Item 5. Other

On January 22, 2004, we issued the press release attached hereto as exhibit 99.1. The press release contains information concerning (i) our offering of \$1 billion of senior notes and \$375 million of senior subordinated notes and (ii) our plan to replace our existing senior secured credit facility with a new senior secured credit facility.

As described in the press release, we expect to use the proceeds from the note offerings, together with funds expected to be available under the new credit facility, to: (i) redeem \$300 million principal amount of outstanding 9 1/4% Senior Subordinated Notes due 2009, (ii) repay \$639 million of term loans and approximately \$52 million of other borrowings outstanding under our existing credit facility, (iii) repurchase up to \$860 million principal amount of outstanding 10 3/4% Senior Notes due 2008 pursuant to our previously announced tender offer for such notes, (iv) redeem \$250 million principal amount of outstanding 9% Senior Subordinated Notes due 2009 and (v) pay related redemption and repurchase premiums and transaction costs. In connection with the foregoing, we estimate that we will incur aggregate charges in the range of \$176 million to \$185 million attributable to (a) the write-off of previously capitalized costs relating to the debt being refinanced and (b) the redemption or repurchase premium for the notes to be redeemed or repurchased.
