If the accompanying proxy is properly executed and returned, the shares it represents will be voted at the meeting in accordance with the directions noted thereon or, if no direction is indicated, that stockholder's shares will be voted in favor of the proposals described in this proxy statement. In addition, the proxy confers authority on the persons named in the proxy to vote, in their discretion, on any other matters properly presented at the Annual Meeting. The Board of Directors is not currently aware of any other such matters. Any stockholder who has given a proxy has the power to revoke it at any time before it is voted by giving written notice to, or by executing a subsequent proxy and sending it to George L. Austin, Secretary, Matrix Service Company, 10701 East Ute Street, Tulsa, Oklahoma, 74116. The proxy also may be revoked if the stockholder is present at the meeting and elects to vote in person.

The approximate date on which this Proxy Statement and the accompanying proxy will first be sent to stockholders is September 16, 2005. The annual report of the Company on Form 10-K for the fiscal year ended May 31, 2005 accompanies this Proxy Statement.

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

outstanding shares of Common Stock is required for a quorum.

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked **Withhold authority** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented at the meeting and entitled to vote on the item will be required for approval. A properly executed proxy marked **Abstain** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in street name through a broker or nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be voted upon. If you hold your shares in street name and do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider director candidates submitted to it by other directors, employees and stockholders. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the director qualifications discussed below.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Committee considers various potential candidates for director. Candidates may come to the attention of the Committee through current directors, senior management, professional search firms, stockholders or other persons.

Once a prospective nominee has been identified, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. The initial determination involves an evaluation of the candidate against the qualifications set forth in the Corporate Governance Guidelines, which require broad experience, wisdom, integrity, the ability to make independent analytical inquiries, an understanding of the Company's business environment and a willingness to devote adequate time to Board duties, including service on no more than four other public company boards. The Committee also assesses the candidate's qualifications as an independent director under the Nasdaq's current director independence standards and the Company's director independence guidelines. If the Committee determines that additional consideration is warranted, it may request a professional search firm to gather additional information about the candidate. The Committee designates, after consultation with the CEO, which candidates are to be interviewed. After completing its evaluation, the Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board, the Board determines the nominees after considering the recommendation of the Committee.

Holders of Common Stock wishing to recommend a person for consideration as a nominee for election to the Board can do so in accordance with the Company's Bylaws by giving timely written notice to the Secretary of the Company at 10701 East Ute Street, Tulsa, Oklahoma 74116. The written notice should give each such nominee's name, address, appropriate biographical information, a description of all arrangements or understandings between the stockholder and each such nominee and any other person or persons (naming such person or person), relating to such nominee's service on the Board of Directors, if elected, as well as any other information that would be required in a proxy statement. Any such recommendation should be accompanied by a written statement from the person recommended, giving his or her consent to be named as a nominee and, if nominated and elected, to serve as a director. The written notice must be delivered to the Secretary of the Company not later than 80 days prior to the date of any annual or special meeting; provided, however, that in the event that the date of such annual or special meeting is not publicly announced by the Company more than 90 days prior to the meeting, notice by the stockholder must be delivered to the Secretary of the Company not later than the close of business on the tenth day following the day on which public announcement of the date of such meeting is communicated to the stockholders. The written notice to the Secretary of the Company must also set forth the name and address of the stockholder who intends to make the nomination and a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice.

PROPOSAL NUMBER 3: Amendment to the Matrix Service Company

1995 Nonemployee Directors' Stock Option Plan

The Matrix Service Company 1995 Nonemployee Directors' Stock Option Plan (the 1995 Plan) was adopted by the Board of Directors of the Company and approved by the stockholders of the Company at the 1995 annual meeting of stockholders. At the 2005 Annual Meeting, the Company's stockholders are being asked to approve an amendment to the 1995 Plan to extend the termination date of the 1995 Plan from October 25, 2005 to October 21, 2009. The Board of Directors unanimously adopted this amendment on August 2, 2005, subject to stockholder approval at the annual meeting. As of August 31, 2005, 97,000 shares remain available for grant under the 1995 Plan, without giving effect to the plan amendment. The Board anticipates that by extending the termination date of the 1995 Plan, the Company will be able to grant all option shares which remain available for grant under the 1995 Plan. The Board believes that it is in the best interest of the Company and its stockholders to extend the termination date of the 1995 Plan to ensure that the Company will continue to retain, motivate and attract qualified non-employee directors and urges you to vote For the approval of this amendment.

Summary of 1995 Plan

The following is a summary of the principal features of the 1995 Plan (without giving effect to the proposed amendment). The summary does not purport to be a complete description of all provisions of the 1995 Plan and is qualified in its entirety by the text of the 1995 Plan, a copy of which is attached to this proxy statement as Exhibit A. Capitalized terms not otherwise defined below have the meanings ascribed to them in the 1995 Plan.

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

General. The 1995 Plan authorizes the issuance of up to 500,000 (subsequent to a stock split in the second quarter of fiscal 2004) shares of Common Stock of the Company. Options granted under the 1995 Plan shall be options which do not constitute incentive stock options within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended. Any shares of Common Stock allocable to the unexercised portion of an option that expires or terminates will again be available for the purposes of the 1995 Plan.

Eligibility. The 1995 Plan provides that each Nonemployee Director who is elected or reelected to the Board for the first time after the effective date of the 1995 Plan shall be automatically granted an Option for 10,000 shares of Common Stock. As of the date of each annual meeting of the stockholders of the Company thereafter, each Nonemployee Director then in office who is reelected shall be automatically granted an Option for 5,000 shares of Common Stock. The purchase price of Common Stock issued under an Option is the fair market value of the stock as of the date the Option is granted.

Exercise and Termination. Unless terminated sooner due to the termination of service of a Nonemployee Director, an Option granted pursuant to the 1995 Plan:

is not exercisable until 12 calendar months after the date of grant;

may only be exercised with respect to 50% of the shares of Common Stock underlying the Option during the period beginning 12 calendar months after the date of grant and ending the day preceding 24 calendar months after the date of grant; and

thereafter, may be exercised with respect to 100% of the shares underlying the Option.

However, an Option granted pursuant to the 1995 Plan is in no event exercisable after the expiration of ten years from the date of grant. In addition, an Option granted pursuant to the 1995 Plan may be exercised only while Director remains a member of the Board and for a period 30 days after a Director's termination of membership on the Board, except under certain limited circumstances upon a Director's disability or death.

Amendment and Termination. The Board has the right to terminate the 1995 Plan at any time with respect to any shares for which Options have not been granted. The Board also has the right to amend the 1995 Plan, provided that such amendment would not impair the rights under any Option previously granted, materially increase the benefits accruing to participants, increase the aggregate number of shares that may be issued, change the class of individuals eligible to receive Options or extend the term of the 1995 Plan, without the approval of the stockholders of the Company.

Without giving effect to the plan amendment, the 1995 Plan will terminate at the close of business on October 25, 2005, after which time no further grants may be made under the 1995 Plan.

Awards Granted. As of August 31, 2005, non-qualified stock options for a total of 125,000 shares at an average exercise price of \$6.22 per share are outstanding under the 1995 Plan. All of these options were granted at the fair market value of the Common Stock on the date of grant, and expire 10 years after the date of grant.

Federal Income Tax Consequences. The Company believes that under present Federal income tax laws the following are the Federal income tax consequences generally arising with respect to awards granted under the 1995 Plan. The grant of an option will create no tax consequences for the Optionee or the Company. Upon exercising a non-qualified stock option, an Optionee will recognize ordinary income equal to the difference between the exercise price and the fair market value of the shares of Common Stock acquired on the date of exercise. In the case of the exercise of a non-qualified stock option, the Company generally will be entitled to a deduction for the amount recognized as ordinary income by the Optionee, unless such deduction is limited by Section 162(m) of the Internal Revenue Code. The treatment to an Optionee of a disposition of shares acquired upon the exercise of an option depends on how long the shares have been held.

The foregoing provides only a very general description of the application of Federal income tax laws to awards under the 1995 Plan. The summary does not address the effects of foreign, state and local tax laws.

⁽¹⁾ Options granted during the fiscal year ended May 31, 2005, with the exception of Mr. Hall's options, vest equally over five years on the anniversary date of each grant and expire ten years from the date of grant. Mr. Hall's 5,000 options vest equally over two years on the anniversary date of the grant. Mr. Hall's 100,000 options vest at the sooner of achievement of specific goals established by the Board of Directors, or one year.

⁽²⁾ Appreciation in the Company's stock price is required for optionees to receive any gain. A stock price appreciation rate of zero percent would render the options without value to the optionees. The SEC requires disclosures of the potential realizable value or present value of each option grant. The 5% and 10% rates of appreciation are not intended to forecast possible future appreciation, if any, in the Company's stock price. In calculating potential realizable value, it is assumed that the options are exercised on the day prior to their expiration using the Treasury Stock Method, where the exercise price of the option is subtracted from the potential market price at the 5% and 10% appreciation rates.

Employment/Severance/Change of Control Agreements

In April 2005, the Compensation Committee of the Board of Directors of the Company approved the entry into agreements with a group of select employees. The agreements provide for the payment of severance equal to one year's annual base salary in the event of an adverse personnel action following a change in control. The provision is effective for a period of six months following a change in control. In addition, for those with stock options, all stock options will vest immediately at the time of the change in control. The agreements also provide for the payment of a retention bonus to the same group of employees if they remain employed with the Company through August 15, 2006. The amount of bonus each individual may receive under the plan is the greater of their target bonus as defined under the Company's incentive compensation plan, which ranges from 25% to 40% of salary, or the actual bonus earned under the incentive plan for fiscal year 2006. If an individual terminates his/her employment voluntarily or is terminated for cause, he or she will not be entitled to any portion of the retention bonus. The agreements were executed beginning May 6, 2005 and were effective June 1, 2005. Approximately 34 individuals were selected to receive these benefits, including all of the executive officers of the Company except Mr. Hall, Mr. Austin and Mr. Ryan. Mr. Hall did not receive a similar agreement as part of his compensation package.

The Company previously entered into severance/change of control agreements with Mr. Austin, effective June 1, 2004, and Mr. Ryan, effective October 1, 2004, that were effective in the event of a change of control in the ownership of Matrix or certain other adverse personnel actions including involuntary termination, significant reduction in compensation and benefits, or material reduction in position and responsibility. The agreements are applicable for a period of two years following a change of control. The benefits are one year of severance pay calculated as the current annual salary plus the average bonus payment for the three previous years or the number of full fiscal years in the respective position. In addition, all outstanding stock options will vest immediately in the event of a change in control. In April 2005, the Compensation Committee of the Board of Directors of the Company also approved the entry into agreements with Mr. Austin and Mr. Ryan that provide for the payment of a retention bonus under the same terms and conditions as discussed in the previous paragraph.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee (Committee) of the Board of Directors of the Company currently consists of Hugh E. Bradley, I. Edgar Hendrix and Paul K. Lackey, all of whom are independent directors who are not employees and who qualify as non-employee directors for purposes of Rule 16b-3 adopted under the Securities Exchange Act of 1934. The Committee is responsible for evaluating the performance of the Chief Executive Officer and Chief Financial Officer, determining the compensation of the CEO and CFO and administering the Company's stock option plans under which grants may be made to employees of the Company. The Committee has furnished the following report on executive compensation for the fiscal year ending May 31, 2005.

The annual compensation package of the CEO and CFO primarily consists of (i) a cash salary which reflects the responsibilities relating to the position and individual performance, (ii) variable performance bonus awards payable in cash and tied to the individual's performance and the Company's performance against pre-established financial measures and (iii) long-term stock-based incentive awards which the Committee believes aligns the interests of the CEO and CFO and the interests of the Company's stockholders.

In determining the level and composition of compensation for each of the CEO and the CFO, the Committee takes into account various qualitative and quantitative indicators of each officer's performance. The Committee's objectives in determining compensation are to allow the Company to attract, motivate and retain the executive personnel necessary for the Company's success and to provide an executive compensation program comparable to that offered by the companies with which the Company competes for such management personnel. Although no specific target has been established, the Committee generally seeks to set salaries based upon the experience of the CEO and CFO and at approximately the average of a range of salaries paid to chief executive officers and chief financial officers of a peer group of companies. In setting salaries, the Compensation Committee considers the peer group to be certain companies with market capitalizations similar to that of the Company. This peer group does not necessarily include the companies comprising the Standard and Poor's Engineering and Construction Index reflected in the performance graph in this Proxy Statement, which is the industry categorization in which the Company has been placed. In evaluating the performance of the CEO and CFO, the Committee takes into consideration such factors as total operating income based on year over year changes and a fiscal budget plan, which is reviewed by the Committee.

Base compensation is initially established through negotiation between the Company and the officer at the time the executive is hired or named to the executive position. Thereafter such officer's base compensation is subject to review or reconsideration, generally on an annual basis after review of the officer's performance. In establishing or reviewing base compensation levels for each of the CEO and CFO, the Committee, in accordance with its general compensation policy, considers numerous factors, including the responsibilities relating to the position, the qualifications of the executive and the relevant experience the individual brings to the Company, strategic goals for which the executive has responsibility, and compensation levels of other companies at a comparable stage of development that compete with the Company for business and executive talents. No predetermined weights are given to any such factors. The salaries for the CEO and CFO in fiscal year 2005 were set taking into account these factors in accordance with the Company's general compensation policy discussed above.

In addition to each officer's base compensation, the Committee may award cash bonuses and/or grant awards under the Company's stock option plans depending on the extent to which certain pre-determined personal and corporate performance goals are achieved. Such corporate performance goals generally include revenue and earnings targets of the Company.

The Chief Executive Officer's compensation is the responsibility of the Compensation Committee. As previously disclosed, Mr. Hall was appointed as the Company's Chief Executive Officer in March 2005 to lead the Company through its turnaround. The Compensation Committee determined that Mr. Hall's compensation package should align with the Company's restructuring efforts and therefore established a compensation package to include the following: (i) annual base salary of \$500,000, (ii) a grant of 100,000 incentive stock options, (iii) bonus target of \$125,000 upon the successful refinancing of the Company's senior credit facility, and (iv) a bonus of \$125,000 upon the hire of Mr. Hall's successor as Chief Executive Officer. For the period of March 28, 2005 through May 31, 2005, Mr. Hall's compensation consisted of salary of \$91,026. The Compensation Committee did not award Mr. Hall a bonus for fiscal year 2005.

Equity incentives are not limited to executive officers. Grants of stock options are made to management and staff of the Company in amounts determined by the Compensation Committee. The amounts of such grants are determined based on the individual employee's position with the Company and his or her potential ability to beneficially impact the performance of the Company. By giving management and staff a stake in the financial performance of the Company, the Compensation Committee's goal is to provide incentives to these employees of the Company to enhance the financial performance of the Company and, thus, stockholder value.

Salaried employees of the Company with grade levels of 27 or greater, including the CEO and CFO, are eligible to receive long-term stock based incentive awards under the Company's stock option plans as a means of providing such individuals with a continuing proprietary interest in the Company. Such grants further the mutual interests of the Company's employees and its stockholders by providing significant incentives for such employees to achieve and maintain high levels of performance. The Company's stock option plans enhance the Company's ability to attract and retain the services of qualified individuals. Factors considered in determining whether such awards are granted include the employee's position in the Company, his or her performance and responsibilities, the number of options, if any, currently held, and the vesting schedule of any such options. The Committee has adopted an established schedule for the issuance of options, with designated option grants for specific salary grades over a five-year period. However, the committee approves all stock option grants on the award date.

The Compensation Committee and the Board of Directors believe that the executive compensation policies promote the interests of the stockholders and the Company effectively, and the various compensation opportunities afforded the CEO and the CFO are appropriately balanced to provide motivation for the executives to contribute to the profitability and overall success of the Company.

This report on Executive Compensation shall not be deemed incorporated by reference by any general statement incorporating by reference the Proxy Statement into any filing by the Company under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically and expressly incorporates this report by reference into any such filing, and shall not otherwise be deemed filed under such acts.

During fiscal 2005, the Compensation Committee was composed of Hugh E. Bradley, I. Edgar Hendrix and Paul K. Lackey, all of whom are non-employee directors of the Company. During fiscal 2005, none of the Company's executive officers served on the board of directors or on the compensation committee of any other entity who had an executive officer that served either on the Company's Board of Directors or on its Compensation Committee.

Compliance with Section 16(a)

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10 percent of the Common Stock, to report their initial ownership of the Common Stock and any subsequent changes in ownership (Forms 3, 4 and 5) of the Common Stock with the SEC and the Nasdaq Stock Market, and to furnish the Company with a copy of each such report.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company and on written representations by certain reporting persons that no other reports were required during and with respect to fiscal 2005, all Section 16(a) filing requirements applicable to its executive officers, directors and more than 10 percent stockholders were satisfied on a timely basis, except that one transaction involving the grant of incentive stock options to Glenn Butler was not reported timely due to the process of establishing Mr. Butler as a Section 16(a) filer. Mr. Butler has subsequently resigned from the Company.

MATRIX SERVICE COMPANY

1995 NONEMPLOYEE DIRECTORS STOCK OPTION PLAN

I. Purpose of the Plan

The MATRIX SERVICE COMPANY 1995 NONEMPLOYEE DIRECTORS STOCK OPTION PLAN (the Plan) is intended to promote the interests of MATRIX SERVICE COMPANY, a Delaware corporation (the Company), and its stockholders by helping to award and retain highly-qualified independent directors and allowing them to develop a sense of proprietorship and personal involvement in the development and financial success of the Company. Accordingly, the Company shall grant to directors of the Company who are not employees or consultants of the Company or any of its subsidiaries (Nonemployee Directors) the option (Option) to purchase shares of the common stock of the Company (Stock), as hereinafter set forth. Options granted under the Plan shall be options which do not constitute incentive stock options, within the meaning of section 422(b) of the Internal Revenue Code of 1986, as amended.

II. Option Agreements

Each Option shall be evidenced by a written agreement in the form attached to the Plan.

III. Eligibility of Optionee

Options may be granted only to individuals who are Nonemployee Directors of the Company. Each Nonemployee Director who is elected or reelected to the Board of Directors of the Company (the Board) on the effective date of the Plan and each Nonemployee Director who is elected to the Board for the first time after the effective date of the Plan shall receive, as of the date of his or her election and without the exercise of the discretion of any person or persons, an Option exercisable for 10,000 shares of Stock (subject to adjustment in the same manner as provided in Paragraph VII hereof with respect to shares of Stock subject to Options then outstanding). As of the date of the annual meeting of the stockholders of the Company in each year that the Plan is in effect as provided in Paragraph VI hereof, each Nonemployee Director then in office who is not then entitled to receive an Option pursuant to the preceding sentence shall receive, without the exercise of the discretion of any person or persons, an Option exercisable for 5,000 shares of Stock (subject in each case to adjustment in the same manner as provided in Paragraph VII hereof with respect to shares of Stock subject to Options then outstanding). If, as of any date that the Plan is in effect, there are not sufficient shares of Stock available under the Plan to allow for the grant to each Nonemployee Director of an Option for the number of shares provided herein, each Nonemployee Director shall receive an Option for his or her pro-rata share of the total number of shares of Stock then available under the Plan. All Options granted under the Plan shall be at the Option price set forth in Paragraph V hereof and shall be subject to adjustment as provided in Paragraph VII hereof.

IV. Shares Subject to the Plan

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

The aggregate number of shares which may be issued under Options granted under the Plan shall not exceed 250,000 shares of Stock. Such shares may consist of authorized but unissued shares of Stock or previously issued shares of Stock acquired by the Company. Any of such shares which remain unissued and which are not subject to outstanding Options at the termination of the Plan shall cease to be subject to the Plan, but, until termination of the Plan, the Company shall at all times make available a sufficient number of shares to meet the requirements of the Plan. Should any Option hereunder expire or terminate prior to its exercise in full, the shares theretofore subject to such Option which may be issued under the Plan shall be subject to adjustment in the same manner as provided in Paragraph VI hereof with respect to shares of Stock subject to Options then outstanding. Exercise of an Option shall result in a decrease in the number of shares of Stock which may thereafter be available, both for purposes of the Plan and for sale to any one individual, by the number of shares as to which the Option is exercised.

V. Option Price

The purchase price of Stock issued under each Option shall be the fair market value of Stock subject to the Option as of the date the Option is granted. For all purposes under the Plan, the fair market value of a share of Stock on a particular date shall be equal to the closing sales price of the Stock (i) reported by the Nasdaq Stock Market on that date or (ii) if the Stock is listed on a national stock exchange, reported on the stock exchange composite tape on that date; or, in either case, if no prices are reported on that date, on the last preceding date on which such price of the Stock is so reported. If the Stock is traded over the counter at the time a determination of its fair market value is required to be made hereunder, its fair market value shall be deemed to be equal to the average between the reported high and low or closing bid and asked prices of Stock on the most recent date on which Stock was publicly traded. In the event Stock is not publicly traded at the time a determination of its value is required to be made hereunder, the determination of its fair market value shall be made by the Board in such manner as it deems appropriate.

VI. Term of Plan

The Plan shall be effective on the date the Plan is approved by the stockholders of the Company. Except with respect to Options then outstanding, if not sooner terminated under the provisions of Paragraph VII, the Plan shall terminate upon and no further Options shall be granted after the expiration of ten years from the date the Plan is approved by the stockholders of the Company.

VII. Recapitalization or Reorganization

A. The existence of the Plan and the Options granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization, or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

B. The shares with respect to which Options may be granted are shares of Stock as presently constituted, but if, and whenever, prior to the expiration of an Option theretofore granted, the Company shall effect a subdivision or consolidation of shares of Stock or the payment of a stock dividend on Stock without receipt of consideration by the Company, the number of shares of Stock with respect to which such Option may thereafter be exercised (i) in the event of an increase in the number of outstanding shares shall be proportionately increased, and the purchase price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced, and the purchase price per share shall be proportionately increased.

C. If the Company recapitalizes, reclassifies its capital stock, or otherwise changes its capital structure (a recapitalization), the number and class of shares of Stock covered by an Option theretofore granted shall be adjusted so that such Option shall thereafter cover the number and class of shares of stock and securities to which the optionee would have been entitled pursuant to the terms of the recapitalization if, immediately prior to the recapitalization, the optionee had been the holder of record of the number of shares of Stock then covered by such Option.

D. Any adjustment provided for in Subparagraph (B) or (C) above shall be subject to any required stockholder action.

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

E. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Options theretofore granted or the purchase price per share.

VIII. Amendment or Termination of the Plan

The Board in its discretion may terminate the Plan at any time with respect to any shares for which Options have not theretofore been granted. The Board shall have the right to alter or amend the Plan or any part thereof from time to time; provided, that no change in any Option theretofore granted may be

made which would impair the rights of the optionee without the consent of such optionee and provided, further, that the Board may not make any alteration or amendment which would materially increase the benefits accruing to participants under the Plan, increase the aggregate number of shares which may be issued pursuant to the provisions of the Plan, change the class of individuals eligible to receive Options under the Plan or extend the term of the Plan, without the approval of the stockholders of the Company.

IX. Securities Laws

A. The Company shall not be obligated to issue any Stock pursuant to any Options granted under the Plan at any time when the offering of the shares covered by such Option have not been registered under the Securities Act of 1933, as amended, and such other state and federal laws, rules or regulations as the Company deems applicable and, in the opinion of legal counsel for the Company, there is no exemption from the registration requirements of such laws, rules or regulations available for the offering and sale of such shares.

B. It is intended that the Plan and any grant of an Option made to a person subject to Section 16 of the Securities Exchange Act of 1933, as amended (the 1934 Act), meet all of the requirements of Rule 16b-3, as currently in effect or as hereinafter modified or amended (Rule 16b-3), promulgated under the 1934 Act. If any provision of the Plan or any such Option would disqualify the Plan or such Option under, or would otherwise not comply with, Rule 16b-3, such provision or Option shall be construed or deemed amended to conform to Rule 16b-3.

AGREEMENT made as of the day of, 19, between MATRIX SERVICE COMPANY, a Delaware corporation (the Company), and (Director).

To carry out the purposes of the MATRIX SERVICE COMPANY 1995 NONEMPLOYEE DIRECTORS STOCK OPTION PLAN (the Plan), by affording Director the opportunity to purchase shares of common stock of the Company (Stock), and in consideration of the mutual agreements and other matters set forth herein and in the Plan, the Company and Director hereby agree as follows:

1. Grant of Option. The Company hereby irrevocably grants the Director the right and option (Option) to purchase all or any part of an aggregate of shares of Stock, on the terms and conditions set forth herein and in the Plan, which Plan is incorporated herein by reference as a part of this Agreement. This Option shall not be treated as an incentive stock option within the meaning of section 422(b) of the Internal Revenue Code of 1986, as amended (the Code).

2. Purchase Price. The purchase price of Stock purchased pursuant to the exercise of this Option shall be \$ per share, which has been determined to be not less than the fair market value of the Stock at the date of grant of this Option. For all purposes of this Agreement, fair market value of Stock shall be determined in accordance with the provisions of the Plan.

3. Exercise of Option. Subject to the earlier expiration of this Option as herein provided, this Option may be exercised, by written notice to the Company at its principal executive offices addressed to the attention of Chief Executive Officer, at any time and from time to time after the date of grant hereof, but, except as otherwise provided below, this Option shall not be exercisable for more than a percentage of the aggregate number of shares offered by this Option determined by the number of full calendar months from the first day of the calendar month coincident with or next following the date of grant hereof to the date of such exercise, in accordance with the following schedule:

Percentage of Shares

<u>Number of full calendar months</u>	<u>that may be purchased</u>
Less than 12 months	0.00%
12 months but less than 24 months	50.00%
24 months or more	100.00%

Notwithstanding the foregoing, if (i) the Company shall not be the surviving entity in any merger, consolidation or other reorganization (or survives only as a subsidiary of an entity other than a previously wholly-owned subsidiary of the Company (ii) the Company sells, leases or exchanges or agrees to sell, lease or exchange all or substantially all of its assets to any other person or entity (other than a wholly-owned

subsidiary of the Company), (iii) the Company is to be dissolved and liquidated, (iv) any person or entity, including a group as contemplated by Section 13(d)(3) of the Securities Exchange Act of 1934, acquires or gains ownership or control (including, without limitation, power to vote) of more than 50% of the outstanding shares of the Company's voting stock (based upon voting power), or (v) as a result of or in connection with a contested election of directors, the persons who were directors of the Company before such election shall cease to constitute a majority of the Board of Directors of the Company (each such event is referred to herein as a Corporate Change), then effective as of the earlier (1) the date of approval by the stockholders of the Company of such merger, consolidation, reorganization, sale, lease or exchange of assets or dissolution or such election of directors or (2) the date of such Corporate Change, this Option shall be exercisable in full.

This Option and all rights granted hereunder are not transferable by Director other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder, and may be exercised during Director's lifetime only by Director or Director's guardian or legal representative. This Option may be exercised only while Director remains a member of the Board of Directors of the Company (the Board) and will terminate and cease to be exercisable upon Director's termination of membership on the Board, except that:

(a) If Director's membership on the Board terminates by reason of disability, this Option may be exercised in full by Director (or Director's estate or the person who acquires this Option by will or the laws of descent and distribution or otherwise by reason of the death of Director) at any time during the period of 90 days following such termination.

(b) If Director dies while a member of the Board, Director's estate, or the person who acquires this Option by will or the laws of descent and distribution or otherwise by reason of the death of Director, may exercise this Option in full at any time during the period of 90 days following the date of Director's death.

(c) If Director's membership on the Board terminates for any reason other than as described in (a) or (b) above, this Option may be exercised by Director at any time during the period of 30 days following such termination, or by Director's estate (or the person who acquires this Option by will or the laws of descent and distribution or otherwise by reason of the death of Director) during such period if Director dies during such 30 day period, but in each case only as to the number of shares Director was entitled to purchase hereunder upon exercise of this Option as of the date Director's membership on the Board so terminates.

This Option shall not be exercisable in any event after the expiration of ten years from the date of grant hereof. The purchase price of shares as to which this Option is exercised shall be paid in full at the time of exercise (A) in cash (including check, bank draft or money order payable to the order of the Company), (B) by delivering to the Company shares of Stock having a fair market value equal to the purchase price, or (C) any combination of cash or Stock. No fraction of a share of Stock shall be issued by the Company upon exercise of an Option or accepted by the Company in payment of the purchase price thereof, rather, Director shall provide a cash payment for such amount as is necessary to effect the issuance and acceptance of only whole shares of Stock. Unless and until a certificate or certificates representing such shares shall have been issued by the Company to Director, Director (or the person permitted to exercise this Option in the event of Director's death) shall not be or have any of the rights or privileges of a stockholder of the Company with respect to shares acquirable upon an exercise of this Option.

4. Withholding of Tax. To the extent that the exercise of this Option or the disposition of shares of Stock acquired by exercise of this Option results in compensation income to Director for federal or state income tax purposes, Director shall deliver to the Company at the time of such exercise or disposition such amount of money or shares of Stock as the Company may require to meet its obligation under applicable tax laws or regulations, and if Director fails to do so, the Company is authorized to withhold from any cash or Stock remuneration then or thereafter payable to Director any tax required to be withheld by reason of such resulting compensation income. Upon an exercise of this Option, the Company is further authorized in its discretion to satisfy any such withholding requirement out of any cash or shares of Stock distributable to Director upon such exercise.

Edgar Filing: MATRIX SERVICE CO - Form DEF 14A

5. Status of Stock. The Company intends to register for issuance under the Securities Act of 1933, as amended (the Act), the shares of Stock acquirable upon exercise of this Option, and to keep

such registration effective throughout the period this Option is exercisable. In the absence of such effective registration or an available exemption from registration under the Act, issuance of shares of Stock acquirable upon exercise of this Option will be delayed until registration of such shares is effective or an exemption from registration under the Act is available. The Company intends to use its best efforts to ensure that no such delay will occur. In the event exemption from registration under the Act is available upon exercise of this Option, Director (or the person permitted to exercise this Option in the event of Director's death or incapability), if requested by the Company to do so, will execute and deliver to the Company in writing an agreement containing such provisions as the Company may require to assure compliance with applicable securities laws.

Director agrees that the shares of Stock which Director may acquire by exercising this Option will not be sold or otherwise disposed of in any manner which would constitute a violation of any applicable federal or state securities laws. Director also agrees (i) that the certificates representing the shares of Stock purchased under this Option may bear such legend or legends as the Company deems appropriate in order to assure compliance with applicable securities laws, (ii) that the Company may refuse to register the transfer of the shares of Stock purchased under this Option on the stock transfer records of the Company if such proposed transfer would in the opinion of counsel satisfactory to the Company constitute a violation of any applicable securities laws and (iii) that the Company may give related instructions to its transfer agent, if any, to stop registration of the transfer of the shares of Stock purchased under this Option.

6. Binding Effect. This Agreement shall be binding and inure to the benefit of any successors to the Company and all persons lawfully claiming under Director.

7. Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Delaware.

IN WITNESS WHEREOF, the Company has caused this Agreement to be duly executed by its officer thereunto duly authorized, and Director has executed this Agreement, all as of the day and year first above written.

1995 NONEMPLOYEE DIRECTORS STOCK OPTION PLAN

1. Introduction. On August 16, 1995, the Board of Directors of Matrix Service Company (the Company) adopted, and on October 25, 1995 the stockholders the Company approved, the Matrix Service Company 1995 Nonemployee Directors Stock Option Plan (the Plan). The Plan requires the granting of non-qualified stock option awards to nonemployee directors of the Company.

Under the terms of the Plan, a total of 250,000 shares of common stock of the Company are available for issuance pursuant to options granted under the Plan. Paragraph VI of the Plan provides that if not sooner terminated by the Board of Directors, the Plan shall terminate and no further options shall be granted after the expiration of ten years from the date the Plan is approved by the stockholders of the Company. By amending this provision (see Section 3 below), the period in which stock options may be granted under the Plan will be extended until October 21, 2009.

2. Purpose. The purpose of this Amendment is to continue to award and retain highly qualified independent directors by extending the date in which the Plan terminates and the date until which stock options may be granted under the Plan to four years from the date on which this Amendment is approved by the stockholders of the Company and thereby adopted.

3. Amendments. Paragraph VI of the Plan is amended and restated to read in its entirety as follows:

The Plan shall be effective on the date the Plan is approved by the stockholders of the Company. Except with respect to Options then outstanding, if not sooner terminated under the provisions of Paragraph VIII, the Plan shall terminate upon and no further Options shall be granted after the expiration of four years from the date Amendment Number 1 to the Plan is approved by the stockholders of the Company.

4. No Change. Except as specifically set forth herein, this Amendment does not change the terms of the Plan.

5. Effective Date. This Amendment shall take effect and be adopted on the date that the stockholders of the Company approve this Amendment.

Executed this 2nd day of August 2005.
