**PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 11, 2004**

INTRODUCTION

General

This Proxy Statement and the accompanying 2003 Annual Report to Shareholders are being furnished to the shareholders of Northwest Pipe Company, an Oregon corporation (the Company), as part of the solicitation of proxies by the Company's Board of Directors (the Board of Directors) for use at the Company's annual meeting of shareholders (the Annual Meeting) to be held on Tuesday, May 11, 2004 at the Heathman Hotel, 1001 SW Broadway, Portland, OR 97205, at 9:00 a.m., local time. At the Annual Meeting, shareholders will be asked to elect one member to the Board of Directors and to transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof. This Proxy Statement, together with the enclosed proxy card and the 2003 Annual Report to Shareholders, are first being mailed to shareholders of the Company on or about April 14, 2004.

Solicitation, Voting and Revocability of Proxies

The Board of Directors has fixed the close of business on March 12, 2004 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Common Stock at the close of business on such date will be entitled to vote at the Annual Meeting, with each such share entitling its owner to one vote on all matters properly presented at the Annual Meeting. On the record date, there were approximately 1,600 beneficial owners of the 6,584,100 shares of Common Stock then outstanding. The presence in person or by proxy of a majority of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If the enclosed form of proxy is properly executed and returned in time to be voted at the Annual Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. ***Executed but unmarked proxies will be voted FOR the nominee for election to the Board of Directors.*** The Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy upon such matters as determined by a majority of the Board of Directors.

Edgar Filing: NORTHWEST PIPE CO - Form DEF 14A

Shareholders who execute proxies retain the right to revoke them at any time prior to the exercise of the powers conferred thereby by filing a written notice of revocation with, or by delivering a duly executed proxy bearing a later date to, Corporate Secretary, Northwest Pipe Company, 200 Market Street, Suite 1800, Portland, Oregon 97201-5730, or by attending the Annual Meeting and voting in person. All valid, unrevoked proxies will be voted at the Annual Meeting.

ELECTION OF DIRECTORS

At the Annual Meeting, one director will be elected for a three-year term. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election of the nominee named below. The Board of Directors believes that the nominee will stand for election and will serve if elected as director. However, if the person nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend.

The Company's Articles of Incorporation and Bylaws provide that the Board of Directors shall be composed of not less than six (6) and not more than nine (9) directors. The Board of Directors has fixed the number of directors at six (6). The Company's directors are divided into three classes. The term of office of only one class of directors expires each year, and their successors are elected for terms of three years, and until their successors are elected and qualified. There is no cumulative voting for election of directors.

Board of Directors and Board Committees

The Board of Directors met five (5) times during 2003. Each director attended more than 75 percent of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board on which he served. Members of the Board of Directors are encouraged to attend the Company's annual meeting of shareholders each year. All of the members of the Board of Directors attended the Company's 2003 Annual Meeting of Shareholders. The Board of Directors has an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating Committee.

Executive Committee. The Executive Committee, comprised of Messrs. Dunham, Kingsley, and Tagmyer, exercises the authority of the Board of Directors between meetings of the Board, subject to certain limitations. The Executive Committee did not meet in 2003.

Audit Committee. The Audit Committee of the Board of Directors is responsible for monitoring the integrity of the Company's consolidated financial statements, the Company's systems of internal controls and the independence and performance of the Company's independent auditors. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee is comprised of Messrs. Roman, Kingsley and Thornton. Edgar Filing: NORTHWEST PIPE CO - Form DEF 14A

Nominating Committee; Nominations by Shareholders. The Nominating Committee selects nominees for election as directors. The Nominating Committee is comprised of Messrs. Kingsley, Roman, Tagmyer and Thornton. Each of the members of the Nominating Committee is independent as defined by applicable Nasdaq listing rules, except for Mr. Tagmyer. The Nominating Committee met one (1) time in 2003. The Nominating Committee has not adopted a written charter. The Nominating Committee will consider recommendations by shareholders of individuals to consider as candidates for election to the Board of Directors. Historically, the Company has not had a formal policy concerning shareholder recommendations to the Nominating Committee

because it believes that the informal consideration process in place to date has been adequate given that the Company has never received any recommendations from shareholders as to candidates for election to the Board of Directors. The absence of such a policy does not mean, however, that a recommendation would not have been considered had one been received. The Nominating Committee intends to periodically review whether a more formal policy should be adopted. Shareholder recommendations as to candidates for election to the Board of Directors may be submitted to Corporate Secretary, Northwest Pipe Company, 200 SW Market Street, Suite 1800, Portland, Oregon 97201-5730.

The Company's Bylaws permit shareholders to make nominations for the election of directors, if such nominations are made pursuant to timely notice in writing to the Company's Secretary. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of the Company not less than 60 days nor more than 90 days prior to the date of the meeting, provided that at least 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders. If less than 60 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be received by the Company not later than the close of business on the tenth day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made. A shareholder's notice of nomination must also set forth certain information specified in the Company's Bylaws concerning each person the shareholder proposes to nominate for election and nominating shareholder.

Communications with Directors

Shareholders and other parties interested in communicating directly with the members of the Board of Directors may do so by writing to: Board of Directors, Northwest Pipe Company, 200 SW Market Street, Suite 1800, Portland, Oregon 97201-5730.

See Management Executive Compensation for certain information regarding compensation of directors.

The Board of Directors unanimously recommends that shareholders vote FOR the election of its nominee for director. If a quorum is present, the Company's Bylaws provide that directors are elected by a plurality of the votes cast by the shares entitled to vote. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Annual Meeting, but are not counted and have no effect on the determination of whether a plurality exists with respect to a given nominee.

Change in Control Agreements

The Company has entered into change in control agreements (the Agreements) with its executive officers, including the named executive officers. Each of the Agreements was originally for a term ending July 19, 2001, provided that on that date and each anniversary thereafter, the term of the Agreements will be automatically extended by one year unless either party gives 90 days prior written notice that the term of an agreement shall not

be so extended. If a Change in Control (as defined in the Agreements and described below) occurs during the term of Agreements, the Agreements will continue in effect until two years after the Change in Control.

If an executive officer's employment with the Company is terminated within two years after a Change in Control either by the Company without Cause (as defined in the Agreements and described below) or by the executive officer for Good Reason (as defined in the Agreements and described below), the executive officer will be entitled to receive his full base salary through the date of termination and any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination plus (i) a lump sum payment equal to two year's base salary (three years in the case of Messrs. Tagmyer and Dunham) and (ii) an amount equal to two times (three times in the case of Messrs. Tagmyer and Dunham) the average cash bonuses paid to the executive officer during the previous three years. In addition, the executive officer would be entitled to the continuation of health and insurance benefits for certain periods and all outstanding unvested stock options would immediately become fully vested. In the event that the payments made to an executive officer would be deemed to be a parachute payment under the Internal Revenue Code of 1986, an executive officer may choose to accept payment of a reduced amount that would not be deemed to be a parachute payment.

If an executive officer's employment with the Company is terminated within two years after a Change in Control either by the Company for Cause or as a result of the executive officer's disability or death, the executive officer will be entitled to receive his full base salary through the date of termination plus any benefits or awards (both cash and stock) that have been earned or are payable through the date of termination.

For purposes of the Agreements, a Change in Control includes (i) any merger or consolidation transaction in which the Company is not the surviving corporation, unless shareholders of the Company immediately before such transaction have the same proportionate ownership of common stock of the surviving corporation in the transaction, (ii) the acquisition by any person of 30 percent or more of the Company's total combined voting power, (iii) the liquidation of the Company or the sale or other transfer of substantially all of its assets, and (iv) a change in the composition of the Board of Directors during any two-year period such that the directors in office at the beginning of the period and/or their successors who were elected by or on the recommendation of two-thirds of the directors in office at the beginning of the period do not constitute at least a majority of the Board. For purposes of the Agreements, Good Reason includes (i) an adverse change in the executive officer's status, title, position(s) or responsibilities or the assignment to the executive of duties or responsibilities which are inconsistent with the executive officer's status, title or position, (ii) a reduction in the executive officer's base salary or the failure to pay compensation otherwise due to the executive officer, (iii) a requirement that the executive officer be based anywhere other than within 10 miles of his job location before the Change in Control, (iv) the Company's failure to continue in effect any compensation or employee benefit plan or program in effect before the Change in Control or any act or omission that would adversely effect the executive officer's continued participation in any such plan or program or materially reduce the benefits under such plan or program, and (v) the failure by the Company to require any successor to the Company to assume the Company's obligations under the Agreements within 30 days after a Change in Control. For purposes of the Agreements, Cause means the willful and continued failure to satisfactorily perform the duties assigned to the executive officer within a certain period after notice of such failure is given and commission of certain illegal conduct.

Employment Agreement

The Company entered into an Employment Agreement (the Employment Agreement) with Mr. Tagmyer effective November 14, 2000. The Employment Agreement is for a term ending on December 31, 2010, unless terminated earlier by the parties. During calendar years 2001, 2002 and 2003, the Employment Agreement provides that Mr. Tagmyer will receive a base salary of \$350,000, will be eligible for annual bonuses in an amount, if any, determined by the Board and will be entitled to all fringe benefits to which he was entitled before the date of the Employment Agreement. During calendar years 2004 through 2010, Mr. Tagmyer will receive a base salary of \$150,000 per year. If the Employment Agreement is terminated by Mr. Tagmyer or by the Company for cause (as defined), Mr. Tagmyer would be paid all compensation and expenses to which he is

entitled through the date of termination of the Employment Agreement. If the Employment Agreement is terminated by the Company for any reason other than for cause or as a result of Mr. Tagmyer's death, Mr. Tagmyer would be entitled to receive all of the remaining payments that he would have been entitled to receive under the Employment Agreement if it had not been terminated. If the Employment Agreement is terminated as a result of Mr. Tagmyer's death, Mr. Tagmyer's beneficiary or estate would be entitled to receive fifty percent of the remaining payments under the Employment Agreement to which Mr. Tagmyer would have been entitled had he survived. If the Employment Agreement is terminated by the Company for any reason other than cause or Mr. Tagmyer's death or disability at a time when Mr. Tagmyer's Change in Control Agreement remains in effect and would apply to such termination, Mr. Tagmyer will be permitted to elect whether to accept the benefits payable under the Employment Agreement or the benefits payable under the Change in Control Agreement. The Employment Agreement contains certain noncompetition provisions that apply to Mr. Tagmyer's activities during the term of the Employment Agreement and for a period of one year after the later of the date of termination of the Agreement or the date the last payment is made under the Agreement.

Director Compensation

The members of the Company's Board of Directors are reimbursed for their travel expenses incurred in attending Board meetings. In addition, each nonemployee member of the Board of Directors receives a \$16,000 annual retainer, \$1,000 for each Board meeting attended, \$500 for each telephonic Board meeting attended and \$500 for each meeting of a committee of the Board attended. The Company's 1995 Stock Option Plan for Nonemployee Directors (the 1995 Nonemployee Director Plan) provides that an option to purchase 5,000 shares of Common Stock is granted to each new nonemployee director at the time such person is first elected or appointed to the Board of Directors. In addition, each nonemployee director receives an option to purchase 2,000 shares of Common Stock annually after each annual meeting of shareholders. The number of options which may be granted under the 1995 Nonemployee Director Plan in any fiscal year may not exceed 20,000, subject to stock splits and similar events, and a total of 100,000 shares of Common Stock have been reserved for issuance upon exercise of stock options granted under the 1995 Nonemployee Director Plan. On May 13, 2003 options to purchase 2,000 shares of Common Stock, at \$10.31 each, were granted to each of Messrs. Franson, Kingsley, Roman, and Thornton.

Compensation Committee Interlocks and Insider Participation

Messrs. Franson and Thornton, each of whom is an outside director, served on the Compensation Committee in 2003. No director or executive officer of the Company serves on the compensation committee of the board of directors of any company for which Messrs. Franson, or Thornton serve as executive officers or directors.

COMPENSATION COMMITTEE REPORT

Under rules established by the Securities and Exchange Commission (the "SEC"), the Company is required to provide certain data and information with regard to the compensation and benefits provided to the Company's Chief Executive Officer and the four other most highly compensated executive officers. In fulfillment of this requirement, the Compensation Committee has prepared the following report for inclusion in this Proxy Statement.

Executive Compensation Philosophy

The Compensation Committee is composed entirely of independent, outside directors and is responsible for setting and monitoring policies governing compensation of executive officers. The Compensation Committee reviews the performance and compensation levels for executive officers, and sets salary and bonus levels and option grants under the Company's stock option plans. The objectives of the Compensation Committee are to correlate executive compensation with the Company's business objectives and performance and to enable the Company to attract, retain and reward executive officers who contribute to the long-term success of the Company.

The Omnibus Budget Act of 1993 added Section 162(m) to the Internal Revenue Code of 1986, which limits to \$1,000,000 the deductibility of compensation (including stock based compensation) individually paid to a publicly-held company's chief executive officer and the four other most highly compensated executive officers. The Board of Directors and the Compensation Committee intend to take the necessary steps to structure executive compensation policies to comply with this limit on deductibility of executive compensation.

Salaries. The Compensation Committee annually assesses the performance and sets the salary of the Company's executive officers. Salaries for executive officers are based on a review of salaries for similar positions requiring similar qualifications. In determining executive officer salaries, the Compensation Committee reviews recommendations from management, which include information from salary surveys. Additionally, the Compensation Committee establishes both financial and operational based objectives and goals. The Compensation Committee considers not only the performance evaluations of executive officers but also reviews the financial condition of the Company in setting salaries.

Bonus Awards. The Compensation Committee believes that a significant portion of total cash compensation for executive officers should be subject to the Company's attainment each year of specific financial performance criteria. This approach creates a direct incentive for executive officers to achieve desired performance goals and places a significant percentage of each executive officer's compensation at risk. Consequently, each year the Compensation Committee establishes potential bonuses for executive officers based on the Company's achievement of certain financial performance measures for the year, including sales and net income measures. No bonuses were paid for 2003.

Stock Options. No stock options were issued in 2003.

Chief Executive Officer Compensation. Mr. Dunham's 2003 base salary was determined in the same manner as the other executives as described in Salaries above. The Compensation Committee approved Mr. Dunham's 2003 annual base salary of \$420,000, based on the salary survey data referred to above and compensation levels of Chief Executive Officers of comparable size companies in industries similar to the Company's.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of three directors who are considered independent under applicable Nasdaq listing rules. The Committee operates under a written charter adopted by the Board.

The primary purpose of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. The Audit Committee annually reviews and selects the Company's independent accountants and preapproves any non-audit work required of them.

The scope of the audit of the Company's 2003 financial statements was focused on financing arrangements, related party transactions, internal controls, pension plans and critical accounting policies. More in-depth discussions were held among the auditors, Audit Committee and management on the significant estimates and judgments, trends, events or uncertainties that were the basis for the financial reports.

Management is responsible for preparing the Company's financial statements. The independent accountants are responsible for performing an independent audit of the Company's audited financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes. In performing this function, the Audit Committee acts only in an oversight capacity. The Committee relies on the work and the assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

In this context, the Committee has reviewed and discussed the audited financial statements with management and the independent accountants. The Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent accountants also provided to the Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

Based on the above discussions and review with management and the independent accountants, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Commission.

Respectfully submitted by the Audit Committee of the Board of Directors.
