PROXY STATEMENT

for

ANNUAL MEETING OF SHAREHOLDERS

To Be Held on May 4, 2005

GENERAL

The accompanying proxy is solicited on behalf of the Board of Directors of El Paso Electric Company (the "Company") for use at its 2005 Annual Meeting of Shareholders (the "Annual Meeting") to be held on Wednesday, May 4, 2005, at the Company's principal offices, and at any adjournments thereof. The Company's principal offices are located at the Stanton Tower Building, 100 N. Stanton, El Paso, Texas 79901.

The cost of soliciting proxies will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, fax, or other electronic means by the directors, officers, employees and agents of the Company. The Company will reimburse brokers, banks and other persons for reasonable expenses in sending proxy materials to beneficial owners. To assist in the distribution of proxy material and solicitation, the Company has engaged Georgeson Shareholder Communications, Inc. for a fee of \$5,500 plus out-of-pocket expenses.

This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders of the Company on or about March 29, 2005.

SHARES OUTSTANDING, VOTING RIGHTS AND REVOCABILITY OF PROXIES

At the close of business on March 7, 2005, the record date for determination of the shareholders entitled to notice of and to vote at the Annual Meeting, the Company had outstanding 47,496,148 shares of its common stock (the "Common Stock").

Each outstanding share of Common Stock is entitled to one vote. The holders of at least a majority of the issued and outstanding shares of Common Stock must be represented in person or by proxy at the Annual Meeting for a quorum to be present and business to be conducted. The vote of a plurality of the votes cast at the meeting is required for the election of each Class II Director.

A shareholder having the right to vote may vote either in person or by proxy executed in writing by the shareholder. A telegram, telex, cablegram or similar transmission by a shareholder or photographic, photostatic, facsimile or similar reproduction of a writing executed by the shareholder, shall be treated as an execution in writing.

A shareholder who signs and returns a proxy may revoke that proxy at any time before the Annual Meeting by filing with the Secretary of the Company an instrument in writing revoking the proxy, delivering a duly executed proxy bearing a later date, or attending the

meeting and voting in person. The shares represented by a proxy given and not so revoked will be voted and, where the shareholder specifies a choice with respect to any matter to be acted upon and for which a ballot is provided in the proxy form, the shares will be voted in accordance with the specification so made. If a proxy is returned, but no choice is specified, the shares will be voted FOR the election of the four nominees described below as Class II Directors. If no proxy is returned, the shares represented by such proxy will not be voted.

The election of Class II Directors is the only matter the Board of Directors knows will be presented at the Annual Meeting. If, however, any other matters are properly presented at the Annual Meeting, the proxy holder will have discretionary authority to vote the shares represented by properly executed proxies in accordance with the proxy holder's discretion and judgment as to the best interests of the Company.

Abstentions are included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are counted as a vote AGAINST when determining whether a proposal has been approved. Broker non-votes are not included in the determination of the number of shares represented at the Annual Meeting for purposes of determining whether a quorum is present and are not counted for purposes of determining whether a proposal has been approved.

PROPOSAL 1 ELECTION OF CLASS II DIRECTORS

Article III, Section 2 of the Company's Bylaws divides the Board of Directors into three classes, as nearly equal in number as possible, each of which is elected for a three-year term. The shares represented by the accompanying proxy will be voted to elect the four nominees as Class II Directors as recommended by the Board of Directors, who are shown below as nominees for such class, unless authority to do so is withheld. Each nominee has agreed to the nomination and has agreed to serve if elected. Should any nominee become unavailable for election, the proxies will be voted for the election of such other person as the Board of Directors may recommend in place of such nominee.

DIRECTORS MEETINGS, COMPENSATION, COMMITTEES, INDEPENDENCE AND

CORPORATE GOVERNANCE MATTERS

Meetings

The Board of Directors held six meetings during 2004. All directors attended at least 75% of the total number of meetings of the Board of Directors and the committees on which they served. The Board of Directors held an executive session of non-management directors at three of the six meetings during 2004. The Chairman of the Board of Directors presides at the executive sessions.

The Company does not have a formal policy regarding director attendance at annual meetings. All members of the Board of Directors attended last year's annual meeting and are expected to attend this year's annual meeting.

Compensation of Directors

The compensation for non-employee members of the Board of Directors during 2004 consisted of the following: (a) \$20,000 for four meetings of the Board of Directors or committees thereof per year and an additional \$1,000 for each meeting beyond four; and (b) in accordance with the terms of the El Paso Electric Company 1999 Long-Term Incentive Plan (the "1999 Plan"), 3,500 shares of restricted Common Stock. In addition, the Board of Directors awarded Mr. Edwards, in consideration of his service as Chairman of the Board of Directors during 2004, 12,500 shares of Common Stock that are restricted as to sale until May 5, 2005 in accordance with the terms of the 1999 Plan. Further, the Company has at times called upon directors to attend certain meetings and events on behalf of the Company in their roles as directors for which the Company reimburses them at an hourly rate.

In 2004, the Nominating and Corporate Governance Committee reviewed director compensation with the assistance of an outside consultant. As a result of such review, non-employee directors will receive the same compensation in 2005 as in 2004, as will Mr. Edwards for his service as Chairman of the Board of Directors. Any shares awarded will be subject to restrictions on sale or transfer for one year and, in general, will vest if the director remains continuously in the service of the Company as a non-employee director, or Chairman of the Board in the case of Mr. Edwards, during such period.

Committees

In 2004, the Nominating and Corporate Governance Committee reviewed the committee structure and recommended the consolidation of the Palo Verde Oversight and Environmental Committees and the creation of a new External Affairs Committee, which among other things, assumed the duties of the International Business and Civic and Charitable Affairs committees. The Board of Directors determined that the committee structure recommended by the Nominating and Corporate Governance Committee was in the best interests of the Company, and therefore, the Board of Directors has approved the following standing committees: Audit, Compensation, Executive, Palo Verde and Environmental Oversight, External Affairs, and Nominating and Corporate Governance.

During 2004, the Audit Committee was composed of directors Yamarone (Chairman), Parks, Cicconi, Siegel and Brown. The Audit Committee, which held sixteen meetings in 2004, is responsible for appointing the independent auditors of the Company, reviewing all recommendations of the Company's independent auditors and the Company's internal auditors, reviewing and approving non-audit services performed by accountants and other consultants retained by the Company, reviewing the Company's periodic reports filed with the Securities and Exchange Commission (SEC) and otherwise overseeing the Company's financial reporting. The Audit Committee also determines whether management has established a system to promote the accuracy and completeness of the Company's financial statements and other publicly disclosed information. The roles and responsibilities of the Audit Committee are described in detail in a written charter adopted by the Board of Directors attached hereto as Appendix A. The Board of Directors has determined that each member of the Audit Committee meets the experience and independence requirements of the New York Stock Exchange (NYSE) rules and Rule 10A-3(b)(1)(ii) under the Securities Exchange Act of 1934, as amended (the Act). No member of the Audit Committee serves on the audit committee of more than three public companies. The Board of Directors has determined that two audit committee financial experts, Messrs. Yamarone and Parks, serve on the Audit Committee and both are independent directors. Certain additional information concerning the composition and role of the Audit Committee is set forth under the caption "Audit Committee Report" which appears below in this Proxy Statement.

During 2004, the Compensation Committee was composed of directors Cicconi (Chairman), Heitz, Wertheimer and Yamarone. The Board of Directors has determined that each member of this committee is independent under the rules of the NYSE. The Compensation Committee, which held six meetings in 2004, is responsible for evaluating and approving the compensation of executive officers. It also reviews and approves recommended Company-wide increases for employees, as well as approving the adoption of contracts with union employees. The Compensation Committee is also responsible for evaluating, adopting and administering benefit plan programs. The roles and responsibilities of the Compensation Committee are described in detail in a written charter adopted by the Board of Directors. Certain additional information concerning the composition and role of the Compensation Committee is set forth under the caption "Compensation Committee Report" which appears below in this Proxy Statement.

During 2004, the Executive Committee was composed of directors Siegel (Chairman), Harris, Parks, Hedrick and Wertheimer. The Executive Committee, which held seven meetings in 2004, consults with senior management on administrative matters and directs the strategic planning effort on behalf of the Board. The Executive Committee may exercise all powers of the Board of Directors (except as prohibited by the Texas Business Corporation Act) between meetings. In addition, the Executive Committee's responsibilities include analyzing and making recommendations to the Board of Directors regarding the maximization of shareholder value. The roles and responsibilities of the Executive Committee are described in detail in a written charter adopted by the Board of Directors.

During 2004, the Palo Verde and Environmental Oversight Committee was composed of directors Edwards (Chairman), Guzmán, Hedrick, Heitz and Holland-Branch. The Palo

Verde and Environmental Oversight Committee, which held two meetings in 2004, is responsible for (i) reviewing and assessing the activities and operations of the Palo Verde Nuclear Generating Station in which the Company is a participant and (ii) overseeing the affairs and operations of the Company to determine whether the Company has operated Company facilities in compliance with applicable environmental laws and regulations, and identifying existing and potential environmental issues facing the Company under federal, state and local law. The roles and responsibilities of the Palo Verde and Environmental Oversight Committee are described in detail in a written charter adopted by the Board of Directors.

During 2004, the External Affairs Committee was composed of directors Brown (Chairman), Guzmán, Harris, Heitz and Holland-Branch. The External Affairs Committee, which held six meetings in 2004, is responsible for setting policy and reviewing an annual budget for civic and charitable contributions by the Company in the communities it serves and is responsible for assisting management in formulating a business development strategy for Mexico and evaluating business opportunities in Mexico. The Committee created a civic and charitable affairs subcommittee, consisting of Messrs. Brown, Guzmán, Hedrick and Ms Holland Branch. This subcommittee, which held two meetings in 2004, is responsible for overseeing the Company's charitable giving and civic activities. The roles and responsibilities of the External Affairs Committee are described in detail in a written charter adopted by the Board of Directors.

During 2004, the Nominating and Corporate Governance Committee was composed of directors Harris (Chairman), Parks, Siegel and Wertheimer. The Board of Directors has determined that each member of this committee is independent under the rules of the NYSE. The Nominating and Corporate Governance Committee, which held three meetings in 2004, is responsible for identifying qualified individuals to serve as members of the Board of Directors, recommending directors for appointment to committees, evaluating Board performance, and overseeing and setting compensation for the members of the Board of Directors. The roles and responsibilities of the Nominating and Corporate Governance Committee are described in detail in a written charter adopted by the Board of Directors. In 2004, the Nominating and Corporate Governance Committee assisted the Board of Directors and each of the Board committees in conducting a self-evaluation to assess their effectiveness.

Prior to the committee restructure and the retirements of Wilson K. Cadman and James A. Cardwell from the Board of Directors, the Palo Verde Oversight Committee and the Environmental Committee held one meeting each, the International Business Committee held two meetings, and the Civic and Charitable Affairs Committee held one meeting in 2004. The Palo Verde Oversight Committee was composed of directors Cadman (Chairman), Cardwell, Guzmán, and Holland-Branch. The Environmental Committee was composed of directors Cardwell (Chairman), Harris, Heitz and Wertheimer. The International Business Committee was composed of directors Holland-Branch (Chairman), Cardwell, Guzmán and Wertheimer. The Civic and Charitable Affairs Committee was composed of directors Cardwell (Chairman), Brown, Guzmán and Holland-Branch.

Independence

In November 2003, the Board of Directors adopted Corporate Governance Guidelines which, among other things, set forth categorical standards to assist the Board of Directors in making determinations of director independence in accordance with the rules of the NYSE. The Board of Directors makes a determination regarding the independence of each director annually based on all relevant facts and circumstances. Although any director who meets the following criteria and the independence criteria of the NYSE is presumed to be independent (except for purposes of serving as a member of the Audit Committee which requires that the director meet additional requirements under SEC Rule 10A-3(b)(1)(ii)), the Board may make an affirmative determination to the contrary based on its review of other factors. The following persons will not be considered to be independent:

- (i) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any corporation, partnership or other business entity that during the most recently completed fiscal year made payments to the Company or received payments from the Company for goods and services if such payments were more than the greater of 2% of such other entity's gross consolidated revenues for such fiscal year and \$1 million.
- (ii) A director who serves as an executive officer or employee of, or beneficially owns more than a 10% equity interest in, any bank, corporation, partnership or other business entity to which the Company was indebted at the end of its most recently completed fiscal year in an amount more than the greater of 2% of such other entity's total consolidated assets at the end of such fiscal year and \$1 million.
- (iii) A director who is a member or employee of a law firm that has provided services to the Company during the most recently completed fiscal year if the total billings for such services were more than the greater of 2% of the law firm's gross revenues for such fiscal year and \$1 million.
- (iv) A director who is a partner, executive officer or employee of any investment banking firm that has performed services for the Company (other than as a participating underwriter in a syndicate) during the most recently completed fiscal year if the total compensation received for such services was more than the greater of 2% of the investment banking firm's consolidated gross revenues for such fiscal year and \$1 million.

Applying these categorical standards and the independence criteria of the NYSE, the Board of Directors has determined that all of its directors meet the independence requirements of the NYSE except for (i) Gary R. Hedrick who serves as President and Chief Executive Officer of the Company, and (ii) Ramiro Guzmán who received consulting fees from the Company for public affairs and marketing services.

In addition, the Board of Directors has determined that all members of the Audit Committee meet the independence requirements set forth in Rule 10A-3(b)(1)(ii) under the Act.

The Company has not made any charitable contributions in excess of the greater of \$1 million or 2% of the charitable organization's consolidated gross revenues within the preceding three years to any charitable organization in which a director of the Company serves as an executive officer.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors submitted in writing by a shareholder. A shareholder wishing to nominate one or more individuals to stand for election as a director at an annual or special meeting of the shareholders must provide written notice thereof not less than eighty days in advance of such meeting; provided, however, that in the event that the date of the meeting was not publicly announced by the Corporation more than ninety days prior to the meeting, such notice, to be timely, must be delivered not later than the close of business on the tenth day following the day on which the date of the meeting was publicly announced. A shareholder's notice must set forth (a) the name and address of the shareholder making the nomination; (b) such information regarding the nominee(s) proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee(s) been nominated by the Board of Directors; (c) a representation of the shareholder as to the number of shares of stock of the Company that are beneficially owned by the shareholder and the shareholder's intent to appear in person or by proxy at the meeting to propose such nomination; and (d) the written consent of the nominee(s) to serve as a member of the Board of Directors if so elected. Any such shareholder notice should be submitted in writing to: Raul A. Carrillo, Jr., Corporate Secretary, El Paso Electric Company, 100 N. Stanton, El Paso, Texas 79901.

In making its recommendations regarding nominees to serve on the Board of Directors, the Nominating and Corporate Governance Committee reviews an individual's qualifications including a determination as to the independence of the candidate based on the independence criteria described above. If the nominee is being evaluated for re-nomination to the Board of Directors, the Committee will assess the prior performance of such director. The Committee will also periodically review the composition of the Board of Directors in light of its current challenges and needs and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, skills, background and experience. No director may serve on the boards of more than three other public companies while serving on the Company's Board of Directors.

The Board of Directors believes that directors should hold meaningful equity ownership positions in the Company. Each director is expected (but not required) to be a beneficial owner of shares of the Company's Common Stock or common stock equivalents with a market value equivalent to at least three years' annual cash retainer fees by the end of his or her second year of service on the Board of Directors. Each director who has served at least two years on the Board of Directors meets this stock ownership guideline.

Corporate Governance Matters

The Board of Directors has adopted a Code of Ethics that applies to all directors, officers and employees of the Company, including the Chief Executive Officer, the Chief Financial and Administrative Officer and the Controller. A current copy of the Code of Ethics may be found on the Company's internet website at www.epelectric.com. Any amendments to, or waivers from, any provision of the Code of Ethics applicable to the Company's Chief Executive Officer, Chief Financial and Administrative Officer, Controller or persons performing similar functions will be disclosed by posting such information on the Company's internet website at www.epelectric.com within five business days.

The Board of Directors has adopted Corporate Governance Guidelines in compliance with the NYSE rules. A current copy of the guidelines may be found on the Company's internet website at www.epelectric.com.

Current copies of the charters of the Audit, Compensation, and Nominating and Corporate Governance Committees (the Committee Charters) may also be found on the Company's internet website at www.epelectric.com.

Printed copies of the Corporate Governance Guidelines, the Committee Charters and the Code of Ethics are available to any shareholder upon request. Requests for printed copies should be addressed to El Paso Electric Company, 100 N. Stanton, El Paso, Texas 79901, Attention: Office of the Secretary.

Shareholders may correspond directly with non-management directors by writing to James W. Harris, Chairman, Nominating and Corporate Governance Committee, P.O. Box 982, El Paso, Texas 79960.

- (1) Amounts shown are potential payouts of awards in common stock under the Company's long-term incentive plan. Subject to a two-year phase-in cycle, these

awards have a three-year performance cycle. Payouts will be based on a total shareholder return measure (compared to a peer group of companies in Standard and Poor's SmallCap 600 and MidCap 400 that are also in the Global Industry Classification Standard's (GICS's) sub-industry of Electric Utilities).

- (2) The threshold, target, and maximum levels correspond to the achievement of 30%, 100% and 200%, respectively, of the total shareholder return percentile rank. Achievement of a threshold, target, or maximum level would result in the award of the number of shares indicated in the respective column. If the Company is below the 30th percentile, no payout of the performance share portion of the award will be earned. If the Company ranks 1st, 2nd, or 3rd within the peer group, the performance share payout will equal 200%, 175%, or 150% of target, respectively. If the Company ranks at the median of the peer group, the performance share payout will equal 100% of target. Between the 30th percentile and the median, the performance share payouts will be evenly distributed between 30% of target and 100% of target. Between the median position and the 3rd position, the performance share payouts will be evenly distributed between 100% of target and 150% of target.
- (3) The target award amounts for the two-year phase-in cycle and the first three-year cycle, each beginning on January 1, 2004.

The Pension Plan is a qualified defined benefit plan with a cliff vesting schedule in which a participant is 100% vested after five years of vesting service as defined by the plan.

In general, compensation is the annual salary paid to the participant. The amount shown in the column titled "Base Salary" of the Pension Plan Table represents the annualized average monthly compensation paid to the participant for the sixty months prior to retirement. The estimated credited years of service for each of Messrs. Hedrick, Bassham, Bates, Carrillo and Ms. Lore at December 31, 2004, were 28, 8, 32.5, 3, and 23, respectively. The benefits are computed based on straight-life annuity amounts and are not subject to any deduction or offset for social security benefits or other amounts. Pursuant to applicable federal regulations, for periods after December 31, 1992, the maximum amount of compensation on which the benefits can be based was reduced to \$150,000 per year. The maximum amount of compensation upon which benefits can be based may be adjusted annually in \$10,000 increments, but in no event can such benefits be based on an adjusted maximum compensation in excess of that allowed by the Internal Revenue Service in connection with qualified retirement plans. For the year 2004 the maximum amount of compensation on which benefits may be based is \$210,000. Participants in the Pension Plan will receive the greater of the accrued benefit at December 31, 1992, or the benefits accrued using the compensation limitation.

Pension Equalization Payments

Through the El Paso Electric Company Excess Benefit Plan, supplemental retirement benefits are provided to all executive officers and other participants whose benefits are limited under the qualified plans by applicable federal tax laws and regulations equal to the difference between the benefits that would have been payable under the qualified plans but for the applicable limitations and the benefits that are indicated in the above referenced pension plan table. For the Excess Benefit Plan, "Compensation" includes the annual salary and short-term bonus paid to the participant.

Employment Agreements and Related Matters

The Company has entered into amended Change of Control Agreements (the "Change of Control Agreements") with each Named Executive Officer and certain other officers of the Company. In the event the covered officer is terminated without cause or resigns for good reason (including a material reduction in duties and responsibilities, a reduction in pay or a relocation of more than 100 miles) during the two-year period following a change of control, he or she will receive the following benefits under the Change of Control Agreements:

a pro rata payment of the officer's target bonus for the year of termination;

a lump sum payment equal to the officer's annual base salary plus target bonus for the year of termination, multiplied by either three (for Messrs. Hedrick, Bates, Bassham and Carrillo) or two (for all other officers covered by a Change of Control Agreement)

the actuarial equivalent of vested benefits under the Company's retirement plan calculated with additional years of service equal to either three years (for Messrs. Hedrick, Bates, Bassham and Carrillo) or two years (for all other officers covered by a Change of Control Agreement);

continuation of health and other welfare benefits for two years, including service credit for those two years for purposes of eligibility (but not time of commencement of benefits) for retiree benefits under any of these plans;

outplacement services for one year; and

a tax gross-up payment in the event the payments become subject to the federal excise tax.

A change of control is defined in the Change of Control Agreements and generally includes the acquisition by any person of 30% or more of the common stock or voting power of the Company, or the approval by stockholders of the Company of a reorganization, merger or consolidation or other disposition of all of substantially all of the assets of the Company which results in at least a 40% change in ownership.

COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

General. The Compensation Committee (the Committee) of the Board of Directors is comprised entirely of independent, non-employee directors. The Committee is responsible for reviewing and approving the compensation of all executive officers of the Company, including the Named Executive Officers and for administering the 1996 and the 1999 Plans.

Compensation Philosophy and Programs. The Company desires to attract and retain the required talent necessary to achieve its business strategy and provide maximum shareholder value over the long term. As such, the following compensation philosophy is intended to facilitate the design of programs to accomplish these goals:

Provide competitive total compensation and rewards that attract and retain executive talent with appropriate experience

Motivate and reward executives for achievement of outstanding results

Align shareholder interests with those of executive management

With the help of an independent compensation consulting firm, the Committee regularly compares the salary and incentive opportunities for the executive officers with the compensation provided for similar positions at comparable companies. The firm compares the Company information to data of a similar type obtained from a peer group of utility companies of approximately the same size as the Company and operating in the same industry (the utility comparator group).

The utility comparator group contains approximately 13 companies in the EEI 100 index used to prepare the performance graph that appears later in this Proxy Statement. The Committee believes that the companies with which the Company competes for employees are not necessarily the same as the companies included in that index.

Based on the above parameters, the Committee and Board of Directors continue to believe a total compensation program for executives should primarily be comprised of three elements: base salary, short-term incentives, and long-term incentives.

Base Salary. Base salary levels are targeted at median levels of the utility comparator group. The base salary of each executive is determined by his or her skills, experience, and potential impact on the Company's operations. Base salary adjustments are directly related to the officer's performance and success in achieving specific corporate and individual goals. In addition, the Company's overall financial performance also impacts salary adjustments. The Chief Executive Officer reviews the performance of the other executive officers and makes recommendations to the Committee based on each officer's performance. Based on the information available to it, the Committee believes that the base salaries of the executive officers are generally near the median for comparable electric utilities.

Short-Term Incentives. Each executive officer has a target incentive opportunity, payable in cash, if the Company achieves specific annual goals that are established in advance by the Committee and the Board of Directors. It is anticipated that the annual performance goals will be stretch goals based on the achievement of corporate objectives that will lead to enhanced shareholder value. In 2004, the performance goals were related to safety, customer satisfaction and earnings per share. If a certain level of earnings per share is not attained, no bonuses will be paid for any of the measures. In 2004, the Company achieved its earnings per share goal at near the maximum level and its customer satisfaction goal at the threshold level but did not meet its minimum safety goal. Based on these results, the Named Executive Officers earned bonuses for 2004 at near the overall target levels established under the plan. The total bonus paid to each Named Executive Officer in 2004 is set forth in the Summary Compensation Table on page 17. For the 2005 incentive plan, goals have been established for safety, customer satisfaction and earnings per share. Again, no short-term incentive awards will be granted unless the minimum earnings per share goal is met.

Long-Term Incentives. In 2002, Mr. Carrillo was awarded a stock option to acquire 100,000 shares of Common Stock when he was hired. The options have an exercise price of 100% of the market value of the Common Stock on the date of grant and vest in equal increments over 5 years. The options were designed as both a retention plan as well as a long-term incentive plan. The long-term incentive plan is intended to promote long-term growth and stability and to allow executive officers to acquire the Company's Common Stock and directly align the executive officers' personal interest with that of other shareholders.

In addition, in 2004 the Committee, with the assistance of an independent compensation consulting firm, conducted a study of long-term incentives paid to executives by companies in the Company's peer group. Based on such study, the Company established a long-term incentive award program under the 1999 Plan to provide market-based, long-term incentive award opportunities to Company executive officers. Under the program, eligible participants are given an annual restricted stock award and a performance share award opportunity. Twenty-five percent (25%) of the value of each award is in the form of restricted stock, and seventy-five percent (75%) of the value of each award is in the form of performance shares. Restricted stock vests at the end of three years. Performance shares are earned

based on the total shareholder return compared to industry peer companies over a three-year period, and initial two-year phase-in cycle, both beginning on January 1, 2004. Payout values for the performance shares are calculated by determining the Company's percentile ranking within the peer group at the end of the cycle and can range from 0% to 200% of target with a threshold award earned at the thirty percentile ranking. The peer group will be composed of the companies in Standard and Poor's Small Cap 600 and MidCap 400 that are also in the Global Industry Classification Standard's (GICS's) sub-industry of Electric Utilities. The award opportunities granted in 2004 to the Named Executive Officers are set forth herein in the long-term incentive plan table on page 18.

Stock Ownership Guidelines. Recognizing that stock ownership by executive officers and directors can directly correlate to improved performance and enhancement of shareholder value, the Committee established stock ownership guidelines for executive officers and directors. The guidelines suggest that the Chief Executive Officer own Common Stock with a value equal to three times his base salary and that other executive officers own Common Stock with a value equal to two times his or her base salary, respectively. The Company's Corporate Governance Guidelines suggest that directors own Common Stock with a value equal to three times his or her annual cash retainer. The officer ownership guidelines were set in 1996 with the intention that they be met within 5 years for executive officers at that time or within 5 years from the date a person becomes an executive officer. The director ownership guidelines were established in 2003 upon the adoption of the Corporate Governance Guidelines with the intention that they be met by the end of the second year of service on the Board. The stock ownership guidelines have been met by all people for whom the respective 5-year or 2-year period is applicable.

Compensation of the Chief Executive Officer. The philosophy of the Committee and the Board of Directors is to directly tie the most significant portion of the Chief Executive Officer's compensation to the Company's success in enhancing shareholder value. The shareholders will benefit through the Chief Executive Officer's leadership in establishing and meeting short-term and medium-term financial and operational goals and his initiative in developing and implementing long-term strategy. At the same time, the Committee strongly believes that the Chief Executive Officer's total compensation should directly reflect increases in the value of the Common Stock.

The above-described philosophy guided the Board of Directors in establishing Mr. Hedrick's compensation. Mr. Hedrick's compensation has the following elements: base salary, annual incentive opportunity, restricted stock and stock options. Mr. Hedrick's base salary was \$425,000 which is within the range of salaries of CEOs of the utility comparator group. Mr. Hedrick received a bonus for 2004 in the amount of \$216,517 under the Company's short-term incentive plan. See Summary Compensation Table. On January 1, 2004, as part of the Company's long-term incentive award plan, the Company assigned Mr. Hedrick an annual restricted stock award and a performance share award. The restricted stock will vest in three years and the performance shares are earned based on the total shareholder return compared to industry peer companies over a three-year period, and an initial two-year phase-in cycle, both beginning on January 1, 2004. See Long-Term Incentive Plan-Awards in 2004. The amount and total value of these restricted shares of Common Stock, options and performance shares was determined based on a study

conducted by an independent compensation consulting firm. Mr. Hedrick's total compensation is below the median level of the utility comparator group with which the Company competes for executive talent. The structure of Mr. Hedrick's compensation, in the view of the Board of Directors, aligns his interests with the total return to shareholders.
