at August 5, 2009, a balance of \$130,765 was outstanding to Mr. Ladha.

On April 28, 2008, construction of Phase I commenced and it is estimated that it will be completed by September 30, 2009. If the development is suspended for any reason, including but not limited to our inability to obtain financing, permits or trades, we will not be able to recover all of our expenses. There can be no assurance that the development will be successful or that developing the property in this manner will increase, or even maintain, its value.

On October 6, 2008, we entered into a Development Agreement to acquire a 50% interest in Surrey Central City Holdings Ltd. ("Surrey"), a private company controlled by Mr. Ladha. Surrey owns four properties adjacent to Phase I of our Gruv Development. Through Surrey, we intend to explore the potential of developing a second phase of this project by improving Surrey's properties with a residential complex consisting of 76 to 138 condominiums. We believe that such a development could potentially generate revenue of approximately \$16 million to \$30 million before expenses and income splitting.

Under the terms of the Development Agreement, we acquired a 50% interest in the capital stock of Surrey from Surrey's sole shareholder, Bullion Reef Holdings Ltd. ("Bullion"), an entity controlled by Mr. Ladha and owned by the Ladha Family Trust. While Mr. Ladha is not a beneficiary of the Ladha Family Trust, members of his family are beneficiaries. The purchase price for the 50% interest was \$1,347,440, subject to adjustment. According to the Development Agreement, the purchase price could be increased to reflect the increase in value that will accrue to the Property if Surrey decides to develop the Property with a 6-storey complex rather than a 4-storey complex. The purchase price could also be increased to reflect the increase in value that would accrue to the Property if Surrey were able to acquire a lot adjacent to the Property commonly known as 13509 96th Avenue, which was owned by an unrelated third party. On October 20, 2008, Surrey entered into an agreement to purchase the lot for approximately \$700,000 and the acquisition was completed on December 15, 2008. On April 30, 2009 the purchase price was adjusted to \$1,867,085 based on an increase in value that resulted from the purchase of the 5th lot adjacent to the property.

We agreed to pay \$673,720 of the purchase price in cash and the remainder with a promissory note due in one year bearing interest at the prime rate as announced by the Royal Bank of Canada plus 2% per annum. The promissory note included a provision allowing Bullion to convert up to \$1 million of the principal amount, and any interest accrued thereon, into shares of our common stock at a price of \$0.432 per share. On April 30, 2009 Bullion assigned the promissory note to Abdul Ladha and his spouse, Hanifa Ladha. On July 27, 2009 Mr. and Mrs. Ladha each exercised their conversion rights and each received 1,204,021 shares of our common stock, which represented a conversion by each of them of \$500,000 in principal amount and \$20,136.99 in accrued interest.

We will have the right, for a period of one year, to sell back our interest in Surrey for the original purchase price, less one-half of the expenses incurred by Surrey in its efforts to develop the Property, in the event financing or approval of a preliminary development plan cannot be obtained.

Table of Contents

The Development Agreement also anticipates that Mr. Ladha and Overture Development Corporation will provide services to Surrey in developing the Property. These services include managing the build-out; working with government agencies to obtain approval of the development and obtaining the plans, permits and approvals required to complete the build-out; providing contractor's services, including liaising with various trades to coordinate construction of the build-out and supervising and directing construction of the build-out; preparing and implementing a marketing plan; providing the construction bonds; and obtaining financing and home warranty coverage for the development. Mr. Ladha and Overture Development Corporation will jointly receive 25% of the net profit from Phase I and 12.5% of the net profit from the development of the property owned by Surrey for providing these services.

Other Segment

Ableauctions.com Inc. manages our corporate and public company affairs and all related activities such as investor and public relations and the management of our cash and marketable securities held for investment.

Trends, Events and Uncertainties

On December 31, 2008 eBay terminated the operation of its eBay Live Auction platform. This decision along with the ongoing weakness in the U.S. economy has continued to negatively impact our liquidation and live auction broadcast services operations.

The downturn in the U.S. economy has affected the capital available for purchasing goods that are not necessities. The impact of this is evident in our liquidation operations, where revenues were approximately 48% lower during the 2008 fiscal year compared to the 2007 fiscal year. Likewise, eBay's decision to shut down its Live Auction platform has had a material adverse effect on our live auction broadcast business, where revenues are approximately 77% lower for the three months ended June 30, 2009 compared to the same period in the previous year.

In order to mitigate the adverse impact of lower revenues, we have subcontracted out the operations of both our live auction broadcast business as well as our point of sale business. In both cases, the subcontractors have licensed the related technologies, domain names, intellectual property and various other assets and hired from us the employees responsible for supporting these operations. Under the license agreements, we receive the greater of a percentage of the net profits realized from operations or a percentage of the net auction revenue.

Although we have implemented strong cost control measures to reduce recurring operating expenditures related to these business units, if the U.S. economy does not experience a significant recovery during the 2009 fiscal year, we expect that our operations will continue to be adversely affected. There can be no assurance that we will be able to increase our revenues from either of these operations during the remainder of 2009. As a result, we are currently exploring all avenues to mitigate any further losses in this sector including the divestiture and possible liquidation or winding-down of these operations.

Table of Contents

We have no off-balance sheet arrangements, special purpose entities or financing partnerships.

We currently have no commitments for capital expenditures.

Critical Accounting Policies and Estimates

We have identified several accounting principles that we believe are key to an understanding of our financial statements. These important accounting policies require management's most difficult, subjective judgments.

Foreign Currency Translation

We have operations in both Canada and the U.S. with significant transactions in the currencies of both countries. Consequently, we are exposed to and have experienced significant gains and losses in respect to foreign exchange.

We account for foreign currency transactions and translation of foreign currency financial statements under Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation" ("SFAS 52"). We use the current rate method as the functional currency is the Canadian dollar. All assets and liabilities are translated at the current rates, while stockholders' equity accounts are translated at the appropriate historical rate or rates. Revenues and expenses are translated at the weighted-average rate for the year. Gains and losses from restatement of foreign assets and liabilities are included in comprehensive income. Revenues and expenses are translated at the rates of exchange prevailing on the dates such items are recognized in earnings.

Financial statements of our Canadian subsidiaries are translated into U.S. dollars using the exchange rate at the balance sheet date for assets and liabilities. Our investments in the structural capital of the Canadian subsidiaries have been recorded at the historical cost in U.S. dollars. The resulting gains or losses are reported as a separate component of stockholders' equity. The functional currency of the Canadian subsidiaries is the local currency, the Canadian dollar.

Loans and Real Property

During the six months ended June 30, 2009, our investment in loans generated approximately \$135,821 in revenues. During the six months ended June 30, 2009, 10% of the value of our assets was held in the form of loans and 81% of the value of our assets was held in the form of real estate.

Table of Contents

Revenue Recognition

A substantial portion of our revenues are earned through non-traditional sources, particularly online liquidation. Our policies with respect to the timing and amount of revenue recognition from our online liquidation activities are critical to an understanding of our financial statements.

Our net revenues result from fees and revenue associated with Internet based listing fees and auction activities. Internet related listing fees are derived principally from enabling independent auction houses to simultaneously broadcast their auctions over the Internet. These fees are recognized upon successful completion of each individual auction when the final terms of sales and commissions have been determined.

We generally earn revenues from our auction activities either through consignment sales or through sales of inventory we purchase. For consignment sales, we earn auction fees charged to consignees, and buyer's premiums charged to purchasers, determined as a percentage of the sale price. For inventory sales, we earn a profit or incur a loss on the sale, to the extent the purchase price exceeds or is less than the purchase price paid for such inventory.

For each type of auction revenue an invoice is rendered to the purchaser, and we recognize revenue, at the date of the auction. The auction purchase creates a legal obligation upon the purchaser to take possession of and pay for the merchandise. This obligation generally provides us with reasonable assurance of collection of the sale proceeds, from which our earnings are derived, including the fees from consignees and purchasers, as well as resale profits.

The Company also earns royalty fees through sublicensing certain of its auction and auction-hosting related technology, domain names, intellectual property and various other assets. Revenue is accrued on a quarterly basis as royalty fees are earned.

Segmented information

During the 6 months ended June 30, 2009, we facilitated auctions and liquidations over the Internet, which meant that participants could come from anywhere in the world. However, our business presence is in both Canada and the U.S.

In accordance with Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information", we make required disclosures of information regarding our geographic segments.

Table of Contents

Stock Based Compensation

The granting of stock options can represent a significant source of financing for us. Consequently, the accounting policies by which we account for these options is critical to an understanding of our financial statements.

We have chosen to account for stock based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees." Accordingly compensation cost for stock options is measured as the excess, if any, of the quoted market price of our stock at the date of the grant over the amount an employee is required to pay for the stock.

We have adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock Based Compensation" for stock options granted to employees and directors. We disclose, on a supplemental basis, the pro-forma effect of accounting for stock options awarded to employees and directors as if the fair value based method had been applied, using the Black-Scholes model. On October 1, 2006, we adopted SFAS 123(R) which requires that employee stock option expense be recognized under the fair value method rather than the intrinsic value method. We believe that the impact of the adoption of SFAS 123(R) will not be significant to our overall results of operations and financial position.

Income Taxes

Income taxes are provided for in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes". A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities.

We have net operating losses carried forward of approximately \$7,300,000 which expire in years ranging from 2009 to 2028. We have provided a full valuation allowance of approximately \$2,771,600 on the deferred tax asset because of the uncertainty of realizability.

Contractual Obligations

We are committed under the following contractual obligations.

Contractual Obligations	Payments Due By Period				
	Total	Less than 1 year	1 to 3 Years	3 to 5 Years	Over 5 Years
Operating lease obligations	\$49,451	\$23,756	\$25,695		-

As noted above, we are committed to payments with respect to agreements to lease office premises.

Results of Operations

Three months ended June 30, 2009 compared to the corresponding period in 2008.

Revenues. During the three months ended June 30, 2009, we had revenues of \$550,787 compared to revenues of \$849,859 during the same period in 2008, a decrease of \$299,072 or 35%. The decrease in revenues is a result of a 14% decrease in revenues from our liquidation business and a 77% decrease in revenues from our Live Auction services.

Revenues from our liquidation services totalled \$437,426 (or 79% of our total revenue) compared to revenues of \$510,831 (or 60% of our total revenue) during the same period in 2008. The revenue from our liquidation service decreased by \$73,405 or 14% compared to the three months ended June 30, 2008.

Revenues from our live auctions services totalled \$54,794 (or 10% of our total revenue) compared to revenues of \$236,206 (or 28% of our total revenue) during the same period in 2008. The decrease in revenues is a direct result of the termination of eBay's Live Auction platform.

Our liquidation services accounted for 79% of total revenue for the three month period ending June 30, 2009. We anticipate that revenues from our liquidation sector will continue to represent a significant percentage of overall revenues. We believe that the results of our liquidation business and the number of antique and collectible auctions we managed during the quarter is directly related to the general economy of the US, and that the current economic down-turn in the US could continue to have a dampening effect on our revenues from this segment of our business.

During the three months ended June 30, 2009, we had investment income of \$54,797 compared to \$38,701 for the same period in 2008. The investment in property development is long term in nature and, as a result, returns will be realized on completion of projects. As of June 30, 2009, our holdings in real estate, including our headquarters and entities that hold real estate for development, totalled approximately \$18,541,786, representing the lower of cost or market for these assets.

Gross Profit and Cost of Revenue. Cost of revenue was \$358,431 or 65% of our revenues for the three months ended June 30, 2009, compared to \$586,572 or 69% of our revenues during the same period in 2008. Gross profit was \$192,356 or 35% of total revenue for the three months ended June 30, 2009, compared to gross profit of \$263,287 or 31% of total revenue for the three months ended June 30, 2008.

The gross profit as a percentage of revenue reflects the performance of our liquidation services. Future gross profit margins may vary considerably from quarter-to-quarter depending on the performance of our various divisions. We believe that over time, our gross profit as a percentage of revenue will range between 25% and 30%, based on the anticipated returns from our revenue streams.

Operating Expenses. During the three month period ended June 30, 2009, we put a number of cost cutting measures in place to withstand the decrease in revenues from our liquidation and live auction broadcast operations. Operating expenses during the three month period ended June 30, 2009 were \$512,848 or approximately 93% of revenue compared to \$705,860 or approximately 83% during the three month period ended June 30, 2008. Operating expenses are expected to further decrease in the third quarter of the 2009 fiscal year as we realize the effects of additional cost cutting measures.

During the three month period ended June 30, 2009, the cost of investor relations and shareholder information services was \$19,452 as compared to \$26,396 for the same period in 2008. We expect the cost of investor relations in 2009 will remain steady throughout the year.

During the three month period ended June 30, 2009, salaries and benefits totalled \$223,363 as compared to \$292,857 for the same period in 2008. The decrease of \$69,494 or approximately 24% from the previous year was due to cost cutting measures implemented. .

Total personnel expenses, including salaries and benefits, totalled \$262,363 or 51% of our operating expenses during the three-month period ended June 30, 2009 as compared to \$389,022 or 55% of our operating expenses during the three-month period ended June 30, 2008. In addition to salaries and benefits, personnel expenses included management fees of \$39,000 and commissions of zero (compared to \$57,165 for the same period in 2008). Current cost cutting measures are expected to reduce personnel expenses for the remainder of the year.

During the three-month period ended June 30, 2009, advertising and promotion expenses were \$11,178 or 2% of our operating expenses as compared to \$8,786 or 1% of our operating expenses for the three-month period ended June 30, 2008.

General overhead expenses decreased by \$80,611 or approximately 45%, to \$97,789 during the three month period ended June 30, 2009 (compared to \$178,400 for the same period in 2008). General overhead expenses comprised 19% of our total operating expenses (compared to 25% for the same period in 2008) and 18% (compared to 21% for the same period in 2008) of our total revenue. General overhead expenses include rent and utilities, which totalled \$20,670, telephone, which totalled \$12,144, travel related to operations, which totalled \$11,101, repairs and maintenance, which totalled \$1,532, automotive, which totalled \$5,731, insurance, which totalled \$8,768, website maintenance, which totalled \$7,968 and office and administration expenses, which totalled \$29,875.

Depreciation and amortization expense was \$22,183 for the three-month period ended June 30, 2009 as compared to \$43,701 for the three-month period ended June 30, 2008.

Net Loss. We realized a net loss of \$291,253 or \$(0.05) per share for the three months ended June 30, 2009 as compared to a net loss of \$457,151 or \$(0.10) per share for the three months ended June 30, 2008.

Table of Contents

Six months ended June 30, 2009 compared to the corresponding period in 2008.

Revenues. During the six months ended June 30, 2009, we had revenues of \$1,192,134 compared to revenues of \$1,647,747 during the same period in 2008, a decrease of \$455,613 or 28%. The decrease in revenues is a result of a 47% decrease in revenues from our liquidation business and an 82% decrease in revenues from our Live Auction services.

Revenues from our liquidation services totalled \$880,876 (or 74% of our total revenue) compared to revenues of \$944,076 (or 57% of our total revenue) during the same period in 2008. The revenue from our liquidation service decrease by 4% for the six months ended June 30, 2008.

Revenues from our live auctions services totalled \$125,796 (or 11% of our total revenue) compared to revenues of \$438,186 (or 27% of our total revenue) during the same period in 2008. The decrease in revenues is a direct result of the termination of eBay's Live Auction platform.

Our liquidation services accounted for 74% of total revenue for the six month period ending June 30, 2009. We anticipate that revenues from our liquidation sector will continue to represent a significant percentage of overall revenues. We believe that the results of our liquidation business and the number of antique and collectible auctions we managed during the period is directly related to the general economy of the US, and that the current economic down-turn in the US could continue to have a dampening effect on our revenues from this segment of our business.

During the six months ended June 30, 2009, we had investment income of \$135,821 compared to \$73,703 for the same period in 2008. The investment in property development is long term in nature and, as a result, returns will be realized on completion of projects. As of June 30, 2009, our holdings in real estate, including our headquarters and entities that hold real estate for development, totalled approximately \$18,541,786, representing the lower of cost or market for these assets.

Gross Profit and Cost of Revenue. Cost of revenue was \$765,109 or 64% of our revenues for the six months ended June 30, 2009, compared to \$1,001,082 or 61% of our revenues during the same period in 2008. Gross profit was \$427,025 or 36% of total revenue for the six months ended June 30, 2009, compared to gross profit of \$646,665 or 39% of total revenue for the six months ended June 30, 2008.

The decrease in gross profit as a percentage of revenue reflects the performance of our liquidation services, which realized lower gross profit margins in the first quarter of 2009 with a slight recovery in the second quarter. Future gross profit margins may vary considerably from quarter-to-quarter depending on the performance of our various divisions. We believe that over time, our gross profit as a percentage of revenue will range between 25% and 30%, based on the anticipated returns from our revenue streams.

Operating Expenses. During the six month period ended June 30, 2009, we put a number of cost cutting measures in place to withstand the decrease in revenues from our liquidation and live auction broadcast operations. Operating expenses during the six month period ended June 30, 2009 were \$980,850 or approximately 82% of revenue compared to \$1,213,561 or approximately 74% during the six month period ended June 30, 2008. Operating expenses are expected to further decrease in the third quarter of the 2009 fiscal year as we realize the effects of additional cost cutting measures.

Table of Contents

During the six month period ended June 30, 2009, the cost of investor relations and shareholder information services was \$49,899 as compared to \$50,066 for the same period in 2008. We expect the cost of investor relations in 2009 will remain steady throughout the year.

During the six month period ended June 30, 2009, salaries and benefits totalled \$429,042 as compared to \$610,178 for the same period in 2008. The decrease of \$181,136 or approximately 30% from the previous year was due to cost cutting measures implemented.

Total personnel expenses, including salaries and benefits, totalled \$507,042 or 52% of our operating expenses during the six month period ended June 30, 2009 as compared to \$785,756 or 65% of our operating expenses during the six month period ended June 30, 2008. In addition to salaries and benefits, personnel expenses included management fees of \$78,000, and commissions of zero (compared to \$97,578 for the same period in 2008). Current cost cutting measures are expected to reduce personnel expenses for the remainder of the year.

During the six month period ended June 30, 2009, advertising and promotion expenses were \$16,177 or 2% of our operating expenses as compared to \$15,372 or 1% of our operating expenses for the six month period ended June 30, 2008.

General overhead expenses decreased by \$40,177 or approximately 16%, to \$217,068 during the six month period ended June 30, 2009 (compared to \$257,245 for the same period in 2008). General overhead expenses comprised 22% (compared to 21% for the same period in 2008) of our total operating expenses and 18% (compared to 16% for the same period in 2008) of our total revenue. General overhead expenses include rent and utilities, which totalled \$40,212, telephone, which totalled \$23,929, travel related to operations, which totalled \$19,045, repairs and maintenance, which totalled \$5,629, automotive, which totalled \$13,415, insurance, which totalled \$15,244, website maintenance, which totalled \$25,343 and office and administration expenses, which totalled \$74,251.

Depreciation and amortization expense was \$38,591 for the six month period ended June 30, 2008 as compared to \$89,059 for the six month period ended June 30, 2008. Depreciation and amortization expense was higher during the six months ended June 30, 2008 due to amortization of our intangible assets.

Net Loss. We realized a net loss of \$459,043 or \$(0.08) per share for the six months ended June 30, 2009 as compared to a net loss of \$651,202 or \$(0.13) per share for the six months ended June 30, 2008.

Liquidity and Capital Resources

Our capital requirements, particularly as they relate to our real estate development projects, have been and will continue to be significant. Our future cash requirements and the adequacy of available funds will depend on many factors, including the rate of construction on our development project.

Table of Contents

During the past 12 months we have funded our operations with our revenues, with dividends and interest from our investments and with loans from our executive officer, director and major shareholder, Mr. Abdul Ladha. A moderate portion of the revenue we receive comes from the auctions held through iCollector and the National Auctioneers Association. eBay's recent decision to terminate the operations of its eBay Live Auction platform has had a material adverse affect on our operations, and we expect this to continue at least through the end of the fiscal year.

Currently we believe that revenues from our operations together with interest earned on our loan portfolio and our cash on hand will be sufficient to satisfy our working capital needs for the remainder of this fiscal year. During the next 12 months, if we need to raise additional capital, we will likely do so by borrowing again from Mr. Ladha, although he is under no obligation to continue to lend us funds. We have no commitments for financing for our future needs and we cannot guarantee that financing will be available to us, on acceptable terms or at all. If we do not earn revenues sufficient to support our business and we fail to obtain other financing, we may be required to curtail, or even to cease, our operations.

As of June 30, 2009 we had a deficiency in our working capital of \$9,304,441 made up of cash and cash equivalents of \$303,195, accounts receivable of \$517,538, employee receivable of \$312,071 mortgages and loans receivable of \$2,395,787, inventory of \$522,233 and prepaid expenses of \$43,363 minus current liabilities of \$13,398,628.

Cash used for operating activities totalled \$489,853 due primarily to a decrease in accounts payable and accrued liabilities during the six months ended June 30, 2009. Our cash resources may decrease further if we complete an acquisition during 2009, experience a delay in our construction financing, or if we are unable to maintain positive cash flow from our business through 2009.

Cash flow used in investing activities during the six months ended June 30, 2009 was \$4,191,092. Cash was used from loan advances and to increase our investment in property held for development. Cash flow from financing activities was \$4,748,013, which primarily resulted from proceeds from bank loans.

Other Events

On May 21, 2009 we and our subsidiary, iCollector Technologies Ltd., signed a License Agreement with ABC Live Auction World Ltd. ("ABC"). The effective date of the License Agreement is May 15, 2009. ABC is an employee-owned entity not otherwise affiliated with us.

Under the terms of the License Agreement, ABC has sublicensed all of iCollector's auction and auction-hosting related technology, domain names, intellectual property and various other assets (including those assets used in the operations of NAALive) in consideration for 50% of net profits realized from ABC's operations or 10% of ABC's net auction revenue, whichever is greater. The sublicense is non-exclusive. The license agreement will continue until terminated by a breach by either party or until either party ceases its business or becomes insolvent. We continue to own the licensed assets and will own any enhancements made to the licensed assets by ABC or any of its affiliates in the future. ABC has also hired all of iCollector's employees as of the effective date and has begun performing iCollector's obligations under its auction and auction-hosting agreements.

Going forward, both parties will continue to look for a suitable buyer or partner for the iCollector business. If we complete a sale or license of the iCollector business, then ABC will receive a minimum of 25% of the consideration payable to us upon completion of the transaction.

On June 8, 2009 we and our subsidiary, RapidFusion Inc., signed a License Agreement with Pacific Amber Technologies Inc. ("PATI"). The effective date of the License Agreement is June 1, 2009. PATI is an employee-owned entity not otherwise affiliated with us.

Under the terms of the License Agreement, PATI has sublicensed all of RapidFusion's Point of Sale ("POS") technology and its source code, domain names, intellectual property and various other assets used in the operations of Rapidfusion's business in consideration for 50% of net profits realized from PATI's operations or 5% of PATI's gross profits from its POS revenues, whichever is greater.. The sublicense is non-exclusive. The License Agreement will continue until terminated by a breach by either party or until either party ceases its business or becomes insolvent. We continue to own the licensed assets and will own any enhancements made to the licensed assets by PATI or any of its affiliates in the future. PATI has also hired all of Rapidfusion's employees as of the effective date and has begun performing Rapidfusion's obligations under its contracts and warranty agreements.

Going forward, both parties will continue to look for a suitable buyer or partner for the RapidFusion business. If we complete a sale or license of the RapidFusion business, then PATI will receive a minimum of 25% of the consideration payable to us upon completion of the transaction.

Subsequent Events

Subsequent to June 30, 2009, we entered into the following transactions:

Share Exchange Agreement

On July 17, 2009, we executed a Share Exchange Agreement ("Exchange Agreement") with our significant shareholders, Abdul Ladha, our Chief Executive Officer and a director, and his spouse, Hanifa Ladha ("Ladha"), Top Favour Limited, a British Virgin Islands corporation ("Top Favour"), and the shareholders of Top Favour, consisting of 12 individuals and 5 entities, who collectively hold 100% of Top Favour's issued and outstanding share capital (the "TF Shareholders"). Under the Exchange Agreement, the TF Shareholders would exchange their shares of Top Favour capital stock for newly-issued shares of Ableauctions. In this discussion, the share exchange transaction is described as the "Share Exchange."

Table of Contents

Also, on July 17, 2009, we executed a Voting Agreement with Top Favour and Mr. and Mrs. Ladha (“Voting Agreement”).

Share Exchange Agreement

Pursuant to the Exchange Agreement, the TF Shareholders would become our controlling shareholders holding approximately 97% of our outstanding common stock on a post-transaction fully-diluted basis, and our existing shareholders would hold the remaining 3.0% of our outstanding common stock post-transaction. Top Favour would become our wholly owned subsidiary. In connection with Top Favour becoming our wholly owned subsidiary, we would acquire the business and operations of Top Favour, and its wholly owned subsidiaries: Pingdingshan Hongyuan Energy Science and Technology Development Co., Ltd., which controls and beneficially owns Henan Province Pingdingshan Hongli Coal & Coking Co., Ltd. and its subsidiaries (collectively referred to herein as the “SinoCoking Group”).

Top Favour’s principal product is coke, or carbon fuel produced by distillation of coal. This coke is produced from coal that it mines as well as coal that it purchases. Top Favour produces and sells two types of coke, metallurgical coke primarily used in steel manufacturing and chemical coke used mainly for synthesis gas production. Top Favour also sells coal, including raw coal, “washed coal” (which is processed coal that is ready for coking or thermal uses), and “medium coal” and coal slurries (both of which are byproducts of the coal-washing process). Top Favour also produces and sells coal tar, which is a byproduct from its coke manufacturing process.

As a result of the Share Exchange:

- We will acquire and own 100% of the issued and outstanding shares of capital stock of Top Favour from the TF Shareholders, making Top Favour a wholly-owned subsidiary of the Company;
- We will issue up to 13.2 million shares of our common stock to the TF Shareholders, on a post-reverse stock split basis;
- Our shareholders immediately prior to the Share Exchange will, after completion of the Share Exchange, own approximately 3% of our outstanding common stock; and
- The TF Shareholders will own approximately 97% of our outstanding common stock.

Prior to the consummation of the Share Exchange, we will distribute all of the assets relating to our business (after payment or assignment of liabilities) to a liquidating trust for the benefit of holders of our common stock immediately prior to the closing of the Share Exchange.

Table of Contents

Following the Share Exchange, we will cease operating the Ableauctions business, and the business of Top Favour will be continued and will constitute our principal business and operations.

The closing of the Share Exchange will be contingent on the simultaneous closing of a proposed financing of \$75 million, which may be comprised of debt or equity securities or both, to be determined by the board of directors in consultation with Top Favour. If the financing is not obtained, Top Favour could waive this condition.

As a condition to and prior to the Share Exchange, we agreed to cause our shareholders to vote to amend our Articles of Incorporation to effect a reverse stock split which shall range between 1-for-20 and 1-for-50 and change our name to “SinoCoking Coal & Coke Chemical Industries Inc.”

Following the Share Exchange, members of Top Favour’s management will also be appointed as our officers and directors.

In addition to the conditions described above, the Share Exchange Agreement contains representations, warranties and conditions customary for transactions of this nature. The Share Exchange Agreement provides for indemnification of Top Favour and the TF Shareholders for breaches of representations, warranties and covenants by Ableauctions and for a similar indemnification by Top Favour and the TF Shareholders in favor of Ableauctions and Mr. and Mrs. Ladha. In the event that any of the conditions to the Share Exchange are not satisfied or waived, the Share Exchange may not be consummated. Neither we nor Top Favour can provide any assurances that the Share Exchange will ultimately be consummated.

For accounting purposes, the Share Exchange will be treated as a reverse acquisition which results in the legal acquirer, Ableauctions, being treated as being acquired by Top Favour under purchase accounting.

In conjunction with the Share Exchange, Ableauctions has agreed to adopt a plan of liquidation reasonably acceptable to Top Favour under which we shall establish a liquidating trust for purposes of assuming outstanding liabilities and distributing the assets of Ableauctions to our shareholders as of a certain record date prior to the closing of the Share Exchange. In compliance with applicable law and any required third party consents, we agreed to transfer all of our assets to, and to have our liabilities assumed by, the liquidating trust prior to or concurrent with the closing of the Share Exchange. Ableauctions and Abdul Ladha agreed to cause such plan of liquidation to include a covenant to indemnify the TF Shareholders for certain claims, damages, costs and expenses, and provide for a reserve fund of at least \$1,000,000 in cash or cash equivalents or other assets acceptable to Top Favour which shall remain in place for at least 12 months following the closing of the Share Exchange and shall be used to discharge any remaining liabilities of Ableauctions not discharged prior to closing. The plan of liquidation will also include a covenant to indemnify Abdul Ladha for certain claims, damages, costs and expenses.

Table of Contents

Top Favour has agreed to file a listing application with the NYSE Amex Equities exchange, with the intent of maintaining the listing of Ableauctions shares on the exchange.

Closing of the Share Exchange will require the satisfaction of a number of conditions, briefly described below. These conditions include, but are not limited to, the resignation of the current officers and directors of Ableauctions, the appointment of Jianhua Lv as Chairman of the board of directors, and the appointment of his designees to the board of directors to take office immediately after the closing. Presently, Top Favour intends to have Mr. Lv appointed as Chief Executive Officer, President and Chairman of the Board, and Mr. Zan Wu as the Chief Financial Officer, Treasurer and Secretary. At the time of closing, we must have completed our transfer of the prior business, assets and liabilities to the liquidating trust, and we must have no remaining assets or liabilities immediately prior to closing. The holders of a majority of our issued and outstanding shares of common stock must have consented to or voted to approve all matters contemplated by the Share Exchange Agreement that require such shareholder approval. Any third party consents that we are required to obtain must have been obtained prior to closing. Ableauctions must have determined, through its due diligence investigation, that the financial statements of Top Favour are materially accurate and complete, and this due diligence investigation will continue until 30 days after the date of the Exchange Agreement. Finally, Top Favour shall have arranged, and we shall simultaneously consummate or shall have secured an irrevocable commitment from a bona fide third party to consummate, a debt or equity financing of at least \$75 million.

Under the Share Exchange Agreement, the Share Exchange may be terminated under the following circumstances:

- (i) by both parties if Ableauctions and Top Favour mutually agree to terminate the Share Exchange;
- (ii) by either Ableauctions or the TF Shareholders if the Share Exchange shall not have been consummated for any reason by November 30, 2009; provided that the failure to consummate the transaction is not caused by the party that is terminating;
- (iii) by either Ableauctions or the TF Shareholders if a governmental entity shall have issued an order, decree or ruling or taken any other action, in any case having the effect of permanently restraining, enjoining or otherwise prohibiting the Transaction, which order, decree, ruling or other action is final and non-appealable;
- (iv) by the TF Shareholders, upon a material breach of any representation, warranty, covenant or agreement on the part of Ableauctions or Mr. and Mrs. Ladha provided in the Share Exchange Agreement, or if any representation or warranty of Ableauctions shall have become materially untrue, unless cured in accordance with the terms of the Share Exchange Agreement;
- (v) by Ableauctions, upon a material breach of any representation, warranty, covenant or agreement on the part of Top Favour or the TF Shareholders in the Share Exchange Agreement, or if any representation or warranty of Top Favour or the TF Shareholders shall have become materially untrue, unless cured in accordance with the terms of the Share Exchange Agreement;

Table of Contents

- (vi) by Ableauctions, if the results of the due diligence investigation described in the Share Exchange Agreement by Ableauctions is unsatisfactory, and Top Favour is not able to cure the unsatisfactory condition prior to closing;
- (vii) by Top Favour if Royal Bank of Canada (“RBC”), one of Ableauctions’ lenders, refuses to approve the assumption by the liquidating trust of the liabilities and guarantees arising from the Loan Agreements; or
- (viii) by Ableauctions if (i) RBC refuses to approve the assumption by the liquidating trust of the liabilities and guarantees arising from the Loan Agreements and (ii) Top Favour does not waive the failure to assign such liability and guarantees.

Voting Agreement

Under the Voting Agreement, Abdul and Hanifa Ladha agree to convert their interests in a certain convertible promissory note into shares of our common stock such that they will hold at least 49% of the outstanding shares of our common stock immediately after such conversion. They also agree to acquire additional shares of our common stock (so long as the total of all such acquisitions does not exceed \$400,000) in order to maintain such percentage equity ownership. In addition, they agree to vote all their common stock in favor of the Share Exchange and certain other actions in furtherance of the Share Exchange at any annual or special meeting of our shareholders. In the event that any director fails to resign as a board member in the manner contemplated by the Exchange Agreement, Mr. and Mrs. Ladha agree to acquire additional shares of our common stock (so long as the total of all such acquisitions does not exceed \$400,000) and vote in favor of replacing our board members with Top Favour's nominees.

Note Conversion

On October 6, 2008, in conjunction with the execution of a Development Agreement among Ableauctions.com, Inc., Abdul Ladha, who is our chief executive officer, chief financial officer and a director, Overture Development Corporation, Surrey Central City Holdings Ltd. and Bullion Reef Holdings Ltd., we issued a convertible promissory note (the “Note”) for the purchase of one-half of the issued capital stock of Surrey Central City Holdings Ltd., a corporation wholly-owned by Bullion Reef Holdings Ltd. The sole shareholder of Bullion Reef Holdings Ltd. is the Ladha Family Trust (the “Trust”). Although Mr. Ladha is not a beneficiary of the Trust, his family members are beneficiaries. Information relating to this transaction can be found in the Current Reports on Form 8-K that were filed on October 9, 2008, October 23, 2008, November 3, 2008 and January 15, 2009 and in the definitive proxy statement we filed on November 21, 2008, all of which are incorporated by reference into this report. The Development Agreement and the Note permitted Bullion Reef Holdings Ltd. to convert up to \$1 million in principal amount and all of the interest accrued thereon into shares of our common stock at the price of \$0.432 per share.

Table of Contents

On April 30, 2009 Bullion Reef Holdings Ltd. assigned the Note, one-half to Mr. Ladha and one-half to his spouse, Hanifa Ladha. On July 27, 2009 Mr. and Mrs. Ladha each exercised their conversion rights and each received 1,204,021 shares of our common stock, which represented a conversion by each of them of \$500,000 in principal amount and \$20,136.99 in accrued interest.

Mr. Ladha now owns directly a total of 2,526,889 shares of our common stock, or approximately 31.1%, of our common stock, while Mrs. Ladha is the beneficial owner of approximately 17.9% of our common stock. She owns directly 1,204,021 shares of our common stock and is the beneficial owner of the 250,573 shares of our common stock held by the Ladha (1999) Family Trust.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

We believe that we do not have any material exposure to interest or commodity risks. We are exposed to certain economic and political changes in international markets where we compete, such as inflation rates, recession, foreign ownership restrictions, and trade policies and other external factors over which we have no control.

Our financial results are quantified in U.S. dollars and a majority of our obligations and expenditures with respect to our operations are incurred in U.S. dollars.

We may have significant market risks relating to our operations resulting from foreign exchange rates from our investments or if we enter into financing or other business arrangements denominated in currency other than the U.S. dollar. Variations in the exchange rate may give rise to foreign exchange gains or losses that may be significant.

ITEM 4. DISCLOSURE CONTROLS AND PROCEDURES

Our Chief Executive Officer (“CEO”)/President, and Chief Financial Officer (“CFO”) carried out an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report (the “Evaluation Date”). Based on those evaluations, as of the Evaluation Date, our CEO/President and CFO determined that our disclosure controls and procedures are effective.

There have been no changes in the Company’s internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15 (f) under the Exchange Act) during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company’s internal control over financial reporting.
