No. 1 Regulatory News Service Announcement, dated 11 July, 2008 re: Segmental Analysis Restatement

11 July 200 8

65/08

LLOYDS TSB segmental analysis restatement

As part of Lloyds TSB Group's transition to Basel II on 1 January 2008, the Group has taken the opportunity to update its capital and liquidity pricing methodology. The main difference in this approach is to allocate a greater share of certain funding costs, previously allocated to the Central group items segment, to individual divisions.

In addition, to enable meaningful year-on-year comparisons to be made, the Group intends to report its 2008 segmental results on a continuing businesses basis, excluding the impact of the businesses sold in 2007.

The attached appendix sets out the relevant segmental analyses for 2007 which have been restated to reflect these reporting changes, and which have no impact on the statutory results of the Group.
