PART I

Item 1. Business

Company Overview

Sara Lee Corporation (Sara Lee, we, our or the Company) is a global manufacturer and marketer of high-quality, brand-name products for consumers throughout the world. With headquarters in Chicago, Sara Lee has operations in 55 countries and markets products in nearly 200 nations. The Company was organized in Baltimore, Maryland in 1939 as the C.D. Kenny Company and adopted its current name in 1985.

Sara Lee has five reportable segments: Sara Lee Meats, Sara Lee Bakery, Beverage, Household Products, and Intimates and Underwear. The Meats, Bakery and Beverage operations are described under the heading Sara Lee Food and Beverage below. The Company's products and services include fresh and frozen baked goods, processed meats, coffee and tea, beverage systems, intimate apparel, underwear, sportswear, legwear and other apparel, and personal, household and shoe care products.

Sara Lee Food and Beverage

Food and Beverage's primary focus is packaged meats, bakery products and coffee and tea beverages. Sara Lee's Food business consists of packaged meats (53.3% of the business's total sales in fiscal 2003) and baked goods (46.7% of the business's total sales in fiscal 2003). Sara Lee Meats processes and sells pork, poultry and beef products to supermarkets, warehouse clubs, national chains and foodservice distributors throughout the world, with emphasis on the United States, Europe and Mexico. Sales are transacted through Sara Lee's own sales force, brokers and institutional buyers.

The products offered by the Sara Lee Meats business include smoked sausage, bacon, hot dogs, breakfast sausage, breakfast sandwiches, premium deli and luncheon meats, ham, turkey, and packaged lunch combinations. The ingredients pork, turkey and beef are purchased by Sara Lee from a variety of sources. The prices of these raw materials fluctuate, depending primarily on supply and demand.

Some of the more prominent U.S. brands within this category include *Ball Park*, *Hillshire Farm*, *Jimmy Dean*, *Sara Lee*, *Best's Kosher*, *Bryan*, *Kahn's*, *State Fair* and *Galileo*. Sara Lee's more prominent European brands include *Aoste*, *Justin Bridou* and *Cochonou* in France, *Stegeman* in the Netherlands, and *Nobre* in Portugal. During fiscal 2003, *Hillshire Farm Deli Select Ultra Thin* sliced meats were launched, and can now be found in nearly 70 percent of large U.S. grocery stores. The new *Jimmy Dean* sandwiches line was also launched in fiscal 2003, expanding this brand into the grocery store frozen food section, as were *Jimmy Dean Fresh Taste. Fast!* Bacon and *Jimmy Dean Sausage, Egg & Cheese Croissants*. Also during fiscal 2003, *Sara Lee* deli meats was the number-one sliced meat in the U.S. grocery store deli channel in terms of dollar sales.

The meats business is highly competitive, with an emphasis on product quality, price, advertising and promotion, and customer service. Sara Lee's competitors include international, national, regional and local companies.

Edgar Filing: LEE SARA CORP - Form 10-K

Most of Sara Lee's Meats operations are regulated by the U.S. Department of Agriculture, whose focus is the quality, sanitation and safety of meat products, and to a lesser extent by state and local government agencies. Sara Lee's Meats operations in Europe and Mexico are regulated by local authorities.

Sara Lee Bakery Group produces a wide variety of fresh and frozen baked and specialty items. Its core products are bread, specialty breads, refrigerated dough, bagels, frozen and fresh pies, pound cakes, cheesecakes, danishes and specialty dessert bites. These products are sold through supermarkets, foodservice distributors, bakery-deli and direct channels throughout the United States, Mexico, Spain, France, Portugal and Australia. Sales are transacted through Sara Lee's sales force and independent wholesalers and distributors. The key ingredients for these products—butter, milk, sugar, fruits, eggs and flour—are purchased from suppliers at prices that are subject to such influences as supply and demand, weather, and government price supports.

Sara Lee Bakery Group's U.S. brands include *Sara Lee*, *Earth Grains*, *IronKids*, *Colonial*, *Rainbo*, *Heiner's*, *Grandma Sycamore's*, *Master*, *San Luis Sourdough*, *Redding French Bakery* and *Break Cake*. Products are also sold in the U.S. under licensed brands, including *Sunbeam*, *Roman Meal*, *Country Hearth*, *Sun Maid*, *Holsum*, *Taystee*, *Grant's Farm*, *Healthy Choice*, *D'Italiano*, *Pillsbury*, *Mother's*, *Old Home* and *Kern's*. Sara Lee Bakery Group's European brands include *Bimbo*, *Silueta*, *Semilla de Oro*, *Martínez*, *CroustiPâte* and *Madame Brioche*. New products introduced by Sara Lee Bakery Group during fiscal 2003 include *Sara Lee* fresh breads, buns and rolls.

In the United States, Sara Lee Bakery Group products are subject to regulation by the Food and Drug Administration, the federal agency charged with, among other things, enforcing laws pertaining to food processing, content and labeling, and to a lesser extent, by state and local government agencies.

Competition in the bakery business is strong, with a large number of participants. Sara Lee competes in these markets by offering superior quality and value, utilizing marketing strategies that are designed to reinforce and build brand recognition, and by providing superior customer service.

Sara Lee's Beverage business includes retail and food service coffee and tea sales in major markets around the world. It has a significant presence in the United States, Brazil, the Netherlands, the United Kingdom, Belgium, France, Denmark, Hungary, Poland, Spain and Australia. *Douwe Egberts*, which celebrated its 250th anniversary during fiscal 2003, is Sara Lee's European flagship brand. Sara Lee's other premium coffee brands include *Maison du Café*, *Marcilla*, *Merrild* and *Prima* in Europe, and *Café do Ponto*, *Pilão* and *Caboclo* in South America. Key brands within the United States include *Chock full o' Nuts*, *Chase & Sanborn*, *Hills Bros* and *Superior*. Sara Lee's *Pickwick* brand is an important brand in the European tea market. Sara Lee's other premium tea brands include *Hornimans*, *Sueños de Oro* in Spain and the *Paradise* iced tea brand in the United States foodservice market. New products introduced by Sara Lee's Beverage business during fiscal 2003 include the *Cafitesse 700* coffee machine, *Café des Brûleries* Roasting House coffees and *Marcilla Bajo en Cafeína*.

During fiscal 2003, Sara Lee continued its successful rollout in the Netherlands, Belgium, France and Germany of the *Senseo* coffee maker. This next-generation in-house coffee machine, introduced by Douwe Egberts and Phillips Electronics, provides customers with one or two cups of superior-quality fresh coffee in less than a minute. Sales of the *Senseo* coffee system exceeded \$100 million in fiscal 2003.

The beverage business is very competitive with the other participants consisting primarily of other large multi-national companies. Sara Lee competes by offering its customers superior quality and value.

Sara Lee also holds a leading position in the global out-of-home coffee service business, based on unit volumes. Its Douwe Egberts Coffee Systems business provides coffee and dispensing equipment in Europe, while its Superior Coffee business provides similar products and services in the United States.

The significant cost item in the production of coffee products is the price of green coffee, which varies depending on such factors as weather (which affects the quality and quantity of available supplies), consumer demand, the political climate in the producing nations, unilateral pricing policies of producing nations, speculation on the commodities market, and the relative valuations and fluctuations of the currencies of producer versus consumer countries. These factors also generally affect Sara Lee's competitors. Sara Lee mitigates the effect of fluctuating green coffee prices through careful inventory management and hedging strategies.

Sara Lee's Food and Beverage business accounted for 53.4%, 52.3%, 43.9% of Sara Lee's consolidated revenues during fiscal 2003, fiscal 2002 and fiscal 2001, respectively.

Intimates and Underwear

Sara Lee's Intimates and Underwear business includes basic, branded innerwear products intimates, underwear and legwear and sportswear products. Sara Lee markets intimate apparel, underwear and legwear in North America, Europe and several Latin American countries with a portfolio of well-known brands including *Hanes*, *Hanes Her Way*, *Playtex*, *L eggs*, *DIM*, *Bali*, *Just My Size*, *Wonderbra*, *Lovable*, *Sol y Oro* and *Zorba*.

Distribution channels for intimate apparel range from department and specialty stores for such premium brands as *Bali* to warehouse clubs and mass-merchandise outlets for some of the value-priced brands. Sales are effected through Sara Lee's sales force. During fiscal 2003, Sara Lee opened a consolidated design and merchandising center for intimate apparel in New York's garment district.

The intimate apparel market is very competitive and manufacturers rely on their products' brand recognition, quality, price and customer loyalty. Sara Lee competes by offering superior value, making use of low-cost sourcing, marketing activities and utilizing its megabrands strategy. The megabrands strategy entails marketing various products through common branding, packaging, promotion and advertising.

During fiscal 2003, Sara Lee maintained its number-one position in the U.S. bra category with a 27.9% share based on dollar sales. Also during fiscal 2003, *Bali* successfully introduced its No-Slip bra, a seamless underwire bra with *grip strips*TM, and *Thank Goodness it Fits* bras became the fastest growing brand in the *Playtex* line. Focusing on a younger market, *Playtex's Thank Goodness it Fits* is the only major bra brand to offer half-sizes.

Sara Lee's underwear business sources, manufactures and distributes men's, women's and children's underwear in North America, South and Central America, Europe and the Asia-Pacific countries. These products are sold through Sara Lee's sales force to department stores, mass merchandisers and discount chains. Principal brands in the underwear category include *Champion*, *Hanes*, *Hanes Her Way* and *Rinbros* in North America, and *Abanderado*, *Princesa*, *DIM* and *Unno* in Europe. Since their introduction in October 2002, Sara Lee has sold more than 92 million Hanes tagless T-shirts. *Hanes Classics*, a premium line of *Hanes* underwear and socks introduced in department stores, grew 20 percent in terms of dollar sales during fiscal 2003. Furthermore, *Unno* launched its men's and women's underwear and bra lines in Italy and Germany in fiscal 2003, extending this successful brand into these large markets.

Sara Lee's sportswear business sources, manufactures and distributes basic fleece, T-shirts, sportshirts and other jersey products. The sportswear business consists of three divisions: Casualwear, Hanes Printables and Champion Activewear. Sportswear is marketed under several brands, including Sara Lee's *Hanes* and *Champion* lines, and is marketed and sold across multiple distribution channels.

The principal raw materials in this product category are cotton yarn and cotton-based textiles. Sara Lee currently purchases its raw materials from various domestic and international sources.

Sara Lee's legwear products, which it sells in countries throughout the world, consist of a wide variety of branded, packaged consumer products, including pantyhose, stockings, combination panty and pantyhose garments, tights, knee-highs and socks. These products are sold in the United States under such brand names as *Hanes*, *Hanes Her Way*, *L'eggs*, *Just My Size*, *Champion*, *Donna Karan* and *DKNY* (the last two being licensed), and abroad under such labels as *DIM*, *Pretty Polly*, *Elbeo*, *Nur Die*, *Bellinda*, *Filodoro* and *Philippe Matignon*. During fiscal 2003, *Hanes* and *Hanes Her Way* socks market share grew to 17.5 percent in terms of units sold, maintaining Sara Lee's number-one market share position.

Sara Lee legwear products are sold by Sara Lee's sales force in channels ranging from department and specialty stores (for premium brands such as *Hanes*, *Donna Karan* and *DKNY* in the United States, and *DIM* outside the United States), to supermarkets, warehouse clubs, discount chains and convenience stores for brands like *L'eggs* and some *DIM* products aimed at the price-conscious consumer. Legwear also is distributed through catalog sales and Sara Lee stores.

The sheer hosiery segment of the legwear business is challenging, as worldwide demand for sheer hosiery products has declined over the last several years. In the United States, Sara Lee's major competitors are other hosiery companies, and the primary methods of competition are

Edgar Filing: LEE SARA CORP - Form 10-K

quality, value and function. In Europe, where most of Sara Lee's competitors are small companies who compete in the unbranded sector of the market, the primary focus is on quality.

Raw materials nylon, spandex, and cotton and manufacturing sources for legwear products are readily available to Sara Lee.

Products introduced by Sara Lee's Intimates and Underwear business during fiscal 2003 include: *Hanes Her Way* Comfort Casual Socks, *Hanes Her Way* Body Creations panties, tagless T-shirts, *Hanes* Sleepwear and Loungewear, *Champion Silver*, *Playtex* 18-Hour Gel Strap, *Just My Size* gel strap bras, *Just My Size* mid-rise bootcut jeans, *DIM* Pockets Sexy and *DIM* Beautiful People.

Sara Lee's Intimates and Underwear business accounted for 35.0%, 36.6% and 44.6% of Sara Lee's consolidated revenues during fiscal 2003, fiscal 2002 and fiscal 2001, respectively.

Household Products

Household Products is Sara Lee's most global line of business, marketing branded consumer products in over 180 countries. The Household Products business includes Sara Lee's leading household and body care products as well as its Direct Selling division. Household Products is composed of four core product categories: body care items led by the *Sanex* brand, and also including *Duschdas*, *Badedas*, *Radox* and *Monsavon*; air care led by the *Ambi Pur* brand; shoe care led by a worldwide line of *Kiwi* products; and insecticides sold internationally under the *Catch*, *Good Knight*, *Vapona* and *Ridsect* brand names. Body care items are marketed principally in Europe as well as into the Asia-Pacific and Latin America markets, and insecticides are marketed principally in Europe and Asia. These products are sold through a variety of retail channels including supermarkets. This is a very competitive business and Sara Lee competes by offering its customers superior quality and value.

Kiwi simultaneously launched *Kiwi Fresh Force*, an aerosol shoe freshener with a unique two-directional spray that reaches all parts of the shoe and lasts all day, in the United States and Europe during the summer of 2003 to broaden its shoe care lines. Its *Kiwi Express* line continued to experience sales growth in the United States, Canada, Europe and other markets during fiscal 2003. During fiscal 2003, *Kiwi* also introduced *Kiwi Kleen* in certain countries in Asia. *Kiwi Kleen* is a line of household cleaners that extends *Kiwi*'s shine from shoes to floors.

Also during fiscal 2003, *Radox*, *Duschdas* and *Badedas* relaunched their bath and shower products with new formulations and graphics. In addition, a new liquid soap package was launched across the brands. In the insecticides market, *GoodKnight* Silver SuperMats, a line of anti-mosquito mats, was launched in India during fiscal 2003, and *Out Max* aerosols, which flush out and kill cockroaches, were launched in Spain and France.

Other products introduced by Sara Lee's Household Products business during fiscal 2003 include *Williams* skin-soothing balm and aftershave lotion, *Ambi-Pur* instant perfume spray, *Sanex* Big Ball deodorant and *Sunflower* anti-fly stickers.

Sara Lee's Direct Selling business, which is part of Household Products, distributes a wide range of products cosmetics, fragrances, jewelry, toiletries, apparel and nutritional supplements through a network of independent sales representatives to consumers in 24 countries. The Direct Selling division's independent sales force grew by 7% during fiscal 2003 to approximately 950,000 representatives. Sara Lee Direct Selling includes the Nutrimetics business in Australia, the House of Fuller business in Mexico and Argentina, the House of Sara Lee businesses in Indonesia and the Philippines, and the Avroy Shlain business in South Africa. Sara Lee also operates direct selling organizations in Japan, Uruguay and, as of fiscal 2003, Brazil.

Edgar Filing: LEE SARA CORP - Form 10-K

Sara Lee's Household Products business accounted for 11.6%, 11.1% and 11.5% of Sara Lee's consolidated revenues during fiscal 2003, fiscal 2002 and fiscal 2001, respectively.

Customers

Sara Lee considers major mass retailers and supermarket chains in both the United States and Europe to be significant customers across one or more business segments, and it has developed specific approaches to working with these individual customers. Net sales to Wal-Mart Stores Inc. were \$2.1 billion, or 11.4% of Sara Lee's net sales, in fiscal 2003. The Intimates and Underwear business recognized approximately \$1.3 billion of net sales to Wal-Mart Stores Inc. and the Sara Lee Meats business and Sara Lee Bakery Group were primarily responsible for the remaining \$0.8 billion. Although no other single customer accounts for 10% or more of Sara Lee's consolidated revenues, the loss of one of our major mass retailer or supermarket chain customers could have a material adverse effect on one or more of our business segments.

Trademarks

Sara Lee is the owner of over 30,000 trademark registrations and applications in over 180 countries and believes that, as it pursues its strategy of building brands globally, its trademarks are among its most valuable assets. Although the laws vary by jurisdiction, trademarks generally are valid as long as they are in use and/or their registrations are properly maintained and have not been found to have become generic. Trademark registrations generally can be renewed indefinitely as long as the trademarks are in use. Sara Lee believes that its core brands are covered by trademark registrations in most countries of the world in which Sara Lee does business, and Sara Lee has an active program to ensure that its marks and other intellectual property rights are registered, renewed, protected and maintained. Some of Sara Lee's products are sold under brands that have been licensed from third parties. Sara Lee also owns a number of valuable patents; however, it does not regard any segment of its business as being dependent upon any single patent or group of related patents. In addition, Sara Lee owns numerous copyrights, both registered and unregistered, and proprietary trade secrets, technology, know-how processes, and other intellectual property rights that are not registered.

Seasonality

Within the Sara Lee Food and Beverage business, sales of hot dogs are typically higher in summer months while sales of certain other meat products are higher during the fall/winter holiday season. Bakery products, particularly pies, have a higher level of sales during the fall/winter holiday season. The Intimates and Underwear business has slightly higher sales in the first quarter of each year as result of back-to-school purchases. Hosiery sales are somewhat seasonal in nature with reduced demand in the summer months. In total during fiscal 2003, 25% of Sara Lee's consolidated sales were recognized in the first quarter, 26% in the second quarter, 24% in the third quarter and 25% in the fourth quarter.

Regulations

Sara Lee's United States Food and Beverage operations, food products and packaging materials are subject to regulations administered by the U.S. Department of Agriculture and the Food and Drug Administration. Among other things, these agencies enforce statutory prohibitions against misbranded and adulterated foods; establish safety standards for food processing; establish standards for ingredients and manufacturing procedures for certain foods; establish standards for identifying certain foods; determine the safety of food additives; and establish labeling standards and nutrition labeling requirements for food products. In addition, various states regulate our Food and Beverage businesses by enforcing federal and state standards of identity for selected food products, grading food products, inspecting plants and imposing their own labeling requirements on food products.

Sara Lee buys livestock, meat and poultry products and processed food ingredients from numerous sources based on factors such as price, quality and availability. Many of these products and processed food ingredients are subject to governmental agricultural programs. These programs have substantial effects on prices and supplies and are subject to U.S. Congressional and administrative review.

The food industry is highly regulated on a worldwide basis, and Sara Lee's food operations outside of the U.S. are subject to local and national regulations that are similar in nature to those applicable to our U.S. businesses. In some cases, Sara Lee's food products are subject to international regulatory provisions, such as those of the European Union relating to labeling, packaging, food content, pricing, marketing and advertising and related areas.

Sara Lee's operations, like those of similar businesses, also are subject to various federal, state, and local environmental laws and regulations including the Clean Water Act, Clean Air Act, Solid Waste Disposal Act (as amended by the Resource Conservation and Recovery Act), Comprehensive Environmental Response, Compensation and Liability Act, Emergency Planning Community Right-to-Know Act, Safe Drinking Water Act, Toxic Substances Control Act, and the Federal Insecticide, Fungicide, and Rodenticide Act, and related state and local laws and regulations (collectively "Environmental Laws"). These Environmental Laws require permits for the discharge of pollutants into the air or water; impose limitations on the discharge of pollutants into the air or water; require the installation of pollution control equipment; establish standards for the treatment, storage, transportation, and disposal of solid and hazardous wastes; impose obligations to investigate and remediate contamination in certain circumstances; govern underground storage tanks; require reporting of certain information to the public; and impose other requirements intended to protect public health and the environment.

While Sara Lee expects to make capital and other expenditures in compliance with Environmental Laws, it does not anticipate that such compliance will have a material adverse effect on its consolidated results of operations, financial position or cash flows. Sara Lee has an ongoing program to monitor compliance with Environmental Laws.

Employees

Sara Lee employs approximately 145,800 employees worldwide.

Item 2. Properties

Sara Lee's corporate headquarters are located in leased facilities in Chicago, Illinois. In addition, Sara Lee operates over 500 food processing and consumer product manufacturing plants, warehouses and distribution facilities that each contain more than 20,000 square feet in building area. Sara Lee or its subsidiaries own most of these facilities, and most of the leased facilities are subject to lease terms of less than ten years. Management believes that Sara Lee's facilities are maintained in good condition and are generally suitable and of sufficient capacity to support Sara Lee's current business operations, and that the loss of any single facility would not have a material adverse effect on the operations or financial results of Sara Lee or any of its lines of business.

The following table identifies the locations of Sara Lee facilities (owned or leased) containing more than 20,000 square feet in building area by line of business.

Item 3. Legal Proceedings

On May 13, 2003, John Gallo, a purported Sara Lee stockholder, filed a putative class action lawsuit in the United States District Court for the Northern District of Illinois, Eastern Division, on behalf of purchasers of Sara Lee common stock between and including August 1, 2002 and April 24, 2003. The complaint names Sara Lee, C. Steven McMillan, Chairman, President and Chief Executive Officer, and Lambertus M. de Kool, Executive Vice President and Chief Financial Officer, as defendants. The complaint contains allegations that the defendants violated Sections 10(b) and 20(a) of the United States Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder by allegedly misstating or omitting material adverse facts regarding Sara Lee's business, operations and management and the value of Sara Lee common stock, which allegedly enabled Sara Lee to complete securities offerings, enabled the individual defendants and other insiders to sell their personally held Sara Lee stock to the public, and caused the plaintiff to purchase Sara Lee common stock at artificially inflated prices. The plaintiff seeks, among other things, class action certification, compensatory damages in an unspecified amount, and an award of costs and expenses, including counsel fees. Sara Lee believes that the allegations stated in the complaint are without merit and intends to defend the action vigorously.

Seven other putative class action lawsuits were filed in the United States District Court for the Northern District of Illinois, Eastern Division, and named Sara Lee, Mr. C. Steven McMillan, and Mr. de Kool as defendants. The allegations in each of those complaints are substantially similar to the allegations of the lawsuit described in the immediately preceding paragraph. Sara Lee believes that the allegations stated in these seven complaints are similarly without merit and intends to defend each of these actions vigorously.

In addition, two purported Sara Lee stockholders filed individual and derivative actions in the Circuit Court of Cook County, Illinois against Sara Lee and its Board of Directors purporting to seek recovery for Sara Lee and its shareholders for purported breaches of fiduciary duty relating to the allegations asserted in the federal securities litigation described above. Each complaint seeks damages in an unspecified amount allegedly sustained by the purported breaches of fiduciary duties, attorneys' fees and expenses, punitive damages and interest. Sara Lee believes that the allegations in these complaints are without merit and intends to defend each of these actions vigorously.

In June 2000, The Earthgrains Company (Earthgrains) received an information request from the United States Environmental Protection Agency (EPA) relating to Earthgrains' compliance with the requirements of 40 C.F.R. Part 82 governing ozone-depleting substances. Earthgrains was acquired by Sara Lee in August 2001 and now constitutes part of Sara Lee Bakery Group. In July 2003, certain wholly-owned subsidiaries of Sara Lee Bakery Group entered into a consent decree with the EPA and the United States Department of Justice in relation to this matter whereby Sara Lee Bakery Group agreed to pay a penalty of \$5.25 million and to retrofit, retire or replace 264 pieces of refrigerant-using equipment by April 2006 in continuation of an effort that Earthgrains began in 1994. The Company's management believes that this settlement will not have a material adverse effect on Sara Lee's consolidated results of operations, financial position or cash flows.

Sara Lee is a party to various pending legal proceedings and claims. Some of the proceedings and claims against Sara Lee are for alleged environmental contamination, and arise under the federal Comprehensive Environmental Response, Compensation and Liability Act (CERCLA or Superfund). CERCLA imposes liability, regardless of fault, on certain classes of parties that are considered to be responsible for contamination at a site. Although any one party can be held responsible for all the costs of investigation and cleanup, those costs are usually allocated among parties based on a variety of factors, such as the amount of waste each contributed to the site. Although the outcome of the pending legal proceedings, including Superfund claims, cannot be determined with certainty, Sara Lee believes that the final outcomes should not have a material adverse effect on Sara Lee's consolidated results of operations, financial position or cash flows.

EQUITY COMPENSATION PLAN INFORMATION TABLE

The following table provides information as of June 28, 2003 regarding the number of shares of Sara Lee common stock that may be issued under Sara Lee's equity compensation plans.

Plan Category (1)	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted-average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	74,592,454(2)(3)	\$ 21.21(2)(3)	61,479,138(4)
Equity compensation plans not approved by security holders(5)	5,955,417(6)	\$ 20.29	8,585,167(7)
Total	80,547,871		70,064,305

- (1) The table does not include information regarding Sara Lee's 401(k) Plan. As of September 2, 2003, there were 29,882,395 shares of common stock held in this plan.
- (2) Includes options issued in connection with Sara Lee's acquisition of Chock full o' Nuts Corporation and The Earthgrains Company. Upon consummation of these acquisitions, all outstanding options to purchase common stock of the acquired companies were converted into options to purchase shares of Sara Lee common stock. As of June 28, 2003, there were outstanding options to acquire 679,616 shares of Sara Lee common stock, at a weighted average exercise price of \$8.59, that were granted in connection with the Earthgrains acquisition and options to acquire 4,493 shares of Sara Lee common stock, at a weighted average exercise price of \$18.06, that were granted in connection with the Chock full o' Nuts acquisition. Sara Lee cannot grant any additional awards under these assumed equity compensation plans.
- (3) Includes 3,572,930 restricted stock units that were outstanding on June 28, 2003 under Sara Lee's 1995 and 1998 Long-Term Incentive Stock Plans. Restricted stock unit awards do not have an exercise price because their value is dependent upon the achievement of certain performance goals or continued employment over a period of time, and may be settled only for shares of common stock on a one-for-one basis. Also includes 22,607 phantom stock units outstanding under Sara Lee's deferred compensation program for non-employee directors, which units may be settled only for shares of common stock on a one-for-one basis. Accordingly, the restricted stock units and the phantom stock units have been disregarded for purposes of computing the weighted-average exercise price.
- (4) Includes 2,549,878 shares of common stock available for issuance under the Employee Stock Purchase Plan, pursuant to which Sara Lee employees resident in the United States and Canada may purchase Sara Lee common stock through payroll deductions. There are four three-month offering periods during each calendar year. At the end of each offering period, shares of common stock are purchased for the accounts of participants at a per share price equal to 85% of the lesser of the fair market value of Sara Lee common stock on the first day of the offering period or the fair market value of Sara Lee common stock on the last day of the offering period. Participants may withdraw from the plan at any time prior to the purchase date.
- (5) The following plans have not been approved by Sara Lee stockholders: Employee Option & Share Plan For Employees in the Netherlands, Employee Stock Recognition Plan, Executive Deferred Compensation Plan, U.K. Savings Incentive Plan, International Employee Stock Purchase Plan, Share 2000 Global Stock Plan and Share 2003 Global Stock Plan. The material terms of each of these plans are described following the table.
- (6) Includes 5,059,084 shares to be issued upon exercise of outstanding options and rights granted under the Employee Option & Share Plan For Employees in the Netherlands, Share 2000 Global Stock Plan and Share 2003 Global Stock Plan. There are no options outstanding under the Employee Stock Recognition Plan,

U.K. Savings Incentive Plan or International Employee Stock Purchase Plan, because these plans provide for the direct issuance of shares of Sara Lee common stock, and the rights to acquire shares under these plans do not have an exercise price. Also includes 896,333 phantom stock units outstanding under the Executive Deferred Compensation Plan, which units may be settled only for shares of common stock on a one-for-one basis.

- (7) Consists of shares remaining available for future awards under the Employee Option & Share Plan For Employees in the Netherlands, the Employee Stock Recognition Plan, the U.K. Savings Incentive Plan and the International Employee Stock Purchase Plan.

Sara Lee has obtained stockholder approval of all of its significant equity compensation plans. Set forth below is a brief description of the material features of each Sara Lee equity compensation plan that was adopted without the approval of Sara Lee's stockholders and that was in effect as of June 28, 2003.

Employee Option & Share Plan For Employees in the Netherlands (the Netherlands Plan)

The terms of the Netherlands Plan were designed to conform to generally accepted criteria for broad-based employee stock plans in the Netherlands, including the legal, tax and accounting regulations of the Netherlands. Under the Plan, Sara Lee employees who have been employed in the Netherlands for at least 12 months may purchase immediately vested, five-year options to acquire shares of Sara Lee common stock. The purchase price of each option is equal to 7.5% of the aggregate exercise price of the option, which equals the value of the option for Netherlands tax purposes. A stock option represents the right to purchase a specified number of shares of common stock, during a specified period, upon payment of a cash exercise price per share. The exercise price of each option granted under the Netherlands Plan equals 100% of the fair market value of Sara Lee common stock on the date of grant. An option may be exercised at any time during the five years following the grant date; however, if a participant exercises an option within the first three years following the grant date, the participant must pay to Sara Lee an amount in cash equal to 95% of the gain on the transaction. The Plan specifies a minimum and a maximum number of options that a participant may purchase in any year. Each employee who purchases at least the minimum number of options in any year is granted, at no charge, an option to purchase 15 shares of Sara Lee common stock.

Under the Netherlands Plan, if a participant's employment with Sara Lee terminates by reason of the optionee's death or disability, as defined under the appropriate disability benefit plan, any options held by such participant will be exercisable until the earliest to occur of (i) 12 months after the participant's date of death or the effective date of such participant's termination of employment, and (ii) the expiration date of each option. If an optionee's employment with Sara Lee terminates by reason of the participant's retirement, as defined under the appropriate retirement benefit plan, any option held by the participant will be exercisable until the expiration date of each option. If a participant's employment with Sara Lee terminates for any reason other than the participant's death, disability or retirement, any options held by the participant will be exercisable until the earliest to occur of (i) six months after the effective date of such optionee's termination of employment, and (ii) the expiration date of each option. The Plan provides that if the fair market value of Sara Lee common stock exceeds the exercise price of an option plus the brokerage fee on the date the option otherwise would expire, the option automatically will be exercised and the underlying common stock sold on behalf of the participant.

The Netherlands Plan authorizes the issuance of up to 5,000,000 shares of common stock and, as of June 28, 2003, approximately 3,896,000 shares remained available for future awards. Sara Lee has retained Rabobank Group to act as the administrator of the Netherlands Plan.

Employee Stock Recognition Plan

Sara Lee's Employee Stock Recognition Plan provides for the award of shares of Sara Lee common stock to reward, motivate and retain employees, excluding executive officers of Sara Lee. Awards generally are in the

amount of 400 to 700 shares of Sara Lee common stock and are typically granted to employees in recognition of or as a reward for exceptional performance. The Plan is administered by the Compensation and Employee Benefits Committee of the Board (the Compensation Committee), which may delegate its responsibilities to Sara Lee's Vice President of Human Resources or other designee. Awards under the Plan are based upon grant applications submitted by personnel overseeing Sara Lee's numerous businesses. The Employee Stock Recognition Plan was approved by the Board of Directors in January 1995 and authorizes the issuance of up to 500,000 shares of common stock. As of June 28, 2003, approximately 129,000 shares remained available for future awards. In the event of a stock dividend or a stock split involving Sara Lee's common stock, the number of shares authorized for issuance under the Employee Stock Recognition Plan will be adjusted proportionately, and the Compensation Committee may make such other adjustments as it deems equitable.

Executive Deferred Compensation Plan

Sara Lee's Executive Deferred Compensation Plan permits officers of Sara Lee to defer salary, bonus and long-term incentive payments into either an interest bearing or stock equivalent account. Deferrals in the stock equivalent account are valued as if each deferral were invested in Sara Lee common stock as of the deferral date. Deferred balances are paid out only in shares of Sara Lee common stock, on a one-for-one basis, at future dates specified by the participant. Stock equivalent units do not have voting rights, but are credited with dividend equivalents. The dividend equivalents are paid when shares are issued to the participant. As of June 28, 2003, there were approximately 896,000 stock equivalents outstanding in the stock equivalent accounts under this Plan.

U.K. Savings Incentive Plan (the U.K. SIP)

The U.K. SIP, which was approved by the Board of Directors in June 2002, provides Sara Lee employees located in the United Kingdom the opportunity to purchase Sara Lee common stock on a pre-tax basis through payroll deductions. Sara Lee employees generally will be eligible to participate in the U.K. SIP if they are employees on the first day of the applicable offering period. Under the U.K. SIP, there are four three-month offering periods during each calendar year, beginning on the first Monday (or next succeeding business day, if Monday is a holiday) of each February, May, August and November.

For each offering period, participating employees purchase shares of Sara Lee common stock at a price equal to the lower of the fair market value of Sara Lee common stock on the first day of the offering period or the fair market value of Sara Lee common stock on the last day of the offering period. The fair market value is equal to the average of the highest and lowest quoted selling price per share of Sara Lee common stock, as reported by the New York Stock Exchange Composite Transaction Tape. For each six shares purchased by a participant, Sara Lee will make a matching contribution of one share to the participant's account. So long as shares are held in a U.K. SIP account, dividends paid on such shares will be used by the trustee to purchase additional shares of common stock for the participants' accounts. Participants may sell or transfer shares purchased in the U.K. SIP at any time; however, matching shares contributed by Sara Lee cannot be sold or transferred for three years.

If a participant ceases to be employed by Sara Lee, all of such participant's shares held in the U.K. SIP must be sold or transferred out of the plan and the participant may be subject to U.K. income taxes and National Insurance Contributions with respect to such shares. Participants who hold shares acquired through the U.K. SIP, including matching shares contributed by Sara Lee, for at least five years generally will not be subject to U.K. income taxes or National Insurance Contributions upon the sale or withdrawal of such shares from the plan. Participants may be subject to U.K. income taxes if they sell shares acquired upon reinvestment of dividends within three years after such shares were acquired.

The U.K. SIP authorizes the issuance of up to 1,500,000 shares of common stock and, as of the end of fiscal year 2003, approximately 1,488,000 shares remain to be issued under the plan. The shares purchased by participants under the U.K. SIP will come from authorized but unissued shares of Sara Lee common stock. The

U.K. SIP is administered by the Compensation Committee, which may delegate its responsibilities to Sara Lee's Vice President of Human Resources. The Compensation Committee has appointed Capita IRG Trustees Limited to act as trustee of the U.K. SIP and to maintain participant accounts, issue account statements and perform other administrative tasks. In the event of a change of control (as defined in the Plan) of Sara Lee, the trustee of the Plan may vote or exchange Sara Lee shares held in the Plan for the acquisition consideration, on the same terms as other Sara Lee stockholders. The U.K. SIP may be amended or terminated by the Compensation Committee at any time.

International Employee Stock Purchase Plan

The International Employee Stock Purchase Plan (IESPP) provides Sara Lee employees resident in selected countries, excluding the United States, Canada and Puerto Rico, an opportunity to purchase Sara Lee common stock through payroll deductions. The IESPP currently is available to Sara Lee employees resident in Australia, France, Germany, Italy and Spain. The general terms and conditions of the IESPP apply to all participants; however, specific plan rules have been adopted for each country to conform to local laws and regulations. Sara Lee employees generally are eligible to participate in the IESPP if they are employees on the first day of the applicable offering period, are residents of a country in which the IESPP is available and are not executive officers of Sara Lee.

Under the IESPP, there are four three-month offering periods during each calendar year, beginning on the first Monday (or the next succeeding business day, if Monday is a holiday) of each February, May, August and November. Participating employees may authorize payroll deductions during any offering period in any amount in excess of a specified minimum deduction; however, a participant may not elect payroll deductions that will exceed a specified aggregate amount in any calendar year. For each offering period, shares of common stock are purchased for the accounts of participating employees at a per share price equal to 85% of the lesser of the fair market value of Sara Lee common stock on the first day of the offering period or the fair market value of Sara Lee common stock on the last day of the offering period. The fair market value per share is equal to the average of the highest and lowest quoted selling price per share of Sara Lee common stock, as reported by the New York Stock Exchange Composite Transaction Tape. The shares purchased by participants through the IESPP are authorized but unissued shares of Sara Lee common stock. The IESPP plan rules applicable to participants in Australia require participants to hold shares acquired under the IESPP for a minimum of three years. Participants in countries other than Australia may sell or transfer shares acquired under the IESPP at any time. So long as shares are held in an IESPP account, dividends paid on such shares will be used to purchase additional shares of common stock under Sara Lee's Investment plan.

A participant voluntarily may terminate participation in the IESPP at any time, and a participant's participation in the IESPP will be involuntarily terminated upon such participant's termination of employment with Sara Lee for any reason or if the participant ceases to be eligible to participate. In the event a participant withdraws from the IESPP, no further payroll deductions will be taken and, at the election of participant or the participant's estate, amounts accumulated in the participant's IESPP account for the then current offering period either will be paid to the employee or the employee's estate, or applied to purchase common stock on the next purchase date. Unless a participant terminates participation in the IESPP, the participant may not withdraw any payroll deductions accumulated in his or her IESPP account, in whole or in part.

The IESPP authorizes the issuance of up to 4,000,000 shares of common stock and, as of June 28, 2003, approximately 3,072,000 shares remained available for issuance. In the event of a stock dividend, stock split or other similar transaction involving Sara Lee's common stock, the number of shares authorized for issuance under the IESPP will be adjusted proportionately and the Board of Directors may make other adjustments to the IESPP as it deems equitable. The IESPP is administered by the Compensation Committee, which may delegate its responsibilities to Sara Lee's Senior Vice President of Human Resources and other designated persons. In Australia, Sara Lee has appointed a third party trustee to maintain IESPP participant accounts, issue account statements and perform other administrative tasks.

Share 2000 Global Stock Plan

The Share 2000 Global Stock Plan (the *Share 2000 Plan*) is a broad-based plan that was adopted in 1997 to enable Sara Lee to make a special stock option grant to its non-officer employees world-wide. On August 28, 1997 (after giving effect to the December 1998 stock-split), Sara Lee granted an option to purchase no more than 200 shares of common stock each, at an exercise price of \$20.53 per share, under the Share 2000 Plan to approximately 60,000 Sara Lee employees. The exercise price of the options equals the fair market value of a share of Sara Lee common stock on the date of grant, based on the average high and low sales prices per share on the New York Stock Exchange Composite Transactions Tape. The options generally vested over three years after the date of grant, except that options granted to employees in the Netherlands vested immediately and options granted to employees in France vested in full on August 28, 2002. Options granted under the Share 2000 Plan expire on August 28, 2007; however, due to Dutch tax laws, employees resident in the Netherlands were granted options with only a five-year term. To provide Dutch employees with substantially equivalent economic value as other participants in the Share 2000 Plan and in response to changes in Dutch tax laws since the original grant date, the Compensation Committee approved the grant to Dutch option holders of additional options, with exercise terms of five years or less, upon the expiration of their original five-year options. These new options have an exercise price equal to or greater than the fair market value of Sara Lee common stock on the date of grant and contain other terms and conditions substantially similar to the options originally granted.

Under the Share 2000 Plan, if an optionee's employment with Sara Lee terminates by reason of the optionee's death or permanent and total disability, as defined under the appropriate disability benefit plan, any portion of the option that was vested on the date of death or the effective date of such optionee's termination of employment will be exercisable until the earliest to occur of (i) one year after the optionee's date of death or the effective date of such optionee's termination of employment, and (ii) August 28, 2007. If an optionee's employment with Sara Lee terminates by reason of the optionee's retirement, as defined under the appropriate retirement benefit plan, any portion of the option that was vested on the date of the optionee's retirement will be exercisable until the earliest to occur of (i) five years after the effective date of such optionee's termination of employment, and (ii) August 28, 2007. If an optionee's employment with Sara Lee terminates for any reason other than the optionee's death, disability or retirement, any portion of the option that was vested on the date of the effective date of the optionee's termination of employment will be exercisable until the earliest to occur of (i) six months after the effective date of such optionee's termination of employment, and (ii) August 28, 2007.

The Share 2000 Plan, which is administered by the Compensation Committee, authorized the issuance of up to 20,000,000 shares of Sara Lee common stock. The Compensation Committee may provide for appropriate adjustment of outstanding options, including the acceleration of vesting of outstanding options, either in contemplation of or in the event that Sara Lee undergoes a change in control (as defined in the Plan) or is not the surviving corporation in a merger or consolidation with another corporation. In the event of a stock dividend, stock split, merger, consolidation, reorganization, spin-off, liquidation or other similar change in capitalization or event involving Sara Lee's common stock, the Compensation Committee will make appropriate adjustments to the number of shares available under the Plan and to the exercise price and the number of shares subject to any outstanding option.

The Share 2000 Plan may be amended or terminated by the Board of Directors at any time, provided that such action does not adversely affect the rights or obligations of existing option holders. In April 2000, the Board of Directors approved the Share 2003 Global Stock Plan to enable Sara Lee to make another broad-based, special stock option grant. Upon approval of the Share 2003 Plan, all of the 13,187,980 shares of Sara Lee common stock that were available for future awards under the Share 2000 Plan were transferred to the Share 2003 Plan. Subsequently, in August 2002, the Board of Directors released all shares authorized for issuance under the Share 2000 Plan that were not subject to outstanding awards, and all shares subject to outstanding awards that expire, are cancelled or are forfeited prior to exercise. Accordingly, no additional options may be granted under the Share 2000 Plan and approximately 3,200,000 shares remain reserved for issuance upon exercise of outstanding awards.

Share 2003 Global Stock Plan

The Share 2003 Global Stock Plan (the "Share 2003 Plan") is a broad-based plan that was adopted in 2000 to enable Sara Lee to make a special stock option grant to managerial level Sara Lee employees resident in various countries, excluding the United States. On April 27, 2000, Sara Lee granted an option to purchase 100 shares of common stock, at an exercise price of \$15.47 per share, under the Share 2003 Plan to approximately 16,000 Sara Lee employees. The exercise price of the options equals the fair market value of a share of Sara Lee common stock on the date of grant, based on the average high and low sales prices per share on the New York Stock Exchange Composite Transactions Tape. Due to Italian law, the options granted to employees resident in Italy have an exercise price of \$16.98 per share. The options generally vest over three years after the date of grant, except that options granted to employees in France vest in full on April 28, 2005. Options granted under the Share 2003 Plan expire on April 27, 2010.

Under the Share 2003 Plan, if an optionee's employment with Sara Lee terminates by reason of the optionee's death or permanent and total disability, as defined under the appropriate disability benefit plan, the option will vest fully on the date of death or the effective date of such optionee's termination of employment and will be exercisable until the earliest to occur of (i) five years after the optionee's date of death or the effective date of such optionee's termination of employment, and (ii) April 27, 2010. If an optionee's employment with Sara Lee terminates by reason of the optionee's retirement, as defined under the appropriate retirement benefit plan, the option will continue to vest in accordance with the original three-year vesting schedule and will be exercisable until April 27, 2010. If an optionee's employment with Sara Lee terminates for any reason other than the optionee's death, disability or retirement, any portion of the option that was vested on the date of the effective date of the optionee's termination of employment will be exercisable until the earliest to occur of (i) six months after the effective date of such optionee's termination of employment, and (ii) April 27, 2010.

The Share 2003 Plan, which is administered by the Compensation Committee, authorized the issuance of up to 13,187,980 shares of common stock. In the event of a stock dividend, stock split, merger, consolidation, reorganization, spin-off, liquidation or other similar change in capitalization or event involving Sara Lee's common stock, the Compensation Committee will make appropriate adjustments to the number of shares available under the Plan and to the exercise price and the number of shares subject to any outstanding option. In the event that Sara Lee effects a change in control (as defined in the Plan) or is not the surviving corporation in a merger or consolidation with another corporation, or in contemplation of any such event, the Compensation Committee may provide for appropriate adjustment of all outstanding options, including accelerating the vesting of outstanding options.

The Share 2003 Plan may be amended or terminated by the Board of Directors at any time, provided that such action does not adversely affect the rights or obligations of existing option holders. As of June 28 2003, no additional options may be granted under the Share 2003 Plan and approximately 800,000 shares remain reserved for issuance upon exercise of outstanding awards.

**Report of Independent Auditors on
Financial Statement Schedule**

To the Board of Directors of Sara Lee Corporation:

Our audits of the consolidated financial statements referred to in our report dated July 30, 2003 appearing in the 2003 Annual Report to Shareholders of Sara Lee Corporation (which report and consolidated financial statements are incorporated by reference in this Annual Report on Form 10-K) also included an audit of the financial statement schedule information for the years ended June 28, 2003 and June 29, 2002 listed in Item 15(a)(2) of this Form 10-K. In our opinion, the financial statement schedule information for the years ended June 28, 2003 and June 29, 2002, present fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. The financial statement schedule information of Sara Lee Corporation for the year ended June 30, 2001, was audited by other independent auditors who have ceased operations. Those independent auditors expressed an unqualified opinion on that financial statement schedule in their report dated July 27, 2001.

Report of Predecessor Auditor (Arthur Andersen LLP) on Financial Statement Schedule

The following report is a copy of a report previously issued by Arthur Andersen LLP and has not been reissued by Arthur Andersen LLP. This report applies to supplemental Schedule II - Valuation and Qualifying Accounts for the three years ended June 30, 2001.

To the Board of Directors and Management of Sara Lee Corporation:

We have audited in accordance with auditing standards generally accepted in the United States, the consolidated financial statements of Sara Lee Corporation included in this Form 10-K, and have issued our report thereon dated July 27, 2001. Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplemental Schedule II is the responsibility of the Corporation's management and is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic consolidated financial statements. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic consolidated financial statements taken as a whole.
