Supplement to SPACEHAB s Proxy Statement dated September 6, 2005

October 20, 2005

Dear Shareholder:

The Board of Directors of SPACEHAB, Incorporated (the *Company*) had previously called a special meeting of shareholders at which the shareholders will consider certain matters relating to the Company s offer to exchange and consent solicitation for up to \$63,250,000 in aggregate principal amount of its 5.5% Senior Convertible Notes due 2010 (the *Exchange Notes*) for all of its outstanding 8% Convertible Subordinated Notes due 2007 (the *Outstanding Notes*). The Company has made several changes (the *Amendment*) to the terms of its exchange offer and consent solicitation. As a result of the Amendment, the special meeting of shareholders scheduled to be held on October 5, 2005 and postponed until October 25, 2005, has been further postponed until 10:00 a.m., Houston time, on November 10, 2005. The special meeting of shareholders will be held at the Company s executive offices at 12130 State Highway 3, Building 1, Webster, Texas 77598.

In general, the Amendment does the following:

Decreases from \$60,087,500 to \$50,600,000 the minimum aggregate principal amount of Outstanding Notes that needs to be tendered pursuant to the offer to exchange;

Decreases the conversion price for the Exchange Notes from a range of \$2.12 to \$2.50 to a fixed price of \$1.50 and modifies the conversion procedures;

Decreases the target price per share of the Company s common stock that triggers mandatory conversion of the Exchange Notes from \$3.25 to \$1.95, if the Company s common stock exceeds this target for 20 consecutive trading days;

Adds a covenant placing restrictions on the sale of or placement of liens upon Astrotech Space Operations, Inc., Astrotech Florida Holdings, Inc. and their respective assets; and

Extends the expiration date of the offer to exchange and consent solicitation until 5:00 p.m., New York City time, on November 16, 2005, subject to further extension.

The Amendment is described in more detail in the prospectus supplement that is attached hereto as Appendix A and is being distributed to holders of Outstanding Notes. We encourage you to read the prospectus supplement, together with the original prospectus for a complete description of the exchange offer and consent solicitation, and the Exchange Notes.

By Order of the Board of Directors,

PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND RETURN IT PROMPTLY IN THE ENCLOSED ENVELOPE WHETHER OR NOT YOU EXPECT TO ATTEND THE SPECIAL MEETING AND WHETHER OR NOT YOU PREVIOUSLY RETURNED A PROXY.

Proposal I

As a result of the decrease in the conversion price for the Exchange Notes the number of shares of common stock of the Company (the *Common Stock*) that could be issued if all of the Exchange Notes are converted has increased. Accordingly, Proposal I to the proxy is being amended in its entirety and a new proxy card is being distributed that reflects this change. The following is the amended Proposal I:

AMENDMENT TO ARTICLE FOUR OF THE COMPANY S
AMENDED AND RESTATED ARTICLES OF INCORPORATION
TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK
OF THE COMPANY FROM 30 MILLION SHARES TO 70 MILLION SHARES

Proposed Amendment to Amended and Restated Articles of Incorporation

The Company's Board of Directors has adopted a resolution approving and recommending to the Company's shareholders for their approval a proposal to amend Article Four of the Company's Amended and Restated Articles of Incorporation (the *Articles*) to increase the number of authorized shares of Common Stock from 30 million shares to 70 million shares. The form of the proposed amendment is as follows:

The Articles are hereby amended by amending and restating the first sentence of Article Four to be and read in its entirety as follows:

FOURTH: The total number of shares of capital stock which the Corporation shall have authority to issue is 72,500,000 shares, consisting of 70,000,000 shares of common stock, no par value per share (the *Common Stock*), and 2,500,000 shares of preferred stock, no par value per share (the *Preferred Stock*).

Reasons for Increasing the Authorized Shares of Common Stock

Currently, the Company's authorized capital stock consists of 30,000,000 shares of Common Stock and 2,500,000 shares of convertible preferred stock. As of September 2, 2005 (the *Record Date*), there were 12,671,179 shares of Common Stock issued and outstanding, 4,642,202 shares of Common Stock issuable upon conversion of Outstanding Notes, 1,333,334 shares of Common Stock issuable upon conversion of convertible preferred stock, 2,021,240 shares of Common Stock issuable upon exercise of outstanding options, 1,803,447 shares of Common Stock authorized for issuance, but not yet subject to grants, pursuant to the Company's 1994 Stock Incentive Plan and 1995 Directors' Stock Option Plan, 1,111,250 shares of Common Stock authorized for issuance, but not yet subject to grants, pursuant to a stock option plan of the Company's majority-owned subsidiary, Space Media, Inc., and 362,374 shares of Common Stock authorized for issuance pursuant to the Company's 1997 Employee Stock Purchase Plan. Consequently, the Company has approximately 6,054,974 unissued and unreserved shares of Common Stock available for general corporate purposes.

Edgar Filing: SPACEHAB INC \WA\ - Form DEFA14A

Up to 42,166,667 shares of Common Stock are issuable upon conversion of the Exchange Notes at a conversion price of \$1.50. Currently, the Company has approximately six million shares of Common Stock that are unreserved and available for issuance. As a condition to completion of the proposed exchange offer, the Company must amend its Articles to increase the number of authorized shares of Common Stock by an amount sufficient to permit the conversion of all of the Exchange Notes into shares of Common Stock. As a result, the Company is seeking shareholder approval of the amendment to its Articles to allow it to complete its proposed restructuring.

The Company will not receive any cash proceeds from the issuance of the Exchange Notes in the exchange offer or upon issuance of Common Stock upon conversion of the Exchange Notes. However, upon conversion, the Company's obligation to repay the principal amount due on the Outstanding Notes will be decreased and, if all of the Outstanding Notes are converted, completely extinguished. Furthermore, the Company expects the completion of the exchange offer to provide the Company with additional financial capacity to fund its research and development efforts. If the amendment to the Company's Articles is not approved, the Company will not be

able to complete the exchange offer and will be required to take actions that it believes will reduce the Company's future prospects in order to try to repay the principal amount on the Outstanding Notes when they mature in 2007. These actions could include redirecting cash flows that would otherwise be used to develop the Company's business and divesting core assets and, if such divestitures are not successful, seeking to restructure its debt. If the Company is required to take any of these steps, the book and market value of the Common Stock is expected to be significantly reduced or eliminated altogether.

Certain Effects of the Amendment

If Proposal I is approved and the exchange offer is consummated, the Amendment will increase the number of shares of Common Stock that holders of the Exchange Notes will be entitled to upon conversion. Assuming all of the Outstanding Notes are exchanged for Exchange Notes, up to 42,166,667 shares of Common Stock are issuable upon conversion of the Exchange Notes at the conversion price of \$1.50. If all of the shares of Common Stock issuable upon conversion of the Exchange Notes were issued as of the Record Date, holders of the Exchange Notes would own 76.9% of the then outstanding shares of Common Stock. Although the conversion of a material portion of the Exchange Notes into Common Stock would significantly dilute the holdings of the existing shareholders, such a conversion would also materially reduce the Company's outstanding debt and improve its liquidity and financial condition.

In addition, as of the Record Date, SMH Capital Advisors, Inc. (*SMH Capital Advisors*), a registered investment adviser who has been granted discretionary authority to make investment decisions with respect to, and under certain circumstances vote, Outstanding Notes under its management, had \$40,366,000 in aggregate principal amount of Outstanding Notes under its management. If SMH Capital Advisors exchanges all of the Outstanding Notes under its management as of the Record Date for Exchange Notes and only SMH Capital Advisors converts its Exchange Notes into shares of Common Stock at a conversion price of \$1.50 per share, SMH Capital Advisors would acquire 26,910,667 shares of Common Stock, representing 68.0% of the then outstanding shares of Common Stock calculated as of the Record Date.

Under the Amendment, the Exchange Notes would be automatically converted into shares of Common Stock if the market price of the Common Stock exceeds \$1.95 per share for 20 consecutive trading days. This mandatory conversion feature of the Exchange Notes could limit the ability of the Common Stock to achieve a market price in excess of the mandatory conversion price due to the fact that a mandatory conversion would cause substantial dilution of existing shareholders.

The Amendment also has other effects as further described in the prospectus and prospectus supplement for the exchange offer, copies of which have been provided to you.

Proposal II

As a result of the increase in the number of shares of Common Stock which may be issued if all of the 5.5% senior convertible notes are converted, Proposal II to the proxy is being amended in its entirety and a new proxy card is being distributed that reflects this change. The following is the amended Proposal II:

AUTHORIZATION TO ISSUE

**5.5% SENIOR CONVERTIBLE NOTES DUE 2010 AND, FROM TIME TO TIME,
UP TO 42,166,667 SHARES OF COMMON STOCK OF THE COMPANY**

UPON CONVERSION OF THE COMPANY S

5.5% SENIOR CONVERTIBLE NOTES DUE 2010

Issuances Requiring Shareholder Approval due to Potential Change of Control

If the amendment to the Company s Amended and Restated Articles of Incorporation is approved by at least a majority of the holders of Common Stock and Convertible Preferred Stock having voting power, voting as two separate classes, and the exchange offer is consummated, shares of Common Stock representing up to 76.9% of the Company s outstanding Common Stock as of the Record Date will be issuable upon conversion of the

Exchange Notes. Pursuant to Rule 4350(i)(1)(B) of The NASDAQ National Market, potential issuances of Common Stock in connection with a transaction that will result in a change of control of the Company require shareholder approval.

As of the Record Date, SMH Capital Advisors managed accounts that held \$40,366,000 in aggregate principal amount of the Company's Outstanding Notes. SMH Capital Advisors is deemed to beneficially own these Outstanding Notes under applicable Securities Exchange Act of 1934 rules because of its ability to exercise discretionary authority to make investment decisions with respect to, and, under certain circumstances, to vote, the Outstanding Notes held in accounts that it manages. If SMH Capital Advisors tendered all of its Outstanding Notes in the exchange offer, it could acquire up to 26,910,667 shares of Common Stock upon conversion of the Exchange Notes it would receive in the exchange offer at a conversion price of \$1.50 per share for the Exchange Notes. If it were to occur, such an issuance of shares of Common Stock to SMH Capital Advisors would result in a change of control of the Company. Accordingly, pursuant to the rules of The NASDAQ National Market, the shareholders of the Company are required to approve the issuance of the Exchange Notes and the potential issuance of up to 42,166,667 shares of Common Stock issuable upon conversion of the Exchange Notes.

If all of the Outstanding Notes were exchanged for Exchange Notes and converted as of the Record Date at a conversion price of \$1.50 per share, accounts managed by SMH Capital Advisors would only acquire 49.1% of the Common Stock. Whether or not an election by SMH Capital Advisors to convert Exchange Notes received in the exchange offer would actually result in a change of control of the Company is dependent on the facts and circumstances at the time SMH Capital Advisors elects to convert any Exchange Notes under its management. Even if a change of control does not occur, if accounts managed by SMH Capital Advisors convert a material portion of the Exchange Notes held in such accounts into Common Stock, SMH Capital Advisors would have the ability, subject to certain limitations on their ability to vote such Common Stock, to affect significantly the outcome of all matters required to be submitted to our shareholders. Matters over which SMH Capital Advisors could exercise significant voting control following a conversion of a material portion of Exchange Notes include the election of directors, acquisitions of the Company and other significant corporate transactions.

Reasons for Approving the Issuance of 5.5% Senior Convertible Notes and the Issuance of Shares of Common Stock Issuable upon Conversion of 5.5% Senior Convertible Notes

The exchange offer cannot be completed unless both the amendment to the Company's Amended and Restated Articles of Incorporation under Proposal I and the issuance of the Exchange Notes and shares of Common Stock issuable upon conversion of the Exchange Notes under Proposal II are approved by the shareholders. If the issuance of the Exchange Notes and the Common Stock issuable upon conversion of the Exchange Notes, which may result in a change of control of the Company, is not approved, the Company will not be able to exchange the Outstanding Notes for Exchange Notes. If the Outstanding Notes are not exchanged, the Company believes that the actions that will need to be taken to repay the Outstanding Notes in 2007 will adversely affect the Company's future prospects and will significantly reduce or eliminate altogether the book and market value of the Company's Common Stock. See Proposal I and Proposal II of the proxy statement previously distributed to you and the discussion under Proposal I above for an additional discussion of reasons for approving, and the effect of, the issuance of Exchange Notes and shares of Common Stock issuable upon conversion of the Exchange Notes.

The Exchange Notes

Conversion. The exchange notes are convertible into our common stock at a conversion price of \$1.50 per share. Amended Terms of the Exchange Notes

The discussion set forth in the original prospectus regarding the terms of the exchange notes is hereby modified, amended and supplemented as follows:

Conversion Rights

Optional Conversion

Subject to the satisfaction of the conditions described under Description of the Exchange Notes Conversion Rights Conversion Procedures of the prospectus and subject to the conditions described under Description of the Exchange Notes Conversion Rights General of the prospectus, holders will be able to convert their exchange notes into our common stock at their option at a conversion price of \$1.50 per share, which is equivalent to a conversion rate of approximately 667 shares for each \$1,000 principal amount of exchange notes converted.

Certain Covenants

Limitation on Disposition of Astrotech Assets

If we or any of our Subsidiaries engage in an Astrotech Sale, then we shall apply all of the Net Cash Proceeds therefrom within 90 days of such Astrotech Sale as follows:

(A) first, to repay or repurchase Senior Secured Indebtedness secured by the Property that was disposed in such Astrotech Sale, provided that the related loan commitment is thereby permanently reduced by such amount of Senior Secured Indebtedness repaid or repurchased,

(B) second, to repay or repurchase the Indebtedness under the Credit Agreement, provided that the related loan commitment is thereby permanently reduced by such amount of Indebtedness under the Credit Agreement repaid or repurchased by this covenant, and

(C) third, to redeem outstanding exchange notes in cash at the redemption price then in effect.

We and our Subsidiaries shall not engage in any Astrotech Sale unless (a) 100% of the consideration received in connection with such disposition consists of cash or Cash Equivalents and the assumption of Senior Secured Indebtedness of an Astrotech Subsidiary (provided that the amount of any Senior Secured Indebtedness of such Astrotech Subsidiary that is expressly assumed by a transferee in an Astrotech Sale is unconditionally released by the holder of such Senior Secured Indebtedness and shall be deemed to constitute repayment for the purposes of the preceding paragraph and shall also be deemed a permanent reduction in the amount of such Senior Secured Indebtedness).

Notwithstanding the foregoing, all Net Cash Proceeds from an Event of Loss (other than the proceeds of any business interruption insurance) shall be used within 365 days of receipt of such Net Cash Proceeds as follows:

(1) first, to repay or repurchase Senior Secured Indebtedness secured by the Property that was disposed in such Event of Loss, provided that the related loan commitment is thereby permanently reduced by such amount of Senior Secured Indebtedness repaid or repurchased by this covenant, and

Edgar Filing: SPACEHAB INC \WA\ - Form DEFA14A

(2) second, to make: (i) capital expenditures or (ii) investments in assets and property (other than notes, bonds, obligations and securities) which in the good faith reasonable judgment of our Board of Directors will immediately constitute or be a part of or useful in a Related Business immediately following such transaction, and

The foregoing covenant shall not apply to any Lien securing Acquired Indebtedness, provided that any such Liens extend only to the Properties that were subject to such Lien prior to the related acquisition by us or our Subsidiaries and was not created, incurred or assumed in contemplation of such transaction.

This covenant will terminate when \$1,000,000 aggregate principal amount or less of our 8% convertible subordinated notes due 2007 is outstanding.

This covenant may be amended and waived with the consent of a majority in principal amount of the outstanding exchange notes.

RISK FACTORS

The following risk factor, appearing on page 25 of the prospectus under Risks Related to the Exchange Notes , is hereby amended in its entirety to read as follows:

A single beneficial owner will own more than a majority of the exchange notes. The exchange notes controlled by this owner will be convertible into greater than approximately 49.1% of our common stock.

SMH Capital Advisors, Inc., is a registered investment advisor who currently has been given discretionary authority to sell, tender or exchange an aggregate principal amount of \$40,366,000 of the outstanding notes by the beneficial owners of those outstanding notes. While SMH Capital Advisors' ability to control the outstanding notes under its management is subject to certain limitations, including any specific directions of any beneficial owner relating to those outstanding notes or the transfer of such outstanding notes out of the account managed by SMH Capital Advisors, SMH Capital Advisors has previously expressed its intent to tender all outstanding notes under the prior terms of the exchange offer under its management at the time of the closing of the exchange offer. If all outstanding notes are tendered and validly accepted, then SMH Capital Advisors will control, on behalf of its clients, approximately 63.8% of the then outstanding exchange notes and, as such, would be able to control the outcome of matters submitted to the holders of exchange notes for approval that do not require the approval of all holders, including certain amendments to the terms of the notes or waivers of certain defaults.

Furthermore, if all of the exchange notes were converted into our common stock and all shares of our preferred stock were converted into our common stock at a conversion price of \$1.50 per share, including those under management by SMH Capital Advisors, then SMH Capital Advisors would have the ability, on behalf of its clients and subject to certain limitations, to vote approximately 49.1% of our shares of common stock and, as such, would have the ability, to a significant extent, to affect the outcome of all matters required to be submitted to our shareholders for approval, including decisions relating to the election of directors and our ability to be acquired and other significant corporate transactions.

The following risk factor should be added under the heading Risks Related to the Exchange Notes :

The indenture governing the exchange notes will contain a covenant restricting our ability to sell or place liens upon our Astrotech subsidiaries or their assets, which may adversely affect sources of capital available to us and our ability to meet our obligations.

The indenture governing the exchange notes will contain a covenant that requires us to apply the proceeds from the disposition of Astrotech Space Operations, Inc. and Astrotech Florida Holdings, Inc. or their respective assets prior to the repayment of the outstanding notes towards repayment of our senior secured indebtedness, our revolving credit facility and the exchange notes. In addition, we will be restricted in our ability to use these subsidiaries and any of their assets as collateral to secure any new indebtedness. We believe that the assets of these subsidiaries, particularly their real property assets, comprise a substantial part of the value of the assets that we own. If the exchange offer is completed and only the minimum aggregate principal amount of outstanding notes are tendered, then approximately \$12,650,000 of the outstanding notes will remain outstanding and will be due and payable in October 2007. We cannot give any assurance that our cash flows will be adequate to repay those notes when they become due. A default on our repayment of any remaining outstanding notes would cause an event of default under the exchange notes. Because the restrictions in the new indenture will limit our ability to use our Astrotech subsidiaries and their assets as a source of liquidity, these restrictions could adversely affect our ability to meet our obligations, including our obligations with respect to any outstanding notes that are not tendered in the exchange offer.

COMPANY INFORMATION

We filed our Annual Report on Form 10-K for the fiscal year ended June 30, 2005 on September 22, 2005, and an amendment to our Annual Report on October 5, 2005, and current reports on Form 8-K on September 30, 2005, October 5, 2005 and October 11, 2005.
