Proxy Statement

For the Annual Meeting of Stockholders

To be held on November 20, 2003

This proxy statement is furnished to you in connection with the solicitation of proxies by our board of directors for the annual meeting of stockholders to be held on Thursday, November 20, 2003 at 3:00 p.m., local time, at the corporate offices of Bottomline Technologies (de), Inc., at 325 Corporate Drive, Portsmouth, New Hampshire 03801, including any postponements or adjournments thereof.

The notice of the annual meeting, this proxy statement, our annual report to stockholders for the fiscal year ended June 30, 2003, which we sometimes refer to as fiscal 2003, and the enclosed proxy are first being mailed to stockholders on or about October 22, 2003.

Voting of Proxies

All shares held by stockholders who are entitled to vote and who are represented at the annual meeting by properly executed proxies received prior to or at the annual meeting will be voted in accordance with the instructions indicated on the proxy card, unless it is revoked prior to the vote. If a proxy card does not specify how the proxy is to be voted with respect to a particular matter, the shares will be voted FOR approval of the matter.

A proxy may be revoked before it is used to cast a vote. To revoke a proxy, a stockholder must:

file with the corporate secretary of the company, at or before the taking of the vote, a written notice of revocation bearing a later date than the proxy;

duly execute a later dated proxy relating to the same shares and deliver it to the corporate secretary of the company before the taking of the vote; or

attend the annual meeting and vote in person. Attendance at the annual meeting, if a stockholder does not vote, will not be sufficient to revoke a proxy.

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form DEF 14A

Any written notice of revocation or subsequent proxy should be sent to us at the following address: Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary.

If a stockholder indicates on a proxy that the shares should be voted FOR approval of the matters presented at the annual meeting, the proxies will have discretion to vote the shares on any other matters which are properly presented at the annual meeting for consideration, including a motion to adjourn the annual meeting to another time or place for the purpose of soliciting additional proxies, unless a stockholder withholds authorization for the proxies to use their discretion.

Stockholders Entitled to Vote

Our board of directors has fixed October 10, 2003 as the record date for the determination of stockholders entitled to vote at the annual meeting. Only holders of record of our common stock at the close of business on the record date are entitled to notice of and to vote at the annual meeting. On October 10, 2003, there were 16,588,555 shares of our common stock outstanding and entitled to vote. Each share of common stock will have one vote for each matter to be voted upon at the annual meeting.

Votes Required

The holders of at least a majority of the shares of our common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for purposes of determining whether a quorum is present at the annual meeting.

If a broker does not have discretionary voting authority to vote shares for which it is the holder of record with respect to a particular matter at the annual meeting, the shares cannot be voted by the broker, although they will be counted in determining whether a quorum is present. Accordingly, these broker non-votes and abstentions would have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast on that matter (such as the election of the Class II directors and the ratification of the selection of our independent auditors).

The affirmative vote of the holders of shares representing at least a plurality of the votes cast by the holders of our common stock entitled to vote at the annual meeting is required for the election of the Class II directors. The affirmative vote of the holders of shares representing at least a majority of the votes cast by the holders of our common stock entitled to vote at the annual meeting is required for the ratification of the selection of our independent auditors for the current fiscal year ending June 30, 2004.

PROPOSAL 1 ELECTION OF CLASS II DIRECTORS

We have three classes of directors, currently consisting of three Class I directors, three Class II directors and three Class III directors. At each annual meeting, directors are elected for a full term of three years to succeed those whose terms are expiring. Zilinski are currently serving as Class II directors. The Class II directors elected this year will serve as members of our board of directors until the 2006 annual meeting of stockholders, or until their respective successors are elected and qualified.

Mr. Grabe, Mr. Mullen and Mr. Zilinski have indicated their willingness to serve on our board of directors, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our board of directors. Our board of directors has no reason to believe that Mr. Grabe, Mr. Mullen or Mr. Zilinski would be unable to serve if elected.

Director Compensation

Our non-employee directors receive stock options under our 1998 Director Stock Option Plan. The Director Stock Option Plan currently provides that each non-employee director will be granted an option to purchase 15,000 shares of our common stock on the date of his or her initial election to our board of directors, which will vest ratably over four years on each anniversary of the date of grant. In addition, each non-employee director, other than a director initially elected to the board of directors at the annual meeting of stockholders or at any time after the prior year's annual meeting, receives an option to purchase 7,500 shares of our common stock on the date of each annual meeting of stockholders. Such options vest annually upon the earlier of one year from the date of grant or the date immediately preceding the next annual meeting of stockholders, so long as the director remains a director of Bottomline. The exercise price per share of all options granted under the plan is the fair market value of a share of our common stock on the date of grant. In fiscal 2003, Mr. Barter received an option to purchase 15,000 shares of our common stock upon his initial election to our board of directors and Mr. Barry, Ms. Gregg, Mr. Loomis and Mr. Zilinski each received an option to purchase 7,500 shares of our common stock.

All of our directors are entitled to reimbursement for expenses incurred to attend board of directors and committee meetings. In addition, beginning in March 2003, each non-employee director receives a fee of \$10,000 for each calendar year that the non-employee director serves on the board of directors, payable quarterly, and a fee of \$1,250 for each meeting of the board of directors that the non-employee director attends. Each non-employee director who serves as a member of the audit committee, other than the chairperson of such committee, receives an annual fee of \$2,000. Each non-employee director who serves as a member of the compensation committee and each non-employee director who serves as a member of the nominations and corporate governance committee, other than the respective chairpersons of such committees, receives an annual fee of \$1,000. A non-employee director who serves as the chairman of the audit committee receives an annual fee of \$5,000. Also see Employment and Other Agreements below with respect to the accelerated vesting of options in connection with certain specified corporate events, such as a merger or acquisition, involving Bottomline.
- (2) Options were granted at the fair market value determined as of the date of the grant, based on the closing price of a share of common stock of the company as reported on the Nasdaq National Market.
- (3) Amounts that may be realized upon exercise of the options immediately before the expiration of their respective terms, assuming the specified compound rates of appreciation (5% and 10%) on the market value of our common stock on the date of the option grants over the term of the respective options. These numbers are calculated based on rules promulgated by the SEC and do not reflect our estimate of future stock price growth, if any. Actual gains, if any, on stock option exercises and common stock holdings are dependent, in part, on the timing of exercise and the future performance of our common stock.

Report of the Compensation Committee on Executive Compensation

This report is submitted by the compensation committee of our board of directors, which is responsible for making recommendations concerning salary and incentive compensation for our employees, and administering and granting stock options under our stock option plans to our executive officers. In addition, the compensation committee consults with our management regarding pension and other benefit plans and our compensation policies and practices.

General Compensation Policy

The compensation committee seeks to achieve the following three broad goals in connection with our executive compensation program:

enable Bottomline to attract and retain qualified executives;

create a performance-oriented environment by rewarding executives for the achievement of Bottomline's business objectives and/or in an individual executive's particular area of responsibility; and

provide executives with equity incentives in Bottomline so as to link a portion of an executive's compensation with the performance of Bottomline's common stock.

Components of Compensation

To achieve these goals, the executive compensation program consists principally of the following three elements:

base salary;

cash bonuses; and

stock-based equity incentives in the form of participation in Bottomline's stock option plans.

General Factors for Establishing Compensation

The compensation committee reviews the executive compensation of industry peers with which Bottomline competes for employees to compare the competitiveness of Bottomline's executive compensation packages. In addition to reviewing industry compensation levels, the compensation committee also considers a number of other factors in establishing the components of each executive officer's compensation package, as summarized below.

Base Salary

Salaries for executive officers, including the chief executive officer, are generally determined on an individual basis by evaluating the following:

the executive's scope of responsibility, performance, prior employment experience and salary history;

Bottomline's financial performance, including increases in its revenues and profits, if any; and

internal consistency within Bottomline's salary structure.

Incentive Compensation

The compensation committee considers payment of quarterly cash bonuses as part of the compensation packages of Bottomline's executive officers. Certain specified levels of company financial and operational performance must be achieved before any such bonuses can be earned by executive officers. In general, the compensation committee has tied potential bonus compensation to performance factors, including the executive officer's efforts and contributions towards obtaining Bottomline's objectives and overall growth. In determining the aggregate amounts of the cash bonuses to be paid to executive officers in fiscal 2003, including the current chief executive officer, the compensation committee specifically considered the following achievements and the role played by the executive officer in accomplishing such achievements:

Bottomline's improved financial performance during fiscal 2003, based on, among other things, the following metrics: revenues, orders, operating expenses and cash flow.

Long-term Incentive Compensation

Stock options are an element of the compensation packages of Bottomline's executive officers, including the chief executive officer, because we believe they provide an incentive to executives to maximize stockholder value and because they reward the executives only to the extent that Bottomline stockholders also benefit. The compensation committee believes that it is to Bottomline's advantage to increase executive officers' interest in Bottomline's future performance, as these employees share the primary responsibility for Bottomline's management and growth. The value of the stock options is derived solely from appreciation of Bottomline's common stock, if any. In order to promote a longer term management focus and to provide incentive for continued employment with Bottomline, stock option grants generally become exercisable over a three or four year period, with the exercise price being equal to 100% of the fair market value of Bottomline's common stock on the date of grant.

The size of the option grant made to each executive officer is based upon the following factors:

- an evaluation of the executive's past performance;
- the total compensation being paid to the executive;
- the anticipated value of the executive's contribution to Bottomline's future performance;
- the executive's scope of responsibility;
- the executive's current position with Bottomline;
- the number of options awarded to the executive officer during previous fiscal years; and
- comparability with option grants made to other Bottomline executives.

In fiscal 2003, stock options were granted under Bottomline's 2000 Stock Incentive Plan to Mr. Mullen, Mr. Eberle, Mr. Fortune and Mr. Bishop. See "Option Grants During Fiscal 2003."

Chief Executive Officer's Compensation

Mr. McGurl served as our chief executive officer until August 2002. In August 2002, Mr. Mullen, then our president, assumed the additional position of chief executive officer of Bottomline. In December 1998, Bottomline entered into employment agreements with each of Mr. McGurl and Mr. Mullen, which were subsequently amended in June 2001. Mr. Mullen's employment agreement was subsequently amended and restated in November 2002. In August 2003, Bottomline entered into a consulting agreement with Mr. McGurl, which is more fully described below. Pursuant to their employment agreements, which are more fully described below, Mr. McGurl received a base salary of \$270,000 for fiscal 2003 and Mr. Mullen received a base salary of \$265,562 for fiscal 2003. The compensation of our chief executive officer is based upon the same elements and measures of performance as is the compensation of Bottomline's other executive officers. In its determination to approve a cash bonus to Mr. Mullen of \$73,125 in fiscal 2003, the compensation committee specifically considered the following:

Bottomline's improved financial performance during fiscal 2003, based on, among other things, the following metrics: revenues, orders, operating expenses and cash flow.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation over \$1,000,000 paid to its chief executive officer and its four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. In particular, income recognized upon the exercise of a stock option is not subject to the deduction limitation, if, among other things, the option was granted under a plan approved by the public stockholders and such plan provides a limit on the number of shares with respect to which awards may be granted during a specified period to any individual. Based on the compensation awarded to our chief executive officers and our four other most highly compensated executive officers, it does not appear that the Section 162(m) limitation will have a significant impact on Bottomline in the near term. However, the committee reserves the right to use its judgment to authorize compensation payments that may be subject to the Section 162(m) limitation when the committee believes that such payments are appropriate and in the best interests of Bottomline and its stockholders, after taking into account changing business conditions or the officer's performance. The compensation committee generally seeks to structure the long-term incentive compensation granted to its executive officers under its stock option plans in a manner that is intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to stock options granted under its plan will be treated as qualified performance-based compensation under Section 162(m).

Employment and Other Agreements

Employment Agreements

We entered into an employment agreement with each of Mr. Mullen and Mr. McGurl as of December 3, 1998 and with Mr. Eberle as of September 30, 1998. Each of these agreements was subsequently amended as of June 1, 2001 and the agreements with each of Mr. Mullen and Mr. Eberle were subsequently amended and restated as of November 21, 2002. The provisions of each agreement are substantially the same. We entered into a consulting agreement with Mr. McGurl as of August 28, 2003, which superseded the employment agreement except as described below.

The employment agreement with Mr. McGurl provides that the term is until the later of (a) December 3, 2003 or (b) 24 months after we experience a change in control. We have summarized Mr. McGurl's employment agreement below as it was in effect in fiscal 2003. In addition, we have summarized below the consulting agreement which is currently in effect. The employment agreements with each of Mr. Mullen and Mr. Eberle provide that the term is until the later of (a) November 21, 2005 or (b) three years after we experience a change in control; provided however, that each employment agreement automatically renews for successive three-year periods unless such agreement is not renewed by either us or the employee pursuant to written notice, or is sooner terminated in accordance with its terms.

Under each employment agreement, a change in control of Bottomline would occur if:

any person becomes the beneficial owner of more than 50% of the voting power of our outstanding securities;

we are acquired through a merger;

we are liquidated; or

all or substantially all of our assets are sold.

If the employee's employment is terminated either by the employee as a result of an involuntary termination or by us without cause prior to a potential change in control (each as described below), then (a) all outstanding options held by the employee would become immediately exercisable in full and (b) the employee would be entitled to receive a lump sum payment and continuation of benefits for a period of 24 months in the case of Mr. Mullen and Mr. McGurl, and for a period of 12 months in the case of Mr. Eberle. In the case of Mr. Mullen and Mr. McGurl, the lump sum payment would equal two times the sum of his respective then annual salary plus the maximum amount of bonus he was eligible to earn in the then current year. In the case of Mr. Eberle, the lump sum payment would equal the sum of his then annual salary plus the maximum amount of bonus he was eligible to earn in the then current year.

An involuntary termination would occur if an employee's duties were changed in a manner such that it results in a significant diminution in his position, duties or responsibilities, his benefits were reduced or he were relocated.

Cause means, prior to a change in control of Bottomline, the discharge of the employee resulting from:

a felony conviction;

willful and persistent failure to attend to material duties or obligations;

the breach of confidentiality, non-competition or similar material obligations by the employee; or

an act or omission which would constitute a crime involving Bottomline's property.

The second and third items specified above would not constitute cause after a change in control of Bottomline.

If the employee's employment is terminated upon or after a potential change in control either by the employee as a result of an involuntary termination or by us without cause, then (a) all outstanding options held by the employee would become immediately exercisable in full and (b) the employee would be entitled to receive a lump sum payment and continuation of benefits for a period of 24 months. In the case of Mr. Mullen and Mr. McGurl, the lump sum payment would equal three times the sum of his respective then annual salary plus the maximum amount of bonus he was eligible to earn in the then current year. In the case of Mr. Eberle, the lump sum payment would equal two times the sum of his then annual salary plus the maximum amount of bonus he was eligible to earn in the then current year.

A potential change in control of Bottomline would occur if:

we enter into an agreement that would cause a change in control;

any person publicly announces an intention to take any action which, if consummated, would constitute a change in control; or

our board of directors adopts a resolution to the effect that, for purposes of the employment agreement, a potential change in control has occurred.

Each of the employment agreements also provides that, in the event of a change in control, we would pay any excise tax which the employee would be liable for under Section 4999 of the Internal Revenue Code as a result of having received the severance benefits, as well as the amount necessary to pay all additional taxes imposed on the respective employee as a result of our payment of the excise tax. Pursuant to their respective employment agreements, in fiscal 2003, Mr. McGurl was paid an annual base salary of \$270,000, Mr. Mullen was paid an annual base salary of \$265,562 and Mr. Eberle was paid an annual base salary of \$247,500. Based upon the recommendations of the compensation committee, and as more fully described above, in fiscal 2003, Mr. Mullen received a bonus of \$73,125 and Mr. Eberle received a bonus of \$65,625.

In addition, following termination of their respective employment other than for cause, options then held by each of Mr. McGurl, Mr. Mullen and Mr. Eberle would automatically vest in full and would be exercisable for a period of two years (or the remainder of the option term if less than two years) after the date of termination. However, this automatic vesting of options would not apply to any options granted prior to June 1, 2001 with an exercise price of less than \$6.76 per share.

Consulting Agreement

We entered into a consulting agreement with Mr. McGurl as of August 28, 2003. The consulting agreement supercedes and replaces in its entirety, other than with respect to severance and to the acceleration of options in certain specified circumstances, the employment agreement, as amended, summarized above. Mr. McGurl served as chief executive officer until August 2002 and currently serves as chairman of the board of directors.

The term of the consulting agreement is until August 28, 2004. Bottomline may terminate the engagement upon 30 days prior written notice to Mr. McGurl or effective immediately upon written notice as a result of cause (as defined below). Pursuant to the consulting agreement, Mr. McGurl will receive an aggregate consulting fee of \$135,000 over the term of the consulting agreement and is entitled to the reimbursement of reasonable business expenses. In addition, Mr. McGurl retains any and all rights under his employment agreement with respect to severance and

the acceleration of any unvested options in the event of a change in control (as defined above). As of August 28, 2003, Mr. McGurl held 92,499 unvested options.

For purposes of the consulting agreement, *cause* is defined as (a) a felony conviction or (b) the breach of any material obligation under any agreement with Bottomline that imposes confidentiality, non-competition or similar obligations on Mr. McGurl.

Service Agreement

We are party to a service agreement with Mr. Fortune dated as of March 11, 1999, which we assumed in connection with our acquisition of Checkpoint Holdings, Ltd., which is now our wholly owned subsidiary, Bottomline Technologies Limited (Bottomline Europe). The service agreement remains in effect, absent incapacity or our termination for cause, until terminated by at least 12 months' written notice by us or Mr. Fortune. We also have the right to terminate the agreement on less than 12 months' written notice, but we are required to pay Mr. Fortune his salary and other contractual benefits under the service agreement for the 12-month notice period. If the agreement is terminated for incapacity or cause, we are not required to pay Mr. Fortune any compensation other than accrued compensation.

For purposes of Mr. Fortune's service agreement, *cause* means the discharge of the employee resulting from, among other things:

a felony conviction;

the failure to attend to material duties or obligations; or

the deliberate discrimination or harassment on grounds on race, sex or disability.

Pursuant to the service agreement, Mr. Fortune was paid an annual base salary of \$214,650 in fiscal 2003. In accordance with a bonus plan setting forth certain financial and operational goals, Mr. Fortune received a bonus of \$65,446 in fiscal 2003. Mr. Fortune also received a car allowance of \$19,080 in fiscal 2003 pursuant to the service agreement.

Pursuant to the service agreement, Mr. Fortune also agreed not to compete with the company for a period of 12 months after the termination of his employment within the United Kingdom in any business which is competitive with the company's business and with which Mr. Fortune had been involved with during the 12 months immediately preceding the termination of the agreement. In addition, Mr. Fortune also agreed that during this 12-month period, he would not solicit the company's customers or other employees.

Retention Agreement

We entered into a retention agreement with Mr. Bishop as of September 12, 2002. The retention agreement provides that the term is until the earlier of (a) May 31, 2004 or (b) 12 months after we experience a change in control if Mr. Bishop is employed by us at the time of such change in control.

If Mr. Bishop's employment is terminated within 12 months after a change in control by us without cause or by Mr. Bishop for good reason (each as described below), then (a) all outstanding options held by Mr. Bishop would become immediately exercisable in full and (b) Mr. Bishop would be entitled to a lump sum payment and the continuation of benefits for a period of 12 months. The lump sum payment would equal the sum of (a) his then base salary for the prior six months, (b) 50% of the maximum amount of bonus he was eligible to earn in the most recently

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form DEF 14A

completed fiscal year and (c) an amount equal to a portion of the bonus he was paid or would be payable to him for the most recently completed fiscal year, based on the number of days Mr. Bishop was employed in the year of his termination.

The definition of "change in control" in Mr. Bishop's retention agreement is substantially similar to the definition in the employment agreements with each of Mr. Mullen, Mr. McGurl and Mr. Eberle described above.

Cause, for purposes of Mr. Bishop's retention agreement, means the discharge of the employee resulting from a felony conviction or an act or omission which would constitute a crime involving Bottomline's property.

Good reason means a significant change in Mr. Bishop's duties in a manner such that his duties following the change are substantially inconsistent with his duties prior to such change, his benefits were reduced or he were relocated.

In addition, following termination of Mr. Bishop's employment other than for cause, options then held by Mr. Bishop would automatically vest in full and would be exercisable for a period of two years (or the remainder of the option term if less than two years) after the date of termination.

Compensation Committee Interlocks and Insider Participation

The current members of the compensation committee of our board of directors are Mr. Barry, Mr. Grabe and Mr. Zilinski. Audit Committee of the Board of Directors

The audit committee of our board of directors is currently composed of four members and acts under a written charter first adopted and approved by our board of directors on June 14, 2000 and subsequently amended and restated on February 7, 2003. Each of the members of the audit committee are independent directors, as defined by its charter and the rules of The Nasdaq Stock Market. We filed the original charter as an appendix to our proxy statement for the fiscal year ended June 30, 2001 and have filed the amended and restated charter as an appendix to this proxy statement.

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process.

including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K with management, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61. In addition, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent auditors the auditors' independence from management and the Company, including the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held ten meetings, including by telephone conference, during fiscal year 2003.

In reliance on the reviews and discussions referred to above, the Committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2003 for filing with the Securities and Exchange Commission. The Committee and the board of directors have also recommended, subject to stockholder ratification, the selection of the Company's independent auditors for the fiscal year ending June 30, 2004.

PROPOSAL 2 RATIFICATION OF THE SELECTION OF INDEPENDENT AUDITORS

Our board of directors has selected Ernst & Young LLP as our auditors for the current fiscal year, subject to ratification by our stockholders at the annual meeting. If our stockholders do not ratify the selection of Ernst & Young LLP, our board of directors will reconsider the matter. A representative of Ernst & Young LLP, which served as our auditors for fiscal 2003, is expected to be present at the annual meeting to respond to appropriate questions and to make a statement if he or she so desires.

STOCKHOLDER PROPOSALS FOR 2004 ANNUAL MEETING

Any proposal that a stockholder intends to present at the 2004 annual meeting of stockholders must be submitted to our principal executive offices at 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary, no later than June 23, 2004 in order to be considered for inclusion in the proxy statement and proxy card relating to the 2004 annual meeting of stockholders. However, if the date of our 2004 annual meeting is prior to October 21, 2004 or after December 20, 2004, the deadline is 10 business days before we begin to print and mail our proxy materials for the 2004 annual meeting.

If a stockholder wishes to present a proposal at the 2004 annual meeting but has not complied with the requirements for inclusion of the proposal in our proxy materials pursuant to Rule 14a-8 under the Exchange Act, the stockholder must also give notice of the proposal to our corporate secretary at our principal executive offices. Our amended and restated by-laws require that we be given advance written notice of stockholder nominations regarding election to our board of directors and certain other matters which stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy discussed above). We must receive this notice at least 70 days, but not more than 90 days, prior to the date of the 2004 annual meeting, which is expected to be November 18, 2004. Our by-laws also specify requirements relating to the content of the notice which stockholders must provide, including a stockholder nomination for director, to be properly presented at a stockholder meeting.

HOUSEHOLDING OF PROXY STATEMENT

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. you may contact us at the above address and phone number.

OTHER MATTERS

Our board of directors knows of no other business that will be presented for consideration at the annual meeting other than that described above. However, if any other business should come before the annual meeting, it is the intention of the persons named in the enclosed proxy to vote, or otherwise act, in accordance with their best judgment on such matters.

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, telegraph, facsimile and personal interviews. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy material to those persons for whom they hold shares and request instructions for voting the proxies. We will reimburse brokerage houses and other persons for their reasonable expenses in connection with this distribution.

We urge you to attend the annual meeting in person. However, in order to make sure that you are represented at the annual meeting, we also urge you to complete, sign and return the enclosed proxy card as promptly as possible in the enclosed postage-prepaid envelope. Stockholders who attend the meeting may vote their stock personally even though they have sent in their proxies.

AUDIT COMMITTEE CHARTER

A. Purpose

The purpose of the Audit Committee is to assist the Board of Directors' oversight of:

the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the independent auditor's qualifications and independence; and

the performance and compensation of the Company's independent auditors.

The Audit Committee shall serve as the focal point for communication between the Board, the independent auditor and management.

B. Structure and Membership

1. *Number.* The Audit Committee shall consist of at least three members of the Board of Directors.
2. *Independence.* Each member of the Audit Committee shall be independent as defined by the applicable rules of The Nasdaq Stock Market and Section 301 of the Sarbanes-Oxley Act of 2002 (and the applicable rules there under), except as otherwise permitted by such rules and Act. The Audit Committee shall monitor its members to confirm that they all remain independent as required by The Nasdaq Stock Market rules and shall consider whether any members of the Audit Committee have relationships with the Company that may create the appearance of a lack of independence, even though such relationships do not technically disqualify the person from being independent.
3. *Financial Literacy.* Each member of the Audit Committee shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, cash flow statement and notes thereto, at the time of his or her appointment to the Audit Committee.
4. *Chair.* Unless the Board of Directors elects a Chair of the Audit Committee, the Audit Committee shall elect a Chair by majority vote.
5. *Compensation.* The compensation of Audit Committee members shall be as determined by the Board of Directors. No member of the Audit Committee may receive any compensation from the Company other than director's fees.

6. *Selection and Removal.* Members of the Audit Committee shall be appointed by the Nominations and Corporate Governance Committee. The Nominations and Corporate Governance Committee may remove members of the Audit Committee from such committee, with or without cause.

C. Authority and Responsibilities

General

The Audit Committee shall discharge its responsibilities, and shall assess the information provided by the Company's management and the independent auditor, in accordance with its business judgment. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements. The authority and responsibilities set forth in this Charter do not reflect or create any duty or obligation of the Audit Committee to plan or conduct any audit, to determine or

certify that the Company's financial statements are complete, accurate, fairly presented, or in accordance with generally accepted accounting principles or applicable law, or to guarantee the independent auditor's report.

Oversight of Independent Auditors

1. *Selection.* The Audit Committee shall be solely and directly responsible for appointing, evaluating and, when necessary, terminating the independent auditor. The Audit Committee may, in its discretion, take into account the opinions of management in making such decisions. The Audit Committee may, in its discretion, seek stockholder ratification of the independent auditor appointment.
2. *Independence.* The Audit Committee shall take, or recommend that the full Board of Directors take, appropriate action to oversee the independence of the independent auditor. In connection with this responsibility, the Audit Committee shall obtain and review a formal written statement from the independent auditor describing all relationships between the independent auditor and the Company, including the disclosures required by Independence Standards Board Standard No. 1. The Audit Committee shall actively engage in dialogue with the independent auditor concerning any disclosed relationships or services that might impact the objectivity and independence of the auditor. The Audit Committee shall confirm the regular rotation of the lead audit partner and reviewing partner, and confirm that the CEO, CFO, VP-Finance and Controller (or other persons serving in similar capacities) were not employed by the independent auditor, or if employed, did not participate in any capacity in the audit of the Company, in each case, during the one year period preceding the date of initiation of the audit.
3. *Compensation.* The Audit Committee shall have sole and direct responsibility for setting the compensation of the independent auditor. The Audit Committee is empowered, without further action by the Board of Directors, to cause the Company to pay the compensation of the independent auditor established by the Audit Committee.
4. *Preapproval of Services.* The Audit Committee shall preapprove all audit services, and non-audit services (other than de minimus non-audit services as defined by the Sarbanes-Oxley Act of 2002 (and the applicable rules thereunder)) to be provided to the Company by the independent auditor. The Audit Committee shall cause the Company to disclose in its periodic SEC reports the approval by the Audit Committee of any non-audit services performed by the independent auditor.
5. *Oversight.* The independent auditor shall report directly to the Audit Committee and the Audit Committee shall have sole and direct responsibility for overseeing the independent auditor, including resolution of disagreements between Company management and the independent auditor regarding financial accounting and reporting. In connection with its oversight role, the Audit Committee shall, from time to time as appropriate, communicate with the independent auditor pursuant to paragraph (k) of Section 10A of the Securities Exchange Act of 1934 regarding:

critical accounting policies and practices;

alternative treatments of financial information within generally accepted accounting principles that have been discussed with Company management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditor; and

other material written communications between the independent auditor and Company management.

The Audit Committee, in connection with its oversight role, shall also review with the independent auditors, from time to time as appropriate:
